Cypress College is accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges, (3402 Mendocino Avenue, Santa Rosa, CA 95403 (707) 569-9177), an institutional accrediting body recognized by the Commission on Recognition of Postsecondary Accreditation and the U.S. Department of Education.

Cover design by the Cypress College Public Information Office
At Cypress College, student learning is our highest priority. We are proud of our reputation for academic excellence in both our general education/transfer courses and our vocational programs. Our award-winning faculty offer small classes, a variety of teaching approaches, and personalized attention—all designed to ensure student success.

In addition to our fine academic and vocational programs, we offer many support services to help students succeed: study skills classes, tutoring, learning centers, counseling, financial aid, and health services, to name a few. Students can also participate in student government activities, special interest clubs, athletic teams, and fine arts productions.

Cypress College is a culturally diverse institution that welcomes and celebrates the rich heritage and varied perspectives of all our students, faculty, and staff.

Thanks to the voters of the North Orange County Community College District, who passed a local bond measure in March 2002, Cypress College has embarked on an ambitious rebuilding and renovation plan. A new student center will be built and all classrooms and labs will be renovated. State bond monies will cover the cost of a new Library, scheduled for completion in 2006. These facility improvements will make Cypress College even more attractive and responsive to student needs.

We invite you to become a part of this exciting learning community, located on one of the most beautiful campuses in Southern California.

Marjorie D. Lewis, Ph.D.
President

Welcome to Cypress College!
# Academic Calendar 2005-2006

## 2005 Fall Semester - August 22 - December 21, 2005
- **August 22**: First Day of Instruction
- **September 5**: Legal Holiday - Labor Day
- **November 11**: Legal Holiday - Veterans' Day
- **November 24, 25, 26, 27**: Legal Holiday - Thanksgiving Recess
- **December 13-21**: Final Examinations
- **December 21**: End of Fall Semester
- **December 22, 2005 - January 16, 2006**: Academic Recess between Semesters

## 2006 Spring Semester - January 17 - May 26, 2006
- **January 3, 2006 - January 13, 2006**: Winter Intersession
- **January 17**: First Day of Instruction
- **February 17**: Legal Holiday - Lincoln's Birthday (No classes Saturday 18th or Sunday 19th)
- **February 20**: Legal Holiday - Presidents' Day
- **April 10 - 14**: Spring Recess (No classes Saturday 15th or Sunday 16th)
- **May 18 - 26**: Final Examinations
- **May 26 or 27**: Commencement
- **May 26**: End of Spring Semester
- **May 29**: Legal Holiday – Memorial Day

## 2006 Summer Intersession - to be announced

VISION STATEMENT
A premier learning environment for student success and community enrichment.

MISSION STATEMENT
Cypress College enriches students' lives by providing high-quality education for transfer to four-year institutions, associate degrees, vocational training, and certificate coursework, as well as basic skills and opportunities for lifelong learning. The college is committed to promoting student learning and success, embracing diversity, contributing to the economic and social development of the surrounding community and being open to all qualified students pursuing their educational goals.

CORE VALUES
Cypress College is committed to:

- **Excellence** — quality and high standards in instruction and student services, supported by professional growth for faculty and staff
- **Integrity** — an ethical standard that emphasizes honesty, fairness, accountability, and trust
- **Collegiality** — an environment that emphasizes teamwork, collaboration, communication, courtesy and respect both on campus and with the surrounding community
- **Inclusiveness** — a community that embraces diverse individuals; provides an accessible, supportive climate; and encourages a variety of perspectives and opinions

STRATEGIC PLAN DIRECTIONS
Cypress College staff and students recognize the importance and interdependence of diversity, innovation, technology, and staff development. These threads are reflected in all of the following:

- **Direction 1 — Instruction**
  Designing, enhancing, and delivering comprehensive instruction to promote academic excellence and student learning.

- **Direction 2 — Student Support Services**
  Developing and providing comprehensive student support services to foster a positive and effective learning environment.

- **Direction 3 — Campus Support Services**
  Ensuring that campus support services are effective and efficient.

- **Direction 4 — Campus Climate**
  Promoting a campus climate that embraces diversity and supports excellence, integrity, collegiality, and inclusiveness.

- **Direction 5 — Community Relations**
  Establishing and strengthening collaborative relationships with other educational institutions and with the communities we serve.

INSTITUTIONAL LEARNING OUTCOMES (ILOs)
Students leaving Cypress College with a vocational certificate and/or an Associate Degree in Liberal Arts, Occupational Studies, or General Studies, or students transferring with general education certification will demonstrate common learning outcomes. Institutional Learning Outcomes (ILOs) refer to the scope of requirements either for a vocational certificate or for any AA/AS degree or general education certification rather than individual courses or programs.

A distinction between ILOs and student learning outcomes (SLOs) is important. The college will assess service to students who complete an overall college degree or certificate by examining general student achievement through ILOs. The college will also assess service to students in specific courses by examining general student achievement in course-level SLOs.

A student who receives a certificate from Cypress College...
- will have acquired a specified set of skills required for particular employment opportunities
- will have achieved the necessary competencies to enter a particular employment field
- will be aware of additional educational and career opportunities within that field

A student who graduates from Cypress College with an AA or AS degree in any field or transfers with a general education certification...
- will possess a breadth of knowledge and experiences from the areas of the humanities and arts; the natural sciences and mathematics; the social sciences; and physical education
- will possess skills for life-long learning in oral and written communication; human adaptability and health; critical thinking, including deductive/inductive reasoning, problem-solving, and quantitative/qualitative reasoning; and information competency
- will possess an understanding of civic society and culture in the areas of citizen rights and responsibilities; the role of diversity in modern society; and the nature of ethical decision-making

Acknowledgments
The College Catalog is a publication of the Cypress College Office of Instruction.

Cypress College has made every reasonable effort to determine that everything stated in this Catalog is accurate. This publication is prepared in advance of the time period it covers; therefore, changes in courses and programs offered, together with other matters contained herein, are subject to change without notice by the administration of Cypress College.
EXCELLENCE IN EDUCATION

Cypress College emphasizes education for the individual student. Excellence of instruction and individualized learning laboratories enhance the possibility for students to achieve their highest potential. In addition, a staff of tutors and full-time counselors provides instructional support and extensive guidance information to aid students in their choice of programs and classes. For the student who plans to complete a Baccalaureate degree, the college provides a smooth transition from high school to colleges and universities.

Numerous occupational programs are available for the student who desires preparation for immediate employment. Each occupational program is planned with the aid of a local advisory committee to insure relevance to changing career opportunities in each area of employment.

The College is composed of twelve major instructional buildings located on a 110-acre site. The campus buildings contain conventional classrooms as well as laboratory facilities for science, art, computer technology, photography, automotive services, dental clinic, mortuary science, physical education and other specialized programs. The Educational Services and Roosevelt Center provide opportunities for students with disabilities to be fully integrated into various college programs.

In addition to these instructional facilities, the campus is provided support services by a bookstore, and food service centers. There are nine parking lots with an aggregate of 4,000 parking spaces designed to service students and staff, with an appropriate number of spaces reserved for the disabled.

Cypress College serves the educational needs of its entire community by providing a variety of occupational programs, transfer programs, and special interest classes. The College offers something for everyone, regardless of the student’s individual background or educational goals. Since opening in 1966, Cypress’ population has grown from an original enrollment of 1,200 to a student population of over 13,000.

Admissions

POLICIES AND PROCEDURES

The following people are eligible to enroll in Cypress College:

- Any high school graduate OR
- Any person possessing a G.E.D. certificate OR
- Any person possessing a California High School Proficiency Certificate OR
- Any person 18 years of age or older who can profit from instruction OR
- Any person under 18 years of age who can profit from instruction and has a recommendation from his or her parent and high school principal (See Special Admit Program) OR
- Any person under 18 years of age not enrolled in school who can profit from instruction and has a recommendation from his/her parent and/or guardian. (See Special Admit Program)

NEW AND RETURNING (FORMER) STUDENTS

WHO must apply?

Everyone who did not complete the enrollment process at Cypress or Fullerton College for the previous semester or session.

HOW to apply?

Applications may be obtained from the Admissions and Records Office, by mail or by accessing the College website: www.CypressCollege.edu and applying on CCC Apply Online. The completed application must be returned to the Admissions and Records Office.

WHEN to apply?

Applications are accepted for the Summer and Fall semesters beginning March 1, and for the Spring semester beginning October 1.

AFTER you apply...

Assessment may be required for new students who plan to enroll in English and/or mathematics courses or those English/mathematics courses which have prerequisites. If you have taken prior college work at another institution and submit your official transcript, it will be accepted for evaluation by a counselor. Obtain a class schedule and review the information regarding your classes and other requirements of the College.

HIGH SCHOOL GRADUATES

Graduates of a high school or equivalent are eligible for admission and may undertake any program of study for which they are prepared.

RESIDENCE REQUIREMENTS

This statement is a general summary of the principle rules on residency and their exceptions. It should not be construed as the actual expression of the laws used by admissions officers for residency determination. Reference should be made to Chapter 7 (commencing with Section 22800) of Division 16.5 of the Education Code, and Regulations of the Board of Governors of the California Community Colleges in Chapter 1 (commencing with Section 5400) of Division 5 of Part IV of Title 5 of the California Administrative Code.

Resident - Any student who has legal residence in California for one year or more immediately preceding the residence determination date and who provides evidence of the intent to make California his/her home for other than a temporary purpose shall be classified as a resident.

Non-resident - Any student who has not had legal residence in California for one year or more immediately preceding the residence determination date, or who has had legal residence in California for one year or more immediately preceding the residence determination date but cannot provide evidence of the intent to make California his/her home for other than a temporary purpose shall be classified as a non-resident.

Residence Determination Date - The residence determination date is the day immediately preceding the first day of instruction of the fall, spring or summer term as set by the Board of Trustees, during which the student proposes to attend Cypress College.

Admissions / 5
Each person enrolled in or applying for admission to a California Community College is, for purposes of admission and/or tuition, classified as a "resident" or a "non-resident." If a student is classified as a resident, admission to the college will be accomplished without non-resident tuition. Students classified as non-residents will be required to pay tuition in an amount set by the governing board of the district of enrollment.

Generally, residency requires actual physical presence in California, coupled with an intent to become a resident. One's state of mind is subjective; hence, it is necessary to look at objective indications of the student's intent. Some examples of evidence that aid the college admissions officer in identifying that intent, but which are not individually decisive, are possession of a document of California origin such as a driver’s license, a receipt for registration to vote, a current lease, rental agreement, or rent receipt showing the student's name and address and place of residence; a library card, state or federal income tax information, property ownership, or an active bank account. Any two or a combination of such examples gives some indication to the admissions officer of the student’s intent. Possession of the necessary intent, coupled with the durational requirement of one year, will satisfy the residency requirements, and the student may be classified as a resident student.

Unmarried minors (those under 18 years of age) are by law incapable of establishing their own residence notwithstanding their physical presence within California. An admissions officer will use the following guidelines for the determination of a minor applicant's residence:

If both of the minor’s parents are living, the residence of the minor will be the residence of the parent with whom the minor is living or with whom the minor was last living. In cases where one parent is deceased, the minor’s residence will be that of the living parent. In cases of adoption or guardianship where neither natural parent is living, the residence of the adopting parent or the guardian is the residence of the minor.

A minor whose parents are not living and who does not have a legal guardian may establish an independent residence. However, a student who is a minor and has a parent living may not, by independent action, establish residence, nor will the appointment of guardian or the relinquishment of the parent's right of control give that minor the ability to establish an independent residence.

Exceptions
If the student would otherwise be classified as a non-resident, but fits within one of the following exceptions, an exception classification may be granted until such classification is obtained.

The exceptions are:
• Minors who remain in California after their parents, who had previously resided within California, moved from the state prior to the resident determination date, and the minors continue full-time attendance at a tax-supported college in California, will retain resident classification.

• A student who is a minor and who has been self-supporting and in California for one year preceding the day before the term, will be granted resident classification if said self-support can be proven.

• A student who has not been an adult for more than one year prior to the resident determination date may add parental pre-18-years-of-age residence, if any, to the post-18-year residence to obtain durational requirement.

• A child or a spouse of a member of the armed forces stationed in California may be granted resident classification. A student who is a member of the armed forces not assigned to California for purposes of education will be entitled to resident classification until the one year necessary to establish residency has been spent in California.

• Adult aliens lawfully admitted for permanent residence and residents of California for one year after being granted permanent residency will be given resident classification. Minor aliens may use their parent’s durational presence to satisfy the one year requirement.

• A student holding a valid credential authorizing service in a public school and employed in a certificated position by a community college district will be given resident classification.

• A student who is an apprentice within the meaning of Section 3077 of the Labor Code is entitled to resident classification.

• Per the provisions of AB540, any student, other than a non-immigrant alien, who has attended a California high school for three or more years and graduated from a California high school may be exempt from non-resident tuition. Any alien student without lawful immigration status must file an affidavit stating that he/she has or will file to legalize his/her status. Students who qualify for this exemption are not eligible for state financial aid.

OUT-OF-STATE STUDENTS
Out-of-state applicants may be admitted to the college on the same basis as California residents except that they will be required to pay non-resident tuition prescribed by the Board of Trustees to partially cover the costs of instruction.

OPEN ENROLLMENT
It is the policy of this District that every course, course section or class, wherever offered and conducted throughout the District, shall be fully open to enrollment and participation by any person who is eligible for admission to the college(s) and who meets such prerequisites as may be established pursuant to Chapter II, Division 2, Part IV, Title 5 of the California Administrative Code, commencing with Section 51900.
Registration Procedures

Registration is the process of becoming officially enrolled in college. At Cypress College, registration consists of the following steps:

1. **Filing an application** - File a completed application in the Admissions and Records Office or by accessing the college website, www.CypressCollege.edu and applying on CCCApply. Registration appointments are distributed on a first-come, first-serve basis according to when an application is filed. All new and/or returning students must file an application for admission before they may register or add classes.

2. **Assessment** - Bring Basic Skills placement results from other college, or new students take the placement test listed in the Class Schedule.

3. **Attending Counseling/Orientation** - Attend the group counseling/orientation session for which an appointment is given after assessment. At this session students will receive help in preparing a class program for the semester, and prerequisite approval.

4. **Registration** - Permits to Register (PTR) which indicate the earliest date and time a student may register are mailed to new and returning students approximately three weeks before the first day of registration.

**Continuing Students**

Continuing Students are those students who were registered in a class at Cypress or Fullerton College the previous semester long enough to receive a grade (A, B, C, D, F, I, IP, NC, CR or W) on their permanent record. Continuing Students are given priority registration based on the number of units completed at Cypress and Fullerton Colleges. The appointment date and time depends on the number of units/hours earned at Cypress and Fullerton Colleges.

**New Students**

New Students are those who have never attended Cypress or Fullerton College. Registration priority is given in the order the Applications for Admission are received.

**Returning Students**

Returning Students are those students who previously attended Cypress or Fullerton College but did not register into a class during the previous semester. Registration priority is given in the order the Applications for Admission are received.

Registration for all students is completed through WebStar. Specific registration information is available in the current Class Schedule.

**Open Registration**

Open registration is for those students who did not enroll or obtain their classes prior to the first day of the semester. During open registration, student may add classes only when they have obtained a four-digit Add Authorization Code from the instructor. Students must add classes through WebStar using the four-digit add code. For full semester classes open registration must be completed by the end of the second week of the semester. For short term classes students should refer to the specific class listing in the Class Schedule.

Throughout the registration process certain deadlines must be established. These deadlines are necessary in order to comply with state attendance laws and must be followed by all faculty and students. Failure to comply with these deadlines may mean that the student will not be registered and will not be allowed to attend or receive credit for the class.

It is a student's responsibility to meet class prerequisites, corequisites and advisories as listed in the Catalog and the Class Schedule. Verification of prerequisite/corequisite completion will be checked at the first class meeting.

Admission to Cypress College is governed by the laws of the State and such supplementary regulations as have been prescribed by the Board of Trustees.

**Fees**

**ASSOCIATED STUDENTS BENEFITS PROGRAM**

– More than just a sticker, an opportunity! –

The Cypress College A.S., in addition to acting as a voice for the student body, has put forth an exciting and valuable benefits program. For a modest fee of $7.00 per semester, a sticker may be bought that entitles the holder to privileges and services both on campus and throughout the community. Beneficiaries enjoy discounts at local food and retail businesses as well as exclusive access to the Student Activities computer lab and game center. Additionally, portions of the proceeds obtained from the purchase of these stickers are used to enrich the college’s academic, athletic and artistic community by helping to fund extracurricular programs and events. The sticker may be purchased on-line via WebStar during registration or at the Admissions and Records office throughout the semester. For further information on the Associated Benefits Sticker, visit the Student Activities Building, or call (714) 484-7198.

**CAMPUS ID CARD**

– Enrich your college experience! –

The Campus I.D. card is an invaluable tool which not only identifies Cypress College students, but also grants them access to a wide array of services and programs. A smart addition to any wallet, the card is required at the library, bookstore and gym as well as the various computer/learning labs located throughout the college. In addition, a student may be required to present their I.D. when using support services such as Financial Aid, Admissions and Records, Bursars, the Transfer Center. The card may be purchased on-line via WebStar during registration or at the Admissions and Records office throughout the semester. Please note; the $2.50 fee must be paid every semester. This fee supplies a validation sticker and entitles the student to a new I.D. card. If the student wishes to keep their current card, the new sticker can simply be placed over the old. For further information on the Campus I.D. Card, visit the Student Activities Building, or call (714) 484-7198.
ENROLLMENT FEES
All students, residents and non-residents must pay the enrollment fee of $26.00 per unit ($13.00 per ½ unit). The enrollment fee may vary should the state legislature take action to change it.

REFUND PROCESSING FEE
A refund processing fee of $10.00 per semester will be deducted from the enrollment fee refunds. The fee will be waived for students who are administratively dropped from class(es) due to cancellation of class(es), student disqualification or course repetition.

GRADUATION & CERTIFICATE APPLICATION FEE
There is no fee required for graduation and certificate applications. For further information contact the Graduation Department of the Admissions and Records Office, located in the Business Building.

STUDENT REPRESENTATION FEE
All students are urged to pay this $1.00 fee. This fee will be used so that students may represent students' views and positions at city, county, and district governments as well as state legislative offices and other governmental agencies.

HEALTH FEE
Pursuant to Education Code and district policy, Cypress College has a mandatory health fee. The health fee is $13.00 per semester ($10.00 for summer intersession) for each student regardless of the number of units taken. The health fee and/or health fee exemptions are subject to change should the state legislature take action to change them.

Any student who depends exclusively on prayer for healing in accordance with the teachings of a bona-fide religious sect, denomination or organization, and students identified by the Financial Aid Office as qualifying for exemption under Education Code Section 72252.1 are exempt from paying the health fee. Upon request, the health fee will be refunded to any student who withdraws from all courses prior to the 10% date of the length of the course.

NON-RESIDENT TUITION
Non-residents of the state of California are charged tuition at $151 per unit. Citizens and residents of a foreign country are charged an additional $20.00 per unit capital outlay fee as provided in Educational Code Section 76141. Non-resident tuition is in addition to the enrollment fee required to be paid by all students. If you believe you should be reclassified as a resident student, it is the student's responsibility to request reclassification at the Admissions and Records Office prior to registering.

PARKING
Students who choose to use the campus parking lots are required to pay a parking fee, the amount of which is determined each year on the basis of parking needs. The parking hanger authorizes students to use any of the six parking lots open to student parking and designated student parking on Circle Drive, designated student parking at Fullerton College as well as designated student parking at our Anaheim Campus. The parking hanger does not guarantee a parking space, but will permit parking in designated spaces at both colleges. Revenue from parking fees is used exclusively to offset costs of campus parking.

TRANSCRIPT FEES
The first two copies of the student transcript are free and a $3.00 fee per transcript is levied thereafter. (NOTE: Fee is subject to change at any time.)

VERIFICATION OF ENROLLMENT
There is a charge of $3.00 for any verification of enrollment. These verifications may request academic standing, number of units carried at Cypress College, awarded degrees, certificates and dates of attendance. (NOTE: Fee is subject to change at any time.)

Academic Policies

ACADEMIC HONESTY
Students are expected to abide by ethical standards in preparing and presenting material which demonstrates their level of knowledge and which is used to determine grades. Such standards are founded on basic concepts of integrity and honesty. These include, but are not limited to the following areas:

1) Students shall not plagiarize, which is defined as stealing or passing off as one's own ideas or words of another and as using a creative production without crediting the source. The following cases are examples of what constitutes plagiarism:

• paraphrasing published material without acknowledging the source.
• making significant use of an idea or a particular arrangement of ideas, e.g., outlines.
• writing a paper after consulting with persons who provide suitable ideas and incorporating these ideas into the paper without acknowledging the debt.
• submitting under one's own name, term papers or other reports which have been prepared by others.

2) Students shall not cheat, which is defined as stealing or passing off as one’s own ideas or words of another and as using a creative production without crediting the source. The following cases are examples of what constitutes plagiarism:

3) Students shall not submit an original paper or project to more than one class without approval from the second instructor. Instructors who do not accept previously submitted papers should so inform the students in the course syllabus.
4) Students shall not furnish materials or information in order to enable another student to plagiarize or cheat.

Plagiarism Prevention and Detection: In its commitment to academic honesty, Cypress College uses Turnitin.com software to prevent and detect plagiarism.

The instructor reserves the right to submit student assignments to Turnitin.com to check for textual similarities between those assignments, Internet sources and the Turnitin.com assignment database. Students will be required to electronically submit their written work for plagiarism checking. Assignments submitted to Turnitin.com will become part of their database and will be used only for plagiarism prevention and detection.

Students agree that by enrolling in a course, assignments may be subject to the above plagiarism prevention and detection processes.

An instructor who has evidence that an act of academic dishonesty has occurred, after speaking with the student, is obligated to take the following steps:

1) Assign an appropriate academic penalty such as an oral reprimand (as in cases where there is reasonable doubt that the student knew that the action violated the standards of honesty); or assign an “F” on all or part of a particular paper, project, or exam (for example, where there was proof that it was a one-time occurrence). In cases where an “F” was assigned, report the incident to all appropriate personnel. (See Step 3).

2) In cases where the dishonesty was serious, premeditated, or part of an ongoing scheme, request an ad hoc review board made up of at least three faculty from the department or division of the instructor involved. This review board is to be appointed by the Academic Senate President or his/her delegate in consultation with the department coordinator, or if none is in place, with the members of the department. Supply to the review board the documents which are suspect and any other documents completed by the student which might help determine if academic dishonesty occurred. It would then be the responsibility of the review board to determine academic penalties as appropriate.

3) Report to the student involved, to the department coordinator, to the Division Dean, and to the Dean of Counseling and Student Development, the alleged incident of academic dishonesty, including relevant documentation, and recommendations for action that he or she deems appropriate.

4) The appropriate Division Dean shall maintain an academic dishonesty file of all cases of academic dishonesty with the appropriate documentation.

5) Students shall be informed when their names are inserted into the file and provided with copies of any appeals or disciplinary procedures in which they may become involved. The appropriate Division Dean may initiate disciplinary proceedings under Education Code, Article 3, Section 76030-76037; when two or more incidents involving the same student occur, he/she shall do so.

6) Students charged with violations resulting in disciplinary action have the right to appeal the findings to the Petitions Committee under the Rules and Procedures of Due Process.

ACADEMIC HONORS

DEAN’S HONOR ROLL
Those students who officially complete (as shown on their transcript) 12 or more units in letter grade courses in a semester and earn a grade point average between 3.0 and 3.74 are placed on the Dean’s Honor Roll.

PRESIDENT’S HONOR ROLL
Those students who officially complete (as shown on their transcript) 12 or more units in letter grade courses in a semester and earn a grade point average of 3.75 or above are placed on the President's Honor Roll.

ACADEMIC DISTINCTION
Graduates with an accumulated GPA of 3.75 or above are graduated with Academic Distinction and their diplomas are so noted.

HONORS AT ENTRANCE
A high school graduate entering Cypress College as a first time college student may qualify for “Honors at Entrance” by having earned a 3.5 GPA in high school with physical education grades excluded. The High School transcript must be on file in the Admissions and Records Office. This achievement will be indicated on the college transcript. Application to have this done should be made in the Admissions and Records Office during the student’s first semester of attendance.

ACADEMIC RENEWAL POLICY
Cypress College is committed to meeting the educational needs of the community. Open entry encourages students of varied educational backgrounds to pursue their individual goals. The commitment of Cypress College to all students increases the likelihood of enrolling those who have failed in the past but who have shown their readiness to try again. To reduce the negative impact of past academic failure and to facilitate fair and equitable treatment of all students in pursuit of their academic goals, Cypress College supports Academic Renewal.

The function of Academic Renewal is to alleviate a student’s previously recorded substandard academic performance when such work does not reflect current demonstrated ability. As a consequence, Academic Renewal may gain the student the benefits of his/her current level of ability and performance and not permanently penalize him/her for poor performance in the past. Academic Renewal encourages the student to continue efforts toward educational objectives when the weight of previously recorded substandard work would otherwise make the achievement of those objectives unlikely or unbearably burdensome. The regulations and procedures for course alleviation are:

- The student must submit a written application to the Admissions and Records Office for presentation to the Petitions Committee. This application should include transcripts showing previous substandard work (less than “C” or equivalent) which is to be disregarded.
- A maximum of twenty-four (24) semester units of substandard work taken during two (2) semesters, may be alleviated. This work will be disregarded in the computation of cumulative grade point average and in total unit credit. At least two calendar years must have elapsed since the most recent course work to be disregarded was completed.
• Since completion of the most recent course to be disregarded, the student must have subsequently completed, at any regionally accredited college or university, course work which amounts to at least fifteen (15) units at a minimum GPA of 3.0 or thirty (30) units at a minimum GPA of 2.0.

• A student may request academic renewal only once.

• Courses previously used in awarding an Associate Degree or CSU/IGETC Certification cannot be alleviated.

• Academic Renewal by Cypress College does not guarantee that other institutions outside the North Orange County Community College District will accept such action. This determination will be made by the respective transfer institutions.

• Upon granting the petition of Academic Renewal, the student’s Cypress College permanent record shall be adjusted and annotated in such a manner that all work remains legible, ensuring a true and complete academic history. Cypress College cannot line through or annotate the permanent records of any other institution.

• The Admissions and Records Office shall maintain a record of action taken under Academic Renewal.

ADVANCED PLACEMENT CREDIT
A student who has attained a minimum score of “3” on College Board Advanced Placement Examinations can receive credit for those courses that are deemed equivalent to the courses offered by Cypress College. It is the student's responsibility to petition receiving the credit through the Admissions and Records Office. In that several universities require a minimum score of “4” or “5” in order to receive subject credit, it is strongly recommended that the student discuss the applicability of AP credit with a counselor prior to submitting the petition to the Admissions and Records Office.

ATTENDANCE
ATTENDANCE AT FIRST CLASS MEETING
It is very important that students attend the first class meeting of every course in which they are registered since a full period of instruction begins the first day of the semester. Instructors may drop students who do not appear for the first class meeting in order to make room for others who are present and want to take the class.

In the case where a class is taught entirely online, instructors may drop students who have not been in contact with the instructor by the end of the first day of classes for that semester or short-term session. (For example, if the first day of classes for the Spring semester is January 18th, instructors may drop students who have not been in contact with them by midnight on that date.)

ABSENCES
Absences are handled as follows:

• After a student accumulates in any class more than a week's absences (more than the number of times the class meets per week), consecutive or nonconsecutive, an instructor may file a petition in the Admissions and Records Office requesting that the student be dropped from the class. When this request is approved by the Admissions and Records Office, the instructor will be notified and the student will be dropped from the class.

• In the case of hybrid and online classes, an absence may be identified as "a missed assignment," "a missed assignment series" or "inactivity in the CourseSite as evidenced by Blackboard’s tracking statistics." It is up to the instructor to decide which system to use. It is also the instructor's responsibility to specify in the written syllabus what constitutes "a missed assignment," "a missed assignment series" or "inactivity in the CourseSite." For example, in a three-unit online class (that would typically meet on campus three hours a week), the fourth "missed assignment" or the fourth "missed assignment series" or eight consecutive days of "inactivity in the CourseSite" could be ground for dismissal.

• A student who must miss one or more classes because of a field trip or other authorized activity, such as athletics or music groups, will be issued an Authorized Absence Excuse (available in each division office) by the instructor under whose supervision the activity will occur. The student shall have this excuse signed by the instructors of the classes that will be missed before the absence occurs. It is recommended that these transactions be carried out at least two days before the activity. The signed excuse must be presented to the instructor in charge of the activity, who shall in turn file it with the Admissions and Records Office upon the conclusion of the activity.

• No absence excuses a student from making up class work missed. Students should realize that undue absences may adversely affect their grades.

• In the event a student is absent for a prolonged period of time it is expected that contact will be made with the respective instructors immediately to advise the instructor of this absence and the reasons for it. The instructor may then decide whether or not the student may continue in the class or withdraw. It should be noted that failure to make this contact and follow through with the decisions made at this time could result in the student receiving a grade of "F" in the class.

STUDENT RESPONSIBILITY
While an instructor may drop a student who has poor attendance, it is the student's responsibility to officially drop. The student must log onto WebStar during its operating hours, access WebStar Registration and drop the class. Failure to officially withdraw from a class can result in a grade of "F" or "NC" being assigned. Refer to the Class Schedule for further instructions on "How to Add/Drop a Class" and drop deadline dates.

AUDITING
Enrolled students who wish to audit a class must file a petition in the Admissions and Records Office. Auditing is available for students who have successfully completed the class for credit at Cypress College. Upon consultation with the instructor and the dean of the division involved, Admissions and Records may approve the petition under certain circumstances. For additional information, contact the Admissions and Records Office.
CALIFORNIA ARTICULATION NUMBER (CAN) CODES

The California Articulation Number (CAN) System is a statewide numbering system independent from course numbers assigned by local colleges. A CAN number signals that participating California colleges and universities have determined that courses offered by other campuses are equivalent in content and scope to courses offered on their own campuses, regardless of their unique titles or local identifying numbers. Thus, if a class schedule or catalog lists a course bearing a CAN number, students on one campus can be assured that it will be accepted in lieu of the comparable CAN course noted in the catalog or class schedule of another campus. For example, CAN ECON 2 on one campus will be accepted as meeting the requirement of the designated CAN ECON 2 course on other participating community college or university campuses.

Students should consult the ASSIST database at www.assist.org for specific information on course agreements. The counselors and Transfer Center staff can help students interpret this information.

Following is a list of courses offered by Cypress College that have been CAN qualified at the time of publication. The CAN designators are also listed under the individual course titles in the catalog and the class schedule.

Academic Policies / 11
Catalg Rights
Students who have maintained continuous enrollment have the option of completing the program requirements in effect at the time they first enrolled at Cypress College or any subsequent catalog year, up to and including the last semester of attendance in which the program requirements were completed. This policy supersedes all previous catalogs and only applies to programs completed at Cypress College.

Challenging Prerequisites, Corequisites, or Other Limitations on Enrollment

Grounds for Challenge
Where a student is denied enrollment in a program or course on the grounds that the student does not meet a prerequisite or corequisite, or on the basis of other limitations on enrollment, the student may challenge such prerequisite, corequisite or limitation on one or more of the following grounds:

1. The prerequisite, corequisite or other limitation on enrollment has not been established in accordance with the district’s process for establishing prerequisites, corequisites, and other limitations on enrollment.

2. The prerequisite, corequisite or other limitation on enrollment is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner.

3. The basis upon which the district has established an enrollment limitation does not in fact exist.

4. The student has the knowledge or ability to succeed in the course or program despite not meeting the prerequisite or corequisite.

5. The student will be subject to undue delay in attaining the goal of his or her educational plan because the prerequisite or corequisite course has not been made reasonably available by the college.

Burden of Proof
The student shall bear the burden of proof in demonstrating that grounds exist for the challenge.

1. In the case of a challenge under Grounds for Challenge number 4, the student shall provide evidence of knowledge and/or skills, by virtue of placement/assessment testing, academic coursework, independent learning, experience, or a combination of these which are at least equivalent to the knowledge and/or skills the student would have possessed had he or she successfully completed the prerequisite or corequisite.

2. In the case of a challenge under Grounds for Challenge number 5, the student shall provide evidence that the student has declared a broad educational intent or specific educational goal and has developed a Student Educational Plan in conformity with the provisions of Section 55530(d) of Subchapter 6 of Chapter 6 of Division 6 of Title 5 of the California Code of Regulations.

Challenge Procedure
Filing of Challenge:

1. A challenge with respect to any prerequisite, corequisite or limitation on enrollment initiated pursuant to this policy shall be made upon the appropriate challenge form, which may be obtained from a counselor or the Office of Instruction.

2. The completed challenge form must be filed with the Office of Instruction in accordance with the following deadlines:

   a. for the Fall term, not earlier than Friday of the fifteenth week of the Spring semester and not later than the first day of instruction for the Fall semester;

   b. for the Spring term, not earlier than Friday of the twelfth week of the Fall semester and not later than the first day of instruction for the Spring Semester.

   c. for the Summer intersession, not earlier than the first Monday in May and not later than the first day of final examinations for the Spring semester.

3. In the case of a challenge under Grounds for Challenge number 4, the completed challenge form must be accompanied by appropriate evidence of skill or accomplishment such as placement/assessment results, transcripts from an accredited institution or appropriate foreign institution, work-related experience, or other evidence of relevant experience. To warrant consideration, any such evidence shall be of a clear and reliable nature.

Change of Name or Address
A student wishing to change his or her name on their official college record must fill out a name change form at the Admissions and Records Office. The appropriate form should be submitted as possible and picture identification is required. E-mail addresses can be updated by accessing www.CypressCollege.edu.

Class Cancellations
Cypress College reserves the right to cancel any class for which enrollment is not sufficient to warrant continuation, and to change the class hours and/or days as necessity demands.
CLASS TRANSFERS
A student may change from one section to another of an identical course with the same or different instructors provided the instructors approve. The change may take place at the same or different level in the same subject area at any time during the semester up through the 14th week, provided both instructors approve. The class must be of like duration, i.e., exactly the same length.

CLASSIFICATION OF STUDENTS
Students are classified as follows:
- Full-time: Enrolled in 12 or more units
- Part-time: Enrolled in fewer than 12 units
- Freshman: Fewer than 30 units completed
- Sophomore: 30 or more units completed

COMPUTING RESOURCES

ACCEPTABLE USE POLICY
PURPOSE: The purpose of this document is to explain the terms of use for instructional computing resources available to students of Cypress College. All computing resources are intended to support the research and educational mission of Cypress College; their use is a privilege and a responsibility. The use of computing resources is subject to all applicable local, state and federal laws, the general guidelines outlined in this document, and any specific guidelines in effect at individual campus computing centers. The district “Acceptable Use/Computer and Electronic Communication Systems” policy can be found at http://www.nocccd.cc.ca.us/Policies/PDFs/3720.BP.final_032904.pdf and http://www.nocccd.cc.ca.us/Policies/PDFs/3720.AP.final_032904.pdf.

DEFINITION: As used in this document, computing resources include (but are not limited to): Enterprise server terminals, personal computers, local area networks (LANs), wide area networks (WANs), printers, CD-ROM drives, cables, connections, software applications such as word processing, database and spreadsheet programs, library catalogs, full-text databases, telecommunications packages, all Internet resources and services, and all other computer equipment and software.

CAMPUS COMPUTING CENTERS: Individual computing centers maintain their own specific policies regarding the use of their resources. Users of individual computing centers are to follow these policies. Computing centers are authorized to enforce both the campus Acceptable Use Policy and their own individual policies. Users who establish individual computer accounts for use of Internet e-mail or other applications will be required to sign an agreement to abide by the policies of the computing center issuing those accounts.

ENFORCEMENT: The acceptable use policy is intended to establish and declare the personal responsibility of every individual who uses any computing resource at Cypress College. By making this policy public and available to all users of computing resources on the campus, Cypress College and its designated representatives reserve the right to deny any or all computing privileges from any individual who refuses to follow the guidelines for responsible computing use. Cypress College also reserves the right to limit, restrict, or deny access to any and all computing resources as the individual situation may require.

GENERAL GUIDELINES: The following guidelines are to be followed by every individual who makes use of computing resources at Cypress College:

- The use of computing resources and any resources accessed by them is for the instructional purposes of Cypress College. Individual computing centers reserve the right to restrict activities such as personal e-mail or games when instructional needs require the computing resources.

- No tampering with the computing resources. This includes but is not limited to: connecting or disconnecting computer equipment, unauthorized loading of software on a computer, or otherwise altering the set-up of any computer or network of computers in any way.

- No illegal use of computing resources. This includes but is not limited to: loading virus programs onto or from any computer system, using the Internet or other telecommunications-based resources to transfer illegal materials or unauthorized versions of copyrighted material, using the Internet to harass, terrorize, blackmail, defraud, or otherwise abuse another person, or using any computing resource in such a manner that it constitutes the breaking of a District or campus policy, or a local, state or federal law.

- No use of computing resources for financial or political gain. This includes but is not limited to: sending “chain letters” or other unauthorized and illegal correspondence, advertising, marketing or selling of products, and campaigning for any political cause or individual.

- No violation of other individuals’ privacy or rights. This includes but is not limited to: accessing another person’s account or any data stored and used by that person, sharing another person’s private correspondence with others, destroying or modifying data that belongs to someone else, or sending offensive messages of any kind.

- Observe all regulations and rules of the individual computing centers. This includes but is not limited to: observing hours of operation, maintaining a reasonable level of quiet in order for others to work, and following all that center’s policies regarding food and beverage use, time limits, printing and downloading, and any other terms of use.

- Failure to follow these guidelines may result in disciplinary action on the part of Cypress College and any of its designated representatives (including individual computing centers). Such action may include: restriction or suspension of computing privileges at any or all individual campus computing centers suspension of other campus privileges, including registration and enrollment, and notification of law enforcement officials.

CONTINUOUS ENROLLMENT
Continuous enrollment is defined as attendance in at least one course at Cypress College for at least one semester in an academic year culminating in the assignment of one of the following grades on the transcript: A-B-C-D-F-GR-NC-W-I.

COURSE DOUBLE COUNTING
Students can double count courses but not units of credit to meet major and general education requirements for graduation.
COURSE NUMBERING
Courses completed at Cypress College will transfer to other community colleges. Courses numbered 001 C-099 C are remedial, occupational and/or technical and designed in content and organization for students who do not intend to transfer for the Bachelor's degree. Courses numbered from 100 C-299 C have been certified by Cypress College as being of baccalaureate level for the 2005-2006 school year and as such are transferable to any campus of the California State University system. The transfer institution, however, will determine the extent to which a course satisfies the requirements of a particular degree program. Credit not otherwise applied shall be acceptable as general electives to the extent that the particular degree objective permits. Students who plan to transfer to any campus of the University of California or other university or college should check with a counselor for transferable courses since some universities do not accept all courses numbered 100 C-299 C.

COURSE PROGRESSION
Students are expected to take courses on an accepted progressive basis. Students will not receive credit for classes which are considered lower in degree of advancement than those already taken.

COURSE REPEAT ADJUSTMENT
In the case of a legally repeated course in which a student previously received a "D" or "F" grade at Cypress College, the original grade and grade points will be excluded from the grade point average upon request by the student. Course repeat adjustment cards, which can be obtained in the Admissions and Records Office, must be filled by the student. Student records will be adjusted to reflect the subtraction of units attempted, units completed, grade points and a change in GPA.

If approved, the student's Cypress College permanent record shall be annotated in such a manner that all course work remains legible; however, Cypress College does not line through or annotate the permanent records of any other institution.

COURSE REPEITION
Repeatable courses:
A course may be repeated under the following circumstances:

- A grade of D, F or NC has been earned.
- The course is identified in the College Catalog or Class Schedule as one that may be taken a specific number of times (ex. PE 152 C – may be taken for credit four times, however, only one repeat is allowed for all four credit attempts).
- The course is for legally-mandated training. Such courses may be repeated any number of times regardless of whether the passing or substandard work was previously recorded. The grade received each time shall be included for purposes of calculating the student’s GPA (Title V, Div. 6, Ch. 6, Subch. 9, § 55763).
- The student has verified disabilities and course repetition is seen as being part of "an accommodation to a student's educational limitations pursuant to state and federal non-discrimination laws" (Title V, § 56029).

- An Extenuating Circumstances petition has been approved by the Admissions and Records Office. If approved, neither additional units nor grade points will be earned for multiple repeats in which a passing grade (A, B, C or CR) was originally received.

To make up a substandard grade received at Cypress College a student may repeat the equivalent course at any other accredited college or university in the U.S. See a Cypress College counselor or evaluator for more information.

Students are advised that most four-year colleges and universities have limitations on transfer credit for course repetitions. See a Cypress College counselor for more information.

CREDIT BY EXAMINATION
The basic purpose of Credit by Examination is to allow unit credit for prior or advanced knowledge of class material by the student. Currently enrolled students in good standing may be permitted to obtain Credit by Examination in subject matter fields in which they are especially qualified through previous training or experience for which credit or advanced placement has not previously been given. Examinations will be sufficiently comprehensive to determine that the student has essentially the same knowledge and skills as a student who successfully completes the course.

It is hoped that students will take advantage of this opportunity in order to enroll in more advanced courses in the subjects challenged. Credit by Examination is not intended for cases such as the following: a make-up examination for courses not completed and/or courses taken in high school. The student should contact the Dean of the appropriate division prior to the 9th week to initiate the process.

Except in extenuating circumstances, Credit by Examination and Proficiency Examinations may be taken only by students enrolled in the College. Only one challenge is allowed for each course, and a maximum of 12 units will be granted via Credit by Examination. Students may take a Challenge Examination if their Credit by Examination Petition is approved.

- Completed petitions will be received until the 9th week of each semester. Examinations will normally be administered during the 13th and 14th weeks only. Specific arrangements as to day and hour are to be arranged with the instructor.
- Criteria for petition approval will be determined by the appropriate division. General guidelines will include evidence of previous learning experience, evidence to indicate probable success in the examination, and future enrollment plans.
- Appeals on denial of student petition will be brought to the Petitions Committee at the student’s request. The Academic Divisions will determine which courses are eligible for challenge. Examination content and grade standards will also be determined by division faculty.

In instructor-administered examinations, results will be announced within two weeks after the examination week. The symbols Credit/No Credit will be applied. The student has the option to accept or refuse the symbol received via examination. If accepted by the student, the Credit by Examination symbol will be recorded (credit and unit value) upon
the student's permanent record at Cypress College. A notation will be made on the transcript indicating the credit was obtained by Credit by Examination.

Some of these courses may be taken for a letter grade. The units will not count toward the number of units a student must complete at Cypress College in order to earn an Associate Degree. For courses which may be taken for a letter grade, students who plan to transfer to a four-year institution should not choose the Credit/No Credit grading option. Many transfer institutions will not accept Credit/No Credit graded courses to be applied toward major, minor and general education requirements. Students should check the catalog of the transfer institution and see their counselor for further information. There is a current rate per unit fee for taking the challenge examination.

The following courses may be challenged by examination:

ACCT 101  Financial Accounting
MGT 111 C  Business Communications

ATC 191 C  Airline Reservations: APLLO
MATH 130 C  Survey of Calculus

AVIA 090 C  Flight Training - Private Pilot
MATH 150AC  Calculus and Analytic Geometry

AVIA 091 C  Flight Training - Instrument Rating
MATH 150BC  Calculus and Analytic Geometry

AVIA 092 C  Flight Training-Commercial Pilot
MATH 250AC  Intermediate Calculus

AVIA 093 C  Flight Training - Flight Instructor
MATH 250BC  Intermediate Calculus

AVIA 232 C  Instrument Rating
MMPH 101 C  Introduction to Photography (for first credit only)

Health Science Courses
See Division Dean

CREDIT EARNED DURING MILITARY SERVICE

This institution will conduct an evaluation of all previous education and training for veterans and eligible persons certified for VA educational benefits. Appropriate credit will be granted and the VA and student will be notified accordingly. All other veterans may request military service credit upon completion of 40 units, including at least 12 units completed at Cypress College. Those with an average grade of "C" or higher may petition for military credit the semester graduation requirements are completed. Submit the DD214 (discharge documents) along with other records and transcripts representing completion of military training and/or completion of United States Armed Forces Institute (USAFI) courses in military in-service training for evaluation. All materials must be submitted to the Admissions and Records Office. Credit for experience in the military service and courses completed in the USAFI will be allowed only as recommended by the American Council of Education. The awarded credit will be posted to the transcript upon graduation from Cypress College.

CREDIT/NO CREDIT GRADING

Students may choose to enroll in 6 units each semester on a Credit/No Credit basis. This option was designed to encourage students to explore courses in areas where they feel they have an interest but no special competence. Some of these courses may be taken for a letter grade. For such courses, students who plan to transfer to a four-year institution should not choose the Credit/No Credit grading option. Many transfer institutions will not accept Credit/No Credit graded courses to be applied toward major, minor and general education requirements. Check the catalog of the transfer institution and/or see a counselor for further information.

The following policies govern Credit/No Credit grading at Cypress College:

• A maximum of 12 units of Credit/No Credit, excluding COUN 140 C and work experience, will be allowed at Cypress College.

• All units earned on Credit/No Credit shall be disregarded in determining a student’s GPA at Cypress College.

• The units earned on Credit/No Credit shall be counted toward AA or AS requirements for 60 units. If a course is transferable with a letter grade, it is also transferable with credit grade subject to the limitations imposed by the transfer institution. See the catalog of the transfer institution and/or a counselor for further information.

• After consulting with a counselor and the instructor, students must complete a Credit/No Credit Request with the instructor advising them they wish to take the course as Credit/No Credit. The deadline for submitting this request is the end of the second week of a full-semester class and 30% of the short term, open entry and summer classes. The instructor must then submit the form to the Admissions and Records Office. If the form is not filed with the Admissions and Records Office, the instructor will be required to submit a grade other than Credit/No Credit.

Academic Policies / 15
• Students will be unable to change grading systems during the term or thereafter.

• A Credit grade will reflect performance equivalent to a “C” or better under the letter grade system (i.e., D or F performance will receive a No Credit grade).

The following courses will be offered only on a Credit/No Credit basis:

</table>

• Students have the choice of receiving CREDIT/NO CREDIT (NC/CR) or a LETTER GRADE (A,B,C,D,F,I) in the classes listed below. Students should be aware that many colleges and universities do not accept credit grades for courses in a student’s major and minor field or in courses to satisfy General Education/Breadth requirements. In addition, credit/no credit grading may not be acceptable to certain graduate schools and employers.

</table>
EXAMINATIONS

Class instruction includes frequent examinations throughout the semester so that students can judge their progress. Final examinations are given in all courses during the last week of each semester. The final examination is a requirement for each course. All students must take these examinations at the scheduled time and place. Any exceptions to the above policy will be made only after consultation with the Division Dean.

GRADE CHANGE

Any change in a grade given by an instructor shall be subject to the Education Code Section 76224 (a): When grades are given for any course taught in a community college district, the grade given to each student shall be the grade determined by the instructor of the course and the determination of the student's grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetency, shall be final.

Students having a grievance relative to a grade received from an instructor should follow procedures detailed under Petitions in this Catalog, however, the student should be aware that no grade change will be made after five years from the date of the assignment of the grade. When a grade given in error has been corrected, the incorrect grade shall be expunged from the student's permanent record.

GRADE REPORTS

Students can access grades using WebStar. Grades are generally available three weeks after the end of the semester.

GRADIENTS AND GRADE POINT AVERAGE

Grades are based upon the quality of work completed, i.e., upon actual accomplishment in courses offered for credit. The GPA is computed by dividing all GPA hours/units into quality points received. The meaning of each symbol and its value in quality points is as follows:

A Superior or Excellent — (4 quality points). Honor grade indicating excellence earned as a result of consistently superior examination scores, consistently accurate and prompt completion of assignments, ability to deal resourcefully with abstract ideas, superior mastery of pertinent skills, and promise of success in field relating to the subject.

B Better than Average — Good (3 quality points). Honor grade indicating competence earned as a result of high examination scores, accurate and prompt completion of assignments, ability to deal well with abstract ideas, commendable mastery of pertinent skills, and promise of continued success in sequential courses.

C Better than Average — Good (3 quality points). Honor grade indicating competence earned as a result of high examination scores, accurate and prompt completion of assignments, ability to deal well with abstract ideas, commendable mastery of pertinent skills, and promise of continued success in sequential courses.

C- Better than Average — Good (3 quality points). Honor grade indicating competence earned as a result of high examination scores, accurate and prompt completion of assignments, ability to deal well with abstract ideas, commendable mastery of pertinent skills, and promise of continued success in sequential courses.

ACADEMIC POLICIES / 19

Academic Policies / 19
C  Average — Satisfactory (2 quality points). Standard college grade indicating successful performance earned as a result of satisfactory examination scores, generally accurate and prompt completion of assignments, ability to deal with abstract ideas, average mastery of pertinent skills, and sufficient evidence of ability to warrant entering sequential courses.

D  Passing — (1 quality point). Substandard grade indicating the meeting of minimum requirements only earned as a result of low examination scores, generally inaccurate, incomplete or late assignments, inadequate grasp of abstract ideas, barely acceptable mastery of pertinent skills, or insufficient evidence of ability to make advisable enrollment in sequential courses.

F  Failing — (no quality points). Non-passing grade indicating failure to meet minimum requirements earned as a result of non-passing examination scores, inaccurate, incomplete or late assignments, failure to cope with abstract ideas, inadequate mastery of pertinent skills or repeated absence from class.

I  Incomplete — (no quality points, no GPA units). Incomplete academic work for unforeseeable, emergency and justifiable reasons at the end of the term may result in an I symbol being entered in the student’s record. The condition for removal of the I shall be stated by the instructor in a written record. This record shall contain the conditions for removal of the I and the grade assigned in lieu of its removal. This record must be given to the student with a copy on file with the Registrar until the I is made up or the time limit has passed. A final grade shall be assigned when the work stipulated has been completed and evaluated, or when the time limit for completing the work has passed. The I may be made up no later than one semester following the end of the term in which it was assigned. Under unusual circumstances a student may petition for a time extension. An incomplete grade must be changed to a letter grade before it can be repeated.

IP  In progress — (no quality points, no GPA units). If a student making satisfactory progress in an open entry course has not finished a course at the end of a semester, the student shall be given an "IP" which indicates the student is in progress of completing the course. The student must re-enroll in the course if the student wished to continue working in that course.

RD  Report Delayed — (no quality points, no GPA units). The RD symbol may be assigned by the Registrar only. It is to be used when there is a delay in reporting the grade of a student due to circumstances beyond the control of the student. It is a temporary notation to be replaced by a permanent symbol as soon as possible and shall not be used in calculating a GPA.

W  Withdrawal — (no grade points, no units attempted, no units completed). A “W” is a grade indicated when the student has withdrawn from college or dropped from a class section prior to the 14th week of a semester. The grade indicates the course has been cancelled from the student’s program of study without credit and is not included in the GPA computation. (See Withdrawal Policy)

CR  Credit — (no quality points, no GPA units, but counts for units completed). Credit means that credit has been earned for the course although there are no grade points and the grade is not used in computing grade point average, and will reflect performance equivalent to a C or better under the letter grade system.

NC  No Credit — (no quality points, no GPA units, no units completed). A No Credit means that neither units nor grade points have been earned.

MW  Military Withdrawal — (no quality points, no GPA units, no units completed). Military withdrawal means the student was forced to withdraw because of military orders. Students must submit a copy of their orders to the Admissions and Records Office. Military withdrawals are exempt from progress probation and dismissal.

INTERNATIONAL TRANSCRIPT EVALUATIONS

Students who have attended colleges and universities outside of the United States and believe they have successfully completed courses applicable to the Associate Degree or Certificate requirements must have their transcripts evaluated by an approved international evaluation agency before credit can be determined. A list of approved agencies is available in the Counseling and Admissions and Records Offices. Students who desire credit for ENGL 100 C will need to have their transcripts evaluated, achieve a satisfactory score on the English Assessment test and meet with a counselor.

NON-DEGREE CREDIT COURSES (Basic Skills)

These courses are intended to help students gain the skills they need to perform in “college level” courses. Therefore, Non-degree credit courses are not applicable toward the Associate Degree. However they do apply toward the following categories: Athletic Eligibility, Social Security Benefits, Work Study and Financial Aid, Associated Student Body Office and Full-Time Status.

The following are Non-Degree Credit courses:

CIS 050 C  Intro-Comp & Software Concepts
COUN 071 C  Career Preparation & Life Management
COUN 072 C  Learning Disabilities Assessment
ENGL 027 C  Basic Study Skills
ENGL 057 C  Reading & Writing I
ENGL 058 C  Reading & Writing II
ENGL 068 C  English Skills Development
ESL 044 C  Beginning Oral Skills
ESL 051 C  Intermediate Pronunciation
ESL 052 C  Intermediate ESL Grammar 1
ESL 053 C  Intermediate ESL Grammar 2
ESL 054 C  Intermediate Oral Skills
ESL 062 C  Advanced ESL Grammar 1
ESL 063 C  Advanced ESL Grammar 2
ESL 064 C  Advanced Oral Skills
ESL 072 C  High Beginning ESL
ESL 080 C  Low Intermediate ESL 1
ESL 081 C  Low Intermediate ESL 2
STANDARDS FOR SCHOLASTIC DISMISSAL

Academic Dismissal - A student who has been placed on academic probation and earned a cumulative grade point average of 1.75 or lower in three consecutive semesters will be subject to scholastic dismissal.

Progress Probation- A student who has been placed on progress probation for three consecutive semesters will be subject to scholastic dismissal.

The College will make a reasonable effort to notify a student who has been scholastically dismissed not later than the beginning of the fall semester each year. An entry will be made to the student’s academic transcript.

READMISSION AFTER SCHOLASTIC DISMISSAL

A dismissed student may be considered for readmission after filing a petition in the Admissions and Records Office.

If readmitted:

- Students are considered conditional registrants and their programs are subject to adjustment and/or restrictions.
- Students dismissed for academics will remain on scholastic probation until a cumulative grade point average of 2.00 or higher has been achieved.
- Students dismissed for progress will remain on scholastic probation until the ratio of units completed is greater than one half of the total units in which the student enrolled.

PROFICIENCY EXAMINATION

READING

Proficiency in reading may be satisfied by ENGL 096 C, ENGL 102 C or ENGL 106 C, by CSU general education certification or IGETC certification or by a satisfactory score on the reading proficiency examination.

The Reading Proficiency Examination is administered at the Assessment Center. No units are given for passing the Reading Proficiency Examination, nor is the total number of units required to complete the Associate Degree lowered. Students who meet the area requirement by the proficiency exam are still required to satisfy the 60-unit requirement for graduation. Proficiency exams may be taken only once.

This exam will be administered from September to May as published in the Class Schedule under STEP TWO, ENGLISH ASSESSMENT. Students should contact the Assessment Center for further information.

MATHEMATICS

A satisfactory score on the Mathematics Proficiency Examination waives the three-unit Mathematics General Education Requirement for the Associate Degree (Category B2). No units are given for passing the Mathematics Proficiency Examination, no units are posted to the student’s permanent record, nor is the total number of units required to complete the Associate Degree reduced. Refer to the Mathematics section in the Class Schedule.
REMEDIAL LIMITATION
The State of California has implemented a regulation limiting the number of units students can earn for remedial/pre-collegiate basic skills courses to 30 semester units. In accordance with those guidelines, the North Orange County Community College District has established the following policy (AB 1725 Chapter 973, Statutes of 1988).

PRE-COLLEGIATE BASIC SKILLS COURSES
Pre-Collegiate/basic skills courses are defined as those two or more levels below college level English and one or more levels below elementary algebra. The North Orange County Community College District has designated certain courses as remedial/pre-collegiate basic skills courses. These courses include reading, writing, computation, learning skills, and study skills designed to ensure acquisition of those skills necessary for successful completion of associate degree, transfer and occupational courses.

INFORMING STUDENTS
Students shall be informed of the Policy for Remedial Limitation. Courses included will carry an appropriate designation in the Class Schedule and the Policy will appear in the College Catalog. Students enrolling in these courses will be informed of the limit during the matriculation/orientation process and instructors will be required to include this information in the course syllabus. These courses do count toward financial aid, work-study and athletic eligibility.

PROCEDURES DURING REGISTRATION
A non-exempt student who has completed 20 units in designated remedial/pre-collegiate basic skills courses shall be notified of the regulation limiting the number of remedial units. Information on the waiver and referral process will also be included.

EXEMPTIONS
All remedial courses taken by students enrolled in ESL (English as a Second Language) courses are exempted. Students identified by the District for learning disabled programs are also exempted. When, because of closed enrollment, students are unable to enroll in the next higher level ESL course, they do not lose their exemption status. Students with documented disabilities may petition the Admissions and Records Office for exemption status on a case by case basis.

Students transferring to the North Orange County Community College District from other colleges/universities will begin with a clean slate with regard to the remedial limitation. However, since remediation is totaled within a district, students transferring between Cypress and Fullerton College will carry their remedial units with them. Only those courses taken at a regionally accredited college/university, that are determined to be associate degree level courses or higher, will be applied toward an AA/AS degree within the district.

NOTIFICATION
Upon completion of 30 units in designated basic skills courses, non-exempt students shall be notified that they will be unable to enroll in any additional remedial courses. Information on the waiver and referral process will also be included.

WAIVER
Students who show significant, measurable progress toward the development of skills appropriate to enrollment in college-level courses may petition the Admissions and Records Office for a waiver of the limitation on remedial course work. Students will receive a response, in writing, indicating the granting/denial of the petition. If the petition is granted, students will be informed of the specific period of time or the specific courses approved beyond the 30-unit limit. Students will not be allowed to enroll in courses beyond the 30-unit limitation without a waiver, which will only be granted in extenuating circumstances for students who show significant, measurable progress. The 30-unit maximum enrollment limitation is based on end-of-term units earned with any grade.

ENROLLMENT LIMITATION
Students who do not attain full eligibility status for college-level work within the 30-unit limit will not be permitted to enroll in remedial/pre-collegiate basic skills courses unless a waiver is granted. Students will be referred to adult education non-credit courses per State regulations. The Admissions and Records Office will explain to students their enrollment limitation status at the end of the semester.

RESTATEMENT
A student may, upon successful completion of appropriate remedial course work or upon demonstration of skills levels, which will reasonably assure success in college-level courses, petition to be reinstated to proceed with college level course work. The petition is to be filed with the Admissions and Records Office.

REPEATABLE ACTIVITY COURSES
A student may enroll more than once in an activity, performance and/or studio art course that is designated as repeatable. Courses designated as repeatable are indicated with the statement, “May be taken for credit ___ times.” The maximum number of times the class may be taken will be given in that statement. Courses that have a designated skills level (beginning, intermediate, advanced) may be taken for a combined total of four times. Example: a student who has taken beginning voice three times and intermediate voice once has completed the maximum number of repetitions allowed for the course, despite the different skill levels. This policy applies to all activity courses.

REVIEW AND RELEASE OF STUDENT RECORDS
In accordance with Title V (California Administrative Code) Chapter 6, commencing with Section 54600, and the Federal Family Educational Rights and Privacy Act, the North Orange County Community College District has established an official policy for student review of and release of student records. This policy allows for the student to review his or her records after contacting the Office of the President or designee. The policy also describes when student records will be released to a third party and allows the release of the student directory information unless the student informs the Office of the President or designee, that he/she does not want such information released.

This policy is available for student review and includes:

• the types of student records and information maintained;
• the official responsible for the maintenance of each type of record;
• the policies for reviewing and expunging records;
• the right of each student to access of his or her records;
• procedures for challenging the content of student records;
• the cost of producing copies of records;
• the categories of information designated as directory information;
• the locations of any required logs or records;
• definitions of officials and employees and legitimate educational interest and;
• the right of a student to file a complaint with the United States Department of Health, Education and Welfare.

Any student wishing to review this policy in its entirety may do so by contacting the Office of the President or designee.

STUDY LOAD
Most full-time students take 12-14 units. The minimum to be classified as a full-time student is 12 units. A maximum load for any student is 19 units, exclusive of work experience and guidance classes. After the first semester, a student may, with counselor’s approval, carry more units (exclusive of work experience) if during the preceding semester a grade point average of at least 3.0 for each unit of credit in a total program of 12 or more units was earned. It may be pertinent for students to consider the following semester unit requirements for particular privileges and activities.

Associated Student Office — 6 or more units per semester.
Athletic Eligibility — 12 units, including PE classes.

Financial Aid — Full-Time: 12 units per semester; 3/4 time: 9 units per semester; 1/2 time: 6 units per semester.

Social Security Benefits — 12 units per semester.
Veterans Benefits — Full-Time: 12 units per semester; 3/4 time: 9 units per semester; 1/2 time 6 units per semester.

Work Study — 12 units required.

The faculty recognizes it is necessary for many students to work while attending college. However, it is expected that students demonstrate good judgment when enrolling under these conditions. Students who make no allowance for their employment and other outside obligations in planning their college programs will bear full responsibility for the resulting level of scholarship attained.

In order to maintain a proper academic balance, the following should be considered:

• Students should normally expect to spend at least three hours (one in class, and two outside of class) per week for each unit taken.

• Employment and college time should not exceed 60 hours weekly.

• Students should distribute study time appropriately for each class. Often preparation for a lecture class differs from preparation for a laboratory class.

• Instructor office hours are designated to provide opportunities to consult with faculty frequently.

TITLE IX AND CIVIL RIGHTS GRIEVANCES
In instances of student grievances relative to Title IX (sex bias or sex harassment), Title VII (Civil Rights), students should contact the Office of the President or designee, within 60 calendar days of the alleged discrimination in order to be apprised of the procedures for filing a grievance.

Any repeated or unwarranted verbal or physical sexual advance, sexually explicit derogatory statement, or sexually discriminatory remark made by someone at school which is offensive or objectionable to the recipient or which causes the recipient discomfort or humiliation, or which interferes with the recipient’s performance constitutes sexual harassment and should be reported.

TRANSCRIPT OF RECORD
The Admissions and Records Office prepares and permanently retains a record of each student’s academic work. The transcript reflects all academic work attempted at Cypress College. It lists chronologically the courses, units, grades, grade points, cumulative grade point average, total units and other relevant academic data.

The normal processing time for transcripts is 7 – 14 working days. Forms for requesting transcripts may be downloaded from our website (www.CypressCollege.edu) or are available in the Admissions and Records Office. Transcript requests may be submitted in person or mailed. Mail requests must include the student’s current and previous names, date of birth, social security number, approximate dates of attendance, number of copies needed and a complete address where the transcript is to be sent with the student’s signature. Requests with incomplete information may not be processed.

Students are entitled to two copies of their transcripts without cost. Subsequent copies and Hand Carry transcripts are $3.00 per copy. (Note: Fee is subject to change at any time.) Transcript requests must include full payment to be processed and requests will not be processed if there are outstanding financial obligations to the college. Only checks or money orders are accepted and should be made payable to Cypress College. Cash payments are not accepted.

Mail requests to Cypress College, Admissions and Records, ATTN: Transcripts, 9200 Valley View St., Cypress, CA 90630-5897

VERIFICATION OF STUDENT STATUS
The Admissions and Records Office verifies current term registration and student enrollment status for loan forms and other non-campus certifications beginning the first day of classes. Photo ID is required for this service and there is a $3.00 fee per request. Requests will not be processed if the student has an outstanding financial obligation to the college. (Note: Fees are subject to change at any time.)

WITHDRAWAL
It is recognized that, on occasion, students may have situations develop that force them to withdraw from a class prior to its completion. It is the student’s responsibility to initiate withdrawal procedures. Failure to officially withdraw from a class can result in a grade of “F” or “NC” being assigned. Refer to the Class Schedule for further instructions on withdrawal and drop deadline dates.
For the purpose of this policy, a “W” is viewed as an indication that the student has withdrawn from a course without affecting the student’s grade point average. A “W” is given, therefore, under the following conditions and in the manner prescribed below:

**Semester Courses**
First Three Weeks of the Semester
Student or instructor may initiate a withdrawal. No notation shall be made on the student’s academic record.

Fourth Week through Fourteenth Week
The student or instructor may initiate a withdrawal. A “W” shall be recorded on the student’s academic record.

Remainder of Course
The student may no longer withdraw from college after the 14th week. The academic record of the student shall reflect a symbol grade other than “W”. In instances of extenuating circumstances, a “W” may be granted after the 14th week if approved by petition to the Dean of Admissions and Records.

**Short Courses**
Until the Day Prior to the First Census (the first census is one-fifth of the way through the course)
The student or instructor may initiate a withdrawal. No notation shall be made on the student’s academic record. (See course instructor or Admissions and Records Office for the specific first census date.)

From the First Census Day of the Course
Through the Withdrawal Date
The student or instructor may initiate a withdrawal up to the time three-fourths of the course has elapsed. (See course instructor or Admissions and Records Office for withdrawal dates for specific courses.) A “W” shall appear on the student’s academic record.

Remainder of the Course
A student may no longer withdraw from classes after the withdrawal date. The academic record of the student shall reflect a symbol grade other than “W.” In instances of extenuating circumstances, a “W” may be granted if approved by petition to the Dean of Admissions and Records.

Weekend Seminars Until the First Day Prior to the First Day of the Seminar
The student or instructor may initiate a withdrawal. No notation shall be made on the student’s academic record.

After the Seminar Begins
The instructor may drop, with a “W”, those students who do not attend the seminar. Those who do attend must receive a symbol grade other than a “W” except in instances of extenuating circumstances when “Ws” may be granted if approved by petition to the Dean of Admissions and Records.

**Summer Intersession Courses**
First Week
Students are to check with the Admissions and Records Office for appropriate withdrawal dates.

Open Entry Courses
As often as possible, open entry courses shall be treated according to the regulations for semester courses. See the Admissions and Records Office for further information.

---

**Instructional Support Services**

Please refer to the Computing Resources Acceptable Use Policy regarding computer centers.

**BUSINESS AND COMPUTER INFORMATION SYSTEMS LAB**
The Business and Computer Information Systems Labs are equipped with business and office automation equipment including 10-key calculators, transcription equipment, and microcomputers with a wide range of business application software. The Business and Computer Information Systems Lab (B-209) is available for business students who are concurrently enrolled in courses that require the use of the lab for enhancing and developing business skills. Please refer to the Class Schedule for hours of operation.

**ENGLISH AS A SECOND LANGUAGE PROGRAM**
Cypress College offers special classes in English for students who are non-native speakers of English. The classes are designed to improve reading, writing, listening and speaking skills. Students will have an opportunity to better understand the U.S. culture. They will also learn how to take exams, write essays and do transfer-level college reading and writing assignments. Individualized lab assignments will further build language skills.

**LEARNING CENTER**
The College Learning Center, located in Room H-303 of the Humanities Building, provides students with the opportunity to improve their basic learning skills, study foreign languages, and participate in a wide variety of telecourses. The Center offers testing, a wide variety of audio-tutorial packages, and a networked system of computers connected to the Internet. Students may drop in on their own or be referred by instructors or counselors. Students with a current student identification card may have access to its services.

**LIBRARY**
The library maintains a collection of approximately 68,000 books, periodical subscriptions as well as videos, CDs, DVDs, cassette tapes, maps, pamphlets, and several databases with selected full-text newspaper, magazine and journal articles. Students may access the World Wide Web, the library catalog, databases and the TILT academic research tutorial program, and the extensive full-text EBSCO Host periodical database, via fourteen Internet stations located in the reference area. Remote access is available from any campus Internet computer by linking to the library home page, and from off-campus with a user ID and password.

24 / Instructional Support Services
Instructor reserves, reference and circulation services are located on the third floor. Photocopiers, DVD players, VCRs and the periodical collection are located on the fourth floor. Group study rooms and individual study carrels are located throughout the library. Students have free access to all materials as well as borrowing privileges at a number of neighboring college and university libraries. Library staff members encourage students, faculty and staff to make full use of its resources and provide library orientations throughout the year.

In an effort to provide the widest possible access to the collection, grades, transcripts, diplomas and registration privileges or any combination hereof, will be withheld from any student or former student properly charged with the possession of overdue library books or other library materials.

NORMAL HOURS OF OPERATION:
MON - THU 8:00am - 9:00pm
FRI 8:00am - 6:00pm
SAT 11:30am - 3:30pm

MATHEMATICS-SCIENCE LEARNING CENTER
In the Mathematics and Science Learning Center, located in Room 114 of the Science/Engineering/Mathematics Building, the student will find instructors and qualified tutors available for assistance in solving problems and in understanding concepts in mathematics, chemistry and physics. This Center is open Monday through Friday, and any student may have access to its services.

NORMAL HOURS OF OPERATION:
MON & WED 8:00am - 3:00pm
TUE & THU 8:00am - 3:30pm & 5:00pm - 8:00pm
FRI 8:00am - 12:00 noon

PEER ASSISTED LEARNING
What is Peer Assisted Learning?
Peer Assisted Learning (PAL) provides students with an opportunity to participate in weekly study groups and tutoring sessions for classes which have historically proven to be very challenging. In these study group sessions, PAL tutors assist students to review the class materials and homework assignments, participate in activities that reinforce coursework, and prepare for exams by working through practice test questions.

What are the benefits of Peer Assisted Learning?
Students who participate in PAL study groups typically get a half to a full letter grade higher in a class than those who don’t participate. With the support of PAL study sessions, students have a greater chance of passing the class and are less likely to withdraw. With PAL, even students who do well in the subject can enhance their grade, earning an "A" where they might once have gotten a "B".

• Weekly study groups that review course materials
• Advanced preparation for tests
• Assistance with homework
• Individual tutoring
• Supportive learning environment

How do I get into a class that offers Peer Assisted Learning?
The current class schedule will offer a listing of those courses which have PAL study groups attached to them. You register for these classes as you normally would for any class. PAL study groups are typically held directly after the class. Leave 1 – 2 hours open in your schedule after your PAL class so that you will be able to participate in the study group sessions.

How do I find out more information about Peer Assisted Learning?
For more information contact the Peer Assisted Learning Coordinator at (714) 484-7098.

Start Strong, Stay Strong!
Peer Assisted Learning is funded by Title V Hispanic Serving Institution Grant

STUDENT SUCCESS PROGRAM
A Student Success Program has been implemented at Cypress College. The Program is designed to improve the potential for student success and academic achievement. The goal of the Program is to provide students with a timely notice of potential academic problems and give guidance as needed for students who need assistance in meeting the college’s academic requirements.

Faculty, on a voluntary basis, will contact students in their classes whom they believe would benefit from a student success early alert contact or a referral to an appropriate student service on campus. This early alert contact may be made in person with students attending class or by phone, e-mail, letter or postcard.

SUPPLEMENTAL INSTRUCTION
The Supplemental Instruction (SI) Program provides opportunities for students to voluntarily participate in study group sessions for highly difficult classes. Typically, these sessions are held immediately after the class and therefore, students wishing to utilize this program should keep their schedules free at those times. These study groups are organized and facilitated by SI Leaders who are students who have successfully completed the classes in which SI is being offered.

Students who participate in SI study sessions report increased understanding of concepts and improved study and test-taking skills. Data shows that those students who participate will earn a half to a full grade higher than those who do not participate.

For more information about SI, contact Carol Waechter, SI Coordinator at (714) 484-7322 or cwaechter@CypressCollege.edu.

WRITING CENTER
The Writing Center, located in Humanities Room H-324, offers students many modes to improve writing and critical thinking skills. Besides the assistance of well-trained tutors, students have access to instructional software. All computers also feature word processing and Internet access. Students with a current student identification card may have access to its services.

NORMAL HOURS OF OPERATION:
MON - THU 8:00am - 8:00pm
FRI 8:00am - 6:00pm
Special Programs
ALPHA GAMMA SIGMA HONOR SOCIETY

Alpha Gamma Sigma (AGS) is the California state wide community college Honor Society which, according to our constitution, has the purpose of fostering, promoting, maintaining, and recognizing scholarship. While being of service to AGS, the college and the community, members will be able to develop civil mindedness, and leadership characteristics which will be useful throughout their lives. Students will also be able to attend chapter events, on-campus activities, and regional and state conferences with students from other colleges.

The Greek Letters in our name were selected because they are the initials from Greek words the mean Excellence, Knowledge, and Wisdom. Sigma Psi is the Cypress College chapter. We not only acknowledge our members as outstanding scholars, but also as humanitarians who devote their time to help our campus and our community.

Eligibility requirements
To be eligible for member in AGS you must meet either one of the following requirements:

1. Temporary Membership: You are a first semester college student and you are a life member of the California Scholarship Federation (CSF), or you graduated from high school with a cumulative GPA of 3.5 or higher.

2. Initial/Continuing Membership: You are a continuing college student who has completed at least 12 semester units with a cumulative GPA of 3.0 or higher.

BLACK STUDIES LEARNING COMMUNITY (BSLC)
The Black Studies Learning Community (BSLC) is an academic program designed to increase success, retention, and transfer rates for underrepresented student populations. The mission of the BSLC is to promote academic success and transfer through collaborative and interactive activities drawn from the Black Experience. Based upon a student’s English placement, the BSLC incorporates counseling, tutoring, and linked curriculum drawn from African American culture in general education courses, such as English 060 C, English 100 C, Speech 100 C, Counseling 150 C, History 130 C, and Ethnic Studies 129 C. This three-semester program provides students with an opportunity to experience a culturally-based curriculum, while accomplishing twenty-one general education requirements for transfer. Contact Kimberly Beatty at kbeatty@CypressCollege.edu for information on how to become a part of this special program.

HONORS PROGRAM

The Cypress College Honors Program is designed to encourage talent and ability in highly motivated students as they begin their academic studies and prepare to transfer to a four-year college or university. Students who complete the Honors Program and meet all major transfer requirements will have priority consideration for admission to specific four-year institutions.

Classes are taught by faculty interested in enriching the students’ academic experience with special projects, readings and class activities. The Program provides a unique, seminar environment with close academic and social interaction with outstanding faculty and other highly motivated honors students. Guest speakers, cultural events and field trips enhance the challenging and creative learning experience.

The Transfer Alliances
Cypress College is a member of the Honors Transfer Council of California. This group has established transfer alliance agreements with four-year colleges and universities.

Requirements for Entrance

- Minimum 3.25 GPA in high school course work or a minimum of 3.0 GPA in 6 units of college course work, verified by transcripts.
- Eligibility for ENGL 100 C.
- Completion of the Honors Transfer Program application.
INTERNATIONAL STUDENTS

Cypress College welcomes applications for its International Student Program. Our college is authorized by the United States Department of Justice as an institution of higher learning for non-immigrant F-1 visa students. One of the goals of the program is to provide positive educational opportunities for students in an effort to improve the global community. The staff offers assistance with academic advisement, registration into classes and orienting students to living in Southern California.

- F-1 students are required to pay a non-resident tuition and enrollment fee. This fee is determined by the Board of Trustees each year and is due at the time of registration.
- Only persons who qualify for F-1 student visas are eligible for admission.
- Deadlines for the acceptance of applications from international students are July 1 for the fall semester and December 1 for the spring semester.
- The fee for the necessary special handling and processing of the application package of non-resident F-1 students is $40.00.
- The F-1 visa student is required to complete a full-time program (12 units or more) each semester of attendance and maintain a 2.0 GPA.
- Enrollment of F-1 students is limited to a maximum of six semesters.
- Criteria for acceptance of International Students:
  1. The applicant must possess knowledge of the English language sufficient to result in a Test of English as a Foreign Language (TOEFL) score of 500 (written) or 173 (computerized). Students already in the United States may take the Cypress College assessment test.
  2. The applicant must offer evidence of a degree of academic achievement the equivalent of an American high school education. The student must submit a transcript of school education. The student must submit an official school record accompanied by a notarized English translation.
  3. Applicant must offer evidence of financial responsibility.
  4. F-1 visa applicants who have attended other American schools or colleges may be considered for admission provided the applicant meets Cypress College admission requirements and can show proof of a valid immigration status with the U.S. Citizenship and Immigration Services (USCIS).
  5. After the completion of the above requirements, the applicant will be considered for admission and will be notified of his/her acceptance or non-acceptance. If accepted, the applicant will also be sent a SEVIS I-20 form and registration information.
- The F-1 visa student is held to the same scholastic requirements and to the same college rules and regulations as other students.
- F-1 visa students are required to purchase health insurance in the United States. Such insurance should include major medical coverage to protect the student against financial catastrophe. Students are required to provide proof of health insurance covering the full semester of current enrollment. Monthly or quarterly premiums are not acceptable.
- F-1 visa students will be recommended for a work permit only in accordance with the rules and regulations established by the U.S. Citizenship and Immigration Services (USCIS).
- F-1 visa students will not be accepted for admission into any program when applications by qualified U.S. citizens exceed space available.
PUENTE PROGRAM
The Puente Program was established at Cypress College in 1996. The mission of the Program is to assist students in transferring to universities. The Puente Program is a statewide transfer program open to all students. The Program consists of three components which serve to strengthen students’ academic success. The following three components are:

ENGLISH - Puente students take two consecutive writing classes, English 060 C and English 100 C, in a supportive and stimulating environment. Students work to build confidence in their writing skills by exploring subjects and literature related to the Mexican American/Latino experience.

COUNSELING - Puente students take counseling classes and work closely with their Puente counselor to improve study skills, explore career options, develop an academic educational plan, and identify lifetime goals. Students also tour university and college campuses and attend an annual Puente Transfer and Motivational Conference.

MENTORING - Each Puente student is matched with a mentor and a peer mentor. Mentors are professionals from the business community who share their personal, academic, and career experiences with students and provide a window into “real life” work environments. Peer mentors are former Puente students who have successfully completed the Puente Program and are still working on accumulating their transfer credits. The peer mentors help to extend the feeling of familia from one generation of Puente students to the next.

In addition to the three main components, Puente students also participate in a number of special activities. Puente coordinates social and cultural activities such as field trips to local museums, bookstores, and theaters. The object of these special activities is to enrich the Puente students’ educational, cultural, and social opportunities.

This Program is especially beneficial for first generation college students who need assistance in understanding the requirements of academic life and in learning about the many resources which are available on a college campus (such as financial aid, tutoring, etc.).

For more information contact the Language Arts/Social Science Counseling Department at (714) 484-7178, or the Language Arts Division at (714) 484-7169.

SERVICE LEARNING
Service Learning is a teaching method that promotes student learning through active participation in meaningful and planned service experience in the community that are directly related to the course content. Through reflective activities, students enhance their understanding of course content, general knowledge, sense of civic responsibility, self-awareness and commitment to the community. Check the current class schedule for courses that offer this option.

• Incorporate community service into your general education courses
• Apply course skills in a realistic environment
• Explore course skills in a realistic environment
• Increase career options in a course setting
• Experience civic awareness of the community
• Strengthen the ethic of service
• Transfer service learning hours to a four year institution

For more information please contact:
Kathryn Sonne, Service Learning Director
ksonne@CypressCollege.edu
Service Learning Office is located in the Transfer Center
Fine Arts Building, First Floor Room 102
(714) 484-7452 www.CypressCollege.edu

SPECIAL ADMIT PROGRAM
The Special Admit Program is intended for K-12 students who wish to enroll part time in advanced scholastic or vocational classes.

To be eligible for the Special Admit Program during the summer, fall or spring semesters, students must obtain the required recommendation from the principal with parental or guardian permission and approval from a Cypress College counselor. In certain circumstances the signature of a division dean and the college president is required.

Special Admit Students are required to have a 2.00 grade point average (verified by a high school transcript) and must meet all college admission requirements, attend assessment/orientation and meet course prerequisites. Special approval is required for full time enrollment, students less than 16 years of age, persons under age 18 who are enrolled in school and enrollment into specific courses where content is deemed not appropriate for minors by the department. Students on an F-1 visa are not eligible.

Enrollment fees are waived for California resident Special Admit Students in grades 9-12. All Special Admit Students are responsible for all other fees including lab, health, parking, books, materials and other related fees.

Courses taken by a Special Admit Student are recorded on the student’s permanent record as collegiate credit in the same manner as regularly enrolled college students. Credit may be given at the high school and may meet a graduation requirement; however, students should consult with the high school counselor. Special Admit Students must adhere to all college policies on admission, registration, course requirements, attendance, Student Code of Conduct, and all other applicable policies and procedures.
Student records are protected under the Family Educational Rights and Privacy Act (FERPA). No one (including parents and high school officials) may access confidential information without the student’s written permission.

Students wishing to enroll under the Special Admit Program can download the forms from the college website or contact the Admissions and Records Office for an Application for Admission and a Special Admit Recommendation Form. The Special Admit Recommendation Form is valid only for the current semester. A new Special Admit Form must be submitted for enrollment in subsequent semesters.

STUDY ABROAD PROGRAM
The Study Abroad Program provides students the opportunity to enrich their educational experience by studying abroad for one semester or for a shorter period of time, depending on course offerings, while earning Cypress College units. The program is designed not only to enrich course content by their location in the country where they are offered, but also to provide students with a multi-cultural experience by living in a society and environment different from that of the United States. Cypress College is associated with the College Consortium for International Education and may offer programs jointly with other California Community Colleges, thus expanding the students’ opportunities for experiences abroad.

Classes offered will be Cypress courses, often taught by a Cypress College instructor, ensuring complete transferability to other United States colleges. There is an application process for interested students, with prerequisites, interviews, and the final selection. Interested students may contact the Language Arts Division. For further information, call (714) 484-7080.

TEACHER PREPARATION PROGRAM
Program Code: 1T07860

The Teacher Preparation Program at Cypress College is a comprehensive student services program that provides academic support, specialized counseling, and outreach to students who are interested in pursuing a career in teaching. The primary purpose of the program is to provide Cypress College students with a clearinghouse of information and resources to help them become teachers. The program also provides early fieldwork experience in an educational setting, as well as, a future teachers club called “Future Educators.”

The program offers special classes called Teacher Preparation Classes. These classes are designated with an apple in the Class Schedule. These classes are designed to enhance the future teachers understanding by providing a variety of different experiences in the classroom related to the field of Education. A Learning Community is two classes that are paired together with integrated projects and a common theme of education woven throughout both classes. The faculty members from each class have specially designed these classes to enhance the experience in each class by cross referencing topics in each class, with an emphasis in education. The Learning Communities are designated with two apples in the Class Schedule.

TEACHING CREDENTIAL PREPARATION
There are several types of credentials offered by the state of California that students can receive. Students interested in teaching at the elementary school level will be obtaining a Multiple Subject Teaching Credential. The students interested in teaching at the middle school or high school level will earn a Single Subject Teaching Credential. Most California Teaching Credentials take five years to complete on a full-time basis. The required lower division courses may be completed at Cypress College. For more information, log onto the California Commission on Teaching Credentialing website at: www.ctc.ca.gov.

CALIFORNIA BASIC EDUCATIONAL SKILLS TEST (CBEST)
The CBEST verifies proficiency in reading, mathematics, and writing. Passing the CBEST is a requirement for obtaining a teaching credential issued by the California Commission of Teacher Credentialing and is required prior to student teaching. It is strongly recommended that students seeking a teaching credential take the CBEST after completing category A and B4 in the CSU/GE Requirement or Area 1 and Area 2 in the IGETC/GE Requirements. CBEST review classes are offered periodically throughout the year. Check the Class Schedule for specific dates. Students should pass the CBEST before leaving Cypress College. For more information about the CBEST exam, log onto www.cbest.nesinc.com.

CALIFORNIA SUBJECT EXAMINATIONS FOR TEACHERS (CSET)
All applicants for an elementary teaching credential must prove they are knowledgeable and competent in the subject area(s) they will be licensed to teach. For the middle or high school teacher, subject matter competence focuses on a particular subject such as, English or Math. The secondary teaching credential does not require the CSET as long as the student is in an “approved program” and majors in the same subject of their credential. For the elementary teacher, subject matter competence must be demonstrated for all subjects relevant to the elementary classroom through the CSET exam. The exam is divided into subtests (most exams have three subtests) and the examinee has five hours to complete it. Passing the CSET is required for those students who pursue the multiple subject credential.

For further information, visit the CSET website at: www.cset.nesinc.com.

SULB (ITEP) ELEMENTARY PROGRAM & CSUF (STEP) ELEMENTARY PROGRAM
The Teacher Preparation Program curriculum fulfills all the lower division requirements for the CSULB (ITEP) and CSUF (STEP) Integrated Teacher Education Programs. Upon completion of the integrated program, a student will meet requirements for both a B.A. in Liberal Studies and preliminary multiple subject teaching credential for teaching grades K through 8th, without having to enroll in a year-long credential program. Applications and further information are available in the Teacher Preparation Program Office in the Department of Social Sciences.
SINGLE SUBJECT TEACHING CREDENTIAL
A Single Subject Teaching Credential authorizes the holder to teach a particular subject at the middle school or high school level. Specific Single Subjects are: Art, Business, English, Health Science, Industrial & Technology Education, Language (other than English), Math, Music, Physical Education, Biological Sciences, Chemistry, Geosciences, Physics, and Social Science. A student will need to earn a Bachelor’s degree (preferably in the subject taught), pass the California Basic Education Skills Test (CBEST), complete a teaching credential program, pass a U.S. Constitution class, pass the California Subject Examination (CSET), pass the Reading Instruction Competency Assessment (RICA), and obtain a Character and Identification Clearance.

EDUCATION SPECIALIST CREDENTIAL
(Special Education)
The person holding this credential may work with elementary, middle school, or high school students. An Education Specialist Credential offers the following specializations: Mild to Moderate Disabilities, Moderate to Severe Disabilities, Visual Impairments, Deaf and Hard-of-Hearing, Physical and Health Impairments, and Early Childhood Special Education. A student will need to earn a Bachelor’s degree, pass the California Basic Education Skills Test (CBEST), complete a teaching credentialing program, pass a U.S. Constitution class, pass the California Subject Examination (CSET), pass the Reading Instruction Competency Assessment (RICA), and obtain a Character and Identification Clearance.

MULTIPLE SUBJECT TEACHING CREDENTIAL
A Multiple Subject Teaching Credential authorizes the holder to teach in a “self-contained” classroom, meaning that one teacher teaches all subjects to the same students. A student will earn a Bachelor’s degree, preferably in Liberal Studies or Child Development (but not exclusively), pass the California Basic Education Skills Test (CBEST), complete a multiple subject credential program, pass a U.S. Constitution class, pass the California Subject Examination (CSET), pass the Reading Instruction Competency Assessment (RICA), and clear a Character and Identification Clearance. All of the California State Universities now have a statewide agreement that they will all use the same 45 units of common core for all Integrated Teacher Preparation Programs in the State of California.

INFORMATION
For specific academic advisement at Cypress College, see your Teacher Preparation Counselor, Vela Lawson (714) 484-7178, or the Coordinator Sherry Ward (714) 484-7168. The Teacher Preparation Office has a list of all the Cypress Classes you will need to take for transfer to a CSU or other University. The Cypress Teacher Preparation website is: www.cypresscollege.edu/~tpp/. There is also a link on this page to the “Future Educators” Club at Cypress College.

** Students with a criminal record are strongly recommended to see the Teacher Preparation Coordinator to find out their eligibility in the program.

NOTE: Students interested in Teaching should use the above code to indicate their area of interest for the Liberal Arts degree.

THE UNIVERSITY TRANSFER ACHIEVEMENT PROGRAM (UTAP)
The Cypress College University Transfer Achievement Program empowers students to achieve their academic goals. It is designed to assist students to transition successfully from high school to community college and to transfer to four-year colleges and universities. UTAP has two components: the Learning Communities and the Transfer Track Program.

THE LEARNING COMMUNITIES
UTAP has two one-year freshman learning communities: Freshman Experience and College Readiness. In the learning communities, UTAP instructors and counselors work together to help students gain the skills, knowledge, and attitudes necessary to achieve academic success. The program offers linked classes to provide unique educational opportunities that enhance student success.

Requirements for Participation in the Learning Communities
- Eligible for ENGL 058 C or ENGL 060 C
- Full-time student
- Willing to participate in a one-year learning community experience

Benefits of the UTAP Learning Communities
- Guaranteed enrollment in English and general education classes
- Introduction to campus resources and support services
- Special assistance with English homework from Peer Assisted Learning (PAL) tutors
- Insights in how to prepare a strong "academic resume" to qualify for scholarships, internships, and admissions to competitive four-year colleges and universities
- Opportunity to form close friendships with other students in the program

Applying for a UTAP Learning Community
- Submit a Learning Communities Application to the UTAP Office. Applications are available in the Transfer Center.
- Submit Cypress College assessment results or SAT scores that show proof of eligibility for ENGL 058 C or 060 C.

THE TRANSFER TRACK PROGRAM
The UTAP Transfer Track Program is designed for first-time freshman and currently enrolled students with less than 30 units completed. It provides a variety of support services that assist students to achieve successful transfer to a four-year college or university.
Benefits of the Transfer Track Program
• Personally developed Student Education Plan
• Counseling and monitoring by a transfer counselor
• Visits to university campuses
• Transfer related workshops and activities
• Insights in how to prepare a strong “academic resume” to qualify for scholarships, internships, and admissions to competitive four-year colleges and universities

Requirements for Participation in the Transfer Track Program
• Full-time student
• Less than 30 college units completed
• In good standing with the last school attended

Applying for the Transfer Track Program
• Submit a Transfer Track Application and a current transcript to the UTAP Office. Applications are available in the Transfer Center or at www.CypressCollege.edu/~titlev.

UTAP is funded by a Title V Developing Hispanic Serving Institutions Program grant.

Student Support Services
The hours listed here are the normal hours of operation for the various offices for the Fall and Spring semesters. The Summer hours may be different (consult the Summer Class Schedule) and all hours are subject to change.

ADMISSIONS AND RECORDS
Admissions and Records is the first contact students will generally have with Cypress College. The Office provides clear and concise information to all members of the community, admitting and registering students in a timely and proficient manner. The Office provides supportive contacts with students, faculty and the administration by maintaining and retrieving records efficiently and accurately. The Admissions and Records Office serves as the final evaluator of all certificate and graduation applications, distributes student records (including grades and transcripts) by certifying and reporting attendance data to appropriate agencies. The Admissions and Records Office is responsible for reporting student characteristics and enrollment data as requested or required.

The Admissions and Records Office is located on the ground floor of the Administration/Library Building. For information, call (714) 484-7410.

NORMAL HOURS OF OPERATION:
MON - THU 8:00am - 7:00pm
FRI 8:00am - 5:00pm

ADULT RE-ENTRY PROGRAM
The Adult Re-entry Program recognizes that learning is a lifelong process and is dedicated to meeting the needs of “non-traditional” students. Our Program provides a combination of services to explore career, academic and success issues as you progress on your educational path. Let us help you discover the many opportunities, services and options available. The Program Offers counseling, classes, support groups, workshops, resources and referrals. The Adult Re-entry Program is located in the Career Planning Center in the Tech Ed II Building, Room 207A. For information call (714) 484-7120 or visit our website at: www.CypressCollege.edu/~cpc.

NORMAL HOURS OF OPERATION:
MON - FRI 8:00am - 5:00pm

ARTICULATION STATEMENT
Articulation agreements define how courses will transfer from one institution to another. Cypress College maintains major and/or course-to-course articulation agreements with most public universities and many independent colleges and universities in the state of California. The agreements with the public institutions are listed on www.assist.org which is the official repository for articulation in the state. Many independent institutions have articulation information available on their websites. In addition, agreements with public and independent institutions are located in the Transfer Center.

ASSESSMENT CENTER
The Assessment Center provides a variety of services to determine skill levels in grammar, reading, and mathematics. The Center is one of the main components of matriculation services offered to each student. The purpose is to place students in courses which match the students’ skills, needs, and goals with college courses, programs and services.

Testing dates, times, and location for course placement are published in the Class Schedule and on the Cypress College website. The Assessment Center is located on the first floor of the Business Building. For information call (714) 484-7223.

NORMAL HOURS OF OPERATION:
MON - FRI 8:00am - 5:00pm
BOOKSTORE
All textbooks and supplies will be available for purchase in the bookstore at least two weeks before each semester or mid-semester class begins. The bookstore also offers special orders for those books that students cannot find in area stores.

The bookstore also offers supplementary educational books and supplies. The supply section offers imprinted Cypress College logo clothing, gifts, greeting cards, snacks, candy, beverages and general merchandise.

You may also purchase textbooks online at: www.CypressCollegeBookstore.com.

NORMAL HOURS OF OPERATION:
MON - FRI 8:00am - 5:00pm
FRI 7:45am - 5:00pm

For your convenience the bookstore is open two consecutive Saturdays each semester beginning with the Saturday before the start of the Fall and Spring Semesters. Hours for the Summer session and holidays will be posted outside the bookstore as necessary.

BOOK BUYBACK
Students may sell their textbooks and certain workbooks back to the bookstore, or wholesale buyer, during the first three days of classes and during Fall/Spring Final Exams, and the first two days of mid-semester classes.

NORMAL BUYBACK HOURS:
MON - THU 8:30am - 7:00pm
FRI 8:30am - 2:00pm

BURSAR
The Bursar’s Office processes registration payments and registration refunds, accepts deposits and processes requests for expenditures for a variety of areas on campus including Associated Students and all campus clubs, and monitors campus fundraising activities. This office is also responsible for pay-check disbursement and disbursement of scholarship funds. The Bursar’s Office is located on the first floor of the Business Building. For information, call (714) 484-7317.

NORMAL HOURS OF OPERATION:
MON - FRI 8:00am - 5:00pm

CAREER PLANNING CENTER
The Career Planning Center offers services designed to assist students and the general public move forward with confidence, new skills and strategies for success. Visit the Career Planning Center to discover your career/major options, target your ideal career, clarify your preferred values, interests and activities, and perfect your job search. The Center offers one-on-one counseling to help with selecting a college major, occupational possibilities, or career goals and alternatives. Also available are career classes, career assessments, workshops, a research library, college catalogs, career-related software programs and much more. The Career Planning Center is located in the Tech Ed II Building, Room 207A. For information call (714) 484-7120 or visit our website at: www.CypressCollege.edu/~cpc.

NORMAL HOURS OF OPERATION:
MON - FRI 8:00am - 5:00pm

CENTER FOR INTERCULTURAL UNDERSTANDING
The Mission of the Center for Intercultural Understanding (CIU) is to enrich our learning community through intercultural understanding. The goals of the CIU are to 1) celebrate diversity, 2) promote human relations, 3) disseminate information, 4) provide a forum for dialogue, 5) build community relations, and 6) support globalization/internationalization of curriculum. The Diversity Committee, which oversees the CIU, meets monthly during the academic year. For information, call (714) 484-7049 or 7050.

COUNSELING & STUDENT DEVELOPMENT
The College maintains a complete guidance service, including the orientation of new students to a successful college experience, counseling to meet the educational requirements for various careers, assistance in selection of courses of study, and individual guidance in matters of aptitude and personal adjustment as they are related to the student’s vocational and educational objectives.

Each student is assigned a counselor based on a major or area of interest. The counselor assists the student in planning a program of courses and is available to help in other matters affecting the student’s progress in college. Regular conferences may be scheduled during each semester to ensure that the student may gain the greatest possible benefit from the counseling service. Counselors can also be reached by e-mail during the semester at onlinecounselor@CypressCollege.edu or through their individual e-mail address listed in the Programs and Course Descriptions section of this catalog under Counseling and Student Development.

Special courses are offered to assist students in gaining the maximum benefit from their college experience. For example, all students enrolled in more than two classes must enroll in COUN 140 C or COUN 140HC during their first semester of attendance. This course is designed to further help orient students to college life and assist students in their educational and vocational planning. In addition, there are opportunities for students to take mini-guidance courses in Career and Life Planning, Academic and Life Success, Career Exploration, College/University Transition, and Academic Success and College Survival.

COUNSELING 140 C, 140HC
First-time students who are taking more than two classes or who plan to earn the Associate Degree, obtain a certificate, or transfer to a four-year college must include Educational Planning COUN 140 C, or COUN 140HC, in their schedule. This nine-hour course is taught by a counselor and the class is usually comprised of students with similar majors and/or interests. It is designed to assist the first-time college student with adjustments to college and meeting the educational demands of the college. A large component of the curriculum deals with planning the student’s program for the following semesters, depending upon whether the ultimate goal is to complete an Associate degree, a vocational certificate, or whether it is to transfer to a four-year college.
FOUNDATION
The purpose of the Cypress College Foundation is to advance the work of Cypress College. That work is the education of students, which the Foundation supports by securing funds which it distributes through scholarships, loans, grants, and the funding of select college programs and projects. A non-profit, tax-exempt organization, the Cypress College Foundation raises its funds through the Americana Awards Banquet, one of the premiere events in North Orange County; the President’s Circle, comprised of some of the very best friends and supporters of Cypress College; the Cypress College Foundation Golf Classic; and various other programs and activities, including planned giving. For more information contact the Foundation Office at (714) 484-7126.

NORMAL HOURS OF OPERATION:
MON - FRI 8:00am - 5:00pm

DISABILITY STUDENT PROGRAMS & SERVICES
Programs and services are offered to students with verified disabilities who are enrolled in the college. Disabilities may include: mobility impairments, visual impairments, hearing impairments, learning disabilities, head injuries and psychological impairments. Programs and services are tailored to the student’s individual needs with the goal of integrating the student into all facets of college life. The Roosevelt Center is located in the Science, Engineering, Math Building on the first level, Room 129.

Typical services include:
- Complete assessment/evaluation for learning disabilities
- Academic, vocational and personal counseling
- Information and referral
- Registration assistance
- Test taking assistance
- Mobility assistance
- Interpreters (oral and manual)
- Alternate media

Special classes:
- Adapted Physical Education
- College Orientation
- Career Preparation and Life Management
- Wheelchair Basketball
- Adapted Computer Classes

Special equipment: (located in our High Tech Center)
- JAWS
- Braille printer
- CCTV
- Large screen computers

Please call for office hours.
Phone (714) 484-7104
TDD (714) 761-0961
FAX (714) 826-4042

From its inception, Cypress College was designed as the ideal campus for physically disabled students. Flat and compact, it offers excellent access to all buildings, classrooms and offices.

NORMAL HOURS OF OPERATION:
MON, TUE, THU & FRI 7:00am - 5:00pm
WED 7:00am - 7:00pm

EXTENDED OPPORTUNITY PROGRAMS & SERVICES (EOPS)
The Extended Opportunity Programs and Services (EOPS) is a state and college funded program designed to assist students with economic, linguistic, and educational challenges (as defined by Title V) enroll and succeed in higher education. Comprehensive support services are provided to promote access to college and once the student is enrolled, to increase retention and/or transfer to four-year universities and colleges.

These services include:
- Outreach, Recruitment and College Orientation
- Full Service Tutoring Center
- State-of-the-Art Computer Lab
- Counseling and Advisement
- Priority Registration
- Instructional Support Services
- Book Service
- Educational Supplies and Materials
- University Application Fee Waivers
- Health Fee Waivers
- Computerized Instructional Programs

The CARE program provides additional services and grants to eligible single parents who are on public assistance. CARE is located in the Workforce Preparation Center.

The EOPS and CARE staff are composed of dedicated professionals and student workers who are committed to seeing you succeed in college. Services are free of charge to all EOPS eligible Cypress College students.

To find out more about us visit our website at: http://sss.CypressCollege.edu/~eops, come to our office located in the Tech Ed II Building, Room 213 (south of the pool) or contact us at (714) 484-7368.

NORMAL HOURS OF OPERATION:
MON, THU & FRI 8:00am - 5:00pm
TUE & WED 8:00am - 6:00pm
FINANCIAL AID
The Financial Aid Office provides a number of important student services, which include:

• Providing information regarding the types of financial aid available;

• Helping collect and complete all necessary financial aid forms and documents; and providing guidance on student loans.

The Financial Aid Office currently administers state and federal grants, loans, and work-study. The most common types of financial aid that Cypress College students are eligible to receive include:

Pell Grants — Federally funded grants for eligible undergraduate students (www.fafsa.ed.gov);

Federal Supplemental Educational Opportunity Grants (FSEOG) — Federally funded grants for eligible undergraduate students;

Cal Grants — State-funded award for eligible students from disadvantaged backgrounds or low-income families who have exceptionally high financial need, to provide them assistance with enrollment fees, living expenses, books, supplies, and transportation (www.csac.ca.gov);

Board of Governors (BOGW) Enrollment Fee Waivers — State-funded waivers of enrollment and health fees for eligible students;

Federal Work-Study (FWS) funds — Federally funded program that provides wages to eligible students for both on-campus and off-campus employment;

Loans (subsidized and unsubsidized) — Federally administered, low-interest loans to eligible students.

WHO Qualifies for Financial Aid?
To be eligible to receive most forms of financial aid, a student must show documented “financial need” as determined by the federal government. However, there are a number of other specific federal requirements that must also be met. To be eligible for federal financial aid, you must:

• Be a US citizen, a permanent resident, or an eligible non-citizen;

• Have a valid Social Security Number;

• Have a high school diploma or GED, or pass an approved, independently administered test (Ability-To-Benefit exam) that must be taken at Fullerton Community College;

• Be enrolled in an eligible program at Cypress College;

• Make satisfactory academic progress in your course work.

Students who have been ineligible or disqualified to receive financial aid, should re-apply each year and are encouraged to come in and ask about other resources that may be available to them including filing an appeal for financial aid.

• Have complied with US Selective Service requirements (www.sss.gov);

• Have not been convicted of the possession and/or sale of illegal drugs; and

• Not be in default on a student loan or owe a refund on any state or federal grant you may have received in the past.

For Information:
Financial Aid Office
Cypress College
Tech Ed II Building, Room 209
9200 Valley View Street
Cypress, CA 90630
(714) 484-7114
www.CypressCollege.edu

NORMAL HOURS OF OPERATION:
MON - FRI 8:00am - 5:00pm

FOOD SERVICES
There are two areas of Food Services available on campus during day and/or evening hours; both are operated by “Food for Thought.” One location is on the first floor of the Culinary/Theater Arts building, the second is a convenience store located on the first floor of the Humanities building. The Culinary/Theater Arts location provides a variety of hot and cold food menu items. The convenience store offers specialty coffees, cold drinks, and snack items.

FOOD FOR THOUGHT
NORMAL HOURS OF OPERATION:
MON - THU 7:00am - 8:00pm
FRI 7:00am - 2:00pm

CONVENIENCE STORE
NORMAL HOURS OF OPERATION:
MON - THU 7:00am - 9:00pm
FRI 7:00am - 1:00pm
HEALTH SERVICES
As a registered student at Cypress College you are eligible for basic health services at your center. The Student Health Services Center is an office responsible for the health and wellness of students on campus. Our goal is to promote physical and emotional wellness, prevent illness and injury, provide basic outpatient health services, and to educate students toward taking responsibility for their own health.

There is no charge to see the Physician, Nurse Practitioner, Psychologist, Counselor and/or Nurse. Nominal fees will be assessed for lab tests, immunizations, medications, and special exam procedures. A full time registered nurse and a full time nurse practitioner are available at all times. Appointments are recommended to see the doctor, nurse practitioner and psychologist/counselor. Emergencies are seen immediately.

All students are covered by an insurance policy which provides coverage for accidents while on campus during required attendance and while using college sponsored transportation to and from college activities (private insurance is primary).

To make use of any of these health services or to get further information, contact the Health Center located on the first floor of Gymnasium II building by calling (714) 484-7361, or stop by the Center.

NORMAL HOURS OF OPERATION:
MON - FRI 8:00am - 5:00pm

LOST AND FOUND
Lost items that have been turned in may be claimed at the Security and Information Office, located just east of the Theater Arts Building.

NORMAL HOURS OF OPERATION:
MON - FRI 7:30am - 4:00pm

MATRICULATION
Matriculation is a set of services provided to all students as a means of ensuring their academic success. It is legally defined as an agreement between the college and its students. This legislation ensures that every community college student will be afforded the same opportunity for services and to achieve academic success. The college goal is to make the institution a place of easy access and success for students to achieve their educational goals and economic gain. The five components or services which create an easy step-by-step process to introduce Cypress College students to higher education are:

Admissions: The information contained in the college application becomes part of the student’s official record. This office registers students and records grades, program changes, graduation, and transfer requirements.

Assessment: The purpose is to gather as much information as needed on new students. Counselors review assessment scores, transcripts, current study skills, language skills, goals, majors, career aspirations, and the need for special services. Testing is necessary for a first time student if there are no previous records. Assessing student skills aids in making the best educational choices.

Orientation: Students new to Cypress College prior to registration are required to attend a one and one-half hour group orientation/counseling session. During this session the counselor will review the College Catalog, Class Schedule, services, programs, certificates, degrees, majors, general college procedures, and college regulations. The counselor will review with the students their test scores, previous transcripts, course prerequisites, and course selection. On line orientation is available at http://www.CypressCollege.edu/~counseling/orientation. After registration, Educational Planning COUN 140 C or 140HC is offered to assist the student in completing their individualized Student Education Plan.

Counseling/Advising: All students are encouraged to visit their counselor and confer with instructors periodically throughout the year. Counselors are also available through their e-mail address, located in the Programs and Course Descriptions section of this catalog under Counseling and Student Development. A Student Educational Plan should be on file in each student’s academic record after completion of 15 units. Faculty advising is available through instructors’ posted office hours.

Student Progress/Follow Up: Students who excel in their course work are placed on either the Dean’s Honor Roll or the President’s Honor Roll. Information regarding scholarship and Honors is available within this catalog. Students encountering difficulty in courses are referred to appropriate college services by counselors and instructors. Additional referrals are made to assist students with special needs.

Students may be exempt from the Matriculation services if they are a graduate from an accredited U.S. college or university with an Associate of Arts degree or higher; or matriculated at another College.

Student Rights
All matriculated students have the right to challenge or appeal any step in the matriculation process and may:

1. Enroll in any class where prerequisites are met.
2. Challenge course placement decision.
3. Request a waiver of prerequisites for a course, if it is offered, not validated, or if able to demonstrate previous knowledge.
4. File a complaint of discrimination if prerequisites are being applied in a prejudicial manner.

If you have questions regarding any aspect of these services, please contact the Matriculation Manager at (714) 484-7230.
PARKING AND TRAFFIC CONTROL
All campus parking regulations are enforced by the Cypress College Campus Safety Department. All traffic regulations are enforced by the Cypress Police Department. Students are advised to follow parking and traffic regulations and signs carefully.

Parking enforcement – Failure to display a parking hanger or one day permit on your vehicle or a parking sticker on your motorcycle will result in a parking citation issued by the Cypress College Department of Campus Safety. The fine for parking without a parking hanger is $25, all other fines range form $25 to $275 depending on the violation. Please note you must pay or contest the citation within 21 days from the date of the citation or the fine will be doubled. A copy of the Cypress College Parking Regulations is available at registration or in the Campus Safety office in the Security/Information building.

Use of the campus parking lots is restricted to staff and students paying a parking fee. This fee may be paid daily or a semester permit may be purchased at the time of registration or anytime during the semester. Those paying the semester fee will receive a parking lot permit authorizing use of the campus student parking lots and will also permit parking in student parking lots at Fullerton College as well as the student parking lots at our Anaheim campus. Payment of the parking fee does not guarantee a parking space, but will permit parking in designated spaces at all three campuses.

A valid parking permit should be displayed in or on all vehicles at all times while in the designated parking areas. Disabled persons vehicles – vehicles displaying the proper Disabled Person Placards or license plates may park in disabled parking, student parking and limited parking zones. A valid student permit or day permit must also be displayed during the times listed below. There are Disabled Person Parking spaces available in all campus lots, which are marked with the traditional blue sign and symbol. Disabled persons are encouraged to use those spaces. Use caution when parking, and do not park on any areas blocked out next to the disabled parking. These blocked out areas are unloading areas, and ALL vehicles can be cited for blocking them. The fine is $275.00. Lost permits cannot be replaced except by payment of another fee. A police report is required for replacement of a stolen permit. Please note there may be a nominal replacement fee required.

Parking availability – One day parking permit dispensers are available at various locations on campus for $2.00 per day. Escorts are available for anyone who would like accompaniment to or from the parking lot. Contact Campus Safety at (714) 484-7387.

NORMAL HOURS OF OPERATION:
MON - THU 7:00am - 10:00pm
FRI 7:00am - 3:00pm
SAT 7:00am - 10:30am

PATRONS OF THE ARTS
The Cypress College Patrons of the Arts is a non-profit, tax-exempt organization that functions under the auspices of the Cypress College Foundation. It was founded to encourage community participation in the college’s fine arts programs and exhibits, foster cultural, visual, and performing arts activities at the college, to raise funds to provide scholarships to students, and to provide monetary grants to enhance the programs of the Fine Arts Division. For further information contact the Dean of Fine Arts at (714) 484-7139.

SAFETY AND SECURITY
Cypress College employs parking and security guards with training specific to these areas. For incidents requiring resources and services not available at Cypress College, Cypress Police Department and other agencies are summoned. (20 United States Code 1092C).

The Campus Safety Department is located in the Security and Information Building just east of the Business Building.

It is the intent of Cypress College to inform students and staff, in a timely manner, of any criminal activity or security problem, which may pose a reasonable threat to their safety. Such information will be distributed to students through brochures, student publications, and the student newspaper. (20 United States Code 1092 D/E).

Any criminal action or emergency may be reported to the Campus Safety Office, located just east of the Theater Arts Building. We have officers on duty 24 hours a day, seven days a week; however, the office hours are Monday – Thursday from 7:30 a.m. to 9:00 p.m. and Friday from 7:30 a.m. to 4:00 p.m. (20 United States Code 1092 A).

STUDENT HOUSING
Housing is not available on the college campus. Students interested in off-campus housing should contact the Student and Campus Activities Office for suggested quarters. A listing of available housing is located on a bulletin board in the Student Activities Building. For questions, call (714) 484-7198.

STUDENT SUPPORT SERVICES
The Student Support Services is designed to assist with placement of students into fast-track training programs. The center is located on the 2nd floor of the Tech Ed II Building, Room 215, or for more information, please call (714) 484-7237.

Programs available are:
- CallWORKs------- California’s Work Opportunity and Responsibility to Kids
- CARE---------- Cooperative Agencies and Resources for Education
- TRAC------------ Training Resources to Achieve Completion
- WOW------------ World of Work

TRANSFER CENTER
The Transfer Center assists students interested in continuing their education at four-year institutions with an emphasis on reaching the historically underrepresented transfer students. The Transfer Center offers students opportunities to meet with representatives from four-year schools for advisement and to attend workshops and transfer fairs. The Transfer Center houses an extensive transfer resource library including college catalogs, articulation agreements, reference books, college videos, and computer programs for student use.

For more information, visit the Transfer Center in Room FA-100 on the first floor of the Fine Arts building, or call (714) 484-7129.

NORMAL HOURS OF OPERATION:
MON - FRI 8:00am - 5:00pm
VETERANS BENEFITS

Cypress College is approved as a degree-granting institution for the attendance of veterans under Title 38, United States Code. This includes the programs covered in Chapters 30, 31, 32, 35, and 106 of Title 38, which were formerly known as Public Laws 16 and 894 (rehabilitation of disabled veterans) and Public Law 634 (war orphans). The College is also approved for the attendance of California veterans’ dependents under the State program.

Veterans who plan to enroll in the College are urged to contact the campus Office of Veterans’ Affairs well in advance of registration so necessary arrangements may be made with the Veterans’ Administration or the California Department of Veterans’ Affairs. The campus Office of Veterans’ Affair works closely with academic counseling, the Student Employment/Financial Aid Office, the Student Educational Development Center and the various veterans’ agencies to provide the veteran with those services which will contribute to a successful educational experience. Veterans and eligible dependents/spouses, who are on academic probation (below a 2.00 grade point average), must show a continued improvement in their grade point average each semester after the below 2.00 GPA deficiency. A student who is on academic probation will have VA educational benefits payments suspended after two semesters without satisfactory progress toward the graduation requirement of 2.0 GPA. In such instances a student must petition for recertification and must provide a counselor approved program indicating what course of action will be completed to maintain satisfactory progress toward graduation requirements.

Veterans needing assistance should contact the VA Coordinator in the Admissions and Records Office. For further assistance, phone (714) 484-7348.

NORMAL HOURS OF OPERATION:
MON - FRI 8:00am - 5:00pm

CULTURAL CLUBS

Cultural clubs provide students with an opportunity to experience other cultures as well as to meet students with similar backgrounds. In addition, they provide a link to the political and social events shaping the world of today.

INTEREST CLUBS

Interest clubs provide a place or event for students to share a common interest or a chance to experience something new.

RELIGIOUS CLUBS

Religious clubs promote a particular religion as well as provide a place for students to come together in their faith.

MEETING TIMES

The meeting times for all clubs can be obtained from the Office of Student Activities in the Student Center. The following is a complete list of Cypress’ campus clubs and organizations:

- Alpha Gamma Sigma (Honor Society)
- Black Student Union – Anime Club
- Buddhists for World Peace
- Campus Christians
- Charger Chronicle
- Court Reporting Club
- C.C. Flying Team (Alpha Eta Rho)
- Creative Arts Guild
- Cypress Nursing Student Association (CNSA)
- Dental Assisting Club
- Explorer’s Club
- Flight Attendants
- Forensics
- Funkollective Club (Music)
- G.A.L.A.
- Global Association of Culture and Peace
- Hare Krishna Yoga
- Honors Club
- Hospitality and Travel Club
- Human Services
- Korean Christian Fellowship
- Korean Student Association
- Later-Day Saints Student Association
- M.E.Ch.A.
- Mortuary Science Club
- Muslim Student Association
- Native American Club
- Outreach Ministries
- Philosophy Club
- Pre-Med Club
- Progressive Students for Change
- Psychiatric Technology
- Psychology Circle
- Radiologic Technology
- Recording and Entertainment Club
- Scholarship Club
- S.A.D.H.A. (Dental Hygiene)
- Spirit Club (Pep)
- Vietnamese Club
- Women’s Study Club

DRESS CODE

Students are expected to dress in good taste. Attending class or entering any campus building while barefooted or bare-chested is specifically prohibited.
INTERCOLLEGIATE ATHLETIC PROGRAM

The Cypress College Chargers are members of the Orange Empire Conference composed of Cypress, Fullerton, Golden West, Irvine Valley, Orange Coast, Riverside, Saddleback, Santa Ana, and Santiago Canyon Community Colleges. The Chargers compete in conference competition in the following men’s sports: baseball, basketball, golf, soccer, swimming and tennis. Women’s intercollegiate sports include: basketball, golf, soccer, softball, swimming, tennis, volleyball and water polo. The Chargers also compete in wheelchair basketball. Cypress students may participate in football, cross-country, track, men’s water polo and wrestling at Fullerton College.

Athletic eligibility rules and regulations adopted by the conference and the California Commission on Athletics are rigidly enforced at Cypress College. In general, eligibility rules require an athlete be enrolled in 12 units or more at the time of competition. To compete a second season in a sport, an athlete must complete and pass 24 units with a 2.0 GPA between seasons of competition. These must be completed prior to the beginning of the second season of the sport. Transfers who have participated in athletics at another California community college must complete 12 units at Cypress College before becoming eligible. Since this is only a general guideline and athletic eligibility rules are rather complex, questions regarding eligibility should be referred to the athletic director for clarification.

INTER-CLUB COUNCIL (ICC)

The Inter-Club Council (ICC) is financed by the Associated Students of Cypress College and its chair is an elected, voting member of the Associated Student Council. The Inter-Club Council is composed of a representative from each of the recognized clubs on campus. Its function is to coordinate the activities of the various clubs and to provide an organized channel for club support of, or participation in, major campus events. For information regarding current clubs on campus, and/or the forming of new clubs, please stop by the Student Activities Building.

PUBLICATIONS

OFFICIAL STUDENT PUBLICATIONS

Student publications are approved by the college through authorization of the President of the college and the assignment of a faculty advisor. Such publications are eligible for distribution on campus. All student publications are expected to reflect good taste, be written and edited by students of the college, and conform to editorial policies established by the college. These editorial policies shall include authority of the faculty advisor to exercise the right to disapprove materials with provision for the right of the student appeal to persons designated by the college President. Students who violate this policy shall be subject to suspension and/or expulsion.

UNOFFICIAL PUBLICATIONS

Commercial publications may not be distributed or sold on the college campus without specific permission from the President. Non-commercial publications, student or non-student, not sponsored or approved by the college may be distributed on campus under regulations as established by the college. Such regulations may pertain to hours and

places of distribution, littering, the orderly operation of the college, the outrage of public decency, and an identification of the persons and/or organizations sponsoring the material. Unofficial publications which do not meet the criteria listed are considered unauthorized and may not be distributed on campus.

STUDENT ACTIVITIES

The Student Activities Program at Cypress College is intended to achieve the following objectives:

- to provide opportunities for students to share in governance activities;
- to provide students with the opportunity to create and administer their own organizations;
- to provide a leadership development program for credit that will help students learn the practical application of leadership and organizational theory.

Student Activities is an integral part of college life, and all students are encouraged to take an active role in some phase of the student activities program.

Activities include campus clubs, concerts, special interest programming, community awareness and involvement, Senior Day, World Fest, and Welcome Back Week. The Associated Students Council participates on Campus and District Shared Governance committees to represent student interests.

NORMAL HOURS OF OPERATION:
MON - FRI 8:00am - 5:00am

STUDENT CONDUCT AND DISCIPLINE

Reference: Education Code Section 66300, 76030, 76033, 76034, 76036

Cypress College students are expected to maintain satisfactory standards of citizenship at all times on the campus and in the community. The following are guidelines for minimum student conduct. Students enrolling in the college assume an obligation to conduct themselves in a manner compatible with the College’s function as an educational institution.

A student who violates the standards of student conduct shall be subject to disciplinary action including, but not limited to, the removal, suspension or expulsion of the student. Misconduct which constitutes “good cause” for disciplinary action includes, but is not limited to, the following:

1.1 Disruptive behavior, willful disobedience, habitual profanity or vulgarity; the open and persistent defiance of the authority of, or persistent abuse of, District personnel, or violating the rights of other students.

1.2 Failure to identify oneself when requested to do so by District officials acting in the performance of their duties.

1.3 Cheating, plagiarism in connection with an academic program (including plagiarism in a student publication), or engaging in other academic dishonesty.
1.4 Dishonesty, forgery, alteration, or misuse of District documents, records, or identification, or knowingly furnishing false information to the District.

1.5 Misrepresentation of oneself or of an organization to be an agent of the District.

1.6 Causing, attempting to cause, or threatening to cause physical injury or physical or verbal abuse or any threat of force or violence, to the person, property, or family of any member of the college community, whether on or off District property as defined above.

1.7 Willful misconduct which results in injury or death to a student or to District personnel, or which results in the cutting, defacing, or other damage to any real or personal property of the District.

1.8 Unauthorized entry into, unauthorized use of, or misuse of property of the District.

1.9 Stealing or attempting to steal District property or private property on District premises, or knowingly receiving stolen District property or stolen private property on District premises.

1.10 Causing or attempting to cause damage to District property, or to private property on District premises.

1.11 Unlawful use, sale, possession, offer to sell, furnishing, or being under the influence of any controlled substance listed in the California Health and Safety Code, section 11053 et seq., an alcoholic beverage, or an intoxicant of any kind, or any poison classified as such by Schedule D in Section 4160 of the Business and Professions Code or other State law defining controlled substance while on District property, or at a District function; or unlawful possession of, or offering, arranging or negotiating the sale of any drug paraphernalia, as defined in the California Health and Safety Code, section 11014.5.

1.12 Willful or persistent smoking in any area where smoking has been prohibited by law or by regulation of the District.

1.13 Possession, sale, use, or otherwise furnishing of explosives, dangerous chemicals, deadly weapons or other dangerous object including, but not limited to, any facsimile firearm, knife or explosive on District property, or at a District function, without prior written authorization of the Chancellor, college president, School of Continuing Education Provost, or authorized designee.

1.14 Engaging in lewd, indecent, or obscene behavior on District property, or at a District function.

1.15 Violation of municipal, state, or federal laws in connection with attendance in programs or services offered by the District, or while on District property or at District-sponsored activities.

1.16 Soliciting or assisting another to do any act (including the purchasing, transporting or consumption of any controlled substance), while under the supervision of a District official, which would subject a student to expulsion, suspension, probation, or other discipline pursuant to this policy.

1.17 Attempting any act constituting cause for disciplinary action as identified in the above sections of this policy.

1.18 Committing sexual harassment as defined by law or by District policies and procedures.

1.19 Engaging in harassing or discriminatory behavior based on race, sex (i.e., gender) religion, age, national origin, disability, sexual orientation, or any other status protected by law.

1.20 Engaging in physical or verbal intimidation or harassment of such severity or pervasiveness as to have the purpose or effect of unreasonably interfering with a student's academic performance, or District employee's work performance, or of creating an intimidating, hostile or offensive educational or work environment.

1.21 Engaging in physical or verbal disruption of instructional or student services activities, administrative procedures, public service functions, authorized curricular or co-curricular activities or prevention of authorized guests from carrying out the purpose for which they are on District property.

1.22 Stalking, defined as a pattern of conduct by a student with intent to follow, alarm, or harass another person, and which causes that person to reasonably fear for his or her safety, and where the student has persisted in the pattern of conduct after the person has demanded that the student cease the pattern of conduct. Violation of a restraining order shall, without more, constitute stalking under this policy.

1.23 Persistent, serious misconduct where other means of correction have failed to bring about proper conduct or where the presence of the student causes a continuing danger to the physical safety of students or others.

1.24 Engaging in expression which is obscene, libelous, or slanderous according to current legal standards, or which so incites students as to create a clear and present danger of the commission of unlawful acts on District property, or the violation of the lawful administrative procedures of the District, or the substantial disruption of the orderly operation of the District.

2.0 No student shall be suspended from a college or School of Continuing Education program or expelled unless the conduct for which the student is disciplined is related to college, School of Continuing Education or District activity or attendance.

3.0 Any violation of law, ordinance, regulation or rule regulating, or pertaining to, the parking of vehicles, shall not be cause for removal, suspension, or expulsion of a student.

4.0 The Chancellor shall establish procedures for the imposition of discipline on students in accordance with the requirements for due process of law. The procedures shall identify potential disciplinary actions including, but not limited to, the removal, suspension or expulsion of a student.

5.0 The Chancellor shall establish procedures by which all students are informed of the rules and regulations governing student behavior.
1.0 The purpose of these administrative procedures is to provide a prompt and equitable means to address violations of the standards of student conduct in a manner consistent with requirements of due process of law. Nothing in these procedures is intended to infringe upon the rights of students to engage in the lawful exercise of free expression as protected by the state and federal constitutions and by the provisions of Education Code section 76120.

2.0 Definitions

2.1 Administrator: A management employee of the District having significant responsibilities for formulating District policies or administering District programs.

2.2 District: The North Orange County Community College District.

2.3 College: Cypress College, Fullerton College, and the School of Continuing Education and their respective programs.

2.4 Student: Any person currently enrolled as a student at a College or in any program offered by the District.

2.5 Instructor: Any instructional employee of the District in whose class a Student subject to discipline is enrolled.

2.6 Student Discipline Officer: The official at a College who is responsible for reviewing and processing student discipline matters.

2.7 President: The President of Cypress College, the President of Fullerton College, and the Provost of the School of Continuing Education.

2.8 Day: A day during which the District administrative offices are open for business. The time limits set forth in these procedures for action by the Student Discipline Officer, President, hearing officer or panel, and Board of Trustees are guidelines; failure to strictly adhere to these time limits shall not invalidate any action otherwise appropriately taken hereunder.

2.9 Expulsion: The involuntary removal of a student from the District and all District programs for one or more terms, or permanently, by action of the Board of Trustees.

2.10 Formal Hearing: A hearing conducted before a hearing officer or hearing panel in accordance with section 4.0 of these procedures during which the student and the District may call and examine witnesses and present documentary evidence.

2.11 Informal Hearing: A meeting between the student and the Student Discipline Officer or designee in accordance with section 3.2.3 of these procedures to discuss the charges and provide the student with the opportunity to respond to the charges orally, or in writing.

2.12 Suspension: The involuntary removal of a student for good cause from one or more classes or from the college by the President or designee for a limited period of time, as follows:

2.12.1 Short-Term Suspension: Removal from one or more classes for a period of up to 10 consecutive days of instruction;

2.12.2 Long-Term Suspension: Long-term suspension may consist of:

2.12.2.1 Removal from one or more classes for the remainder of the academic term;

2.12.2.2 Removal from one or more classes for one or more academic terms; or

2.12.2.3 Removal from all classes and activities of the College for one or more academic terms.

A student placed on suspension from one or more classes may not, for the period of the suspension, be enrolled in any class or program at any College in the District that is substantially similar to the class(es) or program(s) from which the student is suspended.

A student placed on suspension from all classes and activities of a College may not be enrolled in any College or program in the District for the period of suspension.

2.13 Removal from Class: The involuntary removal of a student from class by an instructor for a maximum period of two consecutive class sessions.

2.14 Removal from Facility: The involuntary removal of a student by an administrator from a District or College facility, or facility under the control of the District or College for a maximum period of two consecutive days.

2.15 Disciplinary Probation: A status between good standing and suspension or expulsion. It covers a stated trial period and disciplinary conditions required of the student. At the end of the trial period, it shall be determined, based on whether the probationary conditions have been met, whether the student is to be returned to good standing, suspended, recommended for expulsion, or subject to other disciplinary action.

2.16 Loss of Privileges: Disciplinary action involving the loss of certain student privileges, such as eligibility to participate in extracurricular activities, for a stated period of time.

2.17 Formal Reprimand: Written admonition or warning to cease and desist from conduct that has been determined to violate the standards of student conduct. A formal reprimand becomes part of a student’s permanent record and is considered in the event of future violations of the standards of student conduct.
2.18 Informal Reprimand: An oral admonition or warning to cease and desist from conduct that has been determined to violate the standards of student conduct. A record of the fact that an informal reprimand has been given may be retained as part of a student's record for a period of up to one year and is considered in the event of future violations of the standards of student conduct during the period of retention. It is the student's responsibility to request that the record be removed upon expiration of the period of retention.

2.19 Withdrawal of Consent to Remain on Campus: Withdrawal of consent by the President or the President's designee for a student or other person to remain on a College campus in accordance with California Penal Code section 626.4 where the College President has reasonable cause to believe that the student has willfully disrupted the orderly operation of the campus.

3.0 Procedures for Implementing Disciplinary Action

3.1 Removal of Student From Class or From a Facility

3.1.1 Removal From Class by an Instructor: An Instructor may order a student removed from class for good cause. Removal shall be for a maximum period of two class sessions, which shall be the day of the removal and the next class meeting.

Removal From a Facility by an Administrator: For good cause, an administrator may order a student removed from a facility for the day of the offense and the next day.

3.1.2 The student shall be advised of the removal and the reasons therefore. The Instructor or Administrator shall immediately report the removal, through established College administrative channels, to the Office of the President and to the Student Discipline Officer for appropriate action and shall submit, through those channels, a written report describing the conduct warranting the removal to the Student Discipline Officer within ten (10) days of the removal.

3.1.3 The appropriate program administrator or the Student Discipline Officer shall conduct a meeting with the student. If the student is a minor, the Student Discipline Officer shall ask the parent or guardian of the student to attend a parent conference with the Instructor, if the removal was from class, or if the removal was from a facility, with the administrator who ordered the removal, as soon as possible. If the Instructor, administrator, or the parent or guardian so requests, the Student Discipline Officer shall attend the conference.

3.1.4 During the period of removal, the student shall not be returned to the class without the concurrence of the Instructor or, if the removal is from a facility, without the concurrence of the administrator who ordered the removal.

3.1.5 Nothing herein shall prevent the President or Student Discipline Officer from recommending further disciplinary action in accordance with these administrative procedures based on the conduct which prompted the removal.

3.2 Suspension or Expulsion

3.2.1 Except in the case of immediate interim suspension as provided in section 3.3 of these procedures, before implementing disciplinary action to suspend or expel a student, the student shall be provided with a written notice of the conduct warranting the discipline, which shall include:

3.2.1.1 The section(s) of the Standards of Student Conduct the student is charged with violating;

3.2.1.2 A brief statement of the facts supporting the charges;

3.2.1.3 The right of the student to an informal hearing with the Student Discipline Officer or designee to discuss the charges, or to respond in writing; and

3.2.1.4 The nature of the proposed disciplinary action.

3.2.2 The notice shall be provided to the student within thirty (30) days of the date on which the conduct occurred or the date on which an Instructor or other official of the District learned of the conduct; or, in the case of continuous, repeated, or ongoing conduct, the notice shall be provided within thirty (30) days of the date of the most recent occurrence. Within five (5) days of receiving the notice, the student may submit to the Student Discipline Officer a written request for an informal hearing, as provided in section 3.2.1.3. In addition to, or in lieu of requesting an informal hearing with the Student Discipline Officer, the student may submit a written response to the charges. Notice is deemed received as of the date it was personally delivered or three (3) days after it was placed in the United States mail.

3.2.3 If the student requests an informal hearing as provided in section 3.2.1.3, the Student Discipline Officer shall hold an informal hearing during which the student shall be given an opportunity to respond orally or in writing to the charges.

3.2.4 Within five (5) days after the informal hearing, or within ten (10) days after the student has received the written notice pursuant to section 3.2.1 and has declined or failed to request a meeting, the Student Discipline Officer shall provide the President with a written recommendation regarding the specific disciplinary action to be imposed, if any, which shall include the factual findings regarding the charges and conclusions as to the standards of student conduct that were violated, if those findings and conclusions differ in any material respect from the initial notice.

3.2.5 Within five (5) days after receipt of the recommendation of the Student Discipline Officer, the President shall render a decision regarding the disciplinary action to be implemented, if any, and shall provide written notice of the decision to the student. The President may accept, modify or reject the recommendation of the Student Discipline Officer.
3.2.5.1 Short-Term Suspension or Lesser Disciplinary Action

Where the decision of the President is to impose short-term suspension or some lesser disciplinary action, the decision of the President shall be final. The written notice to the student of the President’s decision shall specify the length of time of the suspension or the nature and duration of the lesser disciplinary action.

3.2.5.2 Long-Term Suspension

3.2.5.2.1 Where the decision of the President is to impose long-term suspension, the student shall have the right to request a formal hearing before the suspension is imposed.

3.2.5.2.2 The written notice to the student of the President’s decision shall specify the right of the student to request a formal hearing and shall include a copy of the formal hearing procedures.

3.2.5.2.3 Within five (5) days of receiving the written notice of the President’s decision, the student may submit to the President a written request for a formal hearing. Notice is deemed received as of the day it was personally delivered or three (3) days after it was placed in the United States mail. The hearing, if requested, shall be conducted in accordance with the provisions of section 4.0 of these procedures. If the student does not request a hearing within five (5) days of receiving notice, the President’s decision shall become final.

3.2.5.2.4 Within five (5) days after receipt of the recommended decision of the hearing officer or panel, the President shall render a final decision regarding the disciplinary action to be implemented, if any, and shall provide written notice of the decision to the student. The President may accept, modify or reject the findings, conclusions and recommendations of the hearing officer or panel. If the President modifies or rejects the decision of the hearing officer or panel, the President shall review the record of the hearing and shall prepare a new written decision which contains specific factual findings and conclusions. The decision of the President shall be final.

3.2.5.3 Expulsion

3.2.5.3.1 A student may be expelled for good cause where other means of correction have failed to bring about proper conduct or when the presence of the student causes a continuing danger to the physical safety of students or others. Only the Board of Trustees may expel a student.

3.2.5.3.2 Where the decision of the President is to recommend expulsion to the Board of Trustees, the student shall have the right to request a formal hearing before expulsion is imposed.

3.2.5.3.3 The written notice to the student of the President’s decision shall specify the right of the student to request a formal hearing and shall include a copy of the formal hearing procedures.

3.2.5.3.4 Within five (5) days of receiving the written notice of the President’s decision, the student may submit to the President a written request for a formal hearing. Notice is deemed received as of the date it was personally delivered or three (3) days after it was placed in the United States mail. The hearing, if requested, shall be conducted in accordance with the provisions of section 4.0 of these procedures. If the student does not request a hearing within five (5) days of receiving the notice, the President’s decision shall become final.

3.2.5.3.5 Within five (5) days after receipt of the recommended decision of the hearing officer or panel, the President shall render a decision regarding the disciplinary action to be implemented, if any. The President may accept, modify or reject the findings, conclusions and recommendations of the hearing officer or panel. If the President modifies or rejects the decision of the hearing officer or panel, the President shall review the record of the hearing and shall prepare a new written decision which contains specific factual findings and conclusions.

3.2.5.3.5.1 Where the decision of the President is to impose suspension or some lesser disciplinary action, the decision of the President shall be final. The student shall be provided with a written notice of the President’s decision which shall specify the length of time of the suspension or the nature of the lesser disciplinary action.

3.2.5.3.5.2 Where the decision of the President is to recommend expulsion, the written recommendation of the President shall be submitted to the Board of Trustees for consideration in accordance with section 5.0 of these procedures. The Board of Trustees shall consider the recommendation for expulsion at the next regularly scheduled meeting of the Board following the meeting at which the recommendation was received.

3.2.6 The College President shall report all suspensions of students to the Chancellor.

3.2.7 Whenever a minor student is suspended, the parent or guardian shall be notified in writing by the President or designee.

3.2.8 In cases of assault, the Chancellor or President shall, upon the expulsion or suspension of any student, notify the appropriate law enforcement authorities of any acts of the student which may be in violation of section 245 of the Penal Code.

3.3 Immediate Interim Suspension

The President or designee may order the immediate suspension of a student where there is reasonable cause to believe that immediate suspension is required to protect lives or property and to ensure the maintenance of order. Where a student is placed on interim suspension, the procedural time limits specified in these procedures shall not apply. The student shall be given prompt notice of the charges and all hearing rights, including the right to a formal hearing where a long-term suspension or expulsion is recommended, shall be afforded the student within ten (10) days of the imposition of interim suspension. The student shall not, without prior written permission from the President or designee, enter the campus of any College other than to attend the hearing. Violation of the interim suspension conditions shall be grounds for expulsion.
3.4 Withdrawal of Consent to Remain on Campus

3.4.1 The President or designee may withdraw consent for a student to remain on the College campus, in accordance with California Penal Code section 626.4, where there is reasonable cause to believe that the student has willfully disrupted the orderly operation of the campus. A student who is on campus at the time consent is withdrawn shall promptly leave or be escorted off campus. Whenever consent is withdrawn by an authorized designee of the President, a written report shall be promptly submitted to the President.

3.4.2 Consent shall not be withdrawn for longer than fourteen (14) days from the date upon which consent was initially withdrawn. The student from whom consent has been withdrawn may submit a written request for a hearing to the Student Discipline Officer. The request must be submitted within the period of the withdrawal. A hearing, if requested, shall be held within seven (7) days of the date of receipt of the request. The hearing shall be conducted in accordance with the provisions of this procedure relating to interim suspensions.

3.4.3 A student from whom consent to remain on campus has been withdrawn and who willfully and knowingly enters or remains upon the campus or facility during the period for which consent has been withdrawn, except for the purpose of attending a meeting or hearing on the withdrawal, is subject to arrest.

4.0 Formal Hearing Procedures

4.1 Hearing Officer or Panel

4.1.1 At the discretion of the President, a formal disciplinary hearing may be conducted using the services of a hearing officer, or the President may select an impartial hearing panel comprised of two educational administrators at the level of dean or vice president, one of whom shall be selected from another college within the District.

4.1.2 The President shall appoint one member of the panel to serve as the chair of the hearing panel. The decision of the chair shall be final on all matters relating to the conduct of the hearing.

4.1.3 No administrator who has any direct involvement in the matter to be decided, who is a necessary witness, or who could not otherwise act in a neutral manner shall serve on a hearing panel.

4.2 Notification of Hearing

The student, and the student's parent or guardian, if the student is a minor, shall be notified by registered or certified mail or by personal service of the date, time, and location of the hearing.

4.3 Conduct of Hearing

4.3.1 Prior to the hearing, the members of the hearing panel shall be provided with a copy of the charges against the student and any written response provided by the student.

4.3.2 The hearing shall be closed and confidential.

4.3.3 The student shall have the right to represent himself/herself at the hearing or to be represented by a person of the student’s choice, except that neither the student nor the District shall be represented by legal counsel unless authorized by the hearing officer or panel, in which case both parties shall be entitled to be represented by legal counsel.

4.3.4 A record of the hearing shall be made by the District, either by means of tape recording or stenographic recording, and shall be the only recording made. In the event the record is by means of tape recording, the hearing panel chair shall, at the beginning of the hearing, ask each person present to identify himself/herself by name, and thereafter shall ask each witness to identify himself/herself by name. Tape recordings shall remain in the custody of the District at all times, unless released to a professional transcribing service. The student may receive a copy of the tape recording upon request.

4.3.5 Formal rules of evidence shall not apply. Any relevant evidence shall be admitted.

4.3.6 The hearing officer or panel shall not have the authority to issue subpoenas on behalf of either the District or the student.

4.3.7 Charges against the student, along with supporting evidence from witnesses or other sources, will be presented by the District.

4.3.8 The student shall be given the opportunity to confront and cross-examine witnesses.

4.3.9 The student shall be given an opportunity to present a defense, including witnesses and documentary evidence.

4.3.10 The District shall have the opportunity to cross-examine the student and witnesses called by the student.

4.3.11 Unless the hearing officer or panel determines to proceed otherwise, the District and the student shall each be permitted to make an opening statement. Thereafter, the District representative shall make the first presentation, followed by the student. The District representative may present rebuttal evidence after completion of the student's presentation.

4.3.12 All testimony shall be taken under oath; the oath shall be administered by the hearing officer or hearing panel chair. Witnesses shall not be present at the hearing when not testifying. No witness who refuses to be recorded may be permitted to give testimony. Written statements of witnesses under penalty of perjury shall not be admissible unless the witness is unavailable to testify. A witness who refuses to be tape recorded is not unavailable.

4.3.13 The hearing officer or hearing panel chair may determine that requiring live testimony of a proposed witness would subject the witness to an unreasonable risk of psychological or physical harm. After such a determination, the witness may be permitted to provide a written statement under penalty of perjury in lieu of testifying at the hearing.
4.3.14 The burden shall be on the District to introduce substantial evidence to support the charges against the student.

4.3.15 Within fifteen (15) days following the close of the hearing, the hearing officer or panel shall prepare and submit a written decision to the President. The decision shall include specific factual findings regarding the charges, conclusions as to the standards of student conduct that were violated, and a recommendation regarding the specific disciplinary action to be imposed, if any. Failure of the hearing officer or panel to submit its written decision within fifteen (15) days shall not invalidate the decision.

5.0 Procedures For Consideration of Expulsion by Board of Trustees

5.1 The Board shall hold closed sessions when it considers disciplinary action regarding expulsion of a student. The Board shall notify the student, and the parent if the student is a minor, by registered or certified mail or by personal service of the intent of the Board to call a closed session to consider the expulsion. The notification shall specify the date, time and place of the meeting at which the Board will consider the disciplinary action and shall be provided at least three (3) days prior to the meeting. Final action by the Governing Board may be taken in closed session, provided that the action of the Board shall be reported in public session. The student shall not be identified by name or other designation that would disclose the identity of the student.

5.2 In considering a recommendation for expulsion, the Board may accept, modify or reject the findings decisions and recommendations of the President and/or the hearing officer or panel. If the Board modifies or rejects the decision of the President and/or the hearing officer or panel, the Board shall review the record of the formal hearing, and shall prepare a new written decision which contains specific factual findings and conclusions. The decision of the Board shall be final. The student, and the student's parent or guardian, if the student is a minor, shall be notified in writing of the Board's decision.

STUDENT RIGHTS AND RESPONSIBILITIES
The California Education Code provides that, “The board shall have the power to adopt such rules and regulations, not inconsistent with law, as are necessary for its own government and to enable the board to carry out all powers and responsibilities vested in it by law” (Section 71020). The Board of Trustees has prescribed the following rules relating to students. These rules shall apply to each of the colleges of the District. Each College President shall be responsible for the development of procedures required on that campus to assure that these rules are in effect on that campus.

1. ACADEMIC FREEDOM POLICY:
A college community, consisting of faculty, students, and administrators, under authority of the Board of Trustees, has as its primary purpose the realization of the students’ growth and development through the dissemination and application of knowledge. Because it is only in the open exchange of ideas that this purpose can be achieved, students are encouraged to study any and all issues and problems. Freedom to think, read, question, and speak are necessary to the college community, but such freedoms must be exercised within the rules established under the general policies of the Board of Trustees.

2. STUDENT CLASSROOM RIGHTS AND RESPONSIBILITIES:
   a. Students enrolled in a course accept the instructor’s authority in all matters pertaining to the classroom instruction and individual academic performance. Students have the right to:
      (1) Know the instructor’s standards for academic evaluation and classroom conduct.
      (2) Challenge, with normal courtesy, faculty statements of opinion.
      (3) Receive professional evaluation of their academic performance.
      (4) Expect professional treatment of their views, beliefs, or political associations.
      (5) Have reasonable access to members of the faculty on campus.

   b. Students enrolled in a course accept the responsibility to:
      (1) Seek diligently to achieve the instructional objectives of the course.
      (2) Practice honesty and respect the rights of others.
      (3) Meet instructional and conduct standards as specified in 2.a.

   c. Students who violate the rights of other members of any class shall be subject to removal or suspension from that class.

3. CAMPUS RIGHTS AND RESPONSIBILITIES:
   a. Students have the right to:
      (1) Participate in the formulation and application of college policy which affects them in accordance with procedures established on each campus under the general policies of the Board.
      (2) Petition to organize interest groups pursuant to college and Board policies.
      (3) Join student associations approved pursuant to college and Board policies.
      (4) Invite and hear speakers as defined in the campus speakers policy.

   b. Students who violate the rights of chartered organizations shall be subject to the rules and regulations as published and distributed on each campus.

   c. Campus publications boards, or their equivalent, shall have the authority and responsibility for all college publications. Their authority and responsibility shall include, but not be limited to, providing written clarification of the role of student publications and the standards to be used in their evaluation. These standards shall be within the canons of responsible journalism and the limitations on control of their operations as established by the faculty advisor.
STUDENT GRIEVANCES

PETITIONS AND APPEALS

1. ACADEMIC APPEALS: Inevitably, with as many interpersonal transactions as occur on a college campus, disagreements with instructors may occur. Should that be the case, a student may take the following procedures:

PROCEDURES

a. Discuss the matter with the staff member, preferably in private, and try to resolve the issue.

b. Consultation with your counselor may also be helpful. If the problem cannot be resolved at that level, the following due process procedures are available to the student.

c. Consultation with the Student Advocate at Associated Students may also be helpful. The Student Advocate is an elected member of the Student Government who can help the students to follow the procedures in presenting grievances.

d. Students in Vocational programs may need to see the department Coordinator/Director. Programs that deal with patient/client safety and accrediting agencies have additional policies located in their program handbooks/regulations.

e. Students who have not been able to resolve classroom problems through an interview with their instructors and the department Coordinator/Director may consult with the Division Dean.

f. If the problem is not resolved to the student’s satisfaction the student may file an appeal with the Campus Petitions Committee. Petition forms are available from the division deans or from the Office of Instruction.

g. A student dissatisfied with the result of his/her appeal to the Campus Petitions Committee may appeal to the College President.

h. Student appeals from the College President may go the District Chancellor.

i. Students dissatisfied with their appeal to the District Chancellor may make a final appeal to the District Board of Trustees.

2. ADMISSIONS AND RECORDS APPEALS: Appeals regarding College decisions or policies may be made through the Admissions and Records Office. Appeals include matters relating to admissions or a student’s records, application or registration deadlines, grades and credit, repetition of courses, academic renewal, tuition and withdrawals, and readmission after disqualification from the college.

PROCEDURES

a. Obtain a petition form from the Admissions and Records Office.

b. Fill out the form giving all background information regarding the appeal and listing all specific extenuating circumstances. It is often helpful to obtain a written recommendation from a counselor and include that with the petition. If available, attach supporting documents.

c. Submit the petition to the Admissions and Records Office. Note that the petitioner has certain responsibilities in this process. If an appointment for a personal interview is necessary, the student will be notified.

d. A decision on the petition will be rendered by the Admissions and Records Office.

e. Students can contact the Admissions and Records Office to determine the petition results.

f. A copy of the petition and the written decision will be mailed to the student. The student shall execute the appropriate action as directed.

g. Appeals and decisions of the Admissions and Records Office may be made through the Executive Vice President of Educational Programs and Student Services.

STUDENT GOVERNMENT

Cypress College is committed to student government with the following objectives:

• promoting cultural, educational and social events
• enhancing and supporting class instruction
• recognizing student government as an integral part in the shared governance structure of the college
• facilitating participation in the college community

The governing body of the Associated Students of Cypress College is the A.S. Council, which consists of the Executive Board, the Student Senate, and the Programming Board. Elections for officers on these boards are held during the spring and fall semesters. The Student Activities Building houses the A.S. Council. Meetings of the Council are held on Mondays at 11:30 a.m. and are open to anyone who would like to attend.

The A.S. Council plans, organizes, promotes and finances many activities for the campus. A.S. Council officers serve on campus committees and participate in the California Student Association of Community Colleges (CalSACC) to represent student interests concerning campus, district, and state-wide decisions affecting community college students. Campus clubs are part of Inter-Club Council (ICC) which is administered by the A.S. Council. For further information, contact the Associated Students at (714) 484-7198.
Students and employees who are victims of sexual assault or seek information or assistance with drug and alcohol related problems should contact the Director of Health Services at Cypress College, (714) 484-7361; or at Fullerton College, (714) 992-7414. All inquiries will be held in the strictest confidence.

Cypress College, a campus within the North Orange County Community College District is in compliance with the various Federal Laws and Acts related to civil rights. This includes compliance with Title VI and VII of the Civil Rights Act of 1964 and 1990; Title IX of the Education Amendments of 1972; Section 504 of the Rehabilitation Act of 1973, and the Americans With Disabilities Act (ADA) of 1990. The lack of English skills will not be a barrier to participation in vocational education programs at Cypress College. Matters concerning Title IX, Section 504, or ADA should be brought to Mr. Jeff Horsley. The District has a procedure under which persons who believe that they have been discriminated against on the basis of disability may file a complaint. A copy of the procedure may be obtained from the Vice Chancellor of Human Resources, Mr. Jeff Horsley, at 1830 W. Romneya Drive, Anaheim, CA 92801, (714) 808-4500; or Director of Campus Diversity, at (714) 484-7264, in the Administration Building, Room 101C.

Declaración de no Discriminación
El North Orange County Community College District, en cumplimiento con todas aplicables leyes Federales y Estatales, no discrimina en ninguno de sus políticas, procedimientos, o prácticas con relación a asuntos de raza, color, origen nacional, linaje, estado matrimonial, edad, religión, desabilidad, sexo, o orientación sexual.

Cypress College, una institución dentro del North Orange County Community College District, cumple con varias leyes y actas Federales concierientes a derechos civiles. Esto incluye cumplimiento con Título VI y VII del Acta de Derechos Civiles de 1964 y 1990; Título IX de las Enmiendas Educativas de 1972; Sección 504 del Acta de Rehabilitación de 1973, y del Acta de Americanos con Discapacidades (ADA) de 1990. La limitación de habilidad en inglés no será obstáculo para participar en programas de educación vocacional en Cypress College.

Asuntos concierientes a Título IX, Sección 504 o ADA deben de llevarse al Sr. Jeff Horsley, coordinador oficial de tales, El Distrito tiene un procedimiento bajo el cual personas que creen han sido discriminado sobre asuntos de desabilidad pueden someter su queja. Se puede obtener una copia del procedimiento con el Sr. Jeff Horsley, Vice Chancellor of Human Resources, en 1830 W. Romneya Drive, Anaheim, CA 92801, (714) 808-4500.

Student Right to Know Campus Security Act
In compliance with the Student Right-to-Know and Campus Security Act of 1990, it is the policy of the North Orange County Community College District and Cypress College to make available its completion and transfer rates to all current and prospective students. Beginning in Fall, 1999, all certificate-, degree-, and transfer-seeking...
first-time, full-time students were tracked over a three-year period; their completion and transfer rates are listed below. These rates do not represent the success rates of the entire student population at Cypress College, nor do they account for student outcomes occurring after this three-year tracking period.

Based upon the cohort defined above, 20.8% attained a certificate, degree or became “transfer prepared” during a three-year period (fall, 1999, to spring, 2002). Students who are “transfer-prepared” have completed 56 transferable units with a GPA of 2.0 or better.

Based upon the cohort defined above, 41.2% transferred to another postsecondary institution (CSU, UC, or another California Community College) prior to attaining a degree, certificate or becoming “transfer prepared” during a five-semester period (spring, 2000 to spring, 2002).

More detailed information related to the reporting of criminal actions which have occurred on campus may be obtained from the President’s Office, Public Safety, Admissions and Records, Financial Aid, Bursar’s Office, Student Activities, Library and the website.

Student Rights under FERPA for Postsecondary Institutions

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

(1) The right to inspect and review the student’s education records within 45 days of the day the College receives a request for access.

Students should submit to the registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they wish to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the College official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

(2) The right to request the amendment of the student’s education records that the student believes is inaccurate.

Students may ask the College to amend a record that they believe is inaccurate. They should write the College official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate.

If the College decides not to amend the record as requested by the student, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic, or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

[Optional] Upon request, the College discloses education records without consent to officials of another school in which a student seeks or intends to enroll. [NOTE: FERPA requires an institution to make a reasonable attempt to notify the student of the records request unless the institution states in its annual notification that it intends to forward records on request.]

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by State College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605
Programs of Study
Cypress College offers three basic program types:

ASSOCIATE DEGREE
Associate degrees are commonly conferred by community colleges. This degree is awarded upon a student's satisfactory completion of a program of study with a specific major. Students who have maintained continuous enrollment have the option of completing the Associate Degree requirement in effect at the time they initially enrolled or any subsequent catalog up to and including the last semester of attendance. The Associate Degree is one of two types, the Associate in Arts or Associate in Science. The distinction between the degrees lies in the majors. To earn an Associate Degree students must complete:

- All major course requirements with a minimum grade of "C" - At least 50% of the major course work must be completed at Cypress College;
- 25 units of Associate Degree General Education Graduation Requirements;
- Reading Proficiency requirement;
- At least one 3 unit course in cultural diversity:
- Any elective courses to complete a minimum of 60 units with an overall Grade Point Average of 2.0

CERTIFICATE PROGRAMS
A program certificate is a verification of competency designed to make the student proficient and employable in a specific occupational skill. The certificate is awarded independently of the Associate Degree. Students who have maintained continuous enrollment have the option of completing the certificate requirements in effect at the time they initially enrolled or any subsequent catalog up to and including the last semester of attendance. At least 50% of all course work required for a Cypress College Certificate must be completed at Cypress. All required courses must be completed with a minimum grade of "C".

Students wishing to use courses from another institution to meet Cypress' requirements should meet with a counselor to review the necessary petitioning procedure. Program certificates will be noted on student transcripts.

TRANSFER PROGRAMS
Transfer programs include course work in an academic area, general education requirements, and elective work for transfer to a four-year baccalaureate institution. Transfer programs are designed to parallel the courses offered for freshmen and sophomores at other colleges and universities. In most cases, baccalaureate institutions prefer community college students to complete the lower division general education requirements and at least 60 or more transferable semester units. Generally, no more than 70 semester units earned at California community colleges will be applied toward a baccalaureate degree. Students entering such programs of study should have a minimum 2.5 GPA from high school. This guideline is used as an attempt to insure adequate academic strength.

TRANSFER CREDIT — BACCALAUREATE DEGREES
Cypress College certifies that the following classes listed (by instructional divisions) are baccalaureate-level classes and are transferable to any campus of the California State University system for credit toward its baccalaureate degrees:

Business and Computer Information Systems - All classes numbered 100 C through 299 C.
Counseling and Guidance - All classes numbered 100 C through 299 C.
Fine Arts - All classes numbered 100 C through 299 C.
Health Science - All classes numbered 100 C through 299 C.
Language Arts - All classes numbered 100 C through 299 C.
Physical Education - All classes numbered 100 C through 299 C.
Science/Engineering/Mathematics - All classes numbered 100 C through 299 C; Basic Electricity 051 C is transferable only for Industrial Arts Majors.
Social Science - All classes numbered 100 C through 299 C.
Vocational Technical Education - All classes numbered 100 C through 299 C; Aviation 050 C and Photography 050 C.
GRADUATION/EDUCATIONAL OPTIONS

HOW TO EARN AN ASSOCIATE DEGREE

Graduation Requirements

For this catalog year.

Graduation requirements for the Associate Degree are prescribed by the California Community Colleges Board of Governors and the North Orange County Community College District Board of Trustees. An Associate Degree may be earned upon satisfactory completion of all of the following:

- English and Math placement testing or equivalent.
- one of the three Associate Degree options.
- a minimum of 60 units of degree eligible general education, major and elective course work at one or more regionally accredited institutions.
- the last 12 units, or a total of at least 24 units, at Cypress College.
- at least one 3 unit course in cultural diversity.
- the reading proficiency requirement.

In order to graduate, students must submit a Graduation Application to the Admissions and Records Office. Students may apply for graduation during the semester they are completing graduation requirements or thereafter.

Courses taken at other regionally accredited Colleges and Universities to fulfill General Education requirements may be used to satisfy Cypress College General Education requirements only if they are used in the same category and are degree applicable at Cypress College. (This policy supersedes all previous catalogs and is effective 2001-2002 catalog.)

ASSOCIATE DEGREE OPTIONS

Option I - Liberal Arts

The Option I - Liberal Arts or Specified Departmental Major Degree is designed for the individual who desires an Associate in Arts Degree and transfer to a California State University or the University of California. This option also enables individuals to transfer to some private, four-year colleges and universities. This degree includes only transfer level course work, however students who select a departmental major and intend to earn a Bachelor’s Degree should consult with a counselor to insure optimum credit toward the Bachelor’s Degree requirements (also see Course Numbering section for description of transfer course work).

Requirements for the Option I - Liberal Arts Degree include:

- Completion of the California State University General Education Breadth requirements (CSU GE Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC).
- Completion of an additional 18 or more units in a specified departmental major as stated in the catalog plus one (1) unit of physical education for a total of 60 transferable units.
- A 2.0 (C) overall GPA.
- Fulfillment of all graduation requirements.

* Note: Completion of this option automatically meets the Reading Proficiency requirement.

Requirements for the Option I – Specified Departmental Major include:

- Completion of the California State University General Education Breadth requirements (CSU GE Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC).
- Completion of an additional 18 or more units in a specified departmental major as stated in the catalog plus one (1) unit of physical education for a total of 60 transferable units.
- A 2.0 (C) overall GPA.
- Fulfillment of all graduation requirements.

* Note: Completion of this option automatically meets the Reading Proficiency requirement.

Departmental Majors Offered by Cypress College are:

- Business Administration
- Ethnic Studies
- Psychology

Option II - Occupational

The Option II - Occupational Degree is designed for individuals who desire an Associate in Arts or Associate Science Degree with an occupational major. This degree may include transfer and/or non-transfer course work (see Course Numbering section for description of transfer and non-transfer course work) and includes completion of major requirements.

Requirements for the Option II - Occupational Degree include:

- Completion of 25 units of general education including one (1) unit of physical education. These units must be chosen from the classes listed in the General Education Requirements for the Associate Degree.
- Completion of Major emphasis courses listed in the catalog with a minimum grade of “C”. A minimum of 50% of these courses must be completed at Cypress College.
- Completion of additional degree eligible classes for a total of 60 units (see Non-Degree Credit Courses for description of classes that are non-degree eligible).
- A 2.0 (C) overall GPA.
- Fulfillment of all graduation requirements.

Occupational Degrees Offered by Cypress College are:

- Accounting
- Administrative Assistant
- Administrative Support
- Air Conditioning and Refrigeration
- Airline Customer Services
- Art - General
- Art - Advertising Design
- Automotive Collision Repair
- Automotive Technology
- Aviation Management
- Commercial Pilot
- Computer Applications
- Computer Information Systems
- Computer Programming
- Court Reporting
- Culinary Arts
- Dance
- Dental Hygiene
- Drafting Engineering Technology
- Flight Attendant
Option III - General Studies
A.A. Degree Program Code: 1A12078
A.S. Degree Program Code: 1S12078
The Option III - General Studies Degree is designed for individuals who desire an Associate in Arts or Associate in Science Degree with a broad general education background. This degree may include transfer and/or non-transfer course work (see Course Numbering section for description of transfer and non-transfer course work).

Requirements for the Option III - General Studies Degree include:
- Completion of 25 units of general education including 1 unit of physical education. These units must be chosen from the classes listed in the General Education Requirements for the Associate Degree.
- Completion of additional degree eligible classes for a total of 60 units (see Non-degree Credit Courses for description of classes that are non-degree eligible). No more than 15 of these units can be in activity/laboratory only classes.
- A 2.0 (C) overall GPA.
- Fulfillment of all graduation requirements.

An Associate in Arts Degree includes at least 20 units in Social Science, Humanities and Arts courses. An Associate in Science Degree includes at least 20 units in Science, Math and Technical courses.

MULTIPLE DEGREES
Students may be awarded a degree in multiple majors at Cypress College providing they meet the above-stated requirements. Students who have already been awarded an Associate degree or higher from Cypress College or another accredited college or university in, or outside of, the U.S. are not eligible to receive an Associate degree in the same major or in General Studies from Cypress College.

General Education Requirements for the Associate Degree
General Education requirements at Cypress College are designed to introduce students to the many ways people comprehend the modern world. The subject matter presented in general education courses is designed to be broad, and frequently introductory, rather than specialized, narrow, or advanced. These courses form a pattern of learning experiences designed to develop the following insights and capacities in all students, regardless of their ultimate educational goals:

- Knowledge of the common principles, concepts, and modes of inquiry to the major disciplines;
- Appreciation and understanding of the environment, culture, society, and self;
- Ability to think and communicate clearly and effectively, critically and ethically both orally and in writing;
- Proficiency in mathematics, natural science, and analytical thinking;
- Understanding of the political and economic environment in order to be better informed and more responsible citizens;
- Desire to continue education throughout their lives.

Courses taken for general education must be on the Associate Degree General Education list at the time they are taken. Students may use only one English course numbered 001 C – 099 C towards meeting the general education requirements for an AA or AS degree. Continuing students should check with a counselor in planning completion of General Education requirements.

Students entering Cypress College in Fall, 1995, or later, must complete 25 units of General education (of the total 60 units required for the Associate Degree) taken from the following areas:

CATEGOR Y A - LANGUAGE AND RATIONALITY (6 Units)
A1. Written Communication - A minimum of 3 Units
ENGL 095 C Effective Written Communication 3
ENGL 100 C College Writing 3
ENGL 100HC Honors College Writing 3

A2. Analytical Thinking - A minimum of 3 Units
CIS 111 C Computer Literacy - Intro to Info Systems 3
CSCI 185 C Computer Science I 4
ENGL 075 C Basic Literature and Writing 3
ENGL 103 C Critical Reasoning and Writing 3
ENGL 104 C Critical Analysis & Literature 3
ENGL 104HC Honors Critical Analysis & Lit 3
ENGL 106 C Critical Thinking 3
ENGL 135 C Advanced Grammar and Usage 3
ENGL 201 C Intermediate College Writing 3
PHIL 170 C Logic and Critical Thinking 3
PHIL 172 C Critical Thinking/Writing 3
SPCH 050 C Effective Oral Communication 3
SPCH 100 C Human Communication 3
SPCH 100HC Honors Human Communication 3
SPCH 135 C Essentials of Argumentation 3

CATEGOR Y B - NATURAL SCIENCES AND MATHEMATICS (6 Units)
B1. Life Sciences and Physical Sciences - A minimum of 3 units.

**Cultural Diversity**

As an educational community, Cypress College embraces the shared characteristics as well as the diverse intellectual viewpoints and ideas of its culturally rich population. To prepare students for effective participation in our society, selected academic courses are designed to: 1) foster respect for diverse populations; 2) assist students in understanding and critically evaluating personal biases; and 3) encourage students to apply the knowledge gained in these courses in their daily lives.

To achieve this educational goal, Cypress College will require all students to take at least one course whose emphasis is on the United States and focuses specifically on issues such as race, gender, religion, national origin, sexual orientation, socio-economic background, physical and/or mental ability, and how they impact the struggles of people to achieve civil and human rights.
Students must take at least one 3 unit course from the following list of classes which meet standards for Cultural Diversity:

- ANTH 121 C Indians of North America 3
- COUN 152 C Diversity in the World of Work 3
- DANC 101 C Multicultural Dance in the U.S. 3
- ENGL 097 C Multicultural Literature 3
- ENGL 239 C Survey – Children’s Literature 3
- ENGL 247 C Multicultural Literature 3
- ENGL 255 C African-American Literature I 3
- ENGL 256 C African-American Literature II 3
- ETHS 100 C American Ethnic Studies 3
- ETHS 100HC Honors American Ethnic Studies 3
- ETHS 129 C Intro to African-Amer. Studies 3
- ETHS 130 C African-American History I 3
- ETHS 131 C African-American History II 3
- ETHS 140 C Intro to Chicano/a Studies 3
- ETHS 141 C Chicano/a History 3
- ETHS 142 C The Chicana/o in Contemporary Society 3
- ETHS 160 C Native American History 3
- ETHS 170 C Intro to Asian-Amer. Studies 3
- ETHS 171 C Asian-American History 3
- ETHS 235 C The Civil Rights Movement (Same as SOC 235 C) 3
- HIST 275 C History of California 3
- HS 277 C Cultural Awareness & Health Care 3
- HUSR 295 C Cross-Cultural Criminology 3
- MKT 205 C Multicultural Markets in U.S. 3
- MUS 113 C Jazz History 3
- PE 250 C Sport and the United States Society 3
- POSC 209 C Urban Politics 3
- PSY 237 C Cross-Cultural Relationships (Same as SOC 237 C) 3
- SOC 235 C The Civil Rights Movement (Same as ETHS 235 C) 3
- SOC 237 C Cross-Cultural Relationships (Same as PSY 237 C) 3
- SPCH 120 C Intercultural Communication 3
- THEA 107 C Ethnic Influences in U. S. Theater 3

Cultural Diversity Approved Programs:

Nursing

READING PROFICIENCY

Proficiency in reading may be satisfied by completing one of the following:

- ENGL 096 C Preparation for College Reading
- ENGL 102 C Introduction to Literature
- ENGL 106 C Critical Thinking
- A satisfactory score on a reading proficiency test. (Refer to the Class Schedule listed in STEP TWO, ENGLISH ASSESSMENT.) A student may attempt to pass the proficiency exam only one time.
- California State University (CSU) general education certification.
- IGETC certification.
- Bachelor’s degree from a regionally accredited institution.

APPLICATION FOR GRADUATION

Students may apply for graduation during the semester they are completing graduation requirements or thereafter. They do not have to be currently enrolled at Cypress College to apply for graduation. Those students who have maintained continuous enrollment have the option of completing the graduation requirements in effect at the time they initially enrolled or any subsequent catalog up to and including the semester their graduation requirements are completed.

Applications for graduation are available on the Web and in the Admissions and Records Office. If the application is not filed prior to the deadline, the student must submit another application and will graduate at a later date.

It is the student’s responsibility to provide the Cypress College Records Office with official copies of all transcripts from other colleges which will be used to meet requirements for graduation. The transcripts become the property of the Records Department and will not be released.

Diplomas will be available approximately two months after the date of graduation and will be mailed to the address noted on the Graduation Application filed with the Records Office. Commencement is held on the lawn, east of Gymnasium II at the end of the Spring Semester. Commencement ceremonies are held for the prior Summer and Fall graduates and prospective Spring graduates. Guest passes for attendance are not required. Refer to the Class Schedule for date of ceremony.

HOW TO EARN A VOCATIONAL CERTIFICATE

A Vocational Certificate is a verification of competency designed to show that the student is proficient and employable in a specific occupational skill. Certificates do not require general education course work.

Requirements for Vocational Certificate Programs for the 2005-2006 Catalog Year include:

- Submission of an Application for Certificate in the Records Office.
- Completion of a specific program of vocational courses listed in the catalog with a minimum grade of “C”.
- Completion of at least 50% of the required courses at Cypress College.

Vocational Certificates offered by Cypress College are:

- AIR CONDITIONING AND REFRIGERATION
  Air Conditioning and Refrigeration
- AIRLINE AND TRAVEL CAREERS
  Basic Airline Customer Services
  Basic Flight Attendant
  Basic Travel/Tourism
  Advanced Airline Customer Services
  Advanced Flight Attendant
  Advanced Travel/Tourism
- ART
  Animation 2D Computer Graphics

*Students must have previously earned an Associate Degree to be eligible for these certificates.

Students with disabilities requiring accommodations on state or national examinations should contact the department coordinator for further information. Requests for accommodations should be made prior to applying for any licensing or certification examination.
DEPARTMENT CERTIFICATES
Some vocational departments offer certificates of accomplishment in specialty areas. Students should see a counselor for specific information about department certificate requirements.

APPLICATION FOR CERTIFICATES
Students may apply for a certificate during the semester they are completing the certificate requirements or thereafter. They do not have to be currently enrolled in Cypress College to apply for a certificate. Those students who have maintained continuous enrollment have the option of completing the certificate requirements in effect at the time they initially enrolled or any subsequent catalog up to and including the last semester of attendance.

Students wishing to use courses from another institution to meet Cypress' requirements should meet with a counselor to determine course equivalency.

Applications for certificates are available in the Admissions and Records Office and will be accepted until the deadline. If the application is not filed prior to the deadline, the student must submit another application and will receive their certificate at a later date.

It is the student's responsibility to provide the Cypress College Records Office with official copies of all transcripts from other colleges which will be used to meet requirements for certificates. The transcripts become the property of the Records Department and will not be released.

Certificates will be mailed approximately two months after the end of the semester in which the student applied and completed the requirements. Program Certificates will be noted on student transcripts.

HOW TO TRANSFER TO A FOUR-YEAR COLLEGE
A Transfer Program typically includes course work in an academic (major) area, general education requirements, and elective courses that transfer to a four-year baccalaureate institution. These programs are designed to parallel the courses offered for freshmen and sophomores at four-year colleges and universities.

Each college or university has its own admission standards and curriculum requirements. Students should decide as soon as possible on the transfer school in order to identify the courses that must be completed and the grades that must be achieved prior to transfer.

In general, students who attend Cypress College may transfer to a four-year college or university without loss of time or credits if, while in attendance, they accomplish the following:

- Satisfy the lower-division general education requirements prescribed by the transfer institution.
- Fulfill the lower-division major requirements prescribed by the transfer institution.
- Remove any subject or grade deficiencies incurred in high school, if required by the transfer institution for admission.
- Complete a minimum of 60 and a maximum of 70 transferable units.
- Maintain the appropriate GPA required by the transfer institution.

Grades are the best indicator of success in academic work. A minimum grade of “C” average in all transfer courses is a requirement for transfer to most four-year colleges. Grades in the major should be significantly higher. Students should confer with a counselor for the specific requirements of the school of their choice.

The following charts indicate the general education transfer requirements for those colleges and universities most frequently utilized by Cypress College students. These transfer agreements are subject to an ongoing review and revision by the transfer institutions. The transfer agreements listed on the following charts represent agreements at the time of publication. Students should contact a counselor or the transfer institution of their choice for current information.

CSU GENERAL EDUCATION BREADTH REQUIREMENTS
Students wishing to transfer to California State Universities should follow this plan.

Requirements for graduation from the California State University System include completion of certain courses in general education. Cypress College is permitted to certify that a student has satisfied the lower division 39-unit general education requirements established by the California State University System.

Students must apply for General Education Certification through the Admissions and Records Office during the semester in which requirements will be completed or thereafter.
To meet general education requirements and obtain certification, students must complete the pattern of courses in the five categories listed. A course or sequence used to satisfy a requirement in one area may not be used to satisfy a requirement in another area. Some state universities will not allow students to count courses in their major field as part of general education requirements. Courses on this list are approved by the CSU Chancellor’s Office for a specific academic year; that is, a course must be on the list when the course is taken in order to be certified. Check with a counselor and review the catalog of the individual state university for further clarification.

INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC)

The Intersegmental General Education Transfer Curriculum (IGETC) is a general education program which community college transfer students may use to fulfill lower division general education requirements for the California State University (CSU) or University of California (UC) system. Completion of IGETC eliminates the need to take additional lower division general education courses after transfer.

IGETC is accepted by the University of California, California State University, and by many private institutions. Students wishing to transfer to the University of California or who are undecided about their transfer institution should consult a counselor before choosing this plan.

IGETC must be completed in its entirety prior to transfer and must be certified in order to be accepted by CSU or UC. However, if you are approaching readiness for transfer and, for good cause, are unable to complete one or two IGETC courses which are not required for admission to the university, you may be eligible to complete IGETC after transferring. You must present cause by petition and submit it to the Admissions and Records Office. Typical situations which constitute good cause are illness, unavailable or cancelled courses, military service, and unexpected hardships experienced in the final semester before transfer. You must complete the remaining IGETC courses before the beginning of the second full year of enrollment at your UC or CSU campus. In addition, there may be restrictions on when and where you may take the courses. See your counselor for more information.

Students must apply for IGETC certification in the Admissions and Records Office. Courses will be certified ONLY if they are on the official IGETC list during the catalog year they are taken. In addition to the course requirements for each subject area, full certification for the CSU must include completion of the Oral Communications requirement. With the UC, Oral Communications is NOT required, but the certification must include satisfactory completion of the Language Other Than English proficiency requirements. A course or sequence used to satisfy a requirement in one area may not be used to satisfy a requirement in another area. All courses must be completed with a "C" or better. Students must apply for IGETC Certification through the Admissions and Records Office during the semester in which requirements will be completed or thereafter.

It is NOT advisable for all transfer students to follow IGETC. Students pursuing majors that require extensive lower division major preparation such as Engineering, may not find the IGETC option to be advantageous. IGETC is NOT to be used if transferring to UC Berkeley School of Business or to UC San Diego Revelle or Eleanor Roosevelt Colleges. Students should see a counselor for advice and more complete information on the IGETC program.

* The courses on this list are approved at the time of printing. Check with a counselor or www.ASSIST.org for the most recent list of approved courses.

Cypress College 2005-2006

Graduation/Educational Options / 61
LANGUAGE OTHER THAN ENGLISH (Code = 6A)
(UC Requirement only) Complete one of the following:
1. Complete two years of high school foreign language in the same language with a grade of "C" or better.
2. Earn a score of 3 or higher on the Foreign Language Advanced Placement test.
3. Earn a minimum score of 550 on the SAT II Subject Test in languages other than English.
4. Complete course 102 in a Foreign Language at Cypress College or equivalent courses at another college or university.
5. Completion with "C" grade or better 2 years of formal schooling at the 6th grade level or higher at an institution where the language of instruction is not English.

Cypress College courses that meet the proficiency Level:
- CHIN 102 C Elementary Chinese-Mandarin I 5
- FREN 102 C Elementary French II 5
- GERM 102 C Elementary German II 5
- JAPN 102 C Elementary Japanese II 5
- SPAN 102 C Elementary Spanish II 5
- + SPAN 102HC Honors Elementary Spanish II 5
- + SPAN 201 C Spanish for Spanish Speakers 5
- + SPAN 101 C and 102 C combined are equivalent to SPAN 201 C

CSU GRADUATION REQUIREMENT IN U.S. HISTORY, CONSTITUTION AND AMERICAN IDEALS - Not part of IGETC; may be completed prior to transfer; 6 units, one course from Group 1 and one course from Group 2.

POLITICAL SCIENCE (Code = 7A)
- * POSC 100 C United States Government 3
- * POSC 100HC Honors U.S. Government 3

HISTORY (Code = 7B)
- ETHS 100 C American Ethnic Studies 3
- ETHS 100HC Honors American Ethnic Studies 3
- ETHS 130 C African-American History I 3
- ETHS 131 C African-American History II 3
- * HIST 162AC History of the Americas 3
- * HIST 162BC History of the Americas 3
- * HIST 170 C History of the United States 3
- * HIST 171 C History of the United States 3
- * HIST 171HC Honors History of the U. S. 3

GENERAL EDUCATION CERTIFICATION (GE)
Students planning to graduate from the California State University or University of California systems must complete a minimum number of general education breadth courses. Cypress College is permitted to certify completion of the lower division general education requirement. Certification is not automatic. To meet general education requirements and obtain certification, students must:

- Complete the pattern of general education courses approved for Cypress College.
- Apply for GE certification through the Admissions and Records Office by the published deadline during the semester in which requirements will be completed or thereafter. Students with transcripts from other educational institutions should see a counselor to obtain a supplemental "pass along" form which must be attached to the certification application. Courses completed at educational institutions outside the United States cannot be used for "pass along" and these courses must be evaluated by the university during the application process. Students do not have to be currently enrolled in Cypress College to apply for GE certification.

- Please consult with a counselor, or the Transfer Center located in the Fine Arts Building - 1st floor. - Duplicate credit is not awarded for a non-honors section and an honors section of the same class.
- **NOTE:** Courses approved for Fall, 1991 may be taken PRIOR TO FALL, 1991.
- Courses approved for Fall, 1992 or later may be certified only if taken when the course is on the official IGETC list.
- Check with the Transfer Center or your counselor for a list of the courses which have been added or deleted since the original list was published in 1991.

LEGAL
* Course is listed in more than one area but shall not be certified in more than one area.
+ Transfer credit is limited by either UC or CSU or both.

Please consult with a counselor, or the Transfer Center located in the Fine Arts Building - 1st floor. - Duplicate credit is not awarded for a non-honors section and an honors section of the same class.

**NOTE:** Courses approved for Fall, 1991 may be taken PRIOR TO FALL, 1991.

Courses approved for Fall, 1992 or later may be certified only if taken when the course is on the official IGETC list.

Check with the Transfer Center or your counselor for a list of the courses which have been added or deleted since the original list was published in 1991.

Standard Definitions

Definition of Advisory
When a course has an advisory, it means that a student is recommended to have certain preparation before entering the course. The preparation is considered advantageous to a student’s success in the course. Since the preparation is recommended, the student is advised, but not required, to meet the condition before or in conjunction with enrollment in the course or educational program (eligibility for ENGL 100 C is recommended for POSC 100 C).

Definition of Articulation
Articulation agreements define how courses will transfer from one institution to another. Cypress College maintains major and/or course-to-course articulation agreements with most public universities and many independent colleges and universities in the state of California. The agreements with the public institutions are listed on www.assist.org which is the official repository for articulation in the state. Many independent institutions have articulation information available on their websites. In addition, agreements with public and independent institutions are located in the Transfer Center.

Definition of ASSIST
ASSIST is a computerized student-transfer information system that can be accessed over the World Wide Web. It displays reports of how course credits earned at one California college or university can be applied when transferred to another. ASSIST is the official repository of articulation for California’s colleges and universities and therefore provides the most accurate and up-to-date information available about student transfer in California. ASSIST is available at: www.assist.org.

Students should consult the ASSIST database for specific information on course agreements. The counselors and Transfer Center staff can help students interpret this information.

Definition of CAN
The California Articulation Number (CAN) System is a statewide numbering system independent from course numbers assigned by local colleges. A CAN number signals that participating California colleges and universities have determined that courses offered by other campuses are equivalent in content and scope to courses offered on their own campuses, regardless of their unique titles or local identifying numbers. Thus, if a class schedule or catalog lists a course bearing a CAN number, students on one campus can be assured that it will be accepted in lieu of the comparable CAN course noted in the catalog or class schedule of another campus. For example, CAN ECON 2 on one campus will be accepted as meeting the requirement of the designated CAN ECON 2 course on other participating community college or university campuses.

The CAN numbering system is useful for students attending more than one community college and is applied to many of the transferable, lower division courses students need as preparation for their intended major. Because these course requirements may change, however, and because courses are continually being redefined, qualified for, or deleted from the CAN database, students should always check with their campus’ counselors, articulation officer, or the transfer center director to determine how CAN-designated courses fit into their educational plans for transfer.

Definition of Corequisite
When a course has a corequisite, it means that a student is required to take another course concurrent with or prior to enrollment in the course. Knowing the information presented in the corequisite course is considered necessary in order for a student to be successful in the course (completion of, or concurrent enrollment in, MATH 040 C is required for CHEM 107 C).

It is the student's obligation to know and meet course corequisites. These are stated in the course description section of the Class Schedule and the current College Catalog. The student may be required to file proof of meeting corequisites.

Definition of Prerequisite
When a course has a prerequisite, it means that a student must have certain knowledge to be successful in the course. The prior knowledge may be a skill (type 35 wpm), an ability (speaks and writes Spanish fluently), a test score, or a successful completion of a prior course (must have completed ENGL 060 C with a grade of “C” or better). Completion of the prerequisite is required prior to enrolling in the course. Successful completion of a prerequisite course means that a grade of CR, or C, or better was earned; D, F, or NCR grades are not acceptable.

Prerequisites for all courses are explained in the Class Schedule and the current College Catalog under the listing for the class. It is the student's obligation to know and meet course prerequisites. The student may be required to file proof of meeting prerequisites.

Definition of Unit
Course work at Cypress College is measured in terms of semester units. In general, a unit equals eighteen hours of lecture or fifty-four hours of laboratory work per semester. Some courses combine different types of approaches and the units are adjusted accordingly. Hours per week for short-term courses are prorated based on the semester course hours.

Definition of Electives
An elective is a course not required for graduation or for the fulfillment of requirements for a program. For example, a science student might take electives from non-science areas, which might include history, art, English, music, or political science. A history student might take electives from biology, chemistry, art, music or English literature. To assist in choosing electives, a student should consult a counselor and the catalog of the college to which he/she expects to transfer.
Description of Courses

The following section includes a description of every course which may be studied at Cypress College. The prerequisite(s) for the class is stated, if applicable.

The program of instruction related to the numbering of courses is divided into major categories:

- College and university parallel courses (transfer courses,) have title numbers ranging from 100 through 299. If appropriate to the student’s major, they usually will be accepted as transfer units to institutions of higher education for their full credit value.

- Several general education courses, in addition to occupational, vocational and technical courses will bear the title numbers ranging from 001 through 099 and generally are not transferable to institutions of higher education except as they apply to major programs in the California State Universities. Students are advised to confer with their counselors regarding the transferability of these courses to particular colleges or universities.

Students entering Cypress College should consult with college counselors in planning their programs of study. The faculty and counseling staff of Cypress College will assist students in every way possible to make wise vocational and educational plans. Students, however, must assume the responsibility for their own choices and plans.

NON-DEGREE CREDIT courses indicated as NON-DEGREE CREDIT do earn credit, but the credit is not counted toward the Associate Degree. These classes are intended to help students gain the skills they need to perform in college level degree applicable courses. NON-DEGREE CREDIT classes count toward the following categories: Athletic Eligibility, Social Security Benefits, Work Study and Financial Aid, Veterans’ Benefits, Associated Student Body Office and Full-Time Status. All other Cypress College courses are degree applicable.

UC/CSU designated courses are transferable to the campuses of the University of California and the California State University system. Those courses that are not marked UC are not transferable to the University of California campuses. Confer with a counselor for information regarding transferability of courses marked UC Limitation. Students can view a complete list of Cypress College courses that are transferable to the UC at www.assist.org.

CSU GE - These courses satisfy general education breadth requirements for California State Universities.

AA GE - Courses which satisfy general education requirements for the Associate Degree.

IGETC - Intersegmental General Education Transfer Curriculum is a series of courses that Cypress College students may use to satisfy lower division general education requirements at any CSU or UC campus.

CAN - Courses with California Articulation Numbering designations are transferable and will be accepted in lieu of an identically designated CAN course at any other institution participating in the California Articulation Numbering system.

CUL DIV - Courses with the Cultural Diversity designation are ones which meet the Cypress College cultural diversity graduation requirement.

RDG - Courses with the Reading Proficiency designation are ones which meet the Cypress College reading proficiency graduation requirement.

ASSOCIATE IN SCIENCE DEGREE

ACCOUNTING Program Code: 1S03761

This curriculum is designed to prepare the student for employment in the field of general bookkeeping and accounting. A graduate from this program should be equipped to meet the demands of any organization requiring skills in general accounting, cost accounting and analysis of financial information.

To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of “C”; (2) 25 units of General Education Graduation Requirements; (3) the cultural diversity and reading requirements; (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

Required courses are listed in suggested sequence:

ACCOUNTING CERTIFICATE Program Code: 1C03761

The primary emphasis of this program is to prepare the student for occupational competency.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

Required courses are listed in suggested sequence:

ASSOCIATE IN ARTS DEGREE BUSINESS ADMINISTRATION Program Code: 1A16599

This curriculum is designed to provide an opportunity for the business major to achieve an Associate in Arts Degree Business Administration while completing the first and second year requirements for transfer to a four-year institution. While a baccalaureate degree is recommended preparation for those considering professional careers in business administration, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for upper-division work.

Students should consult a counselor and the catalog of the individual college or university to plan a program of study. The internet site www.assist.org will also provide information for California public universities. Courses selected to fulfill the requirements of the associate degree should reflect requirements of the college to which the student plans to transfer.

To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of “C”; (2) California State University General Education Breadth requirements (SCU GE Breadth) or IGETC General Education Plan; (3) any elective courses to complete a minimum of 60 units; (4) complete all graduation requirements; and, (5) have an overall GPA of 2.0. At least 50% of all major course work must be completed at Cypress College. Students pursuing more than one specified departmental major may double count a maximum of 7 units to fulfill major requirements.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.
Required courses are listed in suggested sequence:

ACCOUNTING TRANSFER PROGRAM

Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Accounting (ACCT)

ACCT 011 C  PAYROLL ACCOUNTING

2 Units

Two hours lecture and
One hour laboratory TBA per week.
Prerequisite: ACCT 101 C. This course is a thorough study of payroll computation techniques and payroll taxes. The course is of a non-technical nature and is intended to give students a practical working knowledge of current payroll tax laws. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

ACCT 099 C  BOOKKEEPING PRINCIPLES & PRAC.

3 Units

Three hours lecture and
One hour laboratory TBA per week.
This is a basic course in financial record keeping using the double-entry system for recording transactions in service and merchandising businesses. A systematic approach to journals, ledgers, and financial statements as utilized in sole proprietorships will be studied. $3.00 Laboratory Fee – PAYABLE AT REGISTRATION.

ACCT 101 C  FINANCIAL ACCOUNTING

4 Units

Five hours lecture per week.
Credit by Examination
UC/CSU, CAN BUS 2

A course in beginning accounting meets transfer requirements to four-year colleges and universities and provides a foundation for vocational accounting or other areas of business administration. This course describes and illustrates financial accounting principles including classification of accounts, records, and financial transactions, presentation of financial statements, and fundamentals of the accounting cycle as applied to service and merchandising enterprises.

ACCT 102 C  MANAGERIAL ACCOUNTING

4 Units

Five hours lecture and
One hour laboratory TBA per week.
UC/CSU, CAN BUS 4
Prerequisite: ACCT 101 C, with a grade of “C” or better. Advisory: Knowledge of spreadsheet software recommended. This course provides a foundation for advanced courses in managerial accounting. Instructional topics include the application of managerial accounting to a manufacturing environment, job and process cost accounting systems, cost allocation, cost-volume-profit analysis, absorption and variable costing, differential analysis for decision making, capital investment analysis, budgeting, financial statement analysis, standard costing, and responsibility accounting in a decentralized operation. Computer applications that require knowledge of spreadsheet software are integrated into the homework. This course is required of all accounting and business administration majors. $3.00 Laboratory Fee – PAYABLE AT REGISTRATION.

ACCT 103 C  COMPUTERIZED ACCOUNTING

1 Unit

One hour lecture and
One hour laboratory TBA per week.
CSU
Prerequisite: ACCT 099 C or ACCT 101 C. This course introduces students to starting and using a small business computerized accounting system. Students will utilize computerized accounting software to create a chart of accounts, record journal entries, prepare financial statements, and create supporting reports useful in making business decisions. $3.00 Laboratory Fee – PAYABLE AT REGISTRATION.

ACCT 112 C  INCOME TAX PROCEDURES

3 Units

Three hours lecture per week.
CSU
Prerequisite: ACCT 101 C. This course is an introduction to Federal Income Tax as applied to individuals, partnerships, and corporations. The application of laws and regulations to the preparation of income tax returns is involved.
ACCT 190 C  ACCOUNTING SYS. DESIGN & APPL.
3 Units
Three hours lecture and
One hour laboratory TBA per week.
CSU
Prerequisite: ACCT 101 C. Advisory: Knowledge of spreadsheet software recommended. The course offers the student a hands-on approach to computerized accounting. Students will explore different manual and computerized accounting systems such as General Ledger, Accounts Receivable, Accounts Payable, Payroll and Inventory. $3.00 Laboratory Fee – PAYABLE AT REGISTRATION.

ACCT 201 C  INTERMEDIATE ACCOUNTING
3 Units
Three hours lecture per week.
CSU
Prerequisite: ACCT 101 C. This course covers intermediate accounting theory and practice. The subject areas include: preparation and theory of principle accounting statements; recording, valuation, and presentation of cash; temporary investments; receivables, inventories, plant and equipment, intangible assets and liabilities; stockholders equity, retained earnings and paid-in-capital, statements and financial statement analysis.

ACCT 202 C  COST ACCOUNTING
3 Units
Three hours lecture per week.
CSU
Prerequisite: ACCT 102 C with a grade of “C” or better. This course covers the nature, objectives, and procedures of cost accounting and managerial control of operations. It includes job, process, and standard costing; accounting for manufacturing overhead, direct materials and direct labor; budgeting; and cost records and reports.

ACCT 204 C  ACCT-GOVT & NONPROFIT ENTITIES
3 Units
Three hours lecture per week.
CSU
Prerequisite: ACCT 101 C. This course introduces financial accounting concepts as they apply to governmental and not-for-profit entities, such as federal, state and local governments, school districts, universities, hospitals, religious and social service organizations. The focus is on the principles and procedures of accounting, financial reporting, budgeting and auditing requirements.

Administration of Justice

Division of Vocational Education

Division Dean – Steve Donley
Counselors
Robert Grantham
Jane Jepson

Administration of Justice (AJ)

AJ 100 C  INTRODUCTION TO LAW ENFORCEMENT
3 Units
Three hours lecture per week.
CSU, CAN AJ 2
This is a course to acquaint the student with the historical development of the criminal justice system, criminal behavior, the purpose of criminal law, and the advancement of the ethics and professionalization of the justice system. It provides an overview of the organization of local, state and federal law enforcement agencies and an analysis of professional career opportunities.

AJ 110AC  CRIMINAL LAW
3 Units
Three hours lecture per week.
CSU, CAN AJ 4
Prerequisite: AJ 100 C. This course is a study of the elements of crimes against persons, property and the State as they are recognized in the Penal Code and General Laws of California. Parties in crime, culpability and incomplete offenses are presented from the point of view of the Peace Officer and the Courts.

Administrative Support
See – Office Administration (OFF)

Aeronautics
See – Aviation (AVIA)
ASSOCIATE IN SCIENCE DEGREE

AIR CONDITIONING AND REFRIGERATION Program Code: 1S03774

This program is designed as the bridge between Engineering and Technology. It will provide students with technical skills to support engineering applications. Graduates of the program will be at the leading edge of the application of new engineering solutions to production in industry. High school preparation usually includes one year of algebra, one year of drafting, and one year of geometry.

To earn an Associate Degree students must complete:
1. all major course requirements with a minimum grade of “C”;
2. 25 units of General Education Graduation Requirements;
3. the cultural diversity and reading requirements;
4. any elective courses to complete a minimum of 60 units; and,
5. have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

Required courses are listed in suggested sequence:

Total Units Required 56
Air Conditioning and Refrigeration (AC/R)

AC/R 050 C  AIR CONDITIONING AND REFRIGERATION - SPECIAL PROJECTS
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
One and one-half hours to six laboratory hours per week depending on the units desired.
Corequisite: Completion of, or concurrent enrollment in, AC/R 101 C and AC/R 102 C, or AC/R 111 C and AC/R 112 C. This course is designed for students who have demonstrated interest and capability for increased knowledge and experience in air conditioning and refrigeration topics not ordinarily covered in the curriculum. Students will participate in independent study or research on assigned projects.

AC/R 101 C  REFRIGERATION PRINCIPLES AND PRACTICE - LECTURE
4 Units
Four hours lecture per week.
CSU
Corequisite: Concurrent enrollment in AC/R 102 C. This course is a basic study of vapor compression refrigeration cycle and system components. The course consists of lectures supported by many visual aids.

AC/R 102 C  REFRIGERATION PRINCIPLES AND PRACTICE - LABORATORY
4 Units
Three hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in AC/R 101 C. This course includes laboratory projects and demonstrations involving design, assembly and operation of compression systems; basic liquid and vapor control, metering and modulating devices; design and construction of system piping, including techniques of shaping, forming, soldering and welding; dehydration of systems and charging methods.

AC/R 103 C  PSYCHROMETRICS
2 Units
One and one-half hours lecture and
One and one-half hours laboratory per week.
CSU
This course is a study of the behavior of air vapor mixtures with an emphasis on application of the psychrometric chart. Processes such as heating, cooling, dehumidifying, and evaporative cooling are studied.

AC/R 111 C  ELECTRICAL CONTROLS FOR AIR CONDITIONING AND REFRIGERATION - LECTURE
4 Units
Four hours lecture per week.
CSU
Corequisite: Concurrent enrollment in AC/R 112 C. This course includes the basic concepts of electrical principles as used in Air Conditioning and Refrigeration. Schematic reading, single-phase motor starting and electrical safety will be covered.

AC/R 112 C  ELECTRICAL CONTROLS FOR AIR CONDITIONING AND REFRIGERATION - LECTURE/LABORATORY
4 Units
Three hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in AC/R 111 C. This course emphasizes laboratory projects and experiments in the principles and application of electric circuits, equipment and controls as used in air conditioning and refrigeration. Included are schematic reading and circuit wiring.

AC/R 113 C  LOW VELOCITY DUCT SELECTION
2 Units
One and one-half hours lecture and
One and one-half hours laboratory per week.
CSU
This course is a study of fans, outlets and ducting for air conditioning systems. The procedure for designing a duct system using the ASHRAE duct friction chart and the circular duct-sizing calculator is emphasized.

AC/R 130 C  PNEUMATIC CONTROL FOR A/C
4 Units
Three hours lecture and
Three hours laboratory per week.
CSU
Advisory: Completion of, or concurrent enrollment in AC/R 111 C, AC/R 112 C, MATH 020 C. A course designed to instruct the students in the application of air conditioning pneumatic controls as is used in commercial building systems. Students will apply the theories and skills taught in the classroom on laboratory mock-ups simulating industry standards.

AC/R 131 C  DIRECT DIGITAL CONTROLS FOR A/C
4 Units
Three hours lecture and
Three hours laboratory per week.
CSU
Advisory: Completion of, or concurrent enrollment in AC/R 130 C. A course designed to instruct the student in the application of direct digital controls as used in commercial building systems. Students will apply the theories and skills taught in the classroom on laboratory mockups simulating industry standards.

AC/R 140 C  PLUMBING PRINCIPLES/PRACTICES
4 Units
Three hours lecture and
Three hours laboratory per week.
CSU
A course designed to instruct the student in the application of plumbing technology as is used in commercial building systems. Students will apply the theories and skills taught in the classroom on laboratory mock-ups simulating industry standards.
AC/R 201 C  AIR CONDITIONING AND REFRIGERATION SYSTEMS ADVANCED  
4 Units  
Four hours lecture per week.  
CSU  
Prerequisite: AC/R 101 C, AC/R 102 C, AC/R 111 C, AC/R 112 C. Corequisite: Concurrent enrollment in AC/R 203 C. This is an advanced course with emphasis on the refrigeration cycle. Pipe sizing, compressor sizing, h.p. requirements, single and two stage refrigeration systems, absorption systems, centrifugal systems and other advanced refrigeration systems will be included.

AC/R 202 C  AIR CONDITIONING AND REFRIGERATION ADVANCED - LECTURE/LABORATORY  
5 Units  
Three and one-half hours lecture and  
Four and one-half hours laboratory per week.  
CSU  
Prerequisite: AC/R 101 C, AC/R 102 C, AC/R 103 C, AC/R 111 C, AC/R 112 C and AC/R 113 C. This is an advanced course in which the student will measure air and water flow, KW, find EER and COP. The student will wire and troubleshoot complex electrical controls for refrigeration and air conditioning systems. Psychrometric applications to air problems and system capacity will be emphasized. The student will use recovery and recycling machines, and will recover refrigerant from operating laboratory systems.

AC/R 203 C  REFRIGERATION LAYOUT AND DESIGN  
2 Units  
One and one-half hours lecture and  
One and one-half hours laboratory per week.  
CSU  
Prerequisite: AC/R 101 C, AC/R 102 C, AC/R 111 C, AC/R 112 C. Corequisite: Concurrent enrollment in AC/R 201 C. This is an advanced course with emphasis on the refrigeration cycle. The student will select components and design systems, using the knowledge gained in AC/R 201 C.

AC/R 211 C  AIR CONDITIONING HEAT LOAD  
4 Units  
Four hours lecture per week.  
CSU  
Prerequisite: AC/R 101 C, AC/R 102 C, AC/R 103 C, AC/R 111 C, AC/R 112 C. This is an advanced air conditioning class in which the student will learn how to calculate the heat load of a building.

AC/R 212 C  MECHANICAL CODES AND MECHANICAL COST ESTIMATING  
5 Units  
Three and one-half hours lecture and  
Four and one-half hours laboratory per week.  
CSU  
Prerequisite: AC/R 101 C, AC/R 102 C, AC/R 103 C, AC/R 111 C, AC/R 112 C and completion of, or concurrent enrollment in, AC/R 113 C. This course is an advanced lab class in which the student will develop a material and labor cost estimate and prepare construction bids for air conditioning systems. Building and mechanical codes and inspection procedures will be covered. Estimating processes by spreadsheet will be introduced.

AC/R 213 C  AIR CONDITIONING LAYOUT AND DESIGN  
2 Units  
One and one-half hours lecture and  
One and one-half hours laboratory per week.  
CSU  
Prerequisite: AC/R 101 C, AC/R 102 C, AC/R 103 C, AC/R 111 C, AC/R 112 C. Corequisite: Concurrent enrollment in AC/R 211 C and completion of, or concurrent enrollment in, AC/R 113 C. This course is an advanced course in which the student will use the knowledge gained in AC/R 211 C to design an air conditioning system for a building.

AC/R 298 C  AIR CONDITIONING/REFRIGERATION SEMINAR  
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)  
Zero to twelve hours lecture and  
Zero to thirty-six hours laboratory per week.  
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade  
CSU  
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This is a course for students who wish to increase their knowledge of air conditioning and refrigeration. Various topics will be covered. This class is a course that may range from ½ to 12 units in any given semester. Consult the class schedule to verify credit for a particular semester. Fees may be required – PAYABLE AT REGISTRATION.

### BASIC AIRLINE CUSTOMER SERVICES CERTIFICATE Program Code: 1K00064

The Basic Airline Customer Services Program provides students with the customer service experiences, communication skills, professional image practice, and technical training necessary for pursuing a career as a Reservations Agent, Gate Agent, Ticket Agent, or Customer Services Manager. Students will develop a working knowledge of the airline industry and learn the basic skill requirements necessary to work as a customer services representative for a major airline.

Students may earn a Basic Airline Customer Services Certificate (12 units), which will prepare them to pursue work in the airline customer services industry as an intern.

To earn a Basic Airline Customer Services Certificate, complete the required courses as listed with a minimum grade of "C". At least 50% of all course work must be completed at Cypress College.
Required courses are listed in numeric sequence:

ASSOCIATE IN SCIENCE DEGREE FLIGHT ATTENDANT  Program Code: 1S03814
The Flight Attendant Program provides students with the customer service experiences, communication skills, professional image practice, and technical understanding necessary for pursuing a career as a flight attendant.

To earn an Associate Degree students must complete:
1) all major course requirements with a minimum grade of "C";
2) 25 units of General Education Graduation Requirements;
3) the cultural diversity and reading requirements;
4) any elective courses to complete a minimum of 60 units; and,
5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

BASIC FLIGHT ATTENDANT  CERTIFICATE  Program Code: 1K00068
The Flight Attendant Program provides students with the customer service experiences, communication skills, professional image practice, and technical understanding necessary for pursuing a career as a flight attendant. Because the airline recruiting and training programs for flight attendants are so rigorous, students learn valuable information that enhances their chance for a successful career in the exciting travel industry. Students may earn a Basic Flight Attendant Certificate (12 units), which will prepare them to pursue working in the travel industry as an intern.

To earn a Basic Flight Attendant Certificate, complete the required courses as listed with a minimum grade of "C". At least 50% of all course work must be completed at Cypress College.

ASSOCIATE IN SCIENCE DEGREE
TRAVEL/TOURISM Program Code: 1S07859

The Associate of Science Degree in Travel/Tourism provides students with the customer service experiences, communication skills, professional image practice, and technical training necessary to pursue a professional career as a travel agent, tour guide, or corporate travel consultant.

To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of “C”; (2) 25 units of General Education Graduation Requirements; (3) the cultural diversity and reading requirements; (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

Required courses are listed in suggested sequence:

AIRLINE AND TRAVEL CAREERS TRANSFER PROGRAMS

Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.
Airline and Travel Careers (ATC)

ATC 050 C  SPECIAL PROJECTS - AIRLINE
2 Units (May be taken for credit two times.)
One hour lecture and
Three hours laboratory TBA per week.
Corequisite: Completion of, or concurrent enrollment in ATC 070 C and/or ATC 170 C. Advisory: Concurrent enrollment in ATC 270 C or ATC 274 C. This course provides students with service learning opportunities that put into practice the abstract theories of their course work. Students will develop their public contact and customer care skills as they host various campus, community, civic, and travel-related events. Service learning offers students an opportunity to improve their self-directed and critical thinking skills – abilities considered essential in the airline and travel industries. To prepare for industry employment, students will update their career portfolios and practice interviewing on video.

ATC 070 C  PROFESSIONAL IMAGE
1 1⁄2 Units
One and one-half hours lecture per week.
Presenting a professional image can make the difference in achieving personal career success. This course studies the power of visual perception, attire, grooming, body language, and oral communication. Students will learn about the basic principles of dressing for success, using appropriate business etiquette, and developing their personal style for professional success.

ATC 101 C  INTRO TO TRAVEL CAREERS
3 Units
Three hours lecture per week.
CSU
This course introduces students to operations and career opportunities in the airline and travel industries. The history, definition, organization, and industry trends will be reviewed. Internet research will be utilized and students will prepare a personalized career project.

ATC 123 C  TRAVEL SALES & TOUR OPERATIONS
3 Units
Three hours lecture per week.
CSU
Students will learn the essentials of travel sales and tour operations, including the latest trends, itinerary planning, and the technologies available to travel/tourism consultants in the leisure, recreational, and corporate travel markets.

ATC 126 C  TRAVEL OFFICE MANAGEMENT
3 Units
Three hours lecture per week.
CSU
This course is a study of management practices in the travel/tourism business, including ARC requirements, location and staffing, sales reports and agency accounting. Travel markets, product lines, marketing techniques, advertising, and promotions are explored. Techniques for personal and telephone selling and guidelines for handling job stress, sales, and client crises are included.

ATC 170 C  JOB SKILLS COMMUNICATION
1 1⁄2 Units
One and one-half hours lecture per week.
CSU
Advisory: Recommend taking in sequence with ATC 070 C Professional Image. Students will update and/or prepare a career portfolio, including resume, work samples, and recommendations. Video will be used to help students achieve maximum effectiveness in mock-interviews.

ATC 174 C  DESTINATIONS: AMERICAS/EUROPE
3 Units
Three hours lecture per week.
CSU
This course introduces students to world geography from a travel and tourism perspective. Students will learn about domestic and international travel considerations including itineraries, currencies, travel documents, customs, language, health requirements, and time considerations for locations throughout the Americas and Europe.

ATC 175 C  DESTINATIONS: AFRICA/PACIFIC
3 Units
Three hours lecture per week.
CSU
This course continues the study of world geography from a travel and tourism perspective. Students will examine international travel considerations including itineraries, currencies, travel documents, customs, language, health requirements, and time considerations for the following locations: Africa, the Middle East, Asia, and the Pacific Islands.

ATC 182 C  MULTICULTURAL HOSPITALITY
3 Units
Three hours lecture per week.
CSU
Whether traveling for business or pleasure, in the role of a host or a guest, students will examine the rules and taboos of multicultural hospitality throughout the world. Students will learn the appropriate greetings, gifts, food, and serving considerations for a range of cultures while considering the historical and social contexts that contributed to these customs. Students will study how, despite cultural differences, people can work toward goals of common courtesy and respect.

ATC 183 C  CUSTOMER CARE: AIRLINE/TRAVEL
3 Units
Three hours lecture per week.
CSU
This course examines the priority of customer service and satisfaction in the competitive airline industry. Topics include the safety regulations and service standards of the Federal Aviation Administration, the Department of Transportation, and airlines themselves. Students will study these standards in relation to current performance, public opinion, and service ideology. Students will also investigate how airlines differentiate their service to be competitive in a particular market niche. Students will "shop" airlines and service related businesses to gain tools for developing a personal approach to customer care.
ATC 191 C  AIRLINE RESERVATIONS: APOLLO
3 Units
Two hours lecture and
Three hours laboratory per week.
CSU, Credit by Examination
This course is an introduction to APOLLO, the computer reservations system used by United Airlines and one of the two major systems used by travel consultants. Students will learn how to build PNR’s (passenger name records), quote fares, and calculate prices through hands-on applications on computers. $4.00 Laboratory Fee - PAYABLE AT REGISTRATION.

ATC 192 C  AIRLINE RESERVATIONS: SABRE
3 Units
Two hours lecture and
Three hours laboratory per week.
CSU
This course is an introduction to SABRE, the computer reservations system used by American Airlines and one of the two major systems used by travel consultants. Students will learn how to build PNR’s (passenger name records), quote fares, and calculate prices through hands-on applications on computers. $4.00 Laboratory Fee - PAYABLE AT REGISTRATION.

ATC 270 C  AIRLINE OPERATIONS
3 Units
Three hours lecture per week.
CSU
This course is designed for students interested in working in the airline industry as flight attendants or customer service representatives (i.e. ground, reservations, ramp, or ticketing agents). Students will learn airline terminology, city codes, the 24-hour clock, airline operations, and industry hiring standards.

ATC 274 C  PASSENGER SERVICES & SAFETY
3 Units
Three hours lecture per week.
CSU
Advisory: Concurrent enrollment in ATC 050 C recommended. In this course special emphasis is placed on emergency procedures and federal regulations. The essential professional attitude and teamwork needed to successfully perform as a crew member to insure onboard passenger safety and comfort will be covered.

ATC 278 C  PUBLIC RELATIONS
3 Units
Three hours lecture per week.
CSU
This course introduces students to the public relations concepts and practices in the hospitality and travel industries. Students will examine promotional campaigns and develop their own public relations proposal with emphasis on practical applications.

ATC 295 C  AIRLINE/TRAVEL INTERNSHIP
3 Units
One hour lecture and
Fifteen hours laboratory per week.
CSU
Prerequisite: Completion of the Basic Airline Customer Services Certificate; or Basic Flight Attendant Certificate; or Basic Travel/Tourism Certificate. This course offers practical work experience in an approved airline and travel related industry for the student(s) in the Airline and Travel Careers program. This course is designed to provide vocational learning opportunities through employment.

ATC 298 C  AIRLINE/TRAVEL SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to ninety hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
CSU
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This course is for students who wish to increase their knowledge of the airline and travel industry. Various topics will be offered. Unit credit may range from ½ to 12 units in any given semester. Consult the class schedule to verify credit for a particular semester. Fees may be required – PAYABLE AT REGISTRATION.

ATC 299 C  ATC INDEPENDENT STUDY
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
One-half to two hours lecture per week.
CSU
Prerequisite: Approved Independent Study Learning Contract. This course is designed for those students who wish to increase their knowledge of the airline and/or travel industry through professionally directed independent study or research. Unit credit may range from ½ to two units in any given semester.

Therese Mosqueda-Ponce
Daniel Pelletier

ANTHROPOLOGY TRANSFER PROGRAM
Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Anthropology (ANTH)

ANTH 102 C CULTURAL ANTHROPOLOGY
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE, IGETC, CAN ANTH 4
This course is an introduction to the cross-cultural study of man’s behavior. The course includes a study of the nature and evolution of culture, social organization, family structure, religion, language, and other basic topics.

ANTH 104 C COMPARATIVE CULTURES
3 Units
Three hours lecture per week.
UC/CSU, CSU GE, IGETC
This course is a cross-cultural survey of comparative cultures, comparative analysis of different modes of production, modes of reproduction, domestic economics, political economics, and ideologies. There is a study and analysis of a broad selection of human societies, which will provide a perspective on how human problems have been solved and the possibilities for new solutions to our own problems.

ANTH 121 C INDIANS OF NORTH AMERICA
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
UC/CSU, CSU GE, IGETC, CUL DIV
This course is a survey of North American Indian culture areas. Subject matter includes peopling of the New World, traditional culture, the impacts of Euro American culture and native peoples cultures on one another, and contemporary issues (e.g. discrimination, sovereignty, assimilation, Red Power, health, Pan-Indianism).

ANTH 201 C PHYSICAL ANTHROPOLOGY
4 Units
Three hours lecture
Two hours laboratory and
One hour laboratory/quiz and problem solving per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE, IGETC, CAN ANTH 2
This is an introductory course in genetics, evolutionary theory and primatology. It includes the study of the primate fossil record, with primary emphasis on human evolution and human variation.

ANTH 203 C INTRODUCTION TO ARCHAEOLOGY
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE, IGETC, CAN ANTH 6
This is a survey of the science of archaeology; its development, methods, theories and objectives. Discoveries and their discoverers will be covered. Pre-history in both the Old World and the New World will be presented with emphasis on the latter.

ANTH 231 C FIELD COURSE IN ARCHAEOLOGY
3 Units (May be taken for credit 2 times)
One hour lecture and
Six hours laboratory per week.
Credit/No Credit/Letter Grade Option
CSU
Practical experience in site survey and field excavation on a local archaeological site, laboratory analysis, lectures on methodology, local prehistory, and museum preparation will be presented in a fieldwork setting.

ANTH 298 C ANTHROPOLOGY SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to thirty-six hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
UC Credit Limitation/CSU
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This is a lecture/discussion type course developed on a particular limited problem or topic of interest to students. It is designed for able students who wish to increase their knowledge on a particular topic concerning which no other regular class is offered. A paper or group activity may be requested. Credit may range from ½ to 12 units. Consult the class schedule for the offerings in a particular semester. Fees may be required – PAYABLE AT REGISTRATION.

ANTH 299 C ANTHROPOLOGY INDEPENDENT STUDY
1 Unit (May be taken for credit 3 times)
Varying hours of scheduled conferences per week.
UC Credit Limitation/CSU
Prerequisite: Approved Independent Study Learning Contract. Independent study is for able students who wish to extend their knowledge of a particular area through individual research and study. It is thought that topics might develop out of a curiosity stimulated in a regular class. The student would then contact the supervising instructor to develop a contract for his/her particular interest so that they could learn more regarding their special topic.
ASSOCIATE IN ARTS DEGREE
ART Program Code: 1A03776
This program is designed to prepare the student in the development of conceptual and technical skills required by artists in certain occupations.

To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of “C”; (2) 25 units of General Education Graduation Requirements; (3) the cultural diversity and reading requirements; (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

Select a minimum of 11 Units from the Art course offerings not listed above except ART 170 C.

Total Units Required 35
ART 110 C  INTRODUCTION TO ART  
3 Units  
Three hours lecture per week.  
Credit/No Credit/Letter Grade Option  
UC/CSU, AA GE, CSU GE, IGETC  
Advisory: Completion of ENGL 100 C. This course is designed to expose the student to art from prehistoric times to the present: its purposes, materials, themes, history, and significance. It also acquaints the student with artists’ roles in present and past societies, and helps the student understand the uses of materials and visual elements (i.e., line, color, etc.) to communicate ideas in architecture, sculpture, painting, ceramics, crafts, filmmaking, printmaking, etc. Major writing assignments are required. Cost of museum visit will not exceed $15.00.

ART 111 C  SURVEY OF ART HISTORY I  
3 Units  
Three hours lecture per week.  
Credit/No Credit/Letter Grade Option  
UC/CSU, AA GE, CSU GE, IGETC, CAN ART 2  
Advisory: Completion of ENGL 100 C. This course studies the development of ancient and medieval architecture, sculpture and painting in the Western and Eastern cultures. Emphasis is placed on examining how art records and shapes history, how style communicates the ideas of the artist and his culture, and how symbols, techniques, materials and subjects are used and transferred from one culture to another. Major writing assignments are required. Cost of museum visit will not exceed $15.00.

ART 112 C  SURVEY OF ART HISTORY II  
3 Units  
Three hours lecture per week.  
Credit/No Credit/Letter Grade Option  
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, CAN ART 4  
Advisory: Completion of ENGL 100 C. This course studies the development of architecture, sculpture and painting in the Western world from the Renaissance through the twenty-first century. Emphasis is placed on examining how art records and shapes history, how style communicates the ideas of the artist and his culture, and how symbols, techniques, materials and subjects are used and transferred from one culture to another. Major writing assignments are required. Cost of museum visit will not exceed $15.00. Duplicate credit not granted for ART 112HC.

ART 112HC  HONORS SURVEY OF ART HISTORY II  
3 Units  
Three hours lecture per week.  
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, CAN ART 4  
Advisory: Completion of ENGL 100 C. This is an enhanced course that studies basic art theory and the development of architecture, sculpture, and painting of the Western world from the Renaissance through the twenty-first century. Emphasis is placed on examining how art records and shapes history, how style communicates the ideas of the artist and his culture, and how symbols, techniques, materials, and subjects are used and transferred from one culture to another. Major written assignments are required. Cost of museum visit will not exceed $15.00. Duplicate credit not granted for ART 112 C.

ART 114 C  MODERN ART HISTORY  
3 Units  
Three hours lecture per week.  
Credit/No Credit/Letter Grade Option  
UC/CSU, AA GE, CSU GE, IGETC  
Advisory: Completion of ENGL 100 C. This course deals with the nature of twentieth and twenty-first century art and its origins in the late nineteenth century. Emphasis is placed on examining how art reflects history, how style communicates the ideas of the artist and his/her culture and how symbols, techniques, materials and subjects are used and expanded in 20th and 21st century artistic expression. Major written assignments are required. Cost of museum visit will not exceed $15.00.

ART 115 C  MUSEUM SURVEY  
3 Units (May be taken for credit 4 times)  
Three hours lecture per week.  
Credit/No Credit/Letter Grade Option  
CSU, AA GE  
In this course various local museums and galleries will be visited and their collections studied. Field trips to museums and galleries will alternate with classroom slide lectures designed to provide background information and suggested techniques for viewing and analyzing the art in each collection.

ART 120 C  TWO-DIMENSIONAL DESIGN  
3 Units  
Two hours lecture and  
Four hours laboratory per week.  
UC/CSU, AA GE, CSU GE, CAN ART 14  
Using the elements and principles of art, two-dimensional images are created. As a foundation for all the visual arts, this course studies the concepts, vocabulary, techniques and materials necessary for the successful creation of two-dimensional design. Laboratory fees are used for materials provided by the Art Department. $10.00 PAYABLE AT REGISTRATION.

ART 121 C  THREE-DIMENSIONAL DESIGN  
3 Units  
Two hours lecture and  
Four hours laboratory per week.  
UC/CSU, CAN ART 16  
This course is an introductory course covering the materials, techniques, and tools used to create three-dimensional forms. This course emphasizes the vocabulary of three-dimensional design and its application to problem solving in three-dimensions. $10.00 fee for materials used in common - PAYABLE AT REGISTRATION.

ART 122 C  GALLERY/PORTFOLIO DESIGN  
3 Units (May be taken for credit 4 times)  
Two hour lecture and  
Four hours laboratory per week.  
CSU  
This course provides practical experience in gallery operation, art exhibit installation, and artist portfolio preparation. Students will have an opportunity to collaborate in the planning, designing, and installing of art exhibitions in the college gallery and to visit and evaluate exhibitions in other local galleries and museums. Students will also create individual art installations and professional artist portfolios.

</table>
ART 155 C  ART - OPEN LAB
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
One and one-half hours to
Six hours laboratory per week.
Credit/No Credit
CSU
Prerequisite: Concurrent enrollment in any art class. This
course is designed as an open laboratory. Working time can be
anytime the laboratory is open on an individual basis. This
open lab with flexible hours and variable units is designed to
provide students with space and equipment needed to com-
plete art assignments; therefore, concurrent enrollment in
any art studio class is required. Twenty-seven (27) hours are
required for each ½ unit up to 108 hours for two (2) units.
Each subsequent credit represents advancing levels of
achievement. Levels must be taken in sequence.

ART 174 C  JEWELRY DESIGN
2 Units (May be taken for credit 4 times)
One hour lecture and
Three hours laboratory per week.
CSU
This is a course covering the design and construction of jew-
elry and small fabricated metal pieces. Emphasis will be
placed on fabrication and direct casting techniques and their
potential. $10.00 fee for materials used in common - PAYABLE AT REGISTRATION.

ART 175 C  METALSMITHING
2 Units (May be taken for credit 4 times)
One hour lecture and
Three hours laboratory per week.
CSU
Prerequisite: ART 174 C. The emphasis of this course will be
placed on the development of advanced design skills, lost
wax casting and stone setting techniques. $10.00 fee for
materials used in common - PAYABLE AT REGISTRATION.

ART 182 C  FREEHAND DRAWING
3 Units (May be taken for credit 4 times)
Two hours lecture and
Four hours laboratory per week.
UC/CSU, AA GE, CSU GE, CAN ART 8
This course is an introductory class in the fundamentals of
drawing. The student will be exploring traditional and experi-
mental methods in drawing. There is strong emphasis on
foundation skills such as form, value, composition and per-
spective. Perceptual skills and self expression will also be
stressed. The student will work from nature, man made
objects and his or her own imagination. Non objective and
abstract considerations will be examined in representational
and experimental drawing. A variety of media will be intro-
duced, such as graphite, charcoal, conte, pen and ink. Advanced students will be exposed to more color and mixed
media.

ART 185 C  LIFE DRAWING
3 Units (May be taken for credit 4 times)
Two hours lecture and
Four hours laboratory per week.
UC/CSU, AA GE, CAN ART 24
Life Drawing is an introduction to the representational and
expressive drawing of the human figure. It is a foundation for
figure painting. The course provides an opportunity for explo-
ration of various methods, approaches, and media in figure
drawing.

ART 188 C  WATERCOLOR PAINTING
2 Units (May be taken for credit 4 times)
One hour lecture and
Three hours laboratory per week.
UC/CSU, AA GE
The beginning semester will be an introduction to image
making on paper using transparent watercolor media. Tech-
niques covered include traditional transparent watercolor,
arylic polymer media used transparently and as a gouache,
collage, transfers, and mixed media techniques appropriate
to paper supports. The second, third, and fourth semesters
are for the advanced watercolor painting student, in which
further study and development of an individual style will take
place. The production of a series of works with emphasis on
the development of creative solutions will be the goal of the
class.

ART 189 C  FUNDAMENTALS OF PAINTING
3 Units (May be taken for credit 4 times)
Two hour lecture and
Four hours laboratory per week.
UC/CSU, AA GE, CSU GE, CAN ART 10
The purpose of this course is to approach painting as a creative
and problem solving process. Emphasis will be placed on
the acquisition of technical/formal skills and the development of a
personal artistic vision. This course will include a variety of media
and the fundamentals of composition, color theory, and crafts-
manship as applied to painting and the fine arts.

ART 191 C  LIFE PAINTING
3 Units (May be taken for credit 4 times)
Two hours lecture and
Four hours laboratory per week.
UC/CSU
Prerequisite: ART 185 C, or ART 189 C. Life Painting is an
introduction to painting the human figure as a means to a
more penetrating perception of visual phenomena and as a
means of creative expression. Paintings will progress from a
limited palette to full color with the emphasis on light, color,
composition and form. The course provides an opportunity
for examination of historical and contemporary examples of
figure painting and for exploration of various methods,
approaches and media. This course satisfies the require-
ments for units in lower division Life Painting for transfer.

ART 244 C  ILLUSTRATION
3 Units (May be taken for credit 3 times)
Two hours lecture and
Four hours laboratory per week.
CSU
Prerequisite: ART 182 C or taken concurrently. This is an
introductory to intermediate course in the art of illustration.
Primary emphasis is on the design and execution of illustra-
tions for various uses in a variety of media. Course content
includes designing to communicate a message, composition
style, development of preliminary drawings, preparation of
drawings for printed reproduction, and experiments in the
use of various media.
ART 298 C  ART SEMINAR  
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)  
Zero to twelve hours lecture and  
Zero to forty-eight hours laboratory per week.  
Credit/No Credit or Credit/No Credit/Letter Grade Option or  
Standard Letter Grade  
UC Credit Limitation/CSU  
Prerequisite: May be required. Corequisite: May be required.  
Advisory: May be required. Various classes may be offered which are designed to meet the interests and needs of the student and faculty. Fees may be required – PAYABLE AT REGISTRATION AND/OR BOOKSTORE.

ART 299 C  ART INDEPENDENT STUDY  
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)  
One-half to two hours conference per week.  
UC Credit Limitation/CSU  
Prerequisite: Approved Independent Study Learning Contract.  
This is a course that is designed for the student to pursue an increased knowledge of a particular art discipline. Unit credit may range from ½ to 2 units in any given semester; units earned will be based on 18 hours for each ½ unit.

**ANIMATION 2D COMPUTER GRAPHICS CERTIFICATE**  
Program Code: 1K00070  
This Animation 2D Computer Graphics Certificate provides the skills necessary to create two-dimensional animated cartoons and interactive games suitable for the Internet and CD-ROMs. Emphasis is placed on development of a portfolio for employment and/or advancement.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

Required courses are listed in numeric sequence:

Art – Computer Graphics (ACG)

ACG 100 C INTRO TO COMPUTER GRAPHICS/MAC
3 Units
(Same as MMCG 100 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. This course focuses on the use of paint, drawing and page layout programs. The use of various input and output devices will be covered. Designed for artists to input, create, manipulate and output graphic imagery. This class is intended as a gateway into the varied offerings of the Art Computer Graphics program, where the student can pursue more in-depth study on the topic(s) that most attracted them during this introductory class. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

ACG 101 C INTRO TO COMPUTER GRAPHICS/WIN
3 Units
(Same as MMCG 101 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. This course focuses on the use of paint, drawing and page layout programs. The use of various input and output devices will be covered. Designed for artists to input, create, manipulate and output graphic imagery. This class is intended as a gateway into the varied offerings of the Art Computer Graphics program, where the student can pursue more in-depth study on the topic(s) that most attracted them during this introductory class. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

ACG 102 C INTRO TO MAC WEB GRAPHICS
3 Units
(Same as MMCG 102 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. This is an overview of the many uses of computer multimedia, with an emphasis on electronic publishing over the Internet. In the course of the semester, the students create a personal Web page enriched with such audiovisual elements as animation, sound, video, 3-D, and different types of still images. This class is intended as a gateway into the varied offerings of the Art Computer Graphics program, where the student can pursue more in-depth study on the topic(s) that most attracted them during this introductory class. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.
### ACG 103 C INTRO TO WIN WEB GRAPHICS
- **Units:** 3
- **Corequisite:** Concurrent enrollment in ACG 199 C. Advisory: ACG/MMCG 100 C or ACG/MMCG 101 C or ACG/MMCG 102 C or ACG/MMCG 103 C and ART 120 C or by consent of instructor pending portfolio review.
- **Fee:** $15.00 Laboratory Fee - PAYABLE AT REGISTRATION.

### ACG 104 C INTRO TO MAC 3D GRAPHICS
- **Units:** 3
- **Corequisite:** Concurrent enrollment in ACG 199 C. Advisory: ACG/MMCG 100 C or ACG/MMCG 101 C or ACG/MMCG 102 C or ACG/MMCG 103 C and ART 120 C or by consent of instructor pending portfolio review.
- **Fee:** $15.00 Laboratory Fee - PAYABLE AT REGISTRATION.

### ACG 105 C INTRO TO WIN 3D GRAPHICS
- **Units:** 3
- **Corequisite:** Concurrent enrollment in ACG 199 C. Advisory: ACG/MMCG 100 C or ACG/MMCG 101 C or ACG/MMCG 102 C or ACG/MMCG 103 C and ART 120 C or by consent of instructor pending portfolio review.
- **Fee:** $15.00 Laboratory Fee - PAYABLE AT REGISTRATION.

### ACG 112 C ELECTRONIC ILLUSTRATION/MAC
- **Units:** 3
- **Corequisite:** Concurrent enrollment in ACG 199 C. Advisory: ACG/MMCG 112 C or ACG/MMCG 113 C or by consent of instructor pending portfolio review.
- **Fee:** $15.00 Laboratory Fee - PAYABLE AT REGISTRATION.

### ACG 113 C ELECTRONIC ILLUSTRATION/WIN
- **Units:** 3
- **Corequisite:** Concurrent enrollment in ACG 199 C. Advisory: ACG/MMCG 112 C or ACG/MMCG 113 C or by consent of instructor pending portfolio review.
- **Fee:** $15.00 Laboratory Fee - PAYABLE AT REGISTRATION.

### ACG 114 C ELECTRONIC ILLUSTRATION 2/MAC
- **Units:** 3
- **Corequisite:** Concurrent enrollment in ACG 199 C. Advisory: ACG/MMCG 112 C or ACG/MMCG 113 C or by consent of instructor pending portfolio review.
- **Fee:** $15.00 Laboratory Fee - PAYABLE AT REGISTRATION.

### ACG 115 C ELECTRONIC ILLUSTRATION 2/WIN
- **Units:** 3
- **Corequisite:** Concurrent enrollment in ACG 199 C. Advisory: ACG/MMCG 112 C or ACG/MMCG 113 C or by consent of instructor pending portfolio review.
- **Fee:** $15.00 Laboratory Fee - PAYABLE AT REGISTRATION.
ACG 120 C  3D MODELING/MAC
3 Units
(Same as MMCG 120 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory:
ACG/MMCG 104 C or ACG/MMCG 105 C and ART 120 C or
by consent of instructor pending portfolio review. This course
focuses on computer generated 3D design techniques
through the use of Macintosh based three-dimensional design
programs. The course emphasis is on the introduction of
three-dimensional concepts, the use of modeling tools, menu
structures and modeling building applications of 3D design
systems. Skills taught in this course will give students the abil-
ity to create original three-dimensional computer generated
models of organic or mechanical design and animate them.
$15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

ACG 121 C  3D MODELING/WIN
3 Units
(Same as MMCG 121 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory:
ACG/MMCG 104 C or ACG/MMCG 105 C and ART 120 C or
by consent of instructor pending portfolio review. This course
focuses on computer generated 3D design techniques
through the use of Windows based three-dimensional design
programs. The course emphasis is on the introduction of
three-dimensional concepts, the use of modeling tools, menu
structures and modeling building applications of 3D design
systems. Skills taught in this course will give students the abil-
ity to create original three-dimensional computer generated
models of organic or mechanical design and animate them.
$15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

ACG 132 C  ELECTRONIC PAINT/MAC
3 Units
(Same as MMCG 132 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory:
ACG/MMCG 100 C or ACG/MMCG 101 C or ACG/MMCG
102 C or ACG/MMCG 103 C and ART 120 C or by consent of
instructor pending portfolio review. The course focuses on
the usage of Macintosh based software using a variety of
natural-media software for the manipulation of bit-mapped
(raster) images. Course topics include creation of original
drawings; paintings and illustrations, using an assortment of
digitally based chalks, pens, paints, inks, papers and tex-
tures. The course offers the professional artist raster based
digital drawing/painting and illustration skills, on a Macintosh
computer, needed for employment and/or advancement.
$15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

ACG 133 C  ELECTRONIC PAINT/WIN
3 Units
(Same as MMCG 133 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory:
ACG/MMCG 100 C or ACG/MMCG 101 C or ACG/MMCG
102 C or ACG/MMCG 103 C and ART 120 C or by consent of
instructor pending portfolio review. The course focuses on
the usage of Microsoft Windows based software using a variety
of natural-media software for the manipulation of bit-mapped
(raster) images. Course topics include creation of original
drawings; paintings and illustrations, using an assortment of
digitally based chalks, pens, paints, inks, papers and tex-
tures. The course offers the professional artist raster based
digital drawing/painting and illustration skills, on a Windows
computer, needed for employment and/or advancement.
$15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

ACG 134 C  DIGITAL IMAGING/MAC
3 Units
(Same as MMCG 134 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory:
ACG/MMCG 100 C or ACG/MMCG 101 C or ACG/MMCG
102 C or ACG/MMCG 103 C and ART 120 C or by consent of
instructor pending portfolio review. The course focuses on
the usage of Macintosh based software for the manipulation
of bit-mapped (raster) images using illustrative, photo-
graphic, scanned and video images as the basis of image
manipulation. Course topics include: image enhancement,
editing, composite retouching, photo montages, prepress,
color separations and web-based images. $15.00 Laboratory
Fee – PAYABLE AT REGISTRATION.

ACG 135 C  DIGITAL IMAGING/WIN
3 Units
(Same as MMCG 135 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory:
ACG/MMCG 100 C or ACG/MMCG 101 C or ACG/MMCG
102 C or ACG/MMCG 103 C and ART 120 C or by consent of
instructor pending portfolio review. The course focuses on
the usage of Microsoft Windows based software for the
manipulation of bit-mapped (raster) images using illustrative,
photographic, scanned and video images as the basis for
image manipulation. Course topics include: image enhance-
ment, editing, composite retouching, photomontages, pre-
press, color separations and Web-based images. $15.00 Laboratory
Fee – PAYABLE AT REGISTRATION.
ACG 136 C DIGITAL IMAGING 2/MAC
3 Units
(Same as MMCG 136 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: ACG/MMCG 134 C or ACG/MMCG 135 C or by consent of instructor pending portfolio review. The course focus is on the advanced usage of Macintosh based software for the manipulation of bit-mapped (raster) images using illustrative, photographic, scanned and video images as the basis for image manipulation. Course topics include image enhancement, editing, composite, retouching, photo montages, prepress, color separations and web based images. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

ACG 137 C DIGITAL IMAGING 2/WIN
3 Units
(Same as MMCG 137 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: ACG/MMCG 134 C or ACG/MMCG 135 C or by consent of instructor pending portfolio review. The course focus is on the advanced usage of Windows based software for the manipulation of bit-mapped (raster) images using illustrative, photographic, scanned and video images as the basis for image manipulation. Course topics include image enhancement, editing, composite, retouching, photo montages, prepress, color separations and web based images. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

ACG 140 C DESKTOP PUBLISHING 1/MAC
3 Units
(Same as MMCG 140 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: ACG/MMCG 100 C or ACG/MMCG 101 C or ACG/MMCG 102 C or ACG/MMCG 103 C and ART 140 C or by consent of instructor pending portfolio review. This course focuses on the intermediate use of Macintosh software as an Ad-design tool to generate “digital camera ready” page layouts, integrating graphics, illustrations, photographs and text. Emphasis is placed on design of the page, precision and accuracy allowed by the computer, and varied output options for color composites and separations. Course topics include page design, page layout, text editing, font manipulation, importing artwork, prepress tools, spot and color separations. $15.00 Laboratory Fee - PAYABLE AT REGISTRATION.

ACG 141 C DESKTOP PUBLISHING 1/WIN
3 Units
(Same as MMCG 141 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: ACG/MMCG 100 C or ACG/MMCG 101 C or ACG/MMCG 102 C or ACG/MMCG 103 C and ART 140 C or by consent of instructor pending portfolio review. This course focuses on the intermediate use of Microsoft Windows software as an Ad-design tool to generate “digital camera ready” page layouts, integrating graphics, illustrations, photographs and text. Emphasis is placed on design of the page, precision and accuracy allowed by the computer, and varied output options for color composites and separations. Course topics include page design, page layout, text editing, font manipulation, importing artwork, prepress tools, spot and color separations. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

ACG 142 C DESKTOP PUBLISHING 2/MAC
3 Units
(Same as MMCG 142 C)
Two hours lecture per week and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: ACG/MMCG 140 C or ACG/MMCG 141 C or by consent of instructor pending portfolio review. This course focuses on the use of Macintosh software as an Ad-design tool to generate “digital camera ready” page layouts, integrating graphics, illustrations, photographs and text. Emphasis is placed on design of multi page layout for various types of publications, prepress, color separation and providing “digital camera ready” files for commercial projects. $15.00 Laboratory Fee - PAYABLE AT REGISTRATION.

ACG 143 C DESKTOP PUBLISHING 2/WIN
3 Units
(Same as MMCG 143 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: ACG/MMCG 140 C or ACG/MMCG 141 C or by consent of instructor pending portfolio review. This course focuses on the intermediate use of Windows software as an Ad-design tool to generate page layouts, integrating graphics, illustrations, photographs and text. Emphasis is placed on design of multi page layout for various types of publications, prepress, color separation and providing “digital camera ready” files for commercial projects. $15.00 Laboratory Fee - PAYABLE AT REGISTRATION.
ACG 146 C  DESKTOP PUBLISHING 3/MAC  
3 Units  
(Same as MMCG 146 C)  
Two hours lecture and  
Three hours laboratory per week.  
CSU  
Corequisite: Concurrent enrollment in ACG 199 C. Advisory:  
ACG/MMCG 140 C or ACG/MMCG 141 C or by consent of  
instructor pending portfolio review. This course focuses on  
the advanced use of Macintosh based software as an Ad-  
design tool to generate digital “camera ready” page layouts,  
integrating graphics, illustrations, photographs and text.  
Emphasis on computer assisted layout, design and produc-  
tion techniques used in a “hands on” environment to create  
Visions magazine. $15.00 Laboratory Fee - PAYABLE AT  
REGISTRATION.

ACG 147 C  DESKTOP PUBLISHING 3/WIN  
3 Units  
(Same as MMCG 147 C)  
Two hours lecture and  
Three hours laboratory per week.  
CSU  
Corequisite: Concurrent enrollment in ACG 199 C. Advisory:  
ACG/MMCG 140 C or ACG/MMCG 141 C or by consent of  
instructor pending portfolio review. This course focuses on  
the advanced use of Windows based software as an Ad-  
design tool to generate digital “camera ready” page layouts,  
integrating graphics, illustrations, photographs and text.  
Emphasis on computer assisted layout, design and produc-  
tion techniques used in a “hands on” environment to create  
Visions magazine. $15.00 Laboratory Fee - PAYABLE AT  
REGISTRATION.

ACG 150 C  INTERMEDIATE ANIMATION/MAC  
3 Units  
(Same as MMCG 150 C)  
Two hours lecture and  
Three hours laboratory per week.  
CSU  
Corequisite: Concurrent enrollment in ACG 199 C. Advisory:  
ACG/MMCG 120 C or ACG/MMCG 121 C or by consent of  
instructor pending portfolio review. The course focuses on  
intermediate skills in 3D computer modeling and animation  
with a Macintosh software program that is a standard in the  
industry. The course focus is on intermediate techniques in  
modeling, texturing, lighting, motion control, and rendering  
animations for various purposes. Skills taught in this course  
will give students the ability to create original three-diimen-  
sional computer generated models of intermediate organic or  
mechanical design with a high degree of realism and resolu-  
tion. Animation techniques explored will provide cinematic  
realism and presentation. $15.00 Laboratory Fee – PAYABLE AT  
REGISTRATION.

ACG 151 C  INTERMEDIATE ANIMATION/WIN  
3 Units  
(Same as MMCG 151 C)  
Two hours lecture and  
Three hours laboratory per week.  
CSU  
Corequisite: Concurrent enrollment in ACG 199 C. Advisory:  
AC/MMCGG 120 C or ACG/MMCG 121 C or by consent of  
instructor pending portfolio review. The course focuses on  
intermediate skills in 3D computer modeling and animation  
with a Windows software program that is a standard in the  
industry. The course focus is on intermediate techniques in  
modeling, texturing, lighting, motion control, and rendering  
animations for various purposes. Skills taught in this course  
will give students the ability to create original three-diimen-  
sional computer generated models of intermediate organic or  
mechanical design with a high degree of realism and resolu-  
tion. Animation techniques explored will provide cinematic  
realism and presentation. $15.00 Laboratory Fee – PAYABLE AT  
REGISTRATION.

ACG 156 C  ADVANCED ANIMATION/MAC  
3 Units  
(Same as MMCG 156 C)  
Two hours lecture and  
Three hours laboratory per week.  
CSU  
Corequisite: Concurrent enrollment in ACG 199 C. Advisory:  
ACG/MMCG 150 C or ACG/MMCG 151 C or by consent of  
instructor pending portfolio review. The course focuses on  
advanced skills in 3D computer modeling and animation with  
a Macintosh software program that is a standard in the indus-  
try. The course focus is on advanced techniques in modeling,  
texturing, lighting, motion control, and rendering animations  
for various purposes. Skills taught in this course will give stu-  
dents the ability to create original three-dimensional com-  
puter generated models of advanced organic or mechanical  
design with a high degree of realism and resolution. Animati-  
on techniques explored will provide cinematic realism and  
presentation. The course will combine 3D modeling and ani-  
mation with 2D graphics imagery through mapping, editing  
techniques and visual effects. $15.00 Laboratory Fee –  
PAYABLE AT REGISTRATION.

ACG 157 C  ADVANCED ANIMATION/WIN  
3 Units  
(Same as MMCG 157 C)  
Two hours lecture and  
Three hours laboratory per week.  
CSU  
Corequisite: Concurrent enrollment in ACG 199 C. Advisory:  
ACG/MMCG 150 C or ACG/MMCG 151 C or by consent of  
instructor pending portfolio review. The course focuses on  
advanced skills in 3D computer modeling and animation with  
a Windows software program that is a standard in the indus-  
try. The course focus is on advanced techniques in modeling,  
texturing, lighting, motion control, and rendering animations  
for various purposes. Skills taught in this course will give stu-  
dents the ability to create original three-dimensional com-  
puter generated models of intermediate organic or mechanical  
design with a high degree of realism and resolution. Animati-  
on techniques explored will provide cinematic realism and  
presentation. The course will combine 3D modeling and ani-  
mation with 2D graphics imagery through mapping, editing  
techniques and visual effects. $15.00 Laboratory Fee –  
PAYABLE AT REGISTRATION.
ACG 162 C Multimedia/Mac
3 Units
(Same as MMCG 162 C)
Two hours lecture and
Three hours laboratory per week.

Corequisite: Concurrent enrollment in ACG 199 C. Advisory:
ACG/MMCG 102 C or ACG/MMCG 103 C or by consent of instructor pending portfolio review. The course focuses on the Macintosh generation of multi-media content for integration into interactive visual presentations. Students will create personal interactive presentations by using drawings, photographs, charts, graphs, sound, text and 2D animation. The final presentations will use various outputs including Web, CD, videotape, color and black and white laser printers etc. The course offers the professional artist Macintosh multi media skills needed for employment and/or advancement. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

ACG 163 C Multimedia/Win
3 Units
(Same as MMCG 163 C)
Two hours lecture and
Three hours laboratory per week.

Corequisite: Concurrent enrollment in ACG 199 C. Advisory:
ACG/MMCG 102 C or ACG/MMCG 103 C or by consent of instructor pending portfolio review. The course focuses on the Windows generation of multi-media content for integration into interactive visual presentations. Students will create personal interactive presentations by using drawings, photographs, charts, graphs, sound, text and 2D animation. The final presentations will use various outputs including Web, CD, videotape, color and black and white laser printers etc. The course offers the professional artist Windows multi media skills needed for employment and/or advancement. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

ACG 164 C Multimedia Authoring/Mac
3 Units
(Same as MMCG 164 C)
Two hours lecture and
Three hours laboratory per week.

Corequisite: Concurrent enrollment in ACG 199 C. Advisory:
ACG/MMCG 162 C or ACG/MMCG 163 C or by consent of instructor pending portfolio review. The course focuses on the advanced usage of Macintosh generated multi-media content for integration into interactive visual presentations. Students will create advanced personal interactive presentations for CD-ROMs, WEB, videotapes and videotape. Current software and hardware tools and techniques for designing and programming interactive multimedia presentations will be explored. The course offers the professional artist advanced Macintosh multi media skills needed for employment and/or advancement. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

ACG 165 C Multimedia Authoring/Win
3 Units
(Same as MMCG 165 C)
Two hours lecture and
Three hours laboratory per week.

Corequisite: Concurrent enrollment in ACG 199 C. Advisory:
ACG/MMCG 162 C or ACG/MMCG 163 C or by consent of instructor pending portfolio review. The course focuses on the advanced usage of Windows generated multi-media content for integration into interactive visual presentations. Students will create advanced personal interactive presentations for CD-ROMs, WEB, videotapes and videotape. Current software and hardware tools and techniques for designing and programming interactive multimedia presentations will be explored. The course offers the professional artist advanced Windows multi media skills needed for employment and/or advancement. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

ACG 180 C Digital Video/Mac
3 Units
(Same as MMCG 180 C)
Two hours lecture and
Three hours laboratory per week.

Corequisite: Concurrent enrollment in ACG 199 C. Advisory:
ACG/MMCG 100 C or ACG/MMCG 101 C or ACG/MMCG 102 C or ACG/MMCG 103 C and ART 120 C or by consent of instructor pending portfolio review. The course includes the study and hands on use of Macintosh computers, assorted software, CD-ROMs, videodiscs, and other tools and techniques used for digitizing, editing and composition of video and audio sources. The course is to provide a thorough introduction to the world of desktop video used in the fields of multimedia, video editing (both on line and off line) and the creation of Quicktime movies. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

ACG 181 C Digital Video/Win
3 Units
(Same as MMCG 181 C)
Two hours lecture and
Three hours laboratory per week.

Corequisite: Concurrent enrollment in ACG 199 C. Advisory:
ACG/MMCG 100 C or ACG/MMCG 101 C or ACG/MMCG 102 C or ACG/MMCG 103 C and ART 120 C or by consent of instructor pending portfolio review. The course includes the study and hands on use of Windows computers, assorted software, CD-ROMs, videodiscs, and other tools and techniques used for digitizing, editing and composition of video and audio sources. The course is to provide a thorough introduction to the world of desktop video used in the fields of multimedia, video editing (both on line and off line) and the creation of Quicktime movies. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.
ACG 199 C  COMPUTER GRAPHICS STUDIO
0 Units (May be taken for credit 4 times)
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG or MMCG class(es). This course is designed as an open laboratory for students currently enrolled in an Art Computer Graphics (ACG) or Multimedia Computer Graphics (MMCG) course(es). This open lab with flexible hours is designed to provide students with space, computers, software, scanners, cameras, printers, and internet access to complete ACG or MMCG art assignments; therefore, concurrent enrollment in any ACG or MMCG co-requisite class is required.

Asian Studies
TRANSFER PROGRAM
Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Division Dean – Steve Donley

Faculty
Anthony Jones
Daniel Snook

Counselors
Robert Grantham
Jane Jepson

ASSOCIATE IN SCIENCE DEGREE
AUTOMOTIVE COLLISION REPAIR Program Code: 1S07832
The following program is designed to prepare students for employment as automotive collision technicians and in numerous other related areas of the automotive and transportation industry. Training is given in both theory and practical skills. Directed practical work is given in all areas of automotive collision repair under simulated on-the-job conditions. The program suggested will provide the student the opportunity to acquire the knowledge and skills demanded of the modern automotive collision technician.

To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of “C”; (2) 25 units of General Education Graduation Requirements; (3) the cultural diversity and reading requirements; (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

Required Courses are listed in suggested sequence:

AUTOMOTIVE SALES AND SERVICE

CERTIFICATE Program Code: 1K00062

This program is designed to prepare students for customer service and sales positions in the automotive industry. It provides students with a basic knowledge of automobile operations, general maintenance requirements, and damage appraisal procedures along with marketing and management principles. The certificate will enable students to work in a variety of non technical areas in an automobile dealership, repair shop, or insurance company as a service representative, salesperson, or estimator.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

Required courses are listed in suggested sequence:

Total Units Required: 15-16

AUTOMOTIVE COLLISION REPAIR

ACR 010AC AUTOMOTIVE COLLISION REPAIR

6 Units

Three hours lecture and
Nine hours laboratory per week.

Prerequisite: ACR 010AC with a grade of “C” or better. This course covers principles and fundamentals of automotive collision repair with emphasis on tools of the trade and their proper use and metal working characteristics, including auto body sheet metal welding.

ACR 010BC ADVANCED AUTOMOTIVE COLLISION REPAIR

6 Units

Three hours lecture and
Nine hours laboratory per week.

Prerequisite: ACR 010AC with a grade of “C” or better. This course covers the advanced metal straightening, including measuring and straightening equipment; door replacement; door repair panel replacement and alignment; front sheet metal repairs and alignment including theory and fundamentals; bumper repair replacement and alignment and bumper energy absorbing systems.

ACR 010CC ADVANCED AUTOMOTIVE COLLISION REPAIR

6 Units

Three hours lecture and
Nine hours laboratory per week.

Prerequisite: ACR 010BC with a grade of “C” or better. This course will cover major body repairs with welded panel replacement, panel alignment, upholstery removal and replacement. Glass removal and replacement with advanced metal work, including straightening of frames and the types of equipment.
ACR 010DC  ADVANCED AUTOMOTIVE COLLISION REPAIR
6 Units
Three hours lecture and
Nine hours laboratory per week.
Prerequisite: ACR 010CC with a grade of “C” or better. Students will learn advanced experiences in all areas of auto collision repairs, body electrical systems, MIG, welding, power windows, tail gates, management, employer-employee relations, shop-related business procedures and rust proofing.

ACR 011C  AUTO PAINTING AND REFINISHING
4 Units (May be taken for credit 3 times)
Two hours lecture and
Six hours laboratory per week.
In the first credit students will learn the use of basic auto refinishing materials, equipment, procedures and techniques necessary to properly prepare and refurbish the modern automobile. The second credit will teach students how to perform advanced prepping and painting of complete paint jobs and spot blending. In the final section the students will learn the use of basic auto custom painting materials, equipment, procedures, and techniques necessary to properly prepare and paint automotive vehicles.

ACR 012C  AUTOMOTIVE DAMAGE APPRAISAL
3 Units
Three hours lecture per week.
This course is designed to prepare students to enter the field of automotive collision appraisal. Students will learn how to make repair estimates on damaged vehicles. The class will cover frame straightening, glass, paint and use of various manuals.

ACR 013C  COMPUTERIZED AUTOMOTIVE DAMAGE APPRAISAL
3 Units
Three hours lecture per week.
Prerequisite: ACR 012 C or equivalent, or minimum of one year estimating experience. This course is designed for students who have had previous estimating training or some experience in automotive damage appraisal. Students will learn computer-based estimating software used in the collision repair industry. The course will give the student an opportunity to develop skills in computer-assisted estimate writing.

ACR 020AC  AUTO DETAILING & CAR CARE
2½ Units
Two hours lecture and
Two hours laboratory per week.
Prerequisite: ACR 020AC. This is an advanced course in automotive detailing and car care. Topics include: starting a detailing business, location determination, customer service, and advanced detailing techniques. Laboratory activities include receipt and delivery of customer vehicles, use of chemicals, and advanced detailing.

ACR 020BC  ADVANCED AUTO DETAILING
2½ Units
Two hours lecture and
Two hours laboratory per week.
Prerequisite: ACR 020AC. This is an advanced course in automotive detailing and car care. Topics include: starting a detailing business, location determination, customer service, and advanced detailing techniques. Laboratory activities include receipt and delivery of customer vehicles, use of chemicals, and advanced detailing.

ACR 030C  ADVANCED AUTO COLLISION AND ELECTRICAL COMPONENT REPAIR
4 Units
Three hours lecture and
Four hours laboratory per week.
Prerequisite: Completion of, or concurrent enrollment in, ACR 010BC, ACR 010CC, or ACR 010DC; or employment in the industry. This course will include advanced techniques in Auto Collision Repair. Topics included are: collision related electrical repairs, supplemental restraint systems (SRS), sheet mold compound (SMC), interior and exterior plastic repairs, plastic welding, bumper energy absorbing systems, air conditioning, sun roofs, metal inert gas welding (MIG), tool repair, aluminum repair and welding. Students are given practical applications for diagnosis, repair and servicing on both laboratory and live projects.

ACR 040C  AUTOMOTIVE BODY/STRUCTURAL ALIGNMENT AND REPAIR
4 Units
Three hours lecture and
Three hours laboratory per week.
Prerequisite: Completion of, or concurrent enrollment in ACR 010BC, ACR 010CC, ACR 010DC; or employment in the industry. This course will include advanced techniques in body structural alignment and repair. Students will learn prepping, painting and painting of body structural components. Students will be expected to examine, repair, and paint all areas of the unitized automobile and light truck frame industry.

ACR 050C  ACR/SPECIAL PROJECTS
2 - 3 Units (Variable Unit Class) (May be taken for credit 4 times)
One hour lecture and
Three to six hours laboratory TBA per week.
Prerequisite: Completion of, or concurrent enrollment in ACR 010BC, ACR 010CC, or ACR 010DC; or employment in the industry. This course will include advanced techniques in body structural alignment and repair. Students will learn prepping, painting and painting of body structural components. Students will be expected to examine, repair, and paint all areas of the unitized automobile and light truck frame industry.

ACR 055C  AUTOMOTIVE COLLISION - WORK EXPERIENCE - VOCATIONAL
1 - 4 Units (Variable Unit Class) (May be taken for credit 4 times)
One hour lecture per week.
Prerequisite: Must be enrolled in seven units, including work experience. Concurrent enrollment in Automotive Collision Program. The course requires a minimum of five hours employment in an automotive collision related occupation per week. Refer to class schedule for an explanation of unit credit.
ACR 060 C  COLLISION REPAIR MANAGEMENT
3 Units
Three hours lecture per week.
This course is designed for those interested in management practices of the collision repair industry. There will be special emphasis on management concepts, productivity control, labor and parts, pricing, essential financial statements and budgeting. In addition, inventory control, customer relations, insurance company billing and negotiation guidelines as applicable to the collision repair industry will be covered.

ACR 070 C  AUTOMOTIVE COLOR MATCHING
3 Units
Three hours lecture per week.
This course is an introduction to the concepts and techniques of matching color applied to automobiles. The course covers color theory, application theory, matching solid colors, metallic and two or three stage colors. The class will be using automotive paint mixing systems. The student will be required to provide certain safety and respiratory protection equipment.

ACR 298 C  AUTOMOTIVE COLLISION REPAIR SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to sixty hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or
Standard Letter Grade
CSU
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This is a course for students who wish to increase their knowledge of automotive collision repair. Various topics will be offered. Unit credit may range from ½ to 12 units in any given semester. Consult the class schedule to verify credit for a particular semester. Fees may be required – PAYABLE AT REGISTRATION.

ASSOCIATE IN SCIENCE DEGREE AUTOMOTIVE TECHNOLOGY  Program Code: 1S03771

The following program is designed to prepare students for employment as automotive technicians and in numerous other related areas of the automotive and transportation industry. Training is given in both theory and practical skills. Directed practical work is given in all areas of automotive maintenance and repair under simulated on-the-job conditions. The sequence in which courses are taken may be modified to meet individual needs.

To earn an Associate Degree students must complete:
(1) all major course requirements with a minimum grade of “C”; (2) 25 units of General Education Graduation Requirements; (3) any elective courses to complete a minimum of 60 units; and, (4) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

Required courses are listed in suggested sequence:

AUTOMOTIVE TECHNOLOGY CERTIFICATE – BRAKE AND ALIGNMENT SPECIALIST Program Code: 1K00024
This program is designed to prepare students for employment as automotive brake and alignment technicians. Training is given in theory and practical skills. Directed practical work is given in areas of automotive maintenance and repair under simulated on-the-job conditions. Particular emphasis is placed on those competencies required of brake, suspension, and alignment technicians. The program will provide the student the opportunity to acquire the knowledge and skills demanded of the modern automotive brake, suspension, and alignment technician. The sequence in which courses are taken may be modified to meet individual needs.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

Automotive Technology (AT)

AT 050 C  AUTO TECH/SPECIAL PROJECTS
½ - 3 Units (Variable Unit Class) (May be taken for credit 3 times)
One and one-half to nine hours laboratory TBA per week.
This course will include supervised independent lab work on lab units and “live” vehicles. It is designed to allow the student to gain more practical experience repairing components and servicing automotive systems. Only approved project work will be allowed.

AT 101 C  SURVEY OF THE AUTOMOBILE
3 Units
Three hours lecture per week.
CSU
This course provides fundamental knowledge of the automobile, including engines, power trains, suspension and brakes, electrical and fuel systems. Other areas of instruction will be in the use of tools and equipment normally used in automotive service and repair.

AT 110 C  AUTOMOTIVE FUNDAMENTALS
4 Units
(Formerly AT 131 C)
Three hours lecture and
Three hours laboratory per week.
CSU
This course provides fundamental knowledge of the automobile, including engines, power trains, suspension and brakes, electrical and fuel systems. Other areas of instruction will be in the use of tools and equipment normally used in automotive service and repair. Emphasis will be on the operating principles, nomenclature of car care, inspection, preventive maintenance, and minor repair procedures.

AT 115 C  AUTOMOTIVE AIR CONDITIONING
4 Units
(Formerly AT 041 C)
Three hours lecture and
Three hours laboratory per week.
CSU
This course emphasizes the acquisition of the practical skills needed to both understand principles of refrigeration and perform system diagnosis and repair. Demonstrated lecture, shop lab simulators and “live” vehicles will be used to learn service diagnosis, repair and installation of air conditioning systems including automatic temperature control. Safety and environmental concerns along with CFC recovery, recycling, retrofitting, and R-134A will be covered.

AT 120 C  AUTO ENGINE REPAIR/MACHINING
12 Units
(Formerly AT 025 C)
Nine hours lecture and
Nine hours laboratory per week.
CSU
Advisory: AT 101 C or AT 110 C. This course covers the acquisition of practical skills needed for accurate internal combustion engine diagnosis and repair and all phases of engine rebuilding machine work. Demonstrated lecture, simulated problem diagnosis, and practical application on “live” vehicles will be used. Individualized instruction on Automotive rebuilding tools and machinery is an integral part of this course. Preparation for ASE certification tests A1, MQ1, MG2, and MG3 will be covered.

AT 130 C  AUTO ENGINE REPAIR/MACHINING
12 Units
(Formerly AT 026 C)
Nine hours lecture and
Nine hours laboratory per week.
Advisory: AT 101 C or AT 110 C. This course emphasizes operating principles, design, service, repair and diagnosis of chassis and brake systems of domestic and import vehicles. Major topics of study will be wheel alignment techniques, wheel balance, power steering systems, hydraulics, disc and drum brake systems, and power assisting systems. Application will be applied under simulated repair shop procedures using “live” vehicles. Preparation for ASE (A4 and A5) certification will be covered.

AT 140 C  AUTO TRANSMISSIONS/DRIVETRAINS
12 Units
(Formerly AT 027 C)
Nine hours lecture and
Nine hours laboratory per week.
Advisory: AT 101 C or AT 110 C. This course will include supervision of automatic transmissions, clutch assemblies, drive lines, final drive axles and trans-axle units. Demonstrated lectures and shop laboratory work on automatic transmissions will be covered with emphasis on procedures to industry standards. Practical application will be under simulated shop conditions on “live” vehicles. Preparation of ASE certification will be covered.

<td>Advisory: AT 101 C or AT 110 C. This course will include operating principles, design, and repair procedures of automotive electrical and fuel systems. In addition, alternators, starters, batteries, ignition systems, computerized engine management systems, emission control systems, 5 gas analysis, ignition analyzer and scan tool use will be covered. Skill competency development will be under simulated shop conditions on &quot;live&quot; vehicles. Preparation for ASE certification tests A6 and A8 will be covered.</td>
</tr>
<tr>
<td>AT 160 C</td>
<td>BASIC AUTO ELECTRICITY</td>
<td>4 Units</td>
<td>(Formerly AT 065 C)</td>
<td>Three hours lecture and Three hours laboratory per week.</td>
<td>This is an introductory course in the concepts of electrical and electronic control of the automobile. Course instruction will include lecture, demonstration and student application in the use of test equipment on simulator board and &quot;on-car&quot; diagnosis with electrical diagrams, charts, and schematics.</td>
<td></td>
</tr>
<tr>
<td>AT 161 C</td>
<td>DIAGNOSTICS &amp; DIGITAL METERS</td>
<td>1 Unit</td>
<td>(Formerly AT 067 C)</td>
<td>One hour lecture per week.</td>
<td>This course covers concepts of testing electrical and electronic circuits of an automobile using a multi-meter. Advanced diagnostic concepts and circuit testing of automobile systems is a large component of the course. Demonstrated lecture in conjunction with collaborative work groups is emphasized. Practical application in the use of multimeters on live circuits and simulator boards is an integral part of the course.</td>
<td></td>
</tr>
<tr>
<td>AT 162 C</td>
<td>DIAGNOSTICS &amp; DIGITAL SCOPES</td>
<td>2 Units</td>
<td>(Formerly AT 093 C)</td>
<td>One and a half hour lecture and</td>
<td>CSU</td>
<td>This course includes advanced principles and procedures of power train control diagnosis. Demonstrated lectures in conjunction with shop laboratory work using digital storage oscilloscopes is included. Practical application under simulated shop conditions on &quot;live&quot; vehicles is an integral component of this course. Topics include lab scope functions, sensor evaluation and analysis, actuator diagnosis and circuit testing.</td>
</tr>
<tr>
<td>AT 163 C</td>
<td>DIAGNOSTICS &amp; SCAN-TOOLS</td>
<td>2 Units</td>
<td>(Formerly AT 092 C)</td>
<td>One and a half hour lecture and One and a half hour laboratory per week.</td>
<td>CSU</td>
<td>This course emphasizes diagnostic strategies, repair and service of power-train control systems using scan tools. Demonstrated lecture in combination with shop laboratory activities using a variety of scan-tools is included. Practical application on &quot;live&quot; vehicles is an integral part of the course. Topics include testing engine control systems, diagnostic trouble codes, data stream, OBD I and OBD II systems.</td>
</tr>
<tr>
<td>AT 164 C</td>
<td>DIAGNOSTICS &amp; OBD II</td>
<td>2 Units</td>
<td>(Formerly AT 094 C)</td>
<td>One and a half hour lecture and One and a half hour laboratory per week.</td>
<td>CSU</td>
<td>This course emphasizes operating principles, diagnostic strategies and repair procedures of the OBD II system. Demonstrated lecture in conjunction with shop laboratory work are emphasized. Practical application on laboratory vehicles is an integral component of the course. This course meets Bureau of Automotive Repair requirements for smog check technician licensing.</td>
</tr>
<tr>
<td>AT 170 C</td>
<td>BASIC AREA CLEAN AIR CAR</td>
<td>5 Units</td>
<td>(Formerly AT 090 C)</td>
<td>Five hours lecture per week.</td>
<td>CSU</td>
<td>This course prepares students for the State of California Licensed Smog Check Mechanic Test. Modern diagnostic equipment including BAR 97 chassis dynamometer will be used in sessions.</td>
</tr>
<tr>
<td>AT 171 C</td>
<td>ADVANCED CLEAN AIR CAR COURSE</td>
<td>2 Units</td>
<td>(Formerly AT 095 C)</td>
<td>Two hours lecture per week.</td>
<td>CSU</td>
<td>This course covers operating procedures, diagnostic strategies, and repair procedures for loaded mode emissions testing. Course emphasizes baseline techniques, five gas analysis and lab scope use. Course meets California BAR Smog Check licensing requirements.</td>
</tr>
<tr>
<td>AT 180 C</td>
<td>INTRO TO ALTERNATIVE FUELS</td>
<td>3 Units</td>
<td>(Formerly AT 062 C)</td>
<td>Three hours lecture and One hour laboratory per week.</td>
<td>CSU</td>
<td>This course is an introductory course on alternative fuels as used in the transportation industry. Various fuels will be compared, with an emphasis on compressed natural gas. Topics include the theory, design, operation, conversion, diagnosis, and repair of gaseous fuel systems. Laboratory activities will emphasize skill competency in vehicle preparation, fuel system conversion and the diagnosis and repair of alternative fuel vehicles.</td>
</tr>
</tbody>
</table>
AT 181 C INTRO ELECTRIC/HYBRID VEHICLES
2 Units
(Formerly AT 061 C)
Two hours lecture and
One hour laboratory per week.
CSU
This course is an introductory course in electric (EV) and electric/hybrid vehicles as used in the transportation industry. Topics include the theory, design, operation, maintenance, and repair of batteries, motors, controllers, chargers, and regenerative braking systems. Technician safety is also covered.

AT 190 C TOYOTA ENGINE DIAGNOSIS/REPAIR
4 Units
(Formerly AT 085 C)
Three hours lecture and
Three hours laboratory per week.
CSU
This course covers the design, operation, diagnosis, and repair of Toyota engines. Emphasis is on the mastery of job skills commonly required to succeed at the dealership level. Learning strategies include: demonstrated lecture; simulated problem diagnosis; practical application on “live” vehicles; group and individual activities. Preparation for ASE and Toyota certification will be covered.

AT 191 C TOYOTA AUTO TRANS DIAG/REPAIR
6 Units
(Formerly AT 087 C)
Four hours lecture and
Six hours laboratory per week.
CSU
This course covers the design, operation, diagnosis, and repair of Toyota automatic transmissions. Emphasis is on the mastery of job skills commonly required to succeed at the dealership level. Learning strategies include: demonstrated lecture; simulated problem diagnosis; practical application on “live” vehicles; group and individual activities. Preparation for ASE and Toyota certification will be covered.

AT 192 C TOYOTA MANUAL TRANS/DRIVELINES
4 Units
(Formerly AT 088 C)
Three hours lecture and
Three hours laboratory per week.
CSU
This course covers the design, operation, diagnosis, and repair of Toyota manual transmissions, and drivelines. Emphasis is on the mastery of job skills commonly required to succeed at the dealership level. Learning strategies include: demonstrated lecture; simulated problem diagnosis; practical application on “live” vehicles; group and individual activities. Preparation for ASE and Toyota certification will be covered.

AT 201 C TOYOTA BASIC ELECTRICAL 623
2 Units
(Formerly AT 074 C)
Two hours lecture per week.
CSU
This course is designed to give a basic understanding of Toyota electrical concepts and troubleshooting techniques, and to give in-depth knowledge of the operation, diagnosis, and repair of the battery, starting, and charging system.

AT 202 C TOYOTA BODY ELECTRICAL 652
1 Unit
(Formerly AT 075 C)
One hour lecture per week.
CSU
This course is designed to familiarize the technician with a basic understanding of Toyota body electrical concepts and troubleshooting techniques, and to give them in-depth knowledge of the operation, diagnosis, and repair of body computer systems on the vehicle-supplemental restraint systems included.

AT 203 C TOYOTA ENGINE CONTROLS 852
2 Units
(Formerly AT 077 C)
Two hours lecture per week.
CSU
This course is designed to familiarize the technician with a basic understanding of theory, training, and operation of the Toyota engine control systems. Diagnosis and troubleshooting are covered.

AT 204 C TOYOTA SUSPENSION SYSTEMS
452
1 Unit
(Formerly AT 072 C)
One hour lecture per week.
CSU
This course is designed to familiarize the technician with information regarding Toyota suspension components and suspension design, alignment geometry and types of wheel alignment, pre-alignment inspection, Toyota electrical modulated suspensions and noise vibration harshness.

AT 205 C TOYOTA BRAKE SYSTEMS 552
1 Unit
(Formerly AT 073 C)
One hour lecture per week.
CSU
This course is designed to familiarize the technician with Toyota information regarding the following: brake system components, operation and adjustments, disc and drum refinishing, anti-lock brake systems, diagnosis and testing of ABS and actuator checker operation.

AT 206 C TOYOTA AIR CONDITIONING 752
1 Unit
(Formerly AT 076 C)
One hour lecture per week.
CSU
This course is designed to familiarize the technician with fundamental operating principles of the Toyota automotive climate control systems including components, operation, and servicing. Handling of R-12 and R-134 will be included.
AT 207 C  TOYOTA AUTOMATIC TRANS 262
1 ½ Units
(Formerly AT 070 C)
One and one-half hours lecture per week.
CSU
This course is designed to familiarize the technician with the operation of Toyota automatic transmissions. Both rear wheel drive and front wheel drive transmissions are covered. This course also covers the operation, diagnosis and service of the torque converter, planetary gear train and holding devices and the valve body.

AT 208 C  TOYOTA MANUAL TRANS 302
1 Unit
(Formerly AT 071 C)
One hour lecture per week.
CSU
This course is designed to familiarize the technician with Toyota manual transmissions and transaxles. Topics include: drive nuts, manual transmissions and transaxles. Factory manuals, tools and components are utilized.

AT 215 C  ASE TEST PREP – HEATING & A/C
½ Unit (May be taken for credit 4 times)
One-half hour lecture per week.
CSU
This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) heating and air conditioning certification test. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE heating and air conditioning certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of automotive climate control systems.

AT 220 C  LOWER ENGINE BLUEPRINTING
2 Units
Two hours lecture per week.
CSU
The course emphasizes the design, operation, and modification of modern engines. Students will learn how to use formulas, and software to design and modify the lower engine assembly. Students will also learn how to use precision tools to measurements in accordance with blueprint specifications.

AT 221 C  UPPER ENGINE BLUEPRINTING
2 Units
Two hours lecture per week.
CSU
This course emphasizes the design, operation, and modification of modern engines. Students will learn how to use formulas, and software to design and modify the upper engine assembly. Students will also learn how to modify and prepare cylinder heads, intake systems and exhaust systems to optimize engine performance.

AT 225 C  ASE TEST PREP – ENGINE REPAIR
½ Unit (May be taken for credit 4 times)
One-half hour lecture per week.
CSU
This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) engine repair certification test. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE engine repair certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of the automotive engine.

AT 235 C  ASE TEST PREP – BRAKES
½ Unit (May be taken for credit 4 times)
One-half hour lecture per week.
CSU
This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) brake certification test. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE brake certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of the automotive brake systems.

AT 236 C  ASE TEST PREP – STEERING/SUSP
½ Unit (May be taken for credit 4 times)
One-half hour lecture per week.
CSU
This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) steering and suspension certification tests. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE steering and suspension certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of the automotive steering and suspension systems.

AT 235 C  ASE TEST PREP – BRAKES
½ Unit (May be taken for credit 4 times)
One-half hour lecture per week.
CSU
This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) brake certification test. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE brake certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of the automotive brake systems.

AT 225 C  ASE TEST PREP – ENGINE REPAIR
½ Unit (May be taken for credit 4 times)
One-half hour lecture per week.
CSU
This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) engine repair certification test. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE engine repair certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of the automotive engine.

AT 245 C  ASE TEST PREP – MANUAL TRANS
½ Unit (May be taken for credit 4 times)
One-half hour lecture per week.
CSU
This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) manual transmission and drive-train certification tests. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE manual transmission certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of manual transmission and drive-train systems.

AT 246 C  ASE TEST PREP – AUTOMATIC TRANS
½ Unit (May be taken for credit 4 times)
One-half hour lecture per week.
CSU
This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) automatic transmission certification test. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE automatic transmission certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of automatic transmission.
AT 250 C  ADV PERFORMANCE/DRIVEABILITY
4 Units
(Formerly AT 044 C)
Four hours lecture and
Two hours laboratory per week.
CSU
The course includes advanced principles, design and repair procedures of automotive electrical, ignition and computerized engine management systems, including emission controls. Demonstrated lectures and laboratory work using modern testing equipment, oscilloscopes, dynamometer and other diagnostic equipment are included. Practical application under simulated repair shop conditions on “live” vehicles is an integral part of the course.

AT 255 C  ASE TEST PREP – ENGINE PERF
½ Unit (May be taken for credit 4 times)
One-half hour lecture per week.
CSU
This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) engine performance certification test. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE engine performance certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of automotive engine.

AT 256 C  ASE TEST PREP – ADV ENG PERF
½ Unit (May be taken for credit 4 times)
One-half hour lecture per week.
CSU
This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) advanced engine performance certification test. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE advanced engine performance certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of automotive engine control systems.

AT 265 C  ASE TEST PREP – ELECTRICAL
½ Unit (May be taken for credit 4 times)
One-half hour lecture per week.
CSU
This is a review course and is designed to help prepare students to take and pass the ASE (National Institute for Automotive Service Excellence) electrical certification test. This course will review the various task lists which detail the knowledge that a technician must have to pass the ASE electrical certification test. Demonstrated lecture will include instruction concerning theory, operation, diagnosis, and repair of automotive electrical systems.

AT 298 C  AUTOMOTIVE SERVICE SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to thirty-six hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or
Standard Letter Grade
CSU
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This is a course for students who wish to increase their knowledge of automotive repair. Various topics will be offered. Unit credit may range from ½ to 12 units in any given semester. Consult the class schedule to verify credit for a particular semester. Fees may be required – PAYABLE AT REGISTRATION.

ASSOCIATE IN SCIENCE DEGREE AVIATION
MANAGEMENT  Program Code: 1S03772
This curriculum is designed to assist the management student preparing to enter the aviation industry. By selecting proper electives, the student may develop needed skills and understanding in the fields of flight services, airport management, cargo and freight handling or travel services.

To earn an Associate Degree students must complete all graduation requirements to include: (1) all major course requirements with a minimum grade of “C” or better; (2) 25 units of General Education Graduation Requirements; (3) the cultural diversity and reading requirements; (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.
Required courses are listed in suggested sequence:

PROFESSIONAL PILOT

CERTIFICATE  Program Code: 1C03773

This curriculum is designed to prepare the student to a proficiency level required for entry into the commercial pilot profession. To qualify for the certificate, the student must have attained the FAA Commercial Pilot Certificate with instrument and flight instructor ratings.

To earn a certificate, complete the required courses as listed with a minimum grade of "C". At least 50% of all course work must be completed at Cypress College.

Total Units Required: 26 - 27

ARTICULATION AGREEMENTS ARE IN EXISTENCE FOR TRANSFER PROGRAMS TO THE FOLLOWING UNIVERSITIES:

- Arizona State University
- California State University, Los Angeles
- San Jose State University
- Southern Illinois University
Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Aviation (AVIA)

Through arrangements with the University of Southern California (USC) and Loyola Marymount University (LMU), two-, three-, and four-year Air Force Reserve Officers Training Corps (AFROTC) programs are available to all qualified students at Cypress College. For additional information, contact USC or LMU.

Through arrangement with California State University Long Beach, both two-year and four-year Air Force Reserve Officer Training Corps (AFROTC) programs are available to all qualified, full-time students. Academic units earned in this program are counted as elective units toward fulfillment of graduation requirements. Successful completion of the AFROTC programs leads to a commission as an officer in the United States Air Force. Those students who qualify and desire to enter Air Force pilot training will be given flight instruction in either the two- or four-year program. Competitive scholarships are available to qualified students. All scholarship students receive tuition, laboratory and book fees, and $100 a month. Students on scholarship must successfully complete courses in English composition, mathematical reasoning, and foreign language. For additional information, contact the Department of Aerospace Studies (AFROTC) at California State University Long Beach, CA 90840-5530, (562) 985-5743.

</tbody>
</table>
AVIA 244 C  AVIATION INSTRUCTOR  
3 Units  
Two and one-half hours lecture and  
One and one-half hours laboratory per week.  
CSU  
Prerequisite: AVIA 240 C and 120 hours of flight time. This course is a study of principles of learning and teaching, elements of practical educational psychology, and a review of current trends and techniques in aviation instruction. Class participation in lesson preparation is included. This course meets partial fulfillment of the requirements of the FAA for ground instruction.

AVIA 248 C  FLIGHT ENGINEER  
9 Units  
Nine hours lecture per week.  
CSU  
Prerequisite: AVIA 232 C and AVIA 240 C, or instrument rating and commercial pilot certificate. This course prepares the student for the FAA Flight Engineer’s Basic and Turbo Jet written examination. The student will become familiar with construction features and component functions, normal operations, trouble analysis, and isolation and correcting of faults in the airplane and power plant system. The student will also know the proper procedures for ground and in-flight emergencies, as well as the reasons for operating in an approved manner and the possible effects if improper methods are used.

AVIA 298 C  AVIATION SEMINAR  
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)  
Zero to twelve hours lecture and  
Zero to thirty-six hours laboratory per week.  
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade  
CSU  
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This is a course for students who wish to increase their knowledge of Aviation. Various topics will be offered. Unit credit may range from ½ to 12 in any given semester. Consult the class schedule to verify credit for a particular semester. Fees may be required – PAYABLE AT REGISTRATION.

BIOLOGICAL SCIENCES TRANSFER PROGRAM

Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Biology (BIOL)

BIOL 101 C  GENERAL BIOLOGY  
5 Units  
Four hours lecture and  
Three hours laboratory per week.  
Credit/No Credit/Letter Grade Option  
No Credit if taken after BIOL 174 C, BIOL 176 C or BIOL 177 C.  
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, CAN BIOL 2  
Advisory: High school chemistry or CHEM 101 C or CHEM 107 C are recommended. The course is a survey of modern biological concepts from the areas of molecular, cellular, organismic, and population biology, stressing evolution as the central theme of modern biology. The study of the flow of energy through biological systems is emphasized. This course will satisfy the Biological Sciences portion of the state college and university general education requirement. Duplicate credit not granted for BIOL 101HC.
BIOL 101HC  HONORS GENERAL BIOLOGY  
5 Units  
Four hours lecture and  
Three hours laboratory per week.  
No Credit if taken after BIOL 174 C, BIOL 176 C or BIOL 177 C.  
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, CAN BIOL 2  
Advisory: High school chemistry or CHEM 101 C or CHEM 107 C are recommended. The course is an enhanced survey of modern biological concepts for Honors students. The emphasis of this course is on contemporary readings of relevant biology literature. Written essays pertaining to current issues in biology will be paramount. The class will be conducted as a seminar and will require a significant research project that uses correct documentation skills. The course will develop increased critical thinking, reading and writing skills. BIOL 101HC will satisfy the Geological Sciences portion of the state college and university general education requirement. Duplicate credit not granted for BIOL 101 C.

BIOL 102 C  HUMAN BIOLOGY  
3 Units  
Three hours lecture per week.  
Credit/No Credit/Letter Grade Option  
UC/CSU, AA GE, CSU GE, IGETC  
The course is a study of modern biological concepts presented in a human context. The concepts will include human evolution, anatomy, physiology, genetics, population biology, and ecological principles. Included in the course will be discussion on current topics on environmental and public health issues as they relate to the human condition. (Not open to students with credit in BIOL 101 C or BIOL 101 HC.)

BIOL 103 C  HUMAN ECOLOGY  
3 Units  
Three hours lecture per week.  
Credit/No Credit/Letter Grade Option  
UC/CSU, AA GE, CSU GE, IGETC  
The course is a study of the ecological principles which form the basis for understanding human existence in relation to environmental quality. The topics include human, biological, and cultural evolution; ecological principles; human population problems; and problems relating to energy development and pollution. The development of an earthmanship ethic toward the world will be stressed.

BIOL 107 C  NUTRITION & WORLD FOOD ISSUES  
3 Units  
Three hours lecture per week.  
Credit/No Credit/Letter Grade Option  
UC/CSU, AA GE  
The course is a study of basic nutritional requirements for the human, including a survey of anatomical and physiological principles. A study of the human diet in the context of disease prevention, world food supply, and ecological factors will also be included.

BIOL 111 C  PRINCIPLES OF BIOLOGY 1  
3 Units  
Three hours lecture per week.  
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC  
Prerequisite: Completion of or concurrent enrollment in CHEM 111AC. This is the first course in a two-semester lecture sequence for biology majors. This course presents the biochemistry and molecular biology of cells. In addition, cell principle, cell structure and function, cell growth and reproduction, the development of animals, and Mendelian and molecular genetics will be presented. Finally, population genetics and microevolution will be introduced. This course will meet the preparation needs of students transferring to upper division biology study. Eligibility for English 100 C is recommended.

BIOL 112 C  PRINCIPLES OF BIOLOGY 1 LAB  
2 Units  
Six hours laboratory per week.  
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC  
Prerequisite: Completion of or concurrent enrollment in BIOL 111 C. This is a laboratory course that complements BIOL 111 C. The course explores modern experimental molecular, biochemical, and cellular biology techniques. This course may be taken concurrently with or subsequently to BIOL 111 C. Both BIOL 111 C and BIOL 112 C are required for the biology major. Eligibility for English 100 C is recommended.

BIOL 113 C  PRINCIPLES OF BIOLOGY 2  
3 Units  
Three hours lecture per week.  
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC  
Prerequisite: Completion of BIOL 111 C or equivalent course with a “C” or better. This is the second course in a two-semester lecture sequence for biology majors. This course is designed to familiarize students with the diversity, evolution, physiology, and ecology of living organisms. Population genetics will also be presented. This class is designed for science majors in transfer programs to upper-division study of biology.

BIOL 114 C  PRINCIPLES OF BIOLOGY 2 LAB  
2 Units  
Six hours laboratory per week.  
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC  
Prerequisite: Completion of or concurrent enrollment in BIOL 113 C or equivalent course with a “C” or better. This is a laboratory course that complements BIOL 113 C in a two-semester sequence for biology majors. This course is designed to familiarize students with the diversity, evolution, physiology, and ecology of living organisms. Population genetics will also be presented. This course may be taken concurrently with or after BIOL 113 C. Both BIOL 113 C and BIOL 114 C are required for the biology major.
### BIOL 122 C MARINE BIOLOGY
5 Units
Four hours lecture and
Three hours laboratory per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE, IGETC
Prerequisite: High school biology with a grade of "B" or better. This is a survey of the natural history and biology of marine organisms, and includes an introduction to physical and chemical oceanography, marine ecology, and energy flow within the marine environment, as well as some basic biological concepts using live ecosystems as examples. Pollution and conservation of the marine environment will also be considered. The course satisfies the biological science laboratory transfer requirement of universities and state colleges. A single optional boat field trip may be scheduled with a charter cost not to exceed $30.00.

### BIOL 125 C ISLAND BIOLOGY
2 Units (May be taken for credit 4 times)
Twenty-four hours lecture and
Thirty-six hours laboratory, including field study.
Credit/No Credit/Letter Grade Option
CSU
This course is designed to acquaint the student with the nature and diversity of island life. It offers the student an opportunity to study marine communities. The course emphasizes marine life forms and includes a consideration of marine wilderness and conservation problems, as well as biological processes as they occur on islands. A weekend field trip for snorkeling, free diving and field study is an integral part of the course.

### BIOL 127 C NATURAL HISTORY
5 Units
Four hours lecture and
Three hours laboratory per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE, IGETC
This course is a study of population and community ecology of major world biomes, such as grasslands, deserts, and tropical and temperate forests. Adaptive responses of the plant and animal inhabitants of these areas will be stressed. The disruptive effects of pollutants will be considered, as will conservation and preservation of major ecosystems. This general education course in the biological science area satisfies the laboratory natural science transfer requirement for universities and state colleges.

### BIOL 128 C PLANTS AND SOCIETY
5 Units
Four hours lecture and
Three hours laboratory per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE, IGETC
Plant structure, function, genetics, evolution, and domestication are studied. Economic, aesthetic, and ecological roles of plants, as well as, the role of plants as a force in the historical molding of civilization are continuous themes throughout the course. The laboratory portion will emphasize plant structure, function, propagation, and the importance of plants and plant products in everyday life. The experience will introduce the student to basic scientific principles and techniques using plants and their products to gain an understanding of science and its value in today's society. Not open to students with credit in BIOL 108 C or BIOL 108LC.

### BIOL 160 C INTEGRATED MEDICAL SCIENCE
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
CSU, AA GE
This is a one-semester course that includes a systematic coverage of fundamental physical/chemical principles, basic biological concepts, and fundamentals of anatomy and physiology. The course is designed for various allied health programs (psychiatric technician, mortuary science, court reporting, etc.) or others who desire a background in human biology.

### BIOL 161 C INTEGRATED MEDICAL SCIENCE LAB
1 Unit
Three hours laboratory per week.
Credit/No Credit/Letter Grade Option
CSU
Prerequisite: Completion of or concurrent enrollment in BIOL 160 C. The course is a one-semester laboratory that offers the student exposure to the basic principles discussed in BIOL 160 C. The course is designed primarily for allied health vocational programs that require a laboratory course, but is open to other interested students.

### BIOL 176 C ECOLOGY
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
UC/CSU
Prerequisite: BIOL 113 C. This course presents ecological principles and their relevance at several levels of organization. Individuals, populations, communities, and ecosystems are studied along with the interactions of these levels of organization with the physical and biotic environment.

### BIOL 177 C GENETICS
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
UC/CSU
Prerequisite: BIOL 111 C. This course presents an introduction to genetics and the genetics of populations. Basic features of the replication and expression of DNA, cell division and gene transmission are considered. Recombination and mutation in diploid organisms are discussed. Concepts of genetic variability and natural selection in populations are presented.

### BIOL 180 C FIELD BIOLOGY
5 Units
Four hours lecture and
Three hours laboratory per week.
Credit/No Credit/Letter Grade Option
CSU
This course includes reading and discussions in the biology of selected natural areas and may include driving, camping, hiking, or other activity to study the natural history of a particular biotic region. Extensive multi-day field trips will be required.
<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIOL 196 C</td>
<td>REGIONAL FIELD BIOLOGY</td>
<td>1 - 4</td>
<td>This course involves lecture and field study of selected biological communities of California, Mexico, and the Channel Islands. During a given semester, multiple sections may be offered to different study areas. The study areas include, but are not limited to, Death Valley, Newport Bay, the Sierra Nevada, Santa Catalina, and Baja California. Field trips are required (costs depend on destination; contact instructor).</td>
</tr>
<tr>
<td>BIOL 210 C</td>
<td>ANATOMY AND PHYSIOLOGY</td>
<td>5</td>
<td>This course is a study of the normal structure and function of the human body using mammalian specimens as examples. Selected physiological exercises are included which often utilize the student's own body function. This course is designed for students pursuing the health professions (registered nursing, radiological technology, medical records technology, dental hygiene, respiratory therapy, etc.), physical education majors, and any other interested students. (Not open to students with credit in BIOL 240 C.)</td>
</tr>
<tr>
<td>BIOL 220 C</td>
<td>MEDICAL MICROBIOLOGY</td>
<td>4</td>
<td>This course is a study of the diagnosis, etiology, transmission, pathology, and control of infectious disease. Special attention is given to the topics of immunology and chemotherapy. Laboratory emphasis is placed on providing experience and insight into the processes of specimen handling, isolation, identification, and sensitivity testing of pathogenic microorganisms. Aseptic techniques are stressed throughout the course. This course is recommended for students of nursing (RN), dental technology, medical records, and baccalaureate degree medical or public health programs. Recommended background is one year each of high school biology/chemistry, or one semester each, college chemistry/biology. If the student has no science background, prior completion of BIOL 160 C is strongly recommended.</td>
</tr>
<tr>
<td>BIOL 230 C</td>
<td>GENERAL ANATOMY</td>
<td>4</td>
<td>This course presents a logical analysis of body tissues, organs, and systems. It stresses the microscopic, developmental, and gross anatomy of mammals, with special emphasis on human anatomy. Special attention is given to pathological as well as normal conditions. This course is designed primarily for physical education and allied health majors. High school biology and chemistry, or equivalent is recommended background. Students are encouraged to take BIOL 101 C and BIOL 160 C if they have no previous science background.</td>
</tr>
<tr>
<td>BIOL 231 C</td>
<td>GENERAL HUMAN ANATOMY</td>
<td>4</td>
<td>This course presents a logical analysis of body tissues, organs, and systems. It stresses the microscopic, developmental, and gross anatomy of mammals, with special emphasis on human anatomy. Special attention is given to pathological as well as normal conditions. The three hour laboratory includes study of fresh and preserved specimens and models. This course is designed primarily for physical education and allied health majors. High school biology and chemistry, or equivalent is recommended background. Students are encouraged to take BIOL 101 C and BIOL 160 C if they have no previous science background.</td>
</tr>
<tr>
<td>BIOL 234 C</td>
<td>ORAL HISTOLOGY AND EMBRYOLOGY</td>
<td>3</td>
<td>This course is an introduction to the microscopic characteristics of the tissues, histology, and embryology of the head and neck with an emphasis on the structure of the oral cavity.</td>
</tr>
<tr>
<td>BIOL 235 C</td>
<td>HEAD AND NECK ANATOMY</td>
<td>2</td>
<td>This course is a study of the gross anatomical structures of the head and neck. The relationship and function of the organs of the head and neck regions in the human body are studied, with an emphasis on structures and innervations of the oral cavity.</td>
</tr>
</tbody>
</table>
BIOL 240 C  HUMAN PHYSIOLOGY
5 Units
Three hours lecture
Four hours laboratory and
Two hours lecture/discussion per week.
Credit/No Credit/Letter Grade Option
UC/CSU, CSU GE, IGETC, CAN BIOL 12
Prerequisite: BIOL 230 C and CHEM 101 C, or BIOL 210 C.
This course is an in-depth study of human function. Special
attention is given to the abnormal as well as the normal func-
tional state. The laboratory experience includes selected
exercises that emphasize the interrelationships between
structure and function. It is designed for all majors that
require a separate course in physiology, including nursing
and physical education majors.

BIOL 241 C  GENERAL HUMAN PHYSIOLOGY
4 Units
Three hours lecture
Three hours laboratory per week.
Credit/No Credit/Letter Grade Option
CSU
Prerequisite: BIOL 230 C or BIOL 231 C or BIOL 210 C. Advi-
sory: CHEM 101 C. This course is an in-depth study of
human function. Special attention is given to the abnormal as
well as the normal functional state. The laboratory experi-
ence includes selected exercises that emphasize the interre-
lationships between structure and function. It is designed pri-
marily for physical education and allied health programs that
require 3 hours of laboratory per week.

BIOL 262 C  GENERAL MICROBIOLOGY
5 Units
Three hours lecture and
Six hours laboratory per week.
Credit/No Credit/Letter Grade Option
UC/CSU, CSU GE, IGETC, CAN BIOL 14
This course includes a study of the taxonomy, cytology, phys-
iology, ecology, genetics, and evolution of microorganisms.
Laboratory emphasis is placed on the techniques of micro-
bial isolation, cytology, culture, and physiological investiga-
tion. Fungi, protozoa, bacteria, rickettsias, chlamydias, and
viruses will also be considered. This course is recommended
for nursing students pursuing a bachelor's degree and biol-
ogy majors with career objectives in microbiology (in addition
to the sequence for majors).

BIOL 278 C  MOLECULAR BIOLOGY
4 Units
Four hours lecture per week.
UC/CSU
Prerequisite: BIOL 177 C and CHEM 211AC. This course
presents mechanisms of gene expression and its regulation
at the transcriptional and translational levels in eukaryotic
and prokaryotic systems. The structure and biosynthesis of
proteins and nucleic acids, as well as the importance of viral
life cycles in understanding basic cellular processes, will be
included. The major biochemical pathways in cells, with an
emphasis on the thermodynamic constraints on living sys-
tems, will also be studied.

BIOL 279 C  MOLECULAR BIOLOGY
LABORATORY
1 Unit
Three hours laboratory per week.
UC/CSU
Corequisite: BIOL 278 C. This course presents an introduc-
tion to the laboratory techniques of molecular biology. Exer-
cises will include procedures associated with the purification
of genomic DNA, cell transformation plasmid purification,
and endonuclease restriction experiments. Students will
learn the use of micropipets, agarose gel electrophoresis,
PCR, and biological resources on the World Wide Web.

BIOL 298 C  BIOLOGY SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken
for credit 1-4 times)
Zero to twelve hours lecture and
Zero to thirty-six hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or
Standard Letter Grade
UC Credit Limitation/CSU
Prerequisite: May be required. Corequisite: May be required.
Advisory: May be required. This seminar is designed to inten-
sify knowledge in a variety of biological topics. They may
include lectures, discussions, field excursions, and other
activities at the discretion of the instructor. Actual seminar top-
ics will be listed in the class schedule for a particular semes-
ter. Fees may be required – PAYABLE AT REGISTRATION.

BIOL 299 C  INDEPENDENT STUDY FOR
BIOLOGY
½ - 2 Units (Variable Unit Class) (May be taken for
credit 4 times)
Zero to two hours lecture and
Zero to six hours laboratory per week.
Credit/No Credit/Letter Grade Option
UC Credit Limitation/CSU
Prerequisite: Approved Independent Study Learning Con-
tract. This is for biology majors who have demonstrated inter-
est in and capability for increased knowledge of biological
and medical sciences through individual study, small group
discussion/conference, special laboratory projects, or field
research projects.
Business –

Business Administration

ASSOCIATE IN ARTS DEGREE BUSINESS ADMINISTRATION
Program Code: 1A16599

This curriculum is designed to provide an opportunity for the business major to achieve an Associate in Arts Degree Business Administration while completing the first and second year requirements for transfer to a four-year institution. While a baccalaureate degree is recommended preparation for those considering professional careers in business administration, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for upper-division work.

Students should consult a counselor and the catalog of the individual college or university to plan a program of study. The internet site www.assist.org will also provide information for California public universities. Courses selected to fulfill the requirements of the associate degree should reflect requirements of the college to which the student plans to transfer.

To earn an Associate Degree students must complete:
1. all major course requirements with a minimum grade of “C”; 2. California State University General Education Breadth requirements (SCU GE Breadth) or IGETC General Education Plan; (3) any elective courses to complete a minimum of 60 units; (4) complete all graduation requirements; and, (5) have an overall GPA of 2.0. At least 50% of all major course work must be completed at Cypress College. Students pursuing more than one specified departmental major may double count a maximum of 7 units to fulfill major requirements.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

Required courses are listed in suggested sequence:

Chemistry (CHEM)

CHEM 060 C  CHEMISTRY REVIEW
1 Unit  (May be taken for credit 4 times)
One hour lecture per week.
Credit/No Credit
This course is a review of the concepts and principles of general, inorganic, and organic chemistry, as taught in: Introduction to Chemistry (CHEM 101 C), Fundamentals of College Chemistry (CHEM 107 C), and/or General Chemistry (CHEM 111AC & 111BC). It is recommended for students who have completed or are currently enrolled in one of the previously named courses.

CHEM 100 C  CHEMISTRY FOR DAILY LIFE
4 Units
Three hours lecture and
Three hours laboratory per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC
The course is designed for the non-science major seeking a laboratory science. The course will adopt a non-mathematical approach to explain the fundamental concepts of chemistry. From this foundation, the course will focus on topics that are related to the impact that chemistry has on our society. The topics covered include the chemistry of air, water, food, drugs and the environment. Current topics of interest will also be presented in a cooperative learning environment. The laboratory section will provide hands-on experience with many of the lecture topics.

CHEM 101 C  INTRODUCTION TO CHEMISTRY
5 Units
Four hours lecture
One hour problem solving
One hour discussion/quiz and
Two hours laboratory per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, CAN
Advisory: MATH 020 C. This course is the first semester of a two-semester sequence (CHEM 101 C and CHEM 201 C), and includes the study of basic concepts and principles of general, inorganic, and organic chemistry. Laboratory includes gravimetric and volumetric analysis, and experiments designed for identification of organic compounds. It is especially recommended for students in health and life sciences. No credit if taken after CHEM 111AC.

CHEM 103 C  CHEMISTRY IN A CHANGING WORLD
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC
This is a general education course in chemistry. A non-mathematical approach will be taken to examine the fundamental concepts of chemistry and their application to various facets of life in a highly technological society. Topics will include a discussion of chemicals in air, water, food, drugs, and the environment, as well as areas of current interest. Duplicate credit not granted for CHEM 103HC.

CHEM 103HC  HONORS CHEMISTRY IN A CHANGING WORLD
3 Units
Three hours lecture per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC
This course is an enhanced survey of modern chemical concepts for Honors students. The emphasis of this course is on contemporary readings of relevant chemistry literature. Written essays pertaining to current issues in chemistry will be paramount. The class will be conducted in seminar format and will require a significant research project that uses correct documentation skills. The course will develop increased critical thinking, reading and writing skills. CHEM 103HC will satisfy the Physical Sciences portion of the state college and university general education requirement. Duplicate credit not granted for CHEM 103 C.

CHEM 104 C  PHYSICAL SCIENCE FOR TEACHERS
4 Units
(Same as PHSC 104 C)
Three hours lecture and
Three hours laboratory per week.
CSU, AA GE, CSU GE
Prerequisite: MATH 020 C. This activity-based course provides an introduction to the basic concepts of physical science with major emphasis upon their practical importance and application toward understanding natural phenomena in real-world contexts. Laboratory work includes experiments in physics, chemistry, and Earth and space science. It is intended for students who want to become school teachers.
CHEM 107 C  FOUNDATIONS OF CHEMISTRY
5 Units
Four hours lecture
One hour problem solving
One hour discussion/quiz and
Two hours laboratory per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC
Prerequisite: One year high school algebra or MATH 020 C
and completion of or concurrent enrollment in MATH 040 C is
required. This course provides an introduction to the chemi-
cal elements and general principles and laws of modern inor-
ganic chemistry. This course includes a study of chemical
reactions, basic atomic theory, and molecular structure, as
well as chemical bonding and the behavior of gases. Labora-
tory includes gravimetric and volumetric analysis, elemen-
tary qualitative analysis, and experiments in solution chem-
istry. This course applies to the physical science requirement
for general education and is not acceptable for credit for stu-
dents majoring in physical science. CHEM 107 C is a recom-
mended preparatory course for students planning to take
CHEM 111AC and CHEM 111BC. No credit if taken after
CHEM 111AC.

CHEM 111AC  GENERAL CHEMISTRY
5 Units
Three hours lecture
Two hours discussion/quiz and
Four hours laboratory per week.
UC/CSU, AA GE, CSU GE, IGETC, CAN CHEM 2
Prerequisite: Two years of High School algebra or MATH 040
C. CHEM 107 C with a grade of "C" or better, or a passing
score on the Chemistry Proficiency Test. Topics covered
include the general principles of inorganic chemistry with
associated laboratory analysis and chemical computations.
This includes properties of solutions, solution stoichiometry,
gasses, thermochemistry, atomic structure and periodicity,
and the chemistry of liquids and solids.

CHEM 111BC  GENERAL CHEMISTRY
5 Units
Three hours lecture
Two hours discussion/quiz and
Four hours laboratory per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, CAN
CHEM 4
Prerequisite: Completion of CHEM 111AC with a grade of "C"
or better. Topics covered include chemical kinetics, behavior
of chemical systems in equilibrium, acid-base, thermody-
namics, electrochemistry and transition elements. Molecular
orbital theory is introduced and included in discussions of
coordination compounds. Laboratory work includes experi-
mental studies of chemical kinetics, equilibria, thermody-
namics, and electrochemistry that require quantitative ana-
lytical methods. Included in the course also are procedures
for qualitative analysis of groups of metal ions.

CHEM 112 C  CHEMISTRY FOR ENGINEERS
3 Units
Three hours lecture per week.
UC Credit Limitation/CSU
Prerequisite: Completion of CHEM 111AC with a grade of "C"
or better. Topics covered include chemical kinetics, behavior
of chemical systems in equilibrium, acid-base, thermody-
namics, electrochemistry, and transition elements. Molecular
orbital theory is introduced and included in discussions of
coordination compounds.

CHEM 200 C  INTRO ORGANIC CHEMISTRY
LEC.
3 Units
Three hours lecture per week.
UC Credit Limitation/CSU, CSU GE
Prerequisite: CHEM 107 C or CHEM 101 C with a grade of
"C" or better. This course is an introductory study of the com-
 pounds of carbon, including the aliphatic and aromatic deri-
vations. It is recommended for students of dental hygiene,
home economics, pre-nursing, life science, and health
science.

CHEM 200LC  INTRO ORGANIC CHEMISTRY
LAB
3 Units
One hour lecture and
Six hours laboratory per week.
UC Credit Limitation/CSU, CSU GE
Prerequisite: Completion of or concurrent enrollment in
CHEM 200 C. This course is a laboratory study of the princi-
pies and methods of working with organic compounds.

CHEM 201 C  BASIC ORGANIC AND
BIOCHEMISTRY
5 Units
Four hours lecture
One hour problem solving
One hour discussion/quiz and
Two hours laboratory per week.
CSU, CAN CHEM 8
Prerequisite. CHEM 101 C. This course is the second
semester of a two-semester sequence (CHEM 101 C and
CHEM 201 C). This course is a study of organic chemistry:
structures, nomenclature, reactions, and functions of organic
and biochemical compounds; and includes cell structure,
metabolism, bioenergetics, biochemical genetics, and mech-
anisms of vitamin and enzyme action. This course is
designed for the health professions. No credit if taken after
CHEM 211 C.

CHEM 205 C  ANALYTICAL CHEMISTRY
4 Units
Two hours lecture
Six hours laboratory per week.
UC/CSU, CAN CHEM 12
Prerequisite: CHEM 111BC or CHEM 112 C. This is an intro-
duction to analytical methods of chemical analysis. It
includes gravimetric and volumetric methods for qualitative
and quantitative determination of chemical compounds. Lab-
oratory work emphasizes the use of modern chemical instru-
mentation methods and the tools for spectroscopic analysis,
chromatography, potentiometric titration, NMR, electro-
chemical analysis, and mass spectroscopy.
CHEM 211AC  ORGANIC CHEMISTRY
5 Units
Three hours lecture
Two hours discussion and
Four hours laboratory per week.
UC/CSU
Prerequisite: Completion of CHEM 111BC with a grade of “C” or better. This course is a comprehensive introductory course in the fundamental concepts, principles, and methods of organic chemistry. This course covers the study of simple functional, multifunctional, and heterocyclic compounds, aliphatic, and aromatic, with emphasis upon molecular structure, bonding, reaction mechanisms, modern instrumentation and analysis. Laboratory work includes quantitative chemical measurements, synthesis, and separation of organic compounds, and qualitative analysis primarily at the microscale level. This course is primarily designed for majors in chemistry, biochemistry, life sciences, and premedical/pre-dental programs.

CHEM 211BC  ORGANIC CHEMISTRY
5 Units
Three hours lecture
Two hours discussion and
Four hours laboratory per week.
UC/CSU
Prerequisite: Completion of CHEM 211AC with a grade of “C” or better. This course is a continuation of CHEM 211AC. The course includes the study of aldehydes and ketones, carboxylic acids, amines, carboxylic acid derivatives, multifunctional and heterocyclic compounds, carbohydrates, amino acids/proteins, and the effects of neighboring groups on reactivity, and strategy in organic synthesis. Laboratory work includes quantitative chemical measurements, synthesis, and separation of organic compounds, and qualitative organic analysis primarily at the microscale level. This course is designed primarily for majors in chemistry, biochemistry, life sciences, and premedical/pre-dental programs.

CHEM 298 C  CHEMISTRY SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to forty-eight hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
UC Credit Limitation /CSU
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. Seminars are designed to help students conceptualize and intensify knowledge in a variety of chemical topics. They may include lecture, discussions, and other activities at the discretion of the instructor. Actual seminar topics will be listed in the class schedule for a particular semester. Consult the class schedule to verify unit credit and prerequisites for a particular semester. Fees may be required – PAYABLE AT REGISTRATION.

Chinese (CHIN)
CHINESE TRANSFER PROGRAM
Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

CHIN 098 C  CHINESE SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to twenty-four hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This seminar is for students who wish to extend their knowledge of literature, language and culture through small group discussion. Fees may be required – PAYABLE AT REGISTRATION.

CHIN 101 C  ELEMENTARY CHINESE - MANDARIN I
5 Units
Five hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE, CAN CHIN 2
The course emphasizes the acquisition of basic skills in pronunciation, listening, speaking, reading, and writing, and the grammar and vocabulary necessary to acquire these skills. Students will be introduced to customs, culture, and geography of China through lectures, films, and reading assignments.
CHIN 102 C  ELEMENTARY CHINESE -  MANDARIN II  
5 Units  
Five hours lecture and  
One hour laboratory TBA per week.  
Credit/No Credit/Letter Grade Option  
UC/CSU, AA GE, CSU GE, IGETC, CAN CHIN 4  
Prerequisite: CHIN 101 C with grade of “C” or better or one  
year of Chinese at high school or another college with grade  
of “C” or better. This course continues to emphasize the  
acquisition of basic skills in pronunciation, listening and  
speaking, reading, and writing, and the grammar and vocab-
ulayry necessary to acquire these skills. Students will  
increase their knowledge of the customs, culture, and geog-
raphy of China and other Chinese speaking countries/areas  
through lectures, reading, writing assignments, and film.  

CHIN 298 C  CHINESE SEMINAR  
½ - 12 Units (Variable Unit Class) (May be taken  
for credit 1-4 times)  
Zero to twelve hours lecture and  
Zero to twenty-four hours laboratory per week.  
Credit/No Credit or Credit/No Credit/Letter Grade Option or  
Standard Letter Grade  
UC Credit Limitation/CSU  
Prerequisite: May be required. Corequisite: May be required.  
Advisory: May be required. This seminar is for students who  
wish to extend their knowledge of literature, language and  
culture through small group discussion. Fees may be  
required – PAYABLE AT REGISTRATION.

ASSOCIATE IN ARTS DEGREE BUSINESS  
ADMINISTRATION Program Code: 1A16599  
This curriculum is designed to provide an opportunity for  
the business major to achieve an Associate in Arts Degree  
Business Administration while completing the first and sec-
ond year requirements for transfer to a four-year institution.  
While a baccalaureate degree is recommended prepara-
tion for those considering professional careers in business  
administration, completion of this curriculum will demon-
strate commitment to the field and provide comprehensive  
preparation for upper-division work.  

Students should consult a counselor and the catalog of the  
individual college or university to plan a program of study.  
The internet site www.assist.org will also provide informa-
tion for California public universities. Courses selected to  
fulfill the requirements of the associate degree should  
reflect requirements of the college to which the student  
plans to transfer.  

To earn an Associate Degree students must complete:  
(1) all major course requirements with a minimum grade of  
“C”; (2) California State University General Education  
Breadth requirements (SCU GE Breadth) or IGETC General  
Education Plan; (3) any elective courses to complete a  
minimum of 60 units; (4) complete all graduation require-
ments; and, (5) have an overall GPA of 2.0. At least 50% of  
all major course work must be completed at Cypress Col-
lege. Students pursuing more than one specified  
departmental major may double count a maximum of  
7 units to fulfill major requirements.
Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

ASSOCIATE IN SCIENCE DEGREE COMPUTER APPLICATIONS Program Code: 1S07824

The Associate in Science Degree Computer Applications program provides theoretical and practical knowledge to students in the area of computer applications. This degree program focuses on recent developments and current discoveries in computer applications from academia and business related industries. This degree program is aimed at students who need to apply an understanding of computer applications to an on-the-job learning environment.

To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of “C”; (2) 25 units of General Education Graduation Requirements; (3) the cultural diversity and reading requirements; (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.
COMPUTER HARDWARE SUPPORT
CERTIFICATE Program Code: 1K00081
This certificate is intended for those individuals who need to gain hands-on practice and competency in core hardware and operating system technologies. Upon completion of all required courses, students will be able to recognize major personal computer components including their functions, configure the most common technical problems associated with a personal computer, manage the operating system, and understand basic networking.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

Required courses are listed in suggested sequence:
Course # Title Units
ACCT 101 C Financial Accounting 4
CIS 111 C Computer Information Systems 3
CIS 132 C Spreadsheet - Excel for Windows 3
CIS 142 C Database - Access for Windows 3
CIS 150 C Intro. to Business Computers 3
CIS 160 C Information Systems Management 3
CIS 211 C Introduction to Programming 3
CIS 250 C Word Processing 2
MGT 111 C Business Communications 3
Total Units Required 27

ASSOCIATE IN SCIENCE DEGREE COMPUTER INFORMATION SYSTEM Program Code: 1S03767
This program prepares the student for a career in the area of computer information systems. The curriculum is designed to develop a working knowledge of what is required to be successful in business computer information systems.

To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of “C”; (2) 25 units of General Education Graduation Requirements; (3) the cultural diversity and reading requirements; (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. COMPUTER SOFTWARE AND APPLICATION
CERTIFICATE  Program Code: 1K00007
This certificate focuses on business software applications used to manage and format information in word processing, in a spreadsheet or database, for desktop publishing, on the Internet, or as a Web page. Students apply their software application knowledge to on-the-job learning situations.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

Required courses are listed in suggested sequence:
Course #  Title  Units
CIS 050 C  Intro-Comp. & Software Concepts  2
CIS 125 C  Personal Typing/Keyboarding  2
or
CIS 101 C  Intro. to Keyboarding/MS Word  (3)
CIS 150 C  Intro. to Business Computers  3
CIS 108 C  Introduction to Internet  2
CIS 250 C  Word Processing  2
CIS 115 C  Desktop Publishing - Publisher  2
CIS 251 C  Advanced Word Processing  1
CIS 155 C  Web Publishing w/MS FrontPage  2
Total Units Required  16 - 17

INTERNET AND DATA COMMUNICATIONS
CERTIFICATE  Program Code: 1K00008
This certificate program provides theoretical and practical knowledge to students in the areas of Personal Computer Networking, Internet, and Web Publishing. This certificate program focuses on recent developments and current discoveries in data communications and Web technologies.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

Required courses are listed in suggested sequence:
Course #  Title  Units
CIS 108 C  Introduction to Internet  2
CIS 109 C  Bus. Applications-The Internet  2
CIS 150 C  Intro. to Business Computers  3
CIS 115 C  Desktop Publishing - Publisher  2
CIS 251 C  Advanced Word Processing  1
CIS 155 C  Web Publishing w/MS FrontPage  2
Total Units Required  16 - 17

INTERNET MARKETING
CERTIFICATE  Program Code: 1K00043
This curriculum prepares students for a career in the field of Internet Marketing. Students, who complete the program, will learn how to utilize the Internet as a marketing tool to promote a business, interact with customers, suppliers and distributors, generate sales, conduct marketing research, and engage in other E-business activities.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

Required courses are listed in suggested sequence:
Course #  Title  Units
CIS 111 C  Computer Information Systems  3
CIS 132 C  Spreadsheet – Excel for Windows  3
CIS 241 C  Spreadsheet – Advanced MS Excel  3
Total Units Required  9

JAVA PROGRAMMING
CERTIFICATE  Program Code: 1K00077
This program is designed to develop a working knowledge of what is required to be successful in business computer programming using Java. A curriculum consisting of: beginning and advanced Java programming courses.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

Required courses are listed in suggested sequence:
Course #  Title  Units
CIS 211 C  Introduction to Programming  3
CIS 226 C  Java Programming  3
CIS 234 C  Advanced Java Programming  3
Total Units Required  9

MICROSOFT ACCESS
CERTIFICATE  Program Code: 1K00078
This program is designed to develop a working knowledge of what is required to be successful in business using Microsoft Access.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

Required courses are listed in suggested sequence:
Course #  Title  Units
CIS 111 C  Computer Information Systems  3
CIS 142 C  Database – Access for Windows  3
CIS 242 C  Database – Advanced MS Access  3
Total Units Required  9

MICROSOFT EXCEL
CERTIFICATE  Program Code: 1K00079
This program is designed to develop a working knowledge of what is required to be successful in business using Microsoft Excel.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

Required courses are listed in suggested sequence:
Course #  Title  Units
CIS 111 C  Computer Information Systems  3
CIS 132 C  Spreadsheet – Excel for Windows  3
CIS 241 C  Spreadsheet – Advanced MS Excel  3
Total Units Required  9

NETWORK SECURITY
CERTIFICATE  Program Code: 1K00082
This curriculum prepares students to recognize network security threats and implement procedures for security networks. Students will be able to identify vulnerabilities of different operating systems and critical network resources. They will also be able to implement special tools for system analysis and prevention of future network attacks.
To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

**WEB DEVELOPER**

**CERTIFICATE**
Program Code: 1K00550

The Web Developer Certificate program introduces the core concepts and practical techniques required to pursue a career in advanced web programming and web site development. Students will learn how to implement a full-featured web site on the Internet or a corporate Intranet including deploying dynamic content using JavaScript and related tools. Students may choose a concentration in four of the following languages: PHP, Perl/CGI, Python, XML, or ASP.NET. The program also provides extensive coverage of HTML as an important element of modern distributed applications.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

Required courses are listed in suggested sequence:

**ADVANCED WEB PAGE DESIGN**

**CERTIFICATE**
Program Code: 1K00072

The Advanced Web Page Design Certificate offers comprehensive and latest programming technologies in the area of Web publishing and Web site management. This certificate is designed for students who need to apply for positions such as Web Programmer, Web Master, Marketing and Advertising Coordinator, Administrative Assistant, and Technical Support.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

Required courses are listed in suggested sequence:

<table>
<thead>

Required courses are listed in suggested sequence:

Course#  Title                      Units
CIS 184 C Windows Client Administration 2
CIS 211 C Introduction to Programming 3
CIS 220 C Web Programming 3
CIS 226 C Java Programming 3
CIS 229 C Intro to XML Programming 2
CIS 185 C Windows Server Administration 2

Total Units Required 15

WEB MASTER

CERTIFICATE Program Code: 1K00083
This certificate enables students to learn techniques required to construct, support, design, and administer a Web site that has e-commerce capabilities. The certificate provides students with the skills needed to apply for an entry-level Web master position to build and manage the Web sites used in today’s businesses.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

Required courses are listed in suggested sequence:

Course #  Title                      Units
CIS 185 C Windows Server Administration 2
CIS 194 C Internet Security (ISA) Server 2
CIS 222 C Web Server Management 3
CIS 225 C Web Programming with ASP 2
CIS 229 C Intro to XML Programming 2
CIS 191 C Network Infrastructure Admin. 3

Total Units Required 14

WINDOWS NETWORKING CERTIFICATE – SYSTEMS

ADMINISTRATOR Program Code: 1K00075
This curriculum prepares students for a certificate in administration of a Microsoft network. The certificate does not look into designing and planning aspects of Windows networking; instead it is intended for those individuals who need to gain skills in day-to-day general network administration, configuration, and support tasks.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

Required courses are listed in suggested sequence:

Course #  Title                      Units
CIS 180 C Data Comm. & Network Admin. 2
CIS 184 C Windows Client Administration 2
CIS 185 C Windows Server Administration 2
CIS 191 C Network Infrastructure Admin. 3
CIS 187 C MS Windows Exchange Server 3
or CIS 194 C Internet Security (ISA) Server (2)
or CIS 298 C Internet Security (ISA) Server (2)
CIS 188 C Microsoft Windows TCP/IP 2
CIS 189 C MS Windows Active Directory 3
CIS 192 C Directory Services Design 2

Total Units Required 15-16

COMPUTER INFORMATION SYSTEMS TRANSFER PROGRAM

Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Computer Information Systems (CIS)

CIS 050 C INTRO-COMP & SOFTWARE CONCEPTS 2 Units
Two hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
NON-DEGREE CREDIT
This course is designed to teach the basics of computer hardware and software. Students will receive hands-on experience using various types of software. Students may elect to take this class as a preparation for CIS 111 C, CIS 150 C, or CIS 250 C: $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 075 C BUSINESS SKILLS DEVELOPMENT ½ - 10 Units (Variable Unit Class) (May be taken for a cumulative total of 10 units)
(Open Entry-Open Exit)
One-half to ten hours lecture and
One-half to thirty hours laboratory TBA per week.
Credit/No Credit/Letter Grade Option
This variable unit, open entry/open exit course with flexible hours is designed for the student who needs to gain marketable job skills in a short period of time. Occupational training will be provided in the areas of computer applications, information processing, office occupations, and communication skills. $5.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 050 C INTRO-COMP & SOFTWARE CONCEPTS 2 Units
Two hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
NON-DEGREE CREDIT
This course is designed to teach the basics of computer hardware and software. Students will receive hands-on experience using various types of software. Students may elect to take this class as a preparation for CIS 111 C, CIS 150 C, or CIS 250 C: $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 075 C BUSINESS SKILLS DEVELOPMENT ½ - 10 Units (Variable Unit Class) (May be taken for a cumulative total of 10 units)
(Open Entry-Open Exit)
One-half to ten hours lecture and
One-half to thirty hours laboratory TBA per week.
Credit/No Credit/Letter Grade Option
This variable unit, open entry/open exit course with flexible hours is designed for the student who needs to gain marketable job skills in a short period of time. Occupational training will be provided in the areas of computer applications, information processing, office occupations, and communication skills. $5.00 Laboratory Fee - PAYABLE AT REGISTRATION.

<td>INTRODUCTION TO INTERNET</td>
<td>2 Units</td>
<td>Two hours lecture and One hour laboratory TBA per week</td>
<td>Credit/No Credit/Letter Grade Option</td>
<td>CSU This course will prepare students to use the Internet, a worldwide computer network. Emphasis is on introducing the features of Internet, including electronic mail, Telnet, FTP (File Transfer Protocol), Usenet, and Gopher, as well as other Internet services and utilities. Students will explore the vast resources of the Internet and learn to access information using a variety of hands-on methods. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.</td>
</tr>
</tbody>
</table>
CIS 109  C  BUS. APPLICATIONS-THE INTERNET
2 Units
Two hours lecture and
One hour laboratory TBA per week.
CSU
This course will prepare students to use the Internet with a business or home-based business. Emphasis will be placed on doing business over the Internet. Students learn how to use common Internet browsers, how to publish a Web page to conduct business on the Internet, how to use E-mail, how to do marketing and market research on the Internet, and how other businesses are using the Internet. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 110  C  LINUX OPERATING SYSTEM
3 Units
Three hours lecture and
Two hours laboratory TBA per week.
CSU
This course is an introduction to the Linux operating system. Topics include installing, configuring, maintaining, administering, and troubleshooting of the Linux Operating System. It provides preparation for the Sair Linux Certification. $3.00 Laboratory Fee – PAYABLE AT REGISTRATION.

CIS 111  C  COMPUTER INFORMATION SYSTEMS
3 Units
Three hours lecture and
Two hours laboratory TBA per week.
UC/CSU, AA GE, CSU GE, CAN BUS 6
This course is an introduction to computer concepts, computer organization, operation, hardware, systems and application software; business-problem solving; and applications to business. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 112  C  MS WORD EXPERT MOS CERT.
3 Units
Two hours lecture and
Three hours laboratory per week.
Credit/No Credit/Letter Grade Option
CSU
Advisory: CIS 101 C, or CIS 125 C or ability to type 20 wpm. This course is designed to teach the knowledge and skills necessary to prepare the student to take the Expert Level Microsoft Office Specialist Word exam. $5.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 113  C  MICROSOFT FRONTPAGE AND ACCESS
3 Units
Two hours lecture and
Three hours laboratory per week.
Credit/No Credit/Letter Grade Option
CSU
Advisory: CIS 101 C, or CIS 125 C or ability to type 20 wpm. This course teaches the student how to use FrontPage and Access for business and professional use. This course provides the student with the knowledge and skills necessary to take the Core level Microsoft Office Specialist Access and FrontPage exams. $5.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 114  C  MS OUTLOOK/OFFICE PROCEDURES
3 Units
(Formerly OFF 049 C)
Three hours lecture and
One hour laboratory TBA per week.
CSU
Advisory: CIS 103 C or CIS 113 C and ability to type 20 wpm. This course prepares management or office personnel for work in a computerized office environment. MS Outlook is taught in this class and integrated with Word, PowerPoint, and Excel. $5.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 115  C  DESKTOP PUBLISHING - PUBLISHER
1 - 2 Units (Variable Unit Class) (May be taken for credit 2 times)
(Open Entry-Open Exit)
One-half to one hour lecture and
One and one-half to three hours laboratory TBA per week.
Credit/No Credit/Letter Grade Option
CSU
This class is designed for office support staff, secretaries, administrative assistants, small business owners, and others who require a basic knowledge of business desktop publication applications. This course uses Microsoft Office Publisher. $5.00 Laboratory Fee – PAYABLE AT REGISTRATION.

CIS 119  C  DATA PROC.-INDEPENDENT STUDY
1 - 2 Units (Variable Unit Class)
One hour lecture per week for minimum credit.
CSU
Prerequisite: Approved Independent Study Learning Contract. In this course, the student will investigate, plan, block diagram, design, program, test, debug, run, and document a data processing application. The application may be chosen by the student (with the instructor’s approval), or it may be assigned by the instructor. The actual programming can be done in any programming language or application software package.

CIS 123  C  WORD PROCESSING - MICROSOFT WORD
1 - 2 Units (Variable Unit Class) (May be taken for credit 2 times)
One hour lecture and
Three hours laboratory per week.
CSU
Prerequisite: CIS 101 C or CIS 125 C or ability to type a minimum of 20 wpm. Students enrolling for one unit of credit will learn basic text editing which will include inserting, deleting, moving, copying, search and replace. Students enrolling for two units of credit will learn basic and advanced text editing including automatic outlining, footnoting, mathematics, spell checking, macros, and merging. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

</tr>
</tbody>
</table>
CIS 162 C  PC HARDWARE CONFIGURATIONS
3 Units
Three hours lecture and
Two hours laboratory TBA per week.
Credit/No Credit/Letter Grade Option
CSU
This course prepares students with both theoretical and practical lessons relating to Microcomputer hardware. Emphasis is placed on how hardware components function together to make a Microcomputer work properly, how software interacts with hardware, and practical methods to protect hardware and software. Topics include installing, configuring, and upgrading personal computer components and peripherals in a networked environment. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 179 C  INTRO. TO WEB PAGE DESIGN
2 Units
Two hours lecture and
One hour laboratory TBA per week.
CSU
This course introduces students to Web publishing with HTML (HyperText Markup Language) for business and personal applications. Students will learn fundamentals of the Internet and how to employ HTML techniques to convey their messages, and design a professional-looking Web site. Emphasis is placed on learning the HyperText Markup Language from the basic tags to the advanced topics such as tables, forms, graphics, and creation of the business-related Web pages. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 180 C  DATA COMM. & NETWORK ADMIN.
2 Units
Two hours lecture and
One hour laboratory per week.
CSU
This course is a comprehensive introductory overview of today's technology in networking and telecommunications. Moreover, this course will provide basic hands-on commands on how to operate a local area network software (LAN). Topics include communication concepts, communication components and hardware, communication media, topologies, protocols, and how to manipulate Windows printing system, configuring local group policy, and setting up user accounts. Students will use their computers to examine Windows related network administration commands during the lecture. It is designed for every one with an interest in data communications and system administration. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 181 C  NETWORK SOFTWARE ADMIN/INSTALL
1 Unit
One hour lecture and
One hour laboratory per week.
CSU
This course provides textbook and hands-on experience covering the duties of a LAN administrator. The course also includes hands-on practice of installing local area networks (LANes), including network boards, cables, and operating software. Topics include using network printers, backing up the network, network security, log in scripts, network accounting, network E-mail, server resources, custom menus, server and workstation hardware, and troubleshooting. Computer-related projects will be completed in the laboratory. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 182 C  DATA COMMUNICATIONS MANAGEMENT
3 Units
Three hours lecture and
Two hours laboratory TBA per week.
Credit/No Credit/Letter Grade Option
CSU
This course provides hands-on experience covering the duties of a network administrator. Students will understand basic networked communications and identify essential networked components. Topics include communication concepts, communication components and hardware, communication media, topologies, protocols, and local and wide area networks, network administration and support, and wireless communications. Students will use their computers to examine Windows related network administration commands during the lecture. It is designed for every one with an interest in data communications and system administration. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 184 C  WINDOWS CLIENT ADMINISTRATION
2 Units
Two hours lecture and
One hour laboratory per week.
Credit/No Credit/Letter Grade Option
CSU
This course introduces students to Microsoft Client for Windows on the personal computer. Students will learn the features and architecture of the Windows operating system. This course will review the overview of the Windows program installation, working with files and folders, how to manipulate Windows printing system, configuring local group policy, and setting up user accounts. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 185 C  WINDOWS SERVER ADMINISTRATION
2 Units
Two hours lecture and
One hour laboratory per week.
Credit/No Credit/Letter Grade Option
CSU
This course introduces students to Microsoft Windows Server Management and enterprise networks. Topics include installing the server operating system, administering user accounts, managing system resources, installing active directory, and implementing DNS service. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 186 C  MS WIN INFORMATION SERVER
2 Units
Two hours lecture and
One hour laboratory per week.
Credit/No Credit/Letter Grade Option
CSU
This course introduces students to Microsoft Windows Information Server and enterprise networks. Students learn an overview of the Windows 2000 environment, installing and administrating Internet Information Server, domain management, and networking. Emphasis is placed on managing Internet Information Server, setting up user accounts and user access, and managing resources. Students should be familiar with the basic concepts of data communications and using Microsoft Windows 2000. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.
CIS 187 C MS WINDOWS EXCHANGE SERVER
3 Units
Three hours lecture and
One hour laboratory per week.
Credit/No Credit/Letter Grade Option
CSU
This course introduces students to the administration of Microsoft Exchange Server. Students learn an overview of the Exchange Server environment, installing and administering Exchange Server, user and database management, and operating Exchange Server in a networking environment. Emphasis is placed on installing and administering Exchange Server, setting up user accounts and user access, and managing resources. Students should be familiar with the basic concepts of data communications and using Microsoft Windows operating system. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 188 C MICROSOFT WINDOWS TCP/IP
2 Units
Two hours lecture and
One hour laboratory per week.
Credit/No Credit/Letter Grade Option
CSU
This course increases student knowledge of the Transmission Control/Internet Protocol (TCP/IP) by introducing theory on how the protocol functions, installation and configuration techniques, and utilities to manage a TCP/IP based network. Topics include TCP/IP theory and operation, installing TCP/IP on a Microsoft network, configuring protocol settings, troubleshooting, and managing a TCP/IP network. Students should be familiar with the basic concepts of data communications and using Microsoft Windows operating system. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 189 C MS WINDOWS ACTIVE DIRECTORY
3 Units
Three hours lecture and
One hour laboratory per week.
Credit/No Credit/Letter Grade Option
CSU
This course introduces students to Microsoft Windows Active Directory and enterprise networks. Students learn an overview of the Windows operating system in a networked environment, installing and administrating DNS servers, Active Directory management and networking. Emphasis is placed on managing a Windows Active Directory network, setting up user accounts and user access, and managing resources. Students should be familiar with the basic concepts of data communications and using Microsoft Windows operating system. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 191 C NETWORK INFRASTRUCTURE ADMIN.
3 Units
Three hours lecture and
One hour laboratory per week.
Credit/No Credit/Letter Grade Option
CSU
This course provides students with the knowledge and skills necessary to manage, monitor, troubleshoot, and support a Microsoft enterprise network. Emphasis is placed on analyzing the requirements of business organizations for implementing a reliable network infrastructure strategy. Emphasis is placed on the underlying services and protocols such as DNS (Domain Naming Service), DHCP (Dynamic Host Configuration Protocol), Remote Access, Network Protocols, IP (Internet Protocol) Routing, VPN (Virtual Private Network), and WINS (Windows Internet Naming Service). $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 192 C DIRECTORY SERVICES DESIGN
2 Units
Two hours lecture and
One hour laboratory per week.
Credit/No Credit/Letter Grade Option
CSU
This course prepares students to work with Microsoft network operating systems in medium to very large business environments. Emphasis will be placed on how to analyze an organization’s business needs for designing a directory services infrastructure. Students will learn, through hands-on practices, the four steps of Active Directory infrastructure design process including creating a forest plan, a domain plan, an organizational unit (OU) plan and a site topology plan. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 193 C NETWORK INFRASTRUCTURE DESIGN
2 Units
Two hours lecture and
One hour laboratory per week.
Credit/No Credit/Letter Grade Option
CSU
This course prepares students to work with the Microsoft network operating systems in medium to very large business environments. Emphasis will be placed on how to analyze an organization’s business needs for designing a network infrastructure. Network infrastructure elements include: analyzing business requirements, analyzing technical requirements, designing a Microsoft network infrastructure, designing for Internet connectivity, designing a wide area network infrastructure, and designing a management and implementation strategy for Microsoft networking. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.
CIS 194 C INTERNET SECURITY (ISA) 
SERVER 
2 Units 
Two hours lecture and 
One hour laboratory per week. 
Credit/No Credit/Letter Grade Option 
CSU 
This course prepares students to install and configure the 
Microsoft Internet Security and Acceleration Server (ISA) 
Enterprise Edition. Students will gain knowledge of how to use 
the Microsoft ISA server as both a firewall and web-caching 
server. Topics include installing the ISA server; configuring and 
troubleshooting the ISA server services; configuring, manag-
ing, and troubleshooting policies and rules; deploying, config-
uring, and troubleshooting the client computer; and monitor-
ing, managing, and analyzing the ISA server use. $3.00 
Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 195 C NETWORK SECURITY 
3 Units 
Three hours lecture and 
One hour laboratory per week. 
Credit/No Credit/Letter Grade Option 
CSU 
This course prepares students to identify network security 
threats and implement procedures for securing networks. Top-
ics include authentication, attacks and malicious codes, 
intruder detection, remote access security, web security, e-mail 
security, directory service and file transfer security, and fire-
walls. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 196 C ADVANCED NETWORK SECURITY 
3 Units 
Three hours lecture and 
One hour laboratory per week. 
Credit/No Credit/Letter Grade Option 
CSU 
This course prepares students to identify tools and methods 
used by computer/network hackers, to analyze past attacks 
and to learn how these attacks could have been prevented. 
Topics include footprinting, scanning, enumeration, hacking 
Microsoft windows 95/98, Me, XP, NT, 2000, Novell NetWare, 
and Unix operating systems, VPN hacking, firewalls, 
advanced techniques, and web hacking. $3.00 Laboratory 
Fee - PAYABLE AT REGISTRATION.

CIS 211 C INTRODUCTION TO 
PROGRAMMING 
3 Units 
Three hours lecture and 
Two hours laboratory TBA per week. 
UC/CSU 
This beginning course in programming introduces students to 
the Visual C# .NET and Visual Basic .NET programming lan-
guages. Students will learn how to design, code, and debug programs common to the business environment. Some of the topics include: Program Design, Control Structures, Functions, Sub Procedures, Form Design, and Object-Oriented coding. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 217 C VISUAL BASIC PROGRAMMING 
3 Units 
Three hours lecture and 
Two hours laboratory TBA per week. 
UC/CSU 
Prerequisite: CIS 211 C. This course introduces students to the Visual Basic .NET programming language. Students will learn how to design, code, and debug programs common to the business environment. Some of the topics include: Form Design, Sub Procedures, Functions, Object-Oriented Pro-
gramming, Arrays, and Accessing Database Files. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 218 C VISUAL C# PROGRAMMING 
3 Units 
Three hours lecture and 
Two hours laboratory TBA per week. 
CSU 
Prerequisite: CIS 211 C. This course introduces students to the Visual C# .NET programming language. Students will learn how to design, code, and debug programs common to the business environment. Some of the topics include: Classes and Objects, Methods, Arrays, and Form Development. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 219 C ADVANCED VISUAL BASIC 
3 Units 
Three hours lecture and 
Two hours laboratory TBA per week. 
CSU 
Prerequisite: CIS 217 C. This is an advanced course in Visual Basic .NET programming. Special emphasis will be placed on the application of the Visual Basic language to solve business problems, including requirements definition, design, construction, testing, and documenting. Multiple 
forms, objects, controls, Object Linking and Embedding 
(OLE), and the use of the data control object to interface with 
databases external to Visual Basic .NET will be covered. 
$3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 220 C WEB PAGE PROGRAMMING 
3 Units 
Three hours lecture and 
Two hours laboratory TBA per week. 
Credit/No Credit/Letter Grade Option 
CSU 
Students will learn how to create Web pages that include 
Cascading Style Sheets (CSS), how to create JavaScript programs inside HTML (Hyper Text Markup Language) doc-
uments, how to use JavaScript programs to enhance Web 
pages, and how to use elements of Dynamic HTML. Empha-
sis is placed on multiple page layers, scripting, and manag-
ing large-scale Web sites. Using these tools and techniques, 
students will learn to create dynamic effects based on users 
interaction, simple animation, drop-down menu, and other sophisticated and useful design effects. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

</tbody>
</table>
CIS 240 C  WIRELESS TECHNOLOGY  
3 Units  
Two hours lecture and  
Three hours laboratory per week.  
Credit/No Credit/Letter Grade Option  
CSU  
This introductory course focuses on the design, installation, configuration, operation, and troubleshooting of Wireless Local Area Networks (WLANs). A comprehensive overview of wireless technologies, devices, security, design, and best practices with a particular emphasis on real world applications and skills is covered. Topics include wireless radio technology, wireless topologies, access points, antennas, site survey preparation, troubleshooting, and emerging technologies.

CIS 241 C  SPREADSHEET-ADVANCED MS  
EXCEL  
3 Units  
Three hours lecture and  
Two hours laboratory TBA per week.  
CSU  
Prerequisite: CIS 132 C. This course is designed to introduce students to the use of advanced spreadsheet tools in the solution of problems. Students will use Visual Basic to develop Excel applications. $3.00 Laboratory Fee – PAYABLE AT REGISTRATION.

CIS 242 C  DATABASE-ADVANCED MS  
ACCESS  
3 Units  
Three hours lecture and  
Two hours laboratory TBA per week.  
CSU  
Prerequisite: CIS 142 C. This course teaches advanced topics in Microsoft Access. Students will learn how to design and implement complex databases; how to use Structured Query Language; and how to create complex queries, complex forms, and complex reports. Other topics include how to write Microsoft Access programs using Visual Basic and how to use Access with other applications. $3.00 Laboratory Fee – PAYABLE AT REGISTRATION.

CIS 245 C  PERL PROGRAMMING  
3 Units  
Three hours lecture and  
One hour laboratory TBA per week.  
Credit/No Credit/Letter Grade Option  
CSU  
This hands-on course introduces students to the Perl and CGI programming language. Topics include syntax, basic scripting skills, arrays and hashes, I/O, regular expressions, and subroutines. The course also introduces object-oriented programming in Perl, as well as CGI.pm module and Perl web programming. $3.00 Laboratory Fee – PAYABLE AT REGISTRATION.

CIS 246 C  PHP PROGRAMMING  
3 Units  
Three hours lecture and  
One hour laboratory TBA per week.  
Credit/No Credit/Letter Grade Option  
CSU  
This hands-on course introduces students to the PHP programming language. Topics include basic PHP programming skills, and integration with HTML. It also explores advanced modules including accessing the MySQL database. Students will learn to develop dynamic web content and data-driven web sites using PHP. $3.00 Laboratory Fee – PAYABLE AT REGISTRATION.

CIS 247 C  PYTHON PROGRAMMING  
3 Units  
Three hours lecture and  
One hour laboratory TBA per week.  
Credit/No Credit/Letter Grade Option  
CSU  
In this class students will obtain a hands-on introduction to the Python language, Python tools, Python applications, and Python Web programming. Through lectures and laboratory work, students learn the skills of Python programming. $3.00 Laboratory Fee – PAYABLE AT REGISTRATION.

CIS 250 C  WORD PROCESSING  
1 - 8 Units (Variable Unit Class) (May be taken for a cumulative total of 8 units)  
(Open Entry-Open Exit)  
One to eight hours lecture and  
Three to Twenty-Four hours laboratory TBA per week.  
Credit/No Credit/Letter Grade Option  
CSU  
This course consists of basic and advanced text editing performed using a variety of word processing software. Software taught includes, but is not limited to, WordPerfect and Microsoft Word. Students will enroll for one or two units of credit on one software at a time. One unit of credit will be given upon successful completion of the first unit of instruction. Only upon successful completion of the first unit of instruction will the student be eligible for the second unit of credit for the semester. Knowledge of keyboarding recommended. $5.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 251 C  ADVANCED WORD PROCESSING  
1 - 5 Units (Variable Unit Class) (May be taken for a cumulative total of 5 units)  
(Open Entry-Open Exit)  
One to five hours lecture and  
Three to fifteen hours laboratory TBA per week.  
Credit/No Credit/Letter Grade Option  
CSU  
Prerequisite: Two units of CIS 250 C. This course is designed as a continuation of CIS 250 C. Advanced applications include, but are not limited to, desktop publishing, macros, margins, and record processing. $5.00 Laboratory Fee - PAYABLE AT REGISTRATION.
CIS 255 C  MACHINE DICTATION & TRANS.
1 Unit
One hour lecture and
Two hours laboratory TBA per week.
Credit/No Credit/Letter Grade Option
CSU
Prerequisite: CIS 101 C, or CIS 125 C, or a minimum of 20 wpm. This course is designed to provide instruction in the use of modern dictation equipment. Emphasis is placed on employing effective dictation and transcription techniques using acceptable formats. $5.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CIS 298 C  COMPUTER INFO SYSTEMS SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to thirty-six hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
CSU
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This course will utilize a lecture and/or lab approach for students enrolled in the Computer Information Systems Program to increase their knowledge in applied areas. Topics will be offered to increase the student's knowledge of the computer information systems profession by updating content on recent changes and requirements and by preparing for new trends in Computer Information Systems. Fee May be Required – PAYABLE AT REGISTRATION.

CIS 299 C  CIS INDEPENDENT STUDY
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
One-half to two hours lecture per week.
CSU
Prerequisite: Approved Independent Study Learning Contract. This course is designed for students who wish to gain further experience, knowledge, or expertise beyond their current offerings in their area of study. The number of class hours or activities per week will be determined by the scope of the topic. The instructor will devise learning strategies to be followed by the student. Students must obtain permission from the program coordinator to be enrolled in this class.

Computer Science
Division of Science/Engineering/Mathematics
Division Dean – Mohammad Entezampour

Faculty
William Baldwin

Counselors
Tom Nordee
Alice Payne

COMPUTER SCIENCE TRANSFER PROGRAM
Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Computer Science (CSCI)

CSCI 123 C  INTRO TO PROG CONCEPTS IN C++
4 Units
Four hours lecture and
One hour laboratory TBA per week.
UC/CSU
Prerequisite: MATH 141 C and MATH 142 C, or three years in equivalent college preparatory mathematics in high school with at least a “C” average. This course is an introduction to the basic principles of programming using C++ as the development tool. Topics include the structure and design of algorithms, input/output, branching structures, functions, recursion, built-in data types, arrays, structures, files, pointers and elementary operations on linked structures. The object-oriented programming paradigm will be introduced. Topics include encapsulation, polymorphism, libraries, streams, inheritance and abstract data types. Students will design algorithms, write external and internal documentation and design and write source code in C++.

CSCI 133 C  DATA STRUCTURES IN C++
4 Units
Four hours lecture and
One hour laboratory TBA per week.
UC/CSU
Prerequisite: CSCI 123 C with a grade of “C” or better. This is a course in algorithm design and data structures implemented using C++. Data structures examined are arrays, linked lists, stacks, queues, trees, tables, and graphs. Algorithm topics include hashing, sorting heaps, searches and algorithm efficiency using Big-O notation. Students will create and modify class libraries to implement these structures.
CSCI 185 C INTRO TO PROG CONCEPTS IN ADA
4 Units
Four hours lecture and
One hour laboratory TBA per week.
UC/CSU, AA GE, CSU GE
Prerequisite: MATH 142 C, or three and one-half years of
high school college preparatory mathematics, with grades of
“C” or better. This is an introductory course in basic principles
and operation of digital computers. It includes the study of
binary and hexadecimal arithmetic, Boolean algebra, com-
puter logic, problem-solving methodology, computer pro-
gramming with Ada, and program documentation. Elemen-
tary numerical techniques are used for problem solving.

CSCI 186 C DATA STRUCTURES IN ADA
4 Units
Four hours lecture and
One hour laboratory TBA per week.
UC Credit Limitation/CSU, CSU GE, CAN CSCI 12
Prerequisite: CSCI 185 C, with a grade of “C” or better. This
course includes problem solving methodology with the devel-
opment and application of data structures, including records,
multidimensional arrays, stacks, queues, linked lists, trees,
sorting, searching, and recursion, using Ada.

CSCI 205 C FORTRAN PROGRAMMING
3 Units
Three hours lecture and
One hour laboratory TBA per week.
UC/CSU, CSU GE, CAN CSCI 4
Prerequisite: MATH 142 C, or MATH 130 C, or three and
one-half years of high school college preparatory mathemat-
ics. This is a course for science, engineering, and mathem-
atics students to acquaint them with the use of digital com-
puters and to enable them to write programs in the
FORTRAN language. Elementary numerical methods, algo-
rithms, flowcharting, and program documentation are
included.

CSCI 241 C ASSEMBLY LANGUAGE
PROGRAMMING
4 Units
Four hours lecture and
One hour laboratory TBA per week.
UC/CSU, CAN CSCI 10
Prerequisite: CSCI 186 C or CSCI 133 C with a grade of “C”
or better. This course is an introduction to assembly lan-
guage programming. It includes reviews of computer organi-
ization, programming techniques and concepts, addressing
techniques, input/output, hardware architecture, and data
structures.

CSCI 298 C COMPUTER SCIENCE SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken
for credit 1-4 times)
Zero to twelve hours lecture and
Zero to thirty-six hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or
Standard Letter Grade
UC Credit Limitation/CSU
Prerequisite: May be required. Corequisite: May be required.
Advisory: May be required. This is a lecture/discussion
approach to special topics involving computer science. It
may be a problem session related to a particular course in
the curriculum, or a study of topics not ordinarily covered
within the curriculum. Consult the class schedule to verify
unit credit for a particular semester. Fees may be required –
PAYABLE AT REGISTRATION.

CSCI 299 C COMPUTER SCI INDEPENDENT
STUDY
½ - 2 Units (Variable Unit Class) (May be taken for
credit 4 times)
Six hours assigned independent study or research per
week for maximum credit.
UC Credit Limitation/CSU
Prerequisite: Approved Independent Study Learning Con-
tract. This course is for students who have demonstrated
interest and capability for increased knowledge of computer
science topics not ordinarily covered in the curriculum. Stu-
dents will participate in independent study or research on
assigned projects under faculty supervision.

Continuing Education Program
The Division of Health Science offers courses through
extended day sessions at Cypress College and through the
Adult Continuing Education Department of the North
Orange County Community College District. Continuing
education courses are designed for programs within the
Health Science Division.

General inquiries and application to programs may be
obtained from the Health Science Counseling Office at
714-484-7270. The classes offered are approved by the
California Board of Regional Nursing (Provider Number
00110), for the number of hours the class meets. Request
list of approved classes from the Health Science Division.
Counseling and Student Development

Counseling and Student Development (COUN)

COUN 060 C ACADEMIC SUCCESS AND COLLEGE SURVIVAL
1 Unit
One hour lecture per week.
Credit/No Credit
This course is designed to help students who are experiencing difficulties in succeeding in college. Students will learn skills such as time management, decision-making, and study skills which will enable them to identify and overcome educational difficulties.

COUN 071 C CAREER PREPARATION AND LIFE MANAGEMENT
3 Units
Two hours lecture and
Three hours laboratory per week.
Credit/No Credit/Letter Grade Option
NON-DEGREE CREDIT
Prerequisite: Entry in Special Assistance Program - Disabled Student Programs and Services. This course is designed for students needing special assistance in career planning, job search techniques, personal adjustment, life management and academic skills.

COUN 072 C LEARNING DISABILITIES ASSESSMENT
½ Unit
(Open Entry/Open Exit)
One-half hour lecture per week.
Credit/No Credit
NON-DEGREE CREDIT
Prerequisite: Learning Disability Specialist Approval. Intensive diagnostic learning assessment for students with learning disabilities whose learning disabilities have impeded academic performance. Emphasis is on assessing specific academic and learning modality strengths and weaknesses. Development of an individual education plan (IEP) outlining long term goals/short term objectives for identified eligible students with learning disabilities.

COUN 073 C COMPUTER ACCESS I
3 Units
Two hours lecture and
Three hours laboratory per week.
Credit/No Credit/Letter Grade Option
Prerequisite: Eligibility for services from the Disabled Students Programs and Services office. This course is designed for students with verified disabilities. This course provides training in the use of assistive technology which enhances a disabled student's ability to access and use personal computers. The course will also cover word processing and an introduction to the Internet.

COUN 074 C COMPUTER ACCESS II
3 Units (May be taken for credit 2 times)
Two hours lecture and
Three hours laboratory per week.
Credit/No Credit/Letter Grade Option
Prerequisite: COUN 073 C. This course is designed for students with verified disabilities. This course provides training in more advanced computer concepts using prescribed assistive technology. The course will also cover intermediate to advanced Internet skills. Students will enhance computer access skills through completion of assigned projects in a variety of formats (word processing, spreadsheets, presentations, and publications).
COUN 075 C  COMPUTER ACCESS PROJECTS
1 Unit (May be taken for credit 2 times)
Three hours laboratory per week.
Credit/No Credit/Letter Grade Option
Prerequisite: Student must be eligible for services and instruction from Disabled Student Programs and Services through appropriate verification of a primary disability by certificated personnel and be able to benefit from programs and services offered by the High Tech Center. Completion of COUN 074 C. This course is designed for students with learning, visual, physical, or hearing disabilities. This course provides additional training for students who require access to specialized technologies in order to complete assignments for other classes in which they are concurrently enrolled and to also continue to develop advanced strategies in adaptive equipment.

COUN 100 C  COLLEGE ORIENTATION FOR THE LEARNING DISABLED
2 Units
Two hours lecture per week.
Credit/No Credit/Letter Grade Option
CSU
Prerequisite: Entry in Special Assistance Program - Disabled Student Programs and Services. This course will facilitate an awareness of community and college support services, provide experimental activity in the use of these support services, coordinate student assessment, provide vocational and educational planning, and give orientation into college life.

COUN 105 C  STRESS AND ANXIETY MANAGEMENT
1 Unit (May be taken for credit 4 times)
(Open Entry/Open Exit)
One hour lecture per week.
Credit/No Credit
CSU, CSU GE
This is an open entry/open exit course designed to increase the student's awareness of the effects of stress and anxiety on academic performance and daily life. Emphasis will be placed on understanding effective and ineffective responses to stress/anxiety and on planning a personal stress/anxiety management program. Students will explore and practice a variety of practical management techniques. $3.00 Materials Fee - PAYABLE AT REGISTRATION.

COUN 110 C  TEACHING AS A CAREER
3 - 4 Units (Variable Unit Class)
Two hours lecture per week
Plus two and one-half to five hours fieldwork TBA per week.
Credit/No Credit/Letter Grade Option
UC/CSU
This course is designed as an introduction to the teaching profession where students will examine concepts and issues related to education in a democratic society within historical, social, philosophical, legal and political contexts. Students will develop personal knowledge and understanding of (1) the competing purpose and values of schools in society, (2) the nature of teaching and the teaching profession, (3) the impact of local, state, and federal government policies on schools, and (4) contemporary educational issues. Course content and assignments will be related to their field experience (a minimum of 45 hours of classroom fieldwork is required for 3 units; 90 hours for 4 units).

COUN 111 C  TEACHING IN DIVERSE CLASSROOMS
1 Unit
One hour lecture per week.
CSU
This course will provide an introduction to teaching and learning skills for students interested in the teacher preparation program. The course will address the qualities of an effective teacher, components and purposes of an effective professional portfolio, and critical issues in diverse contemporary classrooms. Students will begin their professional portfolio, begin classroom observations, and learn about their own learning needs and styles. (10 hours of Fieldwork required per semester)

COUN 120 C  EXPLORATION IN EDUCATION
3 Units
Three hours lecture per week and
Twenty-five hours TBA of focused observation in K-12 classrooms per semester.
CSU
This course will provide an introduction to teaching and learning skills for students interested in the teaching profession. The course will address the qualities of an effective teacher, technology in the classroom, and critical issues in diverse contemporary classrooms. Students will gain experience through 25 hours of required focused observations in K-12 classrooms. Students will divide the 25 hours as follows, 5 hours will occur in a K-6 school, 5 hours in a middle school, 5 hours in a high school setting, 5 hours in a Special Education classroom, and 5 hours in an English Language Learner classroom. $20.00 fee for a Teacher Preparation Program polo shirt – PAYABLE AT REGISTRATION.

COUN 135 C  LEADERSHIP
3 Units
Three hours lecture per week.
CSU
This course includes the study and practical application of group and individual leadership techniques. It is designed to improve awareness of group dynamics, listening skills, personal values, decision-making, problem solving and organizational development. Duplicate credit not granted for COUN 135HC.

COUN 135HC  HONORS LEADERSHIP
3 Units
Three hours lecture per week.
CSU
This course is designed for Honors students and requires leadership participation in a campus or community organization. It includes the study and practical application of group and individual leadership techniques. It is designed to improve awareness of group dynamics, listening skills, personal values, decision-making, problem solving and organizational development. It emphasizes critical analysis of leaders in the news, history or literature. Duplicate credit not granted for COUN 135 C.
COUN 140 C  EDUCATIONAL PLANNING  
½ Unit  
One-half hour lecture per week.  
Credit/No Credit  
CSU  
This course is required the first semester of attendance as part of the matriculation process for all new students who are taking more than two classes or who plan to earn the Associate Degree, obtain a Certificate, or transfer to a four year college. The course includes orientation to college life and responsibilities, college requirements and regulations, career guidance, and development of a personal educational plan. $6.00 Materials Fee - PAYABLE AT REGISTRATION. Duplicate credit not granted for COUN 140HC.

COUN 140HC  HONORS EDUCATIONAL PLANNING  
½ Unit  
One-half hour lecture per week.  
Credit/No Credit  
CSU  
This course is an enhanced orientation to college life and responsibilities. It includes Cypress College regulations, Certificate, Associate Degree, and transfer requirements, career guidance and development of a personal educational plan. Emphasis will be placed on use of student support services and researching transfer options. $6.00 Materials Fee - PAYABLE AT REGISTRATION. Duplicate credit not granted for COUN 140 C.

COUN 141 C  CAREER EXPLORATION  
1 Unit  
One hour lecture per week.  
Credit/No Credit  
CSU, CSU GE  
This class is designed for students who are undecided about their educational or career goals. Using a career planning process, students assess interests, skills, personality, values, life and work style choices. Students explore cultural differences and gain an awareness which is applied to the work setting. Students research potential educational and career goals; and relate their self-assessment information to occupational possibilities and college majors. $6.00 Laboratory Fee - PAYABLE AT REGISTRATION.

COUN 144 C  WOMEN AND CAREERS  
2 Units  
Two hours lecture per week.  
Credit/No Credit  
CSU, CSU GE  
This course is designed to help women expand their self-image by providing personal exploration through career assessment, values clarification and skills analysis. The course provides creative job search techniques and resume writing, interviewing skills, decision-making, goal setting and a Community Service Learning component. $6.00 Laboratory Fee - PAYABLE AT REGISTRATION.

COUN 145 C  CHANGING CAREERS  
2 Units  
Two hours lecture per week.  
Credit/No Credit  
CSU, CSU GE  
This course provides personal career exploration to adults changing careers. Assessments of strengths, interests, values and skills are utilized in assisting in the transition to new occupations and college majors. Decision making and goal setting skills support targeted career research, creative job search techniques and writing resumes. $6.00 Laboratory Fee - PAYABLE AT REGISTRATION.

COUN 146 C  DECISION MAKING  
1 Unit  
One hour lecture per week.  
Credit/No Credit/Letter Grade Option  
CSU, CSU GE  
This course is designed to teach students decision-making concepts and skills for application in career planning, educational planning, and everyday life. Emphasis will be placed on practicing decision-making through class discussions, role-playing, and simulation.

COUN 147 C  PEER ADVISING  
1 Unit  
18 hours lecture per semester.  
Credit/No Credit  
CSU  
This course is designed to provide skills in specific peer advisement situations, observations, and communications. Training in active listening, group processes, and role-playing are emphasized. May be repeated with instructor’s approval for a maximum of 2 units.

COUN 148 C  HUMAN POTENTIAL  
1 Unit  
18 hours lecture per semester.  
Credit/No Credit/Letter Grade Option  
CSU  
This experiential course enables students to examine and assess their strengths, values, decision-making skills and potential in order to plan realistic educational goals.

COUN 150 C  ACADEMIC AND LIFE SUCCESS  
3 Units  
Three hours lecture per week.  
CSU, CSU GE  
This course will provide students with knowledge, information, and practical skills to better understand themselves as students, people and members of society. It will assist them in achieving academic, and life goals and to develop plans and strategies to successfully meet those goals.

COUN 151 C  CAREER AND LIFE PLANNING  
3 Units  
Three hours lecture per week and Three hours (minimum) laboratory as assigned per semester.  
CSU, CSU GE  
A complete class in career/life planning, including introduction to the tools for dealing with change; an analysis of desired lifestyles; self-assessment; overcoming obstacles, and analysis of work, its organizations, and where you want to work; decision-making, people, environments, career-researching and job-finding, resumes, interviewing, and goal setting. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.
COUN 152 C DIVERSITY IN THE WORLD OF WORK
3 Units
Three hours lecture per week.
CSU, CUL DIV
This course will explore the past, present and future working conditions and challenges of men, women, and children, various ethnic and cultural groups, people of different socioeconomic status, and people with disabilities and exceptionalities as factors which relate to employment opportunities and conditions.

COUN 156 C SELF-CONCEPT
1 Unit
One hour lecture per week.
Credit/No Credit/Letter Grade Option
CSU
This course introduces the student to the self-concept theory and assists students in acquiring the psychological characteristics necessary to meet daily challenges. Emphasis is on the enhancement of academic performance and success as a result of developing a stronger self-concept.

COUN 160 C COLLEGE/UNIVERSITY TRANSITION
1 Unit
One hour lecture per week.
Credit/No Credit/Letter Grade Option
CSU
This course is designed for student and the parents of students who plan to transfer to a college or university. Topics include the value of pursuing higher education, selection of a transfer institution, admissions, academic requirements, financial aid options, special programs, priority filing deadline, and developing an autobiographical essay. Duplicate credit not granted for COUN 160HC.

COUN 160HC HONORS UNIVERSITY TRANSITION
1 Unit
One hour lecture per week.
Credit/No Credit/Letter Grade Option
CSU
COUN 160HC is required during the first semester of attendance as part of the matriculation process for Honors Program students. The course is an enhanced orientation to the transfer process. Topics include the value of pursuing higher education, selection of a transfer institution, admission, academic requirements, financial aid options, special programs, priority filing deadlines, developing an autobiographical essay and personal portfolio. Emphasis will be placed on researching and evaluating transfer options. Duplicate credit not granted for COUN 160 C.

COUN 220 C ELEMENTARY SCHOOL TEACHING
3 Units
Three hours lecture per week and
45 hours TBA of required field work in K-6 elementary classrooms per semester.
CSU
Prerequisite: COUN 120 C, or at least 1 year as a Paraprofessional in a Public School setting. This course provides an overview of the teaching profession for students who are considering a career in elementary school teaching. The course will address the philosophies of education, the history of education in America, the sociology of education, contemporary issues in education, and the role of education in American society. In addition, students will gain experience through 45 hours of required fieldwork in K-6 elementary classrooms. Students will divide the 45 hours of required fieldwork as follows: 20 hours in an ELL (English Language Learners) classroom, 15 additional hours will be spent at the primary school and the last 10 hours will be spent in a second elementary school.

COUN 298 C COUNSELING AND GUIDANCE SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to thirty-six hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
CSU
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. Various classes may be offered which are designed to meet the interests and needs of the students and faculty. Fees may be required – PAYABLE AT REGISTRATION.

COUN 299 C COUNSELING - INDEPENDENT STUDY
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
(Open Entry/Open Exit)
Hours vary according to units assigned.
Credit/No Credit
CSU
Prerequisite: Approved Independent Study Learning Contract. This course is designed for students who wish to explore in-depth various guidance-related topics. Students develop an Independent Study Learning Contract with the instructor that details the objectives and course content and scope to be completed by the student. Consult class schedule to verify credit for a particular term.

ASSOCIATE IN SCIENCE DEGREE COURT REPORTING  Program Code: 1S07819
Preparation for State Certificate Examination
The courses listed meet the requirements of the Court Reporter’s Board and for an Associate Degree at Cypress College. This program was accredited by the CR Board on March 7, 1978. Academic courses completed in Adult Education or a private Court Reporting School are not transferable.

To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of "C"; (2) 25 units of General Education Graduation Requirements; (3) any elective courses to complete a minimum of 60 units; and, (4) with an overall GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

STUDENTS MUST FURNISH THEIR OWN MACHINE AND PAPER

CALIFORNIA COURT REPORTERS BOARD ACCREDITATION

ACCREDITED COURT REPORTING PROGRAM

In order for the person to qualify from a school to take the state licensing examination, the person shall complete a program at a recognized school. For information concerning the minimum requirements that a court reporting program must meet in order to be recognized contact:

The Court Reporter’s Board of California
2535 Capitol Oaks Drive, Suite 230
Sacramento, CA 95833

CYPRESS COLLEGE BUSINESS/CIS DIVISION COURT REPORTING PROGRAM

This program was approved by the Court Reporter’s Board on March 7, 1978. Academic courses completed in Adult Education are not transferable. Courses taken in Distance Education will be evaluated on an individual basis for transferability and hour requirements. Private school academics may be evaluated for certification to take the CSR examination. The California Court Reporter’s Board sets the standards for hours of training under the following listed categories. The Cypress College program exceeds all state requirements. The student may go on to earn an Associate in Arts Degree or other specialized certificate. Students must furnish their own equipment, paper, and other supplies. Student must enter the program with a basic typing speed of 25 words per minute.

1. Machine Shorthand & Transcription – 2300 hours (Lab hours do not count for machine credit in this category, per the CR Board.)

CORE REQUIREMENTS:

Total Hours 36

SUGGESTED ELECTIVES
- CTRP 082 C ProCAT
- CTRP 083 C Stenograph
- CTRP 084 C Eclipse
- CTRP 070 C StenoCAT
- CTRP 073 C Formatting

In order for a person to qualify from a school to take the state licensing examination, the person shall complete a program at a recognized school. For more information contact:
Department of Consumer Affairs
Court Reporter’s Board
2535 Capitol Oaks Drive, Suite 230
Sacramento, CA 95283
916-263-3660

Note: This program was accredited by the Court Reporter’s Board on March 7, 1978. ALL CANDIDATES MUST HAVE A HIGH SCHOOL DIPLOMA OR EQUIVALENT TO TAKE THE CSR EXAMINATION. (Revised March 18, 2002)

* Section 2411(a)(7) of the CR Board regulations state that a student will be allowed a reduction in the required machine hours if a student is able to pass the qualifier examination before completing the hours described in Section 1 under Machine Shorthand and Transcription. This does not exempt a student from completing the core required classes in order to qualify.

CAPTIONING
CERTIFICATE Program Code: 1K00005
The Captioning Certificate is designed to prepare students who are interested in pursuing careers in broadcast captioning, both on-line and off-line, using the latest in real-time technology with specific application software. Students will be encouraged to explore all areas of the captioning arena for future possible employment opportunities.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

Required courses are listed in suggested sequence:

CART* CERTIFICATE
*COMMUNICATION ACCESS REALTIME TRANSLATION Program Code: 1C07821
STUDENTS MUST FURNISH THEIR OWN MACHINE AND PAPER
The CART (Communication Access Realtime Translation) Certificate will provide the student with an opportunity for future employment as a classroom captionist shadowing a hearing-impaired individual, providing a real-time translation of all proceedings. The training program provides for an internship experience, where students will learn first-hand the job duties of a CART reporter.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

TEXT-ENTRY SPECIALIST: BUSINESS CERTIFICATE
Program Code: 1C07822
STUDENTS MUST FURNISH THEIR OWN MACHINE AND PAPER

The Text-Entry Specialist: Business Certificate is designed to prepare the student for entry-level employment in law offices, insurance companies, police departments, and businesses using a steno machine for text-entry to enter data, rather than a computer keyboard. The Text-Entry Specialist records information and prepares reports, business documents, and legal documents in final format.

To earn a certificate, complete the required courses as listed with a minimum grade of "C". At least 50% of all course work must be completed at Cypress College.
Required courses are listed in suggested sequence:

Course #  Title  Units

Total Units Required 31-32

TEXT-ENTRY SPECIALIST: MEDICAL
CERTIFICATE  Program Code: 1C07823
STUDENTS MUST FURNISH THEIR OWN MACHINE AND PAPER.
The Text-Entry Specialist: Medical Certificate is designed for the student who is entering the field of medical transcription using a steno machine for text-entry, rather than a computer keyboard. This certificate will prepare the student for entry-level positions working for doctor and dentist offices, insurance companies, hospitals, and private medical transcription agencies.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

Required courses are listed in suggested sequence:

Court Reporting (CTRP)

CTRP 030 C  CR DIRECTED PRACTICE LAB ½ - 10 Units (Variable Unit Class) (May be taken for a cumulative total of 10 units) (Open Entry-Open Exit)
Three to sixty hours laboratory per week.
Credit/No Credit
This course is designed as an open entry lab to fulfill the lab requirements for court reporting students for the California Court Reporter’s Board. Fifty-four hours is required for ½ unit of credit. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CTRP 040 C  BEG. MACHINE SHORTHAND THEORY 3 Units
Three hours lecture and
Two hours laboratory per week.
Credit/No Credit/Letter Grade Option
This first semester course covers the basic theory of machine shorthand and mastery of the keyboard. This course meets partial requirements of the Court Reporter’s Board and the National Court Reporter’s Association. Recom- mend concurrent enrollment in CTRP 041 C. Three hours of court observation required.

CTRP 041 C  COURT REPORTING THEORY REVIEW 1 – 3 Units (Variable Unit Class) (May be taken for credit 3 times) (Open Entry-Open Exit)
Two hours lecture and
Three hours laboratory per week.
Credit/No Credit/Letter Grade Option
Prerequisite: Concurrent enrollment in or completion of CTRP 040 C. This course covers the basic theory of court reporting which emphasizes reporting theory, reading fluency, and transcribing skills. This course meets partial requirements of the Court Reporter’s Board and the National Court Reporter’s Association.

CTRP 042 C  MACHINE SHORTHAND SPEED BLDG 1 ½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times) (Open Entry-Open Exit)
One hour lecture and
Four hours laboratory per week.
Credit/No Credit/Letter Grade Option
Prerequisite: Completion of CTRP 041 C. This course promotes further development of speed and accuracy in taking dictation on the machine. The student will review theory and develop sufficient skills to take new material dictation at 80 wpm for a minimum of three minutes with 95 percent accuracy. Units of credit will be granted when the speed and accuracy objective is attained. This course meets partial requirements of the Court Reporter’s Board and the National Court Reporter’s Association.

CTRP 043 C  MACHINE SHORTHAND SPEED BLDG 2 ½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times) (Open Entry-Open Exit)
One hour lecture and
Four hours laboratory per week.
Credit/No Credit/Letter Grade Option
Prerequisite: Completion of CTRP 042 C. This course promotes further development of speed and accuracy in taking dictation on the machine. The student will review theory and develop sufficient skills to take new material dictation at 100 wpm for a minimum of five minutes with 95 percent accuracy. Units of credit will be granted when the speed and accuracy objective is attained. This course meets partial requirements of the Court Reporter’s Board and the National Court Reporter’s Association.
CTRP 044 C  MACHINE SHORTHAND SPEED  
BLDG 3  
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)  
(Open Entry-Open Exit)  
One hour lecture and  
Four hours laboratory per week.  
Credit/No Credit/Letter Grade Option  
Prerequisite: Completion of CTRP 043 C. This course promotes further development of speed and accuracy in taking dictation on the machine. The student will review techniques of writing and develop sufficient skills to take new material dictation at 120 wpm for five minutes with 95 percent accuracy. Units of credit will be granted when the speed and accuracy objective is attained. This course meets partial requirements of the Court Reporter’s Board and the National Court Reporter’s Association for speed level on jury charge material.

CTRP 045 C  MACHINE SHORTHAND SPEED  
BLDG 4  
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)  
(Open Entry-Open Exit)  
One hour lecture and  
Four hours laboratory per week.  
Credit/No Credit/Letter Grade Option  
Prerequisite: Completion of CTRP 044 C. This course promotes further development of speed and accuracy in taking dictation on the machine. The student will review techniques of writing and develop sufficient skills to take new material dictation at 140 wpm for five minutes with 95 percent accuracy. Units of credit will be granted when the speed and accuracy objective is attained. This course meets partial requirements of the Court Reporter’s Board and the National Court Reporter’s Association for speed level on jury charge material.

CTRP 046 C  MACHINE SHORTHAND SPEED  
BLDG 5  
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)  
(Open Entry-Open Exit)  
One hour lecture and  
Four hours laboratory per week.  
Credit/No Credit/Letter Grade Option  
Prerequisite: Completion of CTRP 045 C. This course promotes further development of speed and accuracy in taking dictation on the machine. The student will develop sufficient skills to take new material dictation at 160 wpm for five minutes with 98 percent accuracy. Units of credit will be granted when the speed and accuracy objective is attained. This course meets the requirements of the Court Reporter’s Board and the National Court Reporter’s Association for speed level on question and answer and trial testimony.

CTRP 047 C  MACHINE SHORTHAND SPEED  
BLDG 6  
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)  
(Open Entry-Open Exit)  
One hour lecture and  
Four hours laboratory per week.  
Credit/No Credit/Letter Grade Option  
Prerequisite: Completion of CTRP 046 C. This course promotes further development of speed and accuracy in taking dictation on the machine. The student will develop sufficient skills to take new material dictation at 180 wpm for ten minutes with 98 percent accuracy. Units of credit will be granted when the speed and accuracy objective is attained. This course meets the requirements of the Court Reporter’s Board and the National Court Reporter’s Association for speed level on question and answer and trial testimony.

CTRP 048 C  MACHINE SHORTHAND SPEED  
BLDG 7  
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)  
(Open Entry-Open Exit)  
One hour lecture and  
Four hours laboratory per week.  
Credit/No Credit/Letter Grade Option  
Prerequisite: Completion of CTRP 047 C. This course promotes further development of speed and accuracy in taking dictation on the machine. The student will develop sufficient skills to take new material dictation at 200 wpm for 10 minutes with 98 percent accuracy. Units of credit will be granted when the speed and accuracy objective is attained. This course meets the requirements of the Court Reporter’s Board and the National Court Reporter’s Association for speed level on question and answer and trial testimony.

CTRP 049 C  MACHINE SHORTHAND SPEED  
BLDG 8  
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)  
(Open Entry-Open Exit)  
One hour lecture and  
Four hours laboratory per week.  
Credit/No Credit/Letter Grade Option  
Prerequisite: Completion of CTRP 048 C. This course promotes further development of speed and accuracy in taking dictation on the machine. The student will develop sufficient skills to take new material at 200 and 220 wpm sustained dictation with 98 percent accuracy. Units of credit will be granted when the speed and accuracy objective is attained. This course meets the requirements of the Court Reporter’s Board and the National Court Reporter’s Association for speed level on question and answer and trial testimony.

</tbody>
</table>
CTRP 058 C MACH. SHORTHAND
CHALLENGE - 180
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
(Open Entry-Open Exit)
One hour lecture and
Four hours laboratory per week.
Credit/No Credit/Letter Grade Option
Prerequisite: CTRP 057 C. This course is designed for the advanced court reporting student and the transfer student to gain additional proficiency in taking multiple-voice testimony in a simulated environment at 180 wpm. Live reading will be introduced.

CTRP 059 C MACH. SHORTHAND
CHALLENGE - 200
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
(Open Entry-Open Exit)
One hour lecture and
Four hours laboratory per week.
Credit/No Credit/Letter Grade Option
Prerequisite: CTRP 058 C. This course is designed for the advanced court reporting student and the transfer student to gain additional proficiency in taking multiple-voice testimony in a simulated environment at 200 wpm. Videotaped testimony and live reading will be introduced.

CTRP 060 C MACH. SHORTHAND
CHALLENGE-220
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
(Open Entry-Open Exit)
One hour lecture and
Four hours laboratory per week.
Credit/No Credit/Letter Grade Option
Prerequisite: CTRP 059 C. This course is designed for the advanced court reporting student to gain additional proficiency in taking multiple-voice testimony in a simulated environment at 220 wpm. Videotaped testimony and live reading will be introduced.

CTRP 061 C INTRO. TO VOICE TECHNOLOGY
2 Units (May be taken for credit 4 times)
One hour lecture and
Three hours laboratory per week.
Credit/No Credit/Letter Grade Option
This course is designed to introduce students to voice recognition and/or voice writing software. The course will provide extensive training in developing a personal voice dictionary. Students will learn to modify, refine, and enhance the software attributes for voice recognition purposes.

CTRP 062 C NOTARY PUBLIC EXAM PREP
½ - 1 Units (Variable Unit Class) (May be taken for credit 2 times)
One-half to one hour lecture per week.
Credit/No Credit/Letter Grade Option
This course is designed to prepare students to take and pass the California State Notary Public examination.

CTRP 065 C ADVANCED CAT SYSTEMS
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
One-half to two hours lecture and
One and one-half to six hours laboratory TBA per week.
This course is designed as an advanced CAT (Computer Aided Transcription) class to provide further instruction in CAT based court reporting software programs. A heavy emphasis will be placed on document production.

CTRP 066 C MACHINE TRANSCRIPTION - MEDICAL
2 Units
One hour lecture and
Three hours laboratory per week.
Credit/No Credit/Letter Grade Option
Prerequisite: CIS 101 C, or CIS 125 C, or a minimum of 20 wpm. Advisory: HS 145 C or a knowledge of medical terminology is recommended. This course is designed to teach medical transcription skills. Physician’s correspondence, case histories, and reports will be transcribed using transcribing machines and a personal computer. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

CTRP 067 C BASIC VOCABULARY DEVELOPMENT
2 Units
Two hours lecture per week.
This course is a basic course designed to enrich vocabulary and improve spelling. The emphasis is on increasing general business and professional terminology.

CTRP 068 C ADV. VOCABULARY DEVELOPMENT
1½ Units
One and one-half hours lecture per week.
Prerequisite: CTRP 067 C. This course is an advanced course designed to enrich vocabulary and improve spelling. The emphasis is on increasing general business and professional terminology.

CTRP 070 C COMP. AIDED TRANS: STENOCAT
1 Unit
One hour lecture and
Three hours laboratory TBA per week.
This course uses computer-based instruction as well as hands-on applications to introduce the court reporting student to Stenocat Computer Aided Transcription software using personal computers.

CTRP 071 C LEGAL TERMINOLOGY AND RHETORIC
3 Units
Three hours lecture per week.
The course includes instruction in the terminology used in legal proceedings and legal documents. Topics cover both civil and criminal litigation.
CTRP 072 C LEGAL PROCEDURES
4 Units
Four hours lecture and
One hour laboratory per week.
Prerequisite: Typing speed of 40 wpm, and CTRP 071 C.
This course is designed to train the legal secretarial, paralegal, or court reporting student in legal procedures and practical legal office skills and knowledge in the areas of general office duties, non-court documents, the courts, court documents, litigation, appeals, and other court actions. This course may be taught using a computer. Three hours of court observation required.

CTRP 073AC SPELLING FOR MODERN BUSINESS
1 Unit
One hour lecture per week.
This course is designed as an 18-hour intensive review of frequently misspelled words, homonyms, synonyms, and antonyms. The emphasis will be on business, legal, medical, and technical terminology. This course meets partial requirements of the Court Reporter’s Board for Section II and the Certification Program.

CTRP 073BC PUNCTUATION-COURT REPORTING
1 Unit
One hour lecture per week.
This course is designed as an 18-hour intensive review of punctuation styles and rules used in court documents, letters, legal office documents, contracts, memorandums, and reports. The emphasis will be on basic punctuation rules as they apply to written business, legal, medical, and technical documents. This course meets partial requirements of the Court Reporter’s Board for Section II and the Certification Program.

CTRP 073CC FORMATTING, STYLE, AND USAGE
1 Unit
One hour lecture per week.
This course is designed to provide the court reporting student and the computer editor major with instruction in preparing and formatting California court transcripts and depositions. Instruction will include format styles, usage, and fundamentals of document production using the computer.

CTRP 073DC PROOFREADING
1 Unit (May be taken for credit 3 times)
One hour lecture per week.
This course is designed to provide the court reporting student with instruction in editing and proofreading in order to prepare a final California court transcript, deposition, hearing transcript or other related legal document.

CTRP 074 C CSR/RPR/CBC/CCP EXAM PREP.
½ - 3 Units (Variable Unit Class) (May be taken for a cumulative total of 3 units)
One-half to three hours lecture per week.
Credit/No Credit
This course is designed to prepare the student to successfully pass the written portion of any or all of the following examinations: CSR, RPR, CBC or CCP.

ler

CTRP 075 C SIMULATED COURTROOM
½ - 6 Units (Variable Unit Class) (May be taken for a cumulative total of 6 units)
(Open Entry-Open Exit)
One hour lecture and
Four hours laboratory per week.
Prerequisite: CTRP 046 C. This course is designed to offer a simulated courtroom and deposition environment with special emphasis on live reading with 2, 3, 4, and 5-voice dictation practice at speeds ranging from 180 to 200 wpm.

CTRP 076 C COURT PROCEDURES
½ - 3 Units (Variable Unit Class)
Three hours lecture per week.
Prerequisite: CTRP 072 C for legal secretaries. Completion of CTRP 058 C, 180/5 multiple voice for court reporters. This course provides intensive training in the procedural aspects of the state court system. A heavy emphasis is placed on court structure, pre-trial and trial procedures, law office procedures, ethics, and document production.

CTRP 077 C DICTATION/TRANSCRIPTION
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
(Open Entry-Open Exit)
One-half to one hour lecture and
Two to four hours laboratory per week.
Credit/No Credit
Advisory: Recommend completion of or concurrent enrollment in speed building, jury charge, or two/four voice testimony. This course provides further development of speed and accuracy in taking dictation at the machine at intermediate speeds. Emphasis is on reinforcement and improvement.

CTRP 078 C INTERNSHIP: MEDICAL REPORTING
2 Units
Two hours lecture per week and
Forty hours of internship plus
Ten hours of observation.
Prerequisite: CTRP 052 C and HS 145 C. This course is designed to provide the court reporting medical transcriptionist student with practical work experience recording and reporting medical lectures, seminars, and hearings. There will be 40 hours of internship plus 10 hours of observation.

CTRP 079 C INTERNSHIP: CART
2 Units
Two hours lecture per week and
Forty hours of internship plus
Ten hours of observation.
Prerequisite: CTRP 045 C. This course is designed to provide the CART (Communication Access Realtime Translation) student with practical work experience recording and reporting seminars, hearings, and lectures. There will be 40 hours of internship plus 10 hours of observation.
CTRP 080 C  INTERNSHIP: LAW OFFICE
2 Units
Two hours lecture and
Forty hours in a law office or legal environment plus
Ten hours of observation.
Prerequisite: CTRP 072 C. This course offers practical work experience in an approved law office in the County of Orange or Los Angeles. Internship will be scheduled during the semester, depending on available law office openings. This course fulfills partial requirements of the Legal Secretary Certificate and Degree Programs.

CTRP 081 C  INTERNSHIP: COURT REPORTING
1 - 2 Units (Variable Unit Class)
One to two hours lecture and
Forty hours in the courtroom or in deposition proceedings plus
Ten hours of observation.
Prerequisite: CTRP 047 C. This course offers practical work experience in approved court and deposition proceedings. Internship will be scheduled during the semester, depending on available court and deposition openings. This course fulfills partial requirements of the Court Reporter's Board.

CTRP 082 C  COMP. AIDED TRANS: ProCAT
1 Unit
One hour lecture and
Three hours laboratory TBA per week.
Prerequisite: Students must have completed a CAT (Computer Aided Transcription) dictionary. This course uses computer-based instructions as well as hands-on applications to introduce the court reporting student to ProCAT Computer Aided Transcription software.

CTRP 083 C  COMP. AIDED TRANS: STENOGRAPH
1 Unit
One hour lecture and
Three hours laboratory TBA per week.
Prerequisite: Students must have completed a CAT (Computer Aided Transcription) dictionary. This course uses computer-based instruction as well as hands-on applications to introduce the court reporting student to Stenograph Computer Aided Transcription software.

CTRP 084 C  COMP. AIDED TRANS: ECLIPSE
1 Unit
One hour lecture and
Three hours laboratory TBA per week.
Prerequisite: Students must have completed a CAT (Computer Aided Transcription) dictionary. This course uses computer-based instruction as well as hands-on applications to introduce the court reporting student to ECLIPSE Computer Aided Transcription software.

CTRP 085 C  COMP. AIDED TRANS: DICT. BLDG.
1 Unit
One hour lecture and
Three hours laboratory TBA per week.
Prerequisite: Completion of CTRP 043 C. This course will enable court reporting students to start building their personal dictionary using one of several CAT (Computer Aided Transcription) software systems.

CTRP 087 C  INTERNSHIP: HEARING REPORTER
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
One-half to two hours lecture per week and
Forty hours of internship plus
Ten hours of observation.
Prerequisite: Completion of 160 wpm speed building. This course offers practical work experience in the field of hearing reporting. Students will work in the field taking hearings, meetings, conferences, seminars, and workman’s compensation proceedings. There will be 40 hours of internship, plus 10 hours of observation.

CTRP 088 C  INTERNSHIP: CAPTIONING
2 Units (May be taken for credit 4 times)
Two hours lecture per week and
Forty hours of internship plus
Ten hours of observation.
This course offers practical work experience in the field of captioning, both on-line and off-line. Internship will be scheduled during the semester at various sites, including on-campus opportunities for development and perfection of captioning skills. A 15,000 word CAT dictionary is necessary to complete captioning projects. There will be 40 hours of internship, plus 10 hours of observation.

CTRP 089 C  COURT & CONF. RPTG.: LIT. II
½ - 3 Units (Variable Unit Class) (May be taken for credit 4 times)
(Open Entry-Open Exit)
One-half to two hours lecture and
One and one-half to three hours laboratory per week.
Credit/No Credit/Letter Grade Option
Prerequisite: CTRP 044 C. This course is designed to prepare the student to record a variety of literary dictation material at speeds ranging from 140 to 180 wpm. Students will be introduced to a broad spectrum of vocabulary with special emphasis on topics that will lead to a career in Communication Access Realtime Translation (CART) reporting.

CTRP 090 C  COURT/CONF. RPTG: LITERARY
1 - 3 Units (Variable Unit Class) (May be taken for credit 4 times)
(Open Entry-Open Exit)
Two hours lecture per week and
Three hours laboratory per week.
Prerequisite: CTRP 043 C or 100 words per minute. This course is designed to prepare the student to record a variety of literary dictation material at speeds ranging from 110 to 150 wpm. Students will be introduced to a broad spectrum of vocabulary designed to prepare them for convention reporting, hearing reporting, stenointerpreting, and other alternative careers.

CTRP 092 C  REALTIME WRITING CONCEPTS
2 Units
One hour lecture and
Three hours laboratory per week.
Prerequisite: CTRP 085 C and CTRP 046 C. A programmed approach is used with guided instructions to introduce court reporting students to realtime writing. Students will use their completed electronic dictionary and the appropriate software with which their electronic dictionary is compatible. Students will use hands-on application to write various exercises covering a variety of concepts in realtime.
CTRP 094 C  EXPERT TESTIMONY-PROF REPORTER
2 Units (May be taken for credit 4 times)
Two hours lecture per week.
This class is designed for students and reporters to further develop dictionary refinement and writing skills in realtime. Students must furnish a steno machine, a lap top computer, and other related court reporting supplies.

CTRP 095 C  REALTIME WRITING-PROF REPORTER
2 Units (May be taken for credit 4 times)
Two hours lecture per week.
This class is an advanced realtime writing class designed for students and reporters who studied a non-compatible computer theory. The class focuses on realtime writing concepts and their application to dictionary development, conflict resolution, and non-translates. Students are required to furnish their own steno machine, lap top computer, and other related court reporting supplies.

CTRP 096 C  COURT AND CONF. RPTG.: LIT. III
1 - 3 Units (Variable Unit Class) (May be taken for credit 4 times)
(Open Entry/Open Exit)
Two hours lecture and
Three hours laboratory per week.
Credit/No Credit/Letter Grade Option
Prerequisite: CTRP 046 C or 160wpm.
This course is designed to prepare the student to record a variety of literary dictation material at speeds ranging from 180 to 220 wpm. Students will be introduced to a broad spectrum of vocabulary designed to prepare them for convention reporting, hearing reporting, steno interpreting, and closed captioning.

CTRP 098 C  COURT REPORTING SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to seventy-two hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This course will utilize a lecture and/or laboratory approach for students enrolled in the Court Reporting Program to increase their knowledge in applied areas. A variety of classes will be offered to increase the student’s knowledge of the court reporting profession by updating content on recent changes and requirements and by preparing for new trends in court reporting. Fees may be required – PAYABLE AT REGISTRATION.

ASSOCIATE IN ARTS DEGREE
DANCE Program Code: 1A03781
Students will receive a well rounded dance education that will prepare them to transfer as dance majors or to teach, choreograph, and perform at various community and private venues.
To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of “C”; (2) 25 units of General Education Graduation Requirements; (3) the cultural diversity and reading requirements; (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

DANCE TRANSFER PROGRAM
Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Dance (DANC)

DANC 101 C MULTICULTURAL DANCE IN THE US
3 Units
Three hours lecture per week.
UC /CSU, AA GE, CSU GE, IGETC, CUL DIV
Social and theatrical dances of the U.S. today will be viewed and examined in terms of cultural influences, historical and social origins, and the functions they fulfill for individual artists, their cultures, and society in general. African American, Asian, Hispanic, European and Native American dances, choreographers and dancers will be studied. The class work will include readings, discussions, group projects, and analysis of dance performances on video and live theater. Attendance at a selected group of performances is required. Cost of dance concert admission will not exceed $40.00.

DANC 102 C CONDITIONING FOR DANCE
1 - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
Two to four hours laboratory per week.
Credit/No Credit/Letter Grade Option
UC Credit Limitation/CSU
This class is designed to prepare a student mentally and physically for dance. Students will learn floor mat exercises and a floor barre to increase flexibility, strength, body alignment and use of turn out. Relaxation and visualization techniques will be covered.

DANC 105 C BALLET
1 - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
Two to four hours laboratory per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE
This course introduces the rudiments of classical ballet to the beginning dance student. The students will develop the strength and coordination to perform the technical skills of basic ballet through barre and center work and by learning simple movement combinations. Ballet terminology will be covered. Dance concert admission will not exceed $10.00.

DANC 106 C CLASSICAL DANCE
1 - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
Two to four hours laboratory per week.
UC /CSU, AA GE, CSU GE
Prerequisite: Demonstrated mastery of beginning level dance technique. This class covers the rudiments of classical dance for the intermediate ballet student. The student will develop technical skills to perform intermediate level steps and combinations of movement. Classical dance terminology will be covered. Dance concert admission will not exceed $10.00.

DANC 107 C MODERN DANCE
1 - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
Two to four hours laboratory per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE
Using a variety of music styles students will learn and create dances that dynamically convey thoughts, feelings and ideas. Participation develops an expressive movement vocabulary while building strength and coordination. Dance concert admission will not exceed $12.00.

DANC 108 C FREE FORM DANCE
1 - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
Two to four hours laboratory per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE
Prerequisite: Demonstrated mastery of beginning level dance technique. Using a variety of music styles, students will learn and create intermediate level dances that convey thoughts, feelings and ideas. Students will broaden their movement range and become more coordinated and dynamic as movers. Dance concert admission will not exceed $12.00.

DANC 109 C DANCE IMPROVISATION
1 Unit (May be taken for credit 4 times)
Two hours laboratory per week.
UC /CSU, CSU GE
This course is designed to train the mind and body to respond and explore creative movement problems through improvisation. Choreographic concepts will be studied through improvisation.

Cost of dance concert admission will not exceed $50.00.
DANC 214 C - DANCE REPERTORY
2 - 3 Units (Variable Unit Class) (May be taken for credit 4 times)
Eight to twelve hours laboratory per week for maximum credit.
UC/CSU
Prerequisite: Audition. Advisory: Concurrent enrollment in one of the following: DANC 203 C, THEA 149 C, or one from THEA 140 C through THEA 147 C. This course provides the opportunity to rehearse and perform works choreographed by faculty and/or artist-in-residence under professional working conditions and requirements. All phases of the dance concert process from audition to rehearsal to backstage preparation will be covered.

DANC 215 C - COMMERCIAL DANCE
1 - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
Two to four hours laboratory per week.
CSU
Prerequisite: Demonstrated mastery of intermediate level dance technique. Course work will develop the jazz dancer’s technique and performance skills in order to successfully execute combinations required for television and musical theater dance performance. Cost of dance concert admission will not exceed $12.00.

DANC 230 C - DANCE TEACHING METHODOLOGIES
3 Units
Two hours lecture and
Two hours laboratory per week.
CSU
Prerequisite: Demonstrated mastery of intermediate level dance technique. Dance teaching methodologies will be studied and applied as appropriate for teaching in private dance studios and community centers. Subject matter will include movement principles, creation of movement sequences, analysis of music and the creation of lesson plans for a variety of dance forms.

DANC 296 C - DANCE OPEN LABORATORY
1 - 6 Units (Variable Unit Class) (May be taken for credit 4 times)
(Open Entry/Open Exit)
Two to twelve hours laboratory per week.
UC Credit Limitation/CSU
This is an open entry/open exit class for students to obtain production experience in dance through dancing, choreographing, technical work, management, and publicity.

DANC 298 C - DANCE SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to forty-eight hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
UC Credit Limitation/CSU
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This seminar provides the opportunity to study new dance styles or a variety of other subject matters related to dance that are not included in present curriculum. Fees may be required – PAYABLE AT REGISTRATION.

DANC 299 C - DANCE - INDEPENDENT STUDY
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
One to four hours per week for maximum credit.
UC Credit Limitation/CSU
Prerequisite: Approved Independent Study Learning Contract. This course is for advanced students who wish to increase their knowledge of dance and/or performance through individual study or research. Unit credit may range from one-half to two units in any given semester.

REGISTERED DENTAL ASSISTANT
The one-year Registered Dental Assistant (RDA) program includes patient care, experiences in a fully equipped onsite facility, and externship experiences in clinics and dental offices. The Cypress College Dental Assistant program is accredited by the Commission on Dental Accreditation, and has been granted the accreditation status of approval with reporting requirements. The Commission is a specialized accrediting body recognized by the Commission on Recognition of Postsecondary Accreditation and by the United States Department of Education.

At the completion of the program the student will be certified by the State of California to take x-rays, and will be eligible to take the California Registered Dental Assistant's Examination and the National Certification Examination for Dental Assistants. Upon successful completion of the California RDA Examination the student will be licensed to perform all of the expanded functions in the California Dental Practice Act.

Registered Dental Assistants are highly valued by the dental professions and have a choice of work environments from private offices to hospitals and clinics. They are involved in a variety of duties including managing the front office, preparing the patient, taking radiographs, mixing dental materials, and now with expanded functions, not only assisting chairside, but performing certain procedures in the mouth.
PROGRAM GOALS AND OBJECTIVES
The goals and objectives of the Cypress College Dental Assistant Program are the following:

1. To provide the student with the academic knowledge and skill, and competence necessary to qualify for both the National Certification Exam and the California State Registered Dental Assistant Exam.

2. To prepare the student for dental assisting entry-level employment as an integral member of the dental health team.

THE CYPRESS COLLEGE DENTAL ASSISTANT PROGRAM OBJECTIVES ARE TO:
1. Provide a dental assisting program to meet challenges presented by demographic changes of the current decade.

2. Promote a dental assisting curriculum that helps build student’s educational and career goals in a success-oriented learning environment.

3. To provide students with the academic resources and clinical experiences to perform the functions approved by the California Dental Practice Act for a Registered Dental Assistant with competence and judgment.

4. Prepare the student to qualify for certification in Radiology Safety and Coronal Polishing.

5. Prepare the student to attain laboratory competency in the ultrasonic removal of excess cement from coronal surfaces of teeth under orthodontic treatment.

6. Maintain a positive communication network between the advisory committee, dental community, and dental assistant program alumni.

7. To create a safe learning environment in compliance with federal and California state standards and regulations.

MINIMUM STANDARD
1. High School graduation or completion of the General Education Development test (GED) or passing of high school proficiency examination.

2. Minimum age of 17 years. (RDA licensure requires candidate to be a minimum age of 18 years).

3. Completion of ENGL 058 C/ESL 185 C or a comparable course, with grade of “C” or better, or submission of test scores that indicate eligibility for ENGL 060 C/ESL 186 C.

APPLICATION PROCEDURES
1. Meet with a counselor to determine fulfillment of the English requirements. Examples of ways to meet these requirements include taking the English assessment test at Cypress or another college and scoring into ENGL 060 C or ESL 186 C, or completing ENGL 058 C or ESL 185 C at Cypress or a comparable course at another college, with a grade of “C” or better.

2. Complete the Dental Assistant program application which may be obtained from the Health Science Counseling Office, Health Science Building, Cypress College, 9200 Valley View, Cypress, CA 90630. Applications are available February 1 until the program is full.

3. Attach an unofficial copy of your high school transcript, diploma or GED test or high school proficiency examination to the Dental Assistant application.

4. Submit a Cypress College application to the Admissions and Records Office. Fall applications may be submitted beginning March 1.

5. Enrollment is limited to the first 30 qualified applicants.

SELECTION PROCEDURES
Priority will be given to those students who have completed the minimum standards for application.

ASSOCIATE IN SCIENCE DEGREE
REGISTERED DENTAL ASSISTING
Program Code: 1S03786
This program is designed to enable a student to receive a Dental Assisting Associate in Science Degree. To earn an Associate Degree students must complete all graduation requirements to include: (1) all major course requirements with a “C” or better; (2) 25 units of General Education Graduation Requirements; (3) the cultural diversity and reading requirements; (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

Required Courses are listed in suggested sequence. The following courses must be completed with a minimum grade of “C” to continue in the program.)

DENTAL ASSISTING CERTIFICATE
Program Code: 1C03786
Upon completion of the 29 1⁄2 units of Dental Assistant course work, as listed for the Dental Assistant Associate of Science Degree, the student becomes eligible to apply for the Registered Dental Assistants Examination. To earn a certificate, complete the required major courses as listed for the Dental Assistant Associate Degree with a minimum grade of “C”.

Dental Assistant / 153
Dental Assistant (DA)

DA 016 C DENTAL MATERIALS
3 Units
Two hours lecture and
Three hours laboratory per week.
Prerequisite: Acceptance into the Dental Assisting Program. A study of the structure, chemical and physical properties and manipulation of materials used in dentistry will be covered. Laboratory application of dental materials and the relationship of dental materials to the oral environment is included. Emphasis in this course is on specific materials and functions delegated to the registered dental assistant by the State of California. $60.00 Laboratory Fee - PAYABLE AT REGISTRATION.

DA 058 C CLINICAL EXTERNSHIP I
1½ Units
One-half hour lecture and
Three hours laboratory per week.
Prerequisite: Acceptance in the Dental Assistant Program. This is the first in a series of clinical externships. The emphasis is on beginning level skills and training for the dental assistant. Dental Assistant students will complete clinical rotations in dental offices and/or schools of dentistry.

DA 059 C CLINICAL EXTERNSHIP II
3 Units
One hour lecture and
Six hours laboratory per week.
Prerequisite: Acceptance in the Dental Assistant Program and completion of first semester. This is the second in a series of clinical externships. The emphasis is on advanced skills and training for the dental assistant.

DA 061 C ORAL ANATOMY/DENTAL ASSISTANT
3 Units
Three hours lecture per week.
Prerequisite: Acceptance in the Dental Assistant Program. This course prepares the student with the basic dental sciences in order to relate and demonstrate dental chairside procedures. Content includes dental anatomy and physiology, oral embryology and oral histology, tooth morphology, and oral pathology related to sterilization, pharmacology, and pain control.

DA 062 C PREVENTIVE DENTAL HEALTH
2 Units
Two hours lecture per week.
Prerequisite: Acceptance in the Dental Assistant Program. This course deals with the concepts of dental health and total patient care. This is accomplished by providing instruction and practice of oral hygiene, production of plaque (etiological factors and effective removal of), applied nutrition, and developing a patient education program. In addition, this course covers management of dental and medical emergencies, taking and evaluating a medical/dental history and systemic diseases with dental care implications.

DA 063 C CHAIRSIDE ASSISTING I
3 Units
Two hours lecture and
Three hours laboratory per week.
Prerequisite: Acceptance in the Dental Assistant Program. This course provides lecture and laboratory instruction in chairside assisting, including history of dentistry, the dental health team, pre-clinical knowledge and entry-level skills for the assistant, advancing to the application of theoretical knowledge, and principles of restorative dentistry. In addition, students will be provided with a thorough knowledge of infection control in the central environment. Principles and fundamentals of infection control, clinical procedures, sterilization and disinfection will be covered. Content and skills will progress in relation to the complexity of the procedures as the student gains practical experience. $62.00 Laboratory Fee - PAYABLE AT REGISTRATION.

DA 065 C RADIOLOGY, DENTAL ASSISTANTS
3 Units
Two hours lecture and
Three hours laboratory per week.
Prerequisite: Enrollment in Dental Assistant program or practicing Dental Assistant enrolled in class to meet state certification. This course covers the didactic, pre-clinical work on mannequins and clinical instruction on patients as required by the California State Practice Act in regard to radiation safety. Upon successful completion of the course, the student will be certified to take x-rays on patients in the dental office. The student will complete 72 (seventy-two) hours of instruction (two hour lecture, three hours laboratory per week) to meet state requirements. $60.00 Laboratory Fee - PAYABLE AT REGISTRATION.

DA 066 C CLINICAL DENTAL RADIOLOGY
1 Unit
Three hours clinical laboratory per week.
Prerequisite: Enrollment in the Dental Assistant Program. This course provides advanced clinical instruction on the exposure of intraoral and extraoral radiographs. The bisecting angle technique; paralleling technique; panelipse machine; and adjunct dental radiology aids will be utilized. Emphasis in this course is placed upon the student's performance and demonstrated ability to consistently produce diagnostic radiographs. $40.00 Laboratory Fee - PAYABLE AT REGISTRATION.

DA 067 C DENTAL SPECIALTIES
3 Units
Two hours lecture and
Three hours laboratory per week.
Prerequisite: Enrollment in the Dental Assistant Program and successful completion of all first semester courses. This course provides instruction in the principles and procedures to function in the specialty area of dentistry: orthodontics, periodontics, endodontics, pediatric dentistry, prosthodontics, and oral surgery. It also provides information and clinical practice in those functions legally delegated to the Dental Assistant and Registered Dental Assistant in the California Dental Practice Act. It includes rules and regulations implemented by the Board of Dental Examiners pertaining to licensure. $68.00 Laboratory Fee - PAYABLE AT REGISTRATION.
DA 068 C  CHAIRSIDE ASSISTING II
3 Units
Two hours lecture and
Three hours laboratory per week.
Prerequisite: Enrollment in the Dental Assistant Program and successful completion of the first semester courses and/or an employed dental assistant. This course provides instruction in the principles, instrumentation, and procedures to function as a Registered Dental Assistant according to the legal stipulation in the California Dental Practice Act and implemented by the Board of Dental Examiners.

DA 069 C  CLINICAL EXTERNSHIP III
2 Units
Eight hours clinical office practice per week.
Prerequisite: Enrollment in the Dental Assistant Program and successful completion of first semester. A minimum of eight hours per week will be spent in rotations in dental offices. Students will assist the dentist in general practice. Students will rotate through dental specialty offices gaining experience in dental specialties and expanded duties.

DA 070 C  DENTAL OFFICE PROCEDURES
2 Units
Two hours lecture per week.
Prerequisite: Acceptance in Dental Assistant Program. This course is designed to provide instruction, both didactic and practical application, in the skills and responsibilities of a dental administrative assistant. In addition, the students will be trained to use the Dentrix Dental Software program to become knowledgeable in all areas of practice management utilizing the computer. These areas include patient files, charting and treatment planning, appointment scheduling, reports and insurance claim processing. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

DA 099 C  DENTAL ASSISTING INDEP. STUDY
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
Varying hours of scheduled conferences or clinics per week according to instructor.
Credit/No Credit/Letter Grade Option
Prerequisite: Approved Independent Study Learning Contract. This course is designed for students with background/experience in Dental Assisting who wish to increase their knowledge and experience in applied areas. Students will participate in independent study on assigned areas under staff supervision.

ASSOCIATE IN SCIENCE DEGREE DENTAL HYGIENE  Program Code: 1S03787
The Cypress College Dental Hygiene Program is accredited by the Commission on Dental Accreditation, and has been granted the Accreditation status of approval without reporting. The Commission is a specialized accrediting body recognized by the United States Department of Education and the Council on Higher Education Accreditation. This program offers a curriculum that provides the student with the appropriate academic instruction to achieve eligibility for the National Board of Dental Hygiene Examiners written examination, and the California State Board Examination for licensure as a Registered Dental Hygienist, qualifying the candidate as stipulated in the California Dental Practice Act.

To earn an Associate Degree students must complete all graduation requirements to include: (1) all major course requirements with a “C” or better; (2) 25 units of General Education Graduation Requirements; (3) the cultural diversity and reading requirements; (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

PROGRAM GOAL
The goal of the Cypress College Dental Hygiene Program is to provide the student with the educational opportunity to attain the knowledge and skills necessary to qualify for licensure as a Registered Dental Hygienist, and a professional member of the allied health team.

PROGRAM OBJECTIVES
1. To educate dental hygiene students in the ethical, legal and competent practice of dental hygiene.
2. To educate dental hygiene students in the areas of disease prevention and oral health promotion.
3. To facilitate dental hygiene students involvement in community projects.
4. To promote professional growth, development, and an appreciation for scholarly activity.
5. To ensure the dental hygiene student provides optimal patient care.
MINIMUM STANDARDS FOR APPLICANTS
1. Eligibility for admission to Cypress College.
2. High school graduation or completion of the General Education Development (GED) test or passing of high school proficiency examination.
3. GPA of 2.5 or higher in all college work completed.
4. Evidence of good physical and mental health as determined by medical examination upon admission to the program and prior to enrollment.
5. Completion of specific science courses with a minimum of "C" grade and overall GPA of 3.0. See list below.
6. Completion of specific general education courses prior to application.

PREREQUISITES
The following courses must be completed with a minimum grade of "C" and an overall GPA of 3.0.
1. Science: All courses must be completed within five years of filing the initial application. Four courses must be completed prior to application; the remainder must be completed no later than the end of the spring semester prior to enrollment in the fall program.

Required courses are listed in suggested sequence:

<table>
<thead>
<tr>
<th>Course #</th>
<th>Title</th>
<th>Units</th>

SELECTION PROCEDURE
Applications normally exceed capacity. Selection of applicants is based on accumulation of points. Criteria are available in the Health Science Counseling Office. Criteria are subject to change. It is the applicant’s responsibility to verify that evidence of criteria is on file at Cypress College.

APPLICATION PROCEDURES
1. Application packets must be completed in person at the Health Science Counseling Office, Health Science Building, Cypress College, 9200 Valley View, Cypress, CA 90630.
2. Application must be made during the month of February for the following Fall enrollment.
3. March 31 - Transcripts and RDA Certificate verification must be submitted to the Health Science Counseling Office. For questions, please contact the Health Science Counseling Office.

DENTAL HYGIENE CURRICULUM
Dental Hygiene courses must be taken in a specific sequence. Students must obtain a minimum grade of "C" or better in all courses listed in the Dental Hygiene Curriculum to continue in the program. Refer to the General Education Requirement of the college to obtain an Associate Degree.

Upon completion of the Dental Hygiene curriculum listed below and the general education requirements, the student will be eligible for an Associate Degree from Cypress College. Those students who have previously earned an Associate Degree and have completed all the Cypress College Dental Hygiene curriculum requirements will be eligible for a Certificate in Dental Hygiene.

Required Courses are listed in specific sequence:

DENTAL HYGIENE

CERTIFICATE Program Code: 1C03787
Students who have previously earned an Associate Degree and have completed all the Cypress College Dental Hygiene curriculum requirements will be eligible for a Certificate in Dental Hygiene. To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At Least 50% of all course work must be completed at Cypress College.

PRE-DENTAL HYGIENE TRANSFER PROGRAM
Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Dental Hygiene (DH)

DH 109 C PRE-CLINICAL DENTAL HYGIENE
4½ Units
Two and one-half hours lecture and
Six hours laboratory per week.
CSU
Prerequisite: Enrollment in the Dental Hygiene program and all support courses. This is the first in a series of four courses designed to prepare the student for clinical dental hygiene practice. Content emphasis includes maintenance of aseptic technique/infection control, care and operation of dental equipment, identification and purpose and function of basic instrumentation skills, instrument sharpening, polishing agents and methods, topical fluoride application, entry level clinic forms and procedures, clinic duties, and clinical practice utilizing examination procedures and basic instrumentation techniques on student patient partners and periodontal typodonts/manikins. $63.00 Laboratory Fee - PAYABLE AT REGISTRATION.

DH 110 C CLINICAL DENTAL HYGIENE
6 Units
One hour lecture and
Three hours laboratory and
Twelve hours clinic per week.
CSU
Prerequisite: Current enrollment in Dental Hygiene program and successful completion of all first semester courses. This is the second in a series of four courses designed to prepare the student for clinical dental hygiene practice. Emphasis is placed on perfecting oral inspection and medical/dental health history documentation, and developing dental hygiene treatment plans. Additional course content includes: introduction to universal curet instrumentation and sharpening techniques, root debridement techniques, oral and subgingival irrigation, gingival curettage, introduction to hoe and file instrumentation, introduction to ultrasonic instrumentation and air polishing. Clinical skills will be demonstrated and evaluated on clinical patients appointed in the Cypress College Dental Hygiene Clinic.

DH 111 C GENERAL AND ORAL PATHOLOGY
2 Units
Two hours lecture per week.
CSU
Prerequisite: Current enrollment in Dental Hygiene program and successful completion of all first semester courses. This course introduces students to concepts of oral pathology and specific pathologic processes, including inflammatory and immunologic defenses, as well as neoplastic, metabolic, inherited and developmental disturbances. A summary of each condition is presented and includes information to aid the Dental Hygienist in developing a clinically useful differential diagnosis.

DH 112 C NUTRITION FOR DENTAL HYGIENE
2 Units
Two hours lecture per week.
CSU
Prerequisite: Current enrollment in the Dental Hygiene program and successful completion of first semester courses. This course is designed to provide knowledge in nutrition and biochemistry. Instruction will emphasize the principles of nutrition, their application to dental health instruction, nutritional counseling, dental survey, and patient nutritional assessment.
DH 116 C  DENTAL MATERIALS/HYGIENISTS
2 Units
One hour lecture and
Three hours laboratory per week.
CSU
Prerequisite: Current enrollment in the Dental Hygiene program and successful completion of first semester courses. The structure, chemical and physical properties, and manipulation of materials used in dentistry will be covered. Laboratory application of dental materials and the relationship of dental materials to the oral environment is included. Emphasis will be placed on specific materials and functions delegated to the registered dental assistant and dental hygienist by the State of California. $25.00 Laboratory Fee - PAYABLE AT REGISTRATION.

DH 125 C  PERIO PATHOLOGY & THERAPY
2 Units
Two hours lecture per week.
CSU
Prerequisite: Current enrollment in the Dental Hygiene program and successful completion of first semester courses. This course is designed to provide the dental hygiene student with current theory in periodontics. The healthy periodontium as well as the diseased states will be explored. New surgical concepts and techniques in periodontics will be discussed. The management of periodontics to clinical treatment will be emphasized.

DH 220 C  CLINICAL DENTAL HYGIENE
6 Units
One hour lecture and
Sixteen hours laboratory per week.
CSU
Prerequisite: Sophomore standing in the Dental Hygiene program. This is the third in a series of four courses designed to prepare the student for clinical dental hygiene practice. Lecture and clinical instruction will be applied by experience on clinical patients in the Cypress College Dental Hygiene facility and off campus clinical site, and/or an enriching facility. An emphasis will be placed on the assimilation and utilization of previous instruction and demonstration of progressive learning. This course also emphasizes the performance of those expanded duties in dental hygiene as allowed by the California State Dental Practice Act and the progressive development of professional and managerial skills. $23.00 Laboratory Fee - PAYABLE AT REGISTRATION.

DH 221 C  CLINICAL DENTAL HYGIENE
6 Units
One hour lecture and
Sixteen hours laboratory per week.
CSU
Prerequisite: Sophomore standing in the Dental Hygiene program; DH 220 C. This is the final course in clinical dental hygiene designed to prepare the student for clinical dental hygiene practice and to provide students advanced instruction in patient care. Lecture and clinical instruction will be applied by clinical experience on clinical patients in the Cypress College Dental Hygiene facility and off campus clinical site, and/or an enriching facility. An emphasis will be placed on: (1) periodontal therapy, (2) supportive periodontal treatment, (3) expanded and supportive periodontal treatment, (4) expanded and supportive procedures, (4) treatment planning, (5) organization and implementation of a Student Research presentation/Table Clinic, and (6) the completion and presentation of a Case Presentation of extensive and comprehensive dental hygiene treatment of a patient.

DH 230 C  DENTAL SPECIALTIES
2 Units
Two hours lecture per week.
CSU
Prerequisite: Sophomore standing in the Dental Hygiene program. This is a study of the dental hygienist's role within the various dental practices. Each dental specialty practice is studied to establish a proper perspective of dental hygiene in relationship to dentistry and to have a greater comprehension of total patient care.

DH 240 C  COMMUNITY ORAL HEALTH I
2 Units
Two hours lecture per week.
CSU
Prerequisite: Sophomore standing in the Dental Hygiene program. This is the first of two courses designed to provide the student with the knowledge and experience necessary to work within the community in the area of public health. Emphasis will be placed on the understanding of developing a community health project, use of statistics, and the development of teaching strategies for use in the classroom. Students are expected to work with target groups within the community.

DH 241 C  COMMUNITY ORAL HEALTH II
2 Units
Two hours lecture per week.
CSU
Prerequisite: Sophomore standing in the Dental Hygiene program; DH 240 C. This course is the second of two courses in Community Oral Health to develop principles and practices of dental public health. Emphasis of instruction will be placed on community-wide problems such as water fluoridation and the delivery of care. Students will participate in target groups within the community.

DH 245 C  DENTAL JURISPRUDENCE
2 Units
Two hours lecture per week.
CSU
Prerequisite: Sophomore standing in the Dental Hygiene program. This course offers a study of the fundamental factors necessary to conduct a well-regulated practice based on sound dental management principles within the legal and ethical framework of the State Dental Practice Act. Emphasis is placed on the historical aspects of dental hygiene, the ethical and legal responsibilities of the dental hygienist, interpersonal relations among members of the dental team, and patient-office relationships.

DH 248 C  MEDICAL/DENTAL EMERGENCIES
1 Unit
One hour lecture per week.
CSU
Prerequisite: Enrollment in Dental Hygiene Program or Registered Dental Hygienist. This course will provide the student with a consolidation of information concerning medical/life threatening situations within the dental care setting. Early recognition of clinical signs and symptoms and emergency treatment of the condition will be included in this course.
DH 250 C  PHARMACOLOGY  
2 Units  
Two hours lecture per week.  
CSU  
Prerequisite: Sophomore standing in the Dental Hygiene program. This course includes the principles of drug interaction with living tissue (pharmacodynamics) and the time course of drugs within living organisms (pharmacokinetics); drug effects on the cardiovascular, autonomic, and central nervous systems; drug management of anxiety, pain and infection as related to dental practice and the harmful aspects of drugs (toxicology).

DH 255 C  DENTAL ANESTHESIOLOGY  
2 Units  
One hour lecture and  
Three hours laboratory per week.  
CSU  
Prerequisite: Sophomore standing in the Dental Hygiene Program. This course includes the theory and techniques of administration of local anesthesia and sedation in dentistry as related to the State Dental Practice Act. The student will administer local anesthesia and nitrous oxide-oxygen sedation in the clinical setting as a component of comprehensive patient care.

DH 260 C  DENTAL CARE FOR SPECIAL NEEDS  
2 Units  
Two hours lecture per week.  
CSU  
Prerequisite: Sophomore standing in the Dental Hygiene Program. This course is designed to give the student a study in the needs of the medically compromised, or the mentally and physically challenged patient. Emphasis will be placed on therapeutic techniques in treating these special needs patients in a dental clinical situation.

DH 275 C  CLINICAL DENTAL HYGIENE  
½ Unit (May be taken for credit 3 times)  
One and one-half hours laboratory per week.  
Credit/No Credit  
CSU  
Prerequisite: DH 110 C. This is a clinical course in dental hygiene designed to provide students advanced instruction in patient care. An emphasis will be placed on treatment planning, and clinical instrumentation. This course provides the student with 24 hours of clinical instruction.

DH 299 C  DENTAL HYGIENE INDEP. STUDY  
½ - 2 Units (Variable Unit Class) (May be taken for credit 3 times)  
One-half to two hours lecture and  
Zero to six hours laboratory per week.  
Credit/No Credit/Letter Grade Option  
CSU  
Prerequisite: Approved Independent Study Learning Contract. This course is designed for students enrolled in the Dental Hygiene Program who wish to increase their knowledge and experience in applied areas. Students will participate in independent study on assigned areas under staff supervision.

Dentistry  

DENTISTRY TRANSFER PROGRAM  
Professional programs such as dentistry, medicine, pharmacy, optometry, physician assistant, physical therapy and veterinary medicine are most often graduate programs that require a bachelor degree or significant preparation prior to entering the program. The appropriate preparation varies according to the school and specific program. Students are advised to meet with a counselor to discuss options for their bachelor degree and the lower division requirements for the program and school of their choice.

ECONOMICS TRANSFER PROGRAM  
MOST CALIFORNIA STATE UNIVERSITIES  
Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.
Economics (ECON)

ECON 100 C  PRINCIPLES OF ECONOMICS-MACRO
3 Units
Three hours lecture per week.
Credit by Examination
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, CAN
The course concentrates on macroeconomic analysis. Topics emphasized are aggregate supply/demand concepts, economic aggregates and the overall functioning of the American economy, with special emphasis on the role of the government. The course includes national income accounting, employment theory, business cycles, fiscal and monetary policy and economic growth. Duplicate credit not granted for ECON 100HC.

ECON 100HC  HONORS PRINCIPLES OF ECONOMICS
3 Units
Three hours lecture per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, CAN
This course is an enhanced study of macroeconomics, focusing on the structure and operation of the American economy. Special topics include simulated practice of fiscal and monetary policy, and web-site updates of statistical economics. Duplicate credit not granted for ECON 100 C.

ECON 105 C  PRINCIPLES OF ECONOMICS-MICRO
3 Units
Three hours lecture per week.
Credit by Examination
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, CAN
This course concentrates on microeconomic analysis. Topics emphasized are basic structure of the United States economic system, and interrelationships within this structure. The course includes a study of supply and demand, price determination, the market models, resource pricing and allocation, comparative economic systems, and foreign trade/exchange analysis. Duplicate credit not granted for ECON 105HC.

ECON 105HC  HONORS PRINCIPLES OF ECONOMICS
3 Units
Three hours lecture per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, CAN
This course is an enhanced study of microeconomics analysis with special attention given to web-based interactive material on topics such as: price determination; the market models; comparative economic analysis; and international trade and finance. Duplicate credit not granted for ECON 105 C.

ECON 110 C  SURVEY OF ECONOMICS
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC
Economics 110 C is a survey of the American economic system, with the purpose of developing a level of economic education sufficient for a citizen’s understanding of economic issues. Includes price determination, the role of government in economic activity, and economic relations of the United States with foreign nations. Economics 110 C does not meet the course requirements for majors in economics and business administration. No UC credit if taken after ECON 100 C or ECON 105 C.

ECON 130 C  CONSUMER ECONOMICS
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
CSU
The student will examine practical consumer choices involving gathering information, spending money, saving/investing and other consumer choices. Emphasis will be given to daily consumer applications of beneficial consumer behavior.

ECON 260 C  ECONOMIC GEOGRAPHY
3 Units
(Same as GEOG 260 C)
Three hours lecture per week.
UC/CSU, CSU GE, IGETC
Investigation and interpretation of the world’s economic organization, its natural resources, raw material, crop and crop production, manufacturing and service industries, new trends in producing, and the changing centers of production and consumption are covered in this course.

ECON 298 C  ECONOMICS SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to twenty-four hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
UC Credit Limitation/CSU
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This is a lecture/discussion type course developed on a particular limited problem or topic of interest to students. It is designed for able students who wish to increase their knowledge of a particular topic concerning which no other regular class is offered. A paper or group activity may be requested. Credit may range from ½ unit to 12 units. Consult class schedule for the offerings in a particular semester. Fees may be required – PAYABLE AT REGISTRATION.
ECON 299 C  ECONOMICS INDEPENDENT
STUDY
1 Unit (May be taken for credit 3 times)
Varying hours of scheduled conferences per week according
 to instructor.
UC Credit Limitation/CSU
Prerequisite: Approved Independent Study Learning Con-
tact. Independent study is for able students who wish to
extend their knowledge of a particular area through individual
research and study. It is thought that topics might develop
out of a curiosity stimulated in a regular class. The student
would then contact the supervising instructor to develop a
contract for his/her particular interest so that they could learn
more regarding their special topic.

Counselors
Tom Nordee
Alice Payne

Electricity (ELEC)
ELEC 051 C  BASIC ELECTRICITY
2 Units
Two hours lecture and
Two hours laboratory per week.
Credit/No Credit/Letter Grade Option
This course provides a non-mathematical treatment of AC
and DC circuits including the following: current, voltage,
resistance, power, magnetism, relays, motors, generators,
automotive electrical system, rectifying circuits, and the use
of the oscilloscope and related test equipment. This course is
not open to those who have completed a previous college
course in electricity or electronics and cannot be counted
 toward the electronic engineering technology major.

ASSOCIATE IN SCIENCE DEGREE
PRE- ENGINEERING    Program Code: 1S03770
This Pre-Engineering program is designed to prepare stu-
dents for junior standing at most CSU and UC institutions.

To earn an Associate Degree students must complete:
(1) all major course requirements with a minimum grade of
 "C"; (2) 25 units of General Education Graduation Require-
ments; (3) the cultural diversity and reading requirements;
(4) any elective courses to complete a minimum of 60 units;
and, (5) have a minimum GPA of 2.0. At least 50% of all
major course work must be completed at Cypress College.

Courses that fulfill major requirements for an Associate
Degree at Cypress College might not be the same as those
required for completing the major at a transfer institution
offering a Baccalaureate Degree. For information on spe-
cific university requirements, please consult with your
counselor, or visit the Transfer Center.

Required courses are listed in suggested sequence:
Course #    Title                      Units
MATH 150AC  Calculus and Analytic Geometry  4
MATH 150BC  Calculus and Analytic Geometry  4
MATH 250AC  Intermediate Calculus         4
MATH 250BC  Intermediate Calculus         4
PHYS 221 C  General Physics               4
PHYS 222 C  General Physics               4
PHYS 223 C  General Physics               4
CHEM 111AC  General Chemistry            5
CHEM 112 C  Chemistry for Engineers      3
ENGT 101 C  Technical Drawing             3
ENGT 104 C  Computer Aided Design (Auto CAD 2000)  3
ENGR 102 C  Engineering Graphics          3
ENGR 110 C  Engineering Problem Analysis  2
ENGR 201 C  Statics                       3
ENGR 210 C  Electric Circuits             4
CSCI 185AC Computer Science I             4
or
CSCI 205 C FORTRAN Programming (3)
Total Units Required 58

ENGINEERING TRANSFER PROGRAM
Students should consult a counselor or www.assist.org for
lower division major requirements for most California pub-
lic universities. (See the Standard Definitions section of the
catalog for a description of ASSIST.) Students transferring
to an independent college/university should consult the cat-
alog of the individual school and a counselor for lower divi-
sion major requirements.

Engineering (ENGR)

ENGR 102 C  ENGINEERING GRAPHICS
3 Units
Two hours lecture and
Four hours laboratory per week.
UC/CSU, CAN ENGR 2
Prerequisite: ENGT 101 C and MATH 020 C, or equivalent
high school mathematics, with a grade of "C" or better.
Descriptive geometry methods for drawing of points, lines,
planes, plane intersections and developments, vector graph-
ics with the use of base line dimensioning, tolerances, weight
calculations, notes, bill of materials composition and graphs.
The solution of three-dimensional problems arising in various
branches of engineering and the elementary introduction to
AutoCAD.

ENGR 110 C  ENGINEERING PROBLEM
ANALYSIS
(Same as ENGT 110 C)
2 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
UC/CSU
Prerequisite: MATH 040 C. The course is an introduction to
science and engineering as professions and associated
career responsibilities and opportunities. The course
includes a selection of computational and mathematical
methods and tools to be found useful in problem solving. The
use of pocket calculators in the determination of measure-
ment limitations and errors, dimensional analysis, quantifying
laboratory data, graphical techniques, and design theory
in engineering analysis is also studied. The course includes
the application of engineering and scientific problem meth-
ods to introductory mechanics and electricity.

ENGR 201 C  STATICS
3 Units
Three hours lecture per week.
UC/CSU, CAN ENGR 8
Prerequisite: ENGR 110 C, PHYS 201 C or PHYS 221 C,
MATH 142 C or MATH 150AC. This course includes the
study of force systems, equilibrium conditions, and analytical
vector mechanics as applied to practical engineering prob-
lems. It also includes force and moment equilibrium analysis
of solid bodies, beams, machine members, and structures in
two and three dimensions, elementary bending moment and
shear analysis of simple beams, distributed beam loading,
centroids, friction forces, fluid forces on submerged surfaces,
virtual work, and moment of inertia.

ENGR 205 C  ADVANCED ENGINEERING
AUTOCAD
3 Units (May be taken for credit 2 times)
Two hours lecture and
Four hours laboratory per week.
CSU
Prerequisite: ENGT 104 C and ENGR 102 C. This is an
advanced course in the use of Computer Aided Design (CAD)
systems for projects that emphasize dimensioning and detail-
ing for interchangeable assemblies and 3-D working draw-
ings for mechanical, electrical, and aerospace applications.
$4.00 Laboratory Fee - PAYABLE AT REGISTRATION.

ENGR 210 C  ELECTRIC CIRCUITS
4 Units
Three hours lecture and
Three hours laboratory per week.
UC/CSU, CAN ENGR 6
Prerequisite: PHYS 222 C, MATH 250AC, and ENGR 110 C.
The course consists of an analysis of circuits under steady
state and transient conditions; network theorems, phasors
and steady-state sinusoids.

MATH 141 C  College Algebra 4
MATH 142 C  Trigonometry 4
PHYS 201 C, 202 C College Physics 4, 4
ENGT 101 C  Technical Drawing 3
ENGT 104 C  Computer Aided Design (AutoCAD 2000) 3
ENGT 205 C  Advanced Engineering AutoCAD 3, 3
ENGR 102 C  Engineering Graphics 3
ENGR 110 C  Engineering Problem Analysis 2
ENGR 201 C  Statics 3
ENGINEERING TECHNOLOGY TRANSFER PROGRAM

Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Other specializations include: Construction, Manufacturing, and Quality Assurance.

Engineering Technology (ENGT)

ENGT 101 C  TECHNICAL DRAWING
3 Units
Two hours lecture and
Four hours laboratory per week.
CSU
Prerequisite: MATH 010 C, or equivalent high school mathematics, with a grade of "C" or better. Principles of graphical drawing for students who have no background in this subject area are studied. This course covers the proper use of drawing instruments, lettering, sketching, multiview (orthographic projections), geometric constructions, isometrics and pictorials, sections, auxiliary views, base line dimensioning with tolerances, weight calculations, notes and bill of materials composition.

ENGT 104 C  COMPUTER AIDED DESIGN
(AutoCAD 2000)
3 Units
Two hours lecture and
Four hours laboratory per week.
CSU
Prerequisite: ENGT 101 C, or employed in the field. This is an introduction to Computer Aided Design (AutoCAD 2000) systems and techniques with emphasis on using a menu driven software package for creating drawing data files of schematics, multiview (orthographic projections), sections, isometrics, base line dimensioning with tolerances, notes, and bill of materials. The course is designed to prepare the student for industry, technology, or engineering uses of the CAD system. $4.00 Laboratory Fee - PAYABLE AT REGISTRATION.

ENGT 110 C  ENGINEERING PROBLEM ANALYSIS
(Same as ENGR 110 C)
2 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
UC/CSU
Prerequisite MATH 040 C. The course is an introduction to science and engineering as professions and associated career responsibilities and opportunities. The course includes a selection of computational and mathematical methods and tools to be found useful in problem solving. The course includes the application of engineering and scientific problem methods to introductory mechanics and electricity. This course also meets requirements for credit in Engineering.

ENGT 140 C  AC & DC CIRCUITS I
4 Units
Three hours lecture and
Three hours laboratory per week.
Credit/No Credit/Letter Grade Option, Credit by Examination
CSU
Prerequisite: MATH 040 C may be taken concurrently. This is an introductory course in AC and DC circuits, with emphasis on the measurement of electrical quantities using equipment such as the voltmeter, ammeter, ohmmeter, capacitor checker, oscilloscope, impedance bridge, potentiometer, and wattmeter. Also introduced are some basic electronic circuits using solid-state devices and the use of the transistor tester. This course is designed for those wishing to continue beyond ELEC 051 C or as the first course in an electronic engineering technology program. It is also a required course for all engineering technology students.

ENGT 141 C  AC & DC CIRCUITS II
4 Units
Three hours lecture and
Three hours laboratory per week.
CSU
Prerequisite: MATH 142 C, may be taken concurrently. ENGT 140 C or equivalent; recommended ENGR 110 C. This course includes a comprehensive study of the analysis of AC and DC circuits. It is designed for those majoring in electronics. The following topics are covered: Thevenin's and Norton's theorems, network analysis, capacitors, magnetic circuits, inductors, alternating current, complex numbers, series and parallel AC circuits, power factor correction, resonance, and transformers. The laboratory will emphasize analysis of circuits and comparison with calculated values.
ENGT 205 C  ADVANCED ENGINEERING AUTOCAD
3 Units (May be taken for credit 2 times)
Two hours lecture and
Four hours laboratory per week.
CSU
Prerequisite. ENGT 104 C and ENGR 102 C. This is an advanced course of Computer Aided Design CAD (AutoCAD 2000) systems that emphasize the use of surfaces, surfaces of revolution, solids (primitives) and extrusions techniques to create 3D working drawings. To convert 3D drawings by layout methods to 2D drawings that emphasize baseline dimensioning with tolerances, notes, weights and bill of materials. To write unique graphical programs by using LISP. $4.00 Laboratory Fee - PAYABLE AT REGISTRATION.

ENGT 240 C  ELECTRONIC DEVICES & CIRCUITS
4 Units
Three hours lecture and
Three hours laboratory per week.
Credit/No Credit/Letter Grade Option
CSU
Prerequisite: MATH 142 C and ENGT 140 C. Following a review of semiconductor physics and diodes, the following topics are covered with an emphasis on solid-state discrete devices: bipolar junction transistors, amplifier performance, equivalent circuits, bias stabilization, multistage amplifiers, field-effect transistors, thyristors, optoelectronic devices, integrated circuit construction, operational amplifiers, and applications.

ENGT 241 C  DIGITAL DEVICES AND CIRCUITS
4 Units
Three hours lecture and
Three hours laboratory per week.
Credit/No Credit/Letter Grade Option
CSU
Prerequisite: ENGT 140 C. This course emphasizes integrated circuits (ICs) as applied to digital devices, using primarily the functional block approach. The following topics are covered: logic, Boolean algebra, IC logic families, binary numbers, and arithmetic, arithmetic operations, flip-flops, counters, registers, multivibrators, binary codes, memory devices, A to D and D to A conversion and introduction to microprocessors. ENGT 240 C is recommended background.

ENGT 299 C  ENGR TECHNOLOGY IND STUDY
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
Hours and topics by arrangement with instructor.
CSU
Prerequisite: Approved Independent Study Learning Contract. This course is for able students who wish to extend their knowledge of a particular area of engineering technology (electronics, mechanics, etc.) through individual research, study and laboratory work. Students may select their own topics or be assigned a project to work on under supervision.

ENGLISH TRANSFER PROGRAM
Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.
ENGL 027 C BASIC STUDY SKILLS
3 Units
Three hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
NON-DEGREE CREDIT
The purpose of this course is to assist students with limited academic backgrounds in experiencing college success by taking responsibility for their college experience. Intensive practice and guidance in campus orientation, goal setting, time management, listening and note taking, textbook reading, concentration, memory strategies, and test taking are provided.

ENGL 057 C READING AND WRITING I
4 Units
Four hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
NON-DEGREE CREDIT
Prerequisite: Open only to students who have taken the placement test. This course is designed for first semester college students and emphasizes basic instruction in reading and writing, including such topics as comprehension, vocabulary development, reading efficiency, study techniques, and basic composition. Individualized instruction is provided.

ENGL 058 C READING AND WRITING II
4 Units
Four hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
NON-DEGREE CREDIT
Prerequisite: Completion of ENGL 057 C with a “C” or better, or acceptable score on the placement test. This course is designed to prepare students for ENGL 060 C and for the demands of college reading. It emphasizes a comprehensive approach to reading and writing, and includes such topics as: academic comprehension, vocabulary development, and basic academic composition. Individualized instruction is included.

ENGL 060 C COLLEGE WRITING PREPARATION
3 Units
Four hours lecture per week.
Credit/No Credit/Letter Grade Option
Prerequisite: Acceptable score on placement test, ENGL 058 C with a grade of “C” or better, or ESL 186 C with a grade of “C” or better. The course is designed to prepare students for ENGL 060 C and for the demands of college reading. The emphasis is on expository writing of the essay including paragraph structure. The fundamentals of English written expression are reviewed.

ENGL 068 C ENGLISH SKILLS DEVELOPMENT
½ - 10 Units (Variable Unit Class) (May be taken for a cumulative total of 10 units)
(Open Entry-Open Exit)
One hour lecture and
Three hours laboratory TBA per week.
Credit/No Credit/Letter Grade Option
NON-DEGREE CREDIT
This variable unit, open entry/open exit course with flexible hours is designed for the student who needs to improve English or study skills in a short period of time. Skill development opportunities will be provided in the areas of reading, writing, vocabulary, spelling, study skills, and speed reading.
ENGL 075 C  BASIC LITERATURE AND WRITING
3 Units
Three hours lecture per week.
Prerequisite: Completion of ENGL 060 C. This class offers instruction in effective writing related to literature, emphasizing short fiction, poetry and drama. Instruction and assignments correlate with reading, the study of composition techniques, and include a review of the grammar, mechanics and usage of standard American English.

ENGL 095 C  EFFECTIVE WRITING
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
AA GE
Prerequisite: Eligibility for ENGL 060 C. This is a college level course in written communication designed for students majoring in vocational and technical fields. It is designed to develop reading, critical thinking, and writing strategies necessary for the job market and academic success and it fulfills the written communication requirement for the AA or AS degree and also for any vocational certificate available through the college.

<tr>
<td><strong>ENGL 096 C  COLLEGE READING STRATEGIES</strong></td>
<td>3</td>
<td>Three hours lecture and one hour laboratory TBA per week. Credit/No Credit/Letter Grade Option. Prerequisite: Eligibility for ENGL 060 C or acceptable score on the placement test. This course is designed to prepare students for the demands of college academic reading, i.e., college textbooks, professional journals, and supplemental reading in content areas, as well as for the demands of technical reading in the workplace. Emphasis is placed on acquiring, applying, adapting, and evaluating effective reading and writing strategies which facilitate optimum learning in the content area classes, as well as developing general and specialized vocabulary and the writing skills required for essay exams, abstracts of professional journal articles, and critical analyses of content area supplemental reading. Completion of this course satisfies the Cypress College Associate Degree Graduation Reading Proficiency Requirement.</td>
</tr>
<tr>
<td><strong>ENGL 097 C  MULTICULTURAL LITERATURE</strong></td>
<td>3</td>
<td>Three hours lecture per week. AA GE, CUL DIV. The course is a study of multicultural literature, by both immigrant and native American writers, which explores varied responses - ethnic, gender, and regional - in the cultural context of a diverse country. Students critically analyze a variety of literary sources, including such genres as fiction, drama, expository writing - essays, journals, autobiography, letters - and other less traditional literary forms - tales, chants, and rituals. The course is designed to enrich students’ lives by exploring the multicultural literary sources of America that contribute to the cultural history and development of contemporary American society. Not open to students with credit in ENGL 247 C.</td>
</tr>
<tr>
<td><strong>ENGL 098 C  LANGUAGE ARTS SEMINAR</strong></td>
<td>3</td>
<td>Three hours lecture per week. A variable unit course (1-4 units) may be taken. Prerequisite: ENGL 096 C or approved Independent Study Learning Contract and will utilize a self-pacing laboratory approach.</td>
</tr>
<tr>
<td><strong>ENGL 099 C  LEARNING SKILLS - INDEPENDENT STUDY</strong></td>
<td>½ - 2</td>
<td>16 hours per semester per one-half unit. Credit/No Credit/Letter Grade Option. Prerequisite: Approved Independent Study Learning Contract. This course is designed to aid students in achieving success in specific college courses or in the college experience in general. Students will work under the direction of an instructor on a course of study agreed to in an Independent Study Learning Contract and will utilize a self-pacing laboratory approach.</td>
</tr>
<tr>
<td><strong>ENGL 100 C  COLLEGE WRITING</strong></td>
<td>3</td>
<td>Four hours lecture per week. UC Credit Limitation/CSU, AA GE, CSU GE, IG ETC, CAN ENGL 2. Prerequisite: Acceptable score on placement test or ENGL 060 C with a grade of “C” or better, ENGL 095 C with a grade of “C” or better or ESL 186 C with a grade of “C” or better. This course is a college level course in written communication. It is designed to develop reading, critical thinking, and writing strategies necessary for academic success. The emphasis is on writing expository essays. The course requires the use of research and documentation skills. Duplicate credit not granted for ENGL 100HC.</td>

</table>
ENGL 125HC  HONORS FILM  
3 Units  
Three hours lecture per week.  
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC  
Prerequisite: ENGL 100 C. This course is a critical study of film as a story telling art form enhanced for Honors students. Students study the elements of cinematic storytelling, film's dependence on literature, and the historical development of film. Ten to twelve short and feature films are shown in the course for discussion and analysis. The course is taught in a seminar format. Duplicate credit not granted for ENGL 125 C.  

ENGL 126 C  SCREENWRITING  
3 Units (May be taken for credit 2 times)  
Three hours lecture per week.  
UC/CSU, AA GE  
Prerequisite: ENGL 100 C. This course provides students the opportunity to study the art of the screenplay and create their own. Students will critically analyze professional models, view excellent examples of film writing, and work on their own screenplay. Students will have the opportunity to have their work critiqued in a workshop setting.  

ENGL 135 C  ADVANCED GRAMMAR AND USAGE  
3 Units  
Three hours lecture per week.  
CSU, AA GE  
Prerequisite: Eligibility for ENGL 100 C. This is an advanced course in English grammar and usage. Students will learn about the origins and development of the English language. Parts of speech, parts of sentences, verb tenses, sentence types, syntax, and standard usage will be emphasized. Students will demonstrate their understanding of English grammar and usage by analyzing standard written English. This course is useful for English, journalism, foreign language, and court reporting students and especially for those planning to enter elementary or secondary teaching.  

ENGL 137 C  COLLEGE STUDY STRATEGIES  
3 Units  
Three hours lecture and  
One hour laboratory TBA per week.  
Credit/No Credit/Letter Grade Option  
CSU  
Prerequisite: Eligibility for ENGL 060 C. The purpose of this course is to assist students in mastering effective learning and critical thinking strategies crucial for academic success and professional and personal growth. Goal setting and motivation, learning styles, time management, stress management, academic and professional reading, reading rate improvement, listening for note-taking, concentration, memory, test preparation, and test-taking strategies are primary topics.  

ENGL 180 C  COMM. WITH THE DEAF-I  
3 Units  
Three hours lecture per week.  
CSU  
This course gives an overview of the philosophy of Signing Exact English (S.E.E.), its structure, technique, and rationale. Over the course of the semester, a 700-word working vocabulary will be introduced to the students. Competency will be evaluated on the basis of exams, quizzes, essays, assigned readings, and signed classroom presentations.  

ENGL 181 C  COMM. WITH THE DEAF-II  
3 Units  
Three hours lecture per week.  
CSU  
Prerequisite: ENGL 180 C. This course is a continuation of beginning sign language with emphasis placed on broadening vocabulary, increased speed and clarity of signs. The first half of the course will deal with simple interpreting and the last half will deal with sign-to-voice interpreting.  

ENGL 182 C  COMM. WITH THE DEAF-III  
3 Units  
Three hours lecture per week.  
CSU  
Prerequisite: ENGL 181 C. This course is a continuation of the beginning and intermediate sign language classes. In addition to broadening vocabulary, increasing speed and clarity of signs, emphasis will be placed on expressive and receptive skills in finger spelling, creative signing, combining American Sign Language principles with Signing Exact English, voice to sign interpreting, sign to voice interpreting and simultaneous communication.  

ENGL 183 C  EDUCATIONAL INTERPRETING  
3 Units  
Three hours lecture per week.  
CSU  
Prerequisite: ENGL 182 C. This course prepares the student to offer interpreting services for the deaf with specific focus on service provision in educational settings. Over the course of the semester, the students will learn about the models for educational interpreting, explore the rationale, methods, and ethics of educational interpreting and address appropriate methods for delivery of services over a broad range of educational settings. The settings will include the elementary, middle, secondary, and postsecondary levels.  

ENGL 201 C  INTERMEDIATE COLLEGE WRITING  
3 Units  
Three hours lecture per week.  
UC/CSU, AA GE, CSU GE, IGETC  
Prerequisite: ENGL 100 C with grade of “C” or better. The course continues instruction in the critical thinking and writing skills taught in ENGL 100 C for university-bound students. The sequence of assignments is academically sophisticated, using research methods and synthesizing multiple sources of evidence. The course stresses critical evaluation of sources, integration of a variety of rhetorical strategies, and research and documentation methods necessary for successful academic writing. The course emphasizes critical thinking and the relationship of the writer to the subject and audience. Further emphasis is placed on refining the student’s prose style in expository communication. College level reading assignments are analyzed for their logical structure, credibility of evidence, and style providing models for student writing.
ENGL 207 C  THE SHORT STORY
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC
Prerequisite: ENGL 100 C. This course is an introduction to the short story and related forms of narrative fiction through reading and discussion of selected works. Analysis will emphasize the understanding and appreciation of the short story as a mode of thought and insight into the human condition.

ENGL 208 C  ASIAN-AMERICAN LITERATURE
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC
Prerequisite: ENGL 100 C. This course is a study of Asian-American literature. Students will explore and analyze a variety of social and political issues, such as gender relationships, family relationships, cultural traditions, cultural conflicts, culinary traditions, and stereotypes from an Asian-American perspective. This course is designed to enhance cultural awareness and understanding, while also facilitating personal enrichment through the exploration of a variety of literary sources, including fiction, drama, poetry, journals, biography and film.

ENGL 211 C  ENGLISH LITERATURE: PART ONE
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC, CAN ENGL 8
Prerequisite: ENGL 100 C. The course is an introduction to the major periods and movements, major authors, and major forms from the beginning of English literature to 1760. It considers such authors as Beowulf, Chaucer, Spenser, Shakespeare, Donne, Milton, Dryden, Pope, and Swift.

ENGL 212 C  ENGLISH LITERATURE: PART TWO
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC, CAN ENGL 10
Prerequisite: ENGL 100 C. The course is an introduction to the major periods and movements, major authors, and major forms from 1760 to the present. It considers such authors as Blake, Wordsworth, Coleridge, Byron, Shelley, Keats, Browning, Dickens, Joyce, Hopkins, Yeats, Eliot, Woolf, and Beckett.

ENGL 221 C  AMERICAN LITERATURE: PART ONE
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC, CAN ENGL 14
Prerequisite: ENGL 100 C. This course is a study of the literature of the United States from the Colonial Period through the post Civil War Period. It is designed to increase understanding and appreciation of the development of American culture and literary achievements. The students will experience the many different voices that constitute the literary cultures of the United States. Therefore, the oral tradition of the American Indians, writings by women and the enslaved Blacks as well as the traditional early American writers will be included to reflect organically on the most urgent art and ideas of this early period of our history and literary experience.

ENGL 222 C  AMERICAN LITERATURE: PART TWO
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC, CAN ENGL 16
Prerequisite: ENGL 100 C. This course is designed to be a continuation of ENGL 221 C. A surveying of the literature of the United States from the emergence of modern American literature to the present time. It is designed to increase understanding and appreciation of the development of American culture and literary achievements. Writings by women, American Indians, the American Blacks and other ethnic minorities will be included to reflect organically on the most urgent art and ideas of our history and literary experience.

ENGL 230 C  THEMATIC TOPICS IN LITERATURE
3 Units
Three hours lecture per week.
UC Credit Limitation/CSU
Prerequisite: ENGL 100 C. This course is designed to provide students with experiences in specialized areas of English and an opportunity to explore and investigate areas of special interest. Courses such as Gender Issues in Literature, Humor in Literature, and Latino Literature are offered. Duplicate credit not granted for ENGL 230HC.

ENGL 230HC  HONORS THEMATIC TOPICS
3 Units
Three hours lecture per week.
UC Credit Limitation/CSU
Prerequisite: ENGL 100 C. This is a college level course enhanced for Honors students. The course is designed to provide students with enhanced experiences in specialized areas of English and opportunity to explore and investigate areas of special interest. Courses such as Gender Issues in Literature, Humor in Literature, and Latino Literature are offered. The class will be conducted as a seminar and will require a significant research project using advanced research skills and documentation. Duplicate credit not granted for ENGL 230 C.

ENGL 231 C  FICTION TOPICS IN LITERATURE
3 Units
Three hours lecture per week.
UC Credit Limitation/CSU
Prerequisite: ENGL 100 C. This course is designed to provide students with experiences in specialized areas of English and an opportunity to explore and investigate areas of special interest. Courses such as The British Novel and The American Novel are offered. Duplicate credit not granted for ENGL 231HC.
ENGL 231HC  HONORS FICTION TOPICS
3 Units
Three hours lecture per week.
UC Credit Limitation/CSU
Prerequisite: ENGL 100 C. This is a college level course enhanced for Honors students. The course is designed to provide students with enhanced experiences in specialized areas of English and opportunity to explore and investigate areas of special interest. Courses such as The English Novel and The American Novel are offered. The class will be conducted as a seminar and will require a significant research project using advanced research skills and documentation. Duplicate credit not granted for ENGL 231 C.

ENGL 232 C  POETRY TOPICS IN LITERATURE
3 Units
Three hours lecture per week.
UC Credit Limitation/CSU
Prerequisite: ENGL 100 C. This course is designed to provide students with experiences in specialized areas of English and an opportunity to explore and investigate areas of special interest. Courses such as The Pre-Raphaelite Poets and The Beat Poets are offered. Duplicate credit not granted for ENGL 232 C.

ENGL 232HC  HONORS POETRY TOPICS
3 Units
Three hours lecture per week.
UC Credit Limitation/CSU
Prerequisite: ENGL 100 C. This is a college level course enhanced for Honors students. The course is designed to provide students with enhanced experiences in specialized areas of English and opportunity to explore and investigate areas of special interest. Courses such as The Pre-Raphaelite Poets and The Beat Poets are offered. The class will be conducted as a seminar and will require a significant research project using advanced research skills and documentation. Duplicate credit not granted for ENGL 232HC.

ENGL 233 C  DRAMA TOPICS IN LITERATURE
3 Units
Three hours lecture per week.
UC Credit Limitation/CSU
Prerequisite: ENGL 100 C. This course is designed to provide students with experiences in specialized areas of English and opportunity to explore and investigate areas of special interest. Courses such as Drama of The Provincetown Players and The Passion Plays are offered. Duplicate credit not granted for ENGL 233HC.

ENGL 233HC  HONORS DRAMA TOPICS
3 Units
Three hours lecture per week.
UC Credit Limitation/CSU
Prerequisite: ENGL 100 C. This is a college level course enhanced for Honors students. The course is designed to provide students with enhanced experiences in specialized areas of English and opportunity to explore and investigate areas of special interest. Courses such as Drama of The Provincetown Players and The Passion Plays are offered. The class will be conducted as a seminar and will require a significant research project using advanced research skills and documentation. Duplicate credit not granted for ENGL 233 C.

ENGL 234 C  SHAKESPEARE
3 Units
Three hours lecture per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC
Prerequisite: ENGL 100 C. The course is an introduction to the major works of William Shakespeare. The emphasis is upon the plays and includes a study of selected comedies, histories, and the major tragedies. Ten to twelve plays will be studied along with a selection of the sonnets. Duplicate credit not granted for ENGL 234HC.

ENGL 234HC  HONORS SHAKESPEARE
3 Units
Three hours lecture per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC
Prerequisite: ENGL 100 C. This is a college level course enhanced for Honors students. The emphasis is on developing increased critical thinking, reading, and writing skills as they apply to an analysis of William Shakespeare’s sonnets and his major plays, both as texts and in performance. The class will be conducted as a seminar. Duplicate credit not granted for ENGL 234 C.

ENGL 239 C  SURVEY-CHILDREN’S LITERATURE
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, CUL DIV
Prerequisite: Completion of ENGL 100 C with a grade of "C" or better. This course surveys the historical and cultural development of children’s literature throughout the world, while emphasizing the important role that literature must assume in the social, emotional, and intellectual development of children. Tracing the multicultural origins of the oral tradition to the current standards of written excellence and pictorial artistry, this course concentrates on nursery rhymes, poetry, folk tales, myth, sacred literature, picture books, juvenile literature, and non-fiction. Comparative and critical approaches are used to analyze children’s literature from a multicultural perspective.

ENGL 247 C  MULTICULTURAL LITERATURE
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC, CUL DIV
Prerequisite: ENGL 100 C. The course is a study of multicultural literature, by both immigrant and native American writers, which explores varied responses - ethnic, gender, and regional - in the cultural context of a diverse country. Students will critically analyze a variety of literary sources, including such genres as fiction, drama, expository writing - essays, journals, autobiography, letters, and other less traditional literary forms - tales, chants, and rituals. The course is designed to enrich students’ lives by exploring the multicultural literary sources of America that contribute to the cultural history and development of contemporary American society. Not open to students with credit in ENGL 097 C.
ENGL 255 C  AFRICAN-AMERICAN LITERATURE I
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC, CUL DIV
Prerequisite: ENGL 100 C with a grade of “C” or better. This course is an in-depth historical analysis of the African and African American literary diaspora, which explores autobiography, letters, poems, narratives, prose and other folk traditions from the beginning of the slave era to the reconstruction era in the United States. This course is designed to expose students to the literature and social issues of Africans in America.

ENGL 256 C  AFRICAN-AMERICAN LITERATURE II
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC, CUL DIV
Prerequisite: ENGL 100 C with a grade of “C” or better. This course is an in-depth historical analysis of the African and African American literary diaspora, which explores autobiography, letters, poems, plays, prose and other folk traditions from the Civil War to present in the United States. This course is designed to expose students to the literature and social issues of Africans in America.

ENGL 298 C  LANGUAGE ARTS SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to twenty-four hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
UC Credit Limitation/CSU
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This seminar is for able students who wish to extend their knowledge of literature, language and culture through small group discussion. Subject matter may concern the work of one author or the literary or cultural characteristics of a particular movement or period. Fees may be required – PAYABLE AT REGISTRATION.

ENGL 299 C  LANGUAGE ARTS INDEPENDENT STUDY
½ - 2 Units (Variable Unit Class) (May be taken for credit 3 times)
One-half to two hours conference per week.
UC Credit Limitation/CSU
Prerequisite: Approved Independent Study Learning Contract. This course is for able students who wish to increase their knowledge of literature and/or language through individual study or research. Unit credit may range from ½ to 2 units in any given semester.

English as a Second Language (ESL)

PLACEMENT IN ENGLISH AS A SECOND LANGUAGE (ESL) CLASSES
The CELSA test is designed to measure the English skills of non-native speakers of English. The CELSA test is required for proper placement in English as a Second Language (ESL) courses; the CTEP test, which is for native speakers of English, may not be substituted for placement in ESL courses. However, students scoring high on the CELSA test may be referred to English courses for native speakers after writing a successful composition. Go to the Assessment Center or view the Class Schedule.

ESL 044 C  BEGINNING ORAL SKILLS
2 Units (May be taken for credit 2 times)
Two hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
NON-DEGREE CREDIT
This course is designed for beginning level non-native English speakers to improve basic oral communication skills related to social, vocational, and academic areas. The emphasis is on conversation, small group discussion, class discussion, and listening comprehension.

ESL 051 C  INTERMEDIATE PRONUNCIATION
2 Units (May be taken for credit 2 times)
(Formerly ESL 074 C)
Two hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
NON-DEGREE CREDIT
This course is designed to refine pronunciation, to reduce foreign accent, and to build confidence in oral expression. Recommended to all ESL students.
Is English your second language? Take the CELSA, the ESL placement test. The CELSA is the right test for you even if:
- you've been in the U.S. for a long time
- you don't have an accent
- you took "regular" English in high school

ESL courses are designed for your specific training needs.

Students are advised to take ESL classes according to scores on the COMBINED ENGLISH LANGUAGE SKILLS ASSESSMENT (CELSA) TEST FOR NON-NATIVE SPEAKERS OF ENGLISH. The CELSA test is designed to measure the English skills of non-native speakers of English. The CELSA test is required for proper placement in English as a Second Language (ESL) courses. The CTEP test, which is for native speakers of English, may not be substituted for placement in ESL courses.

However, students scoring high on the CELSA test may be referred to English courses for native speakers after writing a successful composition.

Students with appropriate scores on the CELSA test will be advised to take ESL core classes and elective classes at different levels.

Students enrolled in core classes will be required to write a composition on the first day of instruction to verify skill level and assessment placement score.

LEARNING CENTER

The Learning Center, located in Room 303 of the Humanities Building, provides students with the opportunity to improve their learning skills as a way of becoming more successful college students. The Center offers a wide variety of tutorial packages. Students may drop in on their own or be referred by instructors and counselors.
ESL 052 C INTERMEDIATE ESL GRAMMAR 1
2 Units
Two hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
NON-DEGREE CREDIT
Prerequisite: Completion of ESL 081 C or appropriate skills demonstrated through the assessment process. This course is designed for intermediate ESL students to increase their knowledge and usage of English grammar, to review grammar trouble spots according to individual and class needs, and to improve grammatical accuracy and editing skills in writing.

ESL 053 C INTERMEDIATE ESL GRAMMAR 2
2 Units
Two hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
NON-DEGREE CREDIT
Prerequisite: Completion of ESL 081 C or appropriate skills demonstrated through the assessment process. This course is designed for intermediate ESL students to continue to increase their knowledge and usage of English grammar, to review grammar trouble spots according to individual and class needs, and to improve grammatical accuracy and editing skills in writing.

ESL 054 C INTERMEDIATE ORAL SKILLS
2 Units (May be taken for credit 2 times)
(Formerly ESL 075 C)
Two hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
NON-DEGREE CREDIT
Prerequisite: Completion of ESL 072 C or appropriate skills demonstrated through the assessment process. This course is designed for intermediate level non-native English speakers to improve oral communication skills related to social, vocational, and academic areas. The emphasis is on conversation, small group discussion, informal speeches, class discussion and listening comprehension.

ESL 062 C ADVANCED ESL GRAMMAR 1
2 Units
Two hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
NON-DEGREE CREDIT
Prerequisite: Completion of ESL 083 C or appropriate skills demonstrated through the assessment process. This course is designed to increase students’ knowledge and usage of advanced English grammar, to review grammar trouble spots according to individual and class needs, and to improve grammatical accuracy and editing skills in writing.

ESL 063 C ADVANCED ESL GRAMMAR 2
2 Units
Two hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
NON-DEGREE CREDIT
Prerequisite: Completion of ESL 083 C or appropriate skills demonstrated through the assessment process. This course is designed to continue to increase students' knowledge and usage of advanced English grammar, to review grammar trouble spots according to individual and class needs, and to improve grammatical accuracy and editing skills in writing.

ESL 064 C ADVANCED ORAL SKILLS
2 Units (May be taken for credit 2 times)
(Formerly ESL 076 C)
Two hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
NON-DEGREE CREDIT
Prerequisite: Completion of ESL 083 C or appropriate skills demonstrated through the assessment process. This course is designed for advanced level non-native English speakers to improve oral communication skills related to social, vocational, and academic areas. The emphasis is on conversation, small group discussion, informal and formal speeches, class discussion and listening comprehension.

ESL 065 C ADVANCED VOCABULARY
2 Units
(Formerly ESL 078 C)
Two hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
NON-DEGREE CREDIT
Prerequisite: Completion of ESL 083 C or appropriate skills demonstrated through the assessment process. This is an advanced ESL course in vocabulary development designed to teach various techniques for improving vocabulary. The emphasis is on vocabulary acquisition in preparation for entering fields of higher education or vocational training.

ESL 072 C HIGH BEGINNING ESL
5 Units (May be taken for credit 2 times)
Five hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
NON-DEGREE CREDIT
Prerequisite: Appropriate skills demonstrated through the assessment process. A multi-skill course designed for high-beginning students of English to improve listening, speaking, reading, and writing.

ESL 080 C LOW INTERMEDIATE ESL 1
5 Units
Five hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
NON-DEGREE CREDIT
Prerequisite: ESL 072 C with a grade of “C” or better or appropriate skills demonstrated through the assessment process. This is a low intermediate integrated skills course designed to improve the reading, grammar, writing, listening comprehension, and speaking skills of non-native speakers with a basic command of English.
ESL 081 C  LOW INTERMEDIATE ESL 2
5 Units
Five hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
NON-DEGREE CREDIT
Prerequisite: ESL 080 C with a grade of "C" or better or
appropriate skills demonstrated through the assessment
process. This is a low intermediate (Level 1) integrated skills
course designed to improve the reading, grammar, writing,
listening comprehension, and speaking skills of non-native
speakers with a basic command of English.

ESL 082 C  INTERMEDIATE ESL 1
5 Units
Five hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
NON-DEGREE CREDIT
Prerequisite: ESL 081 C with a grade of "C" or better or
appropriate skills demonstrated through the assessment
process. This is an intermediate integrated skills course
designed to improve the reading, composition, grammar, lis-
tening comprehension, and speaking skills of non-native
speakers with a moderate command of English.

ESL 083 C  INTERMEDIATE ESL 2
5 Units
Five hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
NON-DEGREE CREDIT
Prerequisite: ESL 082 C with a grade of "C" or better or
appropriate skills demonstrated through the assessment
process. This is an intermediate integrated skills course
designed to improve the reading, composition, grammar, lis-
tening comprehension, and speaking skills of non-native
speakers with a moderate command of English.

ESL 098 C  SEMINAR FOR NON-NATIVE
SPEAKERS OF ENGLISH
½ - 12 Units (Variable Unit Class) (May be taken
for credit 1-4 times)
Zero to twelve hours lecture and
Zero to twenty-four hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or
Standard Letter Grade
Prerequisite: May be required. Corequisite: May be required.
Advisory: May be required. This is a course for advanced
ESL students who have completed all regular courses and
wish to pursue in small group instruction additional course
work in one or more of the language skills: listening, speak-
ing, reading, writing and/or culture. Fees may be required –
PAYABLE AT REGISTRATION.

ESL 099 C  INDEPENDENT STUDY FOR NON-
NATIVE SPEAKERS OF ENGLISH
½ - 2 Units (Variable Unit Class) (May be taken for
credit 3 times)
Two hours conference per week and
appropriate number of laboratory hours
for maximum credit.
Credit/No Credit
Prerequisite: Approved Independent Study Learning Con-
tact. This is a course designed for advanced ESL students
who have completed all regular courses and wish to pursue
additional coursework in one or more of the language skills:
listening, speaking, reading, writing and/or culture.

ESL 184 C  ADVANCED ESL 1
5 Units
Five hours lecture and
One hour laboratory TBA per week.
UC Credit Limitation/CSU
Prerequisite: ESL 083 C with a grade of "C" or better or
appropriate skills demonstrated through the assessment
process. This course is an advanced integrated ESL skills
course designed to improve the reading, writing, grammar,
listening comprehension, and speaking skills of non-native
speakers with an advanced command of English.

ESL 185 C  ADVANCED ESL 2
5 Units
Five hours lecture and
One hour laboratory TBA per week.
UC Credit Limitation/CSU
Prerequisite: ESL 184 C with a grade of "C" or better or
appropriate skills demonstrated through the assessment
process. This course is an advanced integrated ESL skills
course designed to improve the reading, writing, grammar,
listening comprehension, and speaking skills of non-native
speakers with an advanced command of English.

ESL 186 C  ADVANCED ESL WRITING
5 Units
Five hours lecture and
One hour laboratory TBA per week.
UC Credit Limitation/CSU
Prerequisite: ESL 185 C with a grade of "C" or better or
appropriate skills demonstrated through the assessment
process. This course is designed for the non-native speaker
of English as an introduction to college level writing skills.
Emphasis is on paragraph and essay development of expos-
tory writing. There is practice in reading essays and a novel.
The fundamentals of English written expression are
reviewed with emphasis on standard American usage prob-
lematic to the ESL student. The course is designed to pre-
pare students for ENGL 100 C.
ESL 298 C  ENGLISH AS A SECOND LANGUAGE SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to twenty-four hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or
Standard Letter Grade
UC Credit Limitation/CSU
Prerequisite: May be required. Corequisite: May be required.
Advisory: May be required.
This seminar is for able students who wish to extend their knowledge of literature, language and culture through small group discussion. Fees may be required – PAYABLE AT REGISTRATION.

Ethnic Studies (ETHS)
ASSOCIATE IN ARTS DEGREE
ETHNIC STUDIES Program Code: 1A03807
The Associate in Arts Degree in Ethnic Studies is designed to provide students with a comparative and multi-disciplinary understanding of the experiences of African Americans, Asian Americans, Chicanos/Latinos, and Native Americans. Students study the histories, cultures, literatures, and politics of communities of color in the United States so that they can develop an appreciation for the cultural diversity of American society.
To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of “C”; (2) California State University General Education Breadth requirements (CSU GE Breadth) or IGETC general education plan; (3) any elective courses to complete a minimum of 60 units; (4) complete all graduation requirements; and (5) have an overall GPA of 2.0. At least 50% of all major course work must be completed at Cypress College. Students pursuing more than one specified departmental major may double count a maximum of 7 units to fulfill major requirements.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

Required courses are listed in suggested sequence:
Course # Title Units
ETHS 100 C American Ethnic Studies 3
or
ETHS 100HC Honors American Ethnic Studies (3)
ETHS 129 C Intro to African-Amer. Studies 3
ETHS 140 C Intro to Chican/o Studies 3

MULTICULTURAL MARKETING
CERTIFICATE Program Code: 1K00044
This certificate program prepares students to work in the marketing field helping U.S. businesses and organizations to serve the needs of customers and clients in a culturally diverse society. Bringing together social science, language arts, and marketing, the certificate enables students to combine their knowledge of different cultural groups' preferences, behaviors, and languages with marketing skills to create effective product development, promotion, distribution, and pricing strategies.
To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

Required courses are listed in numeric sequence:
Course # Title Units
ETHS 100 C American Ethnic Studies 3

ETHNIC STUDIES TRANSFER PROGRAM

Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

ETHS 100 C AMERICAN ETHNIC STUDIES
3 Units
(Formerly ETHS/HIST/POSC/SOC 231 C)
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC, CUL DIV
Advisory: Eligibility for ENGL 100 C. This course serves to broaden the ethnic and racial perspective of students interested in American culture and society. It encompasses an historical overview of the social, cultural, political, and economic aspects of four ethnic groups – African Americans, Native Americans, Chicanos, and Asian Americans – in the United States. Emphasis is placed on the historical and contemporary relationships of these groups with each other and the rest of American society. Duplicate credit not granted for ETHS 100HC, ETHS 231 C, ETHS 231HC, HIST 231 C, HIST 231HC, POSC 231 C, POSC 231HC, SOC 231 C or SOC 231HC.

ETHS 100HC HONORS AMERICAN ETHNIC STUDIES
3 Units
(Formerly ETHS/HIST/POSC/SOC 231HC)
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC, CUL DIV
Advisory: Eligibility for ENGL 100 C. This course is an enhanced historical study of the social, cultural, political, and economic aspects of four ethnic groups – African Americans, Native Americans, Chicanos, and Asian Americans – in the United States. Emphasis is placed on the historical and contemporary relationships of these groups with each other and the rest of American society. Duplicate credit not granted for ETHS 100 C, ETHS 231 C, ETHS 231HC, HIST 231 C, HIST 231HC, POSC 231 C, POSC 231HC, SOC 231 C, SOC 231HC.

ETHS 129 C INTRO TO AFRICAN-AMER. STUDIES
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC, CUL DIV
Advisory: Eligibility for ENGL 100 C. This course serves as an introduction to African-American studies. An interdisciplinary approach will be employed to study the various experiences of African Americans and to examine their contributions to American society and culture. The course will cover historical and contemporary issues, including African origins, the development of African-American culture, the struggles of the Black family, Black political life, and the socio-economic empowerment of Black people in the United States.

ETHS 130 C AFRICAN-AMERICAN HISTORY I
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC, CUL DIV
Advisory: Eligibility for ENGL 100 C. This course is a survey of the African-American experience in the United States from its African roots to 1865, emphasizing the roles of African Americans in the political, social, and economic development of American society. Topics covered include: the trans-Atlantic slave trade; the process of enslavement in the Americas; slave life on the plantation; slave resistance; the socio-economic conditions of free blacks in the United States; the politico-economic dispute regarding slavery and its consequences in the outbreak of the American Civil War; and the emancipation of the enslaved black population.

ETHS 131 C AFRICAN-AMERICAN HISTORY II
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC, CUL DIV
Advisory: Eligibility for ENGL 100 C. This course is a survey of the African-American experience in the United States from the Era of Reconstruction to the present, emphasizing the roles of African Americans in the political, social and economic development of American society. Topics covered include: the various phases of the Reconstruction period; black life in the “New South”; the debates over educational and socio-economic progress; the migrations to the North and West; the struggles of the black working class; the impact of the two world wars on black life; the Civil Rights Movement; militancy during the 1960s; and the black experience in contemporary America.

ETHS 140 C INTRO TO CHICANA/O STUDIES
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC, CUL DIV
Advisory: Eligibility for ENGL 100 C. This course is an introductory course designed to acquaint students with the most significant social, political, economic, and historical aspects of the Chicana/o experience in the United States. The course is interdisciplinary in nature and will critically analyze the societal context in which Chicanas/os have sought to maintain their culture.

ETHS 141 C CHICANA/O HISTORY
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC, CUL DIV
Advisory: Eligibility for ENGL 100 C. This course is a survey of Chicana/o history from the pre-European conquest era of North America to the contemporary period in the United States. The course examines not only the historical experience of Chicanas/os in this country but also investigates the interconnections of racial and ethnic interaction; issues of class, gender and political economy; and social forces of hegemony. Materials to be considered include works in history, the behavioral sciences, literature, and the arts.
ETHS 142 C THE CHICANA/O IN CONTEMPORARY SOCIETY
3 Units
Three hours lecture per week.
UC/CSU, CSU GE, IGETC, CUL DIV
This course focuses on the analysis of social institutions in the Chicana/o community and the socio-cultural implications for the development of the Chicana/o. Emphasis is placed on the present contemporary systems such as the educational, political, religious, economic, criminal justice and other social establishments with regard to the Chicana/o. Some field study and research work may be required to provide relevant experiences.

ETHS 160 C NATIVE AMERICAN HISTORY
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC, CUL DIV
Advisory: Eligibility for ENGL 100 C. This course is an historical examination of the native peoples of the Americas from their early beginnings to the present. Emphasis is placed on the relations between Native Americans and other peoples in the United States. A socio-cultural approach is utilized to develop a thorough understanding of the Native American experience.

ETHS 170 C INTRO TO ASIAN-AMER. STUDIES
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC, CUL DIV
Advisory: Eligibility for ENGL 100 C. This course serves as an introduction to Asian-American studies. An interdisciplinary approach will be employed to study the experiences of various Asian and Pacific Islander groups in the United States, utilizing the perspectives of race, nationality, class, gender, and sexuality. The course will cover historical and contemporary issues within Asian and Pacific Islander American communities, including immigration, anti-Asian violence, labor, unionization, and stereotypes.

ETHS 171 C ASIAN-AMERICAN HISTORY
3 Units
(Formerly ETHS 176 C)
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC, CUL DIV
Advisory: Eligibility for ENGL 100 C. This is a survey course of the Asian and Pacific Islander American experience in the United States from the mid-nineteenth century to the present day. Elements of Asian and Pacific Islander American culture (i.e., art, literature, music, and photography) will be presented in an historical perspective.

ETHS 235 C THE CIVIL RIGHTS MOVEMENT
3 Units
Three hours lecture per week.
UC/CSU, CSU GE, CUL DIV
This course will explore the principal factors that gave rise to the Civil Rights Movement of the 1950s and 1960s. Sociological models of collective behavior and social movements are utilized to analyze social structures, existing conditions, leadership, goals and tactics, organization, successes and failures and long term results of the Movement.

ETHS 298 C ETHNIC STUDIES SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to twenty-four hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
UC Credit Limitation/CSU
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This is a lecture/discussion course focusing on a particular limited problem or topic of interest to students. It is designed for students who wish to increase their knowledge of a particular topic concerning which no other regular class is offered. A paper or group activity may be requested. Consult the class schedule for the offerings in a particular semester. Fees may be required – PAYABLE AT REGISTRATION.

ETHS 299 C ETHNIC STUDIES IND. STUDY
1 Unit (May be taken for credit 4 times)
One hours lecture per week.
UC Credit Limitation/CSU
Prerequisite: Dean Approved Independent Study Learning Contract. Independent study is for students who wish to extend their knowledge of a particular area through individual research and study. It is thought that topics might develop out of a curiosity stimulated in a regular class. The student would then contact the supervising instructor to develop a contract for his/her particular interest so he/she could learn more regarding their special topic.

Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

FREN 053 C BASIC SPOKEN FRENCH
3 Units (May be taken for credit 2 times)
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
This is an introductory course emphasizing oral practice, pronunciation, and vocabulary development. It is designed to develop a speaking knowledge of French for use in everyday conversational situations. It is an ideal preparation for college-level language classes for students with limited language skills. It is not open to native speakers of the language.

FREN 098 C FRENCH SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to twenty-four hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This seminar is for students who wish to extend their knowledge of literature, language and culture through small group discussion. Fees may be required – PAYABLE AT REGISTRATION.

FREN 101 C ELEMENTARY FRENCH I
5 Units
Five hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE, CAN FREN 2
Prerequisite: Eligibility for ENGL 100 C or successful prior experience in French. The course emphasizes the acquisition of basic skills in pronunciation, listening, speaking, reading, and writing. Students will be introduced to the culture, history, and geography of France and other French-speaking countries through lectures, slides, films, and reading assignments.

FREN 102 C ELEMENTARY FRENCH II
5 Units
Five hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE, IGETC, CAN FREN 4
Prerequisite: FREN 101 C with a grade of “C” or better or one year of high school French with average grade of “C” or better is recommended. The course continues to emphasize the acquisition of basic skills in pronunciation, listening, speaking, reading, and writing. Students will increase their knowledge of the culture, history, and geography of France through lectures, slides, films, and reading and writing assignments.

FREN 200 C CONVERSATIONAL FRENCH
2 Units (May be taken for credit 4 times)
Two hours lecture per week.
Credit/No Credit/Letter Grade Option
CSU, CSU GE
Prerequisite: FREN 102 C. This is a course in practical conversation with emphasis on the idiomatic use of the language. Topics concern French life, culture, and current events. Students prepare for this class through the study of the textbook, magazines, newspapers, and other current material and encounters. This course is conducted wholly in French.

FREN 203 C INTERMEDIATE FRENCH III
4 Units
Four hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE, IGETC, CAN FREN 8
Prerequisite: FREN 102 C with a grade of “C” or better or two years of high school French with an average grade of “C” or better is recommended. The course emphasizes the acquisition of an expanded vocabulary and grammatical information to develop speaking, reading and writing skills. New cultural, historic and literary material is introduced through lectures, reading and writing assignments. This course is conducted in French.
FREN 204 C INTERMEDIATE FRENCH IV
4 Units
Four hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE, IGETC, CAN FREN 10
Prerequisite: FREN 203 C with grade of “C” or better or three
years of high school French with an average grade of “C” or
better is recommended. The course emphasizes the mastery
and application of all grammatical rules. It requires more
advanced reading of modern and classical French, as well as
a continued emphasis on oral and written expression. It is
designed to help the student acquire a working knowledge of
the language and to form the basis for advanced work in liter-
ature and science. Continued readings and discussions of
French life and culture are an essential factor.

FREN 298 C FRENCH SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken
for credit 1-4 times)
Zero to twelve hours lecture and
Zero to twenty-four hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or
Standard Letter Grade
UC Credit Limitation/CSU
Prerequisite: May be required. Corequisite: May be required.
Advisory: May be required. This seminar is for able students
who wish to extend their knowledge of literature, language
and culture through small group discussion. Fees may be
required – PAYABLE AT REGISTRATION.

FREN 299 C FRENCH INDEPENDENT STUDY
½ - 2 Units (Variable Unit Class) (May be taken for
credit 3 times)
Two hours conference per week for maximum credit.
Credit/No Credit/Letter Grade Option
UC Credit Limitation/CSU
Prerequisite: Approved Independent Study Learning Con-
tact. This course is designed for able students who wish to
increase their knowledge of the French language through
individual study or research.

Cypress College 2005-2006
GEOGRAPHIC INFORMATION SYSTEMS/MARKETING
CERTIFICATE Program Code: 1K00021
This certificate program provides students with the skills to use Geographic Information Systems (GIS) computerized mapping techniques in the field of marketing. Combining the latest computer graphics and marketing research methods, students will learn to create maps to locate customers, evaluate business sites, plan distribution networks and sales territories, and find new business opportunities.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

Required courses are listed in suggested sequence:

Total Units Required 15

GEOGRAPHY TRANSFER PROGRAM
MOST CALIFORNIA STATE UNIVERSITIES AND UNIVERSITIES OF CALIFORNIA
Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Geography (GEOG)

GEOG 098 C GEOGRAPHY NON-TRANSFER SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to forty-two hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This course offers a lecture/discussion approach to particular problems for students who wish to increase their knowledge of subjects which are not of a nature generally taught in college. Various topics will be offered according to the interests of the instructor and students as stated in the class schedule. Various types of measuring devices will be used and unit credit may range from ½ to 12 non-transfer units in any given semester. Consult the class schedule to verify credit for a particular term. Fees may be required – PAYABLE AT REGISTRATION.

GEOG 100 C WORLD GEOGRAPHY
3 Units
Three hours lecture per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC
An introduction to today's physical and political regions emphasizing location, population, political status, land use problems and potentialities and providing opportunities for worldwide research with the use of advanced technology. Duplicate credit not granted for GEOG 100HC.

GEOG 100HC HONORS WORLD GEOGRAPHY
3 Units
Three hours lecture per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC
An enhanced introduction to today's physical and political regions emphasizing location, population, political status, land use problems and potentialities and providing opportunities for worldwide research with the use of advanced technology. Duplicate credit not granted for GEOG 100 C.

GEOG 102 C PHYSICAL GEOGRAPHY - LECTURE
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC, CAN GEOG 2
An introduction to today's physical and political regions emphasizing location, population, political status, land use problems and potentialities and providing opportunities for worldwide research with the use of advanced technology. Duplicate credit not granted for GEOG 100HC.

GEOG 102LC PHYSICAL GEOGRAPHY - LAB
1 Unit
(formerly GEOG 103)
Two hours laboratory and
One hour laboratory/quiz/problem solving per week.
UC/CSU, AA GE, CSU GE, IGETC, CAN GEOG 6 (GEOG 102C + GEOG 102LC)
Prerequisite: Completion of, or concurrent enrollment in, GEOG 102 C. This course investigates and interprets in a laboratory environment the sun-earth relationships, science of maps, weather and climate, the hydrosphere, cycles and patterns in the biosphere, flora and fauna, soils, rocks, and minerals, weathering, mass wasting, erosion, and origin and types of landforms that provide insight into the nature of man's physical environment.

GEOG 130 C CALIFORNIA GEOGRAPHY
3 Units
Three hours lecture per week.
UC/CSU, CSU GE, IGETC
This course investigates and interprets the physical, cultural and economic regions of the state of California. Particular emphasis is placed upon the natural foundations of the landscape with the exploration of the unique nature and special characteristics of the people utilizing that landscape.

GEOG 140 C WEATHER AND CLIMATE
3 Units
Three hours lecture per week.
UC/CSU, CSU GE, IGETC
This course is an investigation and interpretation of the local and global surface weather phenomena, use of instrument, classification and distribution of world climates; interrelationships between weather and climate and weather predictions are topics covered in this course.
GEOG 160 C CULTURAL GEOGRAPHY
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC, CAN GEOG 4
This course investigates and interprets the interrelationship of human activities with cultural background, physical environment and the diffusion of ideas. Emphasis is placed on where and why people locate, the distribution of different cultural characteristics on the earth’s surface, how people earn a living in various parts of the world, how people organize their lives and how their problems may result from the use of the earth’s resources.

GEOG 202 C FIELD GEOGRAPHY - PHYSICAL
1 Unit (May be taken for credit 4 times)
Eighteen hours lecture in the field (location TBA).
UC/CSU
Prerequisite: Completion of, or concurrent enrollment in, GEOG 102 C. Each separate offering of this course will occur in a unique location, studying unique circumstances and conditions in the field. Each course will employ its own combination of technical equipment, scientific instruments, and geotechniques. All courses will study the basic conceptual materials, with modifications associated with the location and the specific conditions encountered at each season.

GEOG 230 C INTRODUCTION TO GEOGRAPHIC INFORMATION SYSTEMS
3 Units
Two hours lecture and
Three hours laboratory per week.
CSU
This course will introduce the student to Geographic Information Systems technology and software. Students will be taught how to retrieve and apply data in their chosen business and/or academic area of interest. $4.00 Laboratory Fee - PAYABLE AT THE BOOKSTORE.

GEOG 231 C GEOGRAPHIC INFORMATION SYSTEMS: VECTOR APPLICATIONS
3 Units
Two hours lecture and
Three hours laboratory per week.
CSU
Prerequisite: GEOG 230 C. Geographic Information Systems (such as ArcInfo) is introduced as a tool to analyze and solve problems, and to discover opportunities for business and academic applications. Students will apply this software in student selected projects. $4.00 Laboratory Fee - PAYABLE AT THE BOOKSTORE.

GEOG 232 C GEOGRAPHIC INFORMATION SYSTEMS: ADVANCED VECTOR AND RASTER
3 Units
Two hours lecture and
Three hours laboratory per week.
CSU
Prerequisite: GEOG 231 C. This course introduces students to advanced topics, techniques, and analysis in Geographic Information Systems (GIS). Students will retrieve and apply data in their chosen business or academic area of interest. $4.00 Laboratory Fee - PAYABLE AT THE BOOKSTORE.

GEOG 233 C GEOGRAPHIC INFORMATION SYSTEMS: ADVANCED APPLICATIONS - INTERNSHIP AND FIELDWORK
3 Units
One hour lecture per week and
125 hours fieldwork per semester.
CSU
Prerequisite: GEOG 232 C. Internships and fieldwork comprise a significant portion of the students’ work in this Geographic Information Systems (GIS) course. Students are required to participate in 125 hours of supervised field study per semester (7 hours per week) and one hour lecture per week to discuss problem areas related to fieldwork. $4.00 Laboratory Fee - PAYABLE AT THE BOOKSTORE.

GEOG 234 C CURRENT TOPICS IN GIS
3 Units (May be taken for credit 4 times.)
Two hours lecture and
Three hours laboratory per week.
Credit/No Credit/Letter Grade Option
CSU
This is an advanced lecture/discussion project type course designed to cover current issues and advances in Geographic Information Systems. It is designed for students who have experience in GIS applications and wish to update their knowledge and working skills. A final semester project, utilizing GIS for a project chosen by the student will be required. $4.00 Laboratory Fee – PAYABLE AT THE BOOKSTORE.

GEOG 260 C ECONOMIC GEOGRAPHY
3 Units
(Same as ECON 260 C)
Three hours lecture per week.
UC/CSU, CSU GE, IGETC
This course is an investigation and interpretation of the world's economic organization, its natural resources, raw materials, crops and crop production, manufacturing and service industries, new trends in producing and the changing centers of production and consumption.

GEOG 298 C GEOGRAPHY SEMINAR
¾ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to forty-two hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
UC Credit Limitation/CSU
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This is a lecture/discussion type course developed on a particular limited problem or topic of interest to students. It is designed for able students who wish to increase their knowledge of a particular topic concerning which no other regular class is offered. A paper or group activity may be requested. Credit may range from ¾ unit to 12 units. Consult class schedule for the offerings a particular semester. Fees may be required – PAYABLE AT REGISTRATION.
GEOG 299 C  GEOGRAPHY INDEPENDENT STUDY
1 Unit (May be taken for credit 3 times)
Varying hours of scheduled conferences per week according to instructor.
UC Credit Limitation/CSU
Prerequisite: Approved Independent Study Learning Contract.
Independent study is for able students who wish to extend their knowledge of a particular area through individual research and study. It is thought the topics might develop out of a curiosity stimulated in a regular class. The student would then contact the supervising instructor to develop a contract for his/her particular interest so that they could learn more regarding their specific topic.

GEOLOGY TRANSFER PROGRAMS
CALIFORNIA STATE UNIVERSITY, FULLERTON
Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Geology (GEOL)

GEOL 055 C  GEOLOGIC WORK EXPERIENCE
1 - 4 Units (Variable Unit Class)
One hour lecture and
Five hours supervised employment per week in geologically related work for each unit of credit.
Prerequisite: Completion of, or concurrent enrollment in, GEOL 150 C, GEOL 151 C or GEOL 250 C. This course provides on-the-job training for selected students with approved firms. It includes job analysis, job applications, interview, and employee-employer relations. The course offers practical experience in geology related fields.

GEOL 100 C  PHYSICAL GEOLOGY
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC, CAN GEOL 6
This course is a survey of the composition and structure of the earth, integrating the processes and forces that operate underneath and upon the earth’s surface. Duplicate credit not granted for GEOL 100HC or GEOL 102 C.

GEOL 100HC HONORS PHYSICAL GEOLOGY
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC
This course is an enhanced introduction to the concepts and theories of geology. This course is a survey of the composition and structure of the earth, integrating the processes and forces that operate underneath and upon the earth’s surface. Visits to local natural museums and geological field trips may be arranged. Duplicate credit not granted for GEOL 100 C or GEOL 102 C.

GEOL 101 C  PHYSICAL GEOLOGY LABORATORY
1 Unit
Three hours laboratory per week.
UC/CSU, AA GE, CSU GE, IGETC
Prerequisite: Completion of, or concurrent enrollment in, GEOL 100 C. This course includes the identification of minerals and rocks; understanding of topographic maps, aerial photographs and other imagery from remote sensing; interpretation of rocks, structures, and geologic processes as revealed on maps, air photos, and satellite imagery and their relationship to plate tectonics. (Not open to students with credit in GEOL 102 C.)

GEOL 102 C  PHYSICAL GEOLOGY - LECTURE/LAB
4 Units
Three hours lecture
Three hours laboratory per week.
UC/CSU, AA GE, CSU GE, IGETC, CAN GEOL 2
This course is an introductory study of the composition, structure, and geologic features of the earth, with emphasis upon the physical forces and events which govern the origin, distribution and change of the earth and its surface. The laboratory work includes identification of rocks and minerals, interpretation of topographic maps and geologic survey data, study of landforms and rock structures, and some field trips. High school physics or chemistry is recommended background. (Not open to students with credit in GEOL 100 C or GEOL 101 C.)

GEOL 103 C  HISTORICAL GEOLOGY
4 Units
Three hours lecture and
Three hours laboratory per week.
UC/CSU, AA GE, CSU GE, IGETC, CAN GEOL 4
This course is an introduction to the scientific method of exploring planetary materials and structures in understanding the origin and development of the earth and its organisms through time. Laboratory involves examining and classifying rock and fossil specimens, analyses of rock and fossil records found on and in the earth, and application of rock and fossil interpretations to historical geology.

Cypress College 2005-2006
GEOL 196 C  REGIONAL FIELD GEOLOGY
1 - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
One hour lecture and
Three hours field work per week or equivalent.
Credit/No Credit/Letter Grade Option
CSU
Prerequisite: Completion of, or concurrent enrollment in, GEOL 100 C or GEOL 102 C. This course involves lecture and field study of selected geologic processes of California and other areas. During a given semester, multiple sections may be offered to different study areas or for different selected topics. Study areas include, but are not limited to, Mojave Desert, the Sierra Nevada and coastal ranges. Field trips are required.

GEOL 220 C  MINERALOGY
4 Units
Three hours lecture
Three hours laboratory per week.
UC/CSU, IGETC
Prerequisite: GEOL 102 C and CHEM 107 C. The course is the study of the origin, classification, identification, and description of rocks and minerals, with emphasis upon their crystal structure and chemical and physical properties. A consideration of mineral ores and sources, mining and refining methods, and associated economic factors is included. Laboratory work includes simple chemical identification tests of geological specimens through blowpipe analysis, solution methods, and electrochemical instrumentation techniques.

GEOL 250 C  GEOLOGY TECHNOLOGY
4 Units
Three hours lecture
Two hours laboratory per week.
CSU
Prerequisite: GEOL 151 C. This course is a continuation of GEOL 150 C and GEOL 151 C with emphasis on field work, including contact mapping, fault mapping, and development of a complete geologic map. Sample analysis of stratigraphic sections and cross sections will be considered. Project work includes research of geologic resource materials and preparation of a complete geologic report utilizing information and techniques presented in GEOL 150 C and GEOL 151 C. Employment opportunities, job applications and the development of a resume will complete the program.

GEOL 298 C  GEOLOGY SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to thirty-six hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or
Standard Letter Grade
UC Credit Limitation/CSU
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. The seminars are designed to enhance and intensify knowledge in a variety of geologic topics. They may include lectures, discussions, and field excursions at the discretion of the instructor. Specific topics for seminars will be listed in the class schedule for a particular semester. Fees may be required – PAYABLE AT REGISTRATION.

German (GERM)
GERMAN TRANSFER PROGRAM
Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

GERM 053 C  BASIC SPOKEN GERMAN
3 Units (May be taken for credit 2 times)
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
This is an introductory course emphasizing oral practice, pronunciation, and vocabulary development. It is designed to develop a speaking knowledge of German for use in everyday conversational situations. It is an ideal preparation for college-level language classes for students with limited language skills. It is not open to native speakers of the language.

GERM 101 C  ELEMENTARY GERMAN I
5 Units
Five hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
Credit by Examination
UC/CSU, AA GE, CSU GE, CAN GERM 2
Prerequisite: Eligibility for ENGL 100 C or successful prior experience in German. The course emphasizes the acquisition of basic skills in pronunciation, listening, speaking, reading and writing. Students will be introduced to the culture, history, and geography of Germany through lectures, slides, films, dialogues and reading assignments.

GERM 102 C  ELEMENTARY GERMAN II
5 Units
Five hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
Credit by Examination
UC/CSU, AA GE, CSU GE, IGECT, CAN GERM 4
Prerequisite: GERM 101 C with grade of "C" or better, or one year of high school German with average grade of "C" or better is recommended. The course continues to emphasize the acquisition of basic skills in pronunciation, listening, speaking, reading, and writing. Students will be introduced to further elements of the culture, history, and geography of Germany and German speaking countries through lectures, slides, films, dialogues and reading assignments.
GERM 299 C  GERMAN INDEPENDENT STUDY
½ - 2 Units (Variable Unit Class) (May be taken for credit 3 times)
Two hours conference per week for maximum credit.
Credit/No Credit/Letter Grade Option
UC Credit Limitation/CSU
Prerequisite: Approved Independent Study Learning Contract. This course is designed for able students who wish to increase their knowledge of the German language through individual study or research. Unit credit may range from ½ to 2 units in any given semester. Consult the class schedule to verify credit for particular term.

Denise Vo

HEALTH INFORMATION TECHNOLOGY
ASSOCIATE IN SCIENCE DEGREE

PROGRAM  Program Code: 1S03788
Courses in Health Information Technology prepare individuals to become health information specialists. The health information technician is a member of the health care team assuring that documentation is consistent with professional standards and licensure requirements. To accomplish this, health information technicians monitor and track information recorded in a patient’s medical record which includes the medical history, physical examination, progress notes reflecting treatment, and laboratory and radiology reports. Interacting with physicians, administrators, nurses and other allied health professionals, the health information technician quantifies, manages, and interprets the health record data that becomes the basis for crucial medical and financial decisions. The health information technician functions as the patient advocate in protecting the confidentiality of sensitive health care information recorded in the medical record.

To fulfill these responsibilities, health information technicians develop a broad range of skills. Their clinical knowledge base is essential for them to read and interpret the medical record. Processing health information involves usage of computers and computer applications. In safeguarding medical information, the health information technician becomes familiar with the legal aspects inherent in the delivery of patient care. Health information technicians develop managerial skills working as supervisors and directors of health information departments.

Most (60%) health information technicians currently work in health care facilities where they organize, analyze and generate health data for treatment, reimbursement, planning, quality assessment and research. Other employers of health information professionals include medical group practices, government agencies, insurance companies, utilization review organizations, health maintenance organizations, cancer centers, and consulting firms. Health information specialists can also work in sales and marketing positions for companies that design and supply information systems and materials for health information/medical record departments.

The program is accredited by the Commission for Accreditation of Allied Health Education Programs in collaboration with the American Health Information Management Association. Graduates of the program are, therefore, eligible to take the national qualifying examination leading to certification as a Registered Health Information Technician.

MINIMUM STANDARDS FOR ENROLLMENT
High school graduation, or completion of the General Education Development (GED) test with a minimum score of 45, or high school proficiency examination.

ENROLLMENT PROCEDURES
1. Students may enroll in either the fall or spring semester.

2. Submit application to College. Students are responsible for furnishing all documents, records, forms and transcripts indicating minimum standards to the Counseling Office.

3. Complete an HI Program Personal Data Sheet. These data sheets may be obtained from the Health Science Counseling Office, Cypress College, 9200 Valley View, Cypress, CA 90630.

REQUIRED CURRICULUM
Transferability of health information is determined by the individual receiving college. To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of “C”; (2) 25 units of General Education Graduation Requirements; (3) the cultural diversity and reading requirements; (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

It is recommended that the following required courses be taken prior to enrolling in the Program.

Total Program Units 59

*Course offered in Fall
**Course offered in Spring
***This course is a non-paid laboratory experience. Students are assigned to a health care agency.

HEALTH INFORMATION TECHNOLOGY

**CERTIFICATE** Program Code: 1C03788

To earn a certificate, students must (1) document a minimum of an Associate Degree; and (2) complete all major course work with a minimum grade of “C”. At least 50% of all major course work must be completed at Cypress College.

HEALTH CARE MANAGEMENT AND SUPERVISION

**CERTIFICATE** Program Code: 1K00041

This certificate program helps prepare students to work in the health care field in a management or supervisory capacity. Preparing students to work in a variety of health care delivery settings, including physicians’ offices, hospitals, health maintenance organizations, and insurance companies, the certificate focuses on the leadership, motivation, organization, planning, and other skills needed to manage or supervise others. Created for both (a) students with allied health credentials and (b) students with general business or office experience, it is designed to help students gain entry into the health care field, to move into supervisory positions, and/or to advance in their current positions.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

Required courses are listed in numeric sequence:

HEALTH CARE MARKETING AND SALES

**CERTIFICATE** Program Code: 1K00042

This certificate program provides students with the necessary knowledge and skills to work in the health care field in a marketing or sales capacity. Preparing students to work in a variety of health care delivery settings, including physicians’ offices, hospitals, health maintenance organizations, and insurance companies, the certificate focuses on such areas as: sales and customer service, marketing research, advertising, public relations, and community outreach. It is designed to help students gain entry into the health care marketing and sales field and/or to advance in their current positions.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

Required courses are listed in numeric sequence:

HEALTH INFORMATION CODING

**CERTIFICATE** Program Code: 1C03787

Option of the Health Information Technology Program

Because coding is at the heart of both health care reimbursement and clinical analysis, this extremely important aspect of health information management requires a highly trained and accurate professional. This certificate program prepares the individual to assign numerical codes to diagnoses, symptoms, and procedures using the International Classification of Diseases, Ninth Revision, Clinical Modification (ICD-9-CM) and procedures according to Current Procedural Terminology (CPT). Most third party payers, including the federal government and private insurance companies, require submission of codes as part of the hospital and/or physician billing process. Diagnoses and procedures codes are needed for comparing and tracking diseases, clinical research, statistical reporting, market data and planning.

In addition to a high school diploma or equivalent, on-the-job coding experience and a solid coding education are needed to take the certification examination offered by the American Health Information Management Association to become a Certified Coding Specialist.

Individuals skilled in ICD-9-CM coding are employed as coders for hospitals, physicians’ offices, peer review organizations, health maintenance organizations, ambulatory care facilities, skilled nursing facilities, consulting firms, medical billing firms, or insurance companies.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College. Upon successful completion of the required courses, the student will receive a certificate of completion from Cypress College.
MINIMUM STANDARDS FOR ENROLLMENT
1. High school diploma or completion of the General Education Development (GED) test with a minimum score of 45, or high school proficiency tests.

2. Eligibility for ENGL 100 C.

ENROLLMENT PROCEDURES
1. Students may enroll in either the fall or spring semester.

2. Submit application to College. Students are responsible for furnishing all documents, records, forms and transcripts indicating minimum standards to the Counseling Office.

3. Complete an HI Program Personal Data Sheet. These data sheets may be obtained from the Health Science Counseling Office, Cypress College, 9200 Valley View, Cypress, CA 90630.

MEDICAL INSURANCE BILLING SPECIALIST
PROGRAM Program Code: 1C12170

The Medical Insurance Billing Specialist Program prepares students for employment as a medical insurance billing specialist. In processing insurance claims for health care providers, the medical insurance specialist assists both the health care provider and the patient organize, file, and negotiate health insurance claims of all types. Their primary goals are to assist the consumer in obtaining maximum benefits as well as to tell the patient what checks to write to providers to make sure there is no overpayment. Medical Insurance Specialists work in a variety of health delivery settings: physician’s offices, ambulatory medical groups, hospitals, ambulatory surgery centers, insurance companies, and managed care organizations.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

This program is offered subject to final approval by the Chancellor’s Office of the California Community Colleges and the California Postsecondary Education Commission.

MEDICAL QUALITY REVIEW ASSISTANT
CERTIFICATE Program Code: 1C07838

Program

Quality management is a process undertaken by hospitals and other providers of health care to determine the quality of patient care services delivered. A Quality Review Assistant will work under the supervision of the Director of Quality Management and perform quality assessment activities. These activities may include such data retrieval activities as occurrence or generic screening, comparing medical records against pre-established criteria, maintaining manual or computerized practitioner profiles, collecting follow-up information, or screening for medical staff monitoring and evaluation activities. Individuals interested in this certificate program are encouraged to schedule an appointment with the Health Information Technology Counselor.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

*This course is a non-paid laboratory experience. Students are assigned to a hospital.
MEDICAL RECORD CLERK
CERTIFICATE  Program Code: 1K07839
Option of the Health Information Technology Program
The Medical Record Clerk option prepares the individual to perform entry-level clerical functions in a Medical Record Department of health care facilities. Students will demonstrate competency in processing admissions and discharges, assembling health records, analyzing health records for deficiencies, and filing methods. Individuals interested in this certificate program are encouraged to schedule an appointment with the Health Information Technology Program Counselor.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

Required Courses are listed in suggested sequence:
Course #   Title                  Units

ASSOCIATE IN SCIENCE DEGREE MEDICAL STAFF SERVICES
SCIENCE Program Code: 1S07836
AND CERTIFICATE IN MEDICAL STAFF SERVICES
SCIENCE Program Code: 1C07836
A Medical Staff Services Professional is a professional administrative assistant who coordinates the activities of the organized medical staff and serves as liaison between the Medical Staff, Nursing Staff, and Administration within parameters established by the Chief Executive Officer of the Hospital. This exciting position offers top management interfacing with Board of Directors, Medical Staff Officers and other leaders in the medical field. The Medical Staff Services Professional assists the medical staff in fulfilling its major responsibility to monitor the quality of patient care delivered by all physicians who are members of the medical staff.

Upon completion of this Associate Degree in Medical Staff Services Science and three years experience, the student is eligible to write the examination offered by the National Association of Medical Staff Services to become a Certified Professional Medical Staff Manager. Please refer to www.namss.org for additional information on CPMSM exam eligibility.

MINIMUM STANDARDS FOR APPLICANTS
High school graduation or completion of the General Education Development (GED) test with a minimum score of 45 or high school proficiency tests.

APPLICATION PROCEDURES
1. Students may enroll in either the fall or spring semester, or semesters.

2. Submit application to College. Students are responsible for furnishing all documents, records, forms and transcripts indicating minimum standards to the Counseling Office.

3. Complete an HI Technology Program Personal Data Sheet. These data sheets may be obtained from the Health Science Counseling Office, Cypress College, 9200 Valley View, Cypress, CA 90630.

ASSOCIATE IN SCIENCE DEGREE
To earn an Associate Degree students must complete:
(1) all major course requirements with a minimum grade of “C”; (2) 25 units of General Education Graduation requirements; (3) the cultural diversity and reading requirements; (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

REQUIRED CURRICULUM
It is recommended that the following three required courses be taken prior to enrolling in the Health Information Technology courses:

Course #   Title                  Units
CIS 102 C Document Formatting – MS Word  3
CIS 111 C Computer Information Systems    3
HS 145 C Survey of Medical Terminology    3

Required courses are listed in suggested sequence:

SEMESTER 1
HI 101 C Health Information Science       3
HI 102 C Legal Aspects of Health Care     2
HS 100 C Trends in Health Care Delivery  2
ENGL 100 C College Writing               3

SEMESTER 2
HI 115 C Medical Staff Services Science  3
MGT 266 C Human Relations in Business    3
BIOL 210 C Anatomy and Physiology        5

SEMESTER 3
CIS 250 C Word Processing                 2
HS 203 C Medical Quality Management      2
MGT 262 C Principles of Management       3
or
MGT 267 C Principles of Supervision      (3)
HS 147 C Survey of Disease               3

SEMESTER 4
HI 215 C Medical Staff Services Science  2
HI 225 C Information Technology          3
*HI 299 C Independent Study              2

Total Units Required 47

*This course is a non-paid laboratory experience. Students are assigned to a hospital.
Health Information Technology (HI)

HI 080 C SELECTED TOPICS
½ - 8 Units (Variable Unit Class) (May be taken for credit 4 times)
Variable hours lecture and
Variable hours laboratory per week.
Credit/No Credit/Letter Grade Option
This course is designed to meet the health information technology student's need for current topics and issues, updated information in health care review of specialized subject matter and/or preparation for health information related certification exams. Content will emphasize clinical application of theoretical principles in the discipline. Computer software, videotapes, resource materials, instructor assessment of individual student knowledge and skills will be utilized.

HI 100 C TRENDS IN HEALTH CARE DELIVERY
2 Units
(Same as HS 100 C)
Two hours lecture per week.
CSU
This course investigates how and where health care is delivered in the United States and examines the different types of health care practitioners; professional healthcare associations; the role of federal, state, and local governments in health care; and the impact of managed care organizations. How consumers pay for health care as well as how health care providers receive reimbursement for services are discussed. The principles of customer focused health care are discussed. Current issues affecting the delivery of health care are emphasized. The course is recommended for students interested in health care or preparing for careers in health care.

HI 101 C HEALTH INFORMATION SCIENCE
3 Units
Two hours lecture and
Three hours laboratory per week.
CSU
This course is an in-depth investigation of the generic components of the content, use and structure of health care data and data sets and how these components relate to primary and secondary health record systems. Emphasis will be placed on the content of the health record and documentation requirements pursuant to federal/state regulations and voluntary accrediting body standards. Discussions will focus on health care data sets. Laboratory activities will include data entry; assembly and analysis of medical records; filing and retrieval of information; and reading and interpreting medical records. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

HI 102 C LEGAL ASPECTS OF HEALTH CARE
2 Units
(Same as HS 102 C)
Two hours lecture per week.
CSU
This focus of this course is on the legal and ethical issues affecting health care industry, health care providers, and health information managers. State laws, federal regulations, and case precedents form the basis for class discussion. Topics include tort law; confidentiality and release of medical information; informed consent; corporate and personal liability; patient rights; negligence and medical malpractice; contract and labor law; and ethics. Special emphasis is placed on the procedures for safeguarding the security of health care data to prevent inappropriate disclosure of confidential health information.

HI 103 C HEALTH CARE STATISTICS
3 Units
Two hours lecture and
Three hours laboratory per week.
CSU
Prerequisite: HI 101 C with a grade of "C" or better.
This course focuses on the effective collection, presentation, and verification of healthcare data necessary for the preparation of administrative and clinical reports. The role of data in clinical research, vital statistics and epidemiology will be discussed. Laboratory activities will focus on manual and automated data presentation techniques and on the interpretation and analysis of healthcare data. The role of the health information professional in transforming data into meaningful information for use in clinical and financial decision-making will be stressed. Data reliability and validity will be emphasized.

HI 105 C DIRECTED PRACTICE I
4 Units
Three hours lecture and
Four hours directed practice per week.
CSU
Prerequisite: HI 101 C and CIS 111 C and enrollment in the Health Information Technology Program. This course is an investigation of the components of the content, use, and structure of health care data and data sets in the following alternative health care settings: long term care, home health, hospice, ambulatory care, behavioral health and rehab services. Emphasis is on analyzing the content of the health record and documentation requirements pursuant to federal/state regulations and voluntary accrediting body standards. Discussions will focus on the opportunities for health information management professional in these different settings. Directed practice activities will focus on the abstracting of data, analysis of findings, and preparation of reports in the alternative health care settings. Students are assigned to an affiliated health related agency for supervised directed practice. Students shall have the status of learner and shall not be considered agency employees, nor shall they replace agency staff. Directed practice is conducted as a nonpaid laboratory experience.
HI 110 C  MEDICAL INSURANCE BILLING
3 Units
Three hours lecture per week.
CSU
Prerequisite: HS 145 C or equivalent. This course focuses on the principles and mechanics of ambulatory care and medical office billing and will cover the entire billing process from the initial verification of insurance benefits, to the submission of the claim form, and to final collections process. It provides exposure to the many types of private and governmental insurance: Medicare, Medicaid, Blue Cross, health maintenance organizations, workers’ compensation, etc. CPT and ICD-9-CM coding principles related to claims submissions will focus on the use of complete diagnostic coding, CPT modifiers and HCPCS Level II codes. The advantages of electronic claims submission will be discussed. Students will learn to complete insurance claim Form 1500, the universally accepted billing format for medical offices.

HI 112 C  COMPUTERIZED MEDICAL INSURANCE BILLING
2 Units
Two hours lecture per week.
CSU
Corequisite: Completion of or concurrent enrollment in HI 110 C or employed as a medical insurance biller. This course focuses on the use of advanced medical practice software for automating medical insurance billing and medical office management. Course activities will include hands on computer practice in data entry, line item posting, electronic submission of claims, and posting payments and adjustments. Computer reports will be used to tracer delinquent accounts and age accounts. Computerized daily reports, bank statements, accounts receivable and related reports will be demonstrated.

HI 115 C  MEDICAL STAFF SERVICES
3 Units
Three hours lecture per week.
CSU
This comprehensive introductory course in fundamental concepts, principles and organization of the hospital and the medical staff services department includes the purpose and role of an organized medical staff; initial staff appointment; reappointment; privilege delineation; preparing agendas and writing minutes; and monitoring and documenting proctoring, peer review, and quality review. A primary focus of the course is the guidelines for credentialing of physicians and allied health professionals in not only the hospital but also managed care settings. The organization of health care facilities and interdepartmental relationships is discussed. Emphasis will be placed on standards of voluntary accrediting agencies and regulations of federal and state licensing agencies. This course will provide useful information to the individual responsible for credentialing in a managed care organization and is good preparation for the CMSC and CPCS credentialing exams.

HI 203 C  MEDICAL QUALITY MANAGEMENT
2 Units
(Same as HS 203 C)
Two hours lecture per week.
CSU
Prerequisite: HS 145 C or background in medical terminology. This course is an introduction to the principles of the quality management and improvement process in health care and provides a framework for gaining skills in collecting and analyzing data. Course content includes total quality management, utilization and resource management, risk management, clinical paths, and medical staff peer review. Emphasis is placed on the JCAHO performance improvement standards. Activities focus on the use of quality improvement tools to collect and present quality management data.

HI 204 C  ICD-9-CM CODING
3 Units
Two hours lecture and Three hours laboratory per week.
CSU
Prerequisite: HS 101 C, HS 145 C, and either BIOL 160 C or BIOL 210 C with a grade of “C” or better; or employed as a coder. Principles of nomenclature and classification systems are stressed with emphasis and training in ICD-9-CM. The preparation of abstracts and reports utilizing coding of diseases, conditions, and procedures is addressed with the intention of indexing and retrieving information for administrative, reimbursement and research purposes.

HI 205 C  DIRECTED PRACTICE II
4 Units
Three hours lecture and Four hours directed clinical practice per week.
CSU
Prerequisite: HI 103 C and HI 204 C and counselor approval indicating eligibility to graduate from Health Information Technology Program at the end of the semester. This course will focus on the principles of organization of a health information management department; supervision of human resources in order to develop effective skills in leadership, motivation and team-building techniques; and marketing health information management services. Discussions focus on directed practice activities which will emphasize the collection, analysis and presentation of health care data; quality improvement functions; and coding and abstracting. During the final semester, students are assigned to an affiliated health-related agency for supervised directed practice. Students shall have the status of learner and shall not be considered agency employees, nor shall they replace agency staff. Directed practice is conducted as a nonpaid, laboratory experience.
HI 214 C  CPT/AMBULATORY CARE CODING  
3 Units  
Two hour lecture and  
Three hours laboratory per week.  
CSU  
Prerequisite: HI 204 C or employed as a coder. This course focuses on the principles and mechanics of coding procedures according to Current Procedural Terminology and its relationship to the Health Care Common Procedure Coding System (HCPCS). The course will address the requirements for diagnostic and procedure coding in ambulatory care and outpatient surgery centers as well as the relationship of CPT to ambulatory and medical office billing and APCs. In the laboratory, students will solve coding problems using operative reports and encoding software. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

HI 215 C  MEDICAL STAFF SERVICES  
SCIENCE  
2 Units  
Two hours lecture per week.  
CSU  
Prerequisite: HI 115 C. Lecture and discussion focuses on selected aspects of medical staff services departmental management and supervision; due process and peer review hearings; and documentation of Medical Executive Committee activities. Throughout the course, there will be advanced review of office management systems and the student will prepare a medical staff office budget.

HI 220 C  ADVANCED ICD-9-CM CODING  
3 Units  
Two hour lecture and  
Three hours lecture per week.  
CSU  
Prerequisite: HI 204 C and HS 147 C. Advanced concepts in ICD-9-CM and its application in the prospective payment system are discussed. Lecture will focus on the structure of diagnostic related groups; interpretation of laboratory and radiologic findings; basic pharmacology; and Coding Clinic guidelines. Laboratory activities will include coding actual medical records related to the most common diagnostic related groups using automated encoders. $3.00 Laboratory Fee - PAYABLE AT REGISTRATION.

HI 225 C  INFORMATION TECHNOLOGY  
3 Units  
Three hours lecture per week.  
CSU  
Prerequisite: CIS 111 C. This course is an introduction to the concepts of information technology related to health care and the automated tools and techniques for collecting, storing, and retrieving health care data. Emphasis will be on health care information systems, health care networking, telemedicine, telecommunications, image-based document systems, automatic identification and data collection, security and confidentiality, medical informatics, and the computer-based patient record. Activities will center on using file management and spreadsheet applications to automate the collection and analysis of health care information.

HI 245 C  CODING SKILLS LAB  
1 - 2 Units (Variable Unit Class) (May be taken for credit 4 times)  
(Open Entry/Open Exit)  
Three to six hours laboratory per week.  
Credit/No Credit/Letter Grade Option  
CSU  
The focus of this course is one of assisting the students in the development of coding skills and the application of those skills to different types of medical records. Students will code inpatient, emergency department, outpatient surgery, and referred outpatient medical records using the International Classification of Diseases - Ninth Revision - Clinical Modification (ICD-9-CM) and the Healthcare Common Procedure Coding System (HCPCS). The process of interpreting medical record information, choosing the required coding classification and assigning and sequencing codes correctly will be addressed. This course will provide an opportunity for students in the Health Information Technology and Health Information Coding Specialist Programs to demonstrate competencies required for completion of each program. Computer assisted instruction and automated encoders will be used within the course. This course may also be taken to update coding skills.

HI 299 C  INDEPENDENT STUDY  
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)  
One-half to two hours lecture per week.  
Credit/No Credit/Letter Grade Option  
CSU  
Prerequisite: Approved Independent Study Learning Contract. This course is designed for students enrolled in the Health Information Technology program or its options who wish to increase their knowledge and experience in applied areas. Students will participate in independent study in assigned areas under staff supervision.
Health Science
Division of Health Science

Division Dean – Andrea Hannon

Faculty
Dana Brown

Counselors
Kelly Carter
Denise Vo

Health Science (HS)

HS 050 C  PREPARATION FOR HEALTH SCIENCE
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
This course is designed for students interested in a health science career. The communication, reading and mathematical skills of students will be developed in relation to the various career needs. Remedial and introductory material necessary to enter and complete a Health Science Program are emphasized.

HS 055 C  DARKROOM TECHNICIAN/ASSISTANT
2 Units
(Same as RADT 055 C)
Two hours lecture per week.
Credit/No Credit/Letter Grade Option
This course is designed for the student who desires an entry-level job as radiology assistant and/or darkroom technician. The course is an introduction to procedures and techniques used by radiology department personnel in hospitals, physicians’ private offices and clinics. The student gains the knowledge needed to process radiographic film. Film, film holders and intensifying screens are discussed. Patient lifting and transportation procedures of a Radiology Assistant are demonstrated. Students are required to obtain CPR Certification for this class.

HS 060 C  SELECTED TOPICS FOR NURS 192 C
½ - 2 Units (Variable Unit Class)
One-half to two hours lecture per week.
Credit/No Credit/Letter Grade Option
Prerequisite: Acceptance in the Nursing Program. This course is designed to correlate with NURS 192 C Fundamentals of Nursing, providing increased knowledge of fundamentals of nursing and more complex nursing skills. The assigned topics covered correlate with the textbook and module assignments and enhance learning in specific theoretical concepts and more complex nursing techniques introduced in NURS 192 C. Films, videotapes, resource materials, instructor assessment of individual student’s nursing knowledge and skills in individualized instruction are utilized.

HS 061 C  SELECTED TOPICS FOR NURS 196 C
½ - 2 Units (Variable Unit Class)
One-half to two hours lecture per week.
Credit/No Credit/Letter Grade Option
Prerequisite: Acceptance in the Nursing Program. This course is designed to correlate with NURS 196 C Med-Surg Nursing I, providing increased knowledge of fundamentals of nursing and more complex nursing skills. The assigned topics covered correlate with the textbook and module assignments and enhance learning in specific theoretical concepts and more complex nursing techniques introduced in NURS 196 C. Films, videotapes, resource materials, instructor assessment of individual student’s nursing knowledge and skills in individualized instruction are utilized.

HS 062 C  SELECTED TOPICS FOR NURS 292 C
½ - 2 Units (Variable Unit Class)
One-half to two hours lecture per week.
Credit/No Credit/Letter Grade Option
Prerequisite: Acceptance in the Nursing Program. This course is designed to correlate with NURS 292 C Med-Surg Nursing II, providing an expansion of knowledge of medical/surgical nursing. The assigned topics covered correlate with the textbook and module assignments and aid in providing enhanced learning in specific theoretical concepts and nursing techniques introduced in NURS 292 C. Films, videotapes, resource materials, instructor assessment of individual student’s nursing knowledge and skills in individualized instruction are utilized.

HS 063 C  SELECTED TOPICS FOR NURS 197 C
½ - 2 Units (Variable Unit Class)
One-half to two hours lecture per week.
Credit/No Credit/Letter Grade Option
Prerequisite: Acceptance in the Nursing Program. This course is designed to correlate with NURS 197 C Maternal/Newborn Nursing, providing an expansion of knowledge of maternal health care needs. The assigned topics covered correlate with the textbook and module assignments and enhance learning in specific theoretical concepts and nursing techniques introduced in NURS 197 C. Films, videotapes, resource materials, instructor assessment of individual student’s nursing knowledge and skills in individualized instruction are utilized.

HS 064 C  SELECTED TOPICS FOR NURS 293 C
½ - 2 Units (Variable Unit Class)
One-half to two hours lecture per week.
Credit/No Credit/Letter Grade Option
Prerequisite: Acceptance in the Nursing Program. This course is designed to correlate with NURS 293 C Mental Health Nursing, providing increased knowledge of mental health nursing. The assigned topics covered correlate with the textbook and module assignments and enhance learning in specific theoretical concepts and more complex nursing techniques introduced in NURS 293 C. Films, videotapes, resource materials, instructor assessment of individual student’s nursing knowledge and skills in individualized instruction are utilized, as well as group discussion and dialogue.
HS 065 C  SELECTED TOPICS FOR NURS 296 C
½ - 2 Units (Variable Unit Class)
One-half to two hours lecture per week.
Credit/No Credit/Letter Grade Option
Prerequisite: Acceptance in the Nursing Program. This course is designed to correlate with NURS 296 C Child/Family Nursing. The assigned topics correlate with theory, providing enrichment activities enabling the student to better understand pediatric nursing. The course utilizes audiovisual materials, selected references, computer simulated learning, and group discussions.

HS 066 C  SELECTED TOPICS FOR NURS 297 C
½ - 2 Units (Variable Unit Class)
One-half to two hours lecture per week.
Credit/No Credit/Letter Grade Option
Prerequisite: Acceptance in the Nursing Program. This course is designed to correlate with NURS 297 C Med-Surg Nursing III. Assigned topics covered correlate with textbook and module assignments in NURS 297 C. Clinical simulations are provided to permit the student practice in the performance of nursing procedures, as well as an opportunity for clinical competency testing. Videos, films, slides, games, resource materials, computer simulations, instructor assessment of student's nursing knowledge and skills, and individualized instruction are utilized.

HS 067 C  SELECTED TOPICS - LEADERSHIP
½ - 2 Units (Variable Unit Class)
Lecture hours vary according to credit given.
Credit/No Credit/Letter Grade Option
Prerequisite: Acceptance in the Nursing Program. This course is designed to correlate with NURS 247 C. Depth of understanding of issues related to nursing practice and leadership are increased through the directed use of appropriate audio visual materials and selected references, as well as group discussions and dialogue.

HS 068 C  SELECTED TOPICS - GERONTOLOGY
½ - 2 Units (Variable Unit Class) (May be taken for credit 2 times)
One-half to two hours lecture per week.
Credit/No Credit/Letter Grade Option
Prerequisite: Enrollment in NURS 193 C or NURS 294 C. This course will focus on the special nursing and health care needs of the older adult and development of nursing skills necessary to meet those needs. Activities will focus on assisting the student in the further development of assessment skills, interpersonal and communication skills and patient teaching, which are essential in the care of the older adult. This course is an elective for students who desire enrichment in theories related to the care of the older adult.

HS 076 C  CPR FOR HEALTH CARE PROVIDERS
1 Unit (May be taken for credit 2 times)
One hour lecture per week.
Credit/No Credit/Letter Grade Option
Basic life support “C” certification is required for health care providers. This class prepares the student to knowledge and skills required to perform adult one-rescuer CPR, adult two-rescuer CPR, pediatric one-rescuer CPR, child two-rescuer CPR, adult foreign body airway management and pediatric foreign body airway management. (The American Heart Association charges a fee for the “C” certification card).

HS 077 C  CPR RECERTIFICATION
½ Unit (May be taken for credit 4 times)
One-half hour lecture per week.
Credit/No Credit/Letter Grade Option
Prerequisite: Course in Basic Life Support with “C” Certification. Current BLS “C” certification is required for health care workers when providing direct patient care. This class prepares the student with current knowledge and skills required to obtain a recertification card from the American Heart Association. (The American Heart Association charges a fee for the recertification card).

HS 080 C  SELECTED TOPICS IN NURSING AND ALLIED HEALTH
½ - 8 Units (Variable Unit Class) (May be taken for credit 10 times)
One-half to eight hours lecture per week.
Credit/No Credit/Letter Grade Option
Prerequisite: Acceptance in the Nursing Program.
This course is designed to meet the nursing and allied health science student need for current topics and issues, updated information in health care review of specialized subject matter, and/or preparation for health related licensure and certification exams. Content will emphasize clinical application of theoretical principles in the discipline. Computer software, videotapes, resource materials, instructor assessment of individual student knowledge and skills will be utilized.

HS 098 C  HEALTH SCIENCE SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to thirty-six hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
Prerequisite: May be required. Corequisite: May be required.
Advisory: May be required. This class will utilize a lecture discussion approach to various topics within the Health Science programs. A variety of classes will be offered to introduce students to new experiences, update content on current issues, and explore new trends in health care. Fees may be required – PAYABLE AT REGISTRATION.

HS 099 C  HEALTH SCIENCE - INDEPENDENT STUDY
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
Lecture hours vary according to credit given.
Credit/No Credit/Letter Grade Option
Prerequisite: Approved Independent Study Learning Contract. This course is designed for students interested in health science programs who wish to increase their knowledge and experience in applied areas. Students will participate in independent study on assigned areas under staff supervision.

Health Science / 195
HS 100 C  TRENDS IN HEALTH CARE DELIVERY
2 Units
(Same as HI 100 C)
Two hours lecture per week.
CSU
This course investigates how and where health care is delivered in the United States and examines the different types of health care practitioners; professional healthcare associations; the role of federal, state and local governments in health care; and the impact of managed care organizations. How consumers pay for health care as well as how health care providers receive reimbursement for services are discussed. The principles of customer focused health care are discussed. Current issues affecting the delivery of health care are emphasized. The course is recommended for students interested in health care of preparing for careers in health care.

HS 102 C  LEGAL ASPECTS OF HEALTH CARE
2 Units
(Same as HI 102 C)
Two hours lecture per week.
CSU
The focus of this course is on the legal and ethical issues affecting health care industry, health care providers, and health information managers. State laws, federal regulations, and case precedents form the basis for class discussion. Topics include tort law; confidentiality and release of medical information; informed consent; corporate and personal liability; patient rights; negligence and medical malpractice; contract and labor law; and ethics. Special emphasis is placed on the procedures for safeguarding the security of health care data to prevent inappropriate disclosure of confidential health information.

HS 145 C  SURVEY OF MEDICAL TERMINOLOGY
3 Units
Three hours lecture per week.
CSU
This course includes fundamentals of word analysis, roots, prefixes and suffixes in an orientation to the body as a whole. A survey of medical terminology of the following body systems includes: skin and breast, musculoskeletal, neurological/psychiatric, cardiovascular, respiratory, digestive, genitourinary, prenatal, maternal, endocrine, and special senses. Anatomical and physiologic terminology, combining forms, diagnostic terms, clinical and surgical procedures, laboratory tests and abbreviations are included. A basic requirement for most career opportunities in the allied health occupations and in the court systems is the comprehension of medical terminology.

HS 147 C  SURVEY OF DISEASE
3 Units
Three hours lecture per week.
CSU
Prerequisite HS 145 C. This course is a survey of general principles of disease, organs, and systems as related to specific diseases. It includes chronic and degenerative diseases; respiratory, bone, and gastrointestinal tract diseases, diseases of the genitourinary systems and reproductive organs, including genetic influences; infectious diseases and neoplasms; disturbances of body fluids and disturbed function. It is required by the State Department of Public Health, Division of Radiologic Health and recommended by the American Society of Radiologic Technology and is also the basic pathology of disease course requirement for Health Information Technology students.

HS 161 C  DYING/DEATH AND GRIEF/MOURNING
3 Units
(Same as HSCE 161 C)
Three hours lecture per week.
CSU
This course is designed to assist individuals in such areas as personal death anxiety and working/living with the terminally ill person. Discussion includes special concerns such as how to handle grief, suicide, hospice, and other related topics.

HS 165 C  ETHICAL CHOICES IN HEALTH CARE
1 Unit
One hour lecture per week.
CSU
Credit/No Credit/Letter Grade Option
This course will focus on making ethical choices in health care and will include discussion of contemporary ethical questions such as life support, right to refuse treatment and reproductive issues. Ethical issues raised by recent technical development in health care and the rights and responsibilities of patients and health care professionals will be examined.

HS 168 C  PATIENT CARE SKILLS - OPEN LAB
½ - 3 Units (Variable Unit Class) (May be taken for credit 4 times)
(Open Entry-Open Exit)
One and one-half to nine hours laboratory per week.
Credit/No Credit
CSU
Prerequisite: Current first year Health Science program student or approved re-entry students needing remedial assistance or current professional license related to a health science program. This open-entry, open-exit course with flexible hours and variable units allows self-paced individualized instruction and/or practice in basic client care skills with Health Science faculty supervision. The course provides students with space and equipment needed to learn client care skills. Health Science program students will complete a self-assessed learning plan prior to beginning their practice sessions. $5.00 Laboratory Fee - PAYABLE AT REGISTRATION.

HSCE 260 C  FLUOROSCOPY PERMIT COURSE  
3 Units  
(Same as RADT 260 C)  
Two and one-half hours lecture and  
One and one-half hours laboratory per week.  
Credit/No Credit/Letter Grade Option  
CSU  
Prerequisite: Current California Radiologic Technology Certification License. This course will provide the knowledge of skills, attitudes, and competencies to operate fluoroscopy equipment efficiently and safely. Upon successful completion of the course, students will receive a certificate of completion and be eligible for the California State Technologist Fluoroscopy Permit certification test. Students must be able to verify C.R.T. status at the first class meeting.

HSCE 262 C  CROSS-SECTIONAL IMAGING  
1 Unit  
(Same as RADT 262 C)  
One hour lecture per week.  
Credit/No Credit/Letter Grade Option  
CSU  
This course correlates knowledge and practice of diagnostic imaging with cross-sectional anatomy of the skull, thorax, abdomen, and pelvis. Diagnostic imaging includes the ability to work with ultrasound, computerized tomography, and magnetic resonance. A knowledge of medical terminology and anatomy is recommended.

HSCE 264 C  VASCULAR SONOGRAPHY TECHNOLOGY  
3 Units  
(Same as RADT 264 C)  
Three hours lecture per week.  
CSU  
Prerequisite: A.R.D.M.S. (American Registry of Diagnostic Medical Sonographers) Registered Medical Sonographer and/or knowledge of basic ultrasound equipment and scanning techniques. This course is the physical principles of vascular ultrasound technology. The course will focus toward learning the hemodynamic principles of normal and pathological vascular ultrasound procedures. Concepts of color and pulsed wave Doppler sonography as they apply to vascular imaging will be discussed. Emphasis on vascular anatomy, physiology and pathology to include vascular scanning protocol. Basic ultrasound physics and instrumentation will be reviewed. A working knowledge of basic ultrasound equipment, scanning techniques, and familiarity with color Doppler sonography is recommended. This course will prepare the student for the Registered Vascular Technology (RVT) examination.

HSCE 266 C  PRINC. OF BREAST ULTRASOUND  
3 Units  
(Same as RADT 266 C)  
Three hours lecture per week.  
CSU  
Prerequisite: American Registry of Diagnostic Medical Sonography license and/or knowledge of basic ultrasound equipment and scanning techniques. This course will provide instruction for learning the normal and pathological appearance of breasts using ultrasound to include images that relate to mammography and MRI. Included in this course is the physiology of benign and malignant breast tumors and diagnostic procedures. The content will follow the ARDMS guidelines toward the goal of preparing the student to pass the ultrasound registry breast exam.

HISTORY TRANSFER PROGRAM

MOST CALIFORNIA STATE UNIVERSITIES

Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

HIST 110 C  WESTERN CIVILIZATIONS I  
3 Units  
(Formerly HIST 110AC)  
Three hours lecture per week.  
UC/CSU, AA GE, CSU GE, IGETC, CAN HIST 2  
Advisory: Eligibility for ENGL 100 C. This course is a comprehensive study of the contributions of previous civilizations from prehistoric times to the beginning of the modern era. The development of the present day Western mind and institutions is traced by analyzing the beliefs, myths, accomplishments and problems of the civilizations of Mesopotamia, Egypt, Greece, Rome, the Medieval Period, Renaissance and Reformation.
HIST 111 C  WESTERN CIVILIZATIONS II
3 Units
(Formerly HIST 110BC)
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC, CAN
Advisory: Eligibility for ENGL 100 C. This course covers the
development of Western civilization from the beginning of the
modern era to the present day. A major part of this course
deals with the last 100 years. It covers imperialism, commu-
nism, industrialism and nationalism with related political-
social, and cultural issues.

HIST 112 C  WORLD CIVILIZATIONS I
3 Units
Three hours lecture per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, CAN
Advisory: Eligibility for ENGL 100 C. This course is a survey of
the roots and development of civilizations in Africa, the
Americas, Asia, and Europe from the earliest times to 1550
CE. Duplicate credit not granted for HIST 112HC.

HIST 112HC  HONORS WORLD CIVILIZATIONS I
3 Units
Three hours lecture per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, CAN
Advisory: Eligibility for ENGL 100 C. This course is an
enhanced survey of the roots and development of the vari-
ous civilizations in Africa, the Americas, Asia, and Europe
from the earliest times to 1550 CE. Duplicate credit not
granted for HIST 112C.

HIST 113 C  WORLD CIVILIZATIONS II
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC, CAN
Advisory: Eligibility for ENGL 100 C. This course is a survey
of the roots and development of civilizations in Africa, the
Americas, Asia, and Europe from 1550 CE to the present.

HIST 113 C  SURVEY OF BRITISH HISTORY I
3 Units
Three hours lecture per week.
UC/CSU, CSU GE, IGETC
Advisory: Eligibility for ENGL 100 C. This course is the con-
tinuing survey of the development of the United Kingdom
from 1715 to the present. Special emphasis in this course will
be placed on England’s political and cultural expansion
around the globe.

HIST 135 C  AFRICAN HISTORY
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC
Advisory: Eligibility for ENGL 100 C. This course is a survey
of African history from the earliest beginnings to contempo-
rary times. A special emphasis is placed on the various cul-
tures of Africa, demography and general chronology of the
rise and fall of nation states, and the impact of Western cul-
ture through the colonial, neo-colonial, and contemporary
periods.

HIST 142 C  HISTORY OF LATIN AMERICA I
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC
Advisory: Eligibility for ENGL 100 C. This course is a survey
of the history of Latin America from the late pre-Columbian
era to the independence period. Emphasis is placed upon
European conquest, the interaction of Europeans with Native
American and African cultures, and the planting of colonial
societies in the regions of Mexico, Central America, the
Caribbean, and South America. Spanish, French, Por-
tuguese, British, and Dutch America are compared as to their
socio-cultural, economic, and political development during
the colonial and independence periods.

HIST 143 C  HISTORY OF LATIN AMERICA II
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC
Advisory: Eligibility for ENGL 100 C. This course is a survey of
the history of Latin America from the independence period
to the present. Emphasis is placed upon: the nation-building
process, integration into the world capitalist system, the
inequality between the elite classes and the masses, the
development of new groups, such as the urban middle and
working classes, the conflict between liberalism and the
Catholic Church, race relations, challenges of political
regimes, relationships during the Cold War, and new global
economic models.

HIST 151 C  SURVEY OF BRITISH HISTORY II
3 Units
Three hours lecture per week.
UC/CSU, CSU GE, IGETC
Advisory: Eligibility for ENGL 100 C. This course is a survey of
English history and civilizations from prehistoric times to the end
of the Stuart period. The course concentrates on the develop-
ment of governmental institutions, and the cultural and intellec-
tual foundations of England and its people.

HIST 152 C  ASIAN CIVILIZATION
3 Units
Three hours lecture per week.
UC/CSU, CSU GE, IGETC
Advisory: Eligibility for ENGL 100 C. This course is a comparative
history of the civilization of Asia. The course includes all of Asian history from the eastern borders
of Europe to the Pacific and from the birth of civilization to the
19th century. The comparative perspective will stress the
process, patterns, and periods of West, South, East, South-
east, and Central Asia and view their respective evolutionary
development, institutions, social breakdown, elite values in
region interaction. Eligibility for ENGL 100 C
recommended.

HIST 152 C  ASIAN CIVILIZATION
3 Units
Three hours lecture per week.
UC/CSU, CSU GE, IGETC
Advisory: Eligibility for ENGL 100 C. This course is a comparative
history of the civilization of Asia. The course includes all of Asian history from the eastern borders
of Europe to the Pacific and from the birth of civilization to the
19th century. The comparative perspective will stress the
process, patterns, and periods of West, South, East, South-
east, and Central Asia and view their respective evolutionary
development, institutions, social breakdown, elite values in
region interaction. Eligibility for ENGL 100 C
recommended.

HIST 160AC  ASIAN CIVILIZATION
3 Units
Three hours lecture per week.
UC/CSU, CSU GE, IGETC
This is a comparative history of the civilization of Asia. The
course includes all of Asian history from the eastern borders
of Europe to the Pacific and from the birth of civilization to the
19th century. The comparative perspective will stress the
process, patterns, and periods of West, South, East, South-
east, and Central Asia and view their respective evolutionary
development, institutions, social breakdown, elite values in
region interaction. Eligibility for ENGL 100 C
recommended.

HIST 160BC  ASIAN CIVILIZATION
3 Units
Three hours lecture per week.
UC/CSU, CSU GE, IGETC
This is a comparative history of the civilization of Asia. The
course includes all of Asian history from the eastern borders
of Europe to the Pacific and from the birth of civilization to the
present day. The comparative perspective will stress the
process, patterns, and periods of West, South, East, South-
east, and Central Asia and view their respective evolutionary
development, institutions, social breakdown, elite values in
region interaction. Eligibility for ENGL 100 C
recommended.
HIST 162AC HISTORY OF THE AMERICAS
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC
Advisory: Eligibility for ENGL 100 C. This course is a survey of the history of the Western hemisphere from its discovery to the wars of independence. Emphasis is placed upon European conquest, the interaction of Europeans with Native American and African cultures, and the planting of colonial societies in the New World. Spanish America, Brazil, Canada, and the United States are compared as to their socio-cultural, economic, and political development during the colonial and independence periods.

HIST 162BC HISTORY OF THE AMERICAS
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC
Advisory: Eligibility for ENGL 100 C. This course is a comparative study of the political, social, and economic development of the independent nations of the Western hemisphere from the wars of independence to the present. Emphasis is placed upon the present international relations of these nations.

HIST 163 C HISTORY OF MEXICO
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC
Advisory: Eligibility for ENGL 100 C. This course is a survey of the economic, socio-cultural and political history of Mexico from the pre-Columbian period to the present.

HIST 165 C MIDDLE EASTERN HISTORY
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC
Advisory: Eligibility for ENGL 100 C. This course covers the historical development of the Middle East from the rise of Middle Eastern civilization to the present, emphasizing the Islamic religion, art, philosophy, and key political and social conflicts of modern times.

HIST 170 C HISTORY OF THE UNITED STATES
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC, CAN HIST 8
Advisory: Eligibility for ENGL 100 C. This course is a survey of American history from the colonial foundations to 1877. The course satisfies state requirements in American history and institutions for transfer.

HIST 171 C HISTORY OF THE UNITED STATES
3 Units
Three hours lecture per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, CAN HIST 10
Advisory: Eligibility for ENGL 100 C. This course is a survey of American history from 1877 to the present time. This course satisfies state requirements in American history and institutions for transfer. Duplicate credit not granted for HIST 171HC.

HIST 171HC HONORS HISTORY OF THE U.S.
3 Units
Three hours lecture per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, CAN HIST 10
Advisory: Eligibility for ENGL 100 C. This course is an enhanced version of survey of American History from 1877 to the present time. This course satisfies state requirements in American History and institutions for transfer. Duplicate credit will not be granted for HIST 171 C.

HIST 180 C PEOPLE AND CULTURE IN EAST ASIA
3 Units
Three hours lecture per week.
UC/CSU, CSU GE, IGETC
This course is a general introduction to the East Asian cultural area. East Asia, by definition, is China, Japan, and Korea. The course will emphasize the role of people in the East Asia tradition, including the interaction of environment, world-view, and the fine arts. The focal point will be the human achievements in this tradition, the operation as an entity in the tradition, and how the tradition functions. The fields of art, literature, and music will be an integral part of the study.

HIST 270 C WOMEN IN UNITED STATES HISTORY
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC
Advisory: Eligibility for ENGL 100 C. This course is a survey of the economic, social, intellectual and political history of women in America from colonial times to the present. Special emphasis is placed upon the feminist movements and suffrage struggle of the 19th and 20th centuries.

HIST 275 C HISTORY OF CALIFORNIA
3 Units
Three hours lecture per week.
UC/CSU, CSU GE, IGETC, CUL DIV
Advisory: Eligibility for ENGL 100 C. This course surveys the economic, social, ethnic, intellectual, and political history of California from the earliest times to the present. Special emphasis is placed upon issues of diversity caused by demographic changes.

HIST 295 C RESEARCH METHODS IN ORAL HISTORY
2 Units
(Same as SOSC 295 C)
One hour lecture and
Three hours laboratory per week.
UC
This course introduces the student to the special techniques of tape recorded interviews to document 20th century history. Areas of study will include interviewing techniques, historical editing, and transcripts of interviews. The course does not satisfy General Education requirements in Social Science.
HIST 298 C  HISTORY SEMINAR  
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)  
Zero to twelve hours lecture and  
Zero to thirty-six hours laboratory per week.  
Credit/No Credit or Credit/No Credit/Letter Grade Option or  
Standard Letter Grade  
UC Credit Limitation/CSU  
Prerequisite: May be required. Corequisite: May be required.  
Advisory: May be required.  
This is a lecture/discussion type course developed on a particular limited problem or topic of interest to students. It is designed for able students who wish to increase their knowledge of a particular topic concerning which no other regular class is offered. A paper or group activity may be requested. Credit may range from ½ unit to 12 units. Consult class schedule for the offerings a particular semester.  
Fees may be required – PAYABLE AT REGISTRATION.

HIST 299 C  HISTORY INDEPENDENT STUDY  
1 Unit  
(May be taken for credit 3 times)  
Varying hours of scheduled conferences per week according to instructor.  
UC Credit Limitation/CSU  
Prerequisite: Approved Independent Study Learning Contract.  
Independent study is for able students who wish to extend their knowledge of a particular area through individual research and study. It is thought that topics might develop out of a curiosity stimulated in a regular class. The student would then contact the supervising instructor to develop a contract for his/her particular interest so that they could learn more regarding their special topic.

ASSOCIATE IN SCIENCE DEGREE CULINARY ARTS  
Program Code: 1S03813  
The Culinary Arts program provides students with basic competencies in the methods of food handling, cooking, and culinary management. It includes exposure to various styles, and proper use of culinary applications and equipment. The program is designed to help students develop a working knowledge of what is required to be successful for fast track culinary management potential.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

Required courses are listed in suggested sequence:  
Course #  Title  Units  
HRC 100 C  Nutrition  3  
HRC 101 C  Intro to Hospitality Careers  3  
HRC 120 C  Sanitation and Safety  3  
HRC 125 C  Restaurant/Banquet Operations  3  
HRC 135 C  Basic Cooking Techniques  3  
HRC 136 C  Baking and Pastry  3  
HRC 144 C  Quantity Cooking Techniques  3  
HRC 152 C  Menu/Kitchen Layout & Design  3  
HRC 231 C  Cost Control in Hospitality  3  
HRC 232 C  Catering & Event Management  3  
HRC 233 C  International Gourmet Foods  3  
HRC 243 C  The Art of Garde Manger  3  
HRC 245 C  Advanced Cooking Techniques  3  
HRC 295 C  Hospitality Internship  3

HOSPITALITY, RESTAURANT, CULINARY ARTS TRANSFER PROGRAM
Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Hotel, Restaurant, Culinary Arts (HRC)

HRC 100C NUTRITION
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, CAN FCS 2
This course is a study of the interactions between food and a living organism. Course includes the role of carbohydrates, fats, protein, vitamins, water, minerals, alcohol and drugs in nutritional status. Emphasis is on the practical application of nutritional information to the individual diet and the recognition of nutrition misinformation.

HRC 101C INTRO TO HOSPITALITY CAREERS
3 Units
Three hours lecture per week.
CSU
This course provides an overview of operations and career opportunities including travel industry, hotels, culinary arts, food service management, meeting and event planning and airline customer services. The history, definition, organization, and industry trends will be reviewed for each area of the hospitality industry. Internet research will be utilized and students will prepare a personalized career project and portfolio.

HRC 120C SANITATION AND SAFETY
3 Units
Three hours lecture per week.
CSU
This course is designed to acquaint students with principles of sanitation and safety in any hospitality management facility. The course content includes basic microbiology, the cause, control and investigation of food borne illnesses, sanitary practices in purchasing, storing and preparing food, sanitary maintenance of kitchen, dining room and all equipment, personal hygiene and the safety of all equipment, food handling, vector control and safety practices.

HRC 121C SERVSAFE FOOD SAFETY
½ Unit
One half hour lecture per week.
CSU
A short course designed to acquaint industry employees with food safety and sanitation principles and prepare them to take the Food Safety Certification exam. A certified food handler is required in all California restaurant establishments.

HRC 125C RESTAURANT/BANQUET OPERATIONS
3 Units
Two hours lecture and Three hours laboratory per week.
CSU
Advisory: Completion of or concurrent enrollment in HRC 101 C or HRC 120 C. Students operate a restaurant dining room; emphasis is placed on providing excellent guest service, using a point of sale computer system, staffing, mise en place and those leadership skills required to effectively manage restaurant and banquet operations. This course also explores guest service techniques for wines and foods of the world. $25.00 Laboratory Fee – PAYABLE AT REGISTRATION.

HRC 131C HOUSEKEEPING & PROPERTY OPS
3 Units
Three hours lecture per week.
CSU
This course explores hotel housekeeping and property operations, including management strategies, reports, budgets and technical details.

HRC 135C BASIC COOKING TECHNIQUES
3 Units
Two hours lecture and Four hours laboratory per week.
CSU
Advisory: Completion of or concurrent enrollment in HRC 120 C. Through lecture, demonstration and hands-on practice this course introduces the student to basic cooking skills that can be applied in any level or type of food service operation. Skills developed in this course will provide the foundation for all subsequent restaurant courses. Students will be required to follow food service and hotel management departments’ dress standards. $50.00 Laboratory Fee – PAYABLE AT REGISTRATION.
HRC 136 C  BAKING AND PASTRY
3 Units
Two hours lecture and
Four hours laboratory per week.
CSU
This course is designed to develop skills in baking and pastry. The subject area includes: portioning, accuracy in measuring, baking of cakes, pies, breads, rolls, and other yeast and non-yeast products, filling for pies, tarts, meringues, icings, and toppings. $50.00 Laboratory Fee – PAYABLE AT REGISTRATION.

HRC 144 C QUANTITY COOKING TECHNIQUES
3 Units
Two hours lecture and
Four hours laboratory per week.
CSU
Advisory: Completion of or concurrent enrollment in HRC 120 C and HRC 135 C. This course is designed to develop techniques and skills for managing cooking for large groups. Emphasis is on preparation of entrées, including plate garnish, specialty foods, breads, pastries and desserts. $50.00 Laboratory Fee – PAYABLE AT REGISTRATION.

HRC 152 C MENU/KITCHEN LAYOUT & DESIGN
3 Units
Three hours lecture per week.
CSU
This course provides students with experience in designing restaurants menus including: themes, item selection, cost/volume/profit/relationships, food cost determination, standard costs, forecasting, sales controls, and menu planning. Students will also analyze and develop solutions to the layout and design of hotel and restaurant kitchen facilities.

HRC 160 C FRONT OFFICE OPERATIONS
3 Units
Three hours lecture per week.
CSU
Instruction in front office operation in a hospitality lodging enterprise will be presented. Public and employee relations, guest accommodations/reservations, forecasting, office routines and reports, machine operation, room rates and the application of computer programs will be emphasized.

HRC 164 C HOSPITALITY LAW
3 Units
Three hours lecture per week.
CSU
This course is a comprehensive study of the legal aspects of the hospitality industry with an emphasis on compliance and prevention of liabilities. Topics include safety and security, food and alcohol legal responsibilities, selecting and managing employees, managing insurance, regulatory concerns, property management, hospitality operating structures, and hospitality contracts.

HRC 166 C MANAGING GUEST RELATIONS
3 Units
Three hours lecture per week.
CSU
This course is designed to provide the student with the basic knowledge of “service” and how it applies to managing guest relations. Service will be examined from the perspective of those who deliver it and those who manage it. A pragmatic approach to the problems of personnel management in the hospitality and travel industry will be discussed.

HRC 230 C HOTEL MANAGEMENT
3 Units
Three hours lecture per week.
CSU
Advisory: Completion of or concurrent enrollment in HRC 101 C. Students will be introduced to management theory and responsibilities in the hospitality industry including rooms division, food and beverage, engineering, security, marketing, sales, accounting, information management and human resources. Franchises, referral and management organizations, market analyses, feasibility studies, management contracts and product segmentation will also be covered.

HRC 231 C COST CONTROL IN HOSPITALITY
3 Units
Three hours lecture per week.
CSU
This course presents the principles of cost control and revenue management. Topics include: managing revenue and expenses, determining sales forecasts, managing the cost of food, beverages and labor, the production process, pricing, analyzing results, planning for profits, maintaining a revenue control system and using technology to enhance controls. Students learn to identify and solve problems to help keep costs low and profit margins high in hospitality operations.

HRC 232 C CATERING & EVENT MANAGEMENT
3 Units
Three hours lecture per week.
CSU
This course covers the marketing and management of catering on and off premises, including special functions. It includes planning, financing, organizing, marketing and operating a catering service. Emphasis is on creating and managing various catered activities.

HRC 233 C INTERNATIONAL GOURMET FOODS
3 Units
Two hours lecture and
Four hours laboratory per week.
CSU
Advisory: Completion of or concurrent enrollment in HRC 120 C and HRC 135 C. This course is designed to acquaint students with techniques in preparation of cuisines from other cultures. Emphasis is on Western European cuisine but content also includes Middle Eastern and Oriental cuisines. Students will have an opportunity to prepare and sample international cuisines. $50.00 Laboratory Fee – PAYABLE AT REGISTRATION.
HRC 243 C  THE ART OF GARDE MANGER
3 Units
Two hours lecture and
Four hours laboratory per week.
CSU
Advisory: Completion of or concurrent enrollment in HRC 120 C. This course is designed to develop the specialized skills of garde manger personnel in fine dining restaurants and hotels. The course includes lecture, demonstration and hands-on practice of classical and typical and hot and cold food preparation. Emphasis will be placed on the preparation of garnishes, buffet decorations, hot and cold hors d’oeuvres, pates, galantines, aspics, and chaud-froid. $50.00 Laboratory Fee – PAYABLE AT REGISTRATION.

HRC 245 C  ADVANCED COOKING TECHNIQUES
3 Units
Two hours lecture and
Four hours laboratory per week.
CSU
Advisory: Completion of or concurrent enrollment in HRC 135 C or HRC 144 C. This is a course designed to allow the student to acquire skills necessary for more advanced methods of food preparation. Topics include poultry, fish, lamb, Galantine, Ballotine, quenelle, aspic and meat carving. Samples of hors d’oeuvres, vegetable and fruit carving and the art of garde manger, choux paste, puff paste and creative decorating will be included. $50.00 Laboratory Fee – PAYABLE AT REGISTRATION.

HRC 295 C  HOSPITALITY INTERNSHIP
3 Units
One hour lecture and
Fifteen hours laboratory per week.
CSU
Prerequisite: Completion of first year hotel, food service or culinary arts program recommended. The Hospitality Internship class is the link between academic learning and industry experience. This course requires a minimum of 255 hours work experience with an instructor approved employer in the hotel, restaurant or culinary arts field. Students will compile a comprehensive career portfolio.

HRC 298 C  HOSPITALITY SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to ninety hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
CSU
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This course is for students who wish to increase their knowledge of the hotel, restaurant, and/or culinary arts industries. Various topics will be offered. Unit credit may range from ½ to 12 units in any given semester. Consult the class schedule to verify credit for a particular semester. Fees may be required – PAYABLE AT REGISTRATION.

ASSOCIATE IN ARTS DEGREE HUMAN SERVICES Program Code: 1A03803
The Human Services Program for the Associate in Arts Degree prepares students for a variety of careers in public and private social service agencies. Course work includes completion of 24 units plus 12 elective units in one or more specialty areas of Alcohol and Drug Studies, Criminal Justice, Family Studies, Gerontology, Human Services Generalist, and Victimology.

To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of "C"; (2) 25 units of General Education Graduation Requirements; (3) any elective courses to complete a minimum of 60 units; and, (4) with an overall GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

Required courses are listed in suggested sequence:
Course # T itle Units
HUSR 200 C Introduction to Human Services 3
HUSR 222 C Group Leadership and Group Process 3

HUMAN SERVICES CERTIFICATE PROGRAM

The Human Services Department includes certificate programs in Alcohol and Drug Studies, Conflict Resolution, Criminal Justice, Family Studies (Basic and Advanced), Gerontology, Human Services Generalist, and Victimology. Each specialization recommends a core of required courses including fieldwork experience, and 6 to 12 units of specialization courses. The curricula are designed so that students with interests in several areas can complete more than one certificate program in an effective and efficient manner. The California Association of Alcohol/Drug Educators approves the Alcohol and Drug Certificate program. The Conflict Resolution Certificate prepares students to assist in the resolution of conflict in various settings including home and work with an emphasis on human relations in business, management positions in treatment facilities, and issues in victimology and cross-cultural conflict. The Criminal Justice Certificate will prepare students to work with Human Service agencies that provide services to clients coming from the criminal justice system. Family Studies Certificates offer the student the opportunity to examine today’s changing family needs, values and patterns as well as to form the foundation for a career in family studies professions. The Gerontology Certificate explores appropriate human service agencies, intervention strategies, and the adaptive and maladaptive behaviors of the normal aging process for the individual and their family. The Victimology Certificate examines the network of agencies available for victims and perpetrators as well as the variety of methods for dealing with this issue. The Human Services Generalist Certificate has training applicable in all Human Service areas.

ALCOHOL AND DRUG STUDIES CERTIFICATE Program Code: 1C07845

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

GERONTOLOGY CERTIFICATE Program Code: 1K07842

The Gerontology Certificate Program in Human Services is a collection of interdisciplinary courses that prepare students to bring expertise, intervention skills and understanding about the aging adult to work and to family settings. Older adult development, and adaptive and maladaptive behaviors of the normal aging process are explored. Emphasis will be placed on critical life issues such as health, mental health, care giving, social support, living arrangements, work and retirement, and human service resources. Death and dying, and the ethical issues that often occur during the last years of life will be examined.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

Required courses are listed in suggested sequence:

OFF-CAMPUS PROGRAMS
Cypress’ Human Services Department provides flexible, off-campus courses and workshops to further meet the education and training needs of human services. Specially designed training is available to meet the needs of community leaders, professionals, paraprofessionals, volunteers, community groups and organizations. For further information, contact the Human Services Department.

TRANSFER PROGRAM - HUMAN SERVICES
The student in human services has the option of completing an Associate in Arts degree with a major in Human Services by completing the general education requirements in addition to the Certificate Program. The program is also designed for students who plan to continue with professional preparation at the university level in social work, human services, criminal justice, gerontology, counseling, and related social service fields.

Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Human Services (HUSR)

HUSR 084 C  INTRODUCTION TO BEHAVIOR MODIFICATION
½ Unit
One-half hour lecture per week.
This course is for individuals working in programs for developmentally disabled persons, as well as those interested in the field. It will cover basic information about behaviorally oriented work with such clients, including content on behavior modification, teaching methods and ways to encourage clients.
HUSR 200 C  INTRODUCTION TO HUMAN SERVICES
3 Units
Three hours lecture per week.
CSU, CSU GE
This course covers the history and philosophy of the human services; function and orientation of human services agencies and institutions; human services as careers; opportunities and qualifications at various entry levels of human services employment.

HUSR 210 C  INTRODUCTORY FIELDWORK
3 Units
One hour lecture per week and
Six hours and forty-five minutes fieldwork per week.
Credit/No Credit/Letter Grade Option
CSU
This course offers observation and participation in the operations of human services agencies. The student will document 125 hours of supervised field study per semester and will attend one hour lecture per week.

HUSR 211 C  ADVANCED FIELDWORK
3 Units
One hour lecture per week and
Six hours and forty-five minutes fieldwork per week.
Credit/No Credit/Letter Grade Option
CSU
Prerequisite: HUSR 210 C. This course is the second of a two-semester sequence of volunteer, or paid fieldwork experience. The student will apply values, concepts and skills of core human services courses to the actual process of helping people. Emphasis of this semester is on sharpening skills and knowledge gained in the introductory field experience. There is one hour of classroom experience per week.

HUSR 215 C  INTRODUCTION TO FAMILY STUDIES
3 Units
Three hours lecture per week.
CSU
This course involves intergenerational family studies and related career exploration to introduce Human Services students to family issues and to skills, theories, and competencies needed to empower families for reaching their goals. Various family issues, family/worker relationships, strength-based assessments, resource referral/utilization, community service coordination, and family and worker stress management are covered.

HUSR 221 C  CRISIS INTERVENTION & REFERRAL
3 Units
Three hours lecture per week.
CSU
This course introduces techniques for beginning crisis counseling, including recognition of crisis, assessment of crisis, and referral to the appropriate crisis agency. Special attention will be given to the process of intervention and to the recording of information regarding problems with alcohol and other drugs. Participants will implement a variety of crisis skills through an experiential format.

HUSR 222 C  GROUP LEADERSHIP AND GROUP PROCESS
3 Units
Three hours lecture per week.
CSU
This course examines membership and leadership of various kinds of groups, with emphasis on the total group process. An overview of the various types of groups will be given as well as the values and limitations of groups, cautions and risks of groups and common misconceptions about groups. The student will be offered experience as a group member and a group leader.

HUSR 223 C  HELPING SKILLS IN HUMAN SERVICES
3 Units
Three hours lecture per week.
CSU
This course involves identifying and applying specific helping skills in interpersonal relations. It is designed for persons in helping roles, professional and paraprofessional, volunteer, or friend.

HUSR 224 C  SELF-ESTEEM STRATEGIES
3 Units
Three hours lecture per week.
CSU
This course is designed for those considering a career in management and staff development in Human Services Agencies, with special application to client after-care programs. Theory and technique are combined in this skills class to assist case managers and program directors with assessment and evaluation, individual recovery program development, educational process and materials, and utilization of resources and referral procedures. This course focuses on issues of self-esteem, concept formation, problem solving, time management, emotional intelligence, and decision making for client and/or staff development.

HUSR 225 C  FAMILIES AND SUBSTANCE ABUSE
3 Units
Three hours lecture per week.
CSU
This course presents the dynamics of the family system as they are affected by addiction. Theories of healthy and unhealthy family interaction are explored and the experiential format provides the opportunity for skill development and practical experience.

HUSR 226 C  BEHAVIOR MODIFICATION TECHNIQUES
3 Units
Three hours lecture per week.
CSU
This course includes both theory and practice in behavior modification principles. It teaches skills such as observing and recording behavior, uses of reinforcement, extinction, punishment, etc. Self management techniques to assist in control of one’s own behavior will also be discussed. Topics have wide application in any course of study and will require dealing effectively with others, or with more effective management of oneself.
HUSR 240 C DRUGS & ALCOHOL IN OUR SOCIETY
3 Units
Three hours lecture per week.
CSU
This is an introductory course for individuals in any area of human services who wish to increase their knowledge regarding problem drinking/drug abuse. This course will cover the basic casual theories of alcoholism, identification signs and symptoms, dispel some of the "myths" and provide information on treatment sources. Students will also be introduced to drug problems in general; their misuse and abuse and methods for their control.

HUSR 241 C INTERVENTION TREATMENT AND RECOVERY
3 Units
Three hours lecture per week.
CSU
This course will serve as an assessment and treatment approach to individuals having problems with alcohol and other drugs. Alcoholism will be studied in its social and clinical context. Attention will be given to the basic theoretical approaches to the disease; however, major emphasis will be focused on the philosophical, organizational, and clinical approaches to treating the alcoholic.

HUSR 242 C DRUGS AND PHYSIOLOGY
3 Units
Three hours lecture per week.
CSU
The principle thrust of this course is to focus on the effects of alcohol and other drugs on the body and to study the physiology of alcohol in two areas: (1) physical effects of alcohol on the body, and (2) the physiological effects of the disease processes associated with heavy drinking.

HUSR 243 C CO-OCCURRING DISORDERS
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
CSU
This course will introduce the student to the treatment needs of those who have a psychiatric disorder in combination with a chemical dependency disorder. Students learn to identify and assess those with a dual diagnosis/co-occurring disorder.

HUSR 250 C SOCIOLOGY OF AGING
3 Units
(Same as SOC 250 C)
Three hours lecture per week.
CSU
This course explores the concept of aging and sociological/cultural theories of aging. The gender, cross-cultural, economic, political and social policy aspects of aging in society and the world are examined. Critical life issues for elders and for those who live and work with them are explored. These issues include empowerment, care giving, social support, living arrangements, elder abuse, work, retirement, quality of life and death and dying. Duplicate credit not granted for SOC 250 C.

HUSR 255 C INTRODUCTION TO GERONTOLOGY
3 Units
(Same as PSY 255 C)
Three hours lecture per week.
UC/CSU
This course examines the biological, physiological, cognitive, personality, developmental, and sexual aspects of the ongoing aging process. Critical life issues for elders and for those who live and work with them will be explored. These issues include physical health, mental health, health care policy, care giving, dependency, and positive aging strategies. Duplicate credit not granted for PSY 255 C.

HUSR 270 C INTRODUCTION TO VICTIMOLOGY
3 Units
Three hours lecture per week.
CSU
This course responds to the emerging social concern regarding the cost of victimization to our society today. It provides education, information on existing resources, and direct participation in the creation and expansion of existing resources of treatment and recovery of victims and perpetrators.

HUSR 271 C SOCIETY AND VICTIMIZATION
3 Units
Three hours lecture per week.
CSU
This course will provide an understanding of the social problems of victimization with in-depth focus on both perpetrator and victim. Specific issues will be explored including their genesis and specific methods of identifying issues regarding self-help and support activities from a clinical approach.

HUSR 275 C ETHICAL ISSUES IN HUMAN SERVICES
3 Units
Three hours lecture per week.
CSU
This course presents the rules and standards governing the professional conduct of those working in Human Services Agencies. Issues of client/patient rights, confidentiality, physical and emotional abuse, and counselor/client relationships will be explored in great depth.

HUSR 280 C EMPLOYEE ASSISTANCE PROGRAMS: PUBLIC AND PRIVATE
3 Units
Three hours lecture per week.
CSU
This course presents a conceptual framework for the development and implementation of Employee Assistance Programs, based on organizational and administrative theories. It provides training of skills necessary to help employees overcome such barriers as substance abuse, interpersonal difficulties, and ineffectual stress management.

Interdisciplinary Studies (INDS)

INDS 092 C WORK EXPERIENCE - GENERAL
3 Units (May be taken for credit 3 times)
One hour lecture plus minimum of
Five hours of employment per week
for each unit of credit.
Prerequisite: Must be enrolled in seven units, including work experience. This course provides students with actual work experience through mutual agreement with selected employers. Work may include the acquisition of desirable work habits and attitudes toward jobs. The job held by the student need not be related to the occupational goal of the student. The student may earn no more than three credit units per semester with a maximum total of six during the student’s enrollment in any community college. Student’s employment need not be limited to the five-hour increment for which the student gains credit.

INDS 100 C HUMANITIES AND THE ARTS
3 Units
(Same as ENGL 110 C)
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC
Prerequisite: Eligibility for ENGL 100 C. This course is a survey of the development of Western culture with a focus upon its Greco-Roman roots, and a study of other important influences, including African, Middle Eastern and Asian. The course covers prehistory to the Renaissance, with emphasis on the arts.

INDS 101 C HUMANITIES AND THE ARTS
3 Units
(Same as ENGL 111 C)
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC
Prerequisite: Eligibility for ENGL 100 C. This course is a survey of the development of Western Culture from the Renaissance to the present, including a study of other important influences from Africa, the Middle East, Asia, and North and South America, with emphasis on the arts.

INDS 120HC HONORS THEME SEMINAR
1 Unit
One hour lecture per week.
CSU
The Honors Theme Seminar is a course specifically designed for Honors Program students. Students will discuss, research, analyze, and write about the Honors Program yearly theme.

INDS 215 C TUTORING TECHNIQUES
1 Unit
One hour lecture per week.
Credit/No Credit/Letter Grade Option
CSU
This course provides preparation and training for successful tutoring and study group leadership in multiple subject areas. Instruction will focus on tutoring principles, specific tutoring techniques, collaborative learning strategies, study skills, and communication skills. This course is strongly recommended for both students who wish to tutor on campus and students interested in careers in education.
INDS 298 C  INTERDISCIPLINARY STUDIES - SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to sixty hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
UC Credit Limitation/CSU
Prerequisite: May be required. Corequisite: May be required.
Advisory: May be required. This course is a lecture and/or laboratory workshop approach to topics that do not fit into a single division. Fees may be required – PAYABLE AT REGISTRATION.

Japanese (JAPN)

JAPANESE TRANSFER PROGRAM
Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

JAPN 098 C  JAPANESE SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to twenty-four hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
Prerequisite: May be required. Corequisite: May be required.
Advisory: May be required. This seminar is for students who wish to extend their knowledge of literature, language and culture through small group discussion. Fees may be required – PAYABLE AT REGISTRATION.

JAPN 100 C  SPOKEN JAPANESE FOR BEGINNERS
3 Units (May be taken for credit 2 times)
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
CSU, AA GE
This course is for students who would like to take conversational Japanese without having to learn the complicated writing system. This will be an introduction to spoken Japanese, with emphasis on vocabulary development, use of the common phrases and culturally appropriate language at beginning levels. Conducted mainly in Japanese through the use of the direct teaching method.

JAPN 101 C  ELEMENTARY JAPANESE I
5 Units
Five hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE, CAN JAPN 2
Prerequisite: Eligibility for ENGL 100 C or successful prior experience in Japanese. The course emphasizes the acquisition of basic skills in pronunciation, listening, speaking, reading and writing. Students will be introduced to the culture, history and geography of Japan through lectures, slides, videos, photographs, films, and reading assignments.

JAPN 102 C  ELEMENTARY JAPANESE II
5 Units
Five hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE, IGETC, CAN JAPN 4
Prerequisite: JAPN 101 C with a grade of “C” or better or one year of high school Japanese with an average of “C” or better is recommended. The course continues to emphasize the acquisition of basic skills in pronunciation, listening, speaking, reading, and writing. Students will increase their knowledge of the culture, history, and geography of Japan and Japanese through lectures, slides, films, and reading and writing assignments.

JAPN 125 C  JAPANESE CULTURE THROUGH FILM
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE, IGETC
This course is a critical study of Japanese culture through viewing films of great directors. The student will study artistic works of internationally recognized principal directors and examine uniquely Japanese traits and critically analyze the identification of characters. The course will provide students with insights into Japanese culture and techniques for the critical analysis of film.
**JAPN 200 C CONVERSATIONAL JAPANESE**
2 Units (May be taken for credit 4 times)
Two hours lecture per week.
Credit/No Credit/Letter Grade Option
CSU, CSU GE
Prerequisite: JAPN 102 C. The course(s) will focus on practical conversation with emphasis on the idiomatic usage of the language. Topics concern Japanese life, culture, and current events. Students will prepare for this class through the study of the required textbook, magazines, newspapers and other current materials. The course is conducted in Japanese.

**JAPN 203 C INTERMEDIATE JAPANESE III**
4 Units
Four hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE, IGETC, CAN JAPN 8
Prerequisite: JAPN 102 C with a grade of "C" or better or two years of high school Japanese with an average grade of "C" or better is recommended. The course emphasizes the acquisition of advanced skills in listening, speaking, reading, and writing. Students will be introduced to further elements of the culture, history, and geography of Japan through lectures, slides, films, dialogues and reading assignments conducted in Japanese.

**JAPN 204 C INTERMEDIATE JAPANESE IV**
4 Units
Four hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE, IGETC, CAN JAPN 10
Prerequisite: JAPN 203 C with a grade of "C" or better or three years of high school Japanese with an average grade of "C" or better is recommended. The course emphasizes the acquisition of advanced skills in listening, speaking, reading, and writing. Students will be introduced to further elements of the culture, history, and geography of Japan through lectures, slides, films, dialogues and reading assignments conducted in Japanese.

**JAPN 291 C ANIME I: STUDY OF CULTURE**
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
CSU
This course is a critical study of Japanese anime as culture. Students will discover how these films are created, from the point of view of technique and imagination. Students will practice critical ways of viewing the films. Students will also learn to see the films in their cultural context and as representations of Japanese culture.

**JAPN 292 C ANIME II: LANGUAGE IN FILMS**
3 Units (May be taken for credit 3 times)
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
CSU
Prerequisite: JAPN 102 C or eligibility for JAPN 203 C. This course is a critical study of Japanese Anime as culture and language. Students will study the measurable timing of artistic translation techniques (including use of storyboards, cell and 3DCG) in the context of Japanese culture. This class will be conducted in Japanese.

**JAPN 298 C JAPANESE SEMINAR**
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to twenty-four hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
UC Credit Limitation/CSU
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This seminar is for students who wish to extend their knowledge of literature, language and culture through small group discussion. Fees may be required – PAYABLE AT REGISTRATION.

**JAPN 299 C JAPANESE INDEPENDENT STUDY**
½ - 2 Units (Variable Unit Class) (May be taken for credit 3 times)
One-half to two hours conference per week.
Credit/No Credit/Letter Grade Option
UC Credit Limitation/CSU
Prerequisite: Approved Independent Study Learning Contract.
This course is for able students who wish to increase their knowledge of the Japanese language through individual study or research. Unit credit may range from ½ - 2 units in any given semester.

COMMUNICATIONS TRANSFER PROGRAM

Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.
Journalism/ Communications (JOUR)

JOUR 098 C COMMUNICATIONS/JOURNALISM SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to thirty-six hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This seminar is for students who wish to extend their knowledge of literature, language and culture through small group discussion. Fees may be required – PAYABLE AT REGISTRATION.

JOUR 101 C REPORTING AND WRITING
3 Units
Three hours lecture per week.
UC/CSU, CAN JOUR 2
Prerequisite: Eligibility for ENGL 100 C. Advisory: Ability to keyboard 20 words per minute. The course is an introduction to the fundamentals of reporting and writing for mass communication, including newspaper, radio, television and World Wide Web. News gathering strategies; grammar, punctuation and word usage according to Associated Press style; story organization; radio and television script styles and formats are covered.

JOUR 102 C EDITING & ADVANCED WRITING
3 Units
Three hours lecture per week.
CSU
Prerequisite: JOUR 101 C or equivalent. This course includes the study and practice of publications copy editing and makeup as well as advanced reporting and writing techniques required in interpretative/investigative reporting and feature writing for newspapers and magazines.

JOUR 110 C MASS MEDIA SURVEY
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, CAN JOUR 4
This course examines the histories, structures, functions, political, social, and economic impacts of the mass media and support systems, including legal and ethical issues. Includes newspapers, magazines, films, radio, television and internet.

JOUR 118 C INTRODUCTION TO BROADCASTING
3 Units
(Same as SPCH 118 C)
Three hours lecture per week
CSU, CSU GE
The history, theory, contemporary issues, and current law in broadcasting, cable and World Wide Web are covered in this course designed both for students majoring in journalism and communication and those seeking a liberal education. Students learn through lecture, reading, and creating video and audio presentations for the class and possible broadcast in student media.

JOUR 140 C PUBLIC RELATIONS AND PUBLICITY
3 Units
CSU
Three hours lecture per week.
Advisory: Ability to type 20 WPM and understand basic computer operation. Students will study and practice the techniques and responsibilities of industrial, governmental, and civic public relations, with special attention to publicity writing and public relations campaign development.

JOUR 225 C NEWSPAPER PRODUCTION
3 Units
(Same as MMJO 229 C)
Three hours lecture per week
CSU
Advisory: 20 words per minute keyboarding helpful. Emphasis is on publishing of the campus newspaper, The Cypress Chronicle. The course is taught in a newsroom using the media convergence model in which students work alongside of, and share their production with, other campus media. Skills developed include reporting, writing, and editing; desktop publishing; desktop editing of photographs and the creation of graphics; and digital photography; plus managing media and advertising.

JOUR 226 C ON-LINE PRODUCTION
3 Units
(Same as MMJO 226 C)
Three hours lecture per week
CSU
Advisory: 20 words per minute keyboarding helpful. Emphasis is on creating and maintaining The Cypress Chronicle Web Site, CyChron.com. The course is taught in a newsroom using the media convergence model in which students work alongside of, and share their production with, other campus media. Skills developed include writing for the internet, using digital photography, editing digital video and audio, using on-line publishing software, plus managing media and advertising.

JOUR 228 C VISUAL JOURNALISM
3 Units
(Same as MMJO 228 C)
Three hours lecture per week
CSU
Advisory: 20 words per minute keyboarding helpful. Emphasis is on creating visual stories using digital photography and/or videography. The student will plan, photograph or videograph, report, write, layout or edit visual story packages for the campus media. Skills include digital photography and videography, reporting, writing, desktop photographic editing, desktop publishing, and video editing.

JOUR 229 C BROADCAST PRODUCTION
3 Units
(Same as MMJO 229 C)
Three hours lecture per week
CSU
Advisory: 20 words per minute keyboarding helpful. Emphasis is on creating broadcast television and radio-style programming for posting as files and for streaming on the internet as well as for distributing conventionally. The course is taught in a newsroom using the media convergence model in which students work alongside of, and share their production with, other campus media. Skills developed include broadcast writing, videography, audio and video production, and internet distribution, plus managing media and advertising.
JOUR 298 C COMMUNICATION/JOURNALISM SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to thirty-six hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
UC Credit Limitation/CSU
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This seminar is for able students who wish to extend their knowledge of literature, language and culture through small group discussion. Fees may be required – PAYABLE AT REGISTRATION.

JOUR 299 C INDEPENDENT STUDY
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
Zero to two hours lecture and
Zero to six hours laboratory per week.
UC Credit Limitation/CSU
Prerequisite: Approved Independent Study Learning Contract. Students enroll who wish to increase their knowledge of journalism through individual study, research or internships. Permission of the instructor is required along with a contract outlining a student's independent work and the supervision of the instructor.

Liberal Arts
ASSOCIATE IN ARTS DEGREE
Program Code: 1A07860
The Cypress College Liberal Arts Program for the Associate in Arts Degree is a college-wide interdisciplinary program designed for students who plan to transfer to a California State University or the University of California. The program provides students with an enlightened view of the culture and institutions that shape their lives and provide them with an opportunity to explore areas of individual intellectual curiosity. This is accomplished through diverse methods of inquiry and a deepening knowledge of how to think and communicate clearly. Ultimately, the students are expected to be able to understand and integrate ideas, possess an awareness of our society and its institutions, and interact in a qualitative and positive manner with the world in which they live.

Interwoven throughout the Liberal Arts curriculum are academic disciplines that help develop the student’s understanding of his or her concept of self and its relationship in a culturally and intellectually diverse world. This is accomplished through courses that introduce the student to the natural sciences, the social sciences, the humanities and the arts, language and rationality. These disciplines encourage analytical and critical thinking, historical and political awareness, aesthetic expression, communication, and ethics.

Besides completing institutional requirements that foster the development of intellectual curiosity and an enriched cultural and ethical life, the student is expected to pursue his or her individual interests through elective courses that will quantitatively and qualitatively assist the graduate in being a life-long learner. Because of its interdisciplinary approach, the Liberal Arts program does not have a departmental affiliation.

Requirements for the Associate in Arts Degree/Liberal Arts include:

- Completion of the California State University (CSU) or Intersegmental General Education Transfer Curriculum (IGETC) general education plan.
- Completion of an additional 20 transferable units including one (1) unit of physical education for a total of 60 transferable units.
- A 2.0 (“C”) overall grade point average.
- Fulfillment of all graduation requirements*, including completion of at least one 3 unit course in Cultural Diversity.

*Note: Completion of this option automatically meets the Reading Proficiency requirement.
Liberal Studies

GENERAL LIBERAL STUDIES
TRANSFER PROGRAM

Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Multiple Subject Matter Program

A Multiple Subject Credential is required to teach elementary school in California. Before entering a Multiple Subject Credential Program a student must either earn a Bachelor Degree and pass the Multiple Subjects Assessment for Teachers or complete a Bachelor Degree that includes an approved Multiple Subject Matter Program that meets the seven areas prescribed by the Commission on Teacher Credentialing. Students should see a counselor for assistance in choosing appropriate classes to meet specific university requirements.

NOTE: Students interested in Liberal Arts (Teacher Preparation, please see listing under Teaching.

ASSOCIATE IN ARTS DEGREE BUSINESS ADMINISTRATION Program Code: 1A16599

This curriculum is designed to provide an opportunity for the business major to achieve an Associate in Arts Degree Business Administration while completing the first and second year requirements for transfer to a four-year institution. While a baccalaureate degree is recommended preparation for those considering professional careers in business administration, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for upper-division work.

Students should consult a counselor and the catalog of the individual college or university to plan a program of study. The internet site www.assist.org will also provide information for California public universities. Courses selected to fulfill the requirements of the associate degree should reflect requirements of the college to which the student plans to transfer.

To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of “C”; (2) California State University General Education Breadth requirements (SCU GE Breadth) or IGETC General Education Plan; (3) any elective courses to complete a minimum of 60 units; (4) complete all graduation requirements; and, (5) have an overall GPA of 2.0. At least 50% of all major course work must be completed at Cypress College. Students pursuing more than one specified departmental major may double count a maximum of 7 units to fulfill major requirements.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

MANAGEMENT TRANSFER PROGRAM
Refer to Catalog under:
BUSINESS ADMINISTRATION TRANSFER PROGRAM
Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Management (MGT)

CONSUMER RELATIONS
MGT 101 C PERSONAL FINANCE
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
CSU
This course encourages the management of personal income and expenses through effective financial planning, budgeting, and investing. By utilizing these tools in a contemporary manner, students will discover opportunities for a much improved standard of living. The topics explored include wealth building, smart consumer purchasing, goal setting, risk taking, tax deferred investing, and credit cards.

ENGLISH-RELATED COURSES
MGT 055 C BUSINESS ENGLISH
3 Units
Three hours lecture per week.
This course includes instruction in techniques of basic grammar, punctuation, vocabulary, spelling, and capitalization. The emphasis is on grammar as used in business communications.

MGT 111 C BUSINESS COMMUNICATIONS
3 Units
Three hours lecture per week.
Credit by Examination
CSU
Prerequisite: MGT 055 C. The course includes instruction in the techniques of specific types of business communication media and in the general principles of effective communication. The elements and principles of written and spoken communications are covered with emphasis on the kind of writing and speaking that is conducted throughout a business career. The importance of communication is stressed. Applying skill and ingenuity in the use of the language is encouraged.

MGT 211 C WRITING FOR BUSINESS
3 Units
Three hours lecture per week.
CSU
Prerequisite: ENGL 100 C with a grade of “C” or better. This course is an introduction to communication skills and knowledge needed in organizations. This course will include communication fundamentals, ethical, legal, multicultural issues, correspondence applications, employment communication, oral and nonverbal communication, report writing, management presentations, research methods, and running effective meetings and conferences. Computer applications will be presented throughout the course.

MATH-RELATED COURSES
MGT 051 C BASIC BUSINESS MATHEMATICS
3 Units
Three hours lecture per week.
This course is a review of the fundamentals of arithmetic with special emphasis given to the solution of problems involving decimals, interest, and business operations. Drills are provided to improve speed and accuracy. This course is recommended for all students majoring in business who lack proficiency in basic mathematics as determined by examination.

MGT 151 C BUSINESS MATHEMATICS
3 Units
Three hours lecture per week.
CSU, AA GE
This course is an introduction to the fundamental operation of arithmetic as applied to business problems. Included are problems in simple and compound interest; bank and purchase discounts, payroll computations, sales and property taxes, depreciation, business financial statements, and distribution of ownership and profits.
ORGANIZATION/PERSONNEL/
MANAGEMENT-RELATED COURSES

MGT 061 C  SURVEY OF BUSINESS
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
This course provides a practical overview of business and how it applies to personal growth and success. The areas of study include inflation, social awareness, the stock market, communications, marketing, self-management, human relations, business problems, and future careers. Informal groups, gaming, personal workshop activities, and positive imagery will be utilized.

MGT 075 C  BASIC KEYBOARDING TECH &
TERM
½ Unit
One hour lecture and
One hour laboratory per week for nine weeks.
This course is designed for potential managers or people of all professions who need to become familiar with keyboarding (typing on information system workstations or typewriters) for easier and more proficient use of workstations. This course provides basic keyboarding skills and a working knowledge of terminology for the use of information system workstations to access, manipulate, and communicate for better management of information. It is designed for non-secretarial or non-clerical majors.

MGT 085 C  BUSINESS PLANNING
1 Unit
One hour lecture per week.
Credit/No Credit
This course is designed for both prospective and current entrepreneurs. It focuses on the steps involved in starting a business, including choosing the type of business and location, financial and legal considerations, marketing and management strategies. Participants will receive guidance on preparing a complete business plan.

MGT 086 C  BUSINESS FINANCE-
RECORDKEEPING
½ Unit
One-half hour lecture per week.
Credit/No Credit
This course addresses financial start-up considerations, sources and uses of capital, bookkeeping and financial statements, as well as tax reporting requirements.

MGT 087 C  OBTAINING AND USING
COMPUTERS
½ Unit
One-half hour lecture per week.
Credit/No Credit
This course points out the factors to consider in buying computer equipment and software for a small business and examines the various business functions that computers can perform.

MGT 088 C  MANAGING PERSONNEL
½ Unit
One-half hour lecture per week.
Credit/No Credit
This course focuses on techniques for the recruitment, training, compensation, management and motivation of workers in the business enterprise.

MGT 089 C  BUSINESS LAW-SMALL
BUSINESS
½ Unit
One-half hour lecture per week.
Credit/No Credit
This course covers topics including choosing the proper legal form, licenses and permits, contracts, liability issues, and government regulations pertaining to business.

MGT 102 C  FINANCIAL LITERACY
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
CSU
This course is designed to provide students with the general financial knowledge and skills needed to take responsibility for their economic security. Enabling students to make informed decisions to manage their money, build wealth, and protect assets, it covers such topics as: income sources, saving and investing, spending and credit, consumer behavior and customer education, taxation, and the legal, social and political environment of finance.

MGT 161 C  INTRODUCTION TO BUSINESS
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE
This course provides a student-centered perspective covering a survey of principles and practices of international and American businesses. Subject areas include business organizations, marketing, finance, management, small business operations, and human dynamics.

MGT 199 C  MANAGEMENT - INDEPENDENT
STUDY
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
The number of hours of scheduled conferences or activity per week will be determined by the instructor.
CSU
Prerequisite: Approved Independent Study Learning Contract. This course is designed for students who wish to gain experience in management activities or to increase knowledge and experience in applied areas of leadership. Students must obtain permission from instructor of subject area they will be working with and will be under direct supervision of that instructor. This course does not meet requirements of management classes.
MGT 261 C  SMALL BUSINESS MANAGEMENT
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
CSU
This course applies principles of management to small business enterprises. The major areas of study include planning, financial problems, organization, personnel relations, marketing decisions, location decisions, and franchising.

MGT 262 C  PRINCIPLES OF MANAGEMENT
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
CSU
This course focuses on the interrelationships of management decisions and the steps involved in the management process. The major areas of study include the basic management functions of planning, organizing, staffing, directing, and controlling work activities.

MGT 265 C  SOCIAL RESPONSIBILITY OF BUS.
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
CSU
This course addresses the social rather than the economic aspects of business responsibility. It considers the structure of business as it affects social responsiveness and accountability in its contribution to the quality of life. It stresses the need of business to develop closer relations with the community, educational, and business leaders as participants and speakers.

MGT 266 C  HUMAN RELATIONS IN BUSINESS
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
CSU, AA GE
This course provides an introduction to the principles of human behavior in modern organizations. The emphasis is placed on leadership theory, problems in communication, motivation, and the development of a productive work environment.

MGT 267 C  PRINCIPLES OF SUPERVISION
3 Units
Three hours lecture per week.
CSU
This course presents the fundamental techniques a supervisor needs to know about motivating people, managing a job, and the development of situational leadership styles.

MGT 268 C  HUMAN RESOURCES MANAGEMENT
3 Units
Three hours lecture per week.
CSU
This course provides theories and practices relating to personnel administration, labor-management relations, employee selection, training, performance appraisal, discharge, hours of work and methods of payment, handling of personnel problems, benefit programs, affirmative action, and equal employment.

MGT 269 C  OFFICE MANAGEMENT
3 Units
Three hours lecture per week.
CSU
This course is a study of the problems involved in the organization and management of a business office. The major problems identified and characterized in this course are the impact of automation upon the office manager's job, organizing and planning office work, controlling the people, the forms and the machines that do the work, creating proper human relations by effective supervision, modern personnel practices, employer-employee communications, and analyzing word processing as a method of paperwork cost reduction.

MGT 298 C  MANAGEMENT SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to twenty-four hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
CSU
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This course provides a lecture/discussion approach to particular problems for students who wish to increase their knowledge of business-related subjects not ordinarily covered in curriculum courses. Fees may be required – PAYABLE AT REGISTRATION.

LAW-RELATED COURSES

MGT 041 C  SURVEY OF BUSINESS LAW
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
CSU
This course provides a survey of the basic principles of law that apply to business and personal transactions with emphasis given to the substantive law of torts, crimes, contracts, sales, bailments, commercial paper, agency, employment and labor relations, partnerships, corporations, insurance, secured transactions, real property, estates and trusts, and bankruptcy. Other areas of study include the nature and sources of law, the judicial system, domestic relations law, and government regulation of business.

MGT 141 C  PERSONAL LAW
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
CSU
This course provides a survey of the basic principles of law that affect the citizens in American society with consideration given to the nature and sources of law, the state and federal judicial system, lawyers, crimes, and torts. The areas of law studied relate to the citizen's role as family member, student, consumer, insured, tenant, landlord, homeowner, saver, investor, owner of motor vehicle, employee, employer, and estate planner.
MGT 143 C  INTRODUCTION TO LEGAL RESEARCH
1 Unit
One hour lecture per week.
Credit/No Credit/Letter Grade Option
CSU
This course provides an introduction to the nature and use of legal reference material with consideration given to a uniform system of citation. An exposure to legal reference material will include constitutions, statutes and codes, executive orders, administrative agency regulations and rulings, treaties, judicial reports, indexes, digests, citators, treatises, looseleaf services, periodicals, encyclopedias, procedure manuals, and form books.

MGT 240 C  LEGAL ENVIRONMENT OF BUSINESS
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
UC Credit Limitation/CSU, CAN BUS 12
This course is an introduction to the legal environment in which a business firm operates. Topics include an introduction to the American legal system, contracts, torts, product liability, forms of business organization, trade regulation, labor law, environmental law, and international business law. Required for Business Administration majors at CSU Fullerton and San Diego State University.

MGT 241 C  LEGAL ASPECTS-BUSINESS TRANS.
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
UC Credit Limitation/CSU, CAN BUS 8
This course is an introduction to business law principles and cases, including a review of the classes and sources of law, agencies for enforcement, court procedure, and civil and criminal liability. The major subject area studied incorporates a concentrated study of the law of contracts. A special study is made of sales of goods based upon the Uniform Commercial Code with emphasis placed on consumer protection. Required for Business Administration majors at CSU Long Beach, CSU Dominguez Hills, and CSU Cal Poly Pomona.

MGT 242 C  AMERICAN JUDICIAL SYSTEM
4 Units
Four hours lecture per week.
Credit/No Credit/Letter Grade Option
CSU
This course provides an introduction to the basic principles of procedural law and the nature of the American judicial system with consideration given to an analysis of the decision making that takes place within the civil, criminal, and administrative agency processes. The areas of procedural law studied include the organization and jurisdiction of the courts, civil and criminal pretrial proceedings, discovery and production of evidence, trial practice, and appellate procedures.

Marine Service (MRN)

MRN 060 C  DIESEL ENGINES
6 Units
Three hours lecture and
Nine hours laboratory per week.
This is a comprehensive study of light diesel engines as used in passenger cars, light marine propulsion applications (power and sailboats), stationary and auxiliary power plants (generators). The course includes servicing, overhaul, troubleshooting and diagnosis of the diesel engine and auxiliary systems. Practical application will be both laboratory engines and/or live diesel engines.

MRN 061 C  OUTBOARD ENGINE REPAIR - SERVICE AND MAINTENANCE
6 Units
Three hours lecture and
Nine hours laboratory per week.
This course will cover the complete operating principles, theory and design features of outboard engines. The course will cover the repair, service, maintenance, overhaul and diagnosis of outboard engines such as Mercury, Johnson, and Evinrude. Students will be instructed using lecture/demonstrations and will perform various procedures in a simulated industrial laboratory. Practical experiences will be done on both laboratory units and live projects.

MRN 062 C  MARINE DRIVE SYSTEMS FOR RECREATIONAL BOATS
4 Units
Two hours lecture and
Six hours laboratory per week.
This course will cover the operating principles, theory and design features of marine drive systems for recreational boats (stern drives, jet drives, V drives and hydraulic and manual transmission). This course will cover the repair, service, maintenance, overhaul and diagnosis of stern drives, jet drives and inboard transmission systems such as OMC, Mercruiser, Volvo Penta, Panther jet, Berkeley jet, Jacuzzi jet and Borg Warner. Students will perform various procedures in a simulated industry laboratory environment, using both laboratory units and live projects.
MRN 064 C  OUTBOARD & STERN DRIVE REPAIR
4 Units
Two hours lecture and
Six hours laboratory per week.
This course is designed to provide the student with advanced experiences in all areas of marine service technology. Students will be working on actual repair projects on outboard engines such as Johnson, Evinrude, Mercury, Yamaha. Stern drives such as Mercruiser, Volvo Penta, OMC, as well as inboards and jet drives will be covered.

MRN 298 C  MARINE SERVICE SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to thirty-six hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
CSU
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This is a course for students who wish to increase their knowledge of marine service. Various topics will be offered. Unit credit may range from ½ to 12 units in any given semester. Consult the class schedule to verify credit for a particular semester. Fees may be required – PAYABLE AT REGISTRATION.

Students should consult a counselor and the catalog of the individual college or university to plan a program of study. The internet site www.assist.org will also provide information for California public universities. Courses selected to fulfill the requirements of the associate degree should reflect requirements of the college to which the student plans to transfer.

To earn an Associate Degree students must complete:
(1) all major course requirements with a minimum grade of "C"; (2) California State University General Education Breadth requirements (SCU GE Breadth) or IGETC General Education Plan; (3) any elective courses to complete a minimum of 60 units; (4) complete all graduation requirements; and, (5) have an overall GPA of 2.0. At least 50% of all major course work must be completed at Cypress College. Students pursuing more than one specified departmental major may double count a maximum of 7 units to fulfill major requirements.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

Required courses are listed in suggested sequence:
Course #  Title Units
MGT 161 C  Introduction to Business 3
CIS 111 C  Computer Information Systems 3
ECON 100 C  Principles of Economics-Macro 3
or ECON 100HC Honors Principles of Economics (3)

ASSOCIATE IN SCIENCE DEGREE
MARKETING  Program Code: 1S03764
This curriculum is designed to prepare students for careers in marketing – performing the activities that enable businesses to satisfy customers’ needs and wants. Students will learn product development, pricing, promotion, and distribution methods while gaining skills in selling, retailing, advertising, market researching, and other marketing areas.

To earn an Associate Degree students must complete:
(1) all major course requirements with a minimum grade of "C"; (2) 25 units of General Education Graduation Requirements; (3) the cultural diversity and reading requirements; (4) any elective courses to complete a minimum of 60 units; and, (5) have minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

ASSOCIATE IN ARTS DEGREE BUSINESS ADMINISTRATION  Program Code: 1A16599
This curriculum is designed to provide an opportunity for the business major to achieve an Associate in Arts Degree Business Administration while completing the first and second year requirements for transfer to a four-year institution. While a baccalaureate degree is recommended preparation for those considering professional careers in business administration, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for upper-division work.

AUTOMOTIVE SALES AND SERVICE

CERTIFICATE Program Code: 1K00062

This program is designed to prepare students for customer service and sales positions in the automotive industry. It provides students with a basic knowledge of automobile operations, general maintenance requirements, and damage appraisal procedures along with marketing and management principles. The certificate will enable students to work in a variety of non technical areas in an automobile dealership, repair shop, or insurance company as a service representative, salesperson, or estimator.

To earn a certificate, complete the required courses as listed with a minimum grade of "C". At least 50% of all course work must be completed at Cypress College.

Required courses are listed in suggested sequence:

<table>

Total Units Required 15 – 16

GEOGRAPHIC INFORMATION SYSTEMS/ MARKETING

CERTIFICATE Program Code: 1K00021

This certificate program provides students with the skills to use Geographic Information Systems (GIS) computerized mapping techniques in the field of marketing. Combining the latest computer graphics and marketing research methods, students will learn to create maps to locate customers, evaluate business sites, plan distribution networks and sales territories, and find new business opportunities.

To earn a certificate, complete the required courses as listed with a minimum grade of "C". At least 50% of all course work must be completed at Cypress College.

To earn a certificate, complete the required courses as listed with a minimum grade of "C". At least 50% of all course work must be completed at Cypress College.

HEALTH CARE MARKETING AND SALES

CERTIFICATE Program Code: 1K00042

This certificate program provides students with the necessary knowledge and skills to work in the health care field in a marketing or sales capacity. Preparing students to work in a variety of health care delivery settings, including physicians’ offices, hospitals, health maintenance organizations, and insurance companies, the certificate focuses on such areas as: sales and customer service, marketing research, advertising, public relations, and community outreach. It is designed to help students gain entry into the health care marketing and sales field and/or to advance in their current positions.

To earn a certificate, complete the required courses as listed with a minimum grade of "C". At least 50% of all course work must be completed at Cypress College.

INTERNET MARKETING
CERTIFICATE       Program Code: 1K00043
This certificate program prepares students for a career in the field of Internet Marketing. Students, who complete the program, will learn how to utilize the Internet as a marketing tool to promote a business, interact with customers, suppliers and distributors, generate sales, conduct marketing research, and engage in other E-business activities.

To earn a certificate, complete the required courses as listed with a minimum grade of "C". At least 50% of all course work must be completed at Cypress College.

MULTICULTURAL MARKETING
CERTIFICATE      Program Code: 1K00044
This certificate program prepares students to work in the marketing field helping U.S. businesses and organizations to serve the needs of customers and clients in a culturally diverse society. Bringing together social science, language arts, and marketing, the certificate enables students to combine their knowledge of different cultural groups’ preferences, behaviors, and languages with marketing skills to create effective product development, promotion, distribution, and pricing strategies.

To earn a certificate, complete the required courses as listed with a minimum grade of "C". At least 50% of all course work must be completed at Cypress College.

MULTIMEDIA ADVERTISING
CERTIFICATE     Program Code: 1K00088
The certificate program will enable students to apply multimedia production skills and knowledge in such areas as Internet, computer imaging, photography, art and music to careers in the field of advertising, developing promotional materials to communicate with customers.

To earn a certificate, complete the required courses as listed with a minimum grade of "C". At least 50% of all course work must be completed at Cypress College.

PROFESSIONAL SELLING
CERTIFICATE      Program Code: 1K00080
This certificate program provides students with the necessary skills and knowledge to carry out the steps in the selling process, from identifying potential customers and conducting sales presentations to making the sale and building positive customer relationships. This program is designed for people wishing to improve their selling skills or to enter the sales profession.

To earn a certificate, complete the required courses as listed with a minimum grade of "C". At least 50% of all course work must be completed at Cypress College.

MARKETING TRANSFER PROGRAM

Refer to Catalog under:
BUSINESS ADMINISTRATION—TRANSFER PROGRAM

Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Marketing (MKT)

MKT 086 C SALES PROSPECTING
½ Unit
One half hour lecture per week.
Credit/No Credit
This course focuses on ways to identify prospective customers and generate sales leads using such methods as mailing lists, databases, networking, referrals, and other information sources.

MKT 087 C SALES PRESENTATIONS
¼ Unit
One half hour lecture per week.
Credit/No Credit
This course emphasizes the key elements of effective sales presentations and shows how to make each presentation come alive through the use of verbal, visual, and demonstration techniques.

MKT 088 C HANDLING SALES OBJECTIONS
¼ Unit
One half hour lecture per week.
Credit/No Credit
This course shows how to get past “No,” using various sales strategies to overcome customers’ objections and to emphasize the benefits of a purchase.

MKT 089 C MAKING THE SALE
¼ Unit
One half hour lecture per week.
Credit/No Credit
This course explains how and when to close a sale, focusing on the techniques that can be used to complete the transaction and generate repeat sales and customer referrals.

MKT 090 C MARKETING ESSENTIALS
1 Unit
One hour lecture per week.
Credit/No Credit
This course covers the business activities necessary to plan, promote, price and distribute a product or service to potential customers. It provides an understanding of the functions of producers, wholesalers, retailers, and others.

MKT 091 C ADVERTISING & PUBLIC RELATIONS
1 Unit
One hour lecture per week.
Credit/No Credit
This course discusses the roles of advertising and public relations as part of the marketing mix a business puts together, providing strategies for identifying a target audience/choosing a message and media.

MKT 092 C PERSONAL SELLING
1 Unit
One hour lecture per week.
Credit/No Credit
This course provides instruction in the techniques of finding and contacting sales prospects, identifying needs and wants, giving effective sales presentations, handling objections, and closing the sale.

MKT 093 C TARGET MARKETING
¼ Unit
One half hour lecture per week.
Credit/No Credit
This course provides instruction in the fundamentals of marketing research to identify target markets and find out what customers want. Topics covered include data collection, interview and survey techniques, sources of information, and methods of trend analysis.
MKT 094 C  BUYER BEHAVIOR  
½ Unit  
One half hour lecture per week.  
Credit/No Credit  
This course explores the psychology of how and why customers buy, utilizing demographic and lifestyle factors to gain a better understanding of purchase decisions.

MKT 095 C  MARKET DISTRIBUTION SYSTEMS  
½ Unit  
One half hour lecture per week.  
Credit/No Credit  
This course provides a thorough view of the distribution process, including the channels, types of retail outlets, methods of transportation, warehousing and inventory control.

MKT 096 C  SALES PROMOTION TECHNIQUES  
½ Unit  
One half hour lecture per week.  
Credit/No Credit  
This course will provide information on the wide variety of “non-media” techniques that can be used to promote a business, including cents-off coupons, gifts and contests, special events, participation in trade shows and other promotional devices.

MKT 097 C  CUSTOMER RELATIONS  
½ Unit  
One half hour lecture per week.  
Credit/No Credit  
This course explores the ways to maintain and improve customer relations, develop customer loyalty and increase the level of repeat sales.

MKT 098 C  INT’L MARKETING-SMALL BUS.  
½ Unit  
One half hour lecture per week.  
Credit/No Credit  
This course is a study of the international marketplace and the various opportunities for businesses to sell products and services outside of the U.S.

MKT 103 C  PRINCIPLES OF ADVERTISING  
3 Units  
Three hours lecture per week.  
CSU  
This course is a study of advertising and promotion, including the print media, copy and layout, radio and television commercials, the Internet, public relations, customer preferences and appeals, advertising campaigns, and evaluation. An ad agency point of view is presented creatively for students with interest in communications, photography, art multimedia, business, psychology, or sociology.

MKT 105 C  PRINCIPLES OF RETAILING  
3 Units  
Three hours lecture per week.  
CSU  
This course covers the principles involved in organizing and managing a retailing or E-tailing business, with emphasis on planning, site appeal, merchandise, pricing, and promotion. Students will also learn customer service techniques and ways to enhance the shopping experience.

MKT 201 C  SMALL BUSINESS PROMOTION  
3 Units  
Three hours lecture per week.  
CSU  
This course focuses on the techniques used to promote a small business and develop its marketing strategy. Its emphasis is on creating a marketing plan and devising affordable and effective ways to communicate with customers through local media, and the Internet, sales promotion, publicity, brochures, direct mail and other methods.

MKT 205 C  MULTICULTURAL MARKETS IN U.S.  
3 Units  
Three hours lecture per week.  
CSU, CUL DIV  
This course provides comprehensive coverage of the multicultural marketing environment in the United States, taking into consideration the changing needs and growing influence of ethnic and racial minorities, women, and other groups. Exploring the differences and commonalities that exist among the groups, the course examines the role of business and the United States’ marketing system in providing goods and services to meet each group’s needs.

MKT 206 C  STORE OPERATIONS  
3 Units  
Three hours lecture per week.  
CSU  
This course includes principles, procedures and functions of a retail store operation, with emphasis on techniques of buying merchandise. Current trends and practices are analyzed including layout, display, security controls, inventory records, control and management, pricing, coding and marking, receiving and stocking, merchandise planning, marketing, and distinctions between larger and smaller stores.

MKT 208 C  PRINCIPLES OF SELLING  
3 Units  
Three hours lecture per week.  
Credit/No Credit/Letter Grade Option  
CSU  
This course includes instruction in the principles and practices of personal persuasion and selling and development of the techniques that lead to a successful sales personality. The areas of study include buying motives; product knowledge; all phases of the selling process; and the many and varied career opportunities in the sales field.
MKT 209 C  DISPLAY AND SALES PROMOTION
3 Units
Three hours lecture per week.
CSU
This course is a lecture/lab experience in contemporary merchandising promotion. The subject areas include planning and working with display units and sales promotion materials, customer motivation, design and layout, creative brainstorming, and future trends.

MKT 210 C  CONSUMER BEHAVIOR
3 Units
Three hours lecture per week.
CSU
This course provides a study of consumers and how they buy. Consumerism, impulse buying, pleasure appeals, packaging, status symbols, the new woman, leisure time, California culture, personality, subliminal effects, and the psychology of advertising are covered.

MKT 222 C  PRINCIPLES OF MARKETING
3 Units
Three hours lecture per week.
CSU
This course is a study of business activities required to plan, price, promote, and distribute goods or services to potential customers. The areas of study include market research and consumer behavior, product development, advertising and sales, branding, pricing, Internet marketing, wholesaling and retailing, and international marketing.

MKT 224 C  INTERNATIONAL MARKETING
3 Units
Three hours lecture per week.
CSU
This course provides comprehensive coverage of the international marketing environment. The areas of study include the global marketplaces; import/exports; foreign economic, political and legal systems; cultural differences; international finance; marketing research; and business plans.

MKT 299 C  MERCHANDISING/MKT-INDEP. STUDY
1 - 3 Units (Variable Unit Class)
Lecture/discussion hours vary with credit given.
CSU
Prerequisite: Approved Independent Study Learning Contract. The course is designed for capable students who wish to extend their knowledge of a particular area of merchandising/marketing through individual research and study.

MATHEMATICS TRANSFER PROGRAM
CALIFORNIA STATE UNIVERSITY, FULLERTON
Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Mathematics (MATH)

PLACEMENT IN MATHEMATICS COURSES
Students are placed in most mathematics courses based on prior satisfactory completion of one or more prerequisite courses. Due to the highly sequential nature of the mathematics curriculum, students are required to meet the prerequisite of each mathematics course. Also, students who have completed the most advanced prerequisite course more than two years previously are strongly advised to enroll in or audit the appropriate prerequisite courses again because most students experience a loss of proficiency in the necessary skills after that length of time.
Students will find instructors and qualified tutors available for assistance in solving mathematical problems or in understanding mathematical concepts in the Mathematics Learning Center, located in Room 114 of the Science, Engineering, and Math building.

**FLOW CHART FOR MATHEMATICS COURSES**

Matriculation Test - Level 1

Matriculation Test - Level 2

Matriculation Test - Level 3

Matriculation Test - Level 4

**A scientific or graphing calculator is required for all math courses. Please see instructor.**
MATH 010 C  BASIC MATHEMATICS
4 Units
Four hours lecture per week.
NON-DEGREE CREDIT
This is a course for students wishing to review basic arithmetic skills. It includes the concepts of adding, subtracting, multiplying, and dividing whole numbers, fractions, mixed numbers, and decimals. Also covered will be percents, ratios, rates, solving proportions, perimeter and area of geometric figures, English and Metric measurements and an introduction to negative numbers. There will be an emphasis on applying the mathematics to real-world situations.

MATH 015 C  PRE-ALGEBRA
4 Units
Four hours lecture per week.
NON-DEGREE CREDIT
This course is designed for students who are planning to study algebra and need a review of the basic skills of arithmetic and an introduction to the basic principles of algebra. Topics covered include integers, fractions, decimals, percents, proportions, exponents, properties of real numbers, evaluation of algebraic expressions, elementary equation solving, formulas, informal geometry, and applications.

MATH 020 C  ELEMENTARY ALGEBRA
4 Units
Four hours lecture per week.
AA GE
Prerequisite: MATH 015 C or Pre-algebra with a grade of “C” or better and the assessment process. Proof of prerequisites is required. This course is an introduction to the methods of algebra. It includes the basic operations of real numbers, polynomials, rational expressions, and radical expressions; factoring polynomials; solutions of linear equations, linear inequalities, systems of linear equations, and quadratic equations; and graphing of linear equations, systems, and inequalities.

MATH 025 C  ELEMENTARY ALGEBRA REVIEW
2 Units
Two hours lecture per week.
Credit/No Credit
NON-DEGREE CREDIT
Prerequisite: MATH 020 C or Algebra I with a grade of “C” or better AND the assessment process. Proof of prerequisites is required. This course is a review of the introductory methods of algebra and is designed for students who have completed Elementary Algebra and plan to enroll in Intermediate Algebra. It includes the basic operations of real numbers, polynomials, rational expressions, and radical expressions; factoring polynomials; solutions of linear equations, linear inequalities, systems of linear equations, and quadratic equations; and graphing of linear equations, systems, and inequalities.

MATH 030 C  PLANE GEOMETRY
4 Units
Four hours lecture per week.
Prerequisite: MATH 020 C or Algebra I with a grade of “C” or better AND the assessment process. Proof of prerequisites is required. This course is an introduction to Euclidean geometry. It includes elementary logic, deductive reasoning, theorems and proofs, geometric constructions, congruent and similar polygons, circles, geometric loci, areas, perimeters and volumes. Precise definitions and accuracy of statements are stressed as background for analytical reasoning. The course is equivalent to one year of high school geometry.

MATH 040 C  INTERMEDIATE ALGEBRA
4 Units
Four hours lecture per week.
AA GE
Prerequisite: MATH 020 C or Algebra I with a grade of “C” or better or high school Algebra I with a grade of “B” or better AND the assessment process. Proof of prerequisites is required. This is a second course in algebra that includes the topics of sets, axioms for the real number system, polynomials, solutions of linear and quadratic equations and inequalities, exponents and radicals, linear, quadratic, exponential and logarithmic functions and their graphs, and systems of equations.

MATH 045 C  INTERMEDIATE ALGEBRA REVIEW
2 Units
Two hours lecture per week.
Credit/No Credit
NON-DEGREE CREDIT
Prerequisite: MATH 040 C or Algebra II with a grade of “C” or better AND the assessment process. Proof of prerequisites is required. This course is designed for students who have already completed Intermediate Algebra and are planning to enroll in Survey of Calculus, Elementary Functions with Trigonometry, Finite Mathematics, Statistics, or General Chemistry. The topics include sets, axioms for the real number system, polynomials, solutions of linear and quadratic equations and inequalities, exponents and radicals, linear and quadratic functions and radicals, linear and quadratic functions and their graphs, exponential and logarithmic functions and systems of equations. This course does not count toward the Associate Degree.

MATH 055 C  CBEST MATHEMATICS PREPARATION
1 Unit
One hour lecture per week.
Credit/No Credit
This course provides a review of the basic skills and concepts that are tested in the mathematics portion of the California Basic Educational Skills Test (CBEST). It includes estimation, measurement, and statistical principles; computation and problem solving; and numerical and graphic relationships. Eligibility for MATH 100 C is recommended.
MATH 098 C  MATHEMATICS SEMINAR  
⅓ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)  
Zero to twelve hours lecture and  
Zero to twenty-four hours laboratory per week.  
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade  
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This is a lecture/discussion approach to special topics involving mathematics. It may be a problem session relating to a particular course in the curriculum or a study of topics not ordinarily covered in the curriculum. Consult the class schedule to verify unit credit for a particular semester. Fees may be required – PAYABLE AT REGISTRATION.

MATH 099 C  MATHEMATICS INDEPENDENT STUDY  
⅓ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)  
One-half to two hours assigned independent study or research per week.  
Credit/No Credit/Letter Grade Option  
Prerequisite: Approved Independent Study Learning Contract. This course is for students who have demonstrated interest in and capability for increased knowledge of mathematical topics not ordinarily covered in curriculum courses. Students will participate in independent study or research on assigned projects under staff supervision.

MATH 100 C  MATHEMATICS FOR LIBERAL ARTS STUDENTS  
3 Units  
Three hours lecture per week.  
CSU, AA GE, CSU GE, IGETC, CAN MATH 2  
Prerequisite: MATH 030 C and MATH 040 C or Plane Geometry and Algebra II with grades of "C" or better AND the assessment process. Proof of prerequisites is required. This is a survey course with selected topics from the history and development of mathematics, elementary logic and set theory, probability, statistics, geometry, and exponential and logarithmic applications. The course is designed for prospective teachers and liberal arts students.

MATH 105 C  STATISTICS FOR TEACHERS  
4 Units  
Four hours lecture per week.  
CSU, AA GE  
Prerequisite: MATH 030 C and 040 C or Plane Geometry and Algebra II with grades of "C" or better AND the assessment process. Proof of prerequisites is required. This course is an introduction to probability and statistics through activity-based exploration of randomization, data representation, measures of central tendency and dispersion, analysis of experiments requiring hypothesizing, experimental design and data gathering, and an introduction to the basic laws of probability and set theory, combinations, permutations, and simulations. Algebraic thinking will be used throughout the course. Problem solving processes and strategies are emphasized. This course is designed for prospective elementary and middle school teachers.

MATH 110 C  REAL NUMBERS FOR TEACHERS  
4 Units  
Four hours lecture per week.  
CSU, AA GE  
Prerequisite: MATH 030 C and 040 C or Plane Geometry and Algebra II with grades of "C" or better AND the assessment process. Proof of prerequisites is required. This course is an introduction to problem solving processes and strategies. Students explore the development and analysis of the structure and operations of the real number system. Students focus on concept and process development using appropriate models, manipulatives, and activities. This course is designed for prospective elementary and middle school teachers.

MATH 115 C  FINITE MATHEMATICS  
4 Units  
Four hours lecture per week.  
UC/CSU, AA GE, CSU GE, IGETC, CAN MATH 12  
Prerequisite: MATH 040 C or Algebra II with a grade of "C" or better AND the assessment process. Proof of prerequisites is required. This course includes graphs and transformations of functions, mathematics of finance, matrices and linear systems, linear programming, set theory, combinatorial analysis, finite probability, and descriptive statistics. Applications to the fields of business, economics, biological sciences, and behavioral sciences are emphasized.

MATH 120 C  INTRO PROBABILITY & STATISTICS  
4 Units  
Four hours lecture per week.  
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, CAN STAT 2  
Prerequisite: MATH 040 C or Algebra II with a grade of "C" or better AND the assessment process. Proof of prerequisites is required. This course is an introduction to the elements of statistical analysis which includes an intuitive approach to the study of probability and probability distributions, measures of central tendency and dispersion, sampling techniques, parametric and non-parametric tests of hypotheses, point and interval estimation, linear regression, and correlation. Applications to business, biological sciences, and the social sciences are emphasized. Students will use computer software and/or graphing calculators for statistical analysis of various topics.

MATH 120HC  HONORS INTRO TO PROB & STAT  
4 Units  
Four hours lecture per week.  
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, CAN STAT 2  
Prerequisite: MATH 040 C or Algebra II with a grade of "C" or better AND the assessment process. Proof of prerequisites is required. This course is an enhanced introduction to the elements of statistical analysis for honors students. It includes an intuitive approach to the study of probability and probability distributions, measures of central tendency and dispersion, sampling techniques, parametric and non-parametric tests of hypotheses, point and interval estimation, linear regression, and correlation. Applications to business, biological sciences, and the social sciences are emphasized. Students will use computer software and/or graphing calculators for statistical analysis of various topics.

<td>½</td>
<td></td>
<td>One half hour lecture per week. Credit/No Credit. UC. Prerequisite: MATH 040 C or Algebra II with a grade of “C” or better AND the assessment process. Proof of prerequisites is required. This is a course for students wishing to gain an introduction to the TI-85 or TI-86 Graphing Calculators. Students are given an orientation of basic graphing calculator functions. Basic topics include home screen calculations, graphing tools, the catalog feature, tables, solver, solving systems of linear equations, programming, and the TI graph link.</td>
</tr>
</tbody>
</table>
MATH 192 C TI-89/92 GRAPHING CALCULATOR
½ Unit
One half hour lecture per week.
Credit/No Credit
CSU
Prerequisite: MATH 150BC or Calculus II and Analytic Geometry with a grade of “C” or better AND the assessment process. Proof of prerequisites is required. This is a course for students wishing to learn to use a TI-89, TI-92, or TI-92+ Graphing Calculator. Basic topics include home screen calculations, various graphing modes, tables, solving equations and systems of equations, manipulating matrices and vectors, integration and differentiation, programming, and using the TI graph link.

MATH 211 C GEOMETRY FOR TEACHERS
4 Units
Four hours lecture per week.
CSU
Prerequisite: MATH 110 C with a grade of “C” or better. Proof of prerequisites is required. This course is an introduction to problem solving with informal geometry in one, two and three dimensions. Topics include congruence, similarity, constructions, transformations, tessellations, and measurement involving both English and metric units. Emphasis will be on hands-on modeling of real-world geometric situations. This course is designed for prospective elementary school teachers.

MATH 250AC INTERMEDIATE CALCULUS
4 Units
Four hours lecture per week.
Credit by Examination
UC/CSU, AA GE, IGETC, CAN MATH 22
Prerequisite: MATH 150BC or Calculus II and Analytic Geometry with a grade of “C” or better AND the assessment process. Proof of prerequisites is required. This is an intermediate course in mathematical analysis. It includes the study of three-dimensional analytic geometry, calculus of functions of several variables, vector calculus, multiple integration, vector fields and theorems, with associated problem applications.

MATH 250BC INTERMEDIATE CALCULUS
4 Units
Four hours lecture per week.
Credit by Examination
UC/CSU, AA GE, IGETC, CAN MATH 24
Prerequisite: MATH 250AC or Calculus III and Analytic Geometry with a grade of “C” or better AND the assessment process. Proof of prerequisites is required. This course is an introduction to linear algebra and ordinary differential equations. Linear algebra includes matrices, determinants, vector spaces, linear transformations, and characteristic values. Differential equations includes separable, exact, Cauchy-Euler, and nonhomogeneous equations; undetermined coefficients, variation of parameters, series solutions, and systems of differential equations.

MATH 298 C MATHEMATICS SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to twenty-four hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
UC Credit Limitation/CSU
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This is a lecture/discussion approach to special topics involving mathematics. It may be a problem session related to a particular course in the curriculum, or a study of topics not ordinarily covered in the curriculum. Consult the class schedule to verify unit credit for a particular semester. Fees may be required – PAYABLE AT REGISTRATION.

MATH 299 C MATHEMATICS INDEPENDENT STUDY
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
One-half to two hours lecture per week.
UC Credit Limitation/CSU
Prerequisite: Approved Independent Study Learning Contract. This course is for students who have demonstrated interest in and capability for increased knowledge of mathematical topics not ordinarily covered in curriculum courses. Students will participate in independent study or research on assigned projects under staff supervision.

Medicine

MEDICINE TRANSFER PROGRAM
Professional programs such as dentistry, medicine, pharmacy, optometry, physician assistant, physical therapy and veterinary medicine are most often graduate programs that require a bachelor degree or significant preparation prior to entering the program. The appropriate preparation varies according to the school and specific program. Students are advised to meet with a counselor to discuss options for their bachelor degree and the lower division requirements for the program and school of their choice.
ASSOCIATE IN ARTS DEGREE BUSINESS ADMINISTRATION  Program Code: 1A16599
This curriculum is designed to provide an opportunity for the business major to achieve an Associate in Arts Degree Business Administration while completing the first and second year requirements for transfer to a four-year institution. While a baccalaureate degree is recommended preparation for those considering professional careers in business administration, completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for upper-division work.

Students should consult a counselor and the catalog of the individual college or university to plan a program of study. The internet site www.assist.org will also provide information for California public universities. Courses selected to fulfill the requirements of the associate degree should reflect requirements of the college to which the student plans to transfer.

To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of "C"; (2) California State University General Education Breadth requirements (SCU GE Breadth) or IGETC General Education Plan; (3) any elective courses to complete a minimum of 60 units; (4) complete all graduation requirements; and, (5) have an overall GPA of 2.0. At least 50% of all major course work must be completed at Cypress College. Students pursuing more than one specified departmental major may double count a maximum of 7 units to fulfill major requirements.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

To complete the required courses as listed with a minimum grade of "C". At least 50% of all course work must be completed at Cypress College.

MERCHANDISING  Program Code: 1S07814
Primary emphasis is to prepare the student to work in the merchandising and retailing field with a focus on building positive customer relationships. To earn a certificate, complete the required courses as listed with a minimum grade of "C". At least 50% of all course work must be completed at Cypress College.

MERCHANDISING TRANSFER PROGRAM
Refer to Catalog under BUSINESS ADMINISTRATION TRANSFER PROGRAM

Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.
Mortuary Science
Division of Health Science

Division Dean – Andrea Hannon

Faculty
Glenn Bower

Counselors
Kelly Carter
Denise Vo

PROGRAM OBJECTIVES
1. To enlarge the background and knowledge of students about the funeral service profession.

2. To educate students in every phase of funeral service, and to help enable them to develop the proficiency and skills necessary in the profession, as defined above.

3. To educate students concerning the responsibilities of the funeral service profession to the community at large.

4. To emphasize high standards of ethical conduct.

5. To provide a curriculum at the post secondary level of instruction.

6. To encourage research in the field of funeral service.

MINIMUM STANDARDS FOR APPLICANTS
1. Eligibility for admission to Cypress College.

2. High school diploma, a GED test with a minimum score of 45, or a high school proficiency examination.

3. Present evidence of good physical and mental health.

4. English Placement Test with a score to qualify for ENGL 100 C or completion of ENGL 060 C with the grade of “C” or better or ESL 186 C with a grade of “C”.

5. One semester of college General or Human Biology, Anatomy, or Introductory Chemistry completed with a cumulative grade of “C” or better.

APPLICATION PROCEDURES
1. In addition to the Cypress College application form, a separate application is required for admission into the Mortuary Science Program. These applications may be obtained from the Health Science Division Counseling Office, downloaded from the Internet, or by sending a self addressed stamped envelope to:

   Health Science Counseling
   Cypress College
   9200 Valley View Street
   Cypress, CA 90630-5897

2. A total of 45 new students are selected each spring and fall semester. Applicants may exceed the available seat space. Prioritization of qualified applicants will determine acceptance.

3. Applicants are responsible for submitting all documents (records, forms and transcripts) indicating minimum standards and prerequisites have been met to the Health Science Counseling Office.

SELECTION PROCEDURES
Selection of students for acceptance is based on the date of completed application which includes submission of all transcripts and required documents.

ASSOCIATE IN SCIENCE DEGREE MORTUARY SCIENCE
Program Code: 1S03791
This program is a course of study designed for students who wish to prepare for a career and employment as an embalmer/funeral director in a mortuary and to prepare the student for state licensure where statutory law requires successful completion of the Associate in Science Degree in Mortuary Science and compliance with statutory pre-mortuary science educational requirements. All students completing the Mortuary Science Program curriculum after January 1, 2006, must complete the Associate of Science Degree in Mortuary Science. The Mortuary Science Program at Cypress College is accredited by the American Board of Funeral Service Education (ABFSE), 38 Florida Avenue, Portland, Maine 04103, (207) 878-6530, and meets the mortuary science or funeral service educational requirements for most states. Eligibility to write the licensure examination in some states may be contingent upon compliance with additional statutory requirements. Please consult the department for more specific information, or, for further information, contact a Health Science Counselor (714) 484-7270. To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of “C”; (2) 25 units of General Education Graduation Requirements; (3) take the National Board Examination (This policy supercedes all previous catalogs – students need to submit National Board Examination results to Admissions and Records no later than the date listed for “Final Transcript for In-Progress Work” for the semester the student is applying); (4) the cultural diversity and reading requirements; (5) any elective courses to complete a minimum of 60 units; and, (6) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

To be eligible to write the National Board Examination, the student must be within 45 days of completing the Associate of Science Degree in Mortuary Science. We recommend the general education graduation requirements be taken prior to enrolling in Mortuary Science courses so that the student can write the examination immediately upon completion of the mortuary science curriculum.
The national board examination passing rate for Cypress College Mortuary Science students for the past three years:

2003 – 83%
2002 – 89%
2001 – 60%

GENERAL EDUCATION GRADUATION REQUIREMENTS
Categories A through E (see listing earlier in catalog) 25
Cultural Diversity/Reading Proficiency
Total Units Required 75

NOTE: All General Education Graduation Requirement units may be taken prior to enrollment in Mortuary Science courses or after completing the Mortuary Science courses.

Prerequisites
- BIOL 160 C Integrated Medical Science 3
- BIOL 101 C General Biology (5)
- CHEM Various courses - Please see counselor
- ENGL 060 C College Writing Preparation 3
- ESL 186 C Advanced ESL Writing (5)

See minimum standards

Mortuary Science (MORT)

MORT 085 C WORK EXPERIENCE
1 - 4 Units (Variable Unit Class) (May be taken for credit 4 times)
One hour lecture per week and
Five to twenty hours related employment per week in an approved funeral establishment.
Prerequisite: Admission to Mortuary Science Program. Must be enrolled in seven units or more in the Mortuary Science Program, including work experience. This course focuses on exploring work related issues in a funeral establishment of the student's own selection. Discussion of funeral service business and related technical issues are explored. The course includes job analysis, writing a resume, self-management, self development and employer-employee relations.

MORT 160 C ORIENTATION TO FUNERAL SERVICE
3 Units
Three hours lecture per week.
CSU
Prerequisite: Admission to Mortuary Science Program; or eligible for admission to the program and employed in funeral service. This course is designed to acquaint the mortuary science student with general information on the practice of the funeral profession. Topics covered include: notification of death, transfer of remains, the arrangement conference, pre-funded/preplanned funerals, shipment of remains, cremation, and aftercare, as well as the basic principles of merchandising as it applies to the funeral profession, construction and features of caskets, outer burial containers, and other funeral related products; and methods of display and presentation. In addition, the progression of associations and education within funeral service will be discussed.

MORT 161 C RESTORATIVE ART I
2 Units
One hour lecture and
Three hours laboratory per week.
CSU
Prerequisite: Admission to Mortuary Science Program; or concurrent enrollment in MORT 163 C. A detailed study is made of each of the facial features and its relationship to a complete restoration. In the laboratory the student has an opportunity to follow through with the modeling in clay of the features studied, both as a single feature and using plaster of Paris heads for reproduction.

MORT 162 C EMBALMING I
2 Units
One hour lecture and
Three hours laboratory per week.
CSU
Prerequisite: Completion of or concurrent enrollment in MORT 163 C. This course is designed to include basic orientation, history of embalming to present times, moral and sanitary considerations of embalming, methods of handling human remains, including those of a contagious or infectious nature, demonstration of the various methods of preparation and disinfection treatment of bodies contaminated by radiation.
MORT 163 C  EMBALMING ANATOMY/PATHOLOGY I
5½ Units
Five and one-half hours lecture per week.
CSU
Prerequisite: Admission to Mortuary Science Program. This introductory course is designed for the mortuary science student, surveys general anatomical, physiological and pathological concepts, processes, and terminology important to the funeral service practitioner in understanding the embalming process, articulating with allied health/forensic professionals, interpreting death certificates and protecting oneself and the public against communicable disease. Also considered are those medical and forensic pathologies presenting particular embalming and restorative problems.

MORT 164 C  FUNERAL SERVICE THANATOLOGY I
2 Units
Two hours lecture per week.
CSU
Prerequisite: Admission to the Mortuary Science Program. This course is an introduction to thanatology, basic psychological terminology and theories. Emphasis is on the study of grief, bereavement, and mourning. The content provides the knowledge required of the funeral director to work effectively with families as a facilitating agent. The needs of the families served are studied in relation to the design and implementation of the funeral rite.

MORT 165 C  FUNERAL SERVICE MANAGEMENT I
2 Units
Two hours lecture per week.
CSU
Prerequisite: Admission to Mortuary Science Program and completion of, or concurrent enrollment in, MORT 160 C. Designed for the mortuary science student, the course is a vocationally oriented survey of funeral service management as it applies to funeral home operations, mortuary management, and financial decision-making. Information presented covers financial statements and their analysis, worksheets, journalizing, receivables, payables, deferrals, and accruals. Inventory costing models, depreciation models, and funeral service payroll accounts are also included.

MORT 270 C  FUNERAL SERVICE CEREMONIES
3 Units
Three hours lecture per week.
CSU
Prerequisite: Admission to the Mortuary Science program and completion of, or concurrent enrollment in, MORT 160 C. This course is designed to introduce the student to American funeral service practices and procedures in military, fraternal and religious funerals for a complete understanding of all principles and variations involved.

MORT 271 C  RESTORATIVE ART II
2 Units
One hour lecture and
Three hours laboratory per week.
CSU
Prerequisite: MORT 161 C and completion of or concurrent enrollment in, MORT 273 C. This is a continuation of MORT 161 C, with emphasis upon major restorations and explains how all previous restorative art work can be used to complete each type of case. Color theory and cosmetology are discussed. In the lab the student will perform feature modeling in wax on both plaster of Paris and latex heads. In addition there is practical work in cosmetics, hair dressing, color pigments and preparation of death masks.

MORT 272 C  EMBALMING II
4 Units
Three hours lecture and
Three hours laboratory per week.
CSU
Prerequisite: MORT 162 C and completion of, or concurrent enrollment in, MORT 273 C. This is a continuation of MORT 162 C, with emphasis upon the development of embalming techniques, dead human remains having various diseases, treatment of localized areas by supplemental methods of preservation and the application of embalming theories ranging from pre-embalming analysis to funeral home visitation room appearance, in a laboratory environment.

MORT 273 C  EMBALMING ANATOMY/PATHOLOGY II
3½ Units
Three and one-half hours lecture per week.
CSU
Prerequisite: MORT 163 C. Designed for the Mortuary Science student and a continuation of MORT 163 C, the course surveys general anatomical, physiological and pathological concepts as they relate to the various systems of the human body. The body systems are studied in detail as they relate to preservation and disinfection for safeguard measures in handling and embalming of human remains to protect public health and the embalmer. Throughout the course, terminology is emphasized to facilitate interpretation of death certificates.

MORT 274 C  FUNERAL SERVICE THANATOLOGY II
3 Units
Three hours lecture per week.
CSU
Prerequisite: MORT 164 C. This course is a continuation of MORT 164 C, with emphasis on the grief process, normal and abnormal, and the resolution of grief. Follow-up programs initiated by the funeral director are examined in detail as well as community support groups with whom the funeral director participates. Major emphasis is placed on the student identifying problem areas in the field, making a plan for intervention, and making appropriate referrals to community professionals.
MORT 275 C LAW OF MORTUARY OPERATIONS  
3 Units  
Three hours lecture per week.  
CSU  
Prerequisite: Admission to Mortuary Science Program and completion of, or concurrent enrollment in, MORT 160 C. This course designed for the Mortuary Science student, surveys the American legal system, its development, and the major bodies of law as they relate to the legal environment in which the funeral business operates. The legal aspects of funeral service contracts, funeral service sales, and the use of commercial paper are also considered. This course will also look at the professional ethics used by funeral service providers as it relates to the legal aspects of the funeral home establishment.

MORT 291 C MORTUARY LAW  
3 Units  
Three hours lecture per week.  
CSU  
Prerequisite: Admission to the Mortuary Science Program and completion of MORT 160 C; or employed in funeral service and preparing to take the California funeral director, or California embalmer examination as verified by the Mortuary Science Department. This course is designed to introduce the mortuary science student to sources of law, legal status of the dead human body, duty of burial, right to control funeral arrangements, final disposition, and liability for funeral expenses; torts involving the dead human body and the funeral director; wills, estate, and probate proceedings; cemeteries and related issues; state and federal laws and regulations pertaining to funeral service; as well as the legal aspects of being a licensed funeral director/mortician.

MORT 292 C FUNERAL SERVICE SCIENCE  
2 Units  
Two hours lecture per week.  
CSU  
Prerequisite: MORT 162 C. This course is designed to familiarize the Mortuary Science student with the nature of chemicals utilized in the mortuary setting, and to provide a qualitative understanding of the chemical aspects of tissue decomposition and preservation. Embalming of protein and the effects relative to the blood, body pigments and tissue staining are a primary emphasis of the course.

MORT 293 C MORTUARY COMPUTER APPLICATIONS  
2 Units  
Two hours lecture and Two hours laboratory TBA per week.  
CSU  
Prerequisite: Completion of, or concurrent enrollment in, all required courses for the Associate in Science Degree Mortuary Science. The course is designed to provide the mortuary science student with an overview of considerations relevant to the operation of the funeral home as a small business through the use of hands-on experience with appropriate mortuary science computer software, as well as the Federal Trade Commission Funeral Rule. $63.00 Laboratory Fee - PAYABLE AT REGISTRATION.

MORT 294 C FUNERAL SERVICE COUNSELING  
4 Units  
Four hours lecture per week.  
CSU  
Prerequisite: MORT 164 C. This is a course aimed at the study of concepts, techniques and procedures used by the funeral director in his/her role as a counselor.

MORT 295 C FUNERAL SERVICE MANAGEMENT II  
4 Units  
Four hours lecture per week.  
CSU  
Prerequisite: MORT 165 C. This course is a continuation of MORT 165 C designed to introduce the mortuary science student to the basic principles of management, merchandising, and effective managerial skills as they apply to the practice of the funeral profession; to the financial aspects of funeral business operation, concepts of financial management and the use of financial information in decision-making relative to cost analysis and control, pricing, inventory and in assessing the firm’s performance; and credit policies and practices.

Total Units Required 16-17
PHOTOGRAPHY BASIC SKILLS
CERTIFICATE  Program Code: 1K00056
The Photography Basic Skills Certificate is designed to provide the student with a set of fundamental skills that will allow them to further proceed within the photography program and also find potential entry-level employment at camera stores, photo labs and service bureaus. Students are trained in a broad range of skills encompassing basic camera operations and structure, basic printing techniques, and basic studio procedures and practices.

To earn a certificate, complete the required courses with a grade of "C" or better. All course work must be completed at Cypress College.

Required courses are listed in numeric sequence:

Course#  Title  Units
PHOT 101 C  Introduction to Photography  3
or
MMPH 101 C  Introduction to Photography  3
PHOT 103 C  Photographic Possibilities  3
or
MMPH 103 C  Photographic Possibilities  3

Total Units Required  6

PORTRAIT & WEDDING PHOTOGRAPHY
CERTIFICATE  Program Code: 1K00055
The Portrait & Wedding Photography Certificate is designed to prepare students for starting their own business or for employment within the wedding/portrait industry.

To earn a certificate, complete the required courses as listed with a minimum grade of "C." At least 50% of all course work must be completed at Cypress College.

Required courses are listed in numeric sequence:

Course#  Title  Units
PHOT 104 C  Wedding Photography  3
PHOT 109 C  Portrait Photography  3
or
MMPH 109 C  Portrait Photography  3
PHOT 207 C  Color Photography  3
or
MMPH 207 C  Color Photography  3
PHOT 209 C  Careers in Photography  3
PHOT 215 C  Digital Photography  3
or
MMPH 215 C  Digital Photography  3

Total Units Required  15

VECTOR ILLUSTRATION
CERTIFICATE  Program Code: 1C12358
The Computer Graphics program provides the skills necessary to create vector based digital drawings, paintings and illustrations. Emphasis is placed on development of a portfolio for employment and/or advancement.

To earn a certificate, complete the required courses as listed with a minimum grade of "C." At least 50% of all course work must be completed at Cypress College.

Required courses are listed in suggested sequence:

Course#  Title  Units
ART 120 C  Two-Dimensional Design  3
ART 182 C  Freehand Drawing  3
ART 189 C  Fundamentals of Painting  3
ART 244 C  Illustration  3

MM 100 C  INTRODUCTION TO MULTIMEDIA  3 Units
Three hours lecture per week.
CSU
This class is designed to introduce the student to the various disciplines involved in the creation of multimedia products. These disciplines include information systems, computer graphics and visual design, digital photography, electronic music, digital journalism and video.

Multimedia (MM)
MM 100 C  INTRODUCTION TO MULTIMEDIA  3 Units
Three hours lecture per week.
CSU
This class is designed to introduce the student to the various disciplines involved in the creation of multimedia products. These disciplines include information systems, computer graphics and visual design, digital photography, electronic music, digital journalism and video.
MM 101 C  INTRO. TO ONLINE LEARNING  
1 Unit  
One hour lecture per week.  
Credit/No Credit/Letter Grade Option  
CSU  
This course prepares the student for the online education experience through direct application of online courseware tools such as chat, discussion, file exchange, homepage, course calendar, online gradebook, and external links. It also explores word processing basics, time management, troubleshooting, electronic mail, e-mail attachments, Internet navigation and research, file transfer protocol and other Internet services.

MM 110 C  VISUAL COMMUNICATION  
3 Units  
Three hours lecture per week.  
UC/CSU  
An introduction to the concepts and techniques of visual perception, color and design using graphic, photographic and video images, with the computer as a tool, for multimedia production. Emphasis is on thinking processes and problem solving basic to creative visual work.

Multimedia Art Computer Graphics

MMCG 100 C  INTRO TO COMPUTER GRAPHICS/MAC  
3 Units  
(Same as ACG 100 C)  
Two hours lecture and  
Three hours laboratory per week.  
CSU  
Corequisite: Concurrent enrollment in ACG 199 C. This course focuses on the use of paint, drawing and page layout programs. Designed for artists to input, create, manipulate and output graphic imagery. This class is intended as a gateway into the varied offerings of the Art Computer Graphics program, where the student can pursue more in-depth study on the topic(s) that most attracted them during this introductory class. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

MMCG 101 C  INTRO TO COMPUTER GRAPHICS/WIN  
3 Units  
(Same as ACG 101 C)  
Two hours lecture and  
Three hours laboratory per week.  
CSU  
Corequisite: Concurrent enrollment in ACG 199 C. This course focuses on the use of paint, drawing and page layout programs. The use of various input and output devices will be covered. Designed for artists to input, create, manipulate and output graphic imagery. This class is intended as a gateway into the varied offerings of the Art Computer Graphics program, where the student can pursue more in-depth study on the topic(s) that most attracted them during this introductory class. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

MMCG 102 C  INTRO TO MAC WEB GRAPHICS  
3 Units  
(Same as ACG 102 C)  
Two hours lecture and  
Three hours laboratory per week.  
CSU  
Corequisite: Concurrent enrollment in ACG 199 C. This is an overview of the many uses of computer multimedia, with an emphasis on electronic publishing over the Internet. In the course of the semester, the students create a personal Web page enriched with such audiovisual elements as animation, sound, video, 3-D, and different types of still images. This class is intended as a gateway into the varied offerings of the Art Computer Graphics program, where the student can pursue more in-depth study on the topic(s) that most attracted them during this introductory class. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

MMCG 103 C  INTRO TO WIN WEB GRAPHICS  
3 Units  
(Same as ACG 103 C)  
Two hours lecture and  
Three hours laboratory per week.  
CSU  
Corequisite: Concurrent enrollment in ACG 199 C. This is an overview of the many uses of computer multimedia, with an emphasis on electronic publishing over the Internet. In the course of the semester, the students create a personal Web page enriched with such audiovisual elements as animation, sound, video, 3-D, and different types of still images. This class is intended as a gateway into the varied offerings of the Art Computer Graphics program, where the student can pursue more in-depth study on the topic(s) that most attracted them during this introductory class. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

MMCG 104 C  INTRO TO MAC 3D GRAPHICS  
3 Units  
(Same as ACG 104 C)  
Two hours lecture and  
Three hours laboratory per week.  
CSU  
Corequisite: Concurrent enrollment in ACG 199 C. This is an overview of 3D computer graphics, with an emphasis on 2D paint and 3D modeling & animation software used in animation on the Macintosh. In the course of the semester, students create original 3D still and animation imagery for their portfolio. This class is intended as a gateway into the varied offerings of the Art Computer Graphics program, where the student can pursue more in-depth study on the topic(s) that most attracted them during this introductory class. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.
MMCG 105 C  INTRO TO WIN 3D GRAPHICS
3 Units
(Same as ACG 105 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. This is an overview of 3D computer graphics, with an emphasis on 2D paint and 3D modeling & animation software used in animation on a Windows computer. In the course of the semester, students create original 3D still and animation imagery for their portfolio. This class is intended as a gateway into the varied offerings of the Art Computer Graphics program, where the student can pursue more in-depth study on the topic(s) that most attracted them during this introductory class. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

MMCG 112 C  ELECTRONIC ILLUSTRATION/MAC
3 Units
(Same as ACG 112 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: MMCG/ACG 100 C or MMCG/ACG 101 C or MMCG/ACG 102 C or MMCG/ACG 103 C and ART 120 C or by consent of instructor pending portfolio review. The course focuses on the Macintosh generation of Postscript (vector) images for integration into desktop publishing/page layout software and as stand-alone images allowing high resolution output. The course offers the professional artist basic Macintosh skills needed for employment and/or advancement. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

MMCG 113 C  ELECTRONIC ILLUSTRATION/WIN
3 Units
(Same as ACG 113 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: MMCG/ACG 112 C or MMCG/ACG 113 C or by consent of instructor pending portfolio review. The course focuses on the Windows generation of Postscript (vector) images for integration into desktop publishing/page layout software and as stand-alone images allowing high resolution output. The course offers the professional artist basic Windows skills needed for employment and/or advancement. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

MMCG 114 C  ELECTRONIC ILLUSTRATION 2/MAC
3 Units
(Same as ACG 114 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: MMCG/ACG 112 C or MMCG/ACG 113 C or by consent of instructor pending portfolio review. This course is intended for the graphic designer, illustrator and fine artist, focusing on the advanced usage of several 2D vector based drawing software packages. The course focuses on the advanced usage of Macintosh generation of Postscript (vector) images for integration into desktop publishing/page layout software and as stand-alone images allowing high-resolution output. The course offers the professional artist advanced Macintosh skills needed for employment and/or advancement. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

MMCG 115 C  ELECTRONIC ILLUSTRATION 2/WIN
3 Units
(Same as ACG 115 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: MMCG/ACG 112 C or MMCG/ACG 113 C or by consent of instructor pending portfolio review. This course is intended for the graphic designer, illustrator and fine artist, focusing on the advanced usage of several 2D vector based drawing software packages. The course focuses on the advanced usage of Windows generation of Postscript (vector) images for integration into desktop publishing/page layout software and as stand-alone images allowing high-resolution output. The course offers the professional artist advanced Windows skills needed for employment and/or advancement. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

MMCG 120 C  3D MODELING/MAC
3 Units
(Same as ACG 120 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: MMCG/ACG 104 C or MMCG/ACG 105 C and ART 120 C or by consent of instructor pending portfolio review. This course focuses on computer generated 3D design techniques through the use of Macintosh based three-dimensional design programs. The course emphasis is on the introduction of three-dimensional concepts, the use of modeling tools, menu structures and modeling building applications of 3D design systems. Skills taught in this course will give students the ability to create original three-dimensional computer generated models of organic or mechanical design and animate them. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.
MMCG 121 C 3D MODELING/WIN
3 Units
(= Same as ACG 121 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory:
MMCG/ACG 104 C or MMCG/ACG 105 C and ART 120 C or
by consent of instructor pending portfolio review. This course
focuses on computer generated 3D design techniques
through the use of Windows based three-dimensional design
programs. The course emphasis is on the introduction of
three-dimensional concepts, the use of modeling tools, menu
structures and modeling building applications of 3D design
systems. Skills taught in this course will give students the abil-
ability to create original three-dimensional computer generated
models of organic or mechanical design and animate them.$15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

MMCG 132 C ELECTRONIC PAINT/MAC
3 Units
(= Same as ACG 132 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory:
MMCG/ACG 100 C or MMCG/ACG 101 C or MMCG/ACG
102 C or MMCG/ACG 103 C and ART 120 C or by consent
of instructor pending portfolio review. The course focus is on
the usage of Macintosh based software using a variety of
natural-media software for the manipulation of bit-mapped
(raster) images. Course topics include creation of original
drawings; paintings and illustrations, using an assortment of
digitally based chalks, pens, paints, inks, papers and tex-
tures. The course offers the professional artist raster based
digital drawing/painting and illustration skills, on a Macintosh
computer, needed for employment and/or advancement.$15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

MMCG 135 C DIGITAL IMAGING/WIN
3 Units
(= Same as ACG 135 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory:
MMCG/ACG 134 C or MMCG/ACG 135 C or by consent of
instructor pending portfolio review. The course focus is on
the advanced usage of Macintosh based software for the
manipulation of bit-mapped (raster) images using illustrative,
photographic, scanned and video images as the basis for
image manipulation. Course topics include: image enhance-
ment, editing, composite, retouching, photo montages, prepress,
color separations and web-based images.$15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

MMCG 134 C DIGITAL IMAGING/MAC
3 Units
(= Same as ACG 134 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory:
MMCG/ACG 100 C or MMCG/ACG 101 C or MMCG/ACG
102 C or MMCG/ACG 103 C and ART 120 C or by consent
of instructor pending portfolio review. The course focus is on
the usage of Microsoft Windows based software for the
manipulation of bit-mapped (raster) images using illustrative,
photographic, scanned and video images as the basis for
image manipulation. Course topics include: image enhance-
ment, editing, composite, retouching, photo montages, prepress,
color separations and web-based images.$15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

MMCG 136 C DIGITAL IMAGING 2/MAC
3 Units
(= Same as ACG 136 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory:
MMCG/ACG 134 C or MMCG/ACG 135 C or by consent of
instructor pending portfolio review. The course focus is on
the advanced usage of Microsoft Windows based software for the
manipulation of bit-mapped (raster) images using illustrative,
photographic, scanned and video images as the basis for
image manipulation. Course topics include: image enhance-
ment, editing, composite, retouching, photo montages, prepress,
color separations and web-based images.$15.00 Laboratory Fee – PAYABLE AT REGISTRATION.
**MMCG 137 C**  DIGITAL IMAGING 2/WIN  
3 Units  
(Same as ACG 137 C)  
Two hours lecture and  
Three hours laboratory per week.  
CSU  
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: MMCG/ACG 134 C or MMCG/ACG 135 C or by consent of instructor pending portfolio review. The course focus is on the advanced usage of Windows based software for the manipulation of bit-mapped (raster) images using illustrative, photographic, scanned and video images as the basis for image manipulation. Course topics include image enhancement, editing, composite, retouching, photo montages, prepress, color separations and web based images. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

**MMCG 140 C**  DESKTOP PUBLISHING I/MAC  
3 Units  
(Same as ACG 140 C)  
Two hours lecture and  
Three hours laboratory per week.  
CSU  
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: MMCG/ACG 100 C or MMCG/ACG 101 C or MMCG/ACG 102 C or MMCG/ACG 103 C and ART 140 C or by consent of instructor pending portfolio review. This course focuses on the use of Macintosh software as an Ad-design tool to generate “digital camera ready” page layouts, integrating graphics, illustrations, photographs and text. Emphasis is placed on design of the page, precision and accuracy allowed by the computer and varied output options for color composites and separations. Course topics include page design, page layout, text editing, font manipulation, importing artwork, prepress tools, spot and color separations. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

**MMCG 141 C**  DESKTOP PUBLISHING I/WIN  
3 Units  
(Same as ACG 141 C)  
Two hours lecture and  
Three hours laboratory per week.  
CSU  
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: MMCG/ACG 100 C or MMCG/ACG 101 C or MMCG/ACG 102 C or MMCG/ACG 103 C and ART 140 C or by consent of instructor pending portfolio review. This course focuses on the use of Windows software as an Ad-design tool to generate “digital camera ready” page layouts, integrating graphics, illustrations, photographs and text. Emphasis is placed on design of the page, precision and accuracy allowed by the computer and varied output options for color composites and separations. Course topics include page design, page layout, text editing, font manipulation, importing artwork, prepress tools, spot and color separations. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

**MMCG 142 C**  DESKTOP PUBLISHING 2/MAC  
3 Units  
(Same as ACG 142 C)  
Two hours lecture and  
Three hours laboratory per week.  
CSU  
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: MMCG/ACG 140 C or MMCG/ACG 141 C or by consent of instructor pending portfolio review. This course focuses on the intermediate use of Macintosh software as an Ad-design tool to generate page layouts, integrating graphics, illustrations, photographs and text. Emphasis is placed on design of multi page layout for various types of publications, prepress, color separation and providing “digital camera ready” files for commercial projects. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

**MMCG 143 C**  DESKTOP PUBLISHING 2/WIN  
3 Units  
(Same as ACG 143 C)  
Two hours lecture and  
Three hours laboratory per week.  
CSU  
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: MMCG/ACG 140 C or MMCG/ACG 141 C or by consent of instructor pending portfolio review. This course focuses on the intermediate use of Windows software as an Ad-design tool to generate page layouts, integrating graphics, illustrations, photographs and text. Emphasis is placed on design of multi page layout for various types of publications, prepress, color separation and providing “digital camera ready” files for commercial projects. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

**MMCG 146 C**  DESKTOP PUBLISHING 3/MAC  
3 Units  
(Same as ACG 146 C)  
Two hours lecture and  
Three hours laboratory per week.  
CSU  
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: MMCG/ACG 140 C or MMCG/ACG 141 C or by consent of instructor pending portfolio review. This course focuses on the advanced use of Macintosh software as an Ad-design tool to generate digital “camera ready” page layouts, integrating graphics, illustrations, photographs and text. Emphasis on computer assisted layout, design and production techniques used in a "hands on" environment to create Visions magazine. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

**MMCG 147 C**  DESKTOP PUBLISHING 3/WIN  
3 Units  
(Same as ACG 147 C)  
Two hours lecture and  
Three hours laboratory per week.  
CSU  
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: MMCG/ACG 140 C or MMCG/ACG 141 C or by consent of instructor pending portfolio review. This course focuses on the advanced use of Windows based software as an Ad-design tool to generate digital “camera ready” page layouts, integrating graphics, illustrations, photographs and text. Emphasis on computer assisted layout, design and production techniques used in a "hands on" environment to create Visions magazine. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.
MMCG 150 C  INTERMEDIATE ANIMATION/MAC
3 Units
(Same as ACG 150 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: MMCG/ACG 120 C or MMCG/ACG 121 C or by consent of instructor pending portfolio review. The course focuses on intermediate skills in 3D computer modeling and animation with a Macintosh software program that is a standard in the industry. The course focus is on intermediate techniques in modeling, texturing, lighting, motion control, and rendering animations for various purposes. Skills taught in this course will give students the ability to create original three-dimensional computer generated models of intermediate organic or mechanical design with a high degree of realism and resolution. Animation techniques explored will provide cinematic realism and presentation. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

MMCG 151 C  INTERMEDIATE ANIMATION/WIN
3 Units
(Same as ACG 151 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: MMCG/ACG 120 C or MMCG/ACG 121 C or by consent of instructor pending portfolio review. The course focuses on intermediate skills in 3D computer modeling and animation with a Windows software program that is a standard in the industry. The course focuses on intermediate techniques in modeling, texturing, lighting, motion control, and rendering animations for various purposes. Skills taught in this course will give students the ability to create original three-dimensional computer generated models of intermediate organic or mechanical design with a high degree of realism and resolution. Animation techniques explored will provide cinematic realism and presentation. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

MMCG 156 C  ADVANCED ANIMATION/MAC
3 Units
(Same as ACG 156 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: MMCG/ACG 150 C or MMCG/ACG 151 C or by consent of instructor pending portfolio review. The course focuses on advanced skills in 3D computer modeling and animation with a Macintosh software program that is a standard in the industry. The course focus is on advanced techniques in modeling, texturing, lighting, motion control, and rendering animations for various purposes. Skills taught in this course will give students the ability to create original three-dimensional computer generated models of advanced organic or mechanical design with a high degree of realism and resolution. Animation techniques explored will provide cinematic realism and presentation. The course will combine 3D modeling and animation with 2D graphics imagery through mapping, editing techniques and visual effects. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

MMCG 157 C  ADVANCED ANIMATION/WIN
3 Units
(Same as ACG 157 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: MMCG/ACG 150 C or MMCG/ACG 151 C or by consent of instructor pending portfolio review. The course focuses on advanced skills in 3D computer modeling and animation with a Windows software program that is a standard in the industry. The course focus is on advanced techniques in modeling, texturing, lighting, motion control, and rendering animations for various purposes. Skills taught in this course will give students the ability to create original three-dimensional computer generated models of advanced organic or mechanical design with a high degree of realism and resolution. Animation techniques explored will provide cinematic realism and presentation. The course will combine 3D modeling and animation with 2D graphics imagery through mapping, editing techniques and visual effects. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

MMCG 161 C  MULTIMEDIA/MAC
3 Units
(Same as ACG 161 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: MMCG/ACG 102 C or MMCG/ACG 103 C and ART 120 C or by consent of instructor pending portfolio review. The course focuses on the Macintosh generation of multi-media content for integration into interactive visual presentations. Students will create personal interactive presentations by using drawings, photographs, charts, graphs, sound, text and 2D animation. The final presentations will use various outputs including Web, CD, videotape, color and black and white laser printers etc. The course offers the professional artist Macintosh multi media skills needed for employment and/or advancement. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

MMCG 162 C  MULTIMEDIA/WIN
3 Units
(Same as ACG 162 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: MMCG/ACG 102 C or MMCG/ACG 103 C and ART 120 C or by consent of instructor pending portfolio review. The course focuses on the Windows generation of multi-media content for integration into interactive visual presentations. Students will create personal interactive presentations by using drawings, photographs, charts, graphs, sound, text and 2D animation. The final presentations will use various outputs including Web, CD, videotape, color and black and white laser printers etc. The course offers the professional artist Windows multi media skills needed for employment and/or advancement. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

MMCG 163 C  MULTIMEDIA/WIN
3 Units
(Same as ACG 163 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: MMCG/ACG 102 C or MMCG/ACG 103 C or and ART 120 C or by consent of instructor pending portfolio review. The course focuses on the Windows generation of multi-media content for integration into interactive visual presentations. Students will create personal interactive presentations by using drawings, photographs, charts, graphs, sound, text and 2D animation. The final presentations will use various outputs including Web, CD, videotape, color and black and white laser printers etc. The course offers the professional artist Windows multi media skills needed for employment and/or advancement. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.
MMCG 164 C  MULTIMEDIA AUTHORING/MAC
3 Units
(Same as ACG 164 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: MMCG/ACG 162 C or MMCG/ACG 163 C or by consent of instructor pending portfolio review. The course focuses on the advanced usage of Macintosh generated multi-media content for integration into interactive visual presentations. Students will create advanced personal interactive presentations for CD-ROMs, Web, videodiscs and videotape. Current software and hardware tools and techniques for designing and programming interactive multimedia presentations will be explored. The course offers the professional artist advanced Macintosh multimedia skills needed for employment and/or advancement. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

MMCG 165 C  MULTIMEDIA AUTHORING/WIN
3 Units
(Same as ACG 165 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: MMCG/ACG 162 C or MMCG/ACG 163 C or by consent of instructor pending portfolio review. The course focuses on the advanced usage of Windows generated multi-media content for integration into interactive visual presentations. Students will create advanced personal interactive presentations for CD-ROMs, Web, videodiscs and videotape. Current software and hardware tools and techniques for designing and programming interactive multimedia presentations will be explored. The course offers the professional artist advanced Windows multimedia skills needed for employment and/or advancement. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

MMCG 180 C  DIGITAL VIDEO/MAC
3 Units
(Same as ACG 180 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: MMCG/ACG 100 C or MMCG/ACG 101 C or MMCG/ACG 102 C or MMCG/ACG 103 C and ART 120 C or by consent of instructor pending portfolio review. The course includes the study and hands on use of Macintosh computers, assorted software, CD-ROMs, videodiscs, and other tools and techniques used for digitizing, editing and composition of video and audio sources. The course is to provide a thorough introduction to the world of desktop video used in the fields of multimedia, video editing (both on line and off line) and the creation of Quicktime movies. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

MMCG 181 C  DIGITAL VIDEO/WIN
3 Units
(Same as ACG 181 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: Concurrent enrollment in ACG 199 C. Advisory: MMCG/ACG 100 C or MMCG/ACG 101 C or MMCG/ACG 102 C or MMCG/ACG 103 C and ART 120 C or by consent of instructor pending portfolio review. The course includes the study and hands on use of Windows computers, assorted software, CD-ROMs, videodiscs, and other tools and techniques used for digitizing, editing and composition of video and audio sources. The course is to provide a thorough introduction to the world of desktop video used in the fields of multimedia, video editing (both on line and off line) and the creation of Quicktime movies. $15.00 Laboratory Fee – PAYABLE AT REGISTRATION.

Multimedia Journalism

MMJO 225 C  NEWSPAPER PRODUCTION
3 Units
(Same as JOUR 225 C)
Three hours lecture per week.
CSU
Advisory: 20 words per minute keyboarding helpful. Emphasis is on publishing of the campus newspaper, The Cypress Chronicle. The course is taught in a newsroom using the media convergence model in which students work alongside of, and share their production with, other campus media. Skills developed include reporting, writing, and editing; desktop publishing; desktop editing of photographs and the creation of graphics; and digital photography; plus managing media and advertising.

MMJO 226 C  ON-LINE PRODUCTION
3 Units
(Same as JOUR 226 C)
Three hours lecture per week.
CSU
Advisory: 20 words per minute keyboarding helpful. Emphasis is on creating and maintaining The Cypress Chronicle Web site, CyChron.com. The course is taught in a newsroom using the media convergence model in which students work alongside of, and share their production with, other campus media. Skills developed include writing for the internet, using digital photography, editing digital video and audio, using on-line publishing software, plus managing media and advertising.

MMJO 228 C  VISUALJOURNALISM
3 Units
(Same as JOUR 228 C)
Three hours lecture per week.
CSU
Advisory: 20 words per minute keyboarding helpful. Emphasis is on creating visual stories using digital photography and/or videography. The student will plan, photograph or videograph, report, write, layout or edit visual story packages for the campus media. Skills include digital photography and videography, reporting, writing, desktop photographic editing, desktop publishing, and video editing.
Multimedia Music

**MMMU 124 C**  RECORDING STUDIO I  
3 Units  
(Same as MUS 124 C)  
Two hours lecture and  
Four hours laboratory per week.  
CSU  
This class covers the fundamental concepts in audio recording technology. Topics include studio business practices, microphones, mixers, signal processors, the sound field, monitors, recording and editing devices, and synchronization.

**MMMU 178 C**  DIGITAL MUSIC TECHNOLOGY  
3 Units  
(Same as MUS 178 C)  
Three hours lecture and  
One and one-half hour laboratory TBA per week.  
CSU  
A comprehensive study of how digital technology is used in the music industry today. Designed for students with interest in songwriting, recording, audio production, and/or multimedia. Students will get hands-on experience with MIDI, keyboard synthesizers, sound modules, sequencers, sound editors, notation software, audio file formats (.wav, .mp3, .mid, etc.), and mastering to compact disc.

**MMMU 224 C**  RECORDING STUDIO II  
3 Units (May be taken for credit 2 times)  
(Same as MUS 224 C)  
Two hours lecture and  
Four hours laboratory per week.  
CSU  
Prerequisite: MUS 124 C or MMMU 124 C. Corequisite: MUS 224LC. This course provides an introduction to digital audio concepts, recorders, synchronization, and the digital audio workstation. Students will be assigned projects in the music department’s recording facilities.

Multimedia Photography

**MMPH 101 C**  INTRODUCTION TO PHOTOGRAPHY  
3 Units  
(Same as PHOT 101 C)  
Two hours lecture and  
Four hours laboratory per week.  
Credit by Examination  
UC/CSU, AA GE, CSU GE, CAN ART 18  
Corequisite: PHOT 102 C. This course provides students with an introduction to visual concepts, basic image capture and camera functions with film and digital cameras. Software basics for photographic imaging and digital printing along with traditional black and white film development and photographic printing will be taught. $20.00 Laboratory Fee - PAYABLE AT REGISTRATION.

**MMPH 103 C**  PHOTOGRAPHIC POSSIBILITIES  
3 Units  
(Same as PHOT 103 C)  
Two hours lecture and  
Four hours laboratory per week.  
CSU  
Corequisite: PHOT 102 C. Advisory: PHOT 101 C or MMPH 101 C. This course is designed to reinforce and enhance the concepts and skills acquired in the Introduction to Photography class. The emphasis will be on the refinement of basic technical skills including black and white processing and printing, film and digital camera operation, basic scanning and image software techniques, and the development of a personal direction in photography for each student. In order to increase the student’s exposure to the medium, the course also includes an introduction to large format cameras including both 2¼ and 4x5 format. $20.00 Laboratory Fee - PAYABLE AT REGISTRATION.

**MMPH 105 C**  PHOTO-GRAPHICS  
2 Units (May be taken for credit 3 times)  
(Same as PHOT 105 C)  
One hour lecture and  
Three hours laboratory per week.  
CSU  
Corequisite: PHOT 102 C. Advisory: PHOT 101 C or MMPH 101 C. A basic class in darkroom techniques utilizing graphic arts film and developers. Darkroom manipulations during the photo process are used to give the student a working knowledge of the possibilities offered by unique photo control methods. $20.00 Laboratory Fee – PAYABLE AT REGISTRATION.

**MMPH 109 C**  PORTRAIT PHOTOGRAPHY  
3 Units (May be taken for credit 3 times)  
(Same as PHOT 109 C)  
Two hours lecture and  
Three hours laboratory per week.  
CSU  
Corequisite: PHOT 102 C. Advisory: PHOT 103 C or MMPH 103 C. This course is designed to give the student a working knowledge of portrait styles and techniques. The student will practice techniques for working with people in a studio situation. The student will work with both natural and artificial lighting and learn the possibilities and limitations of both. Camera formats will range from 35mm to 4x5. Students will have an opportunity to investigate and imitate the styles of well-known portrait photographers. $20.00 Laboratory Fee – PAYABLE AT REGISTRATION.

$20.00 Laboratory Fee – PAYABLE AT REGISTRATION.
MMPH 217 C  3D PHOTO IMAGING  
3 Units (May be taken for credit 3 times)  
(Same as PHOT 217 C)  
Two hours lecture and  
Four hours laboratory per week.  
CSU  
Prerequisite: PHOT 103 C or MMPH 103 C with a grade of "C" or better. Corequisite: PHOT 102 C. This course is designed to provide the student with advanced knowledge of 3D photographic imaging technologies as they relate to the study of light, form, and three-dimensional space. Students will study lighting, form, and space in virtual environments of their own creation. A diverse assortment of 3D software will be utilized to instruct students in how forms are visually perceived and modified based on the way light describes them. The relationship between 2D and 3D imaging applications will be discussed as well as the integration of the two for a variety of commercial photography and multimedia applications. These include studio background creation, special visual effects, game production, photo illustration, and digital composites. $35.00 Laboratory Fee – PAYABLE AT REGISTRATION.

MMTA 143 C  STAGECRAFT  
3 Units (May be taken for credit 2 times)  
(Same as THEA 143 C)  
Two hours lecture and  
Three hours laboratory per week.  
UC/CSU  
This course explores the planning and execution of scenic elements for the stage with an emphasis on design, construction and methods of shifting scenery.

MMTA 144 C  LIGHTING DESIGN FUNDAMENTALS  
3 Units (May be taken for credit 2 times)  
(Same as THEA 144 C)  
Two hours lecture and  
Three hours laboratory per week.  
UC/CSU  
This course involves the study and execution of stage lighting with emphasis on equipment, control, color, and their relationship to design.

MMTA 241 C  COMPUTER DRAWING FOR THEATER  
3 Units (May be taken for credit 2 times)  
(Same as THEA 241 C)  
Two hours lecture and  
Three hours laboratory per week.  
CSU  
Students will receive instruction and practice in computer drawing specifically for theatrical use. Course content will include techniques necessary to generate floor plans, elevations, renderings, light plots and supporting documentation such as materials lists and lighting instrument schedules.

MMTA 244 C  INTELLIGENT LIGHTING  
3 Units (May be taken for credit 2 times)  
(Same as THEA 244 C)  
Two hours lecture and  
Three hours laboratory per week.  
CSU  
This course involves the study and execution of stage lighting making use of individually programmable or "intelligent" lighting with emphasis on equipment, control, color and their relationship to design. Cost for theater tickets not to exceed $100.

ASSOCIATE IN ARTS DEGREE  
MUSIC  
Program Code: 1A03777  
The Associate in Arts Degree in Music is designed to prepare the student for a career as a professional musician. This curriculum includes music history and theory, as well as applied instruction and performance experience on his or her particular instrument.
To earn an Associate Degree students must complete:
(1) all major course requirements with a minimum grade of “C”; (2) 25 units of General Education Graduation Requirements; (3) the cultural diversity and reading requirements; (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

MUSIC TRANSFER PROGRAM

Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Music (MUS)

MUS 055 C  MUSIC WORK EXPERIENCE
1 - 4 Units (Variable Unit Class) (May be taken for credit 4 times)

One hour lecture per week.
Corequisite: Must be enrolled in seven units, including work experience. This course provides 1 unit of credit for a minimum employment of 5 hours per week for 18 weeks. Students may take a maximum of 4 units each semester. (20 hours per week for 18 weeks).

MUS 100 C  MUSIC LABORATORY
1 - 2 Units (Variable Unit Class) (May be taken for credit 4 times)

Three to six hours laboratory TBA per week.
Credit/No Credit

CSU
Corequisite: Concurrent enrollment in a music course with a lab. This course is designed to supplement music courses with a lab component. For each 48 hours beyond the requirements of the corequisite class that the student spends in directed laboratory activities one unit of credit will be granted, up to a maximum of two units per semester. All hours must be verified by sign-in sheets and/or computerized attendance.

MUS 101 C  MUSIC FUNDAMENTALS
3 Units

Three hours lecture and
One hour laboratory TBA per week.

UC Credit Limitation/CSU, AA GE, CSU GE

This cross cultural course covers the elements of sound, their application and effect in musical structures. The historical evolution of music, notation, and its understanding and application are presented in an international societal context. It is open to all students but designed for the non-music major.
MUS 102 C  MUSIC READING
3 Units
Three hours lecture and
One hour laboratory TBA per week.
UC/CSU
This course is designed to teach students how to read music from the printed page. Participants will learn basic skills, such as identifying note names and rhythm values, and will progress to the primary levels of sightsinging and developing the inner ear, a skill vital to every musician.

MUS 103AC  THEORY AND MUSICIANSHIP I
4 Units
Five hours lecture and
One hour laboratory TBA per week.
UC/CSU, AA GE, CSU GE, IGETC, CAN MUS 2
Prerequisite: Ability to read music. Advisory: Concurrent enrollment in a piano class. This is the FIRST COURSE in music theory for music majors. Topics include basic terminology, rhythmic and pitch notation, diatonic scales and triads, intervals, chord progressions and basic cadential formulas, dominant seventh chords, figured bass, non-harmonic tones, sight-singing, and melodic, harmonic, and rhythmic dictation.

MUS 103BC  THEORY AND MUSICIANSHIP II
4 Units
Five hours lecture and
One hour laboratory TBA per week.
UC/CSU, CAN MUS 4
Prerequisite: MUS 103AC. This course is a continuation of MUS 103AC. It includes major, minor, and dominant seventh chords, diminished seventh chords, musical texture, voice leading and part writing in 2 and 4 voices, harmonic progression, sight-singing, melodic and harmonic dictation, and the development of rhythmic reading skills.

MUS 111 C  THE MUSIC BUSINESS
3 Units
Three hours lecture per week.
CSU
From contracts to copyrights, this course covers the essential elements of the music industry for performers, songwriters, producers, and managers. Topics include intellectual property law (copyrights), management contracts, publishing companies, performance rights societies, licensing procedures, record manufacturing and distribution, and an overall look at the dynamics of the music and entertainment industries. Guest speakers will appear according to availability.

MUS 113 C  JAZZ HISTORY
3 Units
Three hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE, IGEC, CUL DIV
This is a survey course which traces the history and development of jazz music from its inception to the present day. The music, both live and from recordings, is studied from a cultural, musical, historical, and sociological standpoint. Concert attendance is required. Open to all students.

MUS 115 C  MUSIC CULTURES OF THE WORLD
3 Units
Three hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE, IGEC
This course will examine music from Africa, Asia, Eastern Europe, India, Indonesia, Latin America, and indigenous Indian music from North America. The emphasis is on the role of music in society and its relationship to the other arts. Consideration is also given to musical function, style and structure, instruments, and performance traditions.

MUS 116 C  MUSIC APPRECIATION.
3 Units
Three hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE, IGEC
A survey of music literature from the Middle Ages to the present. Students will gain an understanding of music as an art form through listening and discussion of choral, orchestral, solo, opera, chamber and jazz works. Concert attendance is required. Open to all students, but designed for the non-music major.

MUS 117 C  AMERICAN POPULAR MUSIC
3 Units
Three hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE, IGEC
This course is an historical and musical study of American popular music from its origin to the present. The primary focus will be on musical styles with secondary emphasis on sociological, political and economic conditions which influenced the popular music of America. Concert attendance is required. Open to all students.

MUS 118 C  INTRODUCTION TO OPERA
3 Units
Three hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
UC Credit Limitation/CSU, AA GE, CSU GE, IGEC
This course is an introduction to the standard operatic repertoire in terms of development of musical style, dramatic structure, and performance tradition. Emphasis is on elements of the art of operatic singing, voice classification, vocal range and technique, and dramatic values. Opportunities for attendance at operatic performances will be provided. Cost of music concert will not exceed $30.00. Duplicate credit not granted for MUS 118HC.
MUS 118HC  HONORS INTRODUCTION TO OPERA
3 Units
Three hours lecture and
One hour laboratory TBA per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC
This course offers an Introduction to Opera course enhanced for honors students in a seminar type setting. Students will survey the standard operatic repertoire in terms of development of musical style, dramatic structure and performance tradition with emphasis on the appreciation of the art of operatic singing, voice classification, vocal technique and dramatic values. Opportunities for field trips and seminars with performers and directors are included. Cost of music concert will not exceed $30.00. Duplicate credit not granted for MUS 118 C.

MUS 119 C  HISTORY OF ROCK MUSIC
3 Units
Three hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE, IGETC
From its earliest beginnings to the present day, this course surveys the inception, evolution, and development of Rock music in America and abroad. In addition to in-depth studies of Rock music and the artists who created it, students will examine the sociological, political, and economic conditions which influenced its development.

MUS 120 C  SURVEY OF MUSIC HISTORY
3 Units
Three hours lecture and
One hour laboratory TBA per week.
UC/CSU, AA GE, CSU GE, IGETC
This course is designed for music majors or non-majors with some musical background. Students will study Western stylistic trends, major forms and theory from antiquity to the present. Recordings, video tapes, and live musical performances are used to emphasize material covered in class discussions.

MUS 122 C  CONCERT HOUR
1 Unit (May be taken for credit 4 times)
One hour lecture per week.
CSU, AA GE, CSU GE
The concert hour is set aside for on-campus concerts and recitals. A variety of soloists and ensembles will perform music of many styles from the sixteenth century to the present. Students will have an opportunity to observe, listen and discuss with the performers the characteristics of various musical styles and performance techniques. Open to all students.

MUS 124 C  RECORDING STUDIO I
3 Units
(Same as MMMU 124 C)
Two hours lecture and
Four hours laboratory per week.
CSU
This class covers the fundamental concepts in audio recording technology. Topics include studio business practices, microphones, mixers, signal processors, the sound field, monitors, recording and editing devices, and synchronization.

MUS 126 C  BEGINNING VOICE
1 Unit (May be taken for credit 2 times)
One hour lecture and
One hour laboratory and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
UC/CSU, CSU GE
Students will study basic vocal techniques including tone production, breath control, and diction. Songs will be drawn from popular and traditional song literature.

MUS 127 C  MUSIC IN FILM
3 Units
Three hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
UC/CSU
This course is an introduction to the use of music in motion pictures in terms of dramatic purpose and musical style. Emphasis is on how music reinforces the emotional impact, plot delineation, dramatic pacing, and mood evocation in the film.

MUS 130 C  BEGINNING GUITAR
1 Unit (May be taken for credit 2 times)
One hour lecture and
One hour laboratory and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
UC/CSU, CSU GE
This course introduces the basics of guitar playing to those with little or no previous experience. Basic technique, playing chords and melodies, and music reading are all covered in detail. Open to all students.

MUS 131 C  ELECTRIC BASS
1 Unit (May be taken for credit 4 times)
One hour lecture and
One hour laboratory per week.
Credit/No Credit/Letter Grade Option
UC/CSU
This course uses group instruction to teach general techniques for the electric bass guitar. Blues, R&B, rock, pop and jazz styles are emphasized.

MUS 135 C  BEGINNING PIANO
1 Unit (May be taken for credit 2 times)
One hour lecture and
One hour laboratory and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
UC/CSU, CSU GE
This course is a study of basic piano techniques in a class situation. Includes functional use of basic chordal and scale material, reading music notation and rhythms, and presentation of elementary piano study as a basis for lifelong growth in music as art. Required of music majors whose piano skills are non-existent or very limited. Open to all students.
MUS 143 C  BEGINNING STRINGS
1 Unit (May be taken for credit 4 times)
One hour lecture and
One hour laboratory and
One hour laboratory TBA per week.
UC/CSU, CSU GE
This course teaches the fundamentals of string playing for any-
one interested in learning to play the violin, viola, violoncello, or
string bass. Students must supply their own instruments. Open
to all students, no previous experience necessary.

MUS 146 C  WOODWIND CLASS
1 Unit (May be taken for credit 4 times)
One hour lecture and
One hour laboratory and
One hour laboratory TBA per week.
UC/CSU, CSU GE
This is a course for students who wish to play flute, oboe,
clarinet, bassoon, or saxophone. Students must supply their
own instruments. Open to all students, no previous experi-
ence necessary.

MUS 150 C  BEGINNING BRASS
1 Unit (May be taken for credit 4 times)
One hour lecture and
One hour laboratory and
One hour laboratory TBA per week.
UC/CSU, CSU GE
This course teaches the fundamentals of brass playing for
anyone who is interested in learning to play the trumpet,
French horn, trombone, baritone, or tuba. Students must
supply their own instruments. Open to all students, no previ-
ous experience necessary.

MUS 152 C  PERCUSSION CLASS
1 Unit (May be taken for credit 4 times)
One hour lecture and
One hour laboratory and
One hour laboratory TBA per week.
UC/CSU
This is a course for students who wish to play drums, timpani,
mallet instruments, and other percussion instruments. The
class will emphasize basic music reading and rhythmical accu-
racy. Open to all students, no previous experience necessary.

MUS 156 C  JAZZ IMPROV - INSTRUMENTAL
1 Unit (May be taken for credit 4 times)
One hour lecture and
Two hours laboratory and
One and a quarter hours laboratory TBA per week.
UC/CSU
This class provides intermediate level instrumental students
with the tools and techniques for jazz improvisation. Analysis
of harmonic and melodic materials, extensive listening, and
performance exercises will assist the student in his/her
development as an improviser.

MUS 157 C  JAZZ IMPROVISATION - VOCAL
1 Unit (May be taken for credit 4 times)
One hour lecture and
One hour laboratory and
One and one quarter hours laboratory TBA per week.
UC/CSU
This course offers vocal students training in jazz song-styling
techniques focusing on swing, ballad, Latin, blues, and con-
temporary styles. Topics include rhythmic and melodic
improvisation, microphone technique, and scat singing.

MUS 171 C  CYPRESS CHAMBER ORCHESTRA
1 Unit (May be taken for credit 4 times)
Three hours rehearsal and
One and one quarter hours laboratory TBA per week.
CSU
Prerequisite: Audition. The Cypress Chamber Orchestra is ded-
icated to the rehearsal and performance of standard and con-
temporary literature for strings, woodwinds, brass, and percus-
sion. The ensemble performs in concert each semester.

MUS 175 C  SWING BAND
1 Unit (May be taken for credit 4 times)
Three hours rehearsal and
One and one-quarter hours in sectional rehearsals, recording,
program production and/or concerts per week.
UC/CSU
Prerequisite: Audition. Students in this class will be involved
in the rehearsal and concert performance of swing music in
the style of the “Big Band Era” from the 1930’s to 1950’s.

MUS 176 C  POPULAR SONGWRITING
3 Units
Three hours lecture and
One hour laboratory TBA per week.
CSU
Prerequisite: MUS 101 C or MUS 103AC. Advisory: Concur-
rent enrollment in MUS 238 C. This is an introductory to
intermediate course in popular songwriting. Students will learn
keyboard skills and notation. They will analyze melody, har-
mony, song form, rhythm, and lyrics as they apply to popular
music. Emphasis will be placed on original compositions and
composition by well-known songwriters and recording artists.

MUS 177 C  SONGWRITING WORKSHOP
3 Units (May be taken for credit 4 times)
Three hours lecture and
One hour laboratory TBA per week.
CSU
Prerequisite: MUS 176 C. Advisory: Concurrent enrollment in
MUS 238 C. This is an intermediate to advanced workshop in
popular songwriting. Students will analyze melody, harmony,
song form, rhythm, and lyrics as they apply to popular songs.
Emphasis will be placed on original compositions, while
studying compositions by well-known songwriters and
recording artists.

MUS 178 C  DIGITAL MUSIC TECHNOLOGY
3 Units (Same as MMMU 178 C)
Three hours lecture and
One and one-half hour laboratory TBA per week.
CSU
A comprehensive study of how digital technology is used in
the music industry today. Designed for students with interest
in songwriting, recording, audio production, and/or multime-
dia. Students will get hands-on experience with MIDI, key-
board synthesizers, sound modules, sequencers, sound edi-
tors, notation software, audio file formats (.wav, .mp3, .mid,
etc.), and mastering to compact disc.
MUS 203AC  THEORY AND MUSICIANSHIP III 4 Units
Five hours lecture and
One hour laboratory TBA per week.
UC/CSU
Prerequisite: MUS 103BC. This course is a continuation of MUS 103BC. Topics include nondominant seventh chords, modulation, secondary dominant and leading-tone chords, binary and ternary form, analysis, sight-singing and ear-training.

MUS 203BC  THEORY AND MUSICIANSHIP IV 4 Units
Five hours lecture and
One hour laboratory TBA per week.
UC/CSU
Prerequisite: MUS 203AC. This course is a continuation of MUS 203AC. Topics include borrowed chords, the Neapolitan sixth chord, the augmented sixth chords, ninth, eleventh, and thirteenth chords, sonata-allegro form, chromatic mediant relationships, musical composition, sight-singing and dictation.

MUS 212 C  MUSIC PROMOTION & DISTRIBUTION 3 Units
Three hours lecture per week.
CSU
Music entrepreneurs will learn business procedures to form their own company, emphasizing strategies for the sale and promotion of music. The course covers topics such as the music marketing environment, hands-on marketing techniques, online sales and promotion, and the effects of technology in music publishing.

MUS 218 C  OPERA HISTORY AND LITERATURE 3 Units
Three hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
UC/CSU
This course deals with the evolution of opera as a multimedia art form. Emphasis is placed on social and cultural influences affecting the development of its history and performance practices from the 17th century to the present. Music of individual composers from various music periods will be studied. Recordings, films, and field trips are used to supplement class discussions. Open to all students. Cost of music concert will not exceed $30.00.

MUS 224 C  RECORDING STUDIO II 3 Units (May be taken for credit 2 times)
(Same as MMMU 224 C)
Two hours lecture and
Four hours laboratory per week.
CSU
Prerequisite: MUS 124 C or MMMU 124 C. Corequisite: MUS 224LC. This course provides an introduction to digital audio concepts, recorders, synchronization, and the digital audio workstation. Students will be assigned projects in the music department’s recording facilities.

MUS 224LC  RECORDING STUDIO LAB 1 Unit (May be taken for credit 2 times)
Forty-eight hours laboratory per semester in the Recording Studio facilities.
Credit/No Credit
CSU
Corequisite: MUS 224 C. This course affords supplemental lab time for students enrolled in MUS 224 C. Students will complete individual and/or group projects in recording demonstrating their proficiency with studio techniques, recording, signal processing, mixdown, and audio production.

MUS 225 C  APPLIED MUSIC 1 Unit (May be taken for credit 4 times)
One hour lecture, and
One half-hour lesson with a private instructor, and
Five hours of practice in the practice rooms per week.
UC/CSU
Prerequisite: Audition and concurrent enrollment in a performing ensemble. For the student seeking individual instruction on piano, voice, guitar, or any standard band or orchestra instrument. A performance at Faculty Juries is required each semester. Vocal and instrumental students should concurrently enroll in a choir or band class, pianists and guitarists should consult with faculty for an appropriate concurrent course.

MUS 227 C  INTERMEDIATE VOICE 1 Unit (May be taken for credit 2 times)
One hour lecture and
One hour laboratory and
One hour laboratory TBA per week.
UC/CSU
Prerequisite: MUS 126 C or by audition. This course continues the study of vocal performance techniques at an intermediate level. As with the beginning level voice class, the intermediate course deals primarily with tone production, breath control, diction, and choices of popular and traditional song literature.

MUS 229 C  VOCAL REPERTOIRE 1 Unit (May be taken for credit 4 times)
One hour lecture and
One hour laboratory per week.
CSU
Prerequisite: MUS 227 C or by audition. This class provides a workshop environment for the study of vocal repertoire at the intermediate-to-advanced level. Repertoire will be drawn from traditional styles such as art songs, lieder, arias, and oratorios, as well as jazz, musical theater, and contemporary music. Students will focus on the development of their lyric diction and performance skills while being exposed to a wide variety of vocal literature.
MUS 231 C  INTERMEDIATE GUITAR
1 Unit (May be taken for credit 2 times)
One hour lecture and
One hour laboratory and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
UC/CSU
Prerequisite: MUS 130 C, or by audition. This course continues the study of guitar performance at an intermediate level. Study focuses on the areas of technique, note reading, scales, and chords. A variety of musical styles, from classical to rock, are included in the repertoire.

MUS 232 C  CLASSICAL GUITAR
1 Unit (May be taken for credit 4 times)
One hour lecture and
One hour laboratory per week.
UC/CSU
Prerequisite: Audition. This course involves group instruction in classical guitar technique and interpretation of solo and ensemble literature for the instrument.

MUS 235 C  COMMERCIAL GUITAR AND BASS
1 Unit (May be taken for credit 4 times)
One hour lecture and
One hour laboratory per week.
Credit/No Credit/Letter Grade Option
UC/CSU
Prerequisite: Audition. This course emphasizes blues, jazz, and rock techniques for intermediate-to-advanced guitarists and bassists. Topics include scales in all positions, chords, arpeggios, accompaniment styles, reading chord charts and sheet music, and practical theory. Students will obtain vocational “real world” experience to prepare them for careers as a professional guitarist and/or bassist.

MUS 236 C  INTERMEDIATE PIANO
1 Unit (May be taken for credit 2 times)
One hour lecture and
One hour laboratory and
One hour laboratory TBA per week.
UC/CSU
Prerequisite: MUS 135 C or by audition. This is a study of keyboard literature and techniques in a class situation. Emphasis is on individual progress in execution and interpretation. Designed for both music majors and non-majors whose piano skills are beyond Beginning Piano but not yet ready for Applied Music.

MUS 238 C  POPULAR PIANO
1 Unit (May be taken for credit 4 times)
One hour lecture and
One hour laboratory per week.
UC/CSU
Prerequisite: MUS 135 C or by audition. This course deals with the study of basic chords to allow keyboard freedom in improvising and song arranging with the use of melody and accompaniment to develop a creative style of playing, essential in popular music. It is designed for non-music majors as well as music majors.

MUS 247 C  ADVANCED WOODWINDS
1 Unit (May be taken for credit 4 times)
One hour lecture and
One hour laboratory and
One hour laboratory TBA per week.
UC/CSU
Prerequisite: MUS 146 C or by audition. This is a course for advanced students who wish to play flute, oboe, clarinet, bassoon or saxophone. Students must supply their own instruments.

MUS 260 C  CLASSICAL GUITAR ENSEMBLE
1 Unit (May be taken for credit 4 times)
One hour lecture and
One hour laboratory per week.
UC/CSU
Prerequisite: Audition. The Cypress Classical Guitar Ensemble is dedicated to the rehearsal and performance of standard and contemporary duets, trios, quartets, and large ensemble pieces for the classical guitar. The ensemble participates in a department recital each semester.

MUS 261 C  STRING ENSEMBLE
1 Unit (May be taken for credit 4 times)
One hour lecture and
One hour laboratory per week.
UC/CSU
Prerequisite: Audition. The Cypress String Ensemble is dedicated to the rehearsal and performance of standard and contemporary duets, trios, quartets, and large ensemble pieces for the violin, viola, cello and contrabass. The ensemble participates in a department recital each semester.

MUS 263 C  BRASS ENSEMBLE
1 Unit (May be taken for credit 4 times)
One hour lecture and
One hour laboratory and
One hour laboratory TBA per week.
UC/CSU
Prerequisite: Audition. The ensemble will rehearse and perform traditional and contemporary brass ensemble literature. This class is open to performers on trumpet, French horn, trombone, baritone, and tuba. Performances will be scheduled each semester.

MUS 271 C  SYMPHONY ORCHESTRA
1 Unit (May be taken for credit 4 times)
Three hours rehearsal and
One and one-quarter hours in sectional rehearsals, recording, program production and/or concerts per week.
UC/CSU
Prerequisite: Audition. This course deals with the rehearsal and performance of standard symphony orchestra literature.
MUS 273 C  CONCERT BAND  
1 Unit (May be taken for credit 4 times)  
Three hours rehearsal and  
One and one-quarter hours in sectional rehearsals, recording, program production and/or concerts per week.  
UC/CSU  
Prerequisite: Audition. The student will be involved in the rehearsal and performance of standard wind and band literature. Performances required in the course of the semester may include concerts and tours.

MUS 274 C  CYPRESS SYMPHONIC WINDS  
1 Unit (May be taken for credit 4 times)  
Three hours rehearsal and  
One and one-quarter hours in sectional rehearsals, recording, program production and/or concerts per week.  
UC/CSU, AA GE  
Prerequisite: Audition. The Cypress Symphonic Winds Ensemble is dedicated to the rehearsal and performance of standard and contemporary literature for woodwinds, brass, and percussion. Performances required in the course of the semester may include concerts and tours.

MUS 276 C  JAZZ BAND  
1 Unit (May be taken for credit 4 times)  
Three hours rehearsal and  
One and one-quarter hours in sectional rehearsals, recording, program production and/or concerts per week.  
UC/CSU  
Prerequisite: Audition. This course studies the rehearsal and performance of jazz band literature. Sight reading is emphasized as a musical concept. The band performs in concert each semester, and student compositions and arrangements are encouraged.

MUS 277 C  JAZZ LAB BAND  
1 Unit (May be taken for credit 4 times)  
Three hours rehearsal and  
One and one-quarter hours in sectional rehearsals, recording, program production and/or concerts per week.  
UC/CSU  
Prerequisite: Audition. This course deals with the rehearsal and performance of contemporary studio and commercial jazz literature. Sight reading is emphasized as a musical concept. The band performs in concert each semester, and student compositions and arrangements are encouraged.

MUS 279 C  MADRIGAL SINGERS  
1 Unit (May be taken for credit 4 times)  
Three hours lecture and  
One and one-quarter hours laboratory TBA per week.  
CSU  
Prerequisite: Audition. The Madrigal Singers is a small ensemble of mixed voices that focuses on the rehearsal and performance of Renaissance madrigal literature. The ensemble performs two major concerts per semester, participates in regional music festivals and performs at a variety of locations throughout the Los Angeles basin. Open to students with previous choral performance experience by audition.

MUS 280 C  JAZZ/MUSICAL THEATER CHOIR  
1 Unit (May be taken for credit 4 times)  
Three hours rehearsal and  
One and one-quarter hours in sectional rehearsals, recording, program production and/or concerts per week.  
UC/CSU, AA GE  
Prerequisite: Audition. This course is a vocal ensemble for beginning to advanced singers that focuses on repertoire from jazz, musical theater and popular styles. The ensemble will perform in concerts and may also participate in music festivals appropriate to this type of vocal group. Open to both music majors and non-majors.

MUS 281 C  CONCERT CHOIR  
1 Unit (May be taken for credit 4 times)  
Three hours rehearsal and  
One and one-quarter hours in sectional rehearsals, recording, program production and/or concerts per week.  
UC/CSU  
Prerequisite: Audition. The Concert Choir performs an extensive repertoire ranging from Renaissance, Classical, and Baroque selections to contemporary Spirituals, Jazz, and Musical Theater. The choir presents four major concerts each season and participates in regional choral festivals. Open to all singers from the college and neighboring communities. Prospective singers should call for an audition appointment.

MUS 282 C  CYPRESS MASTERWORKS CHORALE  
1 Unit (May be taken for credit 4 times)  
Three hours rehearsal and  
One and one-quarter hours in sectional rehearsals, recording, program production and/or concerts per week.  
UC/CSU, AA GE, CSU GE  
Prerequisite: Audition. The Masterworks Chorale (80-110 singers) presents four major concerts each year with emphasis on masterworks for choir and orchestra. The Chorale participates in regional music festivals, performs at numerous locations throughout the Los Angeles basin, and tours internationally. Open to students and members of the community with prior singing experience.

MUS 283 C  CYPRESS SINGERS  
1 Unit (May be taken for credit 4 times)  
Three hours rehearsal and  
One and one-quarter hours in sectional rehearsals, recording, program production and/or concerts per week.  
UC/CSU  
Prerequisite: Audition. The Cypress Singers is a group of 18 sopranos and altos which rehearse and perform a variety of repertoire ranging from Renaissance madrigals to contemporary music. The Singers perform in concerts and festivals each year as scheduling permits. Open to both music majors and non-majors by audition.
MUS 284 C  CYPRRESS MEISTERSINGERS  
1 Unit (May be taken for credit 4 times)  
Three hours rehearsal and  
One and one-quarter hours in sectional rehearsals, recording, program production and/or concerts per week.  
UC/CSU  
Prerequisite: Audition. This course is designed to accommodate beginning to advanced singers who wish to participate in a choir for basses, baritones and tenors. This ensemble will present several concerts each year and is designed to accommodate both music majors and non-majors.

MUS 285 C  CHAMBER SINGERS  
1 Unit (May be taken for credit 4 times)  
Three hours rehearsal and  
One and one-quarter hours in sectional rehearsals, recording, program production and/or concerts per week.  
UC/CSU  
Prerequisite: Audition. The Chamber Singers is a select group of 24 mixed voices performing a variety of classical repertoire ranging from Renaissance madrigals to contemporary literature. The ensemble performs four major concerts per year, participates in regional music festivals, and performs at numerous locations throughout the Los Angeles basin. Open to both students and members of the community with extensive singing experience.

MUS 286 C  STAR CAROLERS  
½ Unit (May be taken for credit 4 times)  
One and one-half hours rehearsals and  
Three-quarters of an hour in performance, sectional rehearsals and program production per week.  
UC/CSU  
This course is designed to accommodate beginning to advanced singers who wish to participate in a vocal ensemble that focuses on repertoire for the holiday season. The caroling groups will perform at the annual choral department winter concert in December and at a variety of locations in Cypress and surrounding communities. The course is designed to accommodate both music majors and non-majors.

MUS 287 C  CYPRRESS JAZZ SINGERS  
1 Unit (May be taken for credit 4 times)  
Three hours rehearsal and  
One and one-quarter hours laboratory per week.  
UC/CSU  
Prerequisite: Audition. This course focuses on the rehearsal and performance of traditional and contemporary vocal jazz repertoire accompanied by a small instrumental ensemble. Some emphasis will be placed upon vocal improvisation in the jazz style. The ensemble will perform in concerts and may also participate in jazz and choral music festivals. Student compositions and arrangements are encouraged.

MUS 289 C  GOSPEL CHOIR  
1 Unit (May be taken for credit 4 times)  
Three hours rehearsal and  
One and one-quarter hours in sectional rehearsals, recording, program production and/or concerts per week.  
UC/CSU  
Prerequisite: Audition. A choir of mixed voices dedicated to the study, rehearsal, and public performance of anthems, spirituals and gospel (traditional and contemporary) music. This class provides for the learning of the fundamentals of choir singing. Subsequent enrollment in additional semesters will provide additional skill and competency development within the subject matter.

MUS 290 C  MUSICAL THEATER PRODUCTION  
1 - 3 Units (Variable Unit Class) (May be taken for credit 4 times)  
(Same as THEA 132 C)  
Four to twelve hours laboratory per week.  
UC/CSU  
Prerequisite: Audition. The student will participate in the study of acting, singing, dancing and instrumental accompaniment. Through a rehearsal process the student will participate in the preparation of a musical production for public performance. Accompanying responsibilities might encompass areas of technical theater.

MUS 291 C  MUSICAL THEATER TECHNIQUES  
3 Units (May be taken for credit 4 times)  
(Same as THEA 126 C)  
Two hours lecture and  
Four hours laboratory per week.  
UC/CSU, AA GE, CSU GE  
Students will investigate performance methods of musical theater as they relate to the onstage performer. All styles of musical theater may be covered and performance in a workshop setting of musical theater literature is required.

MUS 298 C  MUSIC SEMINAR  
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)  
Zero to twelve hours lecture and  
Zero to fifty-two hours laboratory per week.  
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade  
UC Credit Limitation/CSU  
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. Various classes may be offered which are designed to meet the interests and needs of students. Fees may be required – PAYABLE AT REGISTRATION.

MUS 299 C  MUSIC INDEPENDENT STUDY  
1 - 2 Units (Variable Unit Class) (May be taken for credit 4 times)  
One to two hours lecture per week.  
UC Credit Limitation/CSU  
Prerequisite: Approved Independent Study Learning Contract. This course is designed for students who wish to increase their knowledge and experience in performance or applied areas. Unit credit may range from 1 to 2 units in any given semester. Consult the class schedule to verify credit for a particular term.

PHILOSOPHY OF NURSING EDUCATION
The philosophy of the Cypress College Associate in Science Degree Nursing Program recognizes the individual as a whole person who moves toward goals of self-realization and fulfillment. The individual exhibits self-directed and responsible for his/her own actions as well as the consequences of the actions. The faculty of the Department of Nursing supports this view of the individual in its approach to the teaching of nursing.

TEACHING/LEARNING
The nursing faculty believes that learning is a dynamic process which results in behavioral changes. Learning occurs throughout the life cycle and can aid in maximization of any individual’s potentials. The individual student’s potentials are developed through use of the nursing process, a professional proactive approach to problem-solving that may augment the level of health of selected patients and their families. The curriculum provides opportunities for facilitating learning based on individual styles of learning. Self-motivation and active participation in the classroom and clinical laboratory are necessary components of the learning process for adult learners.

The curriculum is organized into learning modules for each unit of content in each nursing course. The modules detail the learning experiences as identified in each course outline. Multiple methods of instruction are utilized to address the content being studied in order to enhance learning, and to provide for individual differences in both teaching and learning styles. The structure and content of the modules is designed to support the department’s philosophy of nursing education which recognizes the student as an individual who moves toward goals of self-realization and fulfillment. The modular approach assists the individual to be self-directed and responsible for his/her own learning.

ROLE OF THE TEACHER AND STUDENT
The role of the teacher is to identify the learning needs of the student and to facilitate the student’s optimal level of learning achievement. A systematic approach, similar to the nursing process, is utilized to assist the student in assessment of learning needs, development of learning goals, selection and implementation of learning methods and strategies, and evaluation of outcomes. Differences in individual needs, learning styles, ethnic and cultural background are essential considerations in effective teacher-student relationships.

CURRICULUM MODEL
The nursing curriculum model is based on a conceptual framework which focuses on the individual within his/her family and community. The individual exhibits needs at varying levels within the biopsychosocial/spiritual domains. The purpose of the model is to provide a framework to which the students can relate course content and nurse-patient interaction. The conceptual model encourages the use of varied theories which explain a person’s behavior in response to his/her environment. Abraham Maslow’s Hierarchy of Needs is emphasized to examine human needs and behavior as the person moves toward the ultimate goal of self-actualization. Learning experiences are planned to incorporate the health needs of individuals in all age and developmental groups at various placements on the health-illness continuum.

NURSING AND THE NURSING PROCESS
The function of nursing is to identify the needs of the client/family and to promote or support the client’s/family’s optimal level of adaptation on the health-illness continuum. The nurse’s role is to assess and diagnose the behavioral responses and intervene on behalf of the client to achieve maximal wellness. The nursing process, based on the application of principles derived from the biological and behavioral sciences, is used as a systematic approach in the planning, implementation, and evaluation of individualized nursing care for a client/family.
NURSING AND PERSONAL RESPONSIBILITY FOR HEALTH PROMOTION PRACTICES
The Cypress College nursing faculty recognizes the value of high-level wellness and supports the concept of the nurse being a positive role model for health practices. Each nursing faculty member and each nursing student will assume personal responsibility for implementing behaviors which promote positive growth on the wellness continuum. The entering student needs to be aware of his/her health-promoting behaviors in the area of general health (i.e., rest and sleep, nutrition, therapeutic recreation). The student should also be aware of and avoid behaviors detrimental to health which include substance abuse (use of illicit drugs, misuse of either prescribed or over-the-counter medications, smoking, intake of potential toxins) and eating disorders.

SPECIAL REQUIREMENTS, EQUIPMENT AND EXPENSES INCURRED BY NURSING STUDENTS UPON ENROLLMENT IN THE NURSING PROGRAM
This information is intended to assist those who are planning enrollment in the registered nursing program in preparing for educational expenses. In addition to enrollment fees payable at registration, the nursing student incurs additional expenses necessary for attendance and satisfactory completion of the program. Advance planning can help prevent financial hardship upon acceptance into the program. It is the goal of the nursing department to require only those purchases that are essential to success in the program in order to minimize student expense, yet these costs do exceed those typically encountered in general education courses. The nursing student should anticipate an expenditure of approximately $2,000 over the two years of enrollment in nursing program courses.

For each nursing course the student is required to purchase assigned textbooks, modules, scantron forms, notebook, paper and other writing supplies. Nursing textbooks are expensive in comparison to other non-technical books because they must be frequently revised, contain tables, graphs, diagrams and photographs. Nursing texts are a major expense for students and a majority of the texts used for the program courses must be purchased at the beginning of the first semester of enrollment. Textbooks for specialty areas may be purchased at the beginning of those courses. In addition, supplemental texts may be recommended to assist the student in meeting learning objectives.

Clinical practice is at sites throughout Orange and Los Angeles counties. Clinical rotations may be scheduled for both day and evening shifts in order to provide the best learning opportunities. The student will need reliable personal transportation in order to travel to assigned hospitals at least two days a week in each nursing course.

The nature of the learning experiences in the registered nursing program requires that students engage in direct patient care in assigned clinical facilities. All enrolled students are required to meet the same health and safety standards required of nurses in the contracted clinical facilities. For this reason each student enrolled in the nursing program must complete the following requirements at his/her own expense prior to the first day of attendance:

1. Physical examination with health clearance indicating good physical and mental health status with no limitations to providing direct patient care.
2. Proof of current immunizations.
3. Testing for communicable diseases including, but not limited to, the following: Tuberculosis, rubella, rubeola, varicella, hepatitis.
4. Malpractice insurance.
5. Current CPR certification at the Professional Health Provider level.

In addition, the student will need to purchase required uniforms, name badge, stethoscope, protective goggles and other equipment required for clinical practice.

The general information provided here is designed to assist you in planning for your expenses when enrolled in the nursing program. Information regarding the specific requirements in place at the time of initial enrollment into nursing clinical courses is provided at a mandatory orientation meeting scheduled for applicants selected each semester.

ASSOCIATE IN SCIENCE DEGREE PROGRAM REGISTERED NURSING
Program Code: 1S03785
The program educates nursing students for patient/client services in a variety of health care settings. Clinical experience in hospitals and other health care agencies is correlated with classroom instruction. At the satisfactory completion of all courses and the specified general education requirements at Cypress College, the individual will receive an Associate in Science degree and will be eligible to write the Registered Nursing State Licensing Examination. (If you have been convicted of any offense other than a minor traffic violation, it may prevent your attending clinical rotations where criminal background checks are required. You will be required to declare offenses on your state application to write the licensing exam, which may affect your eligibility to become licensed.)

The nursing program is accredited by California State Board of Registered Nursing. For the requirements to complete the Associate in Science Degree, see the Graduation Requirements for the Associate Degree section of this catalog.
MINIMUM STANDARDS FOR APPLICANTS
1. Eligibility for admission to Cypress College.
2. High school graduation, or passing of the General Education Development Test (GED), or the High School Proficiency Test, or a graduate of an accredited college.
3. Good physical and mental health as determined by a medical examination upon admission to the program. In compliance with the State Board of Registered Nursing Guidelines, no student with impaired health status (which includes use of legal or illegal drugs, alcohol, or other chemicals) shall be admitted or allowed to remain enrolled in the Nursing Program. Students applying to the Nursing Program with a history of substance abuse, physical impairment, or mental/emotional impairment shall be required to provide proof of active participation in a recognized treatment program at the time of application. Evidence of continuing rehabilitation may be required if admitted or re-admitted to the Nursing Program. These standards are necessary for the Cypress College Registered Nursing Program to be in compliance with the Board of Registered Nursing Guidelines and maintain full accreditation.
4. Total college grade point average (GPA) of 2.0 ("C") or better.
5. Completion of ENGL 100 C with "C" or better as determined by a counselor from transcript.
6. Completion of Biology 231 C (General Anatomy), Biology 241 C (Human Physiology)*, (CHEM 101 C strongly recommended), and Biology 220 C (Medical Microbiology) with "C" or better.

APPLICATION PROCEDURES
A separate application, in addition to the college application form, is required for admission into the Nursing Program. These applications must be obtained and completed, in person, at the Health Science Division Counseling Office, Cypress College, 9200 Valley View, Cypress, CA 90630. Please note: F-1 Visa students will not be accepted for admission into any program when applications for qualified U.S. citizens exceed space available.

APPLICATION DEADLINES
FALL CLASS ADMISSION (August start)
February—First ten (10) working days—may be extended until class limit is met—Application must be completed in person at the Health Science Counseling Office, Health Science Building (TE III).
March 15—All supporting documents must be returned to the Health Science Counseling Office. It is the applicant’s responsibility to insure that all documents have been received.
May 31—Selection of class completed.

SPRING CLASS ADMISSION (January start)
September—First ten (10) working days—may be extended until class limit is met—Applications must be completed in person at the Health Science Counseling Office, Health Science Building (TE III).
October 15—All supporting documents, records and forms must be returned to the Health Science Counseling Office. It is the applicant’s responsibility to insure that the documents have been received.
December 31—Selection of class completed.

Note: Contact the Health Science Counseling Office for specific final days of application and the last day to return materials because of holidays or weekends. All applicants who wish to remain on the applicant list must file an updated application every year during the application period in September. Your name will remain on the rank and chronological list to be considered for selection. If you have completed additional requirement classes you will need to come to the Health Science Counseling office to file an Application for Reevaluation form during the application period in either September or February. Please check brochure for dates. Contact the Health Science Counseling Office for further information. Selection criteria subject to change, contact the Health Science Counselors for current information.

REGISTERED NURSING CURRICULUM Program Code: 1S03785
Nursing courses must be taken in specific sequence. For further information, see a Health Science Counselor. The student must attain a minimum grade of "C" in each required course to continue in the program.

Graduation requirements: Cultural Diversity (beginning Fall 2000 catalog, the nursing program meets the requirement) and Reading Proficiency. See Counselor/Catalog.

TRANSFER OF CREDIT
Transfer credit for nursing courses taken from another accredited institution may be granted provided the applicant meets the Cypress College Department of Nursing entrance requirements and space is available in the program. Contact the Health Science Counseling Office for written policy and procedure.

Credit will be granted on an individual basis after evaluation by the Department of Nursing. Transfer credit for equivalent general education courses required by the Department of Nursing will be granted if the course has been completed at an accredited college.

Any required course in the biological or social sciences listed below, completed over five years previous to the time the student applied to the program, must be repeated or the student may receive credit by challenge examination, or be evaluated on an individual basis.

BIOL 231 C General Human Anatomy
BIOL 241 C General Human Physiology
BIOL 220 C Medical Microbiology

CAREER MOBILITY: LICENSED VOCATIONAL NURSE TO REGISTERED NURSE
Program Code: 1S00003

LICENSED PSYCHIATRIC TECHNICIAN TO REGISTERED NURSE
Program Code: 1S00004

The nursing program provides an opportunity for Licensed Vocational Nurses and Licensed Psychiatric Technicians to complete the Registered Nursing curriculum. The individual completing the registered nursing program and general education requirements is eligible to take the Registered Nursing State Licensing Examination. As a graduate of the Cypress College Registered Nursing Program, the student will receive an Associate in Science degree.

MINIMUM STANDARDS FOR APPLICANTS
1. Eligibility for admission to Cypress College.
2. High school graduation or passing of the General Education Development (GED) test or the High School Proficiency Test or a graduate of an accredited college.
3. Good physical and mental health as determined by a medical examination upon admission to the program. In compliance with the State Board of Registered Nursing Guidelines, no student with impaired health status (which includes use of legal or illegal drugs, alcohol, or other chemicals) shall be admitted or allowed to remain enrolled in the Nursing Program. Students applying to the Nursing Program with a history of substance abuse, physical impairment, or mental/emotional impairment shall be required to provide proof of active participation in a recognized treatment program at the time of application. Evidence of continuing rehabilitation may be required if admitted or re-admitted to the Nursing Program. These standards are necessary for the Cypress College Registered Nursing Program to be in compliance with the Board of Registered Nursing Guidelines, and maintain full accreditation.

4. Verification of completion of a program or its equivalent preparing for a Licensed Vocational Nurse or Psychiatric Technician.
5. Successful completion of the Career Mobility Proficiency Exams. (See Health Science Counselor for specific information on testing criteria and procedures.)
6. Successful completion of the Career Mobility Clinical Skills Validation Performance Exam. (See Health Science Counselor for specific information on testing criteria and procedures.)
7. Total college grade point average (GPA) of 2.0 ("C") or better.

PREREQUISITES
Completion of the following courses with a grade of "C" or better:

<table>

*This course, available in the summer only, includes a clinical rotation. It is required for career mobility students seeking advancement into the Registered Nursing Program. Applicants will be assigned a placement number on the qualified mobility placement list upon successful completion of this course with a grade of "C" or better.

**Must be taken within ten years of application.
+May be in progress at the time of application, but must be completed prior to acceptance in the Nursing Program.

APPLICATION DEADLINES
FALL OR SPRING CLASSES
October through April applications must be completed in person at the Health Science Counseling Office. A counseling appointment is mandatory to review program and application procedure.

APPLICATION REQUIREMENTS
1. Must have completed all prerequisites.
2. Possess a current California LVN or PT license.
3. Must have completed application procedures, and have placement on the applicant list.
4. Satisfactory completion of NURS 090 C, with a grade of "C" or better.
5. File application for placement on the Mobility Placement List following satisfactory completion of NURS 090 C. This form is available from the Health Science Counseling Office.
CAREER MOBILITY: LVN/PT TO REGISTERED NURSE CURRICULUM

MINIMUM STANDARDS FOR APPLICANTS

1. Applicants must meet Cypress College entrance requirements.
2. Verification of completion of a program or its equivalent, preparing for a Licensed Vocational Nurse.
3. Satisfactory completion of BIOL 210 C, with Lab, 5 Units (or equivalent) with a grade of “C” or better.
4. Satisfactory completion of (or concurrent enrollment in) BIOL 220 C, (or equivalent) with a grade of “C” or better.

APPLICATION DEADLINES

FALL OR SPRING CLASSES
October through April—Applications must be completed in person at the Health Science Counseling Office. A counseling appointment is mandatory to review program and application procedure.

SELECTION PROCEDURE

Applications normally exceed capacity. Applicants should obtain specific information and counseling information sheets from the Health Science Counseling Office. It is the applicant’s responsibility to verify that documents, transcripts and records are on file.

30-UNIT NON-DEGREE OPTION CAREER MOBILITY: LICENSED VOCATIONAL NURSE TO NON-DEGREE REGISTERED NURSE

A Licensed Vocational Nurse may apply for admission to the Nursing Program to meet the requirements for licensure of the State Board of Registered Nursing in California. Thirty-Unit Option applicants shall have equal access to open space in the required nursing courses.

ASSOCIATE IN SCIENCE DEGREE FOR REGISTERED NURSES FROM A DIPLOMA SCHOOL OF NURSING
This program is designed to enable a Registered Nurse from a diploma school of nursing to earn an Associate in Science Degree. Diploma Nursing School graduates with a current California license will receive 40 units of credit towards an Associate in Science Degree upon completion of general education and residency requirements at Cypress College. For the requirements to complete the Associate in Science Degree, see the Graduation Requirements for the Associate Degree section of this catalog. A petition is required for students requesting a waiver if 50% of their coursework in the major was not completed at Cypress College. See your Health Science Counselor.

Nursing Four Year
TRANSFER PROGRAM
Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Nursing (NURS)
NURS 090 C  NURSING TRANSITIONS
3 1/2 Units
Two hours lecture and
Four and one-half hours laboratory per week.
Prerequisite: Licensed Vocational Nurse (LVN), or Licensed Psychiatric Technician (LPT) and successful completion of career mobility proficiency exams and skills validation test. This course is designated for the LVN/LPT who is preparing to enter the Registered Nursing career ladder program. The course will enhance theoretical and technical nursing skills in areas such as communication, asepsis, fluid and electrolytes, and pharmacology. Students will develop in-depth skill in utilization of the nursing process. Major emphasis is placed on assessment of patient's biopsychosocial needs. The course emphasizes specific knowledge and skills not included in LVN/PT curricula. $19.00 Laboratory Fee – PAYABLE AT REGISTRATION.

NURS 091 C  STRATEGIES FOR SUCCESS IN NURSING
1/2 Unit
One-half hour lecture per week.
Credit/No Credit/ Letter Grade Option
NON-DEGREE CREDIT
This course is designed as a preparatory seminar for nursing students. The course will begin to develop the skills needed to succeed in a health care curriculum where students must be able to assimilate knowledge and apply it in a clinical practice setting. The course will provide students with behavioral and problem solving tools to develop personal and professional strategies for success in the health care field.

NURS 095 C  REGISTERED NURSING WORK EXPERIENCE
1 - 4 Units (Variable Unit Class) (May be taken for credit 4 times)
One hour lecture and
Five hours (minimum) employment per week in an approved acute health care agency.
Prerequisite: Successful completion of NURS 193 C and concurrent enrollment in the Registered Nursing Program. This course focuses upon exploring work related issues in an acute medical-surgical hospital setting. The course will provide work experience enabling students to apply previously learned theory and clinical skills in which the student has demonstrated competence. As required by Board of Registered Nursing regulations, no new skills will be taught.

NURS 099 C  NURSING INDEPENDENT STUDY
1/2 - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
Hours will vary according to units given.
Credit/No Credit/ Letter Grade Option
Prerequisite: Approved Independent Study Learning Contract. This course is designed for capable students enrolled in the Registered Nursing program or options of the program who wish to increase their knowledge and experience in applied areas. Students will participate in independent study on assigned areas under staff supervision.

NURS 101 C  CRITICAL THINKING IN NURSING
1/2 - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
One-half to two hours lecture per week.
Credit/No Credit/ Letter Grade Option
CSU
Prerequisite: Acceptance in the Nursing Program or Registered Nurse. The focus of this course is one of assisting students in the development of critical thinking skills and the application of those skills to the nursing process. The role of analysis, synthesis and theory in the nursing process will be addressed. Case studies and nursing situations will be presented and the student will be guided through analysis of data in order to develop appropriate nursing diagnoses, patient goals/outcomes and nursing interventions. This course is an elective for students who desire additional assistance in developing nursing process skills. Computer simulations and computer testing will be used within this course. $3.00 Laboratory Fee – PAYABLE AT REGISTRATION.

NURS 103 C  BASIC HEALTH ASSESSMENT
1 Unit
One-half hour lecture per week.
Credit/No Credit/ Letter Grade Option
CSU
Prerequisite: NURS 192 C; Licensed Psychiatric Technician; Licensed Vocational Nurse; Registered Nurse. This elective course provides specialized nursing knowledge in assessing basic health status in the non-pregnant adult. Nursing process is the framework that includes techniques for both history and physical assessment. Nursing implications of selected common health problems are emphasized.
NURS 104 C INTRO TO ECG INTERPRETATION  
½ Unit  
One-half hour lecture per week.  
Credit/No Credit/Letter Grade Option  
CSU  
Prerequisite: NURS 191 C, NURS 193 C; Licensed Vocational Nurse; Registered Nurse or permission of instructor. This elective course provides specialized nursing knowledge in assessing and caring for patients experiencing selected common cardiac dysrhythmias. These include sinus, atrial, AV heart blocks, junctional, and ventricular dysrhythmias. Initial patient monitoring, lead placement, techniques and equipment utilized to measure and identify cardiac arrhythmias are addressed in introductory terms. Basic therapies based on current ACLS standards and nursing implications for these dysrhythmias are discussed.

NURS 105 C BASIC CARDIOPULMONARY NURSING  
½ Unit  
One-half hour lecture per week.  
Credit/No Credit/Letter Grade Option  
CSU  
Prerequisite: NURS 292 C; Registered Nurse; or permission of instructor. This elective course provides specialized nursing knowledge in common cardiopulmonary health problems and their nursing implications. Nursing process serves as the framework for this exploration. Duplicate credit not granted for NURS 105HC.

NURS 105HC HONORS CARDIOPULMONARY NURSING  
½ Unit  
One-half hour lecture per week.  
CSU  
Prerequisite: NURS 292 C; Registered Nurse; or permission of instructor. This elective course is enhanced for honors students. Students shall develop increased knowledge of cardiopulmonary health problems as they analyze expanded concepts of the nursing process and health care delivery. Duplicate credit not granted for NURS 105 C.

NURS 107 C PAIN MANAGEMENT FOR NURSES  
1 Unit  
One hour lecture per week.  
Credit/No Credit/Letter Grade Option  
CSU  
Prerequisite: NURS 192 C or licensed health care professional. Corequisite: Concurrent enrollment in, or successful completion of NURS 191 C or licensed health care professional. This course introduces the student to pain assessment and management strategies for use in daily clinical practice, based on the California Board of Registered Nursing’s Pain Management Policy. Physiologic, psychologic, sociologic, and cultural aspects of pain are examined within the context of the nursing process. The student will learn to effectively prevent and control patient pain and improve patient outcomes by pharmacologic and non-pharmacologic means. Ethical issues and barriers to effective pain management are considered.

NURS 108 C ORTHOPAEDIC PATIENT CARE  
½ Unit  
One-half hour of lecture per week.  
Credit/No Credit/Letter Grade Option  
CSU  
Prerequisite: Successful completion of NURS 192 C or licensure as an RN, LVN, RPT, LPT. This course is an overview of the general concepts of orthopaedic nursing including assessment, orthopaedic injuries, patient complications, and orthopaedic patient care. Designed to give the participant an introduction to the specialty of orthopaedic nursing, this course includes study of the care of patients experiencing orthopaedic trauma, traction or cast treatment, total joint arthroplasty, spinal surgery, amputation, as well as orthopaedic complications. The content of the course is based on orthopaedic nursing practice standards and patient teaching implications as developed by the National Association of Orthopaedic Nurses.

NURS 109 C RN PRACTICUM & CAREER DEV.  
1 - 4 Units (Variable Unit Class) (May be taken for credit 4 times)  
One half hour lecture and  
Ten and one half hours laboratory per week.  
Credit/No Credit/Letter Grade Option  
CSU  
Prerequisite: Successful completion of NURS 193 C. Corequisite: Concurrent enrollment in Registered Nursing Program. This course focuses upon exploring work related issues in an acute hospital setting. The course will provide opportunities enabling students to apply previously learned theory and clinical skills in which the student has demonstrated competence. The course may provide exposure to additional areas of care with the agreement of the faculty and instructor and previous enrollment in nursing practicum. Requires a minimum eight hours employment per week in an approved acute care agency. As required by the Board of Registered Nursing regulations, no new skills will be taught.

NURS 190 C INTRO NURSING CONCEPTS  
2 Units  
Two hours lecture per week.  
CSU  
This course introduces the health science student to the theoretical basis of nursing and health care, including psychosocial concepts inherent to development of skills needed for patient care and the nurse-patient relationship. Professional nursing roles and interaction skills are applied to the health care setting. The effects of developmental patterns on individual health care needs are introduced. Major social and cultural issues in relation to health care are discussed. Teaching/learning strategies unique to health care, nursing, and clinical instruction are explored. $20.00 Laboratory Fee – PAYABLE AT REGISTRATION.
NURS 191 C  PHARMACOLOGY IN NURSING I
1 Unit
One hour lecture per week.
CSU
Prerequisite: Acceptance in the Nursing Program, LVN or PT.
Corequisite: NURS 192 C and NURS 193 C. This course introduces the principles of medication administration, laws governing drugs, and the role of the nurse in administering medications in the health care setting. Drug action, preparations, and basic pharmacologic terminology are included. Criteria for monitoring drug interactions, with emphasis on the older adult, is presented. The general effects of pharmacological agents on the autonomic and central nervous systems are introduced. The therapeutic effects, interactions, adverse effects, and the identification of nursing responsibilities in administering anti-inflammatory drugs are emphasized. Mathematical concepts related to metric, apothecary, and household systems of measurement, and temperature and systems conversions are taught. Ratio and proportion and evaluation of intake and output measurements are introduced.

NURS 192 C  FUNDAMENTALS OF NURSING
4 1/2 Units
Two and one-half lecture hours and
Six laboratory hours per week.
CSU
Prerequisite: Acceptance in the Nursing Program; NURS 190 C, BIOL 210 C. Corequisite: NURS 191 C. This course is an introduction to the nursing process, applying Maslow’s hierarchy to nursing technology and the scientific mind. The course is designed to provide the student with fundamental provider of care roles and critical thinking skills in order to develop and deliver a basic plan of care. The nursing management portion of the course is designed to socialize the beginning nursing student to the professional role of nursing. Models of health care delivery systems and organizations will be explored. Nursing issues regarding patient rights, ethical and legal standards, and the use of professional communication will be applied to nursing theory and practice. $20.00 Laboratory Fee – PAYABLE AT REGISTRATION.

NURS 193 C  INTRO TO MED-SURG/GERO NURSING
3 1/2 Units
One and one-half lecture hours and
Six laboratory hours per week.
CSU
Prerequisite: NURS 190 C, NURS 192 C. Corequisite: NURS 191 C. This course provides specialized knowledge to plan and deliver nursing care, based on the nursing process, to the older adult. Included in the healthy aging concept is a compilation of age-associated issues and preventive health considerations for the senior. This course is designed to socialize the beginning nursing student to the professional role of nursing as it relates to the care of the older adult. Models of health care delivery systems and organizations for the senior will be explored. Nursing issues regarding patient rights, ethical and legal standards, and the use of professional therapeutic communication will be applied to nursing theory and practice.

NURS 195 C  PHARMACOLOGY IN NURSING II
1 Unit
One hour lecture per week.
CSU
Prerequisite: Acceptance in the Nursing Program, LVN, PT or completion of NURS 191 C and NURS 193 C. This pharmacology course correlates with the content in NURS 196 C and NURS 197 C. Theoretical concepts for the assessment of patient responses to medication and the safe administration of medications in health care settings will be emphasized. By the end of this course, students will demonstrate competency on a written exam in advanced calculations using ratio and proportion methods to calculate dosages for parenteral medications and IV flow rates for mainlines and piggyback medications. The therapeutic effects, interactions, adverse effects, and the identification of nursing implications of drug administration will be presented for selected drug categories (cardiac, allergy medications, antibiotics, gastrointestinal/antacids, coagulation/vascular medications, vitamins, estrogens, perinatal and renal medications, anticonvulsants, anesthetics and insulin and hypoglycemics).

NURS 196 C  MED-SURG NURSING I
5 Units
Two and one-quarter hours lecture and
Eight and one-quarter hours laboratory per week.
CSU
Prerequisite: NURS 191 C, and NURS 193 C. Corequisite: NURS 195 C. This course prepares the student to apply the nursing process to develop nursing care strategies in the care of medical-surgical patients. There will be an emphasis on nursing interventions that require psychosocial assessment and therapeutic communication. The course introduces the student to the basic concepts of patient teaching and the role of research application. The professional nursing management portion of the course is designed to build on previous knowledge and skills. Emphasis will be on enhancing styles of effective communication, psychosocial assessment and intervention, and patient teaching skills. The student will learn to apply Maslow’s theory in prioritizing patient needs in multiple patient situations. The student will have the opportunity to learn and practice accountability and responsibility for professional actions as a member of the health care team.

NURS 197 C  MATERNAL/NEWBORN NURSING
3 1/2 Units
One and three-quarter hours lecture and
Five and one-quarter hours laboratory per week.
CSU
Prerequisite: NURS 196 C. Corequisite: NURS 195 C. This course assists the student in applying previously learned concepts of the nursing process to the specialized population of the pregnant woman, newborn, and family. The professional management and leadership of this course will focus on the understanding of legal responsibilities, styles of leadership, and beginning research utilization. Emphasis will be placed on collegial communications which will enhance the student’s understanding of the need for accountability and responsibility as a professional member of the health care team. Based on previous learning, the student will be expected to identify and prioritize patient needs for a group of assigned patients.
NURS 290 C ADV RN PRACTICUM & CAREER DEV
1 - 4 Units (Variable Unit Class) (May be taken for credit 4 times)
One-half hour lecture and
One-half to ten and one-half hours laboratory per week.
Credit/No Credit/Letter Grade Option
CSU
Prerequisite: Successful completion of NURS 292 C. Corequisite: Concurrent enrollment in the Registered Nursing Program or permission of the Director of Nursing. This course focuses upon exploring work related issues in an acute hospital setting. The course will provide opportunities enabling students to apply previously learned theory and clinical skills in which the student has demonstrated competence. The course may provide exposure to acute areas of complex care with the agreement of the facility and instructor and previous enrollment in nursing practicum. Requires a minimum eight hours employment per week in an approved acute care agency. As required by the Board of Registered Nursing regulations, no new skills will be taught.

NURS 291 C PHARMACOLOGY IN NURSING III
1 Unit
One hour lecture per week.
CSU
Prerequisite: Acceptance in the Nursing Program, LVN, PT or completion of NURS 195 C, NURS 197 C. Corequisite: NURS 292 C. This course correlates with the content in NURS 292 C, NURS 293 C, and NURS 294 C. Theoretical concepts for the safe assessment and administration of medications in the health care setting are emphasized. The role of the nurse in evaluating patient response to drugs will be emphasized. The therapeutic effects, interactions, adverse effects, and the identification of nursing implications of drug administration will be emphasized for selected drug categories (endocrine/hormonal, antineoplastic/antimetabolites, anti-convulsants, antipsychotic, antidepressants, antiparkinson, and anticholinergics). Assessment and evaluation of the nutritional and fluid and electrolyte needs of the adult and geriatric patient will be presented. Replacement therapies, and IV calculations will be emphasized.

NURS 292 C MED-SURG NURSING II
5 Units
Two and one-quarter hours lecture and
Eight and one-quarter hours laboratory per week.
CSU
Prerequisite: NURS 195 C and NURS 197 C, and acceptance in the Nursing Program. Corequisite: NURS 291 C. This course prepares the student to apply the nursing process to individuals with more complex nursing care, developmental, and sociological needs. Prioritizing nursing care for multiple patients will be emphasized. Health education needs of patients and barriers to learning will be explored. Students will learn to recognize the need for current application of research utilization to improve nursing care. The professional role of the nurse in assisting clients to locate and utilize appropriate community resources will be emphasized. Managerial skills will be fostered in the area of team management, quality assessment, and change agent strategies. Personal professional development issues will cover continuing education, value systems, self-analysis, and health care team collaborations.

NURS 293 C MEDICAL-SURGICAL NURSING
Five and one-quarter hours laboratory per week.
CSU
Prerequisite: Acceptance in the Nursing Program, LVN, PT or completion of NURS 291 C, NURS 292 C, NURS 293 C and NURS 294 C. Corequisite: NURS 296 C. This course correlates with the content in NURS 294 C and NURS 297 C. Theoretical concepts for the safe assessment and administration of medications in the health care setting are emphasized. The role of the nurse in evaluating patient response to drugs will be emphasized. The therapeutic effects, interactions, adverse effects, and the identification of nursing implications of drug administration in pediatric and acute medical-surgical conditions will be presented. Dosage calculations for pediatric clients, physiological differences in the adult versus pediatric clients, and fluid resuscitations for burn clients will be presented.

NURS 294 C GERIATRIC NURSING
3 Units
One and one-half hour lecture and
Four and one-half hours laboratory per week.
CSU
Prerequisite: NURS 291 C and NURS 292 C. Corequisite: NURS 293 C. This course builds on previous medical-surgical knowledge and skills in applying the nursing process in the older adult with complex multiple system problems. Emphasis will be on lifestyle and physical changes, the process of initiating health referrals, and the outcome criteria for evaluating the client’s response to teaching and learning. The student will also explore interventions to increase the client’s capacity in relation to activities of daily living. This course emphasizes the professional role of the nurse in assisting clients to locate and utilize appropriate community resources. Managerial skills will be fostered in the area of team management, quality assessment, and change agent strategies. Personal professional development issues will cover continuing education, value systems, self-analysis, and health care team collaboration.

NURS 295 C PHARMACOLOGY IN NURSING IV
1½ Unit
One-half hour lecture per week.
CSU
Prerequisite: Acceptance in the Nursing Program, LVN, PT or completion of NURS 291 C, NURS 292 C, NURS 293 C and NURS 294 C. Corequisite: NURS 296 C. This course correlates with the content in NURS 294 C and NURS 297 C. Theoretical concepts for the safe assessment and administration of medications in the health care setting are emphasized. The role of the nurse in evaluating patient response to drugs will be emphasized. The therapeutic effects, interactions, adverse effects, and the identification of nursing implications of drug administration in pediatric and acute medical-surgical conditions will be presented. Dosage calculations for pediatric clients, physiological differences in the adult versus pediatric clients, and fluid resuscitations for burn clients will be presented.

ASSOCIATE IN SCIENCE DEGREE ADMINISTRATIVE ASSISTANT
Program Code: 1S07816

This curriculum is designed to prepare students for employment in a business office as an administrative assistant or administrative secretary. Upon completion, the student will have completed a variety of training in the creation of business documents, using the Internet, the daily procedures of an office, and the current computer software being used in today's office.

To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of "C"; (2) 25 units of General Education Graduation Requirements; (3) the cultural diversity and reading requirements; (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

Required courses are listed in suggested sequence:

ASSOCIATE IN SCIENCE DEGREE LEGAL SECRETARY/ADMINISTRATIVE ASSISTANT

Program Code: 1S07817

This program is designed to prepare a student for employment as a clerk or secretary/administrative assistant in a court system, in a law office, or in a legal office in business or industry.

To earn an Associate Degree students must complete:
1. all major course requirements with a minimum grade of “C”;
2. 25 units of General Education Graduation Requirements;
3. the cultural diversity and reading requirements;
4. any elective courses to complete a minimum of 60 units; and,
5. have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

Optometry  
OPTOMETRY TRANSFER PROGRAM  
Professional programs such as dentistry, medicine, pharmacy, optometry, physician assistant, physical therapy and veterinary medicine are most often graduate programs that require a bachelor degree or significant preparation prior to entering the program. The appropriate preparation varies according to the school and specific program. Students are advised to meet with a counselor to discuss options for their bachelor degree and the lower division requirements for the program and school of their choice.

Pharmacy  
PHARMACY TRANSFER PROGRAM  
Professional programs such as dentistry, medicine, pharmacy, optometry, physician assistant, physical therapy and veterinary medicine are most often graduate programs that require a bachelor degree or significant preparation prior to entering the program. The appropriate preparation varies according to the school and specific program. Students are advised to meet with a counselor to discuss options for their bachelor degree and the lower division requirements for the program and school of their choice.

Office Administration (OFF)  
SEE - COMPUTER INFORMATION SYSTEMS FOR TYPING/KEYBOARDING CLASSES  
OFF 045 C OFFICE PROCEDURES  
3 Units  
Three hours lecture and  
One hour laboratory TBA per week.  
Prerequisite: CIS 101 C or concurrent enrollment in CIS 101 C.  
This is an introductory course to study the functions of the business office. Students will learn the skills, tasks, and the personal and business behavior needed to work in an office environment.  
$3.00 Laboratory Fee - PAYABLE AT REGISTRATION.  

OFF 048 C RECORDS ADMINISTRATION  
1 Unit  
One hour lecture and  
Two hours laboratory TBA per week.  
Credit/No Credit/Letter Grade Option  
This course is an introduction to the principles and procedures of the alphabetic filing system in Records Administration. The instructions will include the ARMA (Association of Records Managers and Administrators, Inc.) system filing rules as well as the storage, destruction, transfer, and tracking of records.  
$3.00 Laboratory Fee - PAYABLE AT REGISTRATION.
Philosophy and Religious Studies (PHIL)

PHIL 098 C PHILOSOPHY NON-TRANSFER SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to twenty-four hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This course offers a lecture/discussion approach to particular problems for students who wish to increase their knowledge of subjects which are not of a nature generally taught in college. Various topics will be offered according to the interests of the instructor and students as stated in the class schedule. Various types of measuring devices will be used and unit credit may range from ½ to 12 non-transfer units in any given semester. Consult the class schedule to verify credit for a particular term. Fees may be required – PAYABLE AT REGISTRATION.

PHIL 100 C INTRODUCTION TO PHILOSOPHY
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC, CAN PHIL 2
This course introduces the student to a variety of philosophical issues in metaphysics, theory of knowledge, and ethics, as well as the methodology used by philosophers to address those issues. The origins of Western philosophy as well as its impact on Western civilization will be emphasized. The course systematically explores and evaluates the concepts of reality, value, knowledge, reason, truth, language, definition, beauty, justice, human nature, personal identity, religion, meaning, and freedom. Analysis and synthesis will be stressed for these and other topics of interest to students and/or instructors.

PHIL 110 C RELIGIONS OF THE EAST
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC
This course systematically introduces and analyzes the intellectual and religious histories of India, China, and Japan. Primary focus will be on the ways in which Eastern traditions such as Hinduism, Buddhism, Confucianism, Taoism, and Zen conceive of the cosmos, meaningful human existence and life’s ultimate goals. Jainism, Sikhism, and Shinto may also be covered. While the main emphasis will be on basic teachings, this course will also investigate religious practices, cultural settings, social impact, and the historical contexts in which these religions arose. Rituals and religious literature may be used to compare and contrast Asian and Occidental belief systems. A field trip may be required by the instructor.

PHIL 120 C RELIGIONS OF THE WEST
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC
This course is an introduction to Zoroastrianism, Judaism, Christianity, and Islam, as well as the religions of ancient Mesopotamia, Canna, and Egypt. The history, beliefs, rituals, literature, and art of each religion will be examined with a goal to discovering its conception of God, man, the cosmos, meaningful human existence, and life’s ultimate goals. Skills in objective, scholarly analysis of the scripture of each religion will be developed. Religious trends in the Nineteenth and Twentieth Centuries and contemporary secular and religious humanism will also be discussed. A field trip may be required by the instructor.

PHIL 130 C PHILOSOPHY OF IMMORTALITY
3 Units
Three hours lecture per week.
CSU
This course critically examines the issue of life after death. It explores this issue from both conceptual and empirical perspectives. It discusses three views regarding life after death and the arguments advanced for them: disembodied survival, reincarnation, and bodily resurrection. It also examines the annihilationist arguments raised by skeptics against these views about survival.

PHIL 160 C INTRODUCTION TO ETHICS
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC, CAN PHIL 4
This course is an introduction to metaethics, normative ethics, and applied ethics. Fundamental ethical concepts, theories, and arguments in classical, medieval, modern, and contemporary ethical thought are presented, analyzed, and critically evaluated. Topics include ethical relativism, ethical skepticism, ethical noncognitivism, the divine command theory, utilitarianism, social contract theory, natural rights theory, the categorical imperative, abortion, capital punishment, euthanasia, sexual morality, and animal rights.

PHIL 165 C BUSINESS & PROFESSIONAL ETHICS
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
UC/CSU, CSU GE
This course examines the major ethical issues that arise in contemporary business practices, e.g., preferential treatment for underrepresented groups, responsibility to the environment, codes of conduct for professional persons, sexual harassment, and the morality of strikes by public service personnel. The course considers leading normative ethical theories and the ways they have been applied by ethicists to provide solutions to the ethical problems that arise in business. It also emphasizes the development of logical skills necessary for critically evaluating arguments that have been given for and against the solutions proposed to ethical problems that arise in business.

<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>PHIL 170 C</td>
<td>LOGIC AND CRITICAL THINKING</td>
<td>3</td>
<td>This course is an introduction to the elementary techniques of argument analysis and evaluation. The course includes such topics as standard form and argument patterns; deduction, validity, and soundness; truth-functional arguments, truth-tables, and natural deduction; quantification arguments; categorical syllogisms and Venn diagrams; truth; induction, strength, and cogency; sampling arguments, causal arguments, statistical syllogisms, analogical arguments, and explanatory arguments; the probability calculus; formal and informal fallacies; and definition, language, and meaning.</td>
</tr>
<tr>
<td>PHIL 172 C</td>
<td>CRITICAL THINKING/WRITING</td>
<td>3</td>
<td>Prerequisite: ENGL 100 C with a grade of “C” or better. This course is an introduction to the techniques of argument analysis, evaluation, and construction as applied to essay writing. The course includes such topics as standard form and argument patterns; deduction, validity, and soundness; truth-functional arguments, truth-tables, and natural deduction; quantification arguments; categorical syllogisms and Venn diagrams; truth; induction, strength, and cogency; sampling arguments, causal arguments, statistical syllogisms, analogical arguments, and explanatory arguments; definition, language, and meaning; thesis statements, the writing of coherent, well-developed essays, and grammar, punctuation, and orthography.</td>
</tr>
<tr>
<td>PHIL 175 C</td>
<td>SYMBOLIC LOGIC</td>
<td>3</td>
<td>This is a course in elementary, truth-functional, propositional logic and first-order quantification predicate logic, up through identity and definite descriptions. The course covers the techniques for the translation of English statements and arguments into formal logical languages and the methods for determining whether these arguments are valid.</td>
</tr>
<tr>
<td>PHIL 176 C</td>
<td>PHILOSOPHY OF SCIENCE AND CRITICAL THINKING</td>
<td>3</td>
<td>This course is designed for students who want to understand the structure of science, its methodology, and how it differs from pseudo-science. Emphasis is on the use of critical thinking methods as used in science which includes the ability to distinguish fact from judgment, belief from knowledge, skills used in elementary inductive and deductive processes along with an understanding of the formal and informal fallacies of language and thought. Eligibility for ENGL 100 C recommended; a course in science recommended, but not required.</td>
</tr>
<tr>
<td>PHIL 201 C</td>
<td>EARLY PHILOSOPHERS</td>
<td>3</td>
<td>This historical introduction to philosophy traces the development of Western philosophy from the early Greeks through the Medieval Period. The ideas which have influenced the development of Western culture are emphasized. This course will explore the birth of rational thought with the Pre-Socratics, such as Anaximander, Heraclitus, the Pythagoreans, Parmenides, Empedocles, and the Greek atomists, then move to Athens with Socrates, Plato, and Aristotle, and continue with philosophers from the late Classical and Medieval periods with special emphasis on the Stoics, the Skeptics, Augustine, Aquinas, and Ockham. This course surveys the development and transformation of Greek and Hellenistic metaphysics, epistemology, and ethics within the context of later philosophical theology. Emphasis will be placed on viewing these periods from the historical and cultural setting of the texts, which is relevant to many of the significant religious and philosophical issues facing us now, including the perennial search for values.</td>
</tr>
<tr>
<td>PHIL 202 C</td>
<td>MODERN PHILOSOPHERS</td>
<td>3</td>
<td>This is a survey of Western philosophical thought from the Renaissance to the present. The course emphasizes metaphysics, theory of knowledge, and ethics, but may also include the development of views on political philosophy, God’s existence, skepticism, empiricism, limits of human knowledge, causality, logic, semantics, and philosophical foundations of modern science. The course also examines the influence of past philosophical movements on modern life, including the growth of science and social and cultural changes.</td>
</tr>
<tr>
<td>PHIL 225 C</td>
<td>JESUS AND HIS INTERPRETERS</td>
<td>3</td>
<td>This course is a systematic introduction to the historical study of Jesus of Nazareth. It focuses upon: the various ways in which Jesus is depicted in the traditions of the Bible, in particular, the Synoptic Gospels, the Gospel of John, and the epistles of Paul; Jesus as critically reconstructed by New Testament scholarship—with a view to answering the question of what (if anything) can be known historically regarding his teaching and life, e.g., whether Jesus considered himself to be the Messiah; and Jesus as variously portrayed in the arts, especially, painting, film, and music.</td>
</tr>
<tr>
<td>PHIL 230 C</td>
<td>PHILOSOPHY OF RELIGION</td>
<td>3</td>
<td>This course is an introduction to philosophical thinking about religion, with an emphasis upon traditional Western monotheism. It critically discusses the central arguments for and against such topics as: the existence of God, the veridicality of religious and mystical experience, the cognitive status of religious language, the historicity of miracles, the possibility of life after death, and the equal validity of all religions.</td>
</tr>
</tbody>
</table>
PHIL 269 C PHILOSOPHY, HUMAN SEXUALITY AND RELIGION
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
UC/CSU
This interdisciplinary course is a systematic examination of the philosophical and religious aspects of human sexuality. The course includes an historical overview of the major philosophical and religious theories about sexuality in the context of a discussion of basic ethical theories. It specifically examines the topics of sex, gender equality, pornography, premarital sex, fidelity, abortion, homosexuality, romantic love, and marriage and family.

PHIL 298 C PHILOSOPHY SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to twenty-four hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
UC Credit Limitation/CSU
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This is a lecture/discussion type course developed on a particular limited problem or topic of interest to students. It is designed for able students who wish to increase their knowledge of a particular topic concerning which no other regular class is offered. A paper or group activity may be requested. Credit may range from ½ unit to 12 units. Consult class schedule for the offerings a particular semester. Fees may be required – PAYABLE AT REGISTRATION.

PHIL 299 C PHILOSOPHY INDEPENDENT STUDY
1 Unit (May be taken for credit 3 times)
Varying hours of scheduled conferences per week according to instructor.
UC Credit Limitation/CSU
Prerequisite: Approved Independent Study Learning Contract. Independent study is for able students who wish to extend their knowledge of a particular area through individual research and study. It is thought that topics might develop out of a curiosity stimulated in a regular class. The student would then contact the supervising instructor to develop a contract for his/her particular interest so that they could learn more regarding their special topic.

ASSOCIATE IN ARTS DEGREE
PHOTOGRAPHY Program Code: 1A03782
This program is designed to prepare students for entry into occupational photographic fields. A student may also elect to work toward a transfer into a four-year institution, in the field of Fine Arts.

To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of “C”; (2) 25 units of General Education Graduation Requirements; (3) the cultural diversity and reading requirements; (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

PHOTOGRAPHY BASIC SKILLS
CERTIFICATE Program Code: 1K00056
The Photography Basic Skills Certificate is designed to provide the student with a set of fundamental skills that will allow them to further proceed within the photography program and also find potential entry-level employment at camera stores, photo labs and service bureaus. Students are trained in a broad range of skills encompassing basic camera operations and structure, basic printing techniques, and basic studio procedures and practices.

To earn a certificate, complete the required courses with a grade of "C" or better. All course work must be completed at Cypress College.

Required courses are listed in numeric sequence:

PHOTOGRAPHY TRANSFER PROGRAM
Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Photography (PHOT)

PHOT 050 C PHOTOGRAPHY - SPECIAL PROJECTS
3 Units (May be taken for credit 3 times)
One hour lecture and
Six hours laboratory per week.
Corequisite: PHOT 102 C. Advisory: PHOT 103 C. Designed to allow the student to specialize in one particular phase of photography under the close supervision of the instructor. Students will be required to meet periodic deadlines and do some classroom assignments that are loosely structured to allow creativity. This should be the final class that the student takes before leaving the photography program. $20.00 Laboratory Fee – PAYABLE AT REGISTRATION.

PHOT 055 C PHOTOGRAPHY - WORK EXPERIENCE - VOCATIONAL
1 - 4 Units (Variable Unit Class) (May be taken for credit 4 times)
One hour lecture plus five hours of supervised employment per week.
Prerequisite: Must be enrolled in seven units, including work experience. Concurrent enrollment in Photography Program. The course requires a minimum of five hours employment in a photography related occupation per week. Refer to class schedule for an explanation of unit credit.

PHOT 101 C INTRODUCTION TO PHOTOGRAPHY
3 Units
(Same as MMPH 101 C)
Two hours lecture and
Four hours laboratory per week.
Corequisite: PHOT 102 C. This course provides students with an introduction to visual concepts, basic image capture and camera functions with film and digital cameras. Software basics for photographic imaging and digital printing along with traditional black and white film development and photographic printing will be taught. $20.00 Laboratory Fee - PAYABLE AT REGISTRATION.

PHOT 102 C PHOTOGRAPHY - OPEN LAB
0 Units
Laboratory hours vary according to use on individual basis.

PHOT 104 C PHOTOGRAPHY - SPECIAL PROJECTS
3 Units
May be taken for credit 3 times
One hour lecture and
Six hours laboratory per week.
Corequisite: PHOT 102 C. Designed to allow the student to specialize in one particular phase of photography under the close supervision of the instructor. Students will be required to meet periodic deadlines and do some classroom assignments that are loosely structured to allow creativity. This should be the final class that the student takes before leaving the photography program. $20.00 Laboratory Fee – PAYABLE AT REGISTRATION.
PHOT 103 C  PHOTOGRAPHIC POSSIBILITIES
3 Units
( Same as MMPH 103 C)
Two hours lecture and
Four hours laboratory per week.
CSU
Corequisite: PHOT 102 C. Advisory: PHOT 101 C or MMPH 101 C. This course is designed to reinforce and enhance the concepts and skills acquired in the Introduction to Photography class. The emphasis will be on the refinement of basic technical skills including black and white processing and printing, film and digital camera operation, basic scanning and image software techniques, and the development of a personal direction in photography for each student. In order to increase the student's exposure to the medium, the course also includes an introduction to large format cameras including both 2½ and 4x5 format. $20.00 Laboratory Fee - PAYABLE AT REGISTRATION.

PHOT 104 C  WEDDING PHOTOGRAPHY
3 Units (May be taken for credit 3 times)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: PHOT 102 C. Advisory: PHOT 101 C. This course is designed to acquaint the student with the fundamental concept, equipment demands, and photographic techniques used by contemporary wedding photographers. The course is composed of lectures and outside assignments which will prepare the students for basic application in the field of wedding photography. $20.00 Laboratory Fee - PAYABLE AT REGISTRATION.

PHOT 105 C  PHOTO-GRAPHICS
2 Units (May be taken for credit 3 times)
( Same as MMPH 105 C)
One hour lecture and
Three hours laboratory per week.
CSU
Corequisite: PHOT 102 C. Advisory: PHOT 101 C or MMPH 101 C. A basic class in darkroom techniques utilizing graphic arts film and developers. Darkroom manipulations during the photo process are used to give the student a working knowledge of the possibilities offered by unique photo control methods. $20.00 Laboratory Fee - PAYABLE AT REGISTRATION.

PHOT 107 C  BASIC PHOTOGRAPHY
1½ Units
One and one-half hour lecture per week.
CSU
This is a basic non-darkroom course designed to teach the student how to make better pictures, develop visual literacy and effectively operate a camera. The course will consist of lecture, visual presentations, studio and field demonstrations, plus field trip(s).

PHOT 108 C  INTERMEDIATE COLOR SLIDE PHOTOGRAPHY
1½ Units
One and one-half hour lecture per week or
Three hours lecture per week for nine weeks.
CSU
Prerequisite: PHOT 107 C. This course is a continuation of PHOT 107 C. The course is designed to expand the student's knowledge and techniques of basic color slide photography. The student will concentrate on specific skills in photographic practice such as portraiture and flash photography.

PHOT 109 C  PORTRAIT PHOTOGRAPHY
3 Units (May be taken for credit 3 times)
( Same as MMPH 109 C)
Two hours lecture and
Three hours laboratory per week.
CSU
Corequisite: PHOT 102 C. Advisory: PHOT 103 C or MMPH 103 C. This course is designed to give the student a working knowledge of portrait styles and techniques. The student will practice techniques for working with people in a studio situation. The student will work with both natural and artificial lighting and learn the possibilities and limitations of both Camera formats will range from 35mm to 4x5. Students will have an opportunity to investigate and imitate the styles of well-known portrait photographers. $20.00 Laboratory Fee – PAYABLE AT REGISTRATION.

PHOT 200 C  CONCEPTUAL PHOTOGRAPHY
3 Units (May be taken for credit 2 times)
( Same as MMPH 200 C)
Two hours lecture and
Four hours laboratory per week.
CSU
Prerequisite: PHOT 103 C or MMPH 103 C with a grade of "C" or better. Corequisite: PHOT 102 C. This course is designed to give the student a thorough understanding of how issues and concepts are related to the processes used to communicate them. The student will become familiar with major artists whose work employs non-traditional processes. The thrust of the course work will revolve around the different ways that a variety of processes can be used to communicate ideas. $20.00 Laboratory Fee – PAYABLE AT REGISTRATION.

PHOT 201 C  INTRO TO PROFESSIONAL PHOTO
3 Units (May be taken for credit 3 times)
Two hours lecture and
Four hours laboratory per week.
CSU
Corequisite: PHOT 102 C. Advisory: PHOT 103 C. This is a course dealing with the production of photographs for advertising and editorial use. Emphasis will be placed on advanced studio techniques, as well as the conceptual validity of photographs for industry applications. $20.00 Laboratory Fee - PAYABLE AT REGISTRATION.

PHOT 202 C  CONTEMPORARY PHOTOGRAPHY
3 Units (May be taken for credit 3 times)
Two hours lecture and
Four hours laboratory per week.
UC Credit Limitation/CSU
Prerequisite: PHOT 103 C with a grade of “C” or better. Corequisite: PHOT 102 C. This is a course designed to give advanced students a thorough understanding of the concepts and concerns of contemporary photography, its roots and future directions. The student will become familiar with the course work of major artists working after 1950. The major thrust of the course work will be focused on understanding why photographs are done and what they communicate. Assignments will be done in the process(es) of the student's choice based on its relevance to the ideas expressed. $20.00 Laboratory Fee – PAYABLE AT REGISTRATION.
PHOT 203 C  LIGHTING AND STUDIO
TECHNIQUES
3 Units (May be taken for credit 3 times)
(Same as MMPH 203 C)
Two hours lecture and
Four hours laboratory per week.
CSU
Corequisite: PHOT 102 C. Advisory: PHOT 103 C or MMPH
103 C. This course acquaints the student with lighting and
studio techniques as commonly used in professional photo-
graphic applications. The emphasis will be on light and the use
of lighting equipment in both studio and location situations.
$20.00 Laboratory Fee – PAYABLE AT REGISTRATION.

PHOT 204 C  HISTORY AESTHETICS OF
PHOTO
3 Units
Two hours lecture and
Three hours laboratory per week.
UC/CSU
Prerequisite: PHOT 101 C. Corequisite: PHOT 102 C. This is
a lecture/lab course on the history of photography that is
designed to give students a practical knowledge of the devel-
opment of the medium through a combination of lecture and
hands-on technical and aesthetic experiences utilizing early
photographic techniques and processes. The course will
emphasize the invention and development of photography
from its inception in the early 1800's through the early 1950's.
$20.00 Laboratory Fee – PAYABLE AT REGISTRATION.

PHOT 206 C  STUDIO PRACTICES
3 Units (May be taken for credit 3 times)
(Formerly PHOT 205 C)
(Same as MMPH 206 C)
Two hours lecture and
Four hours laboratory per week.
CSU
Corequisite: PHOT 102 C. Advisory: PHOT 103 C or MMPH
103 C. This is a course designed to familiarize the student
with image conceptualization and the differing technical alter-
natives used in commercial studio photography. Students will
learn specialized professional camera, darkroom and digital
techniques utilized by professional studio photographers.
$20.00 Laboratory Fee – PAYABLE AT REGISTRATION.

PHOT 207 C  COLOR PHOTOGRAPHY
3 Units (May be taken for credit 3 times)
(Same as MMPH 207 C)
Two hours lecture and
Four hours laboratory per week.
CSU
Corequisite: PHOT 102 C. Advisory: PHOT 103 C or MMPH
103 C. The course is designed for the advanced student and
provides a solid background in the theory and practice of
color photography. Students will explore the possibilities and
limitations of traditional and digital color processes, including
color negative and color positive printing methods. Emphasis
will be placed on both technical and aesthetic expression of
color, from initial image capture to finished print, along with
color symbolism and its use as a compositional tool. $35.00
Laboratory Fee – PAYABLE AT REGISTRATION.

PHOT 208 C  ADVANCED COLOR
PHOTOGRAPHY
3 Units
(Same as MMPH 208 C)
Two hours lecture and
Four hours laboratory per week.
CSU
Prerequisite: PHOT 207 C or MMPH 207 C with a grade of “C”
or better. Corequisite: PHOT 102 C. This is an advanced color
photography course designed to increase the students under-
standing and ability to use advanced applications of traditional
and digital color photography. Professional approaches, spe-
cialty techniques and refinement of the use of color will be
emphasized in both shooting and the darkroom. Transparency
shooting, printing, lighting, contrast control and related digital
applications will be the primary focus of the course. $35.00 Lab-
oratory Fee - PAYABLE AT REGISTRATION.

PHOT 209 C  CAREERS IN PHOTOGRAPHY
3 Units
Two hours lecture and
Four hours laboratory per week.
CSU
Corequisite: PHOT 102 C. Advisory: PHOT 103 C. This
is a course designed to help students identify and achieve pro-
fessional goals and objectives. The course will provide an
understanding of the various career options within the field
and the level of professional preparation that is necessary in
order to get established in a particular career area. Topics
will include the technical skills, equipment, portfolio develop-
ment, promotional needs and specialized business consider-
ations necessary for getting a job or establishing a photo-
graphic business. $20.00 Laboratory Fee - PAYABLE AT
REGISTRATION.

PHOT 211 C  ZONE SYSTEM PHOTOGRAPHY
3 Units (May be taken for credit 3 times)
Two hours lecture and
Four hours laboratory per week.
CSU
Corequisite: PHOT 102 C. Advisory: PHOT 103 C. This is a
course emphasizing the zone system of exposure control.
This method of exposure is used to control final print quality
under normal and adverse applications. Natural landscape
photography will be the emphasis but not at the exclusion of
all other forms of photography. Both black and white and
color will be emphasized. $35.00 Laboratory Fee - PAYABLE
AT REGISTRATION.
PHOT 215 C  DIGITAL PHOTOGRAPHY  
3 Units (May be taken for credit 3 times)  
(Same as MMPH 215 C)  
Two hours lecture and  
Four hours laboratory per week.  
CSU  
Corequisite: PHOT 102 C. Advisory: PHOT 103 C or MMPH 103 C. This course is designed to integrate electronic imaging into the advanced photography student’s visual repertoire. Combining creative studio/camera practices with computer technology, the course concentrates on the production and processing of images with current electronic photographic tools and the application of electronic media to all areas of photography (commercial, illustration, portraiture, journalism, forensic, industrial, scientific, etc.). Included are techniques for lighting background control, selection and manipulation, digitization, image capture and processing. $35.00 Laboratory Fee – PAYABLE AT REGISTRATION.

PHOT 216 C  ADVANCED DIGITAL PHOTOGRAPHY  
3 Units (May be taken for credit 3 times)  
(Same as MMPH 216 C)  
Two hours lecture and  
Four hours laboratory per week.  
CSU  
Prerequisite: PHOT 215 C or MMPH 215 C with a grade of “C” or better. Corequisite: PHOT 102 C. This course is designed to provide the student with advanced knowledge of techniques and skills in the application of electronic and digital/computer technologies to all areas of the photographic medium. (Commercial, Illustration, Portraiture, Journalism, Forensic, Industrial, Scientific, etc.) The integration of technical skills and aesthetic expression will be emphasized along with advanced scanning, printing, and image recording techniques. Projects will require exploration and experimentation integrating digital image making into the creative process. The objective is to merge traditionally different modes of photographic expression while studying the aesthetic traditions that have influenced photographers in their use of digital technologies. Students develop the skills necessary to create their own unique body of work using digital photographic technologies. $35.00 Laboratory Fee – PAYABLE AT REGISTRATION.

PHOT 217 C  3D PHOTO IMAGING  
3 Units (May be taken for credit 3 times)  
(Same as MMPH 217 C)  
Two hours lecture and  
Four hours laboratory per week.  
CSU  
Prerequisite: PHOT 103 C or MMPH 103 C with a grade of “C” or better. Corequisite: PHOT 102 C. This course is designed to provide the student with advanced knowledge of 3D photographic imaging technologies as they relate to the study of light, form, and three-dimensional space. Students will study lighting, form, and space in virtual environments of their own creation. A diverse assortment of 3D software will be utilized to instruct students in how forms are visually perceived and modified based on the way light describes them. The relationship between 2D and 3D imaging applications will be discussed as well as the integration of the two for a variety of commercial photography and multimedia applications. These include studio background creation, special visual effects, game production, photo illustration, and digital composites. $35.00 Laboratory Fee – PAYABLE AT REGISTRATION.

PHOT 219 C  PHOTOGRAPHY FOR PUBLICATION  
3 Units (May be taken for credit 3 times)  
Two hours lecture and  
Four hours laboratory per week.  
CSU  
Corequisite: PHOT 102 C. Advisory: PHOT 101 C. This course is designed to acquaint the student with a current view of the field of photojournalism and photographic publishing for magazines, the Internet, and all editorial uses. The majority of work will be done in 35mm. Heavy emphasis is placed on communication through photography. $20.00 Laboratory Fee - PAYABLE AT REGISTRATION.

PHOT 220 C  ALTERNATIVE PHOTO PROCESSES I  
3 Units  
Two hours lecture and  
Four hours laboratory per week.  
CSU  
Corequisite: PHOT 102 C. Advisory: PHOT 103 C. This class will continue to investigate the artistic aspects and technical procedures used in 19th Century photographic printing of hand coated papers. Class projects will include aspects of graphic arts photography, films and developers. During the semester, students will work with cyanotypes, Kallitypes and kwik print. $35.00 Laboratory Fee - PAYABLE AT REGISTRATION.

PHOT 221 C  ALTERNATIVE PHOTO PROCESSES II  
3 Units  
Two hours lecture and  
Four hours laboratory per week.  
CSU  
Prerequisite: PHOT 220 C with a grade of “C” or better. Corequisite: PHOT 102 C. This course will continue to investigate the artistic aspects and technical procedures used in 19th Century photographic printing of hand coated papers. During the semester, students will work with gum bichromate, salted paper and color key materials. $35.00 Laboratory Fee - PAYABLE AT REGISTRATION.

PHOT 222 C  ALTERNATIVE PHOTO PROCESSES III  
3 Units  
Two hours lecture and  
Four hours laboratory per week.  
CSU  
Prerequisite: PHOT 221 C with a grade of “C” or better. Corequisite: PHOT 102 C. This class will continue to investigate the artistic aspects and technical procedures used in 19th Century photographic printing of hand coated papers. During the semester, students will work with albumen, collodion and palladium/platinum processes. $35.00 Laboratory Fee - PAYABLE AT REGISTRATION.
PHOT 223 C ALTERNATIVE PHOTO PROCESSES IV
3 Units
Two hours lecture and
Four hours laboratory per week.
CSU
Prerequisite: PHOT 222 C with a grade of “C” or better.
Corequisite: PHOT 102 C. This class will investigate the artistic aspects and technical procedures used in 19th Century photographic printing of hand coated papers. During the semester, students will work with dye transfer, carbon printing and multi-process projects. $35.00 Laboratory Fee - PAYABLE AT REGISTRATION.

PHOT 298 C PHOTOGRAPHY SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to sixty hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
CSU
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This is a course for students who wish to increase their knowledge of photography. Various topics will be offered. Unit credit may range from ½ to 12 units in any given semester. Consult the class schedule to verify credit for a particular semester. Fees may be required – PAYABLE AT REGISTRATION.

ASSOCIATE IN ARTS DEGREE PHYSICAL EDUCATION Program Code: 1A03769
This program is designed to prepare students with a knowledgeable base of physical fitness, health practices, and professional activities for entry into the discipline of physical education/athletics. Further specialization is possible by combining the Associate of Arts Degree with electives chosen from a certificate program in aerobics, aquatics, or coaching. A student may also elect to work toward a transfer program preparing for entry to a four-year institution.

To earn an Associate Degree students must complete:
(1) all major course requirements with a minimum grade of “C”; (2) 25 units of General Education Graduation Requirements; (3) the cultural diversity and reading requirements; (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

AEROBIC INSTRUCTOR
CERTIFICATE Program Code: 1C07828
Primary emphasis is to prepare the student for occupational competency in aerobic exercise instruction for corporate fitness or health clubs. All students must complete 18 units. Course work in PE 235 C may be waived with current Red Cross cards in First Aid and CPR at the discretion of the division.

To earn a certificate, complete the required courses as listed with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.
Required courses are listed in suggested sequence:

PHYSICAL EDUCATION TRANSFER PROGRAM

Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.
Physical Education (PE)

**All classes with double asterisks are off-campus. Students should allow for travel time.**

PE 083 C  FITNESS FOR ATHLETES
1 Unit (May be taken for credit 4 times)
Three hours activity per week.
Credit/No Credit
AA/GE
This course is designed for students to practice in anaerobic and aerobic fitness and flexibility for competition in various intercollegiate sports.

PE 093 C  WEIGHT LIFTING FOR ATHLETES
1 Unit (May be taken for credit 4 times)
Three hours activity per week.
Credit/No Credit
AA/GE
This course is an overview of weight lifting techniques that produce muscle mass and strength.

PE 100 C  ADAPTIVE P.E. - WEIGHT TRAINING
1 Unit (May be taken for credit 4 times)
Two hours activity plus one hour assigned per week.
UC Credit Limitation/CSU, AA GE, CSU GE
Prerequisite: Entry into this class will be based on student’s medical condition. This course is designed to give students with a disability the opportunity to participate in resistive exercises with weights.

PE 101 C  ADAPTIVE P.E. - ACTIVITY
1 Unit (May be taken for credit 4 times)
Two hours activity per week.
UC Credit Limitation/CSU, AA GE, CSU GE
Prerequisite: Entry into this class will be based on student’s previous medical history. This course is designed for the disabled student. The class will emphasize modified individual and team sport activities.

PE 104 C  ATHLETIC WEIGHT TRAINING
1 ½ Units (May be taken for credit 4 times)
Three hours activity per week.
UC Credit Limitation/CSU, AA GE, CSU GE
This course is designed with athletes in mind, but not limited to them, to enable them to work out with a prescribed individual weight program at least three days a week. It will involve specific resistance exercises to develop parts of the body used in various types of sports activities. It will also add to the safety of the athletes by helping to prevent injuries.

PE 105 C  BADMINTON
1 Unit (May be taken for credit 4 times)
Two hours activity plus one hour assigned per week.
UC Credit Limitation/CSU, AA GE, CSU GE
This is a course in the fundamental skills of badminton with emphasis on position play and strategy for singles, doubles, and mixed doubles. The class will include rules, etiquette, drills, and class competition. Equipment is furnished.

PE 107 C  TABLE TENNIS
1 Unit (May be taken for credit 4 times)
Two hours activity per week.
UC Credit Limitation/CSU, AA GE, CSU GE
This course will consist of essential strokes with emphasis on the game strategies for singles and doubles play of table tennis. Rules, etiquette and tournament format will be introduced to the class.

**PE 108 C  BOWLING
1 Unit (May be taken for credit 4 times)
Two hours activity plus one hour assigned per week.
UC Credit Limitation/CSU, AA GE, CSU GE
This course teaches the fundamental skills of bowling with emphasis on form, terminology and scoring. The student will have the opportunity for class competition. The class will be conducted at an off campus bowling establishment. Facility use fee required. To be paid throughout the semester at the facility.

PE 109 C  FUTSAL (INDOOR SOCCER)
1 Unit (May be taken for credit 4 times)
Two hours activity per week.
UC Credit Limitation/CSU, AA GE, CSU GE
The class will provide instruction and practice in the techniques of futsal (indoor soccer). This course will develop skills, provide knowledge of the rules and teach students to analyze techniques, solve tactical problems and improve physical fitness.

PE 114 C  CARDIOVASCULAR CONDITIONING
1 Unit (May be taken for credit 4 times)
Two hours laboratory per week.
UC Credit Limitation/CSU, AA GE, CSU GE
This class is designed to provide an individualized exercise program for the student interested in achieving physical fitness through a program of cardiovascular conditioning.

**PE 115 C  GOLF - BEGINNING
½ - 1 Unit (Variable Unit Class) (May be taken for credit 4 times)
One to two hours activity plus one-half to one hour assigned per week.
UC Credit Limitation/CSU, AA GE, CSU GE
This course emphasizes the basic fundamentals of golf, including rules, etiquette, and terminology. Golfing activity will be held at an on-campus location for the first half of the class. The second half of the class will be held at an off-campus golf facility. Facility use fee required. To be paid throughout the semester at the facility.

PE 117 C  GYMNASTICS
1 Unit (May be taken for credit 4 times)
Two hours activity plus one hour assigned per week.
UC Credit Limitation/CSU, AA GE, CSU GE
This course is designed to teach basic skills and knowledge necessary to the performance of gymnastic stunts. The class develops agility, balance, timing, flexibility, and strength.

PE 118 C  GYMNASTICS APPARATUS
1 Unit (May be taken for credit 4 times)
Two hours activity per week.
UC Credit Limitation/CSU, AA GE, CSU GE
This course is designed to give the student concentrated instruction and practice on the uneven bars, horizontal bar, parallel bars, balance beam, side horse, vaulting, and rings.
**PE 119 C GYMNASTICS - TUMBLING**
1 Unit (May be taken for credit 4 times)
Two hours activity per week.
UC Credit Limitation/CSU, AA GE, CSU GE
This course is designed to give the student concentrated instruction and practice in the skills of tumbling, floor exercises, and vaulting skills.

**PE 121 C WALKING FOR FITNESS**
1 Unit (May be taken for credit 4 times)
Two hours activity plus one hour assigned per week.
UC Credit Limitation/CSU, AA GE, CSU GE
This course will emphasize walking for health and fitness for men and women who are interested in instruction and practice in cardiovascular walking. This class is designed to decrease the risk of coronary heart disorders by increasing heart efficiency, vital lung capacity and the knowledge of each through aerobic and anaerobic conditioning.

**PE 122 C SURFING**
1 Unit (May be taken for credit 4 times)
Three hours activity per week.
UC Credit Limitation/CSU, AA GE, CSU GE
Prerequisite: Demonstrate ability to swim. This course offers students the opportunity to learn and improve the skills of wave riding. Examination and analysis of paddling, wave selection, water safety, equipment, tides, current, and etiquette are emphasized for long boarding and short boarding. Transportation will not be furnished.

**PE 127 C RACQUETBALL - INDOOR**
1 Unit (May be taken for credit 4 times)
Two hours activity per week.
UC Credit Limitation/CSU, AA GE, CSU GE
This course includes instruction in the fundamentals of indoor racquetball. The emphasis of the class will be on safety, rules, etiquette, and strategy in singles, doubles and cut-throat play. The class will be held at an off-campus facility. Facility use fee of $49.00 is required. Subject to change by facility.

**PE 129 C STEP AEROBICS**
1 Unit (May be taken for credit 4 times)
Two hours activity plus one hour assigned per week.
UC Credit Limitation/CSU, AA GE, CSU GE
This course provides aerobic development through coordinated stepping movements performed to music. The class will emphasize cardiovascular improvement, muscle development, and decreased body fat.

**PE 134 C SWIMMING**
1 Unit (May be taken for credit 2 times)
Two hours activity plus one hour assigned per week.
UC Credit Limitation/CSU, AA GE, CSU GE
This course provides basic instruction and practice in the fundamental elements of swimming including beginning diving and water safety instruction. The class is designed to develop proficiency in the basic strokes needed to meet the prerequisites for the senior lifesaving and water safety instruction courses.

**PE 135 C SWIMMING - INTERMEDI/ADVANCED**
1 Unit (May be taken for credit 4 times)
Two hours activity plus one hour assigned per week.
UC Credit Limitation/CSU, AA GE, CSU GE
Prerequisite: Demonstrate ability to swim. This course is designed to develop knowledge and skill in competitive swimming strokes. The swimming strokes to be taught are the American crawl, backstroke, breaststroke, and dolphin butterfly. The class will emphasize the development of cardiovascular aerobic conditioning.

**PE 136 C SPRINGBOARD DIVING**
1 Unit (May be taken for credit 4 times)
Two hours activity plus one hour assigned per week.
UC Credit Limitation/CSU, AA GE, CSU GE
Prerequisite: Demonstrate ability to swim. This course is designed to teach the fundamentals of springboard diving. The beginning diver will learn diving progression for the front, back, reverse, inward and twisting dives.

**PE 139 C TENNIS**
1 Unit (May be taken for credit 4 times)
Two hours activity plus one hour assigned per week.
UC Credit Limitation/CSU, AA GE, CSU GE
This course will emphasize walking for health and fitness for men and women who are interested in instruction and practice in cardiovascular walking. This class is designed to decrease the risk of coronary heart disorders by increasing heart efficiency, vital lung capacity and the knowledge of each through aerobic and anaerobic conditioning.

**PE 141 C SPECIALIZED TENNIS SKILLS**
1⁄2 - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
One to four hours activity per week.
UC Credit Limitation/CSU, AA GE, CSU GE
This class is designed for students desiring instruction from intermediate to advanced tennis. The class provides the opportunity to put techniques into practice through placement in the various levels of tennis ability.

**PE 142 C MOUNTAINEERING/ROCK CLIMBING**
1 Unit (May be taken for credit 4 times)
One hour lecture and
One hour activity per week.
UC Credit Limitation/CSU, AA GE, CSU GE
This course is designed for those students wishing to develop skills in mountaineering/rock climbing. Teaching emphasis is on preparation, knowledge of equipment, physical techniques, and the mental approach to climbing. Facility use fee of $60.00 required. Subject to change by facility.

**PE 144 C VOLLEYBALL**
1 Unit (May be taken for credit 2 times)
Two hours activity plus one hour assigned per week.
UC Credit Limitation/CSU, AA GE, CSU GE
The course will include teaching of the basic skills of volleyball with emphasis on strategy and rules. The students will be offered the opportunity for class and interclass competition.
PE 145 C VOLLEYBALL - INTERMED/ADVANCED
1 - 1½ Unit (Variable Unit Class) (May be taken for credit 2 times)
Two to three hours activity per week.
UC Credit Limitation/CSU, AA GE, CSU GE
This course is designed to provide advanced skill development and strategies of volleyball. This class will provide intermediate and advanced players an opportunity to practice competitive techniques in games situations.

PE 146 C WATER POLO
1 Unit (May be taken for credit 4 times)
Two hours activity plus one hour assigned per week.
UC Credit Limitation/CSU, AA GE, CSU GE
Prerequisite: Demonstrate ability to swim. Basic instruction will be given in the fundamental skills of water polo. Instruction will emphasize passing, shooting, dribbling, conditioning, game strategy, and terminology. The course will include aquatic drills, scrimmages and appropriate learning activities for the intermediate and advanced water polo player.

PE 148 C LOW-IMPACT AEROBICS
1 Unit (May be taken for credit 4 times)
Two hours activity per week.
UC Credit Limitation/CSU, AA GE, CSU GE
This course provides an aerobic workout without jogging, running, jumping or other high impact type movements which might result in over stress to feet, ankles, knees, hips or the spinal column. The exercise sessions will include simple dance steps, dynamic full body movements, muscle toning, stretching and relaxation techniques. The course is designed to prevent injury and is ideal for beginning aerobicizers, the overweight individual, injured or recuperating students, and older students as well as the general student population. This class is designed for both men and women.

PE 149 C SWIM FOR FITNESS
1 Unit (May be taken for credit 4 times)
Two hours activity plus one hour assigned per week.
UC Credit Limitation/CSU, AA GE, CSU GE
Prerequisite: Demonstrate ability to swim. This course will emphasize swimming for health and physical fitness. The class is designed to decrease the risk of coronary heart disorders by increasing heart efficiency, vital lung capacity, and the knowledge of each through the use of aerobic and anaerobic conditioning. Participating adults and others seeking a fitness program may expect to improve their overall fitness level through aquatic training.

PE 150 C RHYTHMIC AEROBIC EXERCISE
1 Unit (May be taken for credit 4 times)
Two hours activity per week.
UC Credit Limitation/CSU, AA GE, CSU GE
This course provides aerobic development through rhythmic, high impact movements. The class activities will emphasize stretching, walking, jogging, running, and rope jumping in a dance setting to music.

PE 151 C WATER AEROBICS/POOL EXERCISES
1 Unit (May be taken for credit 4 times)
Two hours activity plus one hour assigned per week.
UC Credit Limitation/CSU, AA GE, CSU GE
This class is designed to provide callisthenic type exercises and routines using the resistance of the water as a means for developing cardiovascular endurance, strength, flexibility, and coordination. Students will be able to improve posture and appearance through performance and understanding of using the water as a resistance. Non-swimmers welcome.

PE 152 C FITNESS TRAINING LAB
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
One and one-half to six hours activity per week.
UC Credit Limitation/CSU, AA GE, CSU GE
This course is designed so that workouts can be scheduled any time the lab is open on an individual basis. Circuit training has proven especially beneficial for people not interested in competitive weight training but desiring good muscle tone and cardiovascular fitness. This type of training gives maximum return in a controlled workout with flexible hours and variable units.

PE 153 C AEROBIC CYCLING - STATIONARY
1 Unit (May be taken for credit 4 times)
Two hours activity per week.
UC Credit Limitation/CSU, AA GE, CSU GE
The students will exercise twice a week on bicycle ergometers. This aerobic exercise will improve aerobic capacity, oxygen pulse, oxygen uptake capacity, blood pressure, and heart rate. Student evaluation will consist of a pre- and post-test of aerobic fitness, flexibility, and body composition/fat percent.

PE 154 C FITNESS TESTING W/PRESCRIPTION
2 Units (May be taken for credit 4 times)
One hour lecture and
Two hours activity per week.
CSU, AA GE, CSU GE
Prerequisite: Physician's clearance required for persons age 35 or over. This course will evaluate the fitness level of individuals by modern scientific equipment. Based on the results of a battery of tests, an exercise prescription will be developed to meet individual goals. Student progress will be evaluated with post-testing.

PE 156 C POWER TRAINING
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
One and one-half to six hours activity per week.
UC Credit Limitation/CSU, AA GE, CSU GE
This course is an open laboratory experience for those people who want to get maximal physical return for a limited time invested. This class is designed to provide instruction and supervision of students with individualized power training programs using free weights. It is for men and women of all ages who are interested in improving power moves using squats, dead lifts, and the bench press. Workout times are adjusted to the individual's schedule with flexible hours and variable units.
**PE 157 C**  SPECIALIZED GOLF SKILLS  
1 Unit (May be taken for credit 4 times)  
Two hours activity plus one hour assigned per week.  
UC Credit Limitation/CSU, AA GE, CSU GE  
This course will emphasize advanced golf techniques and playing strategies. The class will provide advanced and low handicap golfers the opportunity to enhance their skills and techniques in execution of golf scoring strategies. Facility use fee required. To be paid throughout the semester at the facility.

**All classes with double asterisks are off-campus. Students should allow for travel time.**

<th>Activity Time</th>
<th>UC Credit Limitation/CSU, AA GE, CSU GE</th>
</tr>
</thead>
</table>
| PE 159 C    | STRENGTH TRAINING - (OLYMPIC WEIGHTS)           | ½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times) | 18 hours of activity required for each  
½ unit up to 72 hours for a total of 2 units. | UC Credit Limitation/CSU, AA GE, CSU GE  
This course is an open laboratory experience for those people who want to get maximal physical return for a limited time invested. The class is designed to provide instruction and supervision of students with individualized strength programs using Universal and Olympic weights exclusively. It is for men and women of all ages who are interested in muscle toning, muscle rehabilitation, and/or weight redistribution. Workout times are adjusted to the individual's schedule with flexible hours and variable units. |
| PE 160 C    | BASKETBALL                                      | 1 Unit (May be taken for credit 4 times) | Two hours activity plus one hour assigned per week. | UC Credit Limitation/CSU, AA GE, CSU GE  
This course is designed for students to participate in a comprehensive fitness program which includes stretching, cardiovascular, and strengthening exercises. The exercises help develop agility, improve coordination, and increase endurance while normalizing body weight and improving muscle tone. |
| PE 161 C    | BODY CONDITIONING AND FITNESS                   | 1 Unit (May be taken for credit 4 times) | Two hours activity per week. | UC Credit Limitation/CSU, AA GE, CSU GE  
This course is designed for individualized instruction and practice in the areas of weight training, weight lifting, anaerobic and aerobic fitness, and flexibility for competition in various intercollegiate sports. |
| PE 162 C    | CONDITIONING FOR ATHLETES                       | 1½ Units (May be taken for credit 4 times) | Three hours activity per week. | UC Credit Limitation/CSU, AA GE, CSU GE  
This course is designed for individualized instruction and practice in the areas of weight training, weight lifting, anaerobic and aerobic fitness, and flexibility for competition in various intercollegiate sports. |
| PE 163 C    | KICK-BOXING                                      | 1 Unit (May be taken for credit 4 times) | Two hours laboratory per week. | UC Credit Limitation/CSU, AA GE, CSU GE  
Instruction in forms of kick-boxing that stress cardiovascular endurance, strength development, and improved flexibility. The aerobic workout will include influences from several martial arts. The sparring and self defense aspects of kick-boxing will be included. |
| PE 164 C    | SELF DEFENSE                                    | 1 Unit (May be taken for credit 4 times) | Two hours activity plus one hour assigned per week. | UC Credit Limitation/CSU, AA GE, CSU GE  
This course provides instruction in developing both physical and cognitive skills in personal safety and self-protection. Through different forms of martial arts training, students will practice both defensive and offensive moves against various forms of attacks, including weapons. Proficiency in the practical, effective, and tactical use of movement, leverage, strikes, and use of everyday objects as weapons is stressed. |
| PE 165 C    | SOCCER                                           | 1 Unit (May be taken for credit 4 times) | Two hours activity per week. | UC Credit Limitation/CSU, AA GE, CSU GE  
This class will provide instruction and practice in the techniques of soccer for women. This course will develop skills, knowledge of rules, analysis of techniques and game strategies. |
| PE 166 C    | SOFTBALL                                         | 1 Unit (May be taken for credit 4 times) | Two hours activity per week. | UC Credit Limitation/CSU, AA GE, CSU GE  
The course will emphasize advanced golf techniques and playing strategies. The class will provide advanced and low handicap golfers the opportunity to enhance their skills and techniques in execution of golf scoring strategies. Facility use fee required. To be paid throughout the semester at the facility. |
| PE 167 C    | INLINE SKATING                                   | 1 Unit (May be taken for credit 4 times) | Two hours activity per week. | UC Credit Limitation/CSU, AA GE, CSU GE  
The course will place emphasis on inline skating fundamentals including turning, stopping, skating posture and balance. The course of study will also include terminology, etiquette and aerobic and anaerobic fitness training. Rental fee is required if the student does not supply his/her own skates and safety equipment such as helmet, wrist, elbow and knee pads. |
| PE 168 C    | SONG AND YELL LEADER WORKSHOP                   | 1 Unit (May be taken for credit 4 times) | Three hours laboratory per week. | CSU, AA GE, CSU GE  
Prerequisite: Audition. This course is designed to enhance skill and difficulty level of exercises, routines, gymnastics and stunting abilities. Emphasis on leadership techniques will also be discussed. |
| PE 169 C    | WEIGHT TRAINING                                  | ½ - 1 Unit (Variable Unit Class) (May be taken for credit 4 times) | One or two hours activity per week. | UC Credit Limitation/CSU, AA GE, CSU GE  
This weight training class stresses techniques of lifting that will produce muscle tone and strength for women. |
### Activities Designed For, But Not Limited To, Men

**PE 180 C  BASEBALL**
1 Unit (May be taken for credit 4 times)
Two hours activity plus one hour assigned per week.
UC Credit Limitation/CSU, AA GE, CSU GE
The class includes instruction in the fundamental skills of baseball with emphasis on techniques, game strategy, and the correct methods to play the game. The course includes drills and class competition.

**PE 181 C  BASKETBALL**
1 Unit (May be taken for credit 4 times)
Two hours activity plus one hour assigned per week.
UC Credit Limitation/CSU, AA GE, CSU GE
This course will include instruction in the fundamental skills of basketball with an emphasis on strategy and team play. The class will include rules, drills, and team competition. Equipment is furnished.

**PE 182 C  BODY BUILDING/BODY DEVELOPMENT AND WEIGHT LIFTING**
½ - 1 Unit (Variable Unit Class) (May be taken for credit 4 times)
One or two hours activity per week.
UC Credit Limitation/CSU, AA GE, CSU GE
This course includes building and developing the body through the use of progressive resistance exercises, as well as instruction in the proper techniques of power lifting.

**PE 187 C  PHYSICAL FITNESS**
½ - 1 Unit (Variable Unit Class) (May be taken for credit 4 times)
One or two hours activity per week.
UC Credit Limitation/CSU, AA GE, CSU GE
This course emphasizes physical fitness for men which will be achieved through the use of resistive exercises and body building routines.

**PE 189 C  SOCCER**
1 Unit (May be taken for credit 4 times)
Two hours activity plus one hour assigned per week.
UC Credit Limitation/CSU, AA GE, CSU GE
This class will provide instruction and practice in the techniques of soccer for men. This course will develop skills, knowledge of rules, analysis of techniques and game strategies.

**PE 190 C  SOFTBALL**
1 Unit (May be taken for credit 4 times)
Two hours activity per week.
UC Credit Limitation/CSU, AA GE, CSU GE
The course will emphasize basic skills of softball including techniques and strategies of offense and defense, rules and terminology.

**Accident -Injury insurance fee not required at registration.**

**Prerequisite: Must meet the California Community College Commission on Athletics eligibility requirements, pass a physical examination prior to intercollegiate competition, and participate in the Cypress College accident-injury insurance plan, a $10.00 (***$5.00) Fee - PAYABLE AT REGISTRATION is required. In order to participate in intercollegiate athletics, all students must enroll in one of the above classes. The most qualified student athletes will be selected to represent the college during the season. These classes satisfy the physical education graduation requirement. These sports will stress fundamentals, team/individual play, and mental and physical conditioning. Daily practice or a minimum of ten hours per week is required.**

*Prerequisite: Entry into this class will be based upon the student's previous medical history. (COA rules and hours do not apply).**
THEORY - PHYSICAL EDUCATION

PE 231 C ELEMENTARY SCHOOL MOVEMENT - PHYSICAL EDUCATION
3 Units
Two hours lecture and
Two hours activity per week.
CSU, CSU GE
This course is designed to acquaint the elementary school major with physical education programs in grades K-6. The course includes observation, visitation, and actual teaching field work at an elementary school in the Cypress School District. The campus laboratory hours include methods, skills, and activities used in teaching elementary physical education. The class is required for elementary education majors and required for recreation and physical education majors.

PE 234 C CONTEMPORARY PERSONAL HEALTH
3 Units
Three hours lecture per week.
Credit by Examination
UC/CSU, AA GE, CSU GE
The course explores advances in the medical science field as they relate to personal health and dispels myths and misconceptions. Health issues that will be covered in the course are stress management, substance abuse, alcoholism, smoking as an addiction, sexuality, marriage, birth, sexually transmitted diseases, nutrition, cancer, aging and death, and obesity.

PE 235 C FIRST AID, CPR & EMERGENCIES
3 Units
Three hours lecture per week.
UC/CSU, CSU GE
This course includes the theory and implementation of the skills necessary in response to an emergency. Successful completion of the course will qualify the student for the American Red Cross “Responding to Emergencies” First Aid Certificate, Adult, Child and Infant CPR Certificates and Automated External Defibrillation Certificate. Costs may include materials for the construction of a First Aid Kit. There is a required $4.00 Red Cross Service Fee - PAYABLE AT REGISTRATION.

PE 236 C PREVENTION AND CARE OF ATHLETIC INJURIES
3 Units
Two hours lecture and
Three hours laboratory per week.
UC/CSU
This course is designed for future trainers, coaches, and physical therapists in the field of sports medicine. The course concentrates on the prevention, evaluation, treatment and rehabilitation of athletic injuries. Methods of taping and the use of training room equipment will also be covered.

PE 237 C LIFESAVING
1 Unit (May be taken for credit 4 times)
One hour lecture and
One hour laboratory per week.
UC/CSU, CSU GE
Prerequisite: A minimum of 15 years of age, the ability to swim continuously 500 yards and complete a 7 to 10 feet surface dive. This course is designed to develop and perfect the basic swimming strokes needed to successfully execute the various lifesaving skills. Upon completion of the class, a student who successfully passes the written and practical exams will be qualified to be certified for an American Red Cross Lifeguard Training, First Aid, and CPR for the Professional Rescuer. $4.00 Laboratory Fee - PAYABLE AT REGISTRATION.

PE 238 C WATER SAFETY INSTRUCTION
2 Units
One hour lecture and
Two hours activity per week.
UC/CSU
Prerequisite: 17 years of age minimum, American Red Cross precourse written and skills test. Advisory: Competency in swimming, diving, and water safety skills. This American Red Cross course will prepare instructor candidates to teach a variety of American Red Cross swimming and water safety courses to people of all ages. Upon satisfactory completion, the student will receive an American Red Cross Water Safety Instructor certificate. This class does not meet the requirements for P.E. activity classes. $4.00 Laboratory Fee - PAYABLE AT REGISTRATION.

PE 239 C SKIN AND SCUBA DIVING
3 Units
Two hours lecture and
Three hours activity per week.
CSU
Prerequisite: Qualification as an intermediate/advanced swimmer. This course is designed to develop the knowledge of skin and SCUBA diving. The class will place emphasis on safety, skill development, psychological adjustments and cardiovascular conditioning. Upon successful completion of the class, the student will be certified as an N.A.U.I., Open Water I, SCUBA diver. The student is responsible for equipment rentals and boat fees, as well as purchasing some basic personal gear. This class does not meet the requirement for P.E. activity classes.

PE 240 C SPORTS OFFICIATING - MEN’S SPORTS
3 Units (May be taken for credit 2 times)
Two hours lecture and
Two hours laboratory TBA per week.
UC Credit Limitation/CSU
This class provides practical experience with an emphasis on knowledge and interpretation of the rules of sporting events. The rules and mechanics of officiating football, basketball, baseball, softball and other sports will be covered. This course can be used for recreation majors, physical education majors, and people involved in community athletic organizations. The course will also explore avenues of employment related to sports officiating.

Physical Education / 293
**PE 242 C WHEELCHAIR ATHLETICS**
2 Units (May be taken for credit 4 times)
One hour lecture and
Three hours laboratory per week.
CSU, CSU GE
Prerequisite: Entry into this class will be based on the student’s previous medical history. The course includes instruction and participation in the fundamentals of the spectrum of wheelchair athletics. The course is expressly designed for, but not limited to, those students with permanent disability of the lower extremities who are therefore unable to participate in regular able-bodied athletics. The emphasis is on rules, safety, general awareness of wheelchair athletic alternatives with specific skill development in wheelchair basketball and wheelchair tennis leading to competition in California and U.S. wheelchair basketball and tennis programs.

**PE 244 C HUMAN PERFORMANCE**
3 Units
Three hours lecture per week.
UC Credit Limitation/CSU, AA GE, CSU GE
Lectures will provide guidelines for lifetime fitness with a combined approach of exercise physiology, nutrition and biomechanics. Students will develop a working knowledge of physiological adaptations to aerobic and anaerobic exercise, of nutritional programs to achieve and maintain ideal body weight, and of desirable lifestyle management behaviors to improve wellness and human performance.

**PE 247 C SPORTS MANAGEMENT**
3 Units
Two hours lecture and
Three hours activity per week.
CSU
This course consists of how to organize, manage, plan, staff, direct and control a sports program. The course also includes such areas as budget, facilities, scheduling, officials, transportation, public relations, parent and booster clubs, purchase and care of athletic equipment, fund raising, and marketing.

**PE 248 C PSYCHOLOGY OF SPORT**
3 Units
Three hours lecture per week.
CSU
This course consists of the study of athletes on all levels of competition. The course includes such areas as psychology of competition, understanding coaches, goal setting, motivation, anxiety and stress, relaxation, relationships, eligibility, and drug abuse in sports. The class also prepares the community college athlete for competition at the university level.

**PE 250 C SPORT & UNITED STATES SOCIETY**
3 Units
Three hours lecture per week.
CSU, CUL DIV
This course examines sport in the United States society, and how various ethnic and minority groups have influenced sport participation at the local, state and national levels. Influences of other cultures outside of the United States will be reviewed and analyzed. A review of sport history from both the international and national perspective will be conducted with communication and media influences also examined.

**PE 252 C INTRO TO PHYSICAL EDUCATION**
2 Units
Two hours lecture per week.
CSU
Introduction and orientation to physical education as a profession and as an academic discipline. Explores subdisciplines, opportunities in the field, philosophy, scientific foundation, and analyzes and evaluates individuals that have influenced these trends and issues in the 21st Century.

**PE 261 C PROFESSIONAL ACTIVITIES - TENNIS**
2 Units (May be taken for credit 2 times)
One hour lecture and
Two hours activity per week.
UC Credit Limitation/CSU
This course is designed for students who are interested in pursuing tennis instruction and coaching as a career. The class will emphasize skills needed to teach the sport of tennis. Students will be responsible for performing and teaching various skills. Students must provide their own equipment.

**PE 262 C PROFESSIONAL ACTIVITIES - VOLLEYBALL (Coed)**
2 Units (May be taken for credit 2 times)
One hour lecture and
Two hours activity per week.
UC Credit Limitation/CSU
This course is designed for men and women physical education and recreation majors. This class will emphasize development and improvement of fundamental volleyball skills. Course content will include strategy and team organization through participation, analysis of rules, instructional procedures and coaching techniques.

**PE 263 C PROFESSIONAL ACTIVITIES - WRESTLING**
2 Units (May be taken for credit 2 times)
One hour lecture and
Two hours activity per week.
UC Credit Limitation/CSU
This course will include instruction and practice in the fundamental wrestling techniques basic to successful performance in amateur wrestling. The class will include all aspects of offense, defense and additional areas such as equipment, budget, scheduling, and scouting. This class does not meet the requirements for P.E. activity classes.

**PE 264 C THEORY OF COACHING FOOTBALL**
3 Units
Two hours lecture and
Three hours laboratory per week.
UC Credit Limitation/CSU
This course includes the study of the various aspects of coaching football. The emphasis of the class will be on the theory of how to organize a football program, offense, defense and the kicking game. The lab consists of scouting and/or coaching football.
PE 265 C INTRAMURAL MANAGEMENT
2 Units (May be taken for credit 4 times)
One hour lecture and
Three hours laboratory per week.
CSU
This course will emphasize effective management skills for an intramural program. The class will include group organization, promotion and supervision of campus intramural activities.

PE 266 C THEORY OF COACHING BASKETBALL
3 Units
Two hours lecture and
Three hours laboratory per week.
UC Credit Limitation/CSU
This course includes the study of various aspects of coaching basketball. The emphasis of the class will be on the theory of how to organize a basketball program, individual skills, and offensive and defensive team play. The lab consists of scouting and/or coaching basketball.

PE 267 C THEORY OF COACHING BASEBALL
3 Units
Two hours lecture and
Three hours activity per week.
UC Credit Limitation/CSU
This course includes the study of various aspects of coaching baseball. The emphasis of the class will be on the theory of how to organize a baseball program, develop individual skills, and coach offensive and defensive teamwork. The lab consists of scouting and coaching baseball.

PE 268 C PROFESSIONAL ACTIVITIES - BASEBALL
2 Units (May be taken for credit 2 times)
One hour lecture and
Two hours activity per week.
UC Credit Limitation/CSU
This course is designed to emphasize the learning of skills and fundamentals of the game of baseball. The class will include activities that will develop the psychological as well as the physical preparation of a baseball player. The theory and practical experiences related to offensive and defensive phases of the game will also be covered.

PE 280 C PROFESSIONAL ACTIVITIES - SOFTBALL
2 Units (May be taken for credit 2 times)
One hour lecture and
Two hours activity per week.
UC Credit Limitation/CSU
This course is designed for physical education and recreation majors. The course will emphasize development and improvement of fundamental skills, including strategy, team organization, rules and instructional procedures.

PE 281 C PROFESSIONAL ACTIVITIES - SOCCER
2 Units (May be taken for credit 2 times)
One hour lecture and
Two hours activity per week.
UC Credit Limitation/CSU
This course is designed for physical education majors. The course will include a comprehensive analysis of fundamental skills, game strategy, team offense and team defense through participation, analysis of rules and instructional procedures.

PE 282 C PROFESSIONAL ACTIVITIES - WEIGHT TRAINING
2 Units (May be taken for credit 2 times)
One hour lecture and
Two hours activity per week.
UC Credit Limitation/CSU
Prerequisite: PE 152 C, PE 156 C, or PE 159 C.
This course is a study of weight training theory with emphasis on kinesiology and biomechanical principles. The class will provide the student with an understanding of various anaerobic training techniques and their applications.

PE 284 C PROFESSIONAL ACTIVITIES - BASKETBALL
2 Units (May be taken for credit 2 times)
One hour lecture and
Two hours activity per week.
UC Credit Limitation/CSU
This course is designed for physical education majors. The course will include a comprehensive analysis of fundamental skills, game strategy, team offense and team defense through participation, analysis of rules and instructional procedures.

PE 286 C PROFESSIONAL ACTIVITIES - INDEPENDENT STUDY
1⁄2 - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
A maximum of six hours laboratory per week.
UC Credit Limitation/CSU
Prerequisite: Approved Independent Study Learning Contract. This course is designed for students who wish to gain experience in teaching physical education classes or to increase their knowledge and experience in applied areas (coaching and teaching). Students must obtain permission from the instructor in the subject area they will be working with, and will be under the direct supervision of that instructor. This course does not meet requirements of physical education activity classes.
Physical Science

Alice Payne

Physical Science (PHSC)

PHSC 104 C  PHYSICAL SCIENCE FOR TEACHERS
4 Units
(Same as CHEM 104 C)
Three hours lecture and
Three hours laboratory per week.
CSU, AA GE, CSU GE
Prerequisite: MATH 020 C.
This activity-based course provides an introduction to the basic concepts of physical science with major emphasis upon their practical importance and application toward understanding natural phenomena in real-world contexts. Laboratory work includes experiments in physics, chemistry, and Earth and space science. It is intended for students who want to become school teachers.

PHSC 117 C  COSMOLOGY
1 Unit
One hour lecture per week.
CSU
Prerequisite: ASTR 116 C or PHSC 101 C. The course includes a study of black holes, galactic evolution, methods and assumptions of cosmology, the big bang, geometry and models, the inflationary universe, anthropic principle, destiny of the universe, particle theory, and grand unification.

PHSC 196 C  FIELD STUDIES IN PHYS SCI
2 Units (May be taken for credit 4 times)
One hour lecture and
Three hours laboratory per week.
CSU
This course involves lecture and field study in the physical sciences. During a given semester, multiple sections may be offered to different study areas or for different selected topics. Study areas include, but are not limited to, star gazing in the Santa Ana mountains or Anza area; viewing museums, planetaria, observatories; or listening to lectures. Field trips are required.

PHSC 298 C  PHYSICAL SCIENCE SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to thirty-six hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
UC Credit Limitation/CSU
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This course is for students who wish to increase their knowledge in various fields in the physical sciences. Various topics may be offered, such as the metric system of measurement, observational astronomy, etc., according to the interests of the instructor and students as stated in the class schedule. Consult the class schedule to verify unit credit and topics for a particular semester. Fees may be required – PAYABLE AT REGISTRATION.

PHSC 299 C  PHYS SCI INDEP STUDY
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
Three hours laboratory or project research per week for maximum credit.
UC Credit Limitation/CSU
Prerequisite: Approved Independent Study Learning Contract. This course is for able students who have demonstrated interest and capability for increased knowledge of physical science through individual study, small group discussion conferences, or special laboratory project work. Independent laboratory or field study projects with staff supervision may be approved with written reports required.

Physical Therapy

PHYSICAL THERAPY TRANSFER PROGRAM

Professional programs such as dentistry, medicine, pharmacy, optometry, physician assistant, physical therapy and veterinary medicine are most often graduate programs that require a bachelor degree or significant preparation prior to entering the program. The appropriate preparation varies according to the school and specific program. Students are advised to meet with a counselor to discuss options for their bachelor degree and the lower division requirements for the program and school of their choice.
Physician Assistant

PHYSICIAN ASSISTANT TRANSFER PROGRAM

Professional programs such as dentistry, medicine, pharmacy, optometry, physician assistant, physical therapy and veterinary medicine are most often graduate programs that require a bachelor degree or significant preparation prior to entering the program. The appropriate preparation varies according to the school and specific program. Students are advised to meet with a counselor to discuss options for their bachelor degree and the lower division requirements for the program and school of their choice.

PHYSICS TRANSFER PROGRAM

Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Physics (PHYS)

PHYS 021 C  PROBLEM SOLVING-MECHANICS
1 Unit
One hour lecture per week.
Credit/No Credit
NON-DEGREE CREDIT
Advisory: Students are recommended to be enrolled in PHYS 201 C or PHYS 210 C. This course is designed as a problem solving session and examination of the concepts in classical mechanics as taught in the first semester of College Physics (PHYS 201 C) or Physics (PHYS 210 C).

PHYS 022 C  PROBLEM SOLVING-ELECTRICITY
1 Unit
One hour lecture per week.
Credit/No Credit
NON-DEGREE CREDIT
Advisory: Students are recommended to be enrolled in PHYS 202 C or PHYS 211 C. This course is designed as a problem solving session and examination of the concepts in electricity, magnetism, and optics as taught in the second semester of College Physics (PHYS 202 C) or Physics (PHYS 211 C).

PHYS 023 C  PHYS 221 C PROBLEM SOLVING
1 Unit
One hour lecture per week.
Credit/No Credit
NON-DEGREE CREDIT
Corequisite: PHYS 221 C. This course is designed as a problem solving session and examination of the concepts in classical mechanics as taught in the first semester of General Physics (PHYS 221 C).

PHYS 024 C  PHYS 222 C PROBLEM SOLVING
1 Unit
One hour lecture per week.
Credit/No Credit
NON-DEGREE CREDIT
Corequisite: PHYS 222 C. This course is designed as a problem solving session and examination of the concepts in electricity and electromagnetism optics as taught in the second semester of General Physics (PHYS 222 C).

PHYS 130 C  PRINCIPLES OF PHYSICS
4 Units
Three hours lecture and
Three hours laboratory per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC
Prerequisite: MATH 020 C. This course provides an introduction to the basic concepts, principles, and laws of physics with major emphasis upon their practical importance and application towards understanding and controlling natural phenomena. Laboratory work includes experiments in mechanics, heat, sound, electricity, and optics. This is a general education course in the physical science area. The course is not open for credit to students with previous college physics credit. No UC credit if taken after PHYS 201 C or PHYS 202 C.

PHYS 201 C  COLLEGE PHYSICS
4 Units
Three hours lecture and
Three hours laboratory per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, CAN PHYS 2
Prerequisite: MATH 142 C and PHYS 130 C, with grades of "C" or better. This is the first course in a two-semester physics program designed primarily for students majoring in sciences, medical/dental fields, nursing, agriculture, psychology, law, and similar professional fields. The course includes topics from classical mechanics and Newton's Laws, conservation laws, special theory of relativity, properties of matter, heat, thermodynamics, vibrations and waves, and rotational dynamics.
PHYS 202 C  COLLEGE PHYSICS
4 Units
Three hours lecture and
Three hours laboratory per week.
UC Credit Limitation/CSU, CSU GE, IGETC, CAN PHYS 4
Prerequisite: PHYS 201 C, with a grade of “C” or better. This
is the second course in a two-semester physics program
designed primarily for students majoring in biological sci-
ences, nursing, agriculture, psychology, medical/dental sci-
ences, law, and similar professional fields. The course
includes topics from wave motion and sound, light and
optics, electricity and magnetism, structure of the atom, and
nuclear physics.

PHYS 210 C  PHYSICS
4 Units
Three hours lecture and
Three hours laboratory per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC
Prerequisite: PHYS 130 C or High School Physics and
MATH 150AC, with a grade of “C” or better, or concurrent
enrollment in MATH 150AC. This is a calculus-based course
designed for students majoring in the life sciences. The
course covers Newtonian mechanics, waves and basic
thermodynamics.

PHYS 211 C  PHYSICS
4 Units
Three hours lecture and
Three hours laboratory per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC
Prerequisite: PHYS 210 C with a grade of “C” or better and
completion of or concurrent enrollment in MATH 150BC. This
is a second semester of a calculus-based course designed
for students majoring in the life sciences. The course covers
topics in electricity and magnetism, optics, atomic physics
and quantum physics.

PHYS 221 C  GENERAL PHYSICS
4 Units
Three hours lecture and
Three hours laboratory per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, CAN
PHYS 8
Prerequisite: PHYS 130 C with a minimum grade of “C” (or
high school physics with a minimum grade of “B”) and MATH
150AC, with a minimum grade of “C”; and completion of or
concurrent enrollment in MATH 150BC. Advisory: Recom-
mented background PHYS 201 C and either ENGR 110 C or
ENGT 110 C. This is the first course of a three-semester introdutory physics program for students majoring in
physics, chemistry, geology, engineering (all areas), mathe-
matics and other related fields. Topics studied include
mechanics, oscillations, properties of matter, and fluids.
Problems and derivations require knowledge of differential
and integral calculus.

PHYS 222 C  GENERAL PHYSICS
4 Units
Three hours lecture and
Three hours laboratory per week.
UC Credit Limitation/CSU, CSU GE, IGETC, CAN PHYS
12
Prerequisite: MATH 150BC and PHYS 221 C, with grades of
“C” or better. MATH 250AC recommended. This is another
course of a three-semester introductory physics program for
students planning to major in physics, chemistry, geology,
engineering (all specializations), mathematics and other
related fields. Topics covered are basic laws of electricity
and magnetism, including electrostatics, current, magnetic fields,
electromagnetic induction, DC circuits, AC circuits, and elec-
tromagnetic waves.

PHYS 223 C  GENERAL PHYSICS
4 Units
Three hours lecture and
Three hours laboratory per week.
UC Credit Limitation/CSU, CSU GE, IGETC, CAN PHYS
14
Prerequisite: PHYS 221 C, and MATH 150BC, with grades of
“C” or better. This is another course of a three-semester introdutory physics program for students planning to major in
physics, chemistry, geology, engineering (all specializations),
mathematics, and other related fields. Topics covered
include thermodynamics and kinetic theory, geometrical and
physical optics, special theory of relativity, quantum theory,
atomic physics, and nuclear physics. Recommended back-
ground PHYS 222 C and concurrent enrollment in MATH
250AC or 250BC.

POLITICAL SCIENCE TRANSFER PROGRAM
Students should consult a counselor or www.assist.org for
lower division major requirements for most California pub-
lic universities. (See the Standard Definitions section of the
catalog for a description of ASSIST.) Students transferring
to an independent college/university should consult the cat-
alog of the individual school and a counselor for lower divi-
sion major requirements.
Political Science (POSC)

POSC 100 C  UNITED STATES GOVERNMENT
3 Units
Three hours lecture per week.
Credit by Examination
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, CAN GOVT 2
Advisory: Eligibility for ENGL 100 C. This course covers the political theories and practices of United States Government at national, state and local levels. Duplicate credit not granted for POSC 100HC.

POSC 100HC  HONORS U.S. GOVERNMENT
3 Units
Three hours lecture per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, CAN GOVT 2
Advisory: Eligibility for ENGL 100 C. This course is an enhanced college level course enhanced for honor students. It covers the political theories and practices of the United States Government at national, state and local levels. Duplicate credit not granted for POSC 100 C.

POSC 120 C  POLITICAL THEORY
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC
Advisory: Eligibility for ENGL 100 C. This course is a survey of Western political theory from ancient Greece to the Modern Age. It shows how political theory shapes current institutions and ideologies in the United States, Europe, and other countries around the world.

POSC 130 C  POLITICAL COMMUNICATION
3 Units
Three hours lecture per week.
UC/CSU, CSU GE, IGETC
This course covers the theory and application of rhetorical criticism to contemporary and political communication events. Stress will be placed on the rhetorical/political strategies used to advance concepts and policy options.

POSC 135 C  CAMPAIGNS, PARTIES & ELECTIONS
3 Units
Three hours lecture per week.
CSU
Advisory: Eligibility for ENGL 100 C. This course is an analysis of the challenges faced by the Democratic and Republican parties as they are being replaced by campaign management firms (CMF’s), Political Action Committees (PAC’s) and electronic media advertising. Special emphasis is given to critical analysis of the presidential election campaign process, and of the resulting implications of the democratic process in the United States.

POSC 155 C  LEGAL METHOD AND THE LEGAL ASSISTANT
3 Units
Three hours lecture per week.
CSU
This is the basic orientation course to provide the student with an examination of court systems, legal research and case analysis. It provides the student with an understanding of the ethics and standards of the legal profession, especially the relationship of legal assistant to client and attorney.

POSC 200 C  INTRO TO POLITICAL SCIENCE
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC
Advisory: Eligibility for ENGL 100 C. This course is an introduction to the study of political science. It explores the many aspects of politics, examining its relationship to morality, culture, economics, justice and international affairs both theoretically and practically. As an introductory course, it includes elements from the major sub-disciplines of political science, including American politics, comparative politics, and international relations.

POSC 209 C  URBAN POLITICS
3 Units
Three hours lecture per week.
UC/CSU, CSU GE, IGETC, CUL DIV
This course is a concentrated study of urban America with particular emphasis on the challenging problems facing the country’s metropolitan areas. The approach will be interdisciplinary in order to facilitate conceptual learning and a balanced understanding of the urban dilemma. Major areas of study will include the history and development of urban United States intergovernmental relations, poverty, racial and ethnic relations, pollution, crime, public services, education, planning and renewal.

POSC 210 C  CONTEMPORARY POLITICAL ISSUES
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC
Advisory: Eligibility for ENGL 100 C. This course is an intensive study of issues associated with the concepts of democracy, federalism, separation of powers, judicial review, preservation of individual rights and related topics.

POSC 215 C  COMPARATIVE POLITICS
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC
Advisory: Eligibility for ENGL 100 C. This course is a comparative study of the political theories and practices of selected European and non-Western political systems. Also included in the course is a careful analysis of the dynamics of political change and its relationship to economic and social development.
POSC 220 C  INTRODUCTION TO PUBLIC ADMINISTRATION
3 Units
Three hours lecture per week.
CSU
This course will concentrate on giving the student a background in fiscal policy (budgeting), personnel, policy-making, and general organization.

POSC 230 C  INTERNATIONAL RELATIONS
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC
Advisory: Eligibility for ENGL 100 C. This course is a study of relations of nations including the function of power, diplomacy, international law and organizations, and economic factors. Special emphasis will be placed on such concepts as war, nationalism, imperialism, ideological conflict and collective security, and how these concepts affect American foreign policy.

POSC 298 C  POLITICAL SCIENCE SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to twenty-four hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
UC Credit Limitation/CSU
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This is a lecture/discussion type course developed on a particular limited problem or topic of interest to students. It is designed for able students who wish to increase their knowledge of a particular topic concerning which no other regular class is offered. A paper or group activity may be requested. Credit may range from ½ unit to 12 units. Consult class schedule for the offerings a particular semester. Fees may be required – PAYABLE AT REGISTRATION.

POSC 299 C  POLITICAL SCIENCE
INDEPENDENT STUDY
1 Unit (May be taken for credit 4 times)
Varying hours of scheduled conferences per week according to instructor.
UC Credit Limitation/CSU
Prerequisite: Approved Independent Study Learning Contract. Independent study is for able students who wish to extend their knowledge of a particular area through individual research and study. It is thought that topics might develop out of a curiosity stimulated in a regular class. The student would then contact the supervising instructor to develop a contract for his/her particular interest so that they could learn more regarding their special topic.

Portuguese (PORT)

PORT 101 C ELEMENTARY PORTUGUESE I
5 Units
Five hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE
The course focuses on the four major skills of language learning—listening comprehension, speaking, reading, and writing—and the grammar and vocabulary necessary to acquire these skills. Included is an introduction to customs, culture, and civilization of Brazil, Portugal and other Portuguese-speaking countries.

PORT 102 C ELEMENTARY PORTUGUESE II
5 Units
Five hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
CSU, AA GE
Prerequisite: PORT 101 C with grade of “C” or better or one year of high school Portuguese with a grade of “C” or better. The course continues to emphasize the acquisition of basic skills in pronunciation, listening, speaking, reading, and writing. Students will increase their knowledge of the culture, history, and geography of Portuguese speaking countries through lectures, slides, films and reading and writing assignments.

Physical Therapy
Veterinary Medicine

Professional programs such as dentistry, medicine, pharmacy, optometry, physician assistant, physical therapy and veterinary medicine are most often graduate programs that require a bachelor degree or significant preparation prior to entering the program. The appropriate preparation varies according to the school and specific program. Students are advised to meet with a counselor to discuss options for their bachelor degree and the lower division requirements for the program and school of their choice.

PROGRAM OBJECTIVES
This program aims to prepare a student to meet the requirements for licensure as a Psychiatric Technician in the state of California. A Psychiatric Technician is a licensed member of the professional services team working with people who are emotionally or developmentally disabled. Employed by private and state hospitals, developmental centers, and many community facilities, Psychiatric Technicians will also find a variety of jobs available in the fields of correction and human services. These include day care centers, substance abuse programs, forensic facilities, special education and many other areas promoting mental health. There are career advancement opportunities available in the areas of counseling, education, nursing, and vendorization of services.

The program is accredited by, and conforms to, the regulations of the California Board of Vocational Nursing and Psychiatric Technicians. Upon successful completion of the program, graduates are eligible to take the State Board Licensure Examination.

MINIMUM STANDARDS FOR APPLICANTS
1. Graduation from high school, completion of the General Education Development (GED) test with a minimum score of 45, or passing the high school proficiency examination. Possession of an associate or higher degree satisfies this requirement.
2. Completion of ENGL 058 C/ESL 185 C or a comparable course with a grade of “C” or better, or submission of test scores that indicate eligibility for ENGL 060 C/ESL 186 C.

APPLICATION PROCEDURES
1. Meet with a counselor to determine fulfillment of the English requirement.
2. Complete the Psychiatric Technician program application, which may be obtained from the Health Science Counseling office, the Health Science Division office, or the director of the Psychiatric Technician Program.
3. Attach supporting documentation. This includes copy of high school diploma, GED, or college degree; proof of meeting the English requirement; transcripts of academic work completed at other schools, and proof of work in progress (progress note from instructor).

SELECTION CRITERIA
1. Twenty-four (24) students are selected for admission each semester. The program begins in the fall and spring of each year. The number of applicants usually exceeds available seats.
2. Applicants who meet the minimum standards will be assigned points based on required non-clinical courses completed or in progress. Points will only be assigned when supported by appropriate documentation.
3. Selection criteria is subject to change. See a Health Science Counselor for current selection criteria.
4. Upon selection for the program but prior to the start of classes, the candidate will be required to obtain a physical examination and required immunizations.
5. Students selected for admission to the program must obtain a professional provider level cardiopulmonary resuscitation (CPR) card prior to attending clinical training and must maintain current certification throughout the program.
ASSOCIATE IN SCIENCE DEGREE
PSYCHIATRIC TECHNOLOGY Program Code: 1S03790
While the state of California does not require an Associate Degree for licensure as a Psychiatric Technician, the student may elect to earn one. To receive an Associate in Science Degree, the student must complete all Psychiatric Technician course requirements with a minimum grade of "C". At least 50% of the Psychiatric Technician course requirements must be completed at Cypress College. A minimum of 19 additional General Education/Graduation Requirements must be earned with an overall GPA of 2.0.

To earn an Associate Degree students must complete:
(1) all major course requirements with a minimum grade of "C"; (2) 25 units of General Education Graduation Requirements; (3) the cultural diversity and reading requirements; (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

Required courses are listed in suggested sequence:
Note: A current "C" cardiopulmonary resuscitation (CPR) certification must be maintained by all students admitted to the program.

Prerequisite Courses:

Hs 080 C Selected Topics in Nursing and Allied Health 1

*Courses may be taken without official acceptance into the program. All other required courses must be taken after official acceptance.

All general education units may be taken prior to enrollment in the program or at the completion of the course work required by the BVNPT for licensure eligibility.

PSYCHIATRIC TECHNOLOGY CERTIFICATE Program Code: 1C03790
This program aims to prepare a student to meet the requirements for licensure as a Psychiatric Technician in the state of California. A Psychiatric Technician is a licensed member of the professional services team working with people who are emotionally or developmentally disabled. Historically employed by private and state hospitals, developmental centers, and many community facilities, Psychiatric Technicians will increasingly find a variety of jobs available in the fields of corrections and human services. These include day care centers, substance abuse programs, forensic facilities, special education and many other areas promoting mental health. The program is accredited by and conforms to the regulations of the California Board of Vocational Nurses and Psychiatric Technicians. Upon successful completion of the program, graduates are eligible to take the State Board Licensure Examination.

To earn a certificate, complete the required courses with a minimum grade of "C". At least 50% of all course work must be completed at Cypress College. Upon completion of the 51 units of required course work, the student becomes eligible to apply to the BVNPT for licensure examination.

Psychiatric Technology (PT)

PT 085 C PSYCHIATRIC TECHNICIAN - WORK EXPERIENCE
1 - 4 Units (Variable Unit Class) (May be taken for credit 4 times)
One hour lecture and
Five hours (minimum) related employment per week.
Credit/No Credit/Letter Grade Option
Prerequisite: Concurrent enrollment in Psychiatric Technician Program. This course provides practical work experience for students caring for individuals with developmental disabilities in community settings.
PT 110 C  NURSING SCIENCE I
7 Units
Four and one-half hours lecture and
Seven and one-half hours laboratory per week.
CSU
Prerequisite: Acceptance into the Psychiatric Technology
Program. This course presents fundamental concepts and
scientific principles of nursing care. It begins to prepare stu-
dents for the safe administration of medications by introduc-
ing them to the modern systems of measurement. Principles
discussed in lecture will be applied in the clinical setting.

PT 115 C  NURSING SCIENCE II
7 Units
Four and one-half hours lecture and
Seven and one-half hours laboratory per week.
CSU
Prerequisite: PT 110 C. This course explores the disease
process of medical/surgical conditions relative to etiology,
pathology, and treatment modalities. The therapeutic use of
medication, the principles of nutrition, and the application of
the nursing process are presented in classroom instruction
and implemented in clinical practice.

PT 120 C  DEVELOPMENTAL DISABILITIES I
7½ Units
Four and one-half hours lecture and
Nine hours laboratory per week.
CSU
Prerequisite: PT 115 C and PSY 139 C. This course explores
the philosophy and principles directing the delivery of care
and service to persons with developmental disabilities resid-
ing in California. Students learn how to teach self-help and
independent living skills to persons with developmental dis-
abilities.

PT 125 C  DEVELOPMENTAL DISABILITIES II
6½ Units
Three hours lecture and
Ten and one-half hours laboratory per week.
CSU
Prerequisite: PT 120 C. This course focuses on the cause
and treatment of developmental disabilities. The theory and
application of behavioral techniques advocating only the
presentation and removal of positive reinforcement is pre-
sented. Pharmacological interventions and special dietary
needs are also covered.

PT 130 C  MENTAL DISABILITIES I
6½ Units
Three hours lecture and
Ten and one-half hours laboratory per week.
CSU
Prerequisite: PT 125 C. This course is designed to assist the
student in caring for the mentally disabled client at the terti-
ary level of intervention. Emphasis is placed on assessment
and intervention of the chronically hospitalized individual.

PT 135 C  MENTAL DISABILITIES II
7½ Units
Four and one-half hours lecture and
Nine hours laboratory per week.
CSU
Prerequisite: PT 130 C. This course prepares the student to
intervene at the primary and secondary levels of treatment in
the care of individuals with mental disabilities. Primary inter-
everventions include prevention of mental disabilities through
the education of individuals at risk, while secondary interven-
tions are aimed at identified clients during periods of
increased stress.

ASSOCIATE IN ARTS DEGREE IN
PSYCHOLOGY  Program Code: 1A16600
The Associate in Arts Degree in Psychology will provide
students with an introduction to the field including its sci-
centific foundations and applied areas. Students completing
this degree will be prepared and motivated for further aca-
demic study in the field. The degree begins curriculum that
can lead to a baccalaureate degree in Psychology at a four-
year college or university. The degree is also a terminal two
year option of study for students interested in psychology
who do not wish to pursue a baccalaureate degree in the
field. Students successfully completing an Associate in Arts
Degree in Psychology will acquire a fundamental knowl-
edge base of psychology, learn basic knowledge and skills
in data analysis and research methods, and possess a
basic understanding of areas that have an interdisciplinary
association to psychology. Courses that fulfill major
requirements for an associate degree at Cypress College
might not be the same as those required for completing the
major at a transfer institution offering a baccalaureate
degree. Graduate study is important in Psychology. Those
holding a Master’s or Doctoral degree may find employ-
ment in teaching, research, private practice, or welfare and
health related fields. Those without a graduate degree will
find limited career opportunity in direct areas of Psychol-
ogy. For information on specific university requirements,
please consult with your counselor or visit the Transfer
Center.
To earn an Associate Degree, students must complete: (1) all major course requirements with a minimum grade of "C"; (2) California State University General Education Breadth requirement (CSU GE Breadth) or IGETC General Education plan; (3) any elective courses to complete a minimum of 60 units; (4) complete all graduation requirements; and, (5) have an overall GPA of 2.0. At least 50% of all major course work must be completed at Cypress College. Students pursuing more than one specified departmental major may double count a maximum of 7 units to fulfill major requirements.

Courses that fulfill major requirements for an associate degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a baccalaureate degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.

Required courses are listed in suggested sequence:

PSYCHOLOGY TRANSFER PROGRAM
CALIFORNIA STATE UNIVERSITY, FULLERTON
Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Psychology (PSY)

PSY 101 C   GENERAL PSYCHOLOGY
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC, CAN PSY 2
Advisory: Eligibility for ENGL 100 C. This course is a scientific consideration of the psychological foundations of behavior. It will investigate psychological development, motivation, sensation, perception, learning, thinking, language, psychological measurement, and principles of mental illness and mental health.

PSY 110 C   APPLIED PSYCHOLOGY
3 Units
Three hours lecture per week.
CSU, CSU GE
This course examines the principles of psychology and its research as it applies to everyday living. These principles are explored in the context of college life, interpersonal relationships, work and career. Focus areas include adjustment, health, stress, sexuality and psychological disorders. Applied Psychology is not the same as PSY 101 C General Psychology and cannot be taken in place of PSY 101 C.

PSY 120 C   HUMAN SEXUALITY
3 Units
( Same as SOC 120 C)
Credit/No Credit/Letter Grade Option
UC/CSU, CSU GE, IGETC
Prerequisite: Eligibility for ENGL 060 C. This course is an overview of the psychological, sociological and psychobiological aspects of human sexuality. The course takes an interdisciplinary approach dealing with the entire area of human sexual behavior viewed in the context of the total integrated personality.

PSY 139 C   DEVELOPMENTAL PSYCHOLOGY
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
UC/CSU, CSU GE, IGETC
This is a study of emotional, intellectual, social and physical growth patterns from conception to death. It emphasizes an integrated approach to each life phase. It also examines the influence of heredity and environment in the life span. The study also includes applicable theories of development.

PSY 140 C   PRE-ADULT DEVELOPMENT
3 Units
Three hours lecture per week.
CSU
This course in developmental psychology is limited to infancy, childhood and adolescence. Materials from a variety of sources have been selected for this multi-media approach.
PSY 161 C  PROBABILITY & STATS-SOCIAL SCI
4 Units
( Same as SOC 161 C )
Four hours lecture per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, CAN
PSY 6
Prerequisite: Math 040 C or 2 years of high school Algebra
with grades of "C" or better. This course provides an intro-
duction to fundamental statistical concepts relevant to the
social sciences but applicable to all disciplines. A conceptual
approach is used to introduce students to topics of descrip-
tive and inferential statistics including sampling, probability,
central tendency, variability, correlation, regression, point
estimation, interval estimation, and hypothesis testing. Also
introduced are non-parametric statistics, such as chi-square,
and parametric statistics, such as t-tests and ANOVA. Com-
puters and calculators will be utilized. The use of current sta-
tistical software is emphasized. Data sets and problems will
be from psychology, sociology, anthropology, economics,
and political science. This course is open to all
students who meet the prerequisite, and it is required for psy-
chology majors. This course is strongly recommended for all
social science majors. Students who receive credit for this
course may not receive credit for MATH 120 C.

PSY 202 C  RESEARCH METHODS IN
PSYCHOLOGY
4 Units
Three hours lecture
Two hours laboratory and
One hour problem solving/quiz per week.
UC/CSU, IGETC, CAN
PSY 8
Prerequisite: PSY 101 C and PSY/SOC 161 C. This course
encompasses the technical aspects of designing and imple-
menting research in the cognitive, behavioral and social
sciences. Concepts of research are presented so that there is
appropriate application of the scientific method to psycholog-
ical and social research. The use of current technology in the
acquisition, processing, and analysis of data is integrated
into the theoretical and conceptual aspects of the research
process. Emphasis is placed on proper communication and
presentation of completed research.

PSY 212 C  UNDERSTANDING CHILDHOOD
TRAUMA AND THE EFFECTS OF ABUSE
3 Units
Three hours lecture per week.
CSU
This course examines the causes of child abuse and trauma-
tization, the effects of trauma, and commonly accepted ways
to assist children of trauma. Trauma includes the effects of
abuse, neglect, witnessing, and experiencing extraordinary
events. Legal and foster care issues will also be investigated.

PSY 215 C  PARENTING SKILLS
3 Units
( Same as SOC 215 C )
Three hours lecture per week.
CSU
This course is designed to build realistic expectations in par-
eting. Students will acquire parenting skills and deal con-
structively with varied aspects of child rearing. A special
emphasis will be placed on reviewing contemporary disci-
pline and guidance techniques and on exploring resources
available in the community for parenting. The course
includes developmental states from birth through adulthood.

PSY 217 C  PARENTING THE DEFIANT CHILD
1 Unit
( Same as SOC 217 C )
One hour lecture per week.
Credit/No Credit/Letter Grade Option
CSU
This course is designed for natural or foster parents who
have children 2 to 13 years of age who exhibit oppositional,
willful, disobedient and defiant behavior. Practical empirically
proven techniques to manage this behavior will be taught
using the University of Massachusetts Program.

PSY 218 C  PARENTING THE ABUSED CHILD
¼ Unit
( Same as SOC 218 C )
One-half hour lecture per week.
Credit/No Credit/Letter Grade Option
CSU
This is a parenting course for foster parents and other adult
care givers of abused children. The causes, symptoms,
treatment modalities and parenting techniques needed to
parent these children will be examined.

PSY 219 C  PARENTING THE ADHD CHILD
¼ Unit
( Same as SOC 219 C )
One-half hour lecture per week.
Credit/No Credit/Letter Grade Option
CSU
This course is a practical introduction in the causes and pro-
fessional interventions for Attention Deficit Hyperactivity Dis-
order "ADHD". A major emphasis will be on treatment tech-
niques parents can use to assist a child or adolescent with
attention deficit hyperactivity disorder. Home, medical, school
and social-psychological interventions will be presented.

PSY 221 C  THE BRAIN AND BEHAVIOR
3 Units
Three hours lecture per week.
UC/CSU, IGETC
Prerequisite: PSY 101 C with a grade of "C" or better.
This course examines the neurophysiological processes associ-
ated with behavior and mental processes. Emphasis is
placed on the structure and function of the brain and other
central nervous system structures. Related processes such
as the autonomic nervous system, the endocrine system and
the immune system are also studied. Specific topics studied
in the context of the brain include learning, sensation, per-
ception, emotion, motivation, cognition, memory, stress, psy-
chological disorders, and brain dysfunction.

PSY 222 C  ABNORMAL PSYCHOLOGY
3 Units
Three hours lecture per week.
UC/CSU, CSU GE, IGEC
Prerequisite: PSY 101 C with a grade of "C" or better. This
course is a systematic study of psychopathology. It is con-
cerned with consciousness expressed through behavior that
is considered to be counterproductive, maladaptive, and dis-
ruptive to the individual and/or society. The course will con-
sider disturbances of volition, thinking, and feeling. Students
in this case-driven course will be required to understand the
current version of the DSM and apply the multiaxial assess-
ment to videotaped cases of actual patients. The taped
cases will illustrate a specific Axis I or Axis II disorder and
provide information sufficient for the student to make a clear
diagnosis.
PSY 237 C  CROSS-CULTURAL RELATIONSHIPS
3 Units
(Same as SOC 237 C)
Three hours lecture per week.
UC/CSU, CSU GE, IGETC, CUL DIV
Advisory: Eligibility for ENGL 100 C. This course is an introduction to the psychological factors involved in cross-cultural relationships including ethnic and racial differences. It explores personal processes and individual conflicts of people from differing United States ethnic backgrounds. Varying customs, social patterns and family dynamics of major local cultural groups will be discussed within this context.

PSY 240 C  CHILD DEVELOPMENT & EDUCATION
3 Units
Three hours lecture per week.
CSU, AA GE, CSU GE
This course explores the physical, cognitive, communicative/linguistic, and socio-emotional development of the child from conception through adolescence across diverse cultures with an emphasis on the learning process. Education and teaching issues related to children are highlighted.

PSY 247 C  PSYCHOBIOLOGY SEMINAR
½ - 2 Units (Variable Unit Class)
One-half hour to
Two hours lecture per week.
UC Credit Limitation/CSU
This is a seminar approach to various topics concerning the biological basis of cognition and behavior. The course will focus on the interpretation of endocrine, neurological and anatomical systems to environmental forces. Numerous topics of general interest will be discussed such as memory, emotion, sensory processes, etc.

PSY 251 C  SOCIAL PSYCHOLOGY
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC
Prerequisite: PSY 101 C with a grade of “C” or better. This course examines the basic theories, concepts, and empirical findings in such areas as social perception, social cognition, prejudice, discrimination, interpersonal attraction, conformity and obedience, by-stander effects, social aggression, group dynamics, attribution theory, and development of self in the social setting. New material is integrated with respect to materials already learned in PSY 101 C General Psychology.

PSY 255 C  INTRODUCTION TO GERONTOLOGY
3 Units
(Same as HUSR 255 C)
Three hours lecture per week.
UC/CSU
This course examines the biological, physiological, cognitive, developmental, and sexual aspects of the ongoing aging process. Critical life issues for elders and for those who live and work with them will be explored. These issues include physical health, mental health, health care policy, care giving, dependency, and positive aging strategies. Duplicate credit not granted for HUSR 255 C.

PSY 298 C  PSYCHOLOGY TRANSFER SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to thirty-six hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
UC Credit Limitation/CSU
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This is a lecture/discussion type course developed on a particular limited problem or topic of interest to students. It is designed for able students who wish to increase their knowledge of a particular topic concerning which no other regular class is offered. A paper or group activity may be requested. Credit may range from ½ unit to 12 units. Consult class schedule for the offerings a particular semester. Fees may be required – PAYABLE AT REGISTRATION.

PSY 299 C  PSYCHOLOGY INDEPENDENT STUDY
1 Unit (May be taken for credit 3 times)
Varying hours of scheduled conferences per week according to instructor.
UC Credit Limitation/CSU
Prerequisite, Approved Independent Study Learning Contract. Independent study is for able students who wish to extend their knowledge of a particular area through individual research and study. It is thought that topics might develop out of a curiosity stimulated in a regular class. The student would then contact the supervising instructor to develop a contract for his/her particular interest so that they could learn more regarding their special topic.

ASSOCIATE IN SCIENCE DEGREE
RADIOLOGIC TECHNOLOGY
PROGRAM MISSION
STATEMENT
Program Code: 1S03789
The philosophy of the Department of Radiologic Technology recognizes the individual as a whole person who moves toward goals of self realization and fulfillment. The student is self directed, active, positive, and is responsible for his/her own actions as well as the consequences of the actions. The Department of Radiologic Technology will provide the following:

1. Occupational training in radiologic technology science: The purpose of this instruction is to qualify the student for examination by the: American Registry of Radiologic Technologists and the California Department of Health Services. The program will prepare the student for gainful employment in radiologic technology.

2. Students will be evaluated on knowledge, affective, and psychomotor domains to include critical thinking and problem solving. Measurable objective tests and clinical observation for competency will be utilized to determine student progress. Role playing and simulation will enhance the student's learning of radiographic positioning and image formation to include radiation protection for both the student and the patient. Students will follow the master plan of education which is listed in the college catalog. Radiology students must complete the general education requirements, for the Associate Degree, prior to the completion of the program OR have appropriate transcripts which indicate an Associate Degree, or Undergraduate Degree, and/or Graduate Degree.

3. Clinical experience for the radiologic technology student is in a contracted affiliated medical center under direct and/or immediate supervision. Refer to the Clinical supervision Policy in the Department Student Policy Manual.

4. During clinical experience the student will be evaluated on: a) critical thinking skills which identify the ability to make valid decisions in a clinical setting; and b) problem solving skills which include case studies listing procedure goals, observations, options and consequences.

5. The program faculty will survey completers of the radiologic technology program to determine quantitative and qualitative outcomes which will facilitate program improvement.

RADILOGIC TECHNOLOGY / 307

PROGRAM GOALS AND OBJECTIVES

1. To provide students with a balance of instruction in radiologic technology courses as well as support courses.

2. To provide students with knowledge and skill to perform radiologic technology procedures.

3. To facilitate development of applied skills in effective communication, critical thinking, and problem solving in the practice of radiography.

4. To provide clinical experience compliment didactic instruction and develop clinical skills required for professional practice.

5. To provide an environment that encourages personal and professional growth.

6. To promote values of compassion, respect, understanding, and dignity in providing care to patients during imaging procedures.

7. To provide the health care community with graduate entry level radiographers skilled in diagnostic imaging procedures.

To earn an Associate Degree students must complete:
(1) all major course requirements with a minimum grade of “C”;
(2) 25 units of General Education Graduation Requirements;
(3) the cultural diversity and reading requirements;
(4) any elective courses to complete a minimum of 60 units; and,
(5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College. The student will be able to complete the radiologic technology program including the foundation courses and general education courses in six semesters and one summer session as a full time student.

After receiving the degree and after completing the clinical internship, the student will be eligible to apply for admission to the state examination and the certification examination administered by the American Registry of Radiologic Technologists (ARRT). The program in Radiography is accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT).

RADIOLOGIC TECHNOLOGY CERTIFICATE
Program Code: 1C03789
To earn a certificate, students must have previously earned an Associate Degree and have completed all of the Cypress College Radiologic Technology Program requirements with a minimum grade of “C”. At least 50% of all course work must be completed at Cypress College.

MINIMUM STANDARDS FOR APPLICANTS

1. Eligibility for admission to Cypress College.

2. High school graduation, or completion of the General Education Development (GED) test, or high school proficiency test.

3. Minimum age of 17 years.

4. Present evidence of good physical and mental health, as determined by medical examination upon admission to program and prior to enrollment.

5. Overall GPA of 2.0 in all college classes taken.

6. Must have own transportation to all affiliated hospitals.

7. Eligibility for ENGL 100 C.

8. Completion of 9 units of General Education. (See General Education requirements in catalog.)

9. Enrollment in, or completion of, program prerequisites.
APPLICATION PROCEDURES
1. A separate application, in addition to the college application form, is required for admission into the Radiologic Technology program.
2. Application must be completed in person at the Health Science Counseling Office - in the month of February.
3. All documents (records, forms, transcripts) must be returned to the Health Science Counseling Office by the last school day in March.
4. It is the applicant’s responsibility to verify that evidence of criteria is on file.

SELECTION PROCEDURES
Applications normally exceed capacity. Selection of applicants is based on accumulation of points. (Criteria is subject to change. For information see a Health Science Counselor.)

PROGRAM PREREQUISITES
Foundation courses are required prior to admission to the program. The following required courses plus a minimum of 9 general education units must be completed by the end of the spring semester with a minimum grade of “C” in each course to be considered for the fall (August) class.

RADIOLOGIC TECHNOLOGY CURRICULUM
Radiologic Technology courses must be taken in a specific sequence. Students must obtain a minimum grade of “C” in each course to continue in the program. The three (3) semester internships will begin during the summer session following semester 2 of the curriculum and continue until June of the following year.

All courses, including general education courses, to satisfy the Associate Degree (refer to Cypress’ Associate Degree requirements) must be completed prior to the end of the internship year. Upon completion of the program and Associate Degree requirements, the student will be eligible for the State Certification and National Registry Examinations. For further information, contact a Health Science Counselor, (714) 484-4270.

Required Courses are listed in suggested sequence:

ULTRASOUND/MEDICAL SONOGRAPHY PROGRAM
PROGRAM MISSION STATEMENT
The philosophy of the Department of Radiologic Technology recognizes the individual as a whole person who moves toward goals of self realization and fulfillment. The student is self directed, active, positive, and is responsible for his/her own actions as well as the consequences of the actions. The Department of Radiologic Technology will provide the following:
1. Occupational training in Diagnostic Medical Sonography. The purpose of this instruction is to qualify the student for examination by the American Registry of Diagnostic Medical Sonography and to prepare the student for gainful employment in Diagnostic Sonography.

2. Students will be evaluated on knowledge, affective, and psychomotor domains to include critical thinking and problem solving. Measurable objective tests and clinical observation for competency will be utilized to determine student progress. Role playing and simulation will enhance the student’s learning of medical sonography and image protocol to include patient care and safety. Students will follow the master plan of education which is listed in the college catalog.

3. Clinical experience for the Diagnostic Medical Sonography student is in a contracted affiliated medical center, physician office, or medical clinic under direct and immediate supervision. Refer to the Clinical Supervision Policy in the Department Student Policy Manual.

4. Combination of didactic and clinical experience will not exceed 40 (forty) hours per week and are subject to rearrangement.

5. During Clinical experience the student will be evaluated on: a) critical thinking which will identify the ability to make valid decisions in a clinical setting; and b) problem solving skills which include case studies listing procedure goals, observations, options, and consequences.

6. The program faculty will survey completers of the Diagnostic Medical Sonography program to determine quantitative and qualitative outcomes which will facilitate program improvement.

JRC-DMS

St. Paul, MN 55125
(651) 731-1582

**MINIMUM STANDARDS TO APPLY**

1. Eligibility for admission to Cypress College.
2. High school diploma or GED test, or the high school proficiency examination.
3. Minimum age of 17 years.
4. Present evidence of good physical and mental health, as determined by medical examination upon admission to program and prior to enrollment.
5. Overall GPA of 2.0 in all college classes taken.
6. Must have own transportation to all affiliated hospitals.
7. Eligibility for ENGL 100 C.
8. See “Prerequisites and Requirements” for specific course prerequisites needed to apply.

**PREREQUISITES AND REQUIREMENTS**

1. The following Foundation courses must be completed by the end of the spring semester with a minimum “C” grade in each course. Any course with a grade lower than a “C” may only be repeated once.

2. Complete Foundation courses listed above OR completion of a Joint Review Committee on Education in Radiologic Technology approved program in Radiologic Technology and currently registered by the American Registry of Radiologic Technologists.

3. *RALT 060 C must be completed in the Summer session prior to enrollment into the Fall Semester of the Sonography Program.

**PROGRAM GOALS AND OBJECTIVES**

1. To provide students with a balance of instruction in medical sonography courses as well as support courses.
2. To provide students with knowledge and skill to perform medical sonography procedure.
3. To facilitate development of applied skills in effective communication, critical thinking, and problem solving in the practice of medical sonography.
4. To provide clinical experience compliment didactic instruction and develop clinical skills required for professional practice.
5. To provide an environment that encourages personal and professional growth.
6. To promote values of compassion, respect, understanding, and dignity in providing care to patients during imaging procedures.
7. To provide the health care community with graduate entry level medical sonographers skilled in diagnostic imaging procedures.

After completing the clinical internship and receiving the completion certificate, the student will be eligible to apply for the certification examination administered by the American Registry of Diagnostic Medical Sonographers (ARDMS). The Medical Sonography program is accredited by the Joint Review Committee in Education for Diagnostic Medical Sonographers (JRC-DMS) and the Commission on Accreditation of Allied Health Education Programs.
APPLICATION AND SELECTION PROCEDURE
1. A separate application, in addition to the college application, is required for admission into the Ultrasound/Medical Sonography Program.
2. Application must be completed in person at the Health Science Counseling Office in the month of February.
3. All documents (GED and/or high school and college transcripts) must be returned to the Health Science Counseling Office by the last school day in March.
4. Copies of ARRT Registry, CRT Licensure and Certificate of Completion from JRC-ERT accredited Radiologic Technology program must be attached with application in place of college transcript.
5. Practical Radiologic Technology years of experience must be verified by completion of the work experience form by the employer.
6. An appointment with Health Science counselor or attendance at a program information meeting is recommended to discuss selection criteria and deadlines for application process. Selection criteria will award points to practical and formal radiologic technology experience as well as grade point average in program prerequisites. Selection criteria is subject to change.
7. Class enrollment is based on the number of approved clinical education centers available. Student capacity is also determined by the Joint Review Commission in Education in Diagnostic Medical Sonographers.

Total Units Required 25 1/2

*May be taken prior to enrollment in the program

Radiologic Technology (RADT)

RADT 055 C DARKROOM TECHNICIAN/ASSISTANT
2 Units
(Same as HS 055 C)
Two hours lecture per week.
Credit/No Credit/Letter Grade Option
This course is designed for the student who desires an entry level job as a radiography assistant and/or darkroom technician. The course is a lecture/demonstration class that teaches aseptic technique and darkroom procedures used by the Radiology Department personnel in hospitals, physicians’ private offices and clinics. The student gains the knowledge needed to process radiographic film. Film, film holders and intensifying screens are discussed. Patient lifting and transportation procedures required of a Radiology Assistant are demonstrated. Students are required to obtain CPR certification for this class.

RADT 060 C MEDICAL SONOGRAPHY THEORY
2 Units (May be taken for credit 4 times)
One and one-half hours lecture and
One and one-half hours laboratory per week.
NON-DEGREE CREDIT
Prerequisite: Satisfactory completion of RADT 142 C, RADT 146 C, RADT 153 C, HS 145 C, HS 147 C, BIOL 210 C, ENGL 095 C, MATH 020 C, CIS 111 C with “C” or better.
This course is designed for the student interested in pursuing the sonography program and introduces fundamental sonography theory with emphasis on definition of common ultrasound terminology and ultrasound equipment. The student will relate this basic theory to preparatory sonographic scanning techniques which will include manipulation of the sonographic transducer to determine anatomic presentation. The student will learn rudimentary operation of the sonographic machine in an affiliated hospital setting.

RADT 142 C RADIOLOGIC ELECTRONICS
4 Units
Four hours lecture per week.
CSU
This course is designed as an introductory course for students preparing for courses in radiologic technology. Content is designed to establish a basic knowledge of the physics of mechanics, the physics of sound, and quantum physics to include the x-ray emission spectrum and x-ray interaction with matter. Also presented are the nature and characteristics of radiation, x-ray production and the fundamentals of photon interaction with matter. Basic knowledge in radiographic equipment and requirements will be discussed.
Radiologic Technology / 311

RADT 146 C INTRODUCTION TO RADIOGRAPHY
4 Units
Four hours lecture per week.
CSU
This course is an introduction to radiologic technology. Content is designed to provide an overview of the foundations in radiography and the practitioner’s role in the health care delivery system. Principles, practices, and policies of the health care organization(s) will be discussed and examined, in addition to the professional responsibilities of the radiographer. The course includes fundamentals of darkroom procedures, x-ray film characteristics, radiographic equipment and accessories, principles of radiation protection, and introduction to radiologic procedures and terminology.

RADT 148 C RADIOLOGIC TECHNOLOGY
4 Units
Three hours lecture and
Three hours laboratory per week.
CSU
Prerequisite: Admission to Radiologic Technology Program. This course offers a study of the principles of radiographic exposure, geometry of radiographic image, factors influencing radiographic quality, beam restricting and attenuation devices. Included are the importance of minimum imaging standards, discussion of a problem solving technique for image evaluation and the factors that can affect image quality. Actual images will be included for analysis. Content will also provide a basic knowledge of quality control. $50.00 Laboratory Fee - PAYABLE AT REGISTRATION.

RADT 150 C RADIOLOGIC POSITIONING
5 Units
Four hours lecture and
Three hours laboratory per week.
CSU
Prerequisite: Admission to Radiologic Technology Program. This course offers positioning nomenclature, positioning methods for the upper and lower extremities, pelvis, respiratory system, abdomen and bony thorax along with practical applications of radiograph evaluation and radiation protection. $50.00 Laboratory Fee - PAYABLE AT REGISTRATION.

RADT 153 C RADIOGRAPHY PATIENT CARE
3 Units
Three hours lecture per week.
CSU
This course on patient care and management, is a lecture/demonstration class to teach aseptic techniques and special procedures used by radiology personnel. It will include student participation in nursing techniques, techniques in areas such as: operating rooms; isolation room; diagnostic and fluoroscopic radiology rooms; the nursery; emergency room; and intensive care rooms. Students will be required to obtain CPR certification for this class.

RADT 162 C RADIOLOGY SPECIAL PROCEDURES
3 Units
Two and one-half hours lecture and
One and one-half hours laboratory per week.
CSU
Prerequisite: Satisfactory completion of first semester in the Radiologic Technology Program. This course provides the student with the theory and practice of basic techniques of venipuncture and the administration of contrast media. Emphasis will be placed on the types of contrast agents used for the various radiographic procedures. The student will perform both simulated and live insertion and extraction for contrast media injection. Basic Pharmacology will be discussed. The student will be introduced to fundamental principles of computer technology for imaging modalities. Special imaging modalities such as: Digital Angiography; Computerized Tomography; Magnetic Resonance Imaging; Medical Sonography; Nuclear Medicine; and Radiation Therapy will be surveyed. $22.00 Laboratory Fee - PAYABLE AT REGISTRATION.

RADT 170 C ULTRASOUND PHYSICS
11/2 Units
One and one-half hour lecture per week.
CSU
Prerequisite: Admission into the Ultrasound/Medical Sonography Program. This course is directed toward the learning of basic concepts of mathematics and general physics, and acoustical physics as applied to diagnostic medical sonography. Emphasis is placed on concepts of reflection and scattering that are applied toward the usefulness of ultrasound as an imaging tool. Doppler physics is introduced toward the application of doppler sonographic instruments.

RADT 173 C ULTRASOUND INSTRUMENTATION
11/2 Units
One and one-half hour lecture per week.
CSU
Prerequisite: Admission into the Ultrasound/Medical Sonography Program. This course will provide lecture and demonstrations covering the areas of ultrasonic propagation principles, transducer, parameters, interactive properties of ultrasound with human tissues, possible biological effects, basic types of equipment, instrumentation, and quality control. Students will learn quality assurance technique.

RADT 175 C ULTRASOUND ABDOMINAL SCANNING
3 Units
Two and one-half hours lecture and
One and one-half hour laboratory per week.
CSU
Prerequisite: Admission into the Ultrasound/Medical Sonography Program. Ultrasound abdominal scanning is a study of the clinical applications of abdominal sonography. It will include abdominal vasculature; lymphatic and retroperitoneal systems; liver and intrahepatic biliary systems; gallbladder and extrahepatic biliary systems; pancreas; spleen; kidneys; and adrenal glands. Interpretation of clinical laboratory tests, related clinical signs and symptoms, and normal and abnormal sonographic patterns will be discussed. This course includes a demonstration section on basic scanning techniques and protocol.
RADT 176 C  ABDOMINAL PATHOLOGY  
1 1/2 Units  
One and one-half hours lecture per week.  
CSU  
Prerequisite: RADT 175 C. This course will discuss the manifestations of pathology and disease conditions and their relevance to sonographic procedures. The student will describe abdominal scanning techniques and procedures appropriate for the disease process. The course will support the student in the clinical phase of sonographic training. Sonographic technique and actual pathologic cases will be discussed.

RADT 186 C  OBSTETRIC/GYNECOLOGY SCANNING  
3 Units  
Three hours lecture per week  
CSU  
Prerequisite: Satisfactory completion of RADT 170 C, RADT 173 C, RADT 175 C, RADT 207 C, and RADT 262 C with a grade of “C” or better. Obstetric/Gynecology scanning is a study of the clinical applications within the sonographic specialities of obstetric and gynecology which includes: female reproductive system, the indications for gynecology scanning, sonographic depiction of embryo and fetal anatomy and abnormalities, maternal anatomy and complications, and gynecological sonography to include abnormalities and pathology. Topics of discussion include related clinical symptoms and laboratory tests. This course includes a demonstration section on basic scanning techniques and protocol. This course will assist the student in developing a quality assurance program. The student will learn quality control procedures and develop a manual to be used to satisfy federal and accreditation requirements.

RADT 196 C  RADIOGRAPHY-SELECTED TOPICS  
1 - 2 Units (Variable Unit Class) (May be taken for credit 4 times)  
Lecture hours will vary according to credit given.  
Credit/No Credit/Letter Grade Option  
CSU  
Prerequisite: RADT 251 C. Current trends and new advances in diagnostic imaging will be selected for intensive class discussion. This course will support the student in the clinical internship phase. Radiographic technique and actual case studies will be discussed.

RADT 207 C  CLINICAL EDUCATION-I  
4 Units  
Twenty-nine hours/week of directed practice.  
CSU  
Prerequisite: Admission into the Ultrasound/Medical Sonography Program. This course is offered as ultrasound clinical in-service training within a department of medical sonography at a selected affiliated hospital/medical center. This course will provide the basic instruction and scanning experience in abdominal sonography. The student will be able to demonstrate the ability to perform sonographic examinations of the abdomen and superficial structures according to protocol guidelines established by the program and the clinical education center utilizing real time equipment.

RADT 208 C  CLINICAL EDUCATION-II  
6 Units  
Thirty-four hours/week of directed practice.  
CSU  
Prerequisite: Satisfactory completion of RADT 170 C, RADT 173 C, RADT 175 C, RADT 207 C, and RADT 262 C with a grade of “C” or better. This course is offered as clinical in-service training within a department of radiology at a selected affiliated hospital/medical center. This course will provide the basic instruction and scanning experiences in obstetrics and gynecology sonography. The student will be able to demonstrate the ability to perform sonographic examinations of the gravid and non gravid pelvis according to the protocols established by the program and clinical education center utilizing real time equipment with both transabdominal and endocavity transducers.

RADT 209 C  CLINICAL EDUCATION-III  
3 Units  
Thirty-eight hours of clinical directed practice for ten weeks.  
CSU  
Prerequisite: Satisfactory completion of RADT 176 C, RADT 186 C, RADT 208 C with a grade of “C” or better. This course is offered as clinical in-service training within a department of radiology at a selected affiliated hospital/medical center. This course will provide the basic instruction and scanning experiences in breast, thyroid, scrotum and doppler sonography. The student will be able to demonstrate the ability to perform sonographic examinations of the abdomen and superficial structures, non-cardiac chest and pelvis according to protocols established by the program and clinical education center using real time equipment.

RADT 210 C  ULTRASOUND SEMINAR  
1 Unit  
One hour lecture per week.  
CSU  
Prerequisite: Satisfactory completion of RADT 176 C, RADT 186 C, and RADT 208 C with a grade of “C” or better. This course is an ultrasound seminar and presentation of case studies. The course will be taught by department staff and will be utilize outside speakers and will include discussion of interesting and/or rare cases pertaining to clinical symptoms, sonographic patterns and technical pitfalls.

RADT 247 C  RADIOGRAPHIC POSITIONING  
5 Units  
Four hours lecture and  
Three hours laboratory per week.  
CSU  
Prerequisite: Satisfactory completion of first semester Radiologic Technology Program. This course offers advanced positioning nomenclature, positioning methods for the skull, urinary systems, vertebral column, digestive system, arthrography, and myelography exams. Trauma positioning and techniques are also discussed along with radiograph evaluations and radiation protection for all procedures.  
$33.00 Laboratory Fee - PAYABLE AT REGISTRATION.
RADT 250 C  RADIATION LAWS AND ETHICS
3 Units
(See same as HSCE 250 C)
Three hours lecture per week.
CSU
Prerequisite: RADT 142 C, RADT 146 C, or a Limited Permit in X-ray technology. Content is designed to provide an overview of the principles of the interaction of radiation with living systems. Radiation effects on molecules, cells, tissues, and the body as a whole are presented. Factors affecting biological responses are presented, including acute and chronic effects of radiation. The course is designed to present the principles of radiation protection including the responsibilities of the radiographer for patients, personnel, and the public. Radiation health and safety requirements of federal and state regulatory agencies, accreditation agencies, and health care organizations are incorporated. An introduction to legal terminology, concepts, and principles will be presented. Topics include misconduct, malpractice, legal and professional standards and the scope of practice. The importance of proper documentation and informed consent is emphasized. The student will examine a variety of ethical issues and dilemmas found in clinical practice.

RADT 251 C  RADIOLOGY EXTERNSHIP
4 Units
Two hours lecture and
Sixteen hours supervised training per week and observation in an approved clinical affiliate.
CSU
Prerequisite: Satisfactory completion of first semester Radiologic Technology Program. Class period provides an introduction to fluoroscopy, tomography, computers in radiology, hysterosalpingograms, mammography and pediatric radiography.

RADT 254 C  RADIOLOGIC INTERNSHIP
6 Units
Forty hours laboratory per week.
CSU
Prerequisite: Satisfactory completion of the second semester of the Radiologic Technology Program. This course begins the twelve month continuous internship phase of the Radiologic Technology Program. Students are assigned to selected clinical education centers which provide supervised clinical training with the Department of Radiology. Internship of 40 hours per week extends through intersessions and are subject to rearrangement by hospital/facility. Clinical practice experiences shall be designed to provide patient care and assessment, competent performance of radiologic imaging and total quality management.

RADT 255 C  RADIOLOGIC INTERNSHIP
8 Units (May be taken for credit 2 times)
Forty hours laboratory per week.
CSU
Prerequisite: Satisfactory completion of RADT 254 C. This course provides for continuation of the internship phase of the Radiologic Technology Program. Students are assigned to selected clinical education centers which provide supervised clinical training with the Department of Radiology. Internship of 40 hours per week extends through intersessions and are subject to rearrangement by hospital/facility. Students must meet the program competency requirements and designated hours of clinical internship for completion of the program.

RADT 260 C  FLUOROSCOPY PERMIT
3 Units
(See same as HSCE 260 C)
Two and one-half hours lecture and
One and one-half hours laboratory per week.
Credit/No Credit/Letter Grade Option
CSU
Prerequisite: Current California Radiologic Technology Certification License. This course will provide the knowledge of skills, attitudes, and competencies to operate fluoroscopy equipment efficiently and safely. Upon successful completion of the course, students will receive a certificate of completion and be eligible to qualify for the California State Technologists Fluoroscopy Permit certification test. Students must be able to verify C.R.T. status at the first class meeting.

RADT 262 C  CROSS - SECTIONAL IMAGING
1 Unit
(See same as HSCE 262 C)
One hour lecture per week.
Credit/No Credit/Letter Grade Option
CSU
This course correlates knowledge and practice of diagnostic imaging with cross-sectional anatomy of the skull, thorax, abdomen, and pelvis. Diagnostic imaging includes the ability to work with ultrasound, computerized tomography, and magnetic resonance. A knowledge of medical terminology and anatomy is recommended.

RADT 264 C  VASCULAR SONOGRAPHY TECHNOLOGY
3 Units
(See same as HSCE 264 C)
Three hours lecture per week.
CSU
Prerequisite: A.R.D.M.S. (American Registry of Diagnostic Medical Sonographers) Registered Medical Sonographer and/or knowledge of basic ultrasound equipment and scanning techniques. This course is the physical principles of vascular ultrasound technology. The course will focus toward learning the hemodynamic principles of normal and pathological vascular ultrasound procedures. Concepts of color and pulsed wave Doppler sonography as they apply to vascular imaging will be discussed. Emphasis on vascular anatomy, physiology and pathology to include vascular scanning protocol. Basic ultrasound physics and instrumentation will be reviewed. A working knowledge of basic ultrasound equipment, scanning techniques, and familiarity with color Doppler sonography is recommended. This course will prepare the student for the Registered Vascular Technology (RVT) examination.
RADT 266 C PRINC. OF BREAST ULTRASOUND
3 Units
(Same as HSCE 266 C)
Three hours lecture per week.
CSU
Prerequisite: American Registry of Diagnostic Medical Sonography license and/or knowledge of basic ultrasound equipment and scanning techniques. This course will provide instruction for learning the normal and pathological appearance of breasts using ultrasound to include images that relate to mammography and MRI. Included in this course is the physiology of benign and malignant breast tumors and diagnostic procedures. The content will follow the ARDMS guidelines toward the goal of preparing the student to pass the ultrasound registry breast exam.

RADT 299 C IMAGING INDEPENDENT STUDY
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
Lecture/lab hours will vary according to credit given.
CSU
Prerequisite: Approved Independent Study Learning Contract. This course is designed for capable students enrolled in the Radiologic Technology Program or options of the program who wish to increase their knowledge and experience in applied areas. Students will participate in independent study on assigned areas under staff supervision.

Real Estate
Division of Business and Computer Information Systems
Division Dean – Dave Wassenaar
Counselors
Jean England
Deidre Porter

Real Estate (RE)
RE 101 C REAL ESTATE PRINCIPLES
3 Units
Three hours lecture per week.
CSU
This is a beginning course in real estate fundamentals and principles. The development of real estate in California and an introductory study of ownership, appraisal, law, practices, financing, land and location values, transfers, trends, regulations, and economic effects are stressed. Course fulfills educational prerequisites for California state licensure.

RE 201 C REAL ESTATE PRACTICE
3 Units
Three hours lecture per week.
CSU
This course covers professional aspects of the real estate business. Topics include an overview of the real estate industry, ethics and licensing requirements; hands-on completion of contracts, forms, and disclosure documents; prospecting strategies for obtaining clients; listing properties and servicing those listings; marketing techniques; strategies for showing property; obtaining and handling offers; closing sales transactions; financing, escrow, title and taxation issues; and 1031 exchange requirements for investment property.

Recreation
Division of Physical Education and Athletics
Division Dean – Diane Henry
Faculty
Larry Beidler
Scott Pickler
Counselor
Dana Bedard

TRANSFER PROGRAM - RECREATIONAL LEADERSHIP
Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Recreation (REC)
REC 100 C INTRODUCTION TO LEISURE SERVICES/RECREATION
3 Units
Three hours lecture per week.
CSU, CAN REC 2
This course is the foundation for an introduction to the broad field of recreation and leisure services. The class will include the relationship of recreation to the individual and society.

REC 101 C PRINCIPLES OF COMMUNITY RECREATION
3 Units
Three hours lecture per week.
CSU
This course is an introduction to a variety of recreational activities suitable for a community recreation program. The class will study the various agencies and institutions that provide opportunities for community recreation. The class will emphasize interrelationships of these agencies.
REC 102 C  RECREATION LEADERSHIP
2 Units
Two hours lecture and
Two hours laboratory per week.
CSU
This course will provide the theory and activity in teaching
leadership in playground and recreational activities. The
class will identify methods, techniques, planning procedures,
organizing techniques, along with the evaluation of these
procedures and techniques.

REC 103 C  ORGANIZATION OF FALL SPORTS
ACTIVITIES IN RECREATION
2 Units
One hour lecture and
Two hours laboratory per week.
CSU
This course is a survey of basic terminology and skills of fall
sports. The basic techniques of teaching, organizing, and
promoting interest in individual and team fall sports are
included. Students will be involved in organizing and promot-
ing the college intramural sports program.

REC 104 C  ORGANIZATION OF SPRING
SPORTS ACTIVITIES IN RECREATION
2 Units
One hour lecture and
Two hours laboratory per week.
CSU
This course is a survey of basic terminology and skills of
spring sports. The basic techniques of teaching, organizing,
and promoting interest in individual and team spring sports
are included. Students will be involved in organizing and pro-
moting the college intramural sports program.

REC 106 C  OUTDOOR RECREATION - CAMP
COUNSELING
3 Units
Three hours lecture per week.
CSU
This course will emphasize the history, development and
trends of organized camping and other outdoor recreation
skills. The class will include leadership training in camp
counseling with special emphasis on practical skills in camp-
ing, fire building, outdoor cooking, tenting, and camp crafts.
This class is recommended for recreation majors and stu-
dents interested in outdoor recreation.

REC 107 C  RECREATION FOR SPECIAL
GROUPS
3 Units
Three hours lecture per week.
CSU
This class is an introduction to the relationship of recreation
and special groups (i.e., teenagers, senior citizens, and the
disabled). The course will emphasize social development
and how to integrate special groups into recreation programs
with adoption of all forms of recreation for use by these
groups.

REC 298 C  RECREATION SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken
for credit 1-4 times)
Zero to twelve hours lecture and
Zero to twenty-four hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or
Standard Letter Grade
CSU
Prerequisite: May be required. Corequisite: May be required.
Advisory: May be required. This class will utilize a
lecture/lab-activity approach to various topics in recreation. A
variety of classes will be offered in order to introduce stu-
dents to new experiences in recreation. Fees may be
required – PAYABLE AT REGISTRATION.

Social Science (SOSC)
SOSC 295 C  RESEARCH METHODS IN ORAL
HISTORY
2 Units
(Same as Hist 295 C)
One hour lecture and
Three hours laboratory per week.
CSU
This course introduces students to the special techniques of
tape-recorded interviews to document 20th century history.
Areas of study will include interviewing techniques, historical
editing and transcripts of interviews. This course does not
satisfy General Education requirements in Social Science.
SOSC 298 C  SOCIAL SCIENCE SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to thirty-six hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or
Standard Letter Grade
UC Credit Limitation/CSU
Prerequisite: May be required. Corequisite: May be required.
Advisory: May be required. This is a lecture/discussion type
course developed on a particular limited problem or topic of
interest to students. It is designed for able students who wish
to increase their knowledge of a particular topic concerning
which no other regular class is offered. A paper or group activ-
ity may be requested. Credit may range from ½ unit to 12 units.
Consult class schedule for the offerings a particular semester.
Fees may be required – PAYABLE AT REGISTRATION.

SOSC 299 C  SOCIAL SCIENCE-IND. STUDY
1 Unit (May be taken for credit 4 times)
One hour lecture per week.
UC Credit Limitation/CSU
Prerequisite: Approved Independent Study Learning Con-
tact. Independent study is for students who wish to extend
their knowledge of a particular area through individual
research and study. It is thought that topics might develop
out of a curiosity stimulated in a regular class. The student
would then contact the supervising instructor to develop a
contract for his/her particular interest so he/she could learn
more regarding their special topic.

SOCILOGY TRANSFER PROGRAM
Students should consult a counselor or www.assist.org for
lower division major requirements for most California pub-
lic universities. (See the Standard Definitions section of the
catalog for a description of ASSIST.) Students transferring
to an independent college/university should consult the cat-
alog of the individual school and a counselor for lower divi-
sion major requirements.

Sociology (SOC)

SOC 101 C  INTRODUCTION TO SOCIOLOGY
3 Units
Three hours lecture per week.
Credit by Examination
UC/CSU, AA GE, CSU GE, IGETC, CAN SOC 2
Advisory: Eligibility for ENGL 100 C. This course is an anal-
ysis of human relationships through a study of cultural origins,
personality development, social interaction, community
organization, collective behavior, institutional growth, social
change, and social movements.

SOC 101HC  HONORS INTRO TO SOCIOLOGY
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, IGETC
Advisory: Eligibility for ENGL 100 C. This course is an
enhanced version of Introduction to Sociology for honors stu-
dents. This course is an analysis of human relationships
through a study of cultural origins, personality development,
social interaction, community organization, collective behav-
ior, institutional growth, social change, and social move-
ments. Duplicate credit not granted for SOC 101 C.

SOC 102 C  SOCIAL PROBLEMS
3 Units
Three hours lecture per week.
UC/CSU, IGETC, CAN SOC 4
Advisory: Completion of SOC 101 C. This course is an iden-
tification and analysis of selected contemporary social prob-
lems in American society and around the world. It includes
problems of overpopulation, environmental destruction, war,
race, poverty, sex inequality, aging, drug abuse, health,
crime and violence. Alternative approaches to the resolution
of these problems and identification of institutions and organ-
izations involved in their resolution are emphasized.

SOC 120 C  HUMAN SEXUALITY
3 Units
(Same as PSY 120 C)
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
UC/CSU, CSU GE, IGETC
Prerequisite: Eligibility for ENGL 060 C. This course is an
overview of the psychological, sociological and psychobio-
logical aspects of human sexuality. The course takes an
interdisciplinary approach dealing with the entire area of
human sexual behavior viewed in the context of the total inte-
grated personality.
SOC 161 C  PROBABILITY & STATS-SOCIAL
SCI
4 Units
(Same as PSY 161 C)
Four hours lecture per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGTC, CAN
Prerequisite: MATH 040 C or 2 years of high school Algebra
with grades of “C” or better. This course provides an intro-
duction to fundamental statistical concepts relevant to the
social sciences but applicable to all disciplines. A conceptual
approach is used to introduce students to topics of descrip-
tive and inferential statistics including sampling, probability,
central tendency, variability, correlation, regression, point
estimation, interval estimation, and hypothesis testing. Also
introduced are non-parametric statistics, such as chi-square,
and parametric statistics, such as t-tests and ANOVA. Com-
puters and calculators will be utilized. The use of current sta-
tistical software is emphasized. Data sets and problems will
be from psychology, sociology, anthropology, economics,
and political science. This course is open to all
students who meet the prerequisite, and it is required for psy-
chology majors. Students who receive credit for this
course may not receive credit for MATH 120 C.

SOC 215 C  PARENTING SKILLS
3 Units
(Same as PSY 215 C)
Three hours lecture per week.
CSU
This course is designed to build realistic expectations in par-
enting. Students will acquire parenting skills and deal con-
structively with varied aspects of child rearing. A special
emphasis will be placed on reviewing contemporary disci-
pline and guidance techniques and on exploring resources
available in the community for parenting. The course
includes developmental stages from birth through adulthood.

SOC 217 C  PARENTING THE DEFIANT CHILD
1 Unit
(Same as PSY 217 C)
One hour lecture per week.
Credit/No Credit/Letter Grade Option
CSU
This course is designed for natural or foster parents who
have children 2 to 13 years of age who exhibit oppositional,
willful, disobedient and defiant behavior. Practical empirically
proven techniques to manage this behavior will be taught
using the University of Massachusetts Program.

SOC 218 C  PARENTING THE ABUSED CHILD
½ Unit
(Same as PSY 218 C)
One-half hour lecture per week.
Credit/No Credit/Letter Grade Option
CSU
This is a parenting course for foster parents and other adult
care givers of abused children. The causes, symptoms,
treatment modalities and parenting techniques needed to
parent these children will be examined.

SOC 219 C  PARENTING THE ADHD CHILD
½ Unit
(Same as PSY 219 C)
One-half hour lecture per week.
Credit/No Credit/Letter Grade Option
CSU
This course is a practical introduction in the causes and pro-
fessional interventions for Attention Deficit Hyperactivity Dis-
order “ADHD”. A major emphasis will be on treatment tech-
niques parents can use to assist a child or adolescent with
attention deficit hyperactivity disorder. Home, medical, school
and social-psychological interventions will be presented.

SOC 225 C  SOCIOLOGY OF WOMEN
3 Units
(Same as PSY 225 C)
Three hours lecture per week.
UC/CSU, CSU GE, IGTC
This course covers an identification and analysis of the sta-
tus of women in American society. It will emphasize a survey
of the cultural, social, psychological and economic history of
women. The role of women in relation to contemporary
issues will be examined.

SOC 237 C  CROSS-CULTURAL
RELATIONSHIPS
3 Units
(Same as PSY 237 C)
Three hours lecture per week.
UC/CSU, CSU GE, IGTC, CUL DIV
Advisory: Eligibility for ENGL 100 C. This course is an intro-
duction to the psychological factors involved in cross-cultural
relationships including ethnic and racial differences. It
explores the personal processes and individual conflicts of
people from differing United States ethnic backgrounds. Vary-
ing customs, social patterns and family dynamics of major
local cultural groups will be discussed within this context.

SOC 250 C  SOCIOLOGY OF AGING
3 Units
(Same as HUSR 250 C)
Three hours lecture per week.
CSU
This course explores the concept of aging and sociologi-
cal/cultural theories of aging. The gender, cross-cultural,
economic, political and social policy aspects of aging in soci-
ety and the world are examined. Critical life issues for elders
and for those who live and work with them are explored.
These issues include empowerment, care giving, social sup-
port, living arrangements, elder abuse, work, retirement,
quality of life and death and dying. Duplicate credit not
granted for HUSR 250 C.

SOC 275 C  MARRIAGE AND FAMILY
3 Units
(Same as HUSR 275 C)
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
CSU, AA GE, CSU GE, IGTC
This course is a study of the sociological factors involved in
family relationships, courtship, marital adjustments and par-
enthood. This course examines various patterns of marriage
and families within the United States.
SOC 292 C  INTRODUCTION TO CRIMINOLOGY
3 Units
(Same as HUSR 292 C)
Three hours lecture per week.
CSU
This course presents a scientific analysis of the nature, extent, and causes of violations of societal rules of behavior that are formally defined as crime and delinquency. The course includes an analysis of the theoretical perspectives that led to the development of criminal law and the administration of criminal justice, the patterns of criminality and delinquency, the impact of crime on social change, and the labeling, identification, characteristics, and the treatment of criminals and delinquents.

SOC 298 C  SOCIOLOGY SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to twenty-four hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
UC Credit Limitation/CSU
Prerequisite: May be required. Corequisite: May be required.
Advisory: May be required. This is a lecture/discussion type course developed on a particular limited problem or topic of interest to students. It is designed for students who wish to increase their knowledge of a particular topic concerning which no other regular class is offered. A paper or group activity may be requested. Credit may range from ½ unit to 12 units. Consult class schedule for the offerings a particular semester. Fees may be required – PAYABLE AT REGISTRATION.

SOC 299 C  SOCIOLOGY INDEPENDENT STUDY
1 Unit (May be taken for credit 4 times)
One hour lecture per week.
UC Credit Limitation/CSU
Prerequisite: Approved Independent Study Learning Contract. Independent study is for students who wish to extend their knowledge of a particular area through individual research and study. It is thought that topics might develop out of a curiosity stimulated in a regular class. Students would then contact the supervising instructor to develop a learning contract for their particular interest so that they could learn more regarding their chosen specific topic.
SPAN 101 C  ELEMENTARY SPANISH I
5 Units
Five hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
UC Credit Limitation/CSU, AA GE, CSU GE, CAN SPAN 2
The course emphasizes the acquisition of basic skills in pronunciation, listening, speaking, reading, and writing. Students will be introduced to the culture, history, and geography of Spain and Latin America. Duplicate credit not granted for SPAN 101HC.

SPAN 101HC  HONORS ELEMENTARY SPANISH I
5 Units
Five hours lecture and
One hour laboratory TBA per week.
UC Credit Limitation/CSU, AA GE, CSU GE, CAN SPAN 2
This course offers an introduction to Elementary Spanish enhanced for Honors students in a seminar type setting. Students will acquire basic skills in pronunciation, listening, speaking, reading and writing. Students will be introduced to the culture, history, and geography of Spain and Latin America through lectures, slides, films, and reading assignments. Students will create original dialogues and current event discussions. Duplicate credit not granted for SPAN 101 C.

SPAN 102 C  ELEMENTARY SPANISH II
5 Units
Five hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
UC Credit Limitation/CSU, AA GE, CSU GE, CAN SPAN 4
Prerequisite: SPAN 101 C with grade of “C” or better, or one year of high school Spanish with a grade of “C” or better is recommended. The course continues to emphasize the acquisition of basic skills in pronunciation, listening, speaking, reading and writing. Students will be introduced to the culture, history, and geography of Spain and Latin America through lectures, slides, films, and reading and writing assignments. Duplicate credit not granted for SPAN 102HC.

SPAN 102HC  HONORS ELEMENTARY SPANISH II
5 Units
Five hours lecture and
One hour laboratory TBA per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGEC, CAN SPAN 4
Prerequisite: SPAN 101 C with grade of “C” or better, or one year of high school Spanish with a grade of “C” or better is recommended. This course is a continuation of elementary Spanish enhanced for honors students in a seminar setting. Students will create original dialogues and participate in current events discussions in order to increase their knowledge of the culture, history, and geography of Spain and Latin America. Lectures, slides, films, and reading and writing assignments will also be used. Duplicate credit not granted for SPAN 102 C.

SPAN 200 C  CONVERSATIONAL SPANISH
2 Units (May be taken for credit 4 times)
Two hours lecture per week.
Credit/No Credit/Letter Grade Option
UC Credit Limitation/CSU, CSU GE
Prerequisite: SPAN 102 C. The course emphasizes extensive practice in oral expression and listening comprehension at intermediate and advanced levels of competency. The materials used provide a systematic practice of grammatical concepts, literary analysis and cultural appreciation.

SPAN 201 C  SPANISH FOR SPANISH SPEAKERS
5 Units
Five hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, CAN SPAN 4
Prerequisite: A native or near-native speaking knowledge of Spanish for those who have had little or no formal education in the language. This course will offer intensive training in oral and written Spanish for those who speak it, but have had little or no formal training in the language. Emphasis will be placed on improvement of oral expression, Spanish grammar, readings in Hispanic literature and composition skills. Students may not receive credit for both SPAN 101 C/102 C and SPAN 201 C.

SPAN 203 C  INTERMEDIATE SPANISH III
4 Units
Four hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE, IGETC, CAN SPAN 8
Prerequisite: SPAN 102 C with a grade of “C” or better, or two years of high school Spanish with a grade of “C” or better is recommended. The course introduces the student to the more formal aspects of literary analysis and cultural appreciation through a selection of readings by modern Spanish and Spanish American authors. It also provides extensive practice in oral and written expression and a thorough review of grammatical concepts.

SPAN 204 C  INTERMEDIATE SPANISH IV
4 Units
Four hours lecture and
One hour laboratory TBA per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE, IGETC, CAN SPAN 10
Prerequisite: SPAN 203 C with a grade of “C” or better, or three years of high school Spanish with a grade of “C” or better is recommended. The course continues to emphasize acquisition of the more formal aspects of literary analysis and cultural appreciation through a selection of advanced readings by modern Spanish and Spanish American authors. It also provides extensive practice in oral and written expression and a thorough review of grammatical concepts.
SPAN 298 C  SPANISH SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to twenty-four hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
UC Credit Limitation/CSU
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This seminar is for able students who wish to extend their knowledge of literature, language and culture through small group discussion. Fees may be required – PAYABLE AT REGISTRATION.

SPAN 299 C  SPANISH INDEPENDENT STUDY
½ - 2 Units (Variable Unit Class) (May be taken for credit 3 times)
Two hours conference per week
for maximum credit.
Credit/No Credit/Letter Grade Option
UC Credit Limitation/CSU
Prerequisite: Approved Independent Study Learning Contract. This course is designed for able students who wish to increase their knowledge of language through individual study or research.

Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Speech (SPCH)

SPCH 050 C  EFFECTIVE ORAL COMMUNICATION
3 Units (May be taken for credit 2 times)
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
AA GE
The course is designed to teach students effective communication techniques in everyday situations. Emphasis is placed on developing speaking skills in both preparation and delivery of original material and in developing self-confidence. This course is especially helpful for those students who speak English as a second language.

SPCH 098 C  SPEECH SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to twenty-four hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. This seminar is for students who wish to extend their knowledge of literature, language and culture through small group discussion. Fees may be required – PAYABLE AT REGISTRATION.

SPCH 100 C  HUMAN COMMUNICATION
3 Units
Three hours lecture per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, CAN SPCH 4
Introduction to the fundamentals and principles which underlie effective speech communication. Practical experience, emphasizing content, organization and delivery, will be required in at least three speaking situations, specifically including persuasive and informative speaking. Duplicate credit not granted for SPCH 100HC.

SPCH 100HC  HONORS HUMAN COMMUNICATION
3 Units
Three hours lecture per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC, CAN SPCH 4
This course is a college level course enhanced for Honors students. This course will introduce students to fundamental and advanced principles which underlie effective speech communication and will offer an overview of the disciplinary field of speech communication. Enhanced practical applications, emphasizing content, organization, and delivery will be required in at least four speaking situations, specifically including persuasive and informative speaking. Principles of rhetorical criticism will also be studied. Duplicate credit not granted for SPCH 100 C.
SPCH 105 C INTERPERSONAL COMMUNICATION
3 Units
Three hours lecture per week.
CSU, CSU GE, CAN SPCH 8
The purpose of this course is to improve the student’s understanding and ability to deal effectively with people. Major theories in the field of interpersonal communication will be studied so the student can develop a basic understanding of them and also acquire skills for self improvement. Methods of instruction include lecture, discussion, simulation experiments, and small group activities. No formal speeches are required.

SPCH 115 C READERS THEATER
3 Units
Three hours lecture per week.
CSU, AA GE
This course studies the principles of oral interpretation of literature from each of the major genres (prose, poetry, drama) as well as the techniques of performance as they relate to Readers Theater. Students will evaluate, analyze, and perform selections from each of the major genres of literature for the purpose of creating, staging and performing Readers Theater.

SPCH 118 C INTRODUCTION TO BROADCASTING
3 Units
(Same as JOUR 118 C)
Three hours lecture per week.
CSU, CSU GE
The history, theory, contemporary issues, and current law in broadcasting, cable and World Wide Web are covered in this course designed both for students majoring in journalism and communication and those seeking a liberal education. Students learn through lecture, reading, and creating video and audio presentations for the class and possible broadcast in student media.

SPCH 120 C INTERCULTURAL COMMUNICATION
3 Units
Three hours lecture per week.
UC/CSU, CSU GE, IGETC, CUL DIV
Advisory: Eligibility for ENGL 100 C. This course focuses on the cultural and social variables, communication theories and practices, and communicative styles that affect the communication process between members of different cultures. It includes an assessment of both the communication problems that occur between members of different cultures and on methods and techniques of adapting communication in an effort to overcome such difficulties.

SPCH 124 C SMALL GROUP COMMUNICATION
3 Units
Three hours lecture per week.
UC/CSU, CAN SPCH 10
This course is an introduction to theoretical and applied concepts in small group communication through participation and observation, analysis, and evaluation of group processes. Elements of small group behavior to be studied include leadership, roles, norms, networks, conflict and cohesion needs, and decision making.

SPCH 135 C ESSENTIALS OF ARGUMENTATION
3 Units
Three hours lecture per week.
UC/CSU, AA GE, CSU GE, CAN SPCH 6
This course is a study of argumentation—logic, reasoning, analysis of issues, audience analysis, evidence, refutation, case construction—and its relationship to advocacy. Emphasis is placed on the development of critical thinking skills.

SPCH 138 C FORENSICS
1 - 2 Units (Variable Unit Class) (May be taken for credit 2 times)
(Open Entry-Open Exit)
One hour lecture and
One hour laboratory per week.
CSU, CSU GE
This course is designed to prepare students to participate in intercollegiate speech competition. Practical experience, emphasizing content, organization and delivery will be offered in debate, persuasive speaking, informative speaking, extemporaneous speaking, impromptu speaking and oral interpretation.

SPCH 220 C THE RHETORIC OF THE CITY
3 Units
Three hours lecture per week.
CSU, AA GE, CSU GE
This course will examine the communicative meanings found in the culture, environment, history and social structure of a specific city. Students will be exposed to an interdisciplinary focus on a specific city and will examine the communicative interrelationships between the city and its populace. Duplicate credit not granted for SPCH 220HC.

SPCH 220HC HONORS RHETORIC OF THE CITY
3 Units
Three hours lecture per week.
CSU, AA GE, CSU GE
This course is a college level course enhanced for Honors students. This course will be conducted as a seminar. This course will examine the communicative meanings found in the culture, environment, history and social structure of a specific city. Students will be exposed to an interdisciplinary focus on a specific city and will examine the communicative interrelationships between the city and its populace. Duplicate credit will not be granted for SPCH 220 C.

SPCH 238 C FORENSICS
1 - 2 Units (Variable Unit Class) (May be taken for credit 2 times)
(Open Entry-Open Exit)
One hour lecture and
One hour laboratory per week.
CSU, CSU GE
This course is designed to prepare students to participate in intercollegiate speech competition. Practical experience, emphasizing content, organization and delivery will be offered in debate, persuasive speaking, informative speaking, extemporaneous speaking, impromptu speaking and oral interpretation.
SPCH 298 C SPEECH SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to twenty-four hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or
Standard Letter Grade
UC Credit Limitation/CSU
Prerequisite: May be required. Corequisite: May be required.
Advisory: May be required. This seminar is for students who wish to extend their knowledge of literature, language and culture through small group discussion. Fees may be required – PAYABLE AT REGISTRATION.

SPCH 299 C SPEECH INDEPENDENT STUDY
½ - 2 Units (Variable Unit Class) (May be taken for credit 3 times)
One-half to two hours conference per week.
UC Credit Limitation/CSU
Prerequisite: Approved Independent Study Learning Contract.
This course is for able students who wish to increase their knowledge of speech/communication/language through individual study or research.

ASSOCIATE IN ARTS DEGREE
THEATER ARTS Program Code: 1A03779
This program is designed to prepare the student for certain occupations related to civic recreation departments and community theater.

To earn an Associate Degree students must complete: (1) all major course requirements with a minimum grade of “C”; (2) 25 units of General Education Graduation Requirements; (3) cultural diversity and reading requirements; (4) any elective courses to complete a minimum of 60 units; and, (5) have a minimum GPA of 2.0. At least 50% of all major course work must be completed at Cypress College.

Courses that fulfill major requirements for an Associate Degree at Cypress College might not be the same as those required for completing the major at a transfer institution offering a Baccalaureate Degree. For information on specific university requirements, please consult with your counselor, or visit the Transfer Center.
Required courses are listed in suggested sequence:
Course #   Title                        Units
THEA 145 C  Fundamentals of Costume Design       3
ART 185 C  Life Drawing                        3
THEA 147 C  Stage Makeup                       3
THEA 247 C  Prosthetic Makeup                  3
THEA 149 C  Stage Crew Activity                3
Total Units Required                          15

DIRECTING
CERTIFICATE  Program Code: 1K00090
The primary emphasis of the Directing Certificate Program is to prepare the student for occupational competency in Directing.

To earn a certificate, the required courses as listed with a minimum grade of "C". At least 50% of all course work must be completed at Cypress College.

Required courses are listed in suggested sequence:
Course #   Title                        Units
THEA 100 C  Introduction to the Theater    3
THEA 102 C  World Theater History         (3)
THEA 102HC Honors World Theater History   (3)
THEA 124 C  Acting II                     3
THEA 143 C  Stagecraft                     3
THEA 144 C  Lighting Design Fundamentals  3
THEA 225 C  Directing for the Theater     3
Total Units Required                      15

LIGHTING/AUDIO DESIGN
CERTIFICATE  Program Code: 1K00049
This certificate in lighting/audio design is designed to prepare the student in occupational competency in lighting and sound design for theater.

To earn a certificate, the required courses must be completed as listed with a minimum grade of "C". At least 50% of all course work must be completed at Cypress College.

Required courses are listed in suggested sequence:
Course #   Title                        Units
MUS 124 C  Recording Studio I           3
MMMU 124 C Recording Studio I           (3)
THEA 142 C  Theater Sound and Recording (2)
THEA 144 C  Lighting Design Fundamentals 3
THEA 149 C  Stage Crew Activity          3
THEA 245 C  Design for Theater          3
ART 182 C  Freehand Drawing             3
Total Units Required                    14 – 15

TECHNICAL THEATER
CERTIFICATE  Program Code: 1K00051
The Technical Theater Certificate is designed to prepare the student for occupational competency in the field of technical theater.

To earn a certificate, the required courses as listed with a minimum grade of "C". At least 50% of all course work must be completed at Cypress College.

Required courses are listed in suggested sequence:
Course #   Title                        Units
THEA 140 C  Theater Crafts               3
THEA 245 C  Design for Theater           3
ART 182 C  Freehand Drawing              3
THEA 149 C  Stage Crew Activity          3
Total Units Required                     15

SCENERY DESIGN
CERTIFICATE  Program Code: 1K00050
The scenery design certificate is designed to prepare the student for occupational competency in the field of scenic design.

To earn a certificate, the required courses as listed with a minimum grade of "C". At least 50% of all course work must be completed at Cypress College.

Required courses are listed in suggested sequence:
Course #   Title                        Units
THEA 144 C  Lighting Design Fundamentals 3
THEA 149 C  Stage Crew Activity          3
THEA 143 C  Stagecraft                   3
THEA 146 C  Scene Painting               3
THEA 149 C  Stage Crew Activity          3
Total Units Required                     15

THERE ARE TRANSFER PROGRAM
Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Theater Arts (THEA)
THEA 100 C  INTRODUCTION TO THE THEATER
3 Units
Three hours lecture per week.
Credit/No Credit/Letter Grade Option
UC/CSU, AA GE, CSU GE, IGETC
This course is designed for those who wish to explore thoroughly the performing arts with special attention given to a survey of all the contributing elements. Such methodology as lecture, demonstration, small group discussion, guest performers, and speakers from all areas of theater will be used. The course is designed to prepare the student for other course offerings in the theater curriculum.

THEA 102 C  WORLD THEATER HISTORY
3 Units
Three hours lecture per week.
UC Credit Limitation/CSU, AA GE, CSU GE, IGETC
The student will investigate the history of the influence of differing cultures, traditions, and technologies on the development of the theater as a social institution through comparative study of plays, historical events, and the theatrical environment. Theater practice from prehistory to the present will be studied. Attendance at theater productions may be required. Duplicate credit not granted for THEA 102HC.

</tr>
</tbody>
</table>
THEA 130 C  ACTING WORKSHOP  
3 Units (May be taken for credit 4 times)  
Three hours lecture and  
Six hours laboratory per week.  
UC/CSU  
This performance laboratory will emphasize the application of the principles and the craft of creative acting. Faculty and theater students will initiate and prepare performance projects for an invited audience. These projects will emphasize the performers with a limited use of production elements.

THEA 132 C  MUSICAL THEATER WORKSHOP  
2 - 3 Units (Variable Unit Class) (May be taken for credit 4 times)  
Twelve hours laboratory per week for maximum credit.  
UC/CSU, AA GE, CSU GE  
Prerequisite: Audition. Advisory: Concurrent enrollment in one of the following: DANC 203 C, THEA 149 C, or one from THEA 140 C through THEA 147 C. The student will participate in the preparation of a musical production through acting, singing, dancing and/or instrumental accompaniment. Performers will make use of production elements and performance techniques.

THEA 133 C  REHEARSAL AND PERFORMANCE  
2 - 3 Units (Variable Unit Class) (May be taken for credit 4 times)  
Twelve hours laboratory per week for maximum credit.  
UC/CSU, AA GE, CSU GE  
Prerequisite: Audition. Advisory: Concurrent enrollment in one of the following: DANC 203 C, THEA 149 C, or one from THEA 140 C through THEA 147 C. This course teaches the practical application of acting and production techniques, i.e., acting, stage managing, backstage operation. Students will participate in the rehearsal and performance of a public production occurring in the Theater Arts Department.

THEA 134 C  AUDITIONS FOR THEATER/FILM  
1 Unit (May be taken for credit 3 times)  
One hour lecture per week.  
CSU  
Prerequisite: Audition. Theater students will initiate and then perform audition presentations that demonstrate their proficiency with the fundamentals of acting and auditioning. Final projects will be presented to a jury composed of theater faculty and fellow students.

THEA 140 C  THEATER CRAFTS  
3 Units  
Two hours lecture and  
Four hours laboratory per week.  
UC/CSU, CAN DRAM 12  
Theater crafts offers a survey of lighting, sound, costumes, properties, theatrical equipment, and scenic construction techniques through lecture, demonstration, and laboratory experience. Information is applicable to all formal theatrical applications.

THEA 142 C  THEATER SOUND AND RECORDING  
2 Units (May be taken for credit 2 times)  
One hour lecture and  
Three hours laboratory per week.  
CSU  
The student will be involved in recording studio procedure and equipment selection and use. The course covers the technical as well as the artistic use of sound recording for theater. Emphasis will be placed on the practical use of audio equipment.

THEA 143 C  STAGECRAFT  
3 Units (May be taken for credit 2 times)  
(Same as MMTA 143 C)  
Two hours lecture and  
Three hours laboratory per week.  
UC/CSU  
This course explores the planning and execution of scenic elements for the stage with an emphasis on design, construction and methods of shifting scenery.

THEA 144 C  LIGHTING DESIGN FUNDAMENTALS  
3 Units (May be taken for credit 2 times)  
(Same as MMTA 144 C)  
Two hours lecture and  
Three hours laboratory per week.  
UC/CSU  
This course involves the study and execution of stage lighting with emphasis on equipment, control, color, and their relationship to design.

THEA 145 C  FUNDAMENTALS OF COSTUME DESIGN  
3 Units (May be taken for credit 2 times)  
Two hours lecture and  
Three hours laboratory per week.  
UC/CSU, CSU GE  
Students will study costume history, design, and basic construction techniques as an introduction to basic theatrical costuming. Fabrics and their various uses will be investigated.

THEA 146 C  SCENE PAINTING  
3 Units  
Two hours lecture and  
Three hours laboratory per week.  
UC/CSU  
Various methods of painting theatrical scenery will be explored. Tools to be used will include brush, roller, spray guns, and sponges. Students will duplicate stucco, wood grain, wallpaper, masonry and architectural detail on rigid scenery and scenic drops.

THEA 147 C  STAGE MAKEUP  
3 Units  
Two hours lecture and  
Three hours laboratory per week.  
UC/CSU  
Students will receive instruction and practice in a laboratory setting in all phases of makeup specifically designed for theatrical use.
THEA 148 C  PRODUCTION TECHNIQUES  
½ - 12 Units (Variable Unit Class) (May be taken for credit 4 times)  
(Open Entry-Open Exit)  
Two to forty-eight hours laboratory per week.  
CSU  
Prerequisite: Involvement in the production program. This is an open entry/open exit class for students to obtain production experience in theater and dance through acting, directing, technical work, management, and publicity.

THEA 149 C  STAGE CREW ACTIVITY  
2 - 3 Units (Variable Unit Class) (May be taken for credit 4 times)  
Eight to twelve hours laboratory per week.  
UC/CSU, AA GE, CSU GE  
Stage crew offers practical experience in scenery, paint, props, lighting, makeup and costumes through preparation of a play for public performance.

THEA 200 C  SCENE STUDY  
3 Units (May be taken for credit 2 times)  
Two hours lecture and  
Four hours laboratory per week.  
UC/CSU  
Prerequisite: THEA 120 C or Audition. Advisory: Concurrent enrollment or completion of THEA 121 C or THEA 129 C.  
The actor will examine and practice the fundamental skills required to perform in historical and stylized dramatic works. The reading and performance of dramatic literature that varies from classical texts to avant-garde works and non-traditional sources are required.

THEA 220 C  TELEVISION PRODUCTION I  
3 Units (May be taken for credit 2 times)  
Two hours lecture and  
Four hours laboratory per week.  
UC/CSU  
This introductory course will focus on multi-camera studio production, covering numerous aspects of pre-production and production, including, but not limited to: Directing, Writing, Producing, Acting, Camera work, Technical Direction, Floor Management, Lighting and Sound.

THEA 225 C  DIRECTING FOR THE THEATER  
3 Units (May be taken for credit 2 times)  
Three hours lecture per week.  
UC/CSU  
The director’s purpose in the theater will be examined through current craft approaches and through a historical context. Practical experience in directing through class projects will be stressed.

THEA 226 C  ADVANCED MUSICAL THEATER  
3 Units (May be taken for credit 4 times)  
Two hours lecture and  
Four hours laboratory per week.  
CSU  
Prerequisite: Audition. Students will explore scene work and audition techniques for musical theater. This course is designed for the performance oriented student.

THEA 228 C  ADVANCED ACTING FOR THE CAMERA  
2 Units (May be taken for credit 3 times)  
One hour lecture and  
Three hours laboratory per week.  
Credit/No Credit/Letter Grade Option  
CSU  
Prerequisite: THEA 128 C or audition. Students will continue their exploration and skill building of techniques used in performance before the camera including but not limited to advanced character development and special problems in performance preparation for film and television.

THEA 232 C  MUSICAL THEATER PRODUCTION  
2 - 3 Units (Variable Unit Class) (May be taken for credit 4 times)  
Eight to twelve hours laboratory per week.  
CSU  
Prerequisite: Audition. Advisory: Concurrent enrollment in one of the following: DANC 203 C, THEA 149 C or one from THEA 140 C through THEA 147 C. The students will prepare a work of musical theater for public performance through play analysis, character analysis, style analysis and rehearsal using vocal skills, choreographic movement and acting techniques.

THEA 234 C  ENSEMBLE ACTING  
2 - 3 Units (Variable Unit Class) (May be taken for credit 4 times)  
Twelve hours laboratory per week for maximum credit.  
UC/CSU  
Prerequisite: Audition. Advisory: Concurrent enrollment in one of the following: DANC 203 C, THEA 149 C or one from THEA 140 C through THEA 147 C. This is a performance oriented course that concentrates on training students in the methodology and advanced skills of ensemble acting during a rehearsal period. Production support in the areas of stage management, backstage operations, sound, makeup, costumes, and house management are also introduced by practical involvement in the unique demands of producing an ensemble performance.

THEA 235 C  EXPERIMENTAL THEATER  
2 Units (May be taken for credit 4 times)  
Six hours laboratory per week.  
UC/CSU  
This course consists of short-term projects in theater production (selection to be made by the department). Projects may include student-directed, one act plays, touring shows designed for elementary school children and puppet plays.

THEA 241 C  COMPUTER DRAWING FOR THEATER  
3 Units (May be taken for credit 2 times)  
(Same as MMTA 241 C)  
Two hours lecture and  
Three hours laboratory per week.  
CSU  
Students will receive instruction and practice in computer drawing specifically designed for theatrical use. Course content will include techniques necessary to generate floor plans, elevations, renderings, light plots and supporting documentation such as materials lists and lighting instrument schedules.
THEA 244 C INTELLIGENT LIGHTING
3 Units (May be taken for credit 2 times)
(Same as MMTA 244 C)
Two hours lecture and
Three hours laboratory per week.
CSU
This course involves the study and execution of stage lighting making use of individually programmable or “intelligent” lighting with emphasis on equipment, control and color and their relationship to design. Attendance at performances using intelligent lighting will be required. Cost for theater tickets not to exceed $100.00.

THEA 245 C DESIGN FOR THEATER
3 Units
Two hours lecture and
Three hours laboratory per week.
UC/CSU
Prerequisite: THEA 143 C, THEA 144 C, THEA 145 C or equivalent. Basic principles of design as applied to the visual aspects of theater will be studied. Students will examine styles, techniques, and methods of design for the theater and translate those into visual forms of set, costumes, and lighting.

THEA 247 C PROSTHETIC MAKEUP
3 Units
Two hours lecture and
Three hours laboratory per week.
CSU
Prerequisite: THEA 147 C. Students will explore the techniques of special effects makeup. The basic construction of foam latex appliances, dental casting, ventilated hairpieces and simple mechanical mask construction will be utilized. Responsibility for coordination of makeup for public performance is required of each student.

THEA 298 C THEATER ARTS SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken for credit 1-4 times)
Zero to twelve hours lecture and
Zero to forty-eight hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or Standard Letter Grade
UC Credit Limitation/CSU
Prerequisite: May be required. Corequisite: May be required. Advisory: May be required. Various classes may be offered from semester to semester which are designed to meet the interests and needs of the students. Fees may be required – PAYABLE AT REGISTRATION.

THEA 299 C THEATER ARTS INDEPENDENT STUDY
½ - 2 Units (Variable Unit Class) (May be taken for credit 4 times)
One-half to two hours lecture per week.
UC Credit Limitation/CSU
Prerequisite: Approved Independent Study Learning Contract. This course is designed for students who wish to increase their knowledge of theater and/or theatrical practices through individual study or research.

Travel Careers - See Airline and Travel Careers (ATC)

Undeclared or Undecided
TRANSFER PROGRAM
Students should consult a counselor or www.assist.org for lower division major requirements for most California public universities. (See the Standard Definitions section of the catalog for a description of ASSIST.) Students transferring to an independent college/university should consult the catalog of the individual school and a counselor for lower division major requirements.

Veterinary Medicine
VETERINARY MEDICINE TRANSFER PROGRAM
Professional programs such as dentistry, medicine, pharmacy, optometry, physician assistant, physical therapy and veterinary medicine are most often graduate programs that require a bachelor degree or significant preparation prior to entering the program. The appropriate preparation varies according to the school and specific program. Students are advised to meet with a counselor to discuss options for their bachelor degree and the lower division requirements for the program and school of their choice.
Welding
Division of Vocational Education
Division Dean – Steve Donley

Counselors
Robert Grantham
Jane Jepson

WELD 040 C  MATERIAL FABRICATION
MACHINING
4 Units (May be taken for credit 2 times)
Two hours lecture and
Six hours laboratory per week.
This is a course designed to prepare the student with skills in
machine tool equipment used by industry. Students will be
instructed in the use of the lathe, drill press, grinder, shaper,
milling machine and measuring instruments. Machine and
sheet metal fabrication will prepare the student in the use of
metals in the joining, forming, shaping and cutting of materi-
als. Laboratory fees for materials provided by the Depart-
ment. Fee is paid in the Bookstore as needed during the
semester.

WELD 060 C  WELDING/METAL FABRICATION
3 Units (May be taken for credit 4 times)
Two hours lecture and
Four hours laboratory per week.
Prerequisite: Previous welding experience. This course
includes the fundamentals and theory of oxyacetylene and
metallic arc welding, with practical application to joint prepa-
rations and fabrication. Selection and use of additive elec-
 trodes to ferrous and non-ferrous metals are included. Labo-
 ratory fees for materials provided by the Department. Fee is
paid in the Bookstore as needed during the semester.

WELD 298 C  WELDING SEMINAR
½ - 12 Units (Variable Unit Class) (May be taken
for credit 1-4 times)
Zero to twelve hours lecture and
Zero to forty-eight hours laboratory per week.
Credit/No Credit or Credit/No Credit/Letter Grade Option or
Standard Letter Grade
CSU
Prerequisite: May be required. Corequisite: May be required.
Advisory: May be required. This is a course for students who
wish to increase their knowledge of welding. Various topics
will be offered. Unit credit may range from ½ to 12 units in
any given semester. Consult the class schedule to verify
credit for a particular semester. Fees may be required –
PAYABLE AT REGISTRATION.

ASSOCIATE IN SCIENCE DEGREE WORD
PROCESSING  Program Code: 1S07818
This curriculum is designed to prepare students for employ-
ment in the field of word processing or any related area in
which word processing skills are needed. A job simulation
will give the students practical experience in all phases of
word processing.

To earn an Associate Degree students must complete:
(1) all major course requirements with a minimum grade of
“C”; (2) 25 units of General Education Graduation Require-
ments; (3) any elective courses to complete a minimum of
60 units; and, (4) with an overall GPA of 2.0. At least 50%
of all major course work must be completed at Cypress
College.

Courses that fulfill major requirements for an Associate
Degree at Cypress College might not be the same as those
required for completing the major at a transfer institution
offering a Baccalaureate Degree. For information on spe-
cific university requirements, please consult with your
counselor, or visit the Transfer Center.

Required courses are listed in suggested sequence:

Work Experience (WKEX)

WKEX 092 C  WORK EXPERIENCE - GENERAL
1 - 3 Units (Variable Unit Class) (May be taken for credit 3 times)
One hour lecture plus
Five hours (minimum) employment
in a business-related occupation per week.
Prerequisite: Must be enrolled in seven units, including work experience. This course is designed to provide instruction and general advisement related to actual work experience. For the employed student who has either not yet declared a major or whose employment and major are not related. Students must carry a minimum of seven units, which may include Work Experience. Students may enroll up to a maximum of three semesters, earning up to 9 units of credit.

WKEX 191 C  WORK EXPERIENCE - VOCATIONAL
1 - 4 Units (Variable Unit Class) (May be taken for credit 4 times)
One hour lecture plus
Five hours (minimum) employment
in a business-related occupation per week.
CSU
Prerequisite: Must be enrolled in seven units, including work experience. This course is designed to provide instruction and general advisement related to actual work experience. Employment and major must be related. Students must carry a minimum of seven units, which may include Work Experience, and be appropriately declared a business major. Students may enroll up to a maximum of four semesters, earning up to 16 units of credit.

Instructional Divisions

Each academic division is located in a “House”, usually in a separate campus building. Divisional faculty members and counselors have offices conveniently located adjacent to classrooms. In addition, each building provides lounge and study areas to encourage student participation in divisional activities, and two buildings also provide food services.

Business and Computer Information Systems
CARNegie HOUSE
This building was named after Andrew Carnegie, a manufacturer, publicist, and distributor of wealth for the improvement of mankind.

PROGRAMS

COUNSELOR
England, Jean
Porter, Deidre

DIVISION DEAN
Wassenaar, Dave

FACULTY
Capsuto, Michael
Dellinger, Patricia
Freer, Carolee
Gorno, Ric
Izadi, Behzad
Jianto, Susana
Kishel, Patricia
Miller, Jeanne
Moady, Alireza
McKnight, Richard
Pelachik, Patricia
Ransom, Alan
Saldana, Jesse
Von Soosten, Ronald
Woo, Donna
Wu, Penn

Fine Arts
BERNSTEIN HOUSE
The Fine and Performing Arts complex was named after Leonard Bernstein, a master showman, conductor, composer, lecturer, pianist, writer, and teacher.

PROGRAMS
Art, Art Computer Graphics, Communications/Journalism, Dance, Multimedia, Music, Photography, Theater Arts

COUNSELORS
Laguana, Renay
Ssensalo, Renee

DIVISION DEAN
Glattly, Marilyn

FACULTY
Ball, Sheridan
Berger, Ellen
Beyer, George
Burchfield, Jerry
DeCoro, Helena
Disney, Betty
Gallo, Joseph
Giardina, Edward
Holmes, Ian
Hormel, James
Johnson, Michael
Johnson, Robert
Landry, Erin
Majarian, Mark
Mercer, Robert
Meyer, Barbara Braden
Paiement, Paul
Patti, Joyce
Reid, Kathryn
Schulps, Molly
Health Science
SCHWEITZER HOUSE
This building was named after Albert Schweitzer, a German scholar, humanitarian and founder of the Schweitzer Hospital in Lambarene, Gabon, Africa.

PROGRAMS
Registered Dental Assistant
Dental Hygiene
Health Information Technology
Health Care Management and Supervision Certificate
Health Care Marketing and Sales Certificate
Health Information Coding Specialist
Health Unit Coordinator Certificate
Medical Insurance Billing Specialist Certificate
Medical Quality Review Assistant Certificate
Medical Record Clerk Certificate
Medical Staff Services Science
Mortuary Science
Registered Nursing
Career Mobility Nursing
Psychiatric Technician
Radiologic Technology
Ultrasound/Medical Sonography Certificate
Radiology Assistant/Darkroom Technician Program

COUNSELORS
Carter, Kelly
Vo, Denise

DIVISION DEAN
Hannon, Andrea

DIRECTOR OF NURSING
Darlene Fishman

FACULTY
Ashburn, Shirley
Billie, Jeannie
Boettger, Kathleen
Bower, Glenn
Boyce, Jane
Brown, Dana
Chin, Penny
Davis, Mary Kay
Franks, Joseph
Grande, Jolena
Green, Carol
Greico, Laura
Harvey, Carol
Herzog, Anna
Higgins, Jeanne
Kruse, Kathleen
Majid, Rosalie
Miller, Peggy
Mitts, Lynn
O’Brien, Noreen
Parelli, Robert
Piburn, Elizabeth
Putman, Elizabeth
Ramos, Jaime
Rydalch, Ina
Selga, Max
Swytak, Judy
Valencia, Wendy
Williams, Susan
Wilson, Margaret
Winkler, Janet
Zakala, Carol

Language Arts
TWAIN HOUSE
This complex was named after Mark Twain, an American humorist and writer.

PROGRAMS
English, ESL (English for Non-Native Speakers), Foreign Language, Speech

COUNSELORS
Lawson, Velia
Mosqueda-Ponce, Therese
Pelletier, Daniel

DIVISION DEAN
Young, Eldon

FACULTY
Borla, Linda
Beatty, Kimberly
Brydges, Michael
Chi, Hong
Daniels, Joan C
Deutsch, Nancy
Dickey, Cherie
Diep, Christie
Forman, Mary K.
Franklin, Cathy
Friess, Donna
Fujimoto, Cathy
Kashi, Barbara
Keel, Lawrence J.
Klein, S. Margaret
Koeppel, Liana
Lambros, John
Licari, Charles
Lin, Jillian
Llanos, Kathy
Marshall, Barbara
McAlister, Kathleen
McPherson, Debra
Moran, Olga
Nabahani, Melanie
Oliveira, Fernando
Payne, John
Puma, Jessica
Robertson, Alison
Rosenberg, Stuart
Sonne, Kathryn
Takahashi, K. Mariye
Talwar, Ambika
Wada, Kathryn
Wahbe, Randa
Wood, Jane
Physical Education
THORPE HOUSE
This complex was named after Jim Thorpe, an American football, track, and baseball star, who is considered one of the greatest athletes of all time.

PROGRAMS
Physical Education - Teaching, Recreation

COUNSELOR
Bedard, Dana

DIVISION DEAN
Henry, Diane

FACULTY
Baca, J. Anthony
Beidler, Larry
Bottiaux, Paul
Mohr, Margaret
Pickler, Brad
Pickler, Scott
Pinkham, William
Rubino, Kenneth
Welliver, Nancy

Science/Engineering/Mathematics
EINSTEIN HOUSE
This building was named after Albert Einstein, a great American physicist and mathematician.

PROGRAMS
Biological Sciences/Life Sciences, Biology, Chemistry, Computer Science, Physical Science, Engineering - Chemical, Civil, Electrical, Mechanical, Engineering Technology, Forestry, Geology, Industrial Technology, Mathematics, Physical Therapy, Physics, Pre-Dentistry, Pre-Medicine, Pre-Optometry, Pre-Pharmacy, Pre-Veterinary

COUNSELORS
Nordee, Tom
Payne, Alice

STUDENT DEVELOPMENT INSTRUCTOR
Mattson, Carol

DIVISION DEAN
Entezampour, Mohammad

FACULTY
Allison, Minnie
Armale, Ron
Baldwin, William
Castle, Victoria
Chipunkar, Sujata
Coopman, Jennifer
Fee, Richard
Flynn, Russell
Frey, Michael
Gibby, Cheryl
Gill, David
Godshalk, Kathryn
Gold, Stephen
Gotoh, Allison
Hamman, Elizabeth
Harkrider, Robert
Mao, Chaolin
Merickel, Karen
Mintzer, Alex
Morvan, Laurie
Mottershead, Allen
Nusbaum, David
Owens, Eunju
Paek, Sylvia
Petrie, David
Plett, Christina
Rajab, Adel
Sato, Dee Ann
Shrout, Cynthia
Spooner, Stephanie
Subramaniam, Brinda
Tomooka, Craig
Vandergrift, Robert
Watson, Karen
Social Science

MUIR HOUSE
This complex was named after John Muir, an American naturalist and explorer whose conservation efforts helped to establish Sequoia and Yosemite as national parks and to cause the first federal conservation laws to be passed.

PROGRAMS

COUNSELORS
Lawson, Velia
Mosqueda-Ponce, Therese
Pelletier, Daniel

DIVISION DEAN
DeMarkey, Nina

FACULTY
Adams, Virgil III
Alibrandi, Lucinda
Cavin, Robert “Greg”
Cooney, Neill
Curiel, Larry
Dedic, James
Doak, Les
Flores, Michael
Floyd, Becky
Halahmy, David
Heusser, Willis
Johnson, Susan
Killen, Brian
Lewis, Carol
Lind, Daniel
Martinez, Randall
Mathews, Eapen-Peter
Mendoza, Armando
Odebunmi, Fola
Phillips, James
Polizzi, Nicholas
Rhymes, Regina
Sandoval, Carlos
Schick, P. Charlene
Vega-Pritchett, Amy
Young, Brandy
Zager, Gary

Vocational/Technical

EDISON HOUSE
The Vocational/Technical complex was named after Thomas A. Edison, who established the world’s first “invention factory” dedicated solely to testing, proving, and inventing useful products.

PROGRAMS
Air Conditioning and Refrigeration, Airline and Travel Careers, Automotive Collision Repair, Automotive Technology, Aviation - Commercial Pilot; Aviation - Management, Hotel, Restaurant, Culinary Arts, Industrial Arts - Teaching, Marine Service Technician

COUNSELOR
Jepson, Jane
Grantham, Robert

DIVISION DEAN
Donley, Steve

FACULTY
Alexander, John
Beard, Michael
Bird, Michael
Clark, Lisa
Hock, Richard
Jones, Anthony
Orozco, Luciano
Reiland, Kathleen
Sallade, Douglas
Sandore, Russell
Sherard, Charles
Snook, Dan
Trulock, Ronald
# 2005 - 2006 Administration and Faculty Accomplishments

B.S., University of Illinois at Urbana-Champaign
M.S., California State University, Long Beach

Mosqueda-Ponce, Therese L. - Counseling/Student Development
B.S., California State University, Fullerton
M.S., California State University, Los Angeles
Ph. D., United States International University

Mottershead, Allen - Engineering/Physics/Mathematics
B.S., University of Toronto, Canada
M.S., University of California, Berkeley

Meyer, Barbara Braden
B.A., Antioch College
M.F.A., California State University, Fullerton

Nabahani, Melanie - English
B.A., M.A., California State University, Fullerton
Nelson, Kristine - Matriculation Officer  
A.A., East Los Angeles College  
B.A., M.S., California State University, Los Angeles

Nordee, Thomas - Counseling/ 
Student Development  
B.A., M.S., California State University, Long Beach

Nusbaum, David - Mathematics  
B.S., M.Ed., University of California, Los Angeles  
M.S., University of California, Irvine

O’Brien, Noreen - Nursing  
B.S.N., San Diego State University  
M.N., University of California, Los Angeles  
M.A., Ph.D., Claremont Graduate School

Odegbunmi, Fola - Economics  
B.A., Chapman University  
M.A., California State University, Fullerton

Oliveira, A. Fernando - Spanish/Portuguese  
M.A., University of California, Irvine

Orozco, Luciano M. - Automotive  
B.A., California State University, Los Angeles

Owens, Cynthia - Counseling/ 
Student Development, Learning Disabilities Specialist  
A.A., Fullerton College  
B.A., California State University, Fullerton  
M.A., California Lutheran University

Owens, Eunju - Mathematics  
B.S., M.S., California State University, Long Beach

Paek, Sylvia - Mathematics  
A.A., El Camino College  
B.S., M.S., University of California, Irvine

Paiement, Paul - Art  
B.F.A., Minneapolis College of Art and Design  
M.F.A., University of Southern California

Parelli, Robert J. - Radiologic Technology  
A.R.R.T., C.R.T., B.V.E., M.A., California State University, Long Beach

Patti, Joyce - Art  
B.A., University of California, Los Angeles  
M.F.A., Yale University

Payne, Alice Myers - Counseling/ 
Student Development  
B.A., Virginia Union University, Richmond, Virginia  
M.S., California State University, Fullerton

Payne, John - Language Arts  
B.A., M.A., California State University, Long Beach  
M.F.A., California State University, Long Beach

Pelachik, Patricia A. - Computer Information Systems/Office Administration  
B.B.A., Cleveland State University  
M.B.E., Eastern Michigan University  
M.S., Nova University

Pelletier, Daniel - Counseling/ 
Student Development  
A.A., Saddleback College  
B.A., California State University, Fullerton  
M.A., Azusa Pacific University

Petrie, David - Mathematics  
A.A., Chabot College  
B.S., M.S., California State University, Hayward

Phillips, James A. - Economics  
A.A., Mt. San Antonio Junior College  
B.A., University of California, Santa Barbara  
M.A., University of Illinois  
Ph.D., University of Southern California  
CFP, College of Financial Planning, Denver  
EA, Internal Revenue Service

Piburn, Elizabeth (Beth) - Nursing  
RN, Chestnut Hill Hospital School of Nursing  
A.S., Cypress College  
B.S.N., California State University, Fullerton  
M.S.N.; CNS, California State University, Dominguez Hills

Pickler, Brad A. - Physical Education  
A.A., Cypress College  
B.S., California State University, Fullerton  
M.S., California Lutheran College

Pickler, Scott - Physical Education  
A.A., Cypress College  
B.A., San Diego State University  
M.S., California Lutheran College

Pinkham, William - Physical Education  
B.S., California State University, Fullerton  
M.A., United States International University

Plett, Christina - Mathematics  
A.A., Fullerton College  
B.A., California State University, Long Beach  
M.S., University of California, Irvine

Polizzi, Nicholas - Geography  
B.A., University of California, Los Angeles  
M.A., California State University, Northridge

Polsky, Diana - Theater Arts  
B.A., M.F.A., University of California, Los Angeles

Porter, Deidre M. - Counseling/ 
Student Development  
B.A., University of California, Irvine  
M.A., Loyola Marymount University

Puma, Jessica - Spanish  
B.A., University of California, Los Angeles  
M.A., University of California, Irvine

Putman, Elizabeth - Nursing  
A.A., L.A. Harbor College  
B.S.N., California State University, Long Beach  
N.P., Harbor-UCLA  
M.S.N., California State University, Long Beach

Rajab, Adel - Biology  
B.S., M.S., California State University, Long Beach

Dr. Marjorie Lewis,
President,
Cypress College

Dr. Jerome Hunter, Chancellor,
North Orange County
Community College District

Board of Trustees:
Jeffrey P. Brown; Otto J. Lacayo;
Leonard L. Lathines; Holly
McClanahan; Donna Miller; Manuel
Oseveros; Nancy M. Rice; Elsa
Garcia, Student Trustee, Cypress
College; Victoria Rico, Student
Trustee, Fullerton College

Building for Your Future

The college’s new Library/Learning Resource Center, the large building at the end of the pond, will open in January, 2006. The L/LRC is depicted above.

The new Student Activities Center, located along the south side of the pond, will open Summer, 2005. These two buildings, along with the new Student Center (shown at left), will make the pond the central gathering spot on campus.

For nearly a half-million students, Cypress College has been a springboard to their dreams. Come to Cypress College and Go Places!
