## PRESIDENT'S MESSAGE

**Dr. Michael J. Kasler**  
*President, Cypress College*

The Commencement ceremony affirms students' search for knowledge and marks an important educational milestone. It is based in tradition and ritual established several centuries ago to provide an occasion for students, faculty, staff, family members and guests to recognize the achievement of an academic goal. At Cypress College, this goal is earning an Associate Degree.

By individual path, each graduate has reached this goal and is now and into the future, one of ours – a Cypress College graduate. My very best wishes to you for a bright and fulfilling future as you continue your education, pursue a career, or take your place in the community. I also encourage you to keep in touch with your instructors and come back to the campus for a visit now and then. Congratulations! We are very proud to claim you as graduates.

## CYPRESS COLLEGE OUTSTANDING GRADUATE FOR 2009

**Chelsea Oldfield**

Chelsea Oldfield, a 4.0 student and a member of both the women's basketball and volleyball teams, has been selected as Cypress College's Outstanding Graduate for 2009. Oldfield, a resident of Bellflower, is a Liberal Arts major who will continue her education in the fall at Azusa Pacific University, where she will study nursing.

A history of success, is not new to Chelsea: she is a graduate of Calvary Chapel Downey High School, where she also earned a 4.0 GPA and was salutatorian for the graduating class of 2007.

"Our new motto this year for the Lady Chargers women's basketball team is 'Our Best, Nothing Less,'" Chelsea wrote in an essay that was submitted as part of the nomination process for Graduate of the Year. "It has always been my aspiration to give my all in whatever I do whether it is on the court, in the classroom, or at home."

At Calvary Chapel, Chelsea said she was encouraged to apply to universities such as USC and those in the Cal State and University of California systems.

"I knew those places weren't for me; not yet at least," she said. "I didn't feel that I was ready to make that big of a transition. That is, until I came to Cypress College. I chose to come to Cypress because I knew that it would help me make a smooth transition between high school and a four-year university."

The college's strong reputation for its top-notch Nursing Program and meeting with basketball coach Margaret Mohr were factors in selecting Cypress College, Chelsea said.

Chelsea said she developed the desire to become a nurse while in junior high, when she helped provide care after her grandmother had a stroke, suffered renal failure and had Parkinson's disease, then was diagnosed with Alzheimer's.

At Azusa Pacific, Chelsea plans to participate in the Army ROTC Program with the desire to serve as a Second Lieutenant in the Army Nursing Corps upon graduation.

Mohr, who helped bring Chelsea to Cypress College, had praise for her guard. "As an athlete, Chelsea is a coach's dream" Mohr wrote in a letter of recommendation. "She is hardworking, committed, and possesses infectious enthusiasm. She lifted the competitive fire of her teammates everyday and set the standard in drills, conditioning and game situations. Although it is easy to see that Chelsea is accomplished and there are many things to admire about her, what I admire most is the type of person she is. She is a person of values and convictions."

"Cypress College opened the doors for me to meet some of the greatest professors, administrators and coaches that I would have never had the privilege to meet elsewhere," Chelsea said. "There is no other place I could have received such a high-quality education and participate in two sports."

In 2007, Danielle was chosen as an American Marshall Memorial Fellow, a trans-Atlantic policy fellowship granted by the German Marshall Fund. As one of three Californians chosen nationally, she spent four weeks in Europe traveling to six different countries meeting with various government officials and politicians exchanging ideas around various policy issues including education, social services, immigration and other social justice issues working to forge stronger bonds between the US and Europe.

Danielle has a great passion for civic engagement and socially equality. ## CYPRESS COLLEGE COMMENCEMENT SPEAKER FOR 2009

**Jack Scott**

Jack Scott's career in California includes leadership at a university, three community colleges and a 12-year term in the state legislature. On top of that, he is now the chancellor of California's Community Colleges, the largest system of higher education in the world.

Dr. Scott, the longest-serving campus president in Cypress College history, began his higher-education career as a faculty member at Pepperdine University. After 10 years as a teacher and administrator at Pepperdine, he became the Dean of Instruction at Orange Coast College in 1973. Five years later, in 1978, he became president of Cypress College. "I was fortunate to find my way to Cypress College," he said. "I greatly enjoyed my nine years interacting with the students, administrators and faculty."

In 1987, Dr. Scott assumed the presidency of Pasadena City College. After retiring from PCC in November 1995, he ran for the California State Assembly and was elected in 1996 and re-elected in 1998. Some of his measures included landmark legislation requiring all handguns sold in California to have trigger locks, ensuring that HMOs make prompt payments to doctors and hospitals, imposing tough new gift and loan restrictions on elected officials, ending credit insurance rip-offs, streamlining the adoption process, and making interest on student loans tax deductible. After his two successful terms in the Assembly, he was elected to the California State Senate in 2000, and re-elected in 2004. While in the Senate, Dr. Scott was the chair of the Education Committee. During his legislative tenure, he authored 158 bills that have become law, many dealing with education. He had the most bills signed into law by any legislator during this period. Among those he authored is the bill that gave new nursing slots to community colleges.

Because of his legislative leadership, Dr. Scott has been named Legislator of the Year by 15 different organizations. He was named Alumnus of the Year by Claremont Graduate University in 2000 and Abilene Christian University in 2003. In addition, Dr. Scott is a Distinguished Professor of Higher Education at Pepperdine University, is the first to be honored as President Emeritus of Pasadena City College and the first to receive the California Community College Lifetime Achievement Award.

Dr. Scott was born in Sweetwater, Texas, and graduated from high school there. He then received his bachelor's degree from Abilene Christian University, his Master of Divinity from Yale University, and his Ph.D. in American History from Claremont Graduate University. He and his wife, Lacreata, have five children: Sharon Mitchell, Sheila Head, Amy Schones, and Greg Scott, who attended Cypress College; their fifth child, Adam, died in 1993 at 27. The Scott family also includes 10 grandchildren.

## THE MEANING OF ACADEMIC DRESS

Academic dress, which includes a gown, a hood, and a mortarboard cap, originated in the oldest universities and colleges. In fourteenth century England the statutes of most colleges and universities forbade “excess in apparel” and prescribed the wearing of a long gown which provided warmth in the unheated buildings frequented by medieval scholars. The tailoring of gowns was strictly governed. In the early days of Oxford, any tailor who departed from the authorized design of the gown, “even by a nail’s breadth,” was to be punished by the vice chancellor of the university or college. The four basic kinds of degrees awarded by the colleges and universities are the associate, the bachelor of arts, the master of arts, and the doctorate. The holders of those degrees are distinguished by their gowns and the hoods. The associate degree, awarded by community colleges, signifies completion of two years of specific work.

### The Gowns

Most academic gowns are black. The cut of the robe and sleeves, as well as the trimming, indicates various academic degrees. No trimmings are permitted on the gowns for the associate, bachelor of arts, or master of arts degrees. However, the gown worn by those who have earned their doctorate has a front facing of velvet and three bars of the same velvet across the sleeves.

### Mortarboard Caps

There is no general rule for the position of the tassel on a mortarboard. However, numerous institutions have required candidates to wear their tassels on the right side during commencement exercises and to shift them to the left side at the moment the degrees are conferred. This custom replaces individual hooding which was practiced many years ago and still remains in effect at some universities.

### The Hoods

Hoods fasten around the neck, drape over the shoulder, and fall down the back. Historically, hoods had several uses. They were used as a head covering; a cape; a receptacle for carrying books and other personal items; and as a bag to collect alms, since most medieval scholars were quite poor. Hoods are worn by those who have earned the master’s degree or doctorate. The colors on the hood represent the field of study and indicate from which college or university the individual received the degree.
