Completion of all the requirements in the Intersegmental General Education Transfer Curriculum (IGETC) will permit a student to transfer from Cypress College to a campus in either the California State University or the University of California system without the need, after transfer, to take additional lower division general education courses to satisfy campus general education requirements. However, students approaching readiness for transfer who are unable to complete one or two IGETC courses that are required for admission to the university may request to complete IGETC after transferring. See a counselor for more information.

Transfer students may also fulfill general education requirements that are specific to the school or campus to which they intend to transfer. Completion of two IGETC courses that are not required for admission to the university may request to complete IGETC after transferring. See a counselor for more information.

Students must apply for IGETC certification in Admissions and Records. All courses must be completed with grades of “C” or better. Courses must be at least 3 semester or 4 quarter units in order to meet IGETC requirements. Courses must be on the college's approved IGETC list at the time the course was completed.
